10. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

11. Voting through electronic means:

In terms of section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and the Secretarial Standards issued by the Institute of Company Secretaries of India, the Company is providing facility to exercise votes on the items of business given in the notice through electronic voting system, to shareholders holding shares as on **July 19, 2022 (Tuesday)**, being the cut-off date ("Record date" for the purpose of Rule 20(3)(vii) of the said Rules) fixed for determining voting rights of shareholders entitled to participate in the e-voting process through the e-voting platform provided by Central Depository Services (India) Limited (CDSL).

The e-voting rights of the shareholders/beneficiary owners shall be reckoned on the equity shares held by them as on **July 19, 2022 (Tuesday)**, being the Record Date.

12. In addition to the remote e-voting facility provided by the Company, the members who have not cast their vote on resolutions through remote e-voting would be given a facility to cast their vote through e-voting during the AGM. The instruction for the same is forming part of this Notice.

The investors are requested to attend the meeting and cast their vote through remote e-voting / e-voting.

The instructions for shareholders voting electronically are as under:

- (i) The voting period begins on **July 23, 2022 at 9.00 am and ends on July 25, 2022 at 5.00 pm**. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of **July 19, 2022** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have voted through e-voting module, would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/ CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of SEBI Listing Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public noninstitutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/ CMD/ CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email-id in their demat accounts in order to access e-Voting facility.

BOARD AND DIRECTORS EVALUATION AND CRITERIA FOR EVALUATION

During the year, the Board has carried out an annual evaluation of its own performance & performance of the Directors.

Your Company has constituted Nomination and Remuneration Committee, which as per the provisions of Companies Act 2013 has defined the evaluation criteria, procedure and time schedule for the Performance Evaluation process for the Board, its Committees and Directors. The criteria for Board Evaluation inter alia include degree of fulfillment of key responsibilities, Board structure and

composition, establishment and delineation of responsibilities to various Committees, effectiveness of Board processes, information and functioning.

Criteria for evaluation of individual Directors include aspects such as attendance and contribution at Board/ Committee Meetings and guidance/ support to the management outside Board/ Committee Meetings. In addition, the Chairman was also evaluated on key aspects of his role, including setting the strategic agenda of the Board, encouraging active engagement by all Board members and motivating and providing guidance to the Management. Criteria for evaluation of the Committees of the Board include degree of fulfillment of key responsibilities, adequacy of Committee composition and effectiveness of meetings. The procedure followed for the performance evaluation of the Board, Committees and Directors is detailed in the Directors' Report.

CRITERIA FOR DETERMINING QUALIFICATIONS, POSITIVE ATTRIBUTES AND INDEPENDENCE OF DIRECTORS:

The Nomination and Remuneration Committee has formulated the criteria for determining qualifications, positive attributes and independence of Directors in terms of provisions of Section 178(3) of the Companies Act 2013.

Independence:

In accordance with the above criteria, a Director will be considered as an 'Independent Director' if he/ she meet with the criteria for 'Independent Director' as laid down in the Act.

Qualifications:

A transparent Board nomination process is in place that encourages diversity of thought, experience, knowledge, perspective, age and gender. It is also ensured that the Board has an appropriate blend of functional and industry expertise. While recommending the appointment of a Director, the Nomination and Remuneration Committee considers the manner in which the function and domain expertise of the individual will contribute to the overall skill-domain mix of the Board.

Positive Attributes:

In addition to the duties as prescribed under the Act, the Directors on the Board of the Company are also expected to demonstrate high standards of ethical behavior, strong interpersonal and communication skills and soundness of judgment. Independent Directors are also expected to abide by the 'Code for Independent Directors' as outlined in Schedule IV to the Act.

REMUNERATION POLICY

The Company has adopted a Policy for remuneration of Directors, Key Managerial Personnel and other employees, which is aligned to its overall Human resource philosophy. The key factors considered in formulating the Policy are as under:

- (a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of the quality required to run the Company successfully;
- (b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- (c) remuneration to Directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.

The key principles governing the Company's Remuneration Policy are as follows:

Remuneration for independent Directors and non-independent non-executive Directors:

- Independent Directors ('ID') and non-independent non-executive Directors ('NED') may be paid sitting fees for attending the Meetings of the Board and of Committees of which they may

be members, and commission within regulatory limits, as recommended by the Nomination and Remuneration Committee ('NRC') and approved by the Board.

- Overall remuneration should be reasonable and sufficient to attract, retain and motivate Directors aligned to the requirements of the Company, taking into consideration the challenges faced by the Company and its future growth imperatives. Remuneration paid should be reflective of the size of the Company, complexity of the sector/ industry/ Company's operations and the Company's capacity to pay the remuneration and be consistent with recognized best practices.
- The aggregate commission payable to all the NEDs and IDs will be recommended by the NRC to the Board based on Company performance, profits, return to investors, shareholder value creation and any other significant qualitative parameters as may be decided by the Board. The NRC will recommend to the Board the quantum of commission for each Director based upon the outcome of the evaluation process which is driven by various factors including attendance and time spent in the Board and Committee Meetings, individual contributions at the meetings and contributions made by Directors other than in meetings.
- The remuneration payable to Directors shall be inclusive of any remuneration payable for services rendered in any other capacity, unless the services rendered are of a professional nature and the NRC is of the opinion that the Director possesses requisite qualification for the practice of the profession.

Policy on Remuneration for Managing Director ('MD') / Executive Directors ('ED') / Key Managerial Personnel ('KMP')/ rest of the Employees:

- The extent of overall remuneration should be sufficient to attract and retain talented and qualified individuals suitable for every role. Hence remuneration should be market competitive, driven by the role played by the individual, reflective of the size of the Company, complexity of the sector/ industry/ Company's operations and the Company's capacity to pay, consistent with recognized best practices and aligned to any regulatory requirements. Basic/ fixed salary is provided to all employees to ensure that there is a steady income in line with their skills and experience.
- In addition, the Company provides employees with certain perquisites, allowances and benefits to enable a certain level of lifestyle and to offer scope for savings. The Company provides retirement benefits as applicable.
- In addition to the basic/ fixed salary, benefits, perquisites and allowances as provided above, the Company provides MD/ EDs such remuneration by way of commission, calculated with reference to the net profits of the Company in a particular financial year, as may be determined by the Board, subject to the overall ceilings stipulated in Section 197 of the Companies Act, 2013. The specific amount payable to the MD/ EDs would be based on performance as evaluated by the NRC and approved by the Board.
- The Company provides the rest of the employees a performance linked bonus. The performance linked bonus would be driven by the outcome of the performance appraisal process and the performance of the Company.

Presently, Mrs. Sarayu Somaiya (Director), Mr. Basanta Behera (CEO) & Mr. Hemang Joshi (CFO), of the Company draws remuneration from the subsidiary as stated in related party statement under the consolidated part, whereas Company Secretary's remuneration is as specified under MGT-9.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS, COMPANY'S BUSINESS

At present, your company does not have any business under information technology segment as of now, and is dependent on business of its strategic subsidiary solely, which are in to the business of trading and investment in securities. Hence, here we will discuss capital market industry rather than Information technology industry.

Overall economic slowdown, led by the COVID-19 on set followed by stringent lockdowns severely impacted economic activity in the first quarter of the fiscal year, bringing manufacturing and trading activities to a halt.

Strong global growth recovery amid reopening of developed economies, significant progress in COVID-19 vaccination drives and continued policy support improved market sentiments. According to Organisation for Economic Co-operation and Development (OECD), world output is expected to reach pre-pandemic levels within a year.

OPPORTUNITIES & THREATS

Despite one of the most challenging years, the Indian Stock Markets registered their best financial year performance. The Foreign Portfolio Investors pumped in a record money till second quarter, have started drawing their funds from emerging markets slowly. Another key driver of the market rally has been retail investors, as demat account penetration. This also triggered an upswing in the mid and small-cap indices. Inflation rose up to an all-time high primarily because of rise in prices of crude petroleum, mineral oils and manufactured products. renewed COVID-led supply-side bottlenecks, coupled with cost-push pressures.

SEGMENT-WISE PERFORMANCE

The income of the Company comprises of dividend received on investment in the subsidiary. On a consolidated basis income further comprises of dividend, interest, profits in securities trading. Independent Auditor's Report

To,
The Members,
United Interactive Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of United Interactive Limited (“the Company”), which comprise the Balance Sheet as at 31 March 2022, and the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Other Information

The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions

of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on 31st March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Companies Act, 2013:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of the Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.
 - (h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses:
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or

invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. No Dividend has been declared or paid by the Company during the year.

As required by the Companies (Auditors’ Report) Order, 2020 (“the Order”) issued by the Central Government of India in terms of Section 143(11) of the Act, we give in “Annexure A” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure B” to the Independent Auditor’s Report

Report on the Internal Standalone Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **United Interactive Limited** (“the Company”) as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial Controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

1. COMPANY OVERVIEW

The Company is a public limited company, domiciled in India and registered with the ROC – Mumbai (Maharashtra) vide Corporate Identification number (CIN) L72900MH1983PLC030920.

Registered office of the Company is situated at 602, Maker Bhavan No.III, New Marine Lines, Mumbai – 400020.

The Company is into the business of IT & IT Enabled Services.

1.1. BASIS OF PREPARATION AND PRESENTATION

This note provides a list of the significant accounting policies adopted in the presentation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

A. BASIS OF PREPARATION AND PRESENTATION

The financial statements of the Company have been prepared in accordance with and to comply in all material aspects with the Indian Accounting Standards (Ind AS) as prescribed under Companies Act 2013 ("the Act"), Companies (Indian Accounting Standards) Rules 2015 and other relevant provisions of the Act and rules made thereunder.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

The accounting policies have been consistently applied by the company and are consistent with those used in the previous year.

B. USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements is in conformity with Ind AS which requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates.

The estimates and underlying assumptions are reviewed on Going Concern basis.

Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Estimation of uncertainties relating to the global health pandemic from COVID-19

The outbreak of Coronavirus (COVID-19) is causing significant disturbance and slowdown of economic activity in India and across the globe. The company has evaluated impact of this pandemic on its business operations. Based on its review and current indicators of the economic conditions, there is no significant impact on its financial results and carrying value of assets. The Company will closely monitor any material changes arising of future economic conditions and impact on its business.

C. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. Fair value for measurement and /or disclosure purpose in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

For other fair value related disclosures refer note no.19.

D. CLASSIFICATION OF EXPENDITURE / INCOME

Except otherwise indicated:

- i) All expenditure and income are accounted for under the natural heads of account.
- ii) All expenditure and income are accounted for on accrual basis.

2. SIGNIFICANT ACCOUNTING POLICIES

A. REVENUES

Revenues

Revenue from sale in the course of ordinary activities is measured at the value of the consideration received or receivable. Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably. The timing of transfers of risks and rewards normally happen upon issue of contract by the intermediary.

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective rate applicable, which is the rate that exactly discounts estimated future cash flows through the expected life of the financial asset to that asset's net carrying amount on the initial recognition.

Dividend Income

Dividend income is recognized when the right to receive is established, which is generally when shareholders approve the dividend.

LEASES

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics

B. PROPERTY, PLANT AND EQUIPMENT (PPE)

Recognition and measurement:

The Company does not have any Property, Plant and Equipment (PPE).

C. INTANGIBLE ASSETS

The Company does not have any Intangible Assets.

D. INVENTORIES

The Company does not have any Inventory.

E. FINANCIAL INSTRUMENTS

Initial Recognition:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent Recognition:

Non-derivative financial instruments

(i) Financial assets carried at amortized cost: A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income: A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through profit or loss: A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(iv) Financial liabilities: Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate to its fair value due to the short maturity of these instruments.

(v) Investment in Subsidiaries/Joint ventures / Associates: Investment in subsidiaries / Joint Ventures / Associates are carried at cost in the separate financial statements. Any gain or losses on disposal of these investments are recognized in the statement of profit & loss.

De-recognition of Financial Assets:

A financial asset is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also

UNITED INTERACTIVE LIMITED

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

F. FINANCIAL LIABILITIES

Financial liabilities are initially recognized at the fair value of the consideration received less directly attributable transaction cost.

Subsequent to initial measurement, financial liabilities are measured at amortized cost. The difference in the initial carrying amount of the financial liabilities and their redemption value is recognized in the statement of profit & loss over the contractual term using the effective interest rate method. This category includes the following class of liabilities; trade and other payables, borrowing; and other financial liabilities.

Financial liabilities are further classified as current and non-current depending whether they are payable within 12 months from the balance sheet date or beyond.

Financial liabilities are derecognized when the company is discharged from its obligation; they expire, are cancelled or replaced by a new liability with substantial modified terms.

Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

G. TRADE RECEIVABLES

Trade receivables represents amount billed to customers as credit sales and are net off; a) any amount billed but for which revenues are reversed under the relevant Indian accounting standard and b) impairment for trade receivables, which is estimated for amounts not expected to be collected in full.

H. LOANS AND ADVANCES

Loans and advances are non-derivative financial assets with fixed and determinable payments. This category includes the loans, cash and bank balances, other financial assets and other current assets.

Subsequent to initial measurement, loans and receivables are carried at amortized cost based on effective interest rate method less appropriate allowance for doubtful receivables. Loans and

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

advances are further classified as current and non-current depending whether they will realize within 12 months from the balance sheet date or beyond.

I. EARNING PER SHARE

Basic Earnings Per Share is computed by dividing the net profit attributable to the equity shareholders of the company to the weighted average number of Shares outstanding during the period & Diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders of the company after adjusting the effect of all dilutive potential equity shares that were outstanding during the period to the weighted average number of shares outstanding during the period including the weighted average number of equity shares that could have issued upon conversion of all dilutive potential

J. TAXATION**Current Tax**

Current tax is tax expected, tax payable on the taxable income for the year, using the tax rate enacted at the reporting date, and any adjustment to the tax payable in respect of the earlier periods.

Current tax assets and liabilities are offset where the company has legal enforceable right to offset and intends either to settle on net basis, or to realize the assets and settle the liability simultaneously.

Deferred Tax Assets and Liabilities

Deferred tax is recognized for all taxable temporary differences and is calculated based on the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is measured at the tax rates that are expected to be applied when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted at the reporting date.

Deferred tax assets are recognized only to the extent that it is probable that future taxable profits will be available against which the assets can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset and when the deferred tax balances relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but the Group intends to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Current and Deferred Tax for the Year

Deferred tax provision has not been recognized, as there is no virtual certainty that there would be future taxable profits to realize the assets. The same shall be recognized as and when the situation justifies.

K. EMPLOYEE BENEFITS

The company provides for the various benefits plans to the employees. These are categorized into Defined Benefits Plans and Defined Contributions Plans. Defined contribution plans includes the amount paid by the company towards the liability for Provident fund to the Employees Provident Fund Organization and Employee State Insurance fund in respect of ESI and defined benefits plans

UNITED INTERACTIVE LIMITED

CIN: L72900MH1983PLC030920

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

includes the retirement benefits, such as gratuity and paid absences (leave benefits) both accumulated and non-accumulated.

a. In respect Defined Contribution Plans, contribution made to the specified fund based on the services rendered by the employees are charged to Statement of Profit & Loss in the year in which services are rendered by the employee.

b. Liability in respect of Defined Long Term benefit plan is determined at the present value of the amounts payable determined using actuarial valuation techniques performed by an independent actuarial at each balance sheet date using the projected unit credit methods. Re-measurement, comprising actuarial gain and losses, the effects of assets ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of Financial Position with a charge or credit recognized in other comprehensive income in the period in which they occur. Past Service cost is recognized in the statement of profit & loss in the period of plan amendment.

c. Liabilities for accumulating paid absences is determined at the present value of the amounts payable determined using the actuarial valuation techniques performed by an independent actuarial at each balance sheet date using the projected unit credit method. Actuarial gain or losses in respect of accumulating paid absences are charged to statement of profit & loss account.

d. Liabilities for short term employee benefits are measured at undiscounted amount of the benefits expected to be paid and charged to Statement of Profit & Loss in the year in which the related service is rendered.

L. IMPAIRMENT**Financial assets**

The company recognizes the impairment on financial assets based on the expected credit loss model for the financial assets which are not fair value through profit and loss account. Loss allowance on trade receivables, with no significant financing component is measured at an amount equal to lifetime expected credit loss. For all financial assets expected credit losses are measured at an amount equal to 12-month ECL unless there has been significant increase in credit risk from initial recognition in which case these are measured at lifetime expected credit loss. The amount of expected credit losses or reversal that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the profit and loss for the period.

Intangible assets, investment property and property, plant and equipment

Intangible assets, investment property and property plant & equipment are evaluated for recoverability wherever events or changes in circumstances indicate that their carrying amount may not be recoverable.

For impairment testing, assets that do not generate independent cash flows are grouped together into cash generating units (CGUs).

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such asset is considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit & loss if there have been changes in the estimates used to determine the recoverable amount. The carrying

UNITED INTERACTIVE LIMITED

CIN: L72900MH1983PLC030920

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

amount is increased to its revised recoverable amount, provided that this amount does not exceeds the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss has been recognized for the asset in prior years.

M. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A provision is recognized, if as a result of past event the company has present legal or constructive obligations that is reasonably estimable and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to liability.

Contingent liabilities are disclosed for possible obligations arising out of uncertain events not wholly in control of the company.

Contingent assets are not recognized in the financial statements. However due disclosures are made in the financial statements for the contingent assets, where economic benefits is probable and amount can be estimated reliably.

N. FOREIGN CURRENCY TRANSACTIONS**Functional Currency**

The Companies functional currency is Indian Rupees. The financial statement of the company is presented in Indian rupees.

Transaction and translations

Transactions in currency other than Indian Rupees are recorded at the rate, as declared by the custom and excise department / inter-bank rates, ruling on the date of transaction.

Unsettled Foreign currency denominated monetary assets and liabilities, as at the balance sheet date, are translated using the exchange rates as at the balance sheet date. The gain or loss resulting from the translation is recognized in the profit & loss. Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured at cost are translated at the exchange rate at the date of the transaction.

Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured carried at fair value are translated at the date when the fair value is determined.

Transaction gain or losses realized upon settlement of foreign currency transaction are included in determining the net profit for the period in which transaction is settled.

Exchanges difference arises on settlement / translation of foreign currency monetary items relating to acquisition of property, plant & equipment till the period they are put to use for commercial production, are capitalized to the cost of assets acquired and provided for over the useful life of the property, plant & equipment.

O. NON CURRENT ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

Assets and disposal groups are classified as held for sale if their carrying value will be recovered through a sale transaction rather than through continuing use. This condition is only met when the sale is highly probable and the asset, or disposal group, is available for immediate sale in its present condition and is marketed for sale at a price that is reasonable in relation to its current fair value. The

UNITED INTERACTIVE LIMITED

CIN: L72900MH1983PLC030920

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

Company must also be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Where a disposal group represents a separate major line of business or geographical area of operations, or is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations, then it is treated as a discontinued operation. The post-tax profit or loss of the discontinued operation together with the gain or loss recognised on its disposal are disclosed as a single amount in the statement of profit and loss, with all prior periods being presented on this basis.

P. BORROWING COST

15. Leases**The Company as a lessee**

The Company's lease asset classes primarily consist of leases buildings / office premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis / as per contract over the term of the lease. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

Transition

Ind AS 116 was notified by Ministry of Corporate Affairs on 30 March 2019 and it is applicable for annual reporting periods beginning on or after 1 April 2019.

The impact of the same on the financials of the Company is not material and therefore, no such impact have been provided.

Fair Value hierarchy disclosures:

Level 1 - Financial Instruments measured using quoted prices. This includes listed equity instruments, traded bonds, ETF's and mutual funds that have quoted prices. The fair value of all equity instruments (including bonds) which are traded in stock exchanges is valued using the closing prices as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2 - Financial Instruments that are not traded in an active market (for example traded bonds, over the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

UNITED INTERACTIVE LIMITED

CIN: L72900MH1983PLC030920

Notes to the Financial Statements for the year ended 31st March, 2022

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). This is the case of unlisted equity securities, contingent consideration and indemnification asset included in level 3.

The carrying amounts of trade receivables, cash and cash equivalent, current other financial assets are considered to be the same as their fair values, due to their short-term nature.

The carrying amounts of non-current financial assets are primarily consist of Term-Deposit with banks considered to be the same as their fair value as it the same is interest bearing and are close to the fair value.

The investment included in Level 1 of fair value hierarchy has been valued using quotes available in the active market. The investment included in Level 2 of fair value hierarchy has been valued using quotes available for the similar assets and liabilities in the active market. The cost of unquoted investments approximate the fair value because there is a wide range of possible fair value measurement and the cost represents estimate fair value within that range.

CONSOLIDATED FINANCIAL STATEMENTS

FINANCIAL YEAR 2021-2022

INDEPENDENT AUDITOR'S REPORT

THE MEMBERS OF UNITED INTERACTIVE LIMITED

Report on Consolidated Financial Statements

We have audited the accompanying Consolidated Financial Statements of United Interactive Limited (“the Holding Company”), and its subsidiary company ‘Netesoft India Limited’ (collectively referred to as “the Group”), which comprise the Consolidated Balance Sheet as at March 31, 2022, the consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated statement of changes in equity and Consolidated Cash Flow Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditor on separate financial statements of such subsidiary as was audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2022, and its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (‘ICAI’), and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of reports of other auditors on separate financial statements of components audited by them, was of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Holding Company’s management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company’s Annual Report, but does not include the financial statements and our auditors’ report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the entities included in the Group are responsible for assessing the ability of each entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group is responsible for overseeing the financial reporting process of each entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the entity has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group (Holding company and subsidiary) to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.

- c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company and its subsidiary, as on 31 March 2022 and taken on record by the Board of Directors of respective companies, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in Annexure A.
- B. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure A to the Independent Auditor's Report

(Referred to in paragraph A(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of United Interactive Limited ("the Holding Company") as of 31 March 2022, we have audited the internal financial controls with reference to the financial statements of the Holding Company and its subsidiary, which are incorporated in India as of that date.

In our opinion, the Holding Company and its subsidiary which is incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to financial statements criteria established by the Holding Company and its subsidiary, considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary which is incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Holding company and its subsidiary, which are incorporated in India, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective entity's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary which is incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial control system with reference to financial statements of the Holding Company and its subsidiary which is incorporated in India.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under Section 143(3)(1) of the Companies Act, 2013 on the adequacy and operating effectiveness of the internal financial controls with reference to the consolidated financial statements is based on the corresponding reports of the other auditors on the audit of subsidiary company. Our opinion is not modified in respect of this matter.

Netesoft India Limited	India	51%

BUSINESS COMBINATIONS

The Group accounts for its business combinations under acquisition method of accounting. Acquisition related costs are recognised in the statement of profit and loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date.

Purchase consideration paid in excess of the fair value of net assets acquired is recognised as goodwill. Where the fair value of identifiable assets and liabilities exceed the cost of acquisition, after reassessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve.

The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries.

Business combinations arising from transfers of interests in entities that are under common control are accounted at historical cost. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders' equity.

USE OF ESTIMATES AND JUDGEMENTS

The preparation of the consolidated financial statements is in conformity with the recognition and measurement principles of Ind AS which requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period.

The estimates and underlying assumptions are reviewed on an ongoing basis. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates.

UNITED INTERACTIVE LIMITED

CIN: L72900MH1983PLC030920

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, in the period of the revision and future periods if the revision affects both current and future

Key source of estimation of uncertainty at the date of consolidated financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of goodwill, useful lives of property, plant and equipment, valuation of deferred tax assets, provisions, contingent liabilities and fair value measurements of financial instruments, revenue recognition and employee benefits have been discussed in their respective policies.

FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. Fair value for measurement and /or disclosure purpose in these consolidated financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

For other fair value related disclosures refer note no.26.

CLASSIFICATION OF EXPENDITURE / INCOME

Except otherwise indicated:

- i) All expenditure and income are accounted for under the natural heads of account.
- ii) All expenditure and income are accounted for on accrual basis.

REVENUES

Revenues from sale of securities

Revenue from the sale of securities in the course of ordinary activities is measured at the value of the consideration received or receivable. Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably. The timing of transfers of risks and rewards normally happen upon issue of contract by the intermediary.

Capital Gains

Income/(Loss) from the sale of securities held as Investments is measured at the value of the consideration received or receivable and reported as Profit/(Loss) on sale of Investments in Securities.

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective rate applicable, which is the rate that exactly discounts estimated future cash flows through the expected life of the financial asset to that asset's net carrying amount on the initial recognition.

Dividend Income

Dividend income is recognized when the right to receive is established, which is generally when shareholders approve the dividend.

LEASES

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics

PROPERTY, PLANT AND EQUIPMENT (PPE)

Recognition and measurement:

Property, plant and equipment are initially recognized at cost after deducting refundable purchase taxes and including the cost directly attributable to bring the asset to the location and conditions necessary for it to be capable of operating in the manner intended by the management, borrowing cost in accordance with the established accounting policy, cost of restoring and dismantling, if any, initially estimated by the management. After the initial recognition the property, plant and equipment are carried at cost less accumulated depreciation and impairment losses.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit and loss statement.

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1st April 2016 after making adjustment for decapitalization of borrowing cost, if any, and reversal of depreciation to that extent, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment.

Depreciation on all property, plant & equipment are provided for, from the date of put to use for commercial production on written down value at the useful lives prescribed in Schedule-II to the Companies Act, 2013.

Assets Category Estimated Useful life (in years)

Office Building / Premises	60
Office equipment	5
Electrical Installation	10
Computer	3
Networking Equipments	6
Furniture & fixtures	10
UPS / Batteries	6
Vehicles	8
Leasehold Improvements	10
Software	10

The estimated useful lives, residual values and depreciation method are reviewed at each financial year end and the effect of any change is accounted for on prospective basis.

The carrying amount of the all property, plant and equipment are derecognized on its disposal or when no future economic benefits are expected from its use or disposal and the gain or loss on de-recognition is recognized in the statement of profit & loss.

INTANGIBLE ASSETS

Acquired Intangible assets are initially recognized at cost after deducting refundable purchase taxes and including the transaction cost, if any. After initial recognition, intangibles are carried at cost less accumulated amortization and impairment losses.

Intangibles assets are amortized over their respective individual estimated useful lives on a written down value method, from the date they are available for use.

Intangible asset is derecognized on disposal or when no future economic benefits are expected from continuing use or disposal.

The estimated useful lives, residual values and amortization method are reviewed at each financial year end and the effect of any change is accounted for on prospective basis.

INVENTORIES

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the first-in first-out formula, and includes expenditure incurred in acquiring the inventories and other costs incurred in bringing them to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The comparison of cost and net realisable value is made on the basis of category of inventories

FINANCIAL INSTRUMENTS

Initial Recognition:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent Recognition:

Non-derivative financial instruments

(i) Financial assets carried at amortized cost: A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income: A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through profit or loss: A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(iv) Financial liabilities: Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate to its fair value due to the short maturity of these instruments.

(v) Investment in Subsidiaries/Joint ventures / Associates: Investment in subsidiaries / Joint Ventures / Associates are carried at cost in the separate financial statements. Any gain or losses on disposal of these investments are recognized in the statement of profit & loss.

Derecognition of Financial Assets:

A financial asset is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

UNITED INTERACTIVE LIMITED

CIN: L72900MH1983PLC030920

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

FINANCIAL LIABILITIES

Financial liabilities are initially recognized at the fair value of the consideration received less directly attributable transaction cost.

Subsequent to initial measurement, financial liabilities are measured at amortized cost. The difference in the initial carrying amount of the financial liabilities and their redemption value is recognized in the statement of profit & loss over the contractual term using the effective interest rate method. This category includes the following class of liabilities; trade and other payables, borrowing; and other financial liabilities.

Financial liabilities are further classified as current and non-current depending whether they are payable within 12 months from the balance sheet date or beyond.

Financial liabilities are derecognized when the Group is discharged from its obligation; they expire, are cancelled or replaced by a new liability with substantial modified terms.

Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

TRADE RECEIVABLES

Trade receivables represents amount billed to customers as credit sales and are net off; a) any amount billed but for which revenues are reversed under the relevant Indian accounting standard and b) impairment for trade receivables, which is estimated for amounts not expected to be collected in full.

UNITED INTERACTIVE LIMITED

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

LOANS AND ADVANCES

Loans and advances are non-derivative financial assets with fixed and determinable payments. This category includes the loans, cash and bank balances, other financial assets and other current assets.

Subsequent to initial measurement, loans and receivables are carried at amortized cost based on effective interest rate method less appropriate allowance for doubtful receivables. Loans and advances are further classified as current and non-current depending whether they will realize within 12 months from the balance sheet date or beyond.

EARNING PER SHARE

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year-end, except where the results would be anti-dilutive.

TAXATION**Current Tax**

Current tax is tax expected, tax payable on the taxable income for the year, using the tax rate enacted at the reporting date, and any adjustment to the tax payable in respect of the earlier periods.

Current tax assets and liabilities are offset where the Group has legal enforceable right to offset and intends either to settle on net basis, or to realize the assets and settle the liability simultaneously.

Deferred Tax Assets and Liabilities

Deferred tax is recognized for all taxable temporary differences and is calculated based on the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is measured at the tax rates that are expected to be applied when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted at the reporting date.

Deferred tax assets are recognized only to the extent that it is probable that future taxable profits will be available against which the assets can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset and when the deferred tax balances relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but the Group intends to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Current and Deferred Tax for the Year

Current and deferred tax are recognized in the statement of profit & loss, except when they relates to items that are recognized in other comprehensive income or directly in equity, in which case, the current tax and deferred tax is recognized directly in other comprehensive income or equity respectively.

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

EMPLOYEE BENEFITS

The group provides for the various benefits plans to the employees. These are categorized into Defined Benefits Plans and Defined Contributions Plans. Defined contribution plans include the amount paid by the Group towards the liability for Provident fund to the Employees Provident Fund Organization and Employee State Insurance fund in respect of ESI and defined benefits plans includes the retirement benefits, such as gratuity and paid absences (leave benefits) both accumulated and non-accumulated.

a. In respect Defined Contribution Plans, contribution (premium) made to the specified fund based on the services rendered by the employees are charged to Statement of Profit & Loss in the year in which services are rendered by the employee.

IMPAIRMENT**Financial assets**

The Group recognizes the impairment on financial assets based on the expected credit loss model for the financial assets which are not fair value through profit and loss account. Loss allowance on trade receivables, with no significant financing component is measured at an amount equal to lifetime expected credit loss. For all financial assets expected credit losses are measured at an amount equal to 12-month ECL unless there has been significant increase in credit risk from initial recognition in which case these are measured at lifetime expected credit loss. The amount of expected credit losses or reversal that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the profit and loss for the period.

Intangible assets, investment property and property, plant and equipment

Intangible assets, investment property and property plant & equipment are evaluated for recoverability wherever events or changes in circumstances indicate that their carrying amount may not be recoverable.

For impairment testing, assets that do not generate independent cash flows are grouped together into cash generating units (CGUs).

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such asset is considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit & loss if there have been changes in the estimates used to determine the recoverable amount. The carrying amount is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss has been recognized for the asset in prior years.

PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A provision is recognized, if as a result of past event the Group has present legal or constructive obligations that is reasonably estimable and it is probable that an outflow of economic benefits will be

UNITED INTERACTIVE LIMITED

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to liability.

Contingent liabilities are disclosed for possible obligations arising out of uncertain events not wholly in control of the group.

Contingent assets are not recognized in the financial statements. However due disclosures are made in the financial statements for the contingent assets, where economic benefits is probable and amount can be estimated reliably.

FOREIGN CURRENCY TRANSACTIONS**Functional Currency**

The Companies functional currency is Indian Rupees. The financial statement of the group is presented in Indian rupees.

Transaction and translations

Transactions in currency other than Indian Rupees are recorded at the rate, as declared by the custom and excise department / inter-bank rates, ruling on the date of transaction.

Unsettled Foreign currency denominated monetary assets and liabilities, as at the balance sheet date, are translated using the exchange rates as at the balance sheet date. The gain or loss resulting from the translation is recognized in the profit & loss. Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured at cost are translated at the exchange rate at the date of the transaction.

Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured carried at fair value are translated at the date when the fair value is determined.

Transaction gain or losses realized upon settlement of foreign currency transaction are included in determining the net profit for the period in which transaction is settled.

Exchanges difference arises on settlement / translation of foreign currency monetary items relating to acquisition of property, plant & equipment till the period they are put to use for commercial production, are capitalized to the cost of assets acquired and provided for over the useful life of the property, plant & equipment.

NON-CURRENT ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

Assets and disposal groups are classified as held for sale if their carrying value will be recovered through a sale transaction rather than through continuing use. This condition is only met when the sale is highly probable and the asset, or disposal group, is available for immediate sale in its present condition and is marketed for sale at a price that is reasonable in relation to its current fair value. The Group must also be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

UNITED INTERACTIVE LIMITED

CIN: L72900MH1983PLC030920

BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

Where a disposal group represents a separate major line of business or geographical area of operations, or is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations, then it is treated as a discontinued operation. The post-tax profit or loss of the discontinued operation together with the gain or loss recognised on its disposal are disclosed as a single amount in the statement of profit and loss, with all prior periods being presented on this basis.

BORROWING COST

Borrowings cost are interest and other costs incurred in connection with the borrowing of funds. Borrowing cost directly attributable to the acquisition or construction of qualifying / eligible assets, intended for commercial production are capitalized as part of the cost of such assets. All other borrowing costs are recognized as an expense in the year in which they are incurred

CASH AND CASH EQUIVALENTS

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value.

AMENDMENTS TO SCHEDULE III TO THE COMPANIES ACT,2013 (“Schedule III”):

The MCA had notified the amendments to Schedule III to the Companies Act, 2013 on 24 March 2021. The amendment contained significant additional disclosures requirement in the financial statements. The Group has adopted such changes in preparing these Consolidated Financial Statements.

3.1 Leases

The Group as a lessee

The Group lease asset classes primarily consist of leases buildings / office premises. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis / as per contract over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Group changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group as a lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

Fair Value hierarchy disclosures:

Level 1 - Financial Instruments measured using quoted prices. This includes listed equity instruments, traded bonds, ETF's and mutual funds that have quoted prices. The fair value of all equity instruments (including bonds) which are traded in stock exchanges is valued using the closing prices as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2 - Financial Instruments that are not traded in an active market (for example traded bonds, over the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). This is the case of unlisted equity securities, contingent consideration and indemnification asset included in level 3.
