District co-op banks' bad loan ratio hits 12.6% of advances: FM

FE BUREAU
New Delhi, July 20

**FINANCE MINISTER NIRMALA SITHARAMAN**

Sitharaman on Tuesday told the Rajya Sabha that gross bad loans of district central co-operative banks (DCCBs) were among the highest in the banking system, at 12.6% (₹35,298 crore) of their advances as of March 2020.

The minister said the gross non-performing assets (NPAs) of urban co-operative banks (UCBs), too, remained elevated at 11.3% (₹35,528 crore) at the end of March 2021. However, the gross NPAs of state co-operative banks were to the tune of 6.7% (₹13,477 crore) as of March 2020, Sitharaman said in a statement in the upper House.

In contrast, the bad loan ratio of scheduled commercial banks stood at 7.5% as of March 2021, having eased

from 8.4% a year before, the RBI said in its latest report this month.

The finances of co-operative banks came under heightened scrutiny recently after the government carved out the department of co-operation from the agriculture ministry to make it a full-fledged ministry under Amit Shah. Before that, affairs of the co-operative sector came

under focus following the crisis at the Punjab Maharashtra Co-operative (PMC) Bank in 2019. This had prompted the government to amend the Banking Regulation Act to empower the RBI for more effective regulation of cooperative banks.

The idea was to better protect the interests of depositors and avoid a PMC Bank-like crisis in future.

Citing the latest data, Sitharaman said there are 34 state co-operative banks, 351 DCCBs and 1,534 UCBs in the country.

Separately, RBI data show, as of March 2020, India had as many as 97,006 rural co-operative banks — which include both state co-operative banks and DCCBs, and a huge number of primary agricultural credit societies.
