**NOTES:**

- The Company’s Statutory Auditors, M/s. Shah & Shah Associates, Chartered Accountants, were appointed as Statutory Auditors of the Company for a period of five consecutive years at the Annual General Meeting of the Members held on July 14, 2018, on a remuneration to be determined by the Board of Directors. Their appointment was subject to ratification by the Members at every subsequent Annual General Meeting held after the AGM held on July 14, 2018.  
  
Pursuant to the amendments made to Section 139 of the Companies Act, 2013 by the Companies (Amendment) Act, 2017 effective from May 7, 2018, the requirement of seeking ratification of the Members for the appointment of the Statutory Auditors has been withdrawn from the Statute. In view of the above, ratification of the Members for continuance of their appointment at this Annual General Meeting is not being sought. The Statutory Auditors have given a confirmation to the effect that they are eligible to continue with their appointment and that they have not been disqualified in any manner from continuing as Statutory Auditors. The remuneration payable to the Statutory Auditors shall be determined by the Board of Directors based on the recommendation of the Audit Committee.
- The respective Explanatory Statement, pursuant to Section 102 of the Companies Act, 2013, in respect of the business under Item Nos. 4 to 7 of the accompanying Notice is annexed hereto.
- A statement giving additional details of the Directors seeking appointment/re-appointment as set out at Item Nos. 4 to 7 is annexed herewith as required under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
- A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE INSTEAD OF HIMSELF AND A PROXY NEED NOT BE A MEMBER OF THE COMPANY.**
- In order that the appointment of a proxy is effective, the instrument appointing a proxy must be received at the Registered Office of the Company not later than forty-eight hours before the commencement of the Meeting.
- A person can act as a proxy on behalf of Members not exceeding fifty in number and holding in the aggregate not more than ten percent of the total share capital of the Company carrying voting rights. A Member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as a proxy and such person shall not act as proxy for any other Member.
- Corporate Members intending to send their authorized representatives to attend the Meeting pursuant to Section 113 of the Companies Act, 2013 are requested to send to the Company, a certified copy of the relevant Board Resolution together with the specimen signature(s) of their representative(s) who are authorized to attend and vote on their behalf at the Meeting.
- Members, Proxies and Authorized Representatives are requested to bring to the Meeting, the attendance slips enclosed herewith duly completed and signed mentioning therein details of their DPID and Client ID/Folio No. In case of joint holders attending the Meeting, the joint holder who is highest in the order of names will be entitled to vote at the Meeting.
- Relevant documents referred to in the accompanying Notice and in the Explanatory Statements are open for inspection by the Members at the Company’s Registered Office on all working days, during the office hours up to the date of the Meeting.

10. The Register of Members and Share Transfer Books of the Company shall remain closed from Tuesday, 20<sup>th</sup> August, 2019 to Monday, 26<sup>th</sup> August, 2019, both days inclusive, for payment of dividend, if declared, at the Meeting.
11. The Company has fixed Monday, 19<sup>th</sup> August, 2019 as the 'Record Date' for determining entitlement of Members to final dividend for the financial year ended March 31, 2019.
12. If dividend is declared at the Annual General Meeting, the payment thereof shall be made on or after Friday 30<sup>th</sup> August, 2019 to those Members of the Company whose names appear in the Register of Members of the Company as of end of the day on 19<sup>th</sup> August, 2019 as under.
  - a) To all beneficial owners in respect of shares held in dematerialized form as per the data made available by the National Securities Depository Limited (NSDL) and the Central Depository Services (India) Limited (CDSL) as of the close of business hours on 19<sup>th</sup> August, 2019.
  - b) To all members in respect of shares held in physical form after giving effect to valid transfers in respect of transfer request lodged with the Company on or before the close of business hours on 19<sup>th</sup> August, 2019.
13. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are, accordingly, requested to submit their PAN to the Depository Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the Company.
14. ### Annual Report on Corporate Social Responsibility (CSR) activities for the financial year 2018 - 2019

**1. A brief outline of the Company's CSR Policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR Policy and projects or programs:**

The Company has framed Corporate Social Responsibility (CSR) Policy which encompasses its philosophy and guides its sustained efforts for undertaking and supporting socially useful programs for the welfare & sustainable development of the society. Corporate Social Responsibility (CSR) is a part of our overall sustainability, encompassing social, economic and environmental actions.

The Company's CSR Policy provides for carrying out the CSR activities in the areas of Education, Environment, Health Care & Welfare, Rural Development, Social and Women Empowerment, Sports & Culture / Heritage, Infrastructure and various other social matters by way of donation to a reliable and respectable corpus, trust, society or institution or organisation.

During the year, the Company has contributed to various organisations like Dardi Nu Rahat Fund, Fateh Kelvani Trust, India Renal Foundation, Ambaben Maganbhai Patel Public Charitable Trust and many more for the purpose of carrying out our CSR activities.

There are a few broad categories of social responsibility that the Company is practicing:

- 1. Health care and Welfare efforts:** One primary focus of corporate social responsibility is the Health care and Welfare of the local populace.
- 2. Philanthropy:** The Company practices social responsibility by donating to local trusts, institutions and NGOs. The motive behind such charity is to serve the society at large.
- 3. Volunteering:** Attending volunteer events says a lot about a company's sincerity. By doing good deeds without expecting anything in return, company is able to express their concern and support for the well-being.

The main focus of the Company is on "Preventive Healthcare". Preventive healthcare is an important dimension of health that needs significant attention and investment from all sections of the society. It is a national health priority and a notified area under Schedule VII of the CSR Section 135 of the Companies Act. Preventive healthcare directly improves health, well-being and productivity of community/population, families and individuals, and promotes equity by benefiting most the disadvantaged and marginalized groups. It covers range of public health activities focused on prevention of diseases, promotion of good health and strengthening of health systems. This directly and indirectly improves the health of fellow citizens, especially the socially and economically relegated groups.

The Policy on CSR as approved by the Board is available on the Company's website <https://www.shilpgravures.com/investorrelations/policies>.

### FORM No. MR - 3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31<sup>ST</sup> MARCH, 2019

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies  
(Appointment and Remuneration Personnel Rules, 2014)]

To,  
The Members,  
Shilp Gravures Limited  
778/6, Pramukh Industrial Estate,  
Sola-Santej Road,  
Village: Rakanpur, Taluka : Kalol,  
District : Gandhinagar - 382722

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Shilp Gravures Limited (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has generally, during the audit period covering the financial year ended on 31<sup>st</sup> March, 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other returns filed and other records maintained by the Company for the financial year ended on 31<sup>st</sup> March, 2019 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') :-
  - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

**ECONOMY OVERVIEW:**

India to retain status as fastest growing major economy in 2019-20 according to World Bank. Fuelled by policy reforms and rebound in credit, India's economy is forecast to expand by 7.5 per cent during the 2019-20 fiscal year and retain its position as the fastest growing major economy in a world as consumption remains robust and investment growth continues, and as economic activity benefits from various policy reforms.

For fiscal 2020, sustaining the momentum in overall investments will be a tough task without support from private investments. With continuously improving capacity utilization and the end of the de-leveraging phase for corporates, conditions are ripe for a revival of private corporate investments," The positive outlook is buttressed by strong drivers emanating from services sector.

Better demand conditions, settled GST implementation, capacity expansion resulting from growing investments in infrastructure and continuing positive effects of the reform policies undertaken and improved credit off-take, especially in services sector at 24 per cent, will sustain the robust GDP growth in the range of 7.5 per cent in 2019. (Source CII).

**Drivers for growth :** According to the report, there are seven key drivers for growth including GST, Insolvency and Bankruptcy Code, ease of doing business, agriculture, credit flow, oil price and infrastructure. The Government's "Digital India" initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and increasing digital literacy will lead to empowerment in the rural areas.

However, gives a thumbs up to the current government saying "India has an ambitious government undertaking comprehensive reforms and we have all the reasons to expect this government to continue economic policies to create friendly environment for businesses and push its growth potential up.

The Government of India, under the "Make in India" initiative, has provided an environment to give a boost to the manufacturing sector and aims to take it up to 25% of the GDP from the current 17%. It also aims to increase the purchasing power of the average Indian consumer, which would further boost demand, and stimulate development, in addition to benefitting investors.

**INDUSTRY STRUCTURE AND DEVELOPMENT****PACKAGING INDUSTRY:**

The growth of the Indian packaging industry is heavily influenced by changing demographics such as growing urbanization and the rising proportion of middle class consumers. These changes drive the need for new packaging formats, such as different sizes, materials, and strength.

The industry constitutes about 4 per cent of the global market. As the requirement for packaging is rising across sectors with traditional businesses preferring to package products, and the retail and e-commerce growing rapidly, the sector is growing at a robust pace. The industry certainly presents potential growth opportunities for new entrepreneurs, and small and medium enterprises.

Flexible packaging has been one of the fastest growing sectors in the packaging industry over the past 10 years, considering increased consumer focus on convenience and sustainability; this rapid development will continue to accelerate. Given its myriad benefits in terms of superior aesthetics, improved functionalities, lightweighting, sustainability advantages and optimized barrier properties. Food sector within the FMCG is the biggest consumer of flexible packaging with a massive share of over 70%.

Demand for flexible packaging in the Indian market, estimated at \$ 5600 Million in 2017, is expected to grow at nearly 10 percent a year over the next five years. The flexible packaging supply chain is also benefitting from the concerted efforts of the Ministry of Food Processing Industries (MoFPI) in providing financial support for the construction of Food Mega Parks and improved cold store facilities.

Flexible packaging offers all properties needed for primary packaging such as lightweight, high performance, high barrier, low contamination, keeping the product completely sealed off from the environment. Flexible packaging also offers a number of sustainability advantages including low raw material consumption owing to light weighting thus leaving lesser carbon footprint. Flexible packaging paves way for reduced energy usage at manufacturing, transportation and disposal stages besides producing relatively low waste produced as compared to conventional packaging formats.

Flexible packaging can now be made in a wide variety of innovative shapes, sizes and appearances, and can include components such as handles and opening and reclosing features such as zips and spouts to name a few. Changing consumer lifestyle has increased dependence on processed, pre-cooked and packed foods, which also mobilized the entire flexible packaging supply chain to sync product offering as per end customer's requirement. The flexible packaging industry has witnessed introduction of new and efficient films that are used in flexible packaging. Modified Atmosphere Packaging (MAP), vacuum skin packaging are some of the current trending packaging solutions which have been developed to meet end customer demand.

**GRAVURE INDUSTRY:**

Gravure is an advanced, high-tech printing process operating the fastest and widest printing presses in the world, and is was the first printing process to employ a totally digital environment. The gravure printing process holds a prominent place in the printing industry with its efficient, long run, highspeed and consistently high-quality printing method and is well aligned with its simplicity as well as the negative impact the process has on the environment. Growth towards environmental sustainability is a powerful move for the gravure industry and it must take a further step in to sustainable practice and and procedure.

Gravure is used for labels, cartons, packaging, gift-wrap, wall and floor coverings, and a variety of precision coating applications. In the face of uncertain economic times, the gravure market is striving to maintain margins and market share while focusing on technological advances to drive growth.

Flexible packaging has been a strong area for gravure. Flexible packaging is one of the high growth markets for packaging, and gravure has grown along with this market segment. Both of these markets are dominated by gravure printing at this time, but gravure will continue to play an important role in flexible packaging. In India, rising urban trend and growing brand consciousness has improved the prospects of the gravure industry due to growing demands for sophisticated packaging. More cost effective, easy to handle and better protection has led the flexible packaging industry to grow at a fast clip. The Government's decision to permit 100% FDI in multi-brand retail is also expected to support the sector.

Your Company serves complete cross-section of the gravure industry such as:

- Flexible Packaging
- Anilox Rollers
- PVC Flooring
- Decorative Laminates
- Specialty Coatings
- Artificial Leather
- Gift Wrapper
- Security printing
- Transfer printing

India has an advantage of large volume consumption of consumer products and therefore gravure is the most preferred technology to handle such volumes due to economy of scale, availability of skilled manpower and high quality printing.

#### **OPPORTUNITY:**

Flexible packaging has been the prime-mover of the packaging industry. Owing to developments across consumer and industrial markets that use polymeric films, improvements in manufacturing practices, and continued technological innovations, the packaging market has been able to continually grow and evolve. As a result of the various features that come along with flexible packaging right from the ease of handling, storage, to being cost efficient, flexible packaging has carved a strong position for itself on the global turf.

One of the main factors driving the growth of flexible packaging market is the rise in its demand and wide acceptance of this type of packaging across segments such as food and beverages, industrial goods and Fast Moving Consumer Goods (FMCG). Enhanced functionality and improved aesthetics have made flexible packaging perfect for branding and display of goods and products at the point of sale (POS), in turn driving sectoral growth.

Your company continues to cater the Indian Packaging Industry with its dedicated endeavors which in turn stimulates the growth of the Company in the future. Your company has been investing in training the manpower and upgrading the technology from time to time to keep the pace with the changing trends.

#### **THREATS, RISKS AND CONCERNS:**

Flexible packaging markets remain highly competitive at both the national and regional levels, often with narrow margins. The global flexible packaging industry continues to be highly fragmented although a small yet growing number of multinational converters are adopting a global strategy to grow in sync with their clients who are expanding their footprint in emerging markets including Eastern Europe, Asia, Africa and Latin America. There is an increasing concern among consumers for environmentally sustainable packaging solutions that has made R&D towards light weighting of substrates and packaging structures rather ubiquitous. There is a growing clamor for packaging that contributes to the Circular Economy leaving lesser waste and thus lower carbon foot print.

The contemporary sustainability narrative now puts a much larger onus on to the packaging manufacturers to innovate and ensure reduction at source. Worldwide more and more bio-degradable products are being used. Packaging films are often considered environment unfriendly; face significant opposition from various strata of society and are subjected to severe regulatory and statutory scrutiny although it has been proved beyond reasonable doubt that this type of packaging requires much less energy throughout all the critical stages of its life cycle i.e. during manufacturing, transportation and disposal when compared with its rigid counterpart

#### **FUTURE OUTLOOK:**

According to Smithers Pira, the global market for flexible packaging is forecast to reach upto \$ 248000 million by 2020. The major growth engines shall be the Asia-Pacific (APAC) countries.

Packaging continues to be a growth market, and within the packaging sector, flexible packaging is arguably the fastest growing segment. This growth brings with it new challenges for flexographic printers. Flexible packaging is the most economical method for packaging, preserving and distributing food and other consumables. Flexible packaging also carries a lower supply chain cost than glass and metal and can deliver more shelf appeal and product protection.

The players in the flexible packaging industry worldwide are coming up with more and more innovative and effective flexible packaging products. Flexible packaging designs such as zippers, pouring spouts, peel-off lids, and microwavable pouches provide consumers with convenience in accessing and disposing the products like never before. Such packaging designs are being increasingly improvised to meet the growing consumer demand for food and beverage products offering higher convenience and portability. Many packaging companies/ convertors are planning to devise innovative products to match ever evolving brand expectations. A lot of emphasis is being paid on intelligent packaging. Most of the convertors are focused on inventing new packaging designs or attempting to revamp existing packaging to be able to offer better value proposition to the brands.

With benefits such as functional convenience in handling & transportation, cost effectiveness and brand protection from counterfeiting, flexible packaging industry worldwide is led by a strong growth. India now has the fourth largest flexible packaging market, representing around 6% global market, behing China and Japan. Analyst with PCI wood Mackenzie, says over next five years , flexible packaging will grow at nearly 10% per annum.

#### SEGMENT WISE PERFORMANCE:

As on March 31, 2019, the Company has only two reportable segments, that of i) manufacture of engraved copper rollers and ii) energy generation through wind mill. The segment revenue, results, assets, and liabilities include the respective amounts identifiable to each of the segment and amount allocated to it. The figurative parameter in detail is provided in Note no. 40 (Segment Reporting) in the Note to Financial Statements.

#### FINANCIAL PERFORMANCE:

An overview of the financial performance is given in the Board's Report. The Audit Committee constituted by the Board of Directors periodically reviews the financial performance and reporting systems.

The policies and procedures adopted by the Company ensure orderly and efficient conduct of its business, safe- guarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records and timely preparation of reliable information.

Your Company have an Audit Committee and has met four times in the year. Audit Committee ensures proper compliance with the provisions of the Listing Regulations, Companies Act, reviews the adequacy and effectiveness of the internal control environment and monitors implementation of internal audit recommendations. Besides the above, Audit Committee is actively engaged in overseeing financial disclosures. The recommendations of the Internal Auditors and the Audit Committee are followed up effectively for implementation.

#### HUMAN RESOURCES / INDUSTRY RELATIONS:

Shilp employs more than 450 employees directly and indirectly. It believes that the quality of these employees is the key to its success and is committed to providing necessary human resource development and training opportunities to equip employees with additional skills to enable them to adapt to contemporary technological advancement and evolving workplace requirements. The focus of any industry is usually on its men and machinery and if these are looked after well then any business is sure to succeed.

We took up extensive in-house on the job training for various category of employees and fresh recruits. Besides this the training & seminar participations for new norms like GST was also in the agenda so as to ensure a smooth transition of the systems in the new tax norms. This year in addition to having annual health check-up we also informally educated our employees on TB. Your Company's Human Resource agenda makes the "EMPLOYEES" its focal point and hence their well-being, skill up gradation and livelihood has been the most targeted area.

Your Company' agenda to build a performance driven culture aiming at constant growth has been a priority throughout and to sustain continual high performance standards and growth it is the focus on the work culture and good management practices that bring in the desired results. All these factors have attributed in making the human resource at the Company a culturally diverse yet one of the best functional teams at work.

#### CAUTIONARY STATEMENT:

Statements in the Management Discussion & Analysis Report describing the Company's objectives, projections, expectations, opinion and predictions may please be considered as "forward looking statements" only. Actual results may differ materially from those expressed or implied. Important factors that could influence the Company's operations should be viewed in light of changes in market conditions, domestic demand and supply conditions, prices of raw materials, economic developments in the country, changes in the government regulations, tax laws and other statutes and such other incidental factors which are material to the business operation of the Company.

## INDEPENDENT AUDITOR'S REPORT

To  
The Members of  
SHILP GRAVURES LIMITED

### Report on the Ind AS Financial Statements

#### Opinion

We have audited the accompanying financial statements of **SHILP GRAVURES LIMITED** ("the Company"), which comprise the balance sheet as at March 31, 2019, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (Collectively referred to as 'financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2019, and its profit (financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

#### Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act; 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing ('SAs'), we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

## ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

### Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **SHILP GRAVURES LIMITED** ("the Company") as of March 31, 2019 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES TO FINANCIAL STATEMENTS

### 1. Corporate Information

Shilp Gravures Limited is a public limited company, incorporated in the year 1993 under the provisions of the Companies Act, 1956 having its registered office at 778/6, Pramukh Industrial Estate, Sola-Santej Road, Rakanpur, Tal. Kalol, Gandhinagar – 382722, Gujarat, India. The Company has set up, the first gravure roller manufacturing house in India. The Company is engaged in engraving of rollers using three different engraving technologies i.e. electronic, laser and chemical etching. The engraved rollers are used in printing and packaging industries.

### 2. Statement of compliance and basis of preparation and presentation

#### 2.1 Statement of compliance

The financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

#### 2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

### 3. Significant Accounting Policies

#### 3.1 Revenue recognition

Revenue from sale of goods and services is measured at the fair value of the consideration received or receivable, net of estimated customer returns, rebates and other similar allowances.

##### Sale of goods

Revenue from the sale of goods is recognised the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods and it is probable that the economic benefits associated with the transaction will flow to the Company

##### Rendering of services

Revenue from rendering of services recognised when services are rendered and related cost are incurred.

##### Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis.

#### 3.2 Foreign currencies

In preparing the financial statements, transactions in currencies other than the entity's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

**NOTES TO FINANCIAL STATEMENTS (Contd...)****3.3 Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

**3.4 Employee benefits****Defined benefit plans**

The Company has an obligation towards a defined benefit retirement plan covering eligible employees through Group Gratuity Scheme of Life Insurance Corporation of India. The Company accounts for the liability for the gratuity benefits payable in future based on an independent actuarial valuation carried out using Projected Unit Credit Method considering discounting rate relevant to Government Securities at the Balance Sheet Date.

Defined benefit costs in the nature of current and past service cost and net interest expense or income are recognized in the statement of profit and loss in the period in which they occur. Actuarial gains and losses on measurement is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur and is reflected immediately in retained earnings and not reclassified to profit or loss. Past service cost is recognized in profit and loss in the period of a plan amendment.

**Defined Contribution plan**

The Company recognize contribution payable to a defined contribution plan as an expenses in the Statement of profit and loss when the employee render services to the Company during the reporting period.

**Compensated Absences**

Provisions for Compensated Absences and its classifications between current and non-current liabilities are based on independent actuarial valuation. The actuarial valuation is done as per the projected unit credit method as at the reporting date.

**Short term employee benefits:**

They are recognized at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered.

**3.5 Taxation**

Income tax expense represents the sum of the tax currently payable and deferred tax. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

**Current tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantially enacted by end of reporting periods.

**Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

## NOTES TO FINANCIAL STATEMENTS (Contd...)

### 3.6 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Freehold land is not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land & properties under construction) less their residual values over their useful lives, as indicated in the Companies Act, 2013, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

### 3.7 Impairment of tangible and intangible assets (other than goodwill)

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

### 3.8 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on a first-in-first-out basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

### 3.9 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

## NOTES TO FINANCIAL STATEMENTS (Contd...)

When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liabilities are not recognised but are disclosed in the notes.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

### 3.10 Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

### 3.11 Financial assets

#### Initial recognition and measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. On initial recognition, a financial asset is recognized at fair value. In case of financial assets which are recognized at fair value through profit and loss (FVTPL), its transaction costs are recognized in the Statement of Profit and loss. In other cases, the transaction costs are attributed to the acquisition value of the financial asset.

#### Subsequent measurement

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as a FVTPL. Interest income is recognized in profit or loss and is included in the "Other Income" line item.

#### Classification of financial assets:

##### Financial assets measured at amortized cost

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
- b) The Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company. Such financial assets are subsequently measured at amortized cost using the effective interest method.

The amortized cost of a financial asset is also adjusted for loss allowances, if any.

##### Financial assets measured at FVTOCI

A financial asset is measured at FVTOCI if both of the following conditions are met:

- a) The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### Financial assets measured at FVTPL

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above.

This is a residual category applied to all other investments of the Company. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss. Dividend Income on the investments in equity instruments are recognized as 'other income' in the Statement of Profit and Loss.

## NOTES TO FINANCIAL STATEMENTS (Contd...)

### Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period. For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

### Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's Balance Sheet) when any of the following occurs:

- a) The contractual rights to cash flows from the financial assets expires,
- b) The company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset;
- c) The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset);
- d) The Company neither transfer nor retains substantially all risk and rewards of ownership and does not retain control over the financial assets.

In cases where Company has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the Company continues to recognize such financial asset to the extent of its continuing involvement in the financial asset; in that case, the Company also recognizes an associated liability.

The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

### Impairment of financial assets

The Company applies expected credit losses (ECL) model for recognizing impairment loss on financial assets measured at amortized cost and trade receivables. In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance. For the purpose of measuring lifetime expected credit loss, for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. The expected credit loss allowance is computed based on a provision matrix which takes in to account historical credit loss experience and adjusted for forward looking information. For recognition of impairment loss on other financial assets and risk exposure, the company determines whether there has been a significant increase in the credit risk since initial recognition. If the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if the credit risk has increased significantly, then the impairment loss is provided based on lifetime ECL. Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expenses in the Statement of profit and loss under the head 'Other expense'.

## 3.12 Financial liabilities and equity instruments

### Debt and Equity Instruments:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instruments.

### Equity instruments:

An equity instruments is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities, Equity instruments issued by the Company are recognised at the proceeds received, not of direct issue costs.

### Financial Liabilities:

#### Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at fair value.

**Subsequent measurement**

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

**Financial liabilities at FVTPL**

A financial liability may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability whose performance is evaluated on a fair value basis, in accordance with the Company's documented risk management;

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability.

**Foreign exchange gains and losses**

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in profit or loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the closing rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

**Derecognition of financial liabilities**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

**3.13 Leases**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

In respect of assets taken on operating lease, lease rentals are recognized as an expense in the Statement of Profit and Loss on straight line basis over the lease term unless another systematic basis is more representative of the time pattern in which the benefit is derived from the leased asset; or the payments to the lessor are structured to increase in the line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

**3.14 Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

**3.15 Fair Value**

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either;

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorized into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for Identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

## NOTES TO FINANCIAL STATEMENTS (Contd...)

Level 1 – quoted (unadjusted) market prices in active markets for identical assets or Liabilities.

Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – inputs that are unobservable for the asset or liability.

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorized at the end of each reporting period and discloses the same.

### 3.16 Earnings Per Share

Basic earnings per share are computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit after tax as adjusted for the effects of dividend interest and other charges relating to the dilutive potential equity shares by weighted average number of shares plus dilutive potential equity shares.

### 3.17 Significant accounting judgments, estimates and assumptions

#### Significant accounting judgements

The application of the Company's accounting policies in the preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an ongoing basis and any revisions thereto are recognized in the period in which they are revised or in the period of revision and future periods if the revision affects both the current and future periods. Actual results may differ from these estimates which could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

#### Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### (a) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using ECL model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

#### (b) Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

#### (c) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate. Contingent liabilities are not recognised in the financial statements. The policy for the same has been explained above in note 3.4.

Note: The Company has used a practical expedient by computing the expected credit loss allowance for trade receivable based on a provision matrix. The Provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivable are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting periods is as follow.

Investment with insurer (Investment in Policy of LIC)	100%	100%

### V. The Principal assumption used in determining gratuity obligations are as follows:

PARTICULARS	GRATUITY	
	YEAR ENDED 31st MARCH, 2019 (Rs. in Lacs)	YEAR ENDED 31st MARCH, 2018 (Rs. in Lacs)
Mortality Table (LIC)	2006-08 (Ultimate)	2006-08 (Ultimate)
Discount Rate (per annum)	7.35%	7.35%
Rate of escalation in salary (per annum)	6.00%	6.00%

Estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

These plans typically expose the Company to actuarial risks such as interest rate risk and salary risk.

- Interest risk: a decrease in the bond interest rate will increase the plan liability.
- Salary risk: the present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, a variation in the expected rate of salary increase of the plan participants will change the plan liability.

**NOTES TO FINANCIAL STATEMENTS (Contd...)**
**VI. Sensitivity Analysis**

Significant actuarial assumptions for the determination of defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

PARTICULARS	Gratuity	
	YEAR ENDED 31st MARCH, 2019 (Rs. in Lacs)	YEAR ENDED 31st MARCH, 2018 (Rs. in Lacs)
Impact in present value of defined benefit obligation:		
If discount rate is increased by 0.5%	(8.01)	(7.02)
If discount rate is decreased by 0.5%	8.53	7.47
If salary escalation rate is increased by 0.5%	8.58	7.53
If salary escalation rate is decreased by 0.5%	(8.13)	(7.14)
If withdrawal rate is increased by 10%	0.97	0.55
If withdrawal rate is decreased by 10%	(0.99)	(0.59)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognized in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

**VII. Asset Liability Matching Strategies**

The Company has purchased insurance policy, which is basically a year-on year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The Insurance Company, as part of the policy rules, makes payment of all gratuity out goes happening during the year (subject to sufficiency of funds under the policy). The policy thus mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset).

**VIII. Effect of Plan on Entity's Future Cash Flows**

## (i) Funding arrangements and Funding Policy

The Company has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company.

## (ii) Expected contribution during the next annual reporting period

The Company's best estimate of Contribution during the next year is Rs. 18.53 Lacs.

**IX. Expected outflow in future years (as provided in actuarial report)**

### 38 FINANCIAL INSTRUMENTS

#### (i) Capital management

The Company manages its capital structure with a view to ensure that it will be able to continue as a going concern while maximizing the returns to stakeholders through the optimization of the debt and equity balance.

The Company's management reviews the capital structure of the Company on an annual basis. As part of this review, the management considers the cost of Capital and the risks associated with each class of capital.

The net debt to equity ratio at the end of the reporting period was as follows:

PARTICULARS	YEAR ENDED 31st MARCH, 2019 (Rs. in Lacs)	YEAR ENDED 31st MARCH, 2018 (Rs. in Lacs)

(d) Other Financial liabilities	351.00	352.61
<b>Measured at fair value through other comprehensive income (FCTOCI)</b>	-	-
The Carrying amount reflected above represents the Company's maximum exposure to credit risk for such financial assets.		

### (iii) Financial risk management objective

The Company's financial liabilities comprise mainly of borrowing, trade payables and other payables. The Company's financial assets comprise mainly of investments in mutual funds, cash and cash equivalent, other balance with banks, loans, trade receivable and other receivable. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

### (iv) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risks: interest rate risk, currency risk and other risk. Financial instruments affected by market risk includes borrowings, investments, trade payable, trade receivable, loans and advances.

#### a) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates.

The sensitivity analysis has been carried out based on the exposure to interest rates on long term borrowings. The said analysis has been carried on the amount of floating rate long term liabilities outstanding at the end of the reporting period. A 50 basis point increase or decrease represents management's assessment of the reasonably possible change in interest rates.

In case of fluctuation in interest rates by 50 basis points on the exposure of Rs. 750.10 Lacs as on 31st March, 2019 and Rs. 551.14 as on 31st March, 2018 and all other variables were held constant, the Company's profit for the year would increase or decrease as follows.

PARTICULARS	YEAR ENDED 31st MARCH, 2019 (Rs. in Lacs)	YEAR ENDED 31st MARCH, 2018 (Rs. in Lacs)
Impact on Profit or Loss for the year	0.90	2.76

## NOTES TO FINANCIAL STATEMENTS (Contd...)

### b) Foreign Currency Risk

Foreign Currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Company does not enter into any derivative instruments for trading or speculative purposes.

The carrying amount of the Company's Foreign Currency denominated monetary items are as follows;

PARTICULARS	YEAR ENDED 31st MARCH, 2019 (Rs. in Lacs)	YEAR ENDED 31st MARCH, 2018 (Rs. in Lacs)
<b>Liabilities</b>		
USD	30.97	32.78
EURO	0.81	19.39
CHF	-	6.54
<b>Assets</b>		
USD	57.9	27.32
EURO	9.8	7.93
CHF	0.21	0.21
Others	0.76	0.36

### Foreign Currency sensitivity analysis

The Company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to US Dollar, CHF and Euro. The following table details the Company's sensitivity to a 10% increase and decrease in the Rupees against the relevant foreign currencies. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes receivables and payable in currency other than the functional currency of the Company.

A 10% strengthening of the INR against key currencies to which the Company is exposed (net of hedge) would have led to additional gain in the Statement of Profit and Loss with a corresponding increase in total equity at the end of the reporting period. A 10% weakening of the INR against these currencies would have led to an equal but opposite effect.

### Analysis of 10% strengthening of the INR

### c) Other Price Risk

Other price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. Other price risk arises from financial assets such as investments in equity instruments and mutual funds. The Company does not have investment in equity instruments as on 31st March 2019. The Company is exposed to price risk arising mainly from investment in equity and liquid based mutual fund. The carrying value of such mutual funds recognised at FVTPL amount to Rs. 1974.55 Lacs as at 31st March, 2019 (Rs. 1617.79 Lacs as at 31st March, 2018). The details of such instruments are given in Note 11.

If the NAV has been higher/lower by 10% from the market NAV existing as at 31st March, 2019, the income from other source for the year ended 31st March 2019 would increase/decrease by Rs. 197.45 Lacs (for 2017-18 Rs. 161.77 Lacs) with a corresponding increase/decrease in total equity of the Company as at 31st March, 2019. 10% represents management's assessment of reasonably possible changes in NAV of mutual funds.

## NOTES TO FINANCIAL STATEMENTS (Contd...)

### V Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables.

#### (a) Trade receivables management

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivable based on a provision matrix. The Provision matrix takes into account historical credit loss experience and adjusted for forward -looking information. The expected credit loss allowance is based on the ageing of the days the receivable are due and the rates as given in the provision matrix.

#### (b) Other financial assets

Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognized financial institutions with high credit ratings assigned by the various credit rating agencies and investment in mutual funds are equity and liquid fund.

### VI Liquidity Risk

The following table provides details derivative as well as non-derivative financial liabilities of the Company into relevant maturity groupings based on the remaining period from the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.
