Praj Industries Limited

Q2 & H1 FY22 Results

Safe Harbor

Certain statements in this communication concerning our future growth prospects are forward-looking statements, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, intense competition in our industry of operations including those factors which may affect our cost advantage, wage increases, our ability to attract and retain highly skilled professionals, cost overruns on contracts, client concentration, our ability to manage our international operations, our ability to successfully complete and integrate potential acquisitions, liability for damages on our contracts, the success of the companies in which Praj Industries Ltd. has made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India and unauthorized use of our intellectual property and general economic conditions affecting our industry. Praj Industries Ltd. may, from time to time, make additional written and oral forward-looking statements, including our reports to shareholders. The company does not undertake to update any forward-looking statement that may be made from time to time by or on behalf of the company.

Key Developments

Current ethanol blending levels at ~8.5% as on September 2021

From October 2021 onwards, incentives to sugar industry have doubled and it has encouraged ethanol production from B-heavy molasses, sugarcane juice, sugar syrup.

Strong momentum on capacity creation for ethanol based on starchy feedstock

Ethanol production capacity of plants using Praj's technology solutions across the globe has crossed formidable 11 billion liters annually. This translates to around 10% of global ethanol production (excluding China).
