MARATHON

Our Founder - Shri Ramniklal Z Shah
(12/10/1931 - 02/02/2022)

Big things are often seeded in modest beginnings.

Our origins date back to 1922 when our patriarch played a key role in creating the master plan for 550 acres of the suburb of Mulund.

Ramniklal Z Shah, the Founder laid the foundation of Marathon Group in the year 1969 and has come a long way developing residential, commercial, retail, mixed and township projects in the greater Mumbai area.

With an underlying philosophy of Social upliftment, he started as a social enterprise and most of his initial undertakings were on a Not-for-profit basis. An ardent follower of Jainism and its principles, he was deeply involved with the community development initiatives. He was the President of the Rotary Club (Mulund), Jain Sangh and SMPR High School.

His deep sense of social obligation inspired him to lead many community service endeavors such as rehabilitation of the victims of Latur and Bhujpur earthquakes, providing homes at cost for the underprivileged, offering construction services at cost to educational and religious institutions, etc. He has also been a committee member of the MCHI (Maharashtra Chamber of Housing Industry).

OUR FOUNDER'S LEGACY OF TRUST, QUALITY AND INNOVATION CONTINUES TO INSPIRE US.

The core values that we have imbibed since 1931 have enabled us to create not only the Brand "MARATHON", but also a bond of Trust and reliability with our Customers and stakeholders.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

The Management of the Company is pleased to present this report covering the activities of the Company during the year ended on March 31, 2022.

1. INDUSTRY STRUCTURE AND DEVELOPMENTS- MACRO ECONOMIC ENVIRONMENT OVERVIEW**Economic outlook- Global Economy**

The global economy will continue to face unprecedented volatility and disruption in the next few years. A perfect storm has been created by multiple unanticipated factors such as resurgence of the pandemic in some places, severe lockdowns in China and Russia's war in Ukraine. This has led to global disruption in supply chains food and energy crisis, inflationary pressures and slow down in overall growth.

India will continue to be a key destination for multinational because of its large economy, strong growth and huge consumer base. Global investors are quite vocal about India's rising position in world economy and being the best investment destination due to its policy changes and structural reforms. Its business landscape is far more open and accessible for global companies. While India is enroute to becoming a \$5 trillion economy, FDI's growth would add up to achieve is faster phase.

In 2021-22 gross FDI inflows into India increased for the ninth consecutive year to \$83.6 billion, an all time high. The bulk of this FDI is concentrated in a few sectors such as computer software and hardware and financial services which showcased the resilience of India's IT sector during the pandemic.

Foreign investments in the commercial real estate sector were at US\$ 10.3 billion from 2017-21. As of February 2022, Developers expect demand for office spaces in SEZs to shoot up after the replacement of the existing SEZs act.

As per ICRA estimates, Indian firms are expected to raise Rs. 3.5 trillion (US\$ 48 billion) through infrastructure and real estate investment trusts in 2022, as compared with raised funds worth US\$ 29 billion to date.

India -Real Estate Sector:

India's real estate sector is expected to touch a US\$ 1 trillion market size by 2030, accounting for 18-20% of India's GDP. India's real estate sector saw over 1,700 acres of land deals in the top 7 cities in one year.

Real estate sector is one of the most globally recognized sectors. It comprises of four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth in the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.

In India, the real estate sector is the second-highest employment generator, after the agriculture sector. It is also expected that this sector will incur more non-resident Indian (NRI) investment, both in the short term and the long term.

By 2040, real estate market is expected grow to Rs. 65,000 crore (US\$ 9.30 billion) from Rs. 12,000 crore (US\$ 1.72 billion) in 2019. Real estate sector in India is expected to reach US\$ 1 trillion in market size by 2030, up from US\$ 200 billion in 2021 and contribute 13% to the country's GDP by 2025. Retail, hospitality, and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

Around 40 million square feet were delivered in India in 2021. It is expected that the country will have a 40% market share in the next 2-3 years. India is expected to deliver 46 million square feet in 2022.

According to Savills India, real estate demand for data centers is expected to increase by 15-18 million sq. ft. by 2025.

According to the Economic Times Housing Finance Summit, about 3 houses are built per 1,000 people per year compared with the required construction rate of five houses per 1,000 populations. The current shortage of housing in urban areas is estimated to be ~10 million units. An additional 25 million units of affordable housing are required by 2030 to meet the growth in the country's urban population.

India adopted the "Doing Business Indicators" as a core component of the reform strategies, in line with the "Make in India" campaign focused on attracting foreign investment ,boosting the private sector manufacturing in particular and enhancing the country's overall competitiveness.

The goal of Indian Government in 2015 was to join the 50 top economies on Ease of Doing Business ranking by 2020.All areas and sectors were targeted and measured by "Doing Business".

BUSINESS OVERVIEW

The Company is into the Slum Rehabilitation Project under Slum Rehabilitation Authority to rehabilitate slums in Bhandup. The Company, currently developing project with Shree Swami Smarth Builders in a joint venture in Bhandup. The pandemic has highly affected segment in the real estate sector especially the Slum Rehab Projects.

The Company may source funds for its projects based on the industrial status accorded to the segment in which it operates. The creditability of the Company would get enhanced with its "Marathon Brand" image in affordable housing and SRA segments.

Initiatives by Government to boost Slum Development Scheme:

- All Slum Rehabilitation Project, to take care of slum dwellers, will have a primary healthcare centre admeasuring 1,000-5,000 sq ft. It will be free of FSI basis.
- The area of houses under slum rehabilitation schemes in the Mumbai Metropolitan Region (MMR) will be increased to 300 sq.ft. from 269 sq.ft. These schemes will now be implemented in all seven municipal corporations and seven municipal councils in the MMR. In Mumbai, the limit of use of slum TDR has been increased from 20% to 30%.
- Numbers of steps for Slum Rehabilitation Authority (SRA) to ease the process for builders.
- Welcoming of foreign direct investment in government housing schemes with an arrangement of 20% equity to SRA.

2. OPPORTUNITIES & THREATS**OPPORTUNITIES:**

Getting permission for construction of building in general has been a very lengthy and cumbersome process. It normally used to take months together to get the building plan sanctioned. India has improved considerably on this dampening aspect of ease of doing business. From as poor as 184th ranking in 2014, the ranking had gone high at 27th rank in 2019 when the last ranking was made by the World bank. Several steps have been taken in India over the years to reduce procedures and time involved in obtaining construction permission.

Some of the initiatives are:

- (i) On line Building Permission System (OBPS) which is on line Single window for obtaining all building permission has been introduced in Mumbai and Delhi Regions.
- (ii) The BMC has introduced the fast-track approval system for issuing building permits with features such as common Application Form (CAF) provision using Digital Signature and on-line scrutiny of building plans.
- (iii) The time line for issuing building permission has been reduced from 128 days to 98 days as per the reports of Doing Business 2018 and 2020 reports.
- (iv) Total no. of procedures is reduced to 19 in Mumbai.
- (v) Cost of obtaining construction permission has been reduced from 23% to 5.4% of economy's per capita income.

Also, the pandemic imparted to the sector, is embracing the digital mediums. In fact, if not for those, it would have been nearly impossible for the sector to see any sales, whatsoever. "The year saw a growing thrust towards digitization and technology adoption, chronicling a new era in the industry. There has been a significant rise in digital launches, virtual property events, online listing and viewing, data analytics, cloud-based services and much more.

Digitalization - SRA is planning to boost transparency by digitalization its systems so that the redevelopment process— from a developer applying for a scheme to the allotment of tenements to eligible slum dwellers — can be tracked online. A web portal for "citizen centric processes all details pertaining to the allotment in SRA".

The recent lockdown due to COVID19 has forced real estate companies to focus much more on digital marketing and online platforms. It's good news for slum dwellers as the state government is now all set to give them bigger homes measuring 315-322 square feet area from the current 269 square feet area.

Affordable House Segment: Affordable housing has emerged as the most preferred segment with respect to the amenities offered at reasonable prices. It is also gaining interest from investors, especially in metros. This segment is likely to continue getting this boost, if infrastructure developments around the project are being completed timely."The Company is into development of affordable housing segment under SRA scheme, in the amidst outbreak of COVID-19, Company have received good response in Affordable houses as people have realised the importance of owning a home and that this feeling is going to persist.

CHALLENGES:

We are now in a weird Phase of Covid Pandemic. In the early part of the Year, the 3rd Wave caused some disruptions for both the manufacturing and service Industries .Commodity prices, global inflation and interest rates are rising.

Availability of working capital finance for Project specific funding is a daunting task .To fund the projects the Company uses its cash flow and intermittent borrowing support from the lenders would subordinate the completion process. However, the Govt initiatives to support the sector mandating the financial support will go a longway in timely completion and delivery of inventories. Further, the following factors pose challenges to the Company.

- Challenges with Regulatory environment
- Increased cost of manpower and critical inputs
- Delays in project approvals

THE GROUP

We are a 52 year old, Mumbai based real estate development company that has completed over 100 projects in the city. We are currently building several townships in the fastest growing neighborhoods, affordable housing projects, ultra-luxury skyscrapers, small offices and large business centers. Our projects are spread across the Mumbai Metropolitan Region (MMR). We've been on a Marathon run since 1969. We are proud to have provided homes for more than 10,000 families, retail space for 400 retailers and offices for 350 businesses.

Our story

- 1922:** Our origins date back to 1922 when our patriarch Zaverbhai Shah played a key role in creating the masterplan for 550 acres of the suburb of Mulund - his role in the planning has resulted in Mulund being one of the best planned suburbs today
- 1969:** R.Z. Shah founded Marathon in 1969. He started the company as a social enterprise and most of his initial undertakings were on a not-for-profit basis. He has been deeply involved with the community and has served as the President of the Rotary Club (Mulund), Jain Sangh and SMPR High School.
- 1970-1990:** We played a key role in shaping the Mulund skyline through the next few decades.
- 1972:** Poonam, built in 1972, was the first building with an elevator in Mulund.
- 1990:** Marathon Antariksh was the first high rise in Mulund.
- 1990-2010:** We witnessed exponential growth starting from the 90's by venturing into new locations like Lower Parel and Panvel and new categories like townships and affordable housing.
- A) We were one of the first to identify the potential of milland at Lower Parel. We built the award winning Nextgen mixed use campus on mill land.
 - B) We were amongst the first to adopt the revolutionary MIVAN Construction technology for Marathon Era.
 - C) Marathon Heights at Worli was the first residential building in the city with a helipad.
 - D) We ventured into affordable housing with the award winning Marathon Nagari Township at Badlapur.
 - E) Recognising the potential of Panvel we launched our first premium township project Marathon Nexzone which also was the first project in Mumbai to offer e-registration of property.
 - F) Our flagship commercial project, Marathon Futurex at Lower Parel opened. Futurex is a landmark in the city and houses some of the finest international and national brands.
- 2010-Present:** Our footprint continues to expand rapidly across the city and we now have projects in all categories.
- 2012:** Launched Monte South at Byculla, a joint venture with Adani Realty - one of the most luxurious projects in South Mumbai.
- 2017:** We ventured into the education space with the revolutionary NEXT School at Mulund W. NEXT is India's 1st Big Picture Learning school.
- 2018:** We Launched NeoHomes a new generation of urban homes at Bhandup W, that offers the average Mumbaikar the chance to own a home in the city.
- 2020:** We launched Phase 2 of our Panvel Township.

COMPANY STRENGTHS:

Your Company continues to capitalize on the market opportunities by leveraging its key strengths. These include...

- 1. Brand Reputation:** With more than 5 decades in business, the Brand "Marathon" enjoys higher recall and influences the buying decision of the customer.
- 2. Execution:** Possesses a successful track record of quality execution of projects with contemporary architecture.
- 3. Significant leveraging opportunity:** Conservative approach towards debt practices coupled with enough cash balance which provides a significant leveraging opportunity for further expansions.
- 4. Inhouse design:** Operates, mainly with in-house highly skilled design team capable of modeling state of the art design for its Projects. The Company has also a model of appointing some of renowned architects / contractors that allows scalability and emphasizes contemporary design and quality construction – a key factor of success.
- 5. Transparency:** Follows a strong culture of corporate governance and ensures transparency and high levels of business ethics.

- 6. Digitalization :** Company has already forayed into the new age customer experiences. As it will be a buyers market for now and empowering the customers to enable decision making will be the best interest of the real estate stake holders. Tools that stimulates the product digitally, enables online decision making facilities easy transactions hand –in- hand curated and secure sampling at the physical site.

THREATS

The real estate industry is often affected by changes in government policies and regulations. There are considerable procedural delays with respect to approvals related to acquisition and use of land. Unfavorable changes in the government policies and the regulatory environment may adversely impact the performance of the Company. Some of the challenges in Real Estate sector are listed below:

1. SRA projects are already have huge documentation process and Covid-19 outbreak would increase the delays in projects completion.
2. The slowdown in project execution activity, are expected to limit the overall decline in net cash flows.
3. A single window clearance mechanism for approvals would go a long way in minimizing the time schedule for completing projects.
4. Real Estate segment provides huge employment in India, amid Covid-19 outbreak; many people would have to undergo forced job loss resulting in lesser demand for the products of the Company.

3. OUT LOOK

The real estate sector is one of the most globally recognized sectors. In India, real estate is the second largest employer after agriculture and is slated to grow at 30 per cent over the next decade. The real estate sector comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.

4. RISKS AND CONCERNS

Apart from the increase in land prices, inputs costs have also been constantly increasing. Higher interest cost would dent margins and may have a direct effect on the customer's cash flow as well. Increase in end product prices coupled with tight liquidity may impact demand. The various taxes and levies would add to the costs and this is likely to squeeze margins as end product prices may not go up correspondingly.

5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The internal control commensurate with the activities is supplemented by continuous review by the management. The internal control system is designed to ensure that every aspect of the company's activity is properly monitored.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. We have been informed that other information will be adopted by the Board of Directors at a later date and we will report, if other information so adopted is materially inconsistent with the financial statements.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the Financial Position, Financial Performance including Other Comprehensive Income, changes in equity and cash flows of the Company in accordance with the accounting

principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013 as amended, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”.
 - (g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us :
 - 1. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer note 39 to the standalone financial statements;
 - 2. The Company did not have any material foreseeable losses on long-term contracts including derivative contracts that require provision under any law or accounting standards for which there were any material foreseeable losses.
 - 3. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - 4.
 - (a) The Management has represented to us that, to the best of it’s knowledge and belief, as disclosed in the notes to the accounts no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented to us that, to the best of it’s knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that cause us to believe that the representation given by the Management under paragraph (3) (g) (iv) (a) and (b) above contain any material misstatement.
 - 5. The Company has not declared or paid any dividend during the current period.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT ON THE FINANCIAL STATEMENTS OF CITADEL REALTY AND DEVELOPERS LIMITED

(Referred to in paragraph 3 (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the Internal Financial Control over financial reporting of **CITADEL REALTY AND DEVELOPERS LIMITED** (“the company”) as of 31st March, 2022 in conjunction with our audit of the Financial Statements of the Company for the period then ended.

Management Responsibility for the Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient

conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note issued by ICAI and the Standards on auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the standalone financial statements

Note 1:- Corporate Information:-

Citadel Realty & Developers Limited (“the Company”) formerly known as Rohit Pulp & Papers Mills Ltd is a Company registered under the Companies Act, 1956. The Company is a public limited company incorporated and domiciled in India and has its registered office at Marathon Futurex, N. M. Joshi Marg, Lower Parel, Mumbai 400 013.

The equity shares of the Company are listed on Bombay Stock Exchange of India Limited (BSE). The Company is registered with the Ministry of Corporate Affairs under CIN L21010MH1960PLC011764.

The Company is primarily engaged in the business of construction, development and sale of residential real estate projects. The core business activities are carried out under various business model likes own development, through joint ventures and joint development and other arrangements with third parties.

A. Basis of preparation and measurement :-

(a) Statement of Compliance :

These Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) to comply with the Section 133 of the Companies Act, 2013 (“the 2013 Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, and the relevant provisions and amendments, as applicable. The Standalone Financial Statements have been prepared on accrual basis under the historical cost convention except certain financial instruments, defined benefit plans and share based payments measured at fair value.

These standalone financial statements were authorised for issue by the Company’s Board of Directors on 29 April, 2022.

(b) Functional and presentation currency :

These standalone financial statements are presented in Indian rupees (INR), which is the Company’s functional currency. All financial information have been presented in Indian rupees (INR) all amounts have been rounded-off to the nearest Lakhs, unless otherwise stated.

(c) Basis of measurement :

The standalone financial statements have been prepared on a historical cost basis, except for the following:

certain financial assets and liabilities (including derivative instruments) and contingent consideration that is measured at fair value; and defined benefit plans - plan assets measured at fair value

(d) Use of estimates and judgments :

The preparation of the standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The areas involving critical estimates and judgments are:

- (i) Estimation of total cost of construction of Project
- (ii) Estimation of useful life of property, plant and equipment and intangibles
- (iii) Estimation of recognition of deferred tax assets, availability of future taxable profit against which tax losses carried forward can be used
- (iv) Impairment of financial assets (i.e. expected credit loss on trade receivables and retention money receivable)
- (v) Estimation on discounting of retention money payable

(e) Measurement of fair values :

The Company’s accounting policies and disclosures require the measurement of fair values, for financial instruments:-

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability

B. Significant accounting policies :-**1. Lease:-****Operating Lease****As a lessee:-**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets:-

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

ii) Lease Liabilities:-

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term.

iii) Short-term leases and leases of low-value assets :-

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

2. Cash and Cash Equivalents :-

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, bank overdraft, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3. Inventories :-

Inventories of Finished Goods and Property under development are stated 'at cost or net realisable value, whichever is lower'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition and borrowing cost incurred related to project. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

4. Investments in subsidiaries, joint ventures and associates :-

Investments in subsidiaries, joint ventures and associates are recognised at cost as per Ind AS 27. Except where investments accounted for at cost shall be accounted for in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations, when they are classified as held for sale.

5. Investments and other financial asset :-**(a) Classification :-**

The Company classifies its financial assets in the following measurement categories:

- (1) Those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- (2) Those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

(b) Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Profit and Loss are expensed in the Statement of Profit and Loss.

(i) Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

- (1) Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.
- (2) Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost are measured at fair value through statement of Profit and Loss. Interest income from these financial assets is included in other income.

(ii) Equity instruments:

The Company measures its equity investment other than in subsidiaries, joint ventures and associates at fair value through profit and loss. However where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of Profit and Loss

(c) Impairment of financial assets:

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(d) Income recognition:Interest income:-

Interest income from debt instruments is recognised using the effective interest rate method.

Dividends:-

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established.

Share in Profit/(Loss) :-

Share of profit (Loss) from partnership firms/LLPs in which the Company is partner is recognized based on the financial information provided and confirmed by the respective firms.

6. Revenue recognition :-**(i) Construction Revenue :-**

The company undertakes the business of construction of residential properties through joint venture. The ongoing contracts with customers are construction of residential properties.

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 01 April 2018. The Company has applied the following accounting policy for revenue recognition:

The Company recognises revenue from contracts with customers for ongoing contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

The Company satisfies a performance obligation and recognises revenue over time as company satisfies the following criteria.

1. The company's performance does not create an asset with an alternative use to the entity and
2. The company has an enforceable right to payment for performance completed to date

The Company Recognised the revenue using cost based input method. Revenue is recognised with respect to stage of completion, which assessed with reference to the proportion of contract cost incurred for work performed to the estimated total cost of completion of contract.

Consideration is adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company.

Advances from customers, progress payments, amount due from and due to customers and retention money receivable

Advances received from customers in respect of contracts are treated as liabilities and adjusted against progress billing as per terms of the contract

Progress payments received are adjusted against amount receivable from customers in respect of the contract work performed.

Amounts due from contract customers represents the gross unbilled amount expected to be collected from customers for contract work performed till date. It is measured at cost plus profit recognised till date less progress billings and recognised losses when incurred.

Amounts due to contract customers represents the excess of progress billings over the revenue recognised (costs plus attributable profits) for the contract work performed till date.

(ii) Dividend Income :-

Dividend Income is accounted when the right to receive the same is established

(iii) Interest Income or expenses:-

Interest income or expense is accounted basis effective interest rate (EIR).

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

7. Cost of Construction / Development :-

Cost of Construction/Development (including cost of land) includes cost of land, development rights, rates and taxes, construction costs, borrowing costs, other direct expenditure, allocated overheads and other incidental expenses incurred. Cost of sales is charged to the statement of profit and loss in the proportionate to project area sold and revenue whereof is recognised. Costs incurred for projects which have not achieved reasonable level of development is carried over as construction work-in-progress.

8. Borrowing Cost :

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

9. Earnings Per Share :

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive

10. Current and Deferred Taxes : Current Tax :

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Deferred Tax:

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax liabilities and assets measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

11. Provisions, Contingent Liabilities and Contingent Assets :

A provision is recognised when the Company has a present obligation as a result of past event and it is probable than an outflow of resources will be required to settle the obligation, in respect of which the reliable estimate can be made. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material) and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates.

12. Operating Cycle :-

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realisation of project into cash & cash equivalents and are in the range of 3 to 7 years. Accordingly, project related assets & liabilities have been classified into current & non-current based on operating cycle of the respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve months.

13. Trade receivables :-

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for expected credit loss.

14. Trade and other payables :-

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method

15. Borrowings :-

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit and loss over the period of the borrowings using the effective interest method (EIR). Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

16. Dividends :-

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

D) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Future specific market movements cannot be normally predicted with reasonable accuracy.

Currency risk: The Company does not have material foreign currency transactions. The company is not exposed to risk of change in foreign currency.

Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's fixed rate borrowings are not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Profit or loss is sensitive to higher/lower interest expense from variable rate borrowings as a result of changes in interest rates. The company has borrowed the fund at fixed rate of interest and thus there is no risk of interest rates fluctuating.

Other price risk:

The Company is not exposed to equity price risks arising from equity investments. Equity investments are held for strategic rather than trading purposes. The Company does not actively trade these investments.

II) Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

Credit Risk management :-

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: High credit risk

Asset group	Basis of categorisation	Provision for expenses credit loss
A: Low credit risk	Investments, Other bank balances, trade receivables, cash and cash equivalents, loans and other financial assets	12 month expected credit loss/Life time expected credit loss
B: High credit risk	Trade receivables and loans & Advances	12 month expected credit loss/Life time expected credit loss/fully provided for

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

III) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

INDEPENDENT AUDITORS' REPORT

To the Members of

Citadel Realty and Developers Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Citadel Realty and Developers Limited ("the Company") and its Joint Venture which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on key matters.

1. The assessment of recoverable amount of the Company's investment in and loans receivable from Associates involves significant judgment in respect of assumptions such as discount rates, current work in hand, future contract wins/ future business plan and the recoverability of certain receivables as well as economic assumption such as growth rate.

Auditor's responds:-

Our procedures included the following:

- Evaluated the net worth and past performance of the Company to whom loans given or investments made. Compared the carrying amount of the investment with the expected value of the business.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The Consolidated Financial Statement Includes share of profit from partnership firm / associates of ₹. 4.13 Lakhs whose financial have been audited by the its independent Auditor.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that :
 - a) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, there is no qualification or adverse remarks by the respective auditors in the the Companies (Auditors Report) Order (CARO). Hence, reporting on the matters specified in paragraph 3(xxi) of the Order is not applicable.
 - b) As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of joint ventures/ Associates, as noted in the 'other matter' paragraph we report, to the extent applicable, that:
 - i. We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - ii. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditor.
 - iii. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
 - iv. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - v. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, joint ventures, none of the directors of the Group's companies, and joint ventures, incorporated in India, is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
 - vi. With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies and joint ventures incorporated in India, and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" to this report;
 - vii. In our opinion and based on the consideration of reports of other statutory auditors of the joint ventures incorporated in India, the managerial remuneration for the year ended March 31, 2022 has been paid/provided by the Holding

Company joint ventures incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;

viii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries and joint ventures, as noted in the 'Other matter' paragraph

1. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group and joint ventures in its consolidated financial statements – Refer note 40 to the consolidated financial statements;
2. The Group and its joint ventures did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2022;
3. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company during the year ended March 31, 2022.
4. The Management has represented to us that, to the best of its knowledge and belief, as disclosed in the notes to the accounts no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

The Management has represented to us that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries

Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that cause us to believe that the representation given by the Management under paragraph (3) (g) (iv) (a) and (b) above contain any material misstatement.

5. The Company has not declared or paid any dividend during the current period.

Annexure “A” to the Independent Auditor’s Report

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

(Referred to in paragraph (A) (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

We have audited the internal financial controls over financial reporting of CITADEL AND REALTY AND DEVELOPERS LIMITED (“the Holding Company”) as of March 31, 2022 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company and its Joint Venture has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The equity shares of the Company are listed on Bombay Stock Exchange of India Limited (BSE) . The Company is registered with the Ministry of Corporate Affairs under CIN L21010MH1960PLC011764.

The Company is primarily engaged in the business of construction, development and sale of residential real estate projects. The core business activities are carried out under various business model likes own development, through joint ventures and joint development and other arrangements with third parties.

The consolidated financial statement comprises financial statements of the Company together with its Associates (collectively referred to as the ‘Group’) for the year ended March 31,2022. The Group is engaged primarily in the business of real estate development.

A. Basis of preparation and measurement :-**(a) Statement of Compliance :**

These Consolidated Financial Statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) to comply with the Section 133 of the Companies Act, 2013 (“the 2013 Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, and the relevant provisions and amendments, as applicable. The Consolidated Financial Statements have been prepared on accrual basis under the historical cost convention except certain financial instruments, defined benefit plans and share based payments measured at fair value.

These consolidated financial statements were authorised for issue by the Company’s Board of Directors on 29 April, 2022.

(b) Functional and presentation currency :

These Consolidated financial statements are presented in Indian rupees (INR), which is the Group’s functional currency. All financial information have been presented in Indian rupes (INR) all amounts have been rounded-off to the nearest Lakhs, unless otherwise stated.

(c) Basis of measurement :

The Consolidated financial statements have been prepared on a historical cost basis, except for the following:

certain financial assets and liabilities (including derivative instruments) and contingent consideration that is measured at fair value; and defined benefit plans - plan assets measured at fair value

(d) Use of estimates and judgments :

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The areas involving critical estimates and judgments are:

(i) Estimation of total cost of construction of Project

(ii) Estimation of useful life of property, plant and equipment and intangibles

(iii) Estimation of recognition of deferred tax assets, availability of future taxable profit against which tax losses carried forward can be used

(iv) Impairment of financial assets (i.e. expected credit loss on trade receivables and retention money receivable)

(v) Estimation on discounting of retention money payable

(e) Measurement of fair values :

The Group’s accounting policies and disclosures require the measurement of fair values, for financial instruments:-

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability

(f) Principles of consolidation and equity accounting

The consolidated financial statements comprise of financial statements of the Company and its subsidiaries, Associates and joint Venture for which the Company fulfils the criteria pursuant to Ind AS 110 and joint Venture within the scope of Ind AS 112.

Associates :-

Associates are entities over which group has significant influence but not control. Investment in associates are accounted for using the equity method of accounting as per IND AS 28. The investment is initially recognised at cost and carrying value is increased or decreased to recognised the investor's share of the profit or loss in the investee after acquisition date. The Group's investment in associates includes identified on acquisition.

Entity considered for Consolidation

1. Citadel Realty and Developers Ltd - The Company
2. Shree Swami Samarth and Builders Developers - Associates

B. Significant accounting policies :-

1. Lease:-

Operating Lease

As a lessee:-

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract "conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets:-

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

ii) Lease Liabilities:-

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term.

iii) Short-term leases and leases of low-value assets :-

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

2. Cash and Cash Equivalents :-

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, bank overdraft, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3. Inventories :-

Inventories of Finished Goods and Property under development are stated 'at cost or net realisable value, whichever is lower'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing "the inventories to their present location and condition and borrowing cost incurred related to project. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

4. Investments in associates :-

Investments in associates are recognised at cost as per Ind AS 27. Except where investments accounted for at cost shall be accounted for in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations, when they are classified as held for sale.

5. Investments and other financial asset :-**(a) Classification :-**

The Group classifies its financial assets in the following measurement categories:

- (1) Those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- (2) Those measured at amortised cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

(b) Measurement

At initial recognition, the Group measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Profit and Loss are expensed in the Statement of Profit and Loss.

(i) Debt instruments:

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. The Group classifies its debt instruments into following categories:

- (1) **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.
- (2) **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost are measured at fair value through statement of Profit and Loss. Interest income from these financial assets is included in other income.

(ii) Equity instruments:

The Group measures its equity investment other than in subsidiaries, joint ventures and associates at fair value through profit and loss. However where the Group's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of Profit and Loss

(c) Impairment of financial assets:

The Group measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(d) Income recognition:**Interest income:-**

Interest income from debt instruments is recognised using the effective interest rate method.

Dividends:-

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established.

6. Revenue recognition :-**(i) Construction Revenue :-**

The Group undertakes the business of construction of residential properties through joint venture. The ongoing contracts with customers are construction of residential properties.

The Group has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 01 April 2018. The Company has applied the following accounting policy for revenue recognition:

The Group recognises revenue from contracts with customers for ongoing contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation.

The Group satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

The Group satisfies a performance obligation and recognises revenue over time as company satisfies the following criteria.

1. The Group's performance does not create an asset with an alternative use to the entity and
2. The Group has an enforceable right to payment for performance completed to date

The Group Recognised the revenue using cost based input method. Revenue is recognised with respect to stage of completion, which assessed with reference to the proportion of contract cost incurred for work performed to the estimated total cost of completion of contract.

Consideration is adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company.

Advances from customers, progress payments, amount due from and due to customers and retention money receivable

Advances received from customers in respect of contracts are treated as liabilities and adjusted against progress billing as per terms of the contract

Progress payments received are adjusted against amount receivable from customers in respect of the contract work performed.

Amounts due from contract customers represents the gross unbilled amount expected to be collected from customers for contract work performed till date. It is measured at cost plus profit recognised till date less progress billings and recognised losses when incurred.

Amounts due to contract customers represents the excess of progress billings over the revenue recognised (costs plus attributable profits) for the contract work performed till date.

(ii) Dividend Income :-

Dividend Income is accounted when the right to receive the same is established

(iii) Interest Income or expenses:-

Interest income or expense is accounted basis effective interest rate (EIR).

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

7. Cost of Construction / Development :-

Cost of Construction/Development (including cost of land) includes cost of land, development rights, rates and taxes, construction costs, borrowing costs, other direct expenditure, allocated overheads and other incidental expenses incurred. Cost of sales is charged to the statement of profit and loss in the proportionate to project area sold and revenue whereof is recognised. Costs incurred for projects which have not achieved reasonable level of development is carried over as construction work-in-progress.

8. Borrowing Cost :

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

9. Earnings Per Share :

The Group reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti- dilutive.

10. Current and Deferred Taxes : Current Tax :

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Deferred Tax:

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax liabilities and assets measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively

11. Provisions, Contingent Liabilities and Contingent Assets :

A provision is recognised when the Group has a present obligation as a result of past event and it is probable than an outflow of resources will be required to settle the obligation, in respect of which the reliable estimate can be made. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material) and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates.

12. Operating Cycle :-

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realisation of project into cash & cash equivalents and are in the range of 3 to 7 years. Accordingly, project related assets & liabilities have been classified into current & non-current based on operating cycle of the respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve months

13. Trade receivables :-

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for expected credit loss.

14. Trade and other payables :-

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method

15. Borrowings :-

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit and loss over the period of the borrowings using the effective interest method (EIR). Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

16. Dividends :-

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period

Note 22 :- Disputed Tax Liabilities**Income Tax:-****AY 2005-06 and 2006-07**

The Company was in appeal before Income Tax Appellate Tribunal (ITAT) regarding the re-opening of the Assessments u/s 148 of Income Tax Act, 1961 for the assessment years. The ITAT has in its order quashed the reopening. The Income Tax Department is yet to give effect to the order of the ITAT. For AY 2006-07 the Income Tax Department has filed an appeal against the order of the ITAT before the Hon. Bombay High Court.

During the year, the company has received the notice u/s 148 of the Income Tax Act, 1961 for AY 2017-18. As advised to the Company, the such reopening is beyond the scope and bad in law. Company does not expect any probable cash outflow. Hence, no provision is made.

Indirect tax

The Company has received the best judgement assessment order for Financial Year 2012-12 with demand of Rs. 99,62,500/- by considering the turnover of Financial Year 2011-12. The Company has filed the appeal against such order by paying the applicable fees and matter is yet to be heard.

Note 23:- Lease

The Company has been operating from the premises owned by relatives of Key Management Personnel. During the year, Company had entered into formal agreement for payment of rent on the premises occupied by it. The rental payable per month has been Rs. 2.70/- Lakhs per annum. The lease does not have any non-cancellable portion. Tenure of the lease agreement is valid till 31st March 2022.

The group has elected to use recognition exemption for the lease contract, that at the commencement date, have lease term of 12 months or less and do not contained purchase option (Short term Lease) and lease contract for underlying assets is of low value (Low-value) assets.

Hence, adoption of Ind As does not have any impact on the profitability of the group.

Note 24:- Segment Reporting

The group is engaged in Real Estate. The operations of the company do not qualify for reporting as separate business segments as per the criteria set out under Indian Accounting Standard 108 (IND AS-108) on "Operating Segments". The Company is operating in India hence there is no reportable geographic segment. Accordingly no disclosure is required under IND AS - 108.

Note 25:- Disclosure as per Ind AS 115:-

CSR is not applicable to the holding company as company does not fulfil the criteria given.

Financial instrument Disclosure:-
Note 27:- Capital Risk Management

The group's capital management objectives are:

- to ensure the group's ability to continue as a going concern.
- to maximize the return to stakeholders through the optimization of the debt and equity balance

The group monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position. The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

D) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Future specific market movements cannot be normally predicted with reasonable accuracy.

Currency risk: The group does not have material foreign currency transactions. The company is not exposed to risk of change in foreign currency.

Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's fixed rate borrowings are not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Profit or loss is sensitive to higher/lower interest expense from variable rate borrowings as a result of changes in interest rates. The group has borrowed the fund at fixed rate of interest and thus there is no risk of interest rates fluctuating.

Other price risk:

The group is not exposed to equity price risks arising from equity investments. Equity investments are held for strategic rather than trading purposes. The Company does not actively trade these investments.

II) Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the group result in material concentration of credit risk.

Credit Risk management :-

The group assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: High credit risk

Asset group	Basis of categorisation	Provision for expenses credit loss
A: Low credit risk	Investments, Other bank balances, trade receivables, cash and cash equivalents, loans and other financial assets	12 month expected credit loss/Life time expected credit loss
B: High credit risk	Trade receivables and loans & Advances	12 month expected credit loss/Life time expected credit loss/fully provided for

Based on business environment in which the group operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the group. The group continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

III) Liquidity risk

Liquidity risk refers to the risk that the group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(a) Exposure to liquidity risk
