Cerebra has been entrusted by Samsung this fiscal year with a higher task of 15000 metric tons and creating awareness amongst consumers for giving the end of life products for recycling. Cerebra will collect end of life Samsung products back from the consumer to recycle at Cerebra's recycling plant at Narasapura, Kolar District near Bangalore.

Cerebra Integrated Technologies Limited has geared up by having dedicated PRO collection centers as approved by Samsung (SEIL) in Bengaluru, Chennai and Hyderabad regions. These offices will serve as dedicated collection centres for mainly Samsung (SEIL). With the existing network of channel partners in South India, Cerebra is geared to complete the collection target of 15000 tons within the stipulated time.

Cerebra Integrated Technologies Limited is a public listed Company and has launched one of India's largest E-Waste Recycling units in February 2017 and has built additional capacity to address one of most neglected and unorganised sectors in India. Electronic waste management, or e-waste management, has emerged as one of the most toxic waste streams in the world, and India is the fifth largest producer of such waste in the world.

Thanking you
