HCL Technologies Positioned as a Leader in IDC MarketScape for Worldwide Supply Chain SAP Ecosystems Services

NOIDA, India, Jan. 27, 2022 - HCL Technologies (HCL), a leading global technology company, has been named a leader in the IDC MarketScape: Worldwide Supply Chain SAP Ecosystems Services 2021 Vendor Assessment (doc # US47537120, May 2021).

HCL has project and program management methodology and tools and processes that help clients navigate changing requirements while managing risks and keeping projects within budget. Clients also benefit from HCL's industry-focused intellectual property and consulting services.

HCL-led supply chain management (SCM) transformations seek to improve the customer experience, increase productivity and enhance the global visibility of inventory and financial impact. HCL also implements an intelligent framework that helps enterprises effectively collaborate with various stakeholders. The company's strong relationship with SAP spans partner enablement, marketing, joint account planning and delivery execution.

"We help enterprises rethink their supply chains with a combination of user experience and modern business architecture to increase agility, visibility and scalability that drives profitable growth and sustainability," said Anand Birje, President, Digital Business Services, HCL Technologies. "HCL's focus on client outcomes in value chain transformations, backed by our deep product knowledge and design to DevOps approach, enables us to deliver SAP-centric supply chain transformations for our clients."

HCL's SAP-related services include design thinking, advisory, business process consulting, organizational change management, program management and governance, architecture consolidation, hosting, implementation, and other support services. HCL helps clients evaluate newer digital offerings such as SAP S/4HANA®, SAP Hybris, SAP cloud platform, SAP customer experience solutions, SAP Leonardo, SAP SuccessFactors® solutions and SAP Ariba® solutions. The company has consultants in the Americas, Africa, Europe, ANZ, APAC and India to help customers deliver an experience-centric intelligent enterprise.

About HCL Technologies

HCL Technologies (HCL) empowers global enterprises with technology for the next decade, today. HCL's Mode 1- 2-3 strategy, based on its deep-domain industry expertise, customer-centricity and entrepreneurial culture of Ideapreneurship™, enables businesses to transform into next-gen enterprises.

HCL offers its services and products through three business units: IT and Business Services (ITBS), Engineering and R&D Services (ERS) and Products & Platforms (P&P). ITBS enables global enterprises to transform their businesses through offerings in the areas of applications, infrastructure, digital process operations and next generational digital transformation solutions. ERS offers engineering services and solutions in all aspects of product development and platform engineering. P&P provides modernized software products to global clients for their technology and industry specific requirements. Through its cutting-edge co-innovation labs, global delivery capabilities and broad global network, HCL delivers holistic services in various industry verticals, categorized as Financial Services, Manufacturing, Technology & Services, Telecom & Media, Retail & CPG, Life Sciences & Healthcare and Public Services.

As a leading global technology company, HCL takes pride in its diversity, social responsibility, sustainability and education initiatives. For the 12 months ended Dec. 31, 2021, HCL had consolidated revenue of US\$11.18 billion. Its nearly 198,000 ideapreneurs operate out of 52 countries.

About IDC MarketScape

IDC MarketScape vendor assessment model is designed to provide an overview of the competitive fitness of ICT (information and communications technology) suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor's position within a given market. IDC MarketScape provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of IT and telecommunications vendors can be meaningfully compared. The framework also provides technology buyers with a 360-degree assessment of the strengths and weaknesses of current and prospective vendors.

Forward-looking Statement

Certain statements in this release are forward-looking statements, which involve a number of risks, uncertainties, assumptions and other factors that could cause actual results to differ materially from those in such forward-looking statements. All statements, other than statements of historical fact are statements that could be deemed forward looking statements, including but not limited to the statements containing the words 'planned', 'expects', 'believes', 'strategy', 'opportunity', 'anticipates', 'hopes' or other similar words. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding impact of pending regulatory proceedings, fluctuations in earnings, our ability to manage growth, intense competition in IT services, Business Process Outsourcing and consulting services including those factors which may affect our cost advantage, wage increases in India, customer acceptances of our services, products and fee structures, our ability to attract and retain highly skilled professionals, our ability to integrate acquired assets in a cost effective and timely manner, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, the success of our brand development efforts, liability for damages on our service contracts, the success of the companies / entities in which we have made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property, other risks, uncertainties and general economic conditions affecting our industry. There can be no assurance that the forward-looking statements made herein will prove to be accurate, and issuance of such forward looking statements should not be regarded as a representation by the Company or any other person that the objective and plans of the Company will be achieved. All forward-looking statements made herein are based on information presently available to the management of the Company and the Company does not undertake to update any forward-looking statement that may be made from time to time by or on behalf of the Company.
