**THANK
YOU**

THANK YOU

The pandemic has unleashed a new life order upon us.

We are living in an environment of fear and insecurity that's further stressed by our inability to sustain the old normal.

While most of us are adapting the best we can to new protocols of everyday existence, there are some amongst us who have no choice but to look into the apocalyptic eyes of this scourge day after day.

These are the frontline warriors - the doctors and professionals of our healthcare system, toiling selflessly and tirelessly, battling this unprecedented medical emergency hands-on and head-on.

As providers of healthcare, we at Morepen are truly honoured to extend our whole-hearted support to these brave individuals in our own special way.

Above all, the least we can do to show our collective gratitude to all those who are bravely fighting the odds, putting patients first, putting their own lives at risk, putting the nation before their own loved ones, is to say a humble, heartfelt "Thank you!"

**THANK
YOU**

Late Shri K.B. Suri
Founder, Morepen Group

“Life as we know it, is generous in its possibilities but limited in its time frame. Given the predetermined fabric of ordinary existence, too much of our lifetime is spent dwelling in between the quests of ambition and achievements.

When the mind is consumed by material distractions and our obsession for what we don't have, we often forget what we have. We forget to count our blessings. We forget to stop and pay attention to the miracle called life. We forget to live with gratitude.

Gratitude is to be alive to life. It is to be thankful for everything that we have and what we don't ... even to find joy in the smallest things. Consistent gratitude is strongly associated with positive emotions, better health, better adversity management and stronger relationships thus leading to greater happiness and the motivation to achieve goals. So wake up every day and say "Thank you!" to life.”

From the desk of Chairman

Aristotle said, "It's during our darkest moments we must focus to see the light".

COVID-19 is the new dark reality that's descended upon us. The pandemic has dealt a crushing blow to life as we knew it and left humankind struggling to cope with the dynamics of an unprecedented existential crisis. But even under these trying circumstances, individuals continue to demonstrate what dauntless spirit and selfless commitment can achieve.

When COVID-19 brought the whole world to a standstill and the going got tough, we at Morepen decided to keep ourselves going. With all safety protocols in place, we prepared ourselves to deliver in full measure. We also re-oriented our focus to include products that were to emerge as key essentials in the management and mitigation of COVID-19.

Various new products were launched by the Company's OTC products division in the personal hygiene and protection segment including infrared thermometers, oximeters, sanitizers, disinfectant solutions, masks and gloves, among others. Their timely launch helped mitigate the negative impacts of COVID-19 and subsequent lockdowns to a great extent.

Addressing situational challenges with our sincerity of purpose, diligence and commitment delivered unexpected dividends. The Company achieved good growth and sailed smoothly through the difficult business challenges posed by COVID-19 clocking double-digit growth in its sales and net profit in FY 2019-20.

This year too, our journey of pharmaceutical innovation to enhance the experience of life for all with cost-effective, high-quality healthcare products remained inspirational and exhilarating. I am grateful to all our stakeholders, suppliers and my colleagues for their sustained support even through these difficult times.

Thousands of frontline health workers battling the contagion are outstanding examples of man's incredible resilience in the face of crisis. Undoubtedly, they deserve all our whole-hearted support and utmost gratitude. I have no doubt that each member of the Morepen family is one with me in dedicating our efforts as a collective "Thank You!" to all our frontline health workers and the medical fraternity for their invaluable role in breaking COVID's run and for their incomparable efforts in alleviating the misery of humanity with compassion and care.

The Branded Prescription (Rx) products with annual sales revenues of ₹4,063.62 Lakhs have recorded handsome revenue growth of 19% during the period under review. Under the Branded Prescription (Rx) product category, the top three therapeutic categories namely Antibiotics, Gastroenteritis and Vitamins contributed ₹3,110.32 Lakhs to branded formulation business, against ₹2,588.83 Lakhs added in previous year.

DIVIDEND

For the year under review, the Directors do not recommend any dividend due to absence of distributable surplus.

RESERVES

Standalone net profit after tax of ₹3,233.31 Lakhs is carried forward to the Retained Earning. During the year under review, no amount was transferred to the General Reserve.

DEPOSITS

Your Company has not accepted any deposits from the public, during the year under review, within the meaning of Section 73 of the Companies Act, 2013 ('the Act') read with the Companies (Acceptance of Deposits) Rules, 2014, and no amount of principal or interest on deposits from the public was outstanding as on the date of Balance Sheet.

During the financial year ended 31st March, 2010, the company had allotted 9,24,90,413 Equity Shares to the fixed deposit holders in settlement of their fixed deposit dues pursuant to the Scheme of Arrangement & Compromise under Section 391 of the Companies Act, 1956, approved by the Hon'ble High Court of Himachal Pradesh, Shimla vide its order dated 4th August, 2009.

The Central Government filed an appeal against the aforesaid order of the single judge, before Division Bench of Himachal Pradesh High Court, at Shimla which vide its order dated 14.09.2010 allowed the appeal, inter-alia, set aside the order passed by the single judge dated 04.08.2009 and remanded the matter back to the single judge for deciding the petition afresh.

The company filed a civil appeal in the Hon'ble Supreme Court of India against the order of the Hon'ble High Court dated 14.09.2010. The Hon'ble Supreme Court disposed of the aforesaid appeal on 14.01.2011 and remitted the matter to the single judge for adjudication and requested the single judge to decide the matters within two months.

In the meantime, pursuant to Rule 3 of the Companies (Transfer of Pending Proceedings) Rules, 2016, the matter was transferred from Hon'ble High Court of Himachal Pradesh to the National Company Law Tribunal ('NCLT'), Chandigarh.

After hearing the matter, the NCLT, Chandigarh, vide its judgment dated 12.03.2018, ordered the cancellation of Equity Shares allotted to the fixed deposit (FD) holders (except to those FD holders who have since traded/transferred their shares) and pay the outstanding fixed deposit dues to such FD holders.

An appeal filed by the company before Hon'ble National Company Law Appellate Tribunal (NCLAT), New Delhi against the aforesaid NCLT order, was set aside, which vide its order dated 23.07.2019 upheld the impugned NCLT, order dated 12th March, 2018.

In compliance of the Hon'ble NCLT, Chandigarh, order dated 12.03.2018, the company informed all the eligible shareholders (erstwhile FD holders), holding the Equity Shares as originally allotted to them under the 391 Scheme for surrendering their shares for the cancellation and payment of fixed deposit dues as per the aforesaid NCLT order.

In response to the individual notice sent to each eligible fixed deposit holder, advertisements placed in the newspapers and notice being placed on the website of the company, for tendering of their equity shares with the company, for the cancellation and payment of FD dues in lieu thereof.

Out of 31,109 fixed deposit holders holding 3,85,65,081 Equity Shares, 228 fixed deposit holders holding 2,66,413 Equity Shares, approached the company for the cancellation of equity shares and payment of FD dues in lieu thereof.

After verifying the documents submitted by these FD holders, the company paid all these FD holders, their fixed deposit dues and has approached the stock exchanges and depositories for the cancellation of these shares, against which payments has been done till 31st March, 2020.

Though, the Hon'ble Tribunal had granted three months' time to complete aforesaid process, however, the Board of Directors ('the Board') of the company taking a lenient view has granted a period over ten months for the completion of the process of cancellation of equity shares and refund of FD dues.

Additionally, keeping in view of interest of those FD holders, who are eligible for cancellation of equity shares issued and refund of their FD dues along-with interest due thereon and has not yet surrendered their shares for cancellation, the Board of Directors of the Company, in order to conclude the process by 30.09.2020, has decided to give another opportunity to those eligible FD holders by sending individual letters to FD holders by registered post/ speed post and send letters on their registered e-mail address. In this regard, a general notice was also published in two newspapers i.e., in vernacular and English language on 27.07.2020.

- Feed water temperature of boiler increased by 12 degree Celsius resulting in 2% lower fuel consumption in the boiler.
- Hot water generation system installed with recovery of condensate water and direct steam injection in the tanks is replaced with the above system.
- Automation has been incorporated in some of the utilities and plant equipment's.
- Installation of high efficiency agitator in the reactors.
- Replacement of Worm reduction gearboxes with Helical Gearboxes.

2) Impact of measures taken:

- Reduction in power consumption by 3%/kg of productivity.
- Reduction in fuel consumption by 3%.
- Reduction in our overall energy bill, power & fuel by around 3%/kg of productivity.
- Reduction in solvent consumption by around 5%.
- Reduction in time cycle by around 15%.

3) Steps taken for utilizing alternate source of energy:

- Solar Power plant of 1000KW under consideration.
- Evaluating running of boiler from solvents recovered from our Waste effluent by stripping process.

4) Capital investment on energy conservation equipment:

The Capital investment on energy conservation equipment made during the year is at ₹450.00 Lakhs.

B. TECHNOLOGY ABSORPTION (R&D)
1) Efforts made towards technology absorption:

The company continues to carry out innovative process for the manufacture of its APIs and Formulations product portfolio. The company

continues to focus on Research and Development (R&D) activities so as to be formidable player in its areas of operations both for regulated and unregulated markets. The efforts and capital put in R&D activities have been yielded the desired results for the development of robust and safe processes, availability of formulations at affordable cost, development of economic processes for synthesis of new APIs and improving processes for existing APIs and formulation products. The key areas and efforts made towards development/ improvements of technologies of various APIs are as under:

- In respect of scaling up of technology for anti-diabetics, Empagliflozin, its EDMF & USDMF were filed.
- In respect of transfer of technology of amorphous Dapagliflozin & its propanediol solvate in Anti-diabetic category to plant, EDMF & USDMF were filed for Dapagliflozin propanediol. Further USDMF is being planned for Amorphous Dapagliflozin.
- Under anti-diabetic category, the commercialization of Linagliptin took place during the year and its EDMF & USDMF were also filed. Another polymorphic form 'C' is has also been developed as per customer specific requirement. It's USDMF/ CNDMF are also being planned.
- Cost-effective enzymatic process using Green chemistry was commercialized for Ursodeoxycholic Acid in Treatment of primary biliary Cirrhosis category.
- Development and Commercialization of Vildagliptin in Anti-diabetic category from basic Raw Materials.
- Development & Transfer of Technology of Rivaroxaban in Anti-Coagulant category to plant.
- Development & Transfer of Technology of Apixaban in Anti-Coagulant category to plant.
- Development & Transfer of Technology of Ertugliflozin L-Pyroglytamate in Anti-diabetic category to plant.
- Development & Transfer of Technology of Edoxaban Tosylate Monohydrate in Anti-Coagulant category to plant.

- Development & Transfer of Technology of Febuxostat in Anti-Gout category to plant.
- Development of Improved Chemical Entities/ Novel chemical Entities (NCE) is being explored in collaboration with NIPER Mohali.

New Formulations Developed and commercialized in different therapeutic categories

- Vildagliptin 50mg, Vildagliptin 50+ Metformin 500mg, Vildagliptin 50+ Metformin 1000mg tablets developed & commercialized under antidiabetic segment.
- Aspirin 75+Clopidogrel 75 Bi-layered tablets developed & commercialized Under Cardiac segment.
- Aceclofenac 100mg + Thiocholchicoside 4 mg, Etoricoxib 60+ Thiocholchicoside 4 mg tablets developed & commercialized under Pain & Skeletal muscle relaxant category.
- Thiocholchicoside 4mg, Thiocholchicoside 8mg capsules developed & commercialized under Skeletal muscle relaxant category.
- Esomeprazole 40mg tablets developed & commercialized under Antigastric/ antacid category.
- Paracetamol+ Caffeine tablets developed & commercialized under Pain management (Head ache category).
- Aceclofenac 200 mg SR tablet developed & commercialized under pain & inflammation treatment.
- Antioxidant, Lycopene, Vitamins, & minerals capsules (Lycodoc plus) developed & commercialized under Vitamin, Minerals Dietary supplement category.
- Desloratadine tablets 5mg developed & commercialized under antiallergic category.
- Ondansetron 4mg Orodispersible tablet developed & commercialized under antiemetic category.
- Aluminum Hydroxide, Magnesium Hydroxide, simethicone, Oxetacaine Antacid suspension developed & commercialized under Antacid & Gastric disorder.
- Concentrated vitamin D3 Solution 400 IU developed & commercialized under Vitamin D supplement.
- IPA 70% Gel based Hand sanitizer developed and commercialized.
- Aluminum, Magnesium & Simethicone 5ml Antacid developed and commercialized under antacid category.

Products developed to be launched under different therapeutic categories:

- Doxofylline 400mg Film coated tablet under Antiasthmatic category.
- Atorvastatin 5mg tablets -additional strengths under antihyperlipedemic category.
- Vitamin D3 Oral solution (Oil based)- under Vitamin D deficiency.
- Metformin ER 750mg Tablets- additional strengths under antidiabetic category.
- Iron with Multivitamin tablets- Under vitamin & Mineral tablets.
- Sugar free tablets-under supplements for diabetic patient.
- Pregabalin 150mg Capsules under neuropathic pain category.
- Coral calcium tablets- under Calcium tablets category.
- Linezolid 100mg/5ml Dry syrup under antibacterial category.
- Leviteracetam 250mg tablet under antipsychotic category.
- Montelukast 4mg & 5mg Chewable tablet under anti asthmatic category.
- Citicholine 500+Methylcobalmin 750mcg tablet under neuroprotective category.
- Tamsulocin 0.2, 0.4mg capsules under antiprostata enlargement category.
- Rivaroxaban tablets 10/15/20mg tablets-under cardiovascular disorder category.

Development under progress:

- Nebivolol 2.5 & 5mg tablets- under antihypertensive segment.
- Nebivolol 5mg + Hydrochlorthiazide 12.5 mg tablet under antihypertensive segment.
- Torsemide 100mg tablet under Diuretic category.
- Cilnidine 5mg, 10mg tablet under antihypertensive segment.
- Vitamin C 500 mg chewable tablet under Vitamin supplement.
- Hydroxychloroquine 200 mg Tablet under Antimalarial/COVID.
- Apixaban 2.5,5mg tablet under cardiac segment.
- Dabigatran Mesilate capsules 75/110/150 mg under cardiac segment.
- Levetiracetam 500 / 1000mg tablets-under anticonvulsant category.

- Montelukast+Desloratadine Syrup (First time in INDIA, Patent has filed in India).
- Aspirin 75+Clopidogrel 150mg Bilayered tablets- Under Cardiac segment.
- Telmisartan 80mg +Amlodipine 5mg bilayered tablets-under antihypertensive segment.
- Esomeprazole 20mg tablets under Antigastric/ antacid category.
- Mefenamic acid 250mg +Dicyclomine 10mg tablets under Pain and Antispasmodic category.
- Etoricoxib 60+ Thiocholchicoside 8mg tablets under pain & skeletal muscle relaxant.
- Calcitriol, Vit K2-7, Caco3 Boron, Zinc tablets- Under vitamin, mineral tablets.
- Atorvastatin 10mg + Aspirin 75mg capsules- under cardiac segment.
- Rosuvastatin 10mg + Aspirin 75mg capsules- under cardiac segment.
- Dapagliflozin propanediol 5/10mg tablets-under cardiac segment.
- Ursodeoxycholic acid 600mg tablet.

2) Benefits derived as a result of Research and Development (R&D) activities:

It has been company's endeavor to improve its processes and product quality with a view to deliver high quality products at affordable price both for its API business as well it consumer facing finished dosages business.

The benefits derived as a result of the above efforts including new product development, product improvement, cost reduction and import substitution etc. are detailed hereunder:

- PCT National phase application of Rosuvastatin Calcium of new polymorph patent was filed in Europe & USA. It has been granted in US as US 10,626,093.
- Indian patent application entitled "Novel Process for Crystalline as well as Amorphous Rosuvastatin Calcium and New Polymorph Thereof" was granted by Indian Patent office as IN329366.
- Montelukast Patent entitled "A Process for Isolation of Montelukast Acid in solid Form" was granted as IN 323853 by Indian Patent Office.
- Patent for Sitagliptin Phosphate Process used for its USDMF was granted to Morepen as IN 317954.

- Indian patent application entitled "Improved Processes for the preparation as well as purification of Atorvastatin Calcium and its Intermediate" was granted as IN 331925 by Indian Patent Office.
- Indian Patent application titled" Process for the preparation of Rupatadine fumarate form A "was filed as IN201911020274.
- Indian Patent application for Loratadine (LN08-L8-LH09 Stage) was filed as IN201911038549.
- Indian Patent application titled "Process for Purification of Apixaban "was filed as IN201911042344.
- Indian Patent application titled "New Acid salts of Sitagliptin, Novel processes thereof & New Polymorphs of Sitagliptin Phosphate" was filed as IN201911043622.
- Indian Patent application titled" Novel processes for the preparation of polymorphic form H3 of Apixaban "was filed as IN202011000968.
- Indian Patent application titled "Improved Process for the Preparation of Vildagliptin "was filed as IN202011000967.
- Indian Patent application titled "New Amine salts of Febuxostat & Novel Processes thereof "was filed as IN202011001119.
- Indian Patent application titled "Improved Process for the Preparation Ertugliflozin L-Pyroglytamate and its Intermediates "was filed as IN202011001308.
- Indian Patent application titled "Improved Processes for the Preparation of Edoxaban Tosylate and its Intermediates "was filed as IN202011009865.
- Indian Patent application titled "Improved Processes for the preparation as well as purification of Vortioxetine Hydrobromide and New Polymorphs thereof "was filed as IN 202011009866.
- Indian Patent application titled" Novel processes for the preparation of crystalline Empagliflozin "was filed as IN202011022352.
- Patent filing (complete specification) entitled A Pharmaceutical Composition in Form of Aqueous Syrup Comprising Desloratadine and Montelukast Sodium".
- Yield improvement and reduction in the input quantities of Raw Materials resulting in cost reduction and economization for various APIs.

- Process/Quality improvements and product up-gradation as per customer requirements.
- Robust formulation with improved Quality of pharmaceutical products via mandatory stability studies of drug product at Formulation Development stage to bring down market complaints to Zero level.
- Cost reduction in different formulations by altering the excipient & solvents without affecting the quality parameters such as: Ondansetron 4 & 8mg Tablets Enalapril maleate tablets 2.5/5.0 & 10mg, Olmesartan 20 & 40mg tablets, Ursodeoxycholic acid 150 & 300mg tablet Pantoprazole 40mg, Pantoprazole 40mg + Domperidone 10mg tablet, Ramipril 2.5 & 5mg Tablet, Atorvastatin 20 & 40mg tablets.

3) Future plan of action:

The company continues to carry on multiple R&D initiatives and is regularly upgrading its capabilities to stay ahead of the demanding market requirements. The R&D work is focused on:

- New drugs like Brexpiprazole & Vortioxetine Hydrobromide in Anti-depressant Category, Vonoprazan Fumarate in Anti-ulcerative Category, Saroglitazar in Anti-diabetic category, Paliperidone in Anti-psychotic Category, Tofacitinib in Anti-Arthritis category, Hydroxychloroquine in Anti-Malarial/ COVID 19 category & Erythromycin & Rifaxamin in Anti-biotic category are being considered for development.

- Commercialization of Vortioxetine Hydrobromide is being planned due to their high demand.
- In-house development of key raw materials of Canagliflozin, Dapagliflozin & Empagliflozin is being planned for cost reduction & process extension for regulation requirement in certain countries such as china.
- Commercialization of Candesartan is planned after its development from basic raw materials.
- To focus on in-house API formulations for domestic and export markets.
- To set up ADL facility for Domestic & ROW market to support Formulation development activities.

4) Imported Technology (imported during last 3 years reckoned from beginning of the financial year)

None.

5) Expenditure incurred on Research and Development (R&D)

The Company has incurred a total expenditure of ₹253.45 Lakhs, in comparison to expenditure of ₹95.48 Lakhs in the previous year (including capital and revenue expenses), towards Research and Development.

ANNEXURE 'G'

MANAGEMENT DISCUSSION AND ANALYSIS
GLOBAL PHARMACEUTICAL SCENARIO

Global pharmaceutical market is expected to grow in the coming years despite recent slowdown in key markets across the globe. The primary reasons include aging, growing population, rising income levels, emerging medical conditions and emergence of new diseases.

The global pharmaceutical industry is expected to touch USD 1.57 trillion by 2023. The growth in this market is predicted on the basis of various factors like market drivers, current & upcoming trends, current growth pattern and market challenges.

North America is expected to retain its leading position in the global pharmaceuticals market with market share of 45.33% in 2023. Europe on the contrary is expected to see a decline in its market share and be worth 20.24% of global pharma industry by 2023. Asia Pacific pharmaceuticals market is expected to retain its second position with a market share of 24.07% in 2023. Latin America and Middle East and Africa (MEA) are expected to retain 7.53% and 2.96% market share of global pharmaceuticals market in 2023.

This growth is fuelled by the growing and ageing population in key markets. As per World Population Prospects by United Nations, the worldwide population is likely to cross 9.3 billion by 2050 and around 21% of this population is expected to be aged 60 and above. Apart from ageing and rising population, the improvements in purchasing power and access to quality healthcare and pharmaceuticals to poor and middle-class families worldwide also is driving the growth of global pharma industry. Another aspect which is leading this growth is rising focus of pharmaceuticals companies to tap the rare and specialty diseases market. Innovations in advanced biologics, nucleic acid therapeutics, cell therapies and bioelectronics & implantable has attracted investments in the industry by even non-pharma companies like Facebook, Qualcomm etc. which is also driving the global pharmaceuticals industry growth.

On the other hand, adoption of cost control policies along with tightening of rules by governments in key markets are expected to impact the growth prospect of the global pharmaceuticals industry. Pharmaceuticals companies are forced to reduce their research and development (R&D) spending due to slowdown of growth in last few years which is also expected to hamper growth of the global pharma market as new drugs revenue form large part of pharma firm's revenue due to exclusivity of the drug. Apart from these generics pharma market is facing decreasing return on investment due to price erosion in key markets which is forcing many firms to look for other avenues and markets to sustain growth.

COVID-19: IMPACT ON PHARMACEUTICAL BUSINESS

The disruptive effects of the coronavirus COVID-19 have placed enormous strain on the global supply of medical products, increasing the risk of shortages.

Although production across various industries and regions in China has been gradually resuming since late February, U.S. pharmaceutical and medical device manufacturers, which heavily source directly and indirectly from China, were exposed to high risks in supply shortages. These risks were due primarily to limited operational capacity in China and prioritization on resumption of production.

In the United States, approximately 72% of active pharmaceutical ingredients (APIs) are foreign-sourced. Production in China (which manufactures 13% of U.S. medical products), for instance, were significantly curtailed as the country strived to contain the outbreak. India supplies about 40% of over-the-counter and generic prescription drugs to the United States and depends, in turn, on China for about 80% of APIs and chemical intermediates essential for production. China also ranks first among countries that export medical devices to the United States, making the supply of medical products in the U.S. vulnerable when suppliers' production in China is disrupted unexpectedly.

DOMESTIC PHARMACEUTICAL MARKET

The Indian pharma industry is now at the cusp of developing new molecules for treatment of various medical conditions. Many Indian firms already have molecules in clinical trials. Developing new drugs costs huge resources and the government needs to provide the conditions for sufficient profits for investment in new molecules while holding the firms accountable for producing new drugs for India and the world.

Currently Indian pharmaceuticals companies occupy almost 85% of domestic pharmaceuticals markets against 5% share held five decades ago. Over this period Indian firms have been successful both in terms of both meeting the domestic needs as well as building a leading position in the global pharmaceuticals landscape. India already contributes over 20% by value to the global generics market, with Indian products contributing over 40% of US drugs by volume.

The Indian pharma industry has been growing steadily for the past few years. The industry in India is worth about \$37 billion, with exports accounting for about \$18 billion. Indian pharmaceutical sector is expected to grow to \$100 billion and medical device market expected to grow \$25 billion by 2025. Pharmaceutical exports include bulk drugs, intermediates, drug formulations, biologics, Ayush & herbal products and the surgical.

The US FDA approved total 837 ANDAs in 2019 as compared to 813 in the previous year. Total tentative approvals were at 165 in 2019 as against 194 in 2018. Indian pharma companies secured 40% of total final ANDA approvals in 2019 and 49% of total tentative approvals.

The US FDA approved total 5,768 ANDAs during last decade i.e. 2010-2019 and 1,351 tentative approvals. Indian companies remained dominant and grabbed over 35% approvals. With higher approvals, Indian players were able to launch new products in leading

market like US & Europe. Indian companies have given tough time to major international players by launching affordable products in these markets.

India's biotechnology industry comprising biopharmaceuticals, bio-services, bio-agriculture, bio-industry and bioinformatics is expected to grow at an average growth rate of around 30% a year and reach \$100 billion by 2025.

The prices of medicines in India are amongst the lowest in the world, partly because of very high competition in the domestic markets. The low prices make the drugs acceptable everywhere in the world. With quality that is enforced by the USFDA which has a reputation for top-notch standards; India will be able to supply quality medicines at low prices.

The COVID-19 crisis provides an opportunity to the Indian pharmaceutical industry to play an even more important role in global healthcare. There is a potential opportunity for India to truly play the role of 'pharmacy of the world'. How can the pharmaceuticals industry in India use the opportunity to leapfrog into the future using the impetus provided by COVID-19, is an important aspect, requiring careful consideration.

MOREPEN'S STRATEGY
ACTIVE PHARMACEUTICAL INGREDIENTS (API)

The company is having significant presence in the fields of Anti-histaminic, Anti-asthmatic, Anti-hypercholesterolemia, Anti-hypertensive & Anti-diabetic drugs and has been servicing customers both in export as well as domestic markets from many years. The Candesartan Cilexetil and Olmesartan Medoxomil DMF filing is slated during the current calendar year. The USDMFs for latest and already commercialized anti-diabetic drugs of 'gliptin' series i.e. Saxagliptin Hydrochloride, Sitagliptin phosphate & Linagliptin were filed during the current year. The USDMF filing for another commercialized products under this category i.e. Vildagliptin & Alogliptin Benzoate has been planned for the current calendar. Two new products in the latest anti-diabetic 'gliflozin' series i.e., Dapagliflozin Propanediol & Empagliflozin have been commercialized & their USDMF were also filed. The USDMF filing of Amorphous Dapagliflozin is planned for the current year. Morepen has also developed Ertugliflozin, another new drug of this series, and its technology has been transferred to plant as it seems to have good market potential. The company has also developed Anhydrous Sitagliptin Phosphate and Linagliptin Form C for their early launch in various markets and their USDMF filing is planned for the current year. These valuable additions would make 'Morepen' very strong in Anti-histaminic, Anti-asthmatic, Anti-hypercholesterolemic & Anti-diabetic drugs. The new product additions in aforesaid new categories are expected to bring additional business to the Company.

Apart from this, another complex molecules 'Ursodiol' or Ursodeoxycholic acid, for treatment of primary biliary cirrhosis, has been commercialized by enzymatic technology as a green chemistry initiative.

The collaborative project is also going on with NIPER Mohali for use of enzyme catalyst for cost effectiveness for the synthesis of intermediates of various APIs such as Atorvastatin Calcium, Rosuvastatin calcium & Sitagliptin Phosphate as a step forward towards green chemistry initiative to be eco-friendly.

The company is world leader in Loratadine produced in its USFDA approved Masulkhana as well as Baddi facility. The company has achieved leadership position; of being one of the largest suppliers of block buster drugs i.e. anti-asthmatic drug, Montelukast Sodium produced in its USFDA approved Masulkhana facility along with Desloratadine, another anti-histaminic drug.

The company continues to be a prominent player in commercial production of block buster drugs Atorvastatin calcium, Rosuvastatin calcium of anti-hypercholesterolemic series, Fexofenadine Hydrochloride of anti-histaminic series, Olmesartan & Candesartan of anti-hypertensive series & their intermediates produced in its USFDA approved Baddi facility. Another block buster drugs Sitagliptin, Saxagliptin, Linagliptin, Vildagliptin, Alogliptin of 'Gliptin' series and Empagliflozin, Dapagliflozin Propanediol, Amorphous Dapagliflozin, Canagliflozin Hemihydrate of 'Gliflozin' series are also produced in the Baddi facility to cater the requirement of various customers for formulation development and for the patent free countries.

Morepen has recently developed Apixaban, Rivaroxaban, Edoxaban Tosylate of new therapeutic category i.e. Anti-Coagulant in which drugs like Apixaban & Rivaroxaban are among the top 10 selling drugs in 2017 & 2018 and their USDMF filing is planned for the current year. Morepen has also focusing on another new therapeutic category i.e. Anti-Depressant and drugs like Vortioxetine Hydrobromide, Brexpiprazole are in advance stage of development in the R&D. Another molecule Febuxostat of Anti-Gout category has also been developed and is ready for commercialization.

Morepen was granted Five process/ polymorph patents for Montelukast, Rosuvastatin, Atorvastatin and Sitagliptin during the year. Morepen has filed Nine new patent applications for Novel processes/ New Polymorphs for Vortioxetine Hydrobromide, Linagliptin, Crystalline Empagliflozin, UDCA, Rivaroxaban, Apixaban, Sitagliptin, Rupatadine and Loratadine

FORMULATIONS AND HOME HEALTH DIAGNOSTICS

Your company has recorded handsome growth in home diagnostics devices business even though formulation business recorded a drop in revenues during the year. The devices business recorded a growth of 20% against last year revenues whereas Formulation business has recorded a drop of 10% in its annual revenues. The Blood Gluco monitoring business grew up by 29% whereas Blood Pressure monitoring recorded growth of 10%. The company has cumulatively sold 425 million Gluco Strips as on close of current year. Gluco monitors installations

have cross 3.3 million as on date. Despite lockdown in last two weeks of March 2020, the devices business recorded did not suffer any loss of sales during the month. However branded formulation business did lost some sales on account of lockdown in the month of March 2020.

The Diagnostics Devices business has been making rapid growth over last many years and has recorded a compounded annual growth rate (CAGR) of around 28% during last 5 years. The company in its quest to be self-reliant and with a view to fulfill government vision to make in India all the products has started in house manufacture of Stethoscope along with Blood Glucose Monitors and strips. The company has also started production of Thermometers and Pulse Oximeter and also plans to start production of Nebulizers in the near future. The company has become self-reliant in the production of glucometers and strips. It had saved foreign exchange worth \$3 million during the current year. Further in house production of Glucometer strips was started last year is bearing fruits. The company has taken up in house manufacturing nebulizers and Thermometers.

The branded formulation business and the home devices business has been gaining traction over the years and hold good fortune in the coming years. The customers continue to repose confidence in our branded product portfolio and the company hopes to record better numbers in the coming years.

BRAND SHARING AND PRODUCT CONTRACT MANUFACTURING (PCM)

The brand sharing and contract manufacturing business though doing good over last many years have not been able to keep pace during the year and recorded a drop of 18% over last year revenues. Last two weeks revenues were lost due to imposition of curfew on account of COVID-19. Your company has been present across most of the therapeutic areas due to its brand image and quality product delivery.

On account of tie-up with Vésale Pharma International, the company has made some in roads in the Probiotics market in India.

The company is expanding its presence across various products and is getting better recognition year after year.

OPPORTUNITIES AHEAD

The worldwide population is likely to cross 9.3 billion by 2050 and around 21% of this population is expected to be aged 60 and above. Apart from ageing and rising population the improvements in purchasing power and access to quality healthcare and pharmaceuticals to poor and middle-class families worldwide also is driving the growth of global pharma industry.

Further, medicine spending in India is projected to grow 9-12 % over the next five years, leading India to become one of the top 10 countries in terms of medicine spending. Going forward, better growth in domestic sales would also depend on the ability of companies to align their product portfolio towards chronic therapies for diseases such as cardiovascular, anti-diabetes, anti-depressants and anti-cancers that are on the rise.

There is an opportunity for the Indian pharmaceutical industry to play a larger role in ensuring global drug supply-security, and potential financial incentives can play a significant role in making this happen. This is, of course, subject to the availability of essential medicines in India at a reasonable cost.

Going forward, India's self-reliance in pharmaceutical manufacturing can be further enhanced by providing incentives / support to API and Intermediates/KSM manufacturing such as provision for SEZ's for manufacturing bulk drugs.

The industry has already taken some significant steps during the COVID-19 crisis by providing drugs to many friendly countries. This initiative can be made much more broad-based by launching a structured export-incentive plan for Indian pharmaceutical manufacturers, to promote greater supply of drugs to global markets in the medium term.

The government can boost Indian pharma R&D by implementing streamlined and accelerated regulatory and testing pathways for all drugs (including those for Covid-19). The increase in overall innovation/R&D can provide a long-term thrust to Indian pharmaceuticals.

Morepen is thinking out of box and targeting totally different segment of drugs, with consideration of Elagolix Sodium in GnRH Antagonist Category, Vortioxetine Hydrobromide & Brexpiprazole in anti-depressant category for R&D development. Other drugs, Vonoprazan Fumarate in Anti-ulcer category, Saroglitazar in Anti-diabetic Category, Tofacitinib Citrate in Anti-Arthritis category, Paliperidone Palmitate in Anti-Psychotic category, Hydroxy-chloroquine Sulphate in Anti-Malarial/ COVID-19 category, Azithromycin & Rifaximin in Anti-Biotic category are also considered as future pipeline.

OUTLOOK ON THREATS, RISKS AND CONCERNS

Indian medicine prices are already amongst the lowest in the world. In addition, research evidence based on data from 2011-2018 for 108 molecules suggests that price control has not increased access and affordability. There is, thus, a need to fine-tune the drug pricing policy to generate enough surpluses to invent new molecules while keeping the price levels reasonable with the objective of providing affordable healthcare.

The adoption of cost control policies along with tightening of rules by governments in key markets are expected to impact the growth prospect of the global pharmaceuticals industry. The pharmaceuticals companies are forced to reduce their research and development (R&D) spending due to slowdown of growth in last few years which is also expected to hamper growth of the global pharma market as new drugs revenue form large part of pharma firm's revenue due to exclusivity of the drug. Apart from these generics pharma market is facing decreasing return on investment due to price erosion in key markets which is forcing many firms to look for other avenues and markets to sustain growth.

For the increase the domestic production of diagnostics devices, the government needs to launch targeted

financial incentives to promote the manufacturing of diagnostic kits and other medical devices – especially given that the raw material for manufacturing of these devices is heavily dependent on imports. This is also an opportunity to bring a much larger proportion of manufacturing of APIs back into India, so that the country is not dependent on imports of critical inputs.

The real focus of attention for the pharmaceutical industry is on how to respond to that sudden demand changes as well as to changes in the production and distribution network of various pharmaceutical products. Out-of-stock products are a serious issue for consumers, but the bigger question is how pharmaceutical manufacturers will be able to maintain their sales chain in the face of more long-lasting demand than those brought about by a sudden spike in demand due to COVID-19.

As a consequence of COVID-19, the pharmaceutical industry has been simultaneously experiencing an acceleration in growth and a supply bottleneck. While the demand for and development of medicines has not slowed, the crisis is limiting the access to ingredients that usually come from China and India.

This is causing a gap that could alter the distribution chain and manufacturing model in a radical way. Pharma brands based in Europe and the United States will need to begin to consider establishing their own factories and plants closer to home in order to ensure access to raw materials in the event of another crisis situation.

Already, the prices of certain drugs have shot up and the possibility of an impact on volumes, as well as margins, remains high.

Further it may also be noted that 2019 was a particularly harsh year from the US Food and Drug Administration (FDA) for Indian pharma firms. About 19 plants received official action-indicated status and warning letters from FDA. While this seems to be continuing this year, it puts revenues from the US at risk. The growth in US business depends on how quickly these issues are resolved.

1. Governance related to BR

a) Indicate the frequency with which the Board of directors, Committees of the Board or CEO to assess the BR performance of the company. Within 3 months, 3-6 months, annually, More than 1 year.

Annually

b) Does the company publish a BR or a sustainability report? What is the hyperlink for viewing this report? How frequently it is published?

The company's Annual Report includes Business Responsibility Report. The copy of the same is available on the website of the company i.e., www.morepen.com.

Section E: Principle – Wise Performance

Principle 1: Ethics, Transparency & Accountability

The company believes that while implementation of the minimum framework is a pre-requisite, superior governance practices are vital for growing a sustainable and successful business. This has helped the company to gain the trust and confidence of all its stakeholders. The company has built its business practices on the three inviolable principles of ethics, transparency and accountability.

1. Does the policy relating to ethics, bribery and corruption cover only the company? Yes / no. does it extend to the Group /Joint Ventures / suppliers /Contractors /NGOs/ others?

Yes, the policy relating to ethics, bribery and corruption extends beyond our employees, both whole-time and independent directors and covers our subsidiary companies. While contracts with our suppliers, contractors and business partners include adherence to our principles concerning ethics. The company is also preparing a separate code of conduct being adhered to by its suppliers and service providers.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

The company encourages all its stakeholders to freely share their concerns and grievances. The company has received nil complaints from various stakeholders during the year 2019-20.

Principle 2: Products Life Cycle Sustainability

Drug's product quality and safety are the fundamental

principles of the company. The company strives to provide goods and services that are safe and contribute to sustainability throughout their lifecycle.

1. (a) List of your products or services whose design has incorporated social or environmental concerns, risks and/ or opportunities.

The company continuously strives for sustainability by strengthening the processes to minimize the environmental load, understanding risk to the environment and to human health arising from environment and promoting green processes by strategic design of technologies and integrating with updated guidelines.

Following products help to address social or environmental concerns in their design:

I. **Loratadine** is an antihistamine that reduces the effects of natural chemical histamine in the body. Histamine can produce symptoms of sneezing, itching, watery eyes, and runny nose. Loratadine is used to treat sneezing, runny nose, watery eyes, hives, skin rash, itching, and other cold or allergy symptoms.

Process of production of Loratadine chemically known as 8-chloro-11-(1-ethoxycarbonyl-4-piperidylidene)-6, 11-dihydro-5H-benzo [5, 6] cycloheptal [1, 2B] pyridine has been described. The process comprises reacting 2-Cyano-3-(3-chlorophenethyl) pyridine with N-Methyl-4-chloropyridine in cyclic aliphatic ether followed by cyclization & dehydration to get N-Methyl Desloratadine which on reaction with Ethyl chloroformate to give Loratadine by conventional methods This process provides higher yields with desired quality of Loratadine with minimum generation of waste.

II. **Montelukast** sodium is a leukotriene (loo-koe-TRY-eeen) inhibitor. Leukotrienes are chemicals that human body releases when breathe in an allergen (such as pollen). These chemicals cause swelling in your lungs and tightening of the muscles around your airways, which can result in asthma symptoms. Montelukast is used regularly to prevent the wheezing and shortness of breath caused by asthma and decrease the number of asthma attacks. Montelukast is also used before exercise to prevent breathing problems during exercise (bronchospasm).

Montelukast Sodium is produced using an improved process developed in the company's R&D centre for the preparation of highly pure Montelukast sodium with high yield through highly pure diol intermediate and Cyclopropyl Thio side chain compound. The process involves the preparation of Montelukast Acid in solid form and final stage Montelukast Sodium by complete recovery of solvent under vacuum to save solvent and prepare highly pure Amorphous Montelukast Sodium as per Morepen's own granted patent in US, Europe, Canada & India. The process is designed in such a way so as to minimize the residual solvents and wastes.

III. **Atorvastatin & Rosuvastatin** are used along with a proper diet to help lower "bad" cholesterol and fats (such as LDL, triglycerides) and raise "good" cholesterol (HDL) in the blood. It belongs to a group of drugs known as "statins." It works by reducing the amount of cholesterol made by the liver.

Atorvastatin calcium production includes coupling of Diketone intermediate & Amino side chain to get diprotected Atorvastatin which is deprotected in acid/ basic medium in aliphatic alcohol solvent followed by purification and recrystallization to get Crystalline Form I or Amorphous Atorvastatin calcium by respective process designed in such a way to minimize the residual solvents or wastes. Also Morepen is looking ahead towards its technical collaboration with Cambrex Germany for development of various chemoenzymatic/biological methods for synthesis of Atorvastatin key intermediates which are being currently imported from China. These green chemistry initiatives will ultimately lead to eco-friendly industrial method for synthesis of Atorvastatin calcium crystalline as well as amorphous.

4-(4-fluorophenyl)-6-isopropyl-2-[(N-methyl-N-methylsulfonyl)amino]pyrimidine- 5-yl-methanol and aliphatic side chain are the key intermediate for synthesis of Rosuvastatin calcium. Various New polymorphic forms are developed for Rosuvastatin calcium which are being explored by various customers worldwide for better pharmacokinetic & pharmacodynamic properties. Their patents

are granted to the company in US and India. A highly efficient process is in place which minimize the usage hazardous chemicals/ catalysts.

IV. The traditional oral pharmacological therapy for Type 2 diabetes mellitus (T2DM) has been based on the prescription of Metformin, a biguanide, as first line antihyperglycemic agent world over. It has been demonstrated that after 3 years of treatment, approximately 50 % of diabetic patients could achieve acceptable glucose levels with monotherapy; but by 9 years this had declined to only 25 %. Therefore, the implementation of a combined pharmacological therapy acting via different pathways becomes necessary, and its combination with a compound of the sulfonyleurea group was along decades the most frequently employed prescription in routine clinical practice. Meglitinides, glitazones and alpha-glucosidase inhibitors were subsequently developed, but the five mentioned groups of oral antihyperglycemic agents are associated with variable degrees of undesirable or even severe cardiovascular events. The gliptins also called dipeptidyl peptidase 4 (DPP4) inhibitors are an additional group of anti-diabetic compounds with increasing clinical use. Inhibitors of dipeptidyl peptidase 4 (DPP-4 inhibitors or gliptins) are a class of oral hypoglycemics that block the enzyme dipeptidyl peptidase-4 (DPP-4). They can be used to treat diabetes mellitus type 2. The first agent of the class – sitagliptin – was approved by the FDA in 2006. Glucagon increases blood glucose levels, and DPP-4 inhibitors reduce glucagon and blood glucose levels. The mechanism of DPP-4 inhibitors is to increase incretin levels (GLP-1 and GIP), which inhibit glucagon release, which in turn increases insulin secretion, decreases gastric emptying, and decreases blood glucose levels.

The company has taken a giant leap in anti-diabetic category by developing many of the key drugs in this category like Sitagliptin, Saxagliptin, Linagliptin, Vildagliptin & Alogliptin. The mechanism of action of all the drugs in body is the same. Morepen has successfully developed novel as well as ecofriendly processes for the preparation

thereof. The processes have been streamlined in such a way to minimize the cost as well as effluents, whether solid, liquid or gaseous. We are looking forward to our technical collaboration with National Institute of pharmaceutical education & Research (NIPER) & Cambrex Germany for chemoenzymatic method of synthesis of various key intermediates of gliptin drugs. We are also working on the regeneration of key costly catalysts like rac-BINAP & Josiphos used in the synthesis of Sitagliptin in NIPER.

V. Sodium-glucose co-transporter 2 (SGLT2) inhibitors, also called gliflozin drugs, are a new class of diabetic medications indicated for the treatment of type 2 diabetes. They have also been found to show cardiac benefits in patients with diabetes, and are being studied for possible use in type 1 diabetes. They work by reducing the absorption of glucose via the kidneys so that excess glucose is excreted through urination. In conjunction with exercise and a healthy diet, they can improve glycemic control. They have been studied alone and with other medications including Metformin, Sulfonyleureas, Nizagara 100, Pioglitazone, and Insulin. We manufacture various gliflozin in this class such as Dapagliflozin, Empagliflozin, Canagliflozin & Ertugliflozin. The process & chemistry involved therein is quite similar using a key intermediate namely, 2,3,4,6-Tetrakis-O-trimethylsilyl-D-gluconolactone. A highly concise methods are being used to develop these new drugs so as to minimize the waste and usage of green solvent or class III solvents is solicited in each of gliflozin drug. Since molecules are chiral, further possibilities of chemoenzymatic methods is also being explored to make process totally green / ecofriendly.

VI. **Apixaban & Rivaroxaban** are anti-coagulant medications are use for treatment and preventing blood clots and to prevent stroke in people with nonvalvular atrial fibrillation. Specifically, they are used to prevent blood clots following hip or knee replacement and in those with a history of prior clots. They are used as an alternative to warfarin and does not require monitoring by blood tests. They are taken by mouth. Both are among the largest selling drugs in the world.

A highly concise method is being used to develop these top drugs keeping in mind the low wastage and effluents and high throughput. Also, the feasibility of green solvents usage is being explored to further enhance the process. Most of the side products are easily treated in ETP and are water soluble. No gaseous wastes are generated in the process throughout.

VII. Sartans or Angiotensin II receptor blockers help relax your veins and arteries to lower your blood pressure and make it easier for your heart to pump blood. Angiotensin is a chemical in your body that narrows your blood vessels. This narrowing can increase your blood pressure and force your heart to work harder.

Angiotensin II receptor blockers block the action of angiotensin II. As a result, the medication allows your veins and arteries to widen (dilate). Morepen is also producing two major sartan drugs – **Candesartan & Olmesartan**. Morepen has devised use of typical route of synthesis of both the drugs which not only ensures the synthesis of these drugs with lowest possible effluents but also with nil amount of nitrosamine impurities like N-nitrosodiethylamine (NDEA), N-nitrosodiisopropylamine (NDIPA), N-nitrosoethylisopropylamine (NEIPA) and N-nitroso-N-methyl-4-aminobutyric acid (NMBA).

VIII. The company's medipath division comprises Home Health portfolio includes Glucometer and Automatic Digital Blood Pressure Monitor, Digital weighing scales Body & Foot Massagers, Therapy Range, Nebulizers, Clinical & Digital Thermometers mach. Home Health is one of the pioneers in Blood Monitoring segment and holds the distinction being one of the first to introduce "No coding Blood Glucose Monitoring System" under its brand Gluco One.

(b) Reduction during sourcing / production / distribution achieved since the previous year throughout the value chain?

The company is continuously incorporating/ strengthening controls in the sourcing methodology, manufacturing, safety norms and distribution chain. Same were considered during product development. The system is in place for vendor selection and evaluation

Independent Auditor's Report

To the Members of Morepen Laboratories Limited Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Morepen Laboratories Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1	<p>In the Scheme of Arrangement & Compromise under Section 391 of the Companies Act, 1956 as approved by the Hon'ble High Court of Himachal Pradesh vide its Order dated 4th August, 2009, the Company allotted 9,24,90,413 Equity Shares to the fixed deposit holders in settlement of their dues. The Hon'ble NCLT vide its judgment dated 12th March 2018 dismissed the Company's petition seeking approval of the Scheme and stated that the order will not affect the allotment of the shares to the FD holders who have traded the shares to the third parties or transferred the allotted shares and to the balance FD holders (eligible FD holders), the company shall pay the outstanding amount as per the scheme approved by the Company Law Board (CLB). The appeal preferred by the company against the said order of NCLT, is dismissed during the year by Hon'ble National Company Law Appellate Tribunal (NCLAT).</p> <p>Pursuant to implementation of Hon'ble National Company Law Tribunal (NCLT), Chandigarh Order dated 12.03.2018, out of 3,85,65,810 Equity Shares of ₹2/- each issued at a premium of ₹9.32 per share, belonging to 31,109 eligible FD holders, only 228 FD holders holding 2,66,413 equity shares (0.69% of the total shares) approached the company for the cancellation of their shares and they have been paid as per terms of the order by the company till 31.03.2020. (Refer Note No. 13G to the standalone financial statements)</p>	<p>Principal Audit Procedures</p> <p>We collected the following documents</p> <ul style="list-style-type: none"> - Scheme approved by the Company Law Board (CLB) dated 19.08.2003 - Scheme of Arrangement & Compromise under Section 391 of the Companies Act, 1956 approved by the Hon'ble High Court of Himachal Pradesh dated 4th August, 2009 - Judgment of Hon'ble NCLT dated 12th March 2018 dismissing the Company's petition seeking approval of the Scheme of arrangement with the Fixed Deposit holders - Copy of order of Hon'ble National Company Law Appellate Tribunal (NCLAT) dismissing the appeal of the company. - Communication with ROC and Stock Exchanges in this regard. <p>We read and analysed the above orders/judgments/communications.</p> <p>The payment to eligible FD holders may impact financials of the company in the coming year/years.</p>

other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for preparation of the other information. The other information comprises the information included in Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the company in accordance with applicable Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the company or to cease the operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedure responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transaction and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factor in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosures about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government in terms of section 143(11) of the Act, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date on the standalone financial statements of Morepen Laboratories for the year ended 31st March, 2020)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Morepen Laboratories Limited** ("the Company") as of 31st March, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial control. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and

their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may

occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

1. COMPANY OVERVIEW AND SIGNIFICANT ACCOUNTING POLICIES

1.0 Company Overview

Morepen Laboratories Limited ("the Company") is a Public limited company incorporated and domiciled in India and has its listing on the BSE Limited and National Stock Exchange of India Limited. The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report. The Company is in the business of manufacturing, producing, developing and marketing a wide range of Active Pharmaceutical Ingredients (APIs), branded and generic formulations and also the Home Health products. The Company has its manufacturing locations situated in the state of Himachal Pradesh with trading and other incidental and related activities extending to both domestic and global markets.

1.1 Basis for preparation of financial statements

These financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, the relevant provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable.

The financial statements are authorized for issue by the Board of Directors of the Company at their meeting held on 22nd June, 2020.

Functional and Presentation Currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

Basis of measurement

These financial statements are prepared under the historical cost convention unless otherwise indicated.

Operating Cycle

Based on the nature of products/activities of the company and normal time between acquisition of assets and their realisation in cash or cash equivalents, the company has determined its operating cycle as 12 months for the purpose of

classification of its assets and liabilities as current and non-current.

1.2 Use of Estimates and Judgements

The presentation of financial statements in conformity with Ind AS requires the management of the company to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported balances of assets and liabilities, disclosures of contingent assets and liabilities as at the date of financial statements and the reported amount of revenues and expenses during the year. Examples of such estimates include provisions for doubtful debts, employee benefits, provisions for income taxes, useful life of depreciable assets and provisions for impairments & others.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to financial statements.

1.3 Property, Plant and Equipment (PPE)

The Company has elected to continue with the carrying value of all its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the transition date pursuant to the exemption under Ind AS 101.

- a) Free hold land is carried at cost. All other items of Property, plant and equipment are stated at cost, less accumulated depreciation. The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected significant costs of decommissioning, less accumulated depreciation and accumulated impairment losses, if any.

Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred.

- b) Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.
- c) Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.
- d) The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

1.4 Intangible Assets and Amortisation

Internally generated Intangible Assets - Research and Development expenditure

Expenditure pertaining to research is expensed as incurred. Expenditure incurred on development is capitalised if such expenditure leads to creation of an asset and/or benefits are expected over more than one period, otherwise such expenditure is charged to the Statement of Profit and Loss.

Expenditure providing benefits for more than one period is amortised proportionately over the periods during which benefits are expected to occur.

Intangible Assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment, if any. The Company determines the amortisation period as the period over which the future economic benefits will flow to the Company after taking into account all relevant facts and circumstances. The estimated useful life and amortisation method are reviewed periodically, with the effect of any changes in estimate being accounted for on a

prospective basis.

1.5 Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

- a) Depreciation on fixed assets is provided on straight-line method at the rates prescribed by the schedule II of the Companies Act, 2013 and in the manner as prescribed by it except assets costing less than `5000/- on which depreciation is charged in full during the year.
- b) Intangible assets are amortized over their respective individual estimated useful life on straight line basis, commencing from the date the asset is available to the company for its use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, etc. The amortization method and useful lives are reviewed periodically at end of each financial year.

1.6 Valuation of inventories

Stocks of raw materials and other ingredients have been valued on First in First Out (FIFO) basis, at cost or net realizable value whichever is less, finished goods and stock-in-trade have been valued at lower of cost and net realizable value, work-in-progress is valued at raw material cost up to the stage of completion, as certified by the management on technical basis. Goods in transit are carried at cost.

1.7 Foreign Currency Transactions / Translations

- i) Transactions denominated in foreign currency are recorded at exchange rates prevailing at the date of transaction or at rates that closely approximate the rate at the date of the transaction.
- ii) Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

- iii) Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.
- iv) Foreign exchange differences recorded as an adjustment to borrowing costs are presented in the statement of profit and loss, as a part of finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.
- v) In case of long term monetary items outstanding as at the end of year, exchange differences arising on settlement / restatement thereof are capitalised as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets. If such monetary items do not relate to acquisition of depreciable fixed assets, the exchange difference is amortised over the maturity period / up to the date of settlement of such monetary items, whichever is earlier, and charged to the Statement of Profit and Loss.

1.8 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

1.9 Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of minimum lease payments at the inception of lease, whichever is lower. Lease under which the risks and rewards incidental to ownership are not transferred to lessee, is classified as operating lease. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the statement of profit and loss over the lease term.

2.0 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

i) Initial Recognition and measurement

On initial recognition, all the financial assets and liabilities are recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability except financial asset or financial liability measured at fair value through profit or loss ("FVTPL"). Transaction costs of financial assets and liabilities carried at fair value through the Profit and Loss are immediately recognized in the Statement of Profit and Loss.

ii) Subsequent measurement

a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss (FVTPL)

A financial asset is measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income.

d) Investments in subsidiaries, joint ventures and associates

The Company has adopted to measure investments in subsidiaries, joint ventures and associates at cost in accordance with Ind AS 27 and carrying amount as per previous GAAP at the date of transition has been considered as deemed cost in accordance with Ind AS 101.

e) Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

iii) Derecognition of financial instruments

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expired.

iv) Fair value measurement of financial instruments

The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

2.1 Impairment of Assets

i) Financial Assets

In accordance with Ind AS 109, the company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

ii) Non-Financial Assets

The carrying amounts of the Company's tangible and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent

of the impairment loss, if any.

The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

2.2 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured.

a) Revenue is recognised at the fair value of the consideration received or receivable. The amount disclosed as revenue is net of returns, trade discounts, Goods and Services Tax (GST).

Provisions for rebates, discount and return are estimated and provided for in the year of sales and recorded as reduction of revenue.

b) Dividend income is accounted for when the right to receive the income is established.

2.3 Interest

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Income from interest is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash

payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

2.4 Income Taxes

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is also recognized in equity or other comprehensive income respectively.

Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets and liabilities are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and

liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

Pursuant to Taxation Laws (Amendment) Ordinance 2019, the company has opted to pay Income Tax as provided under Section 115BAA of the Income Tax Act, 1961.

2.5 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.6 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when

there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non -occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

2.7 Earning per share

Basic earning per share is calculated by dividing the net profit or loss for the year attributable to the equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating the diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as at beginning of the period, unless they have been issued at a later date.

2.8 Employee Retirement benefits

i) Short term employee benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

ii) Post – employment benefits

Defined contribution plans –

Retirement benefits in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund. Payments to defined contribution plans are

recognised as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans -

Gratuity

The company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity payment plan provides for a lump sum payment to the vested employees at retirement, death, incapacitation while in employment or on termination of employment of an amount based on the respective employee's salary and tenure of employment. Vesting occurs upon completion of five years of service.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. Re-measurements comprising of actuarial gains and losses, are recognised in other comprehensive income which are not reclassified to profit or loss in the subsequent periods.

iii) Long – term employee benefits

Leave Encashment

The liability of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method.

2.9 Segment Reporting

The company operates in one reportable business segment i.e. "Pharmaceuticals".

3.0 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

Under the previous GAAP, Preference Shares Capital was treated as part of equity and carried at cost. Redeemable preference shares contain a contractual obligation to deliver cash to the holders. Under Ind As the same is classified as liability. Dividend on cumulative preference shares has accordingly shown as part of finance cost.

A. Preference Shares

The Preference Share Capital of ₹ 11965.20 Lakhs comprises of preference shares amounting to ₹ 11265.20 Lakhs, issued to banks and financial institutions, in satisfaction of their outstanding debt under Corporate Debt Restructuring ('CDR') Scheme during the financial year ending March 2008. The detailed break up is as under -

- I. 97,35,201, 0.01% Optionally Convertible Preference Shares ('OCPS') of ₹100/- each amounting to ₹9735.201 Lakhs
- II. 15,30,000, 0.01% Cumulative Redeemable Preference Shares ('CRPS') of ₹100/- each amounting to ₹1530.00 Lakhs

The aforesaid preference shares are pending for redemption on account of unavailability of distributable profits in terms of Section 55(2) (a) read-with Section 123 of Companies Act, 2013 and its rules made thereunder. The company is exploring suitable options to deal with matter of redemption of outstanding preference shares including issuance of equity shares subject to necessary statutory approvals including approvals of preference shareholders. The majority of preference shareholders are agreeable to the company's aforesaid proposal.

The Hon'ble NCLT vide its judgment dated 12th March, 2018 dismissed the Company's petition seeking approval of the Scheme and stated that the order will not affect the allotment of the shares to the FD holders who have traded the shares to the third parties or transferred the allotted shares and to the balance FD holders (eligible FD holders), the company shall pay the outstanding amount as per the scheme approved by the Company Law Board (CLB). The appeal preferred by the company against the said order of NCLT, is dismissed during the year by Hon'ble National Company Law Appellate Tribunal (NCLAT).</p> <p>Pursuant to implementation of Hon'ble National Company Law Tribunal (NCLT), Chandigarh Order dated 12.03.2018, out of 3,85,65,810 Equity Shares of ₹2/- each issued at a premium of ₹9.32 per share, belonging to 31,109 eligible FD holders, only 228 FD holders holding 2,66,413 equity shares (0.69% of the total shares) approached the company for the cancellation of their shares and they have been paid as per terms of the order by the company till 31.03.2020.</p> <p>(Refer Note No. 13G to the standalone financial statements)</p>	<p>Principal Audit Procedures</p> <p>We collected the following documents:</p> <ul style="list-style-type: none"> - Scheme approved by the Company Law Board (CLB) dated 19.08.2003 - Scheme of Arrangement & Compromise under Section 391 of the Companies Act, 1956 approved by the Hon'ble High Court of Himachal Pradesh dated 4th August, 2009 - Judgment of Hon'ble NCLT dated 12th March, 2018 dismissing the Company's petition seeking approval of the Scheme of arrangement with the Fixed Deposit holders - Copy of order of Hon'ble National Company Law Appellate Tribunal (NCLAT) dismissing the appeal of the company. - Communication with ROC and Stock Exchanges in this regard. <p>We read and analysed the above orders/judgments/communications.</p> <p>The payment to eligible FD holders may impact financials of the company in the coming year/years.</p>

accepted in India, of the state of affairs of the Company as at 31st March, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Consolidated Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for preparation of the other information. The other information comprises the information included in Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the company in accordance with applicable Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the company or to cease the operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedure responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the

standalone financial statements represent the underlying transaction and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factor in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosures about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government in terms of section 143(11) of the Act, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of accounts as required by law have been kept by the

company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of accounts.
- d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act read with relevant rules issued thereunder.
- e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors are disqualified as on 31st March 2020 from being appointed as a director in terms of section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - (ii) The Company did not have any long term contracts including derivative contracts.
 - (iii) During the year, the company was not liable to transfer any amount to the Investor Education and Protection Fund.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date on the standalone financial statements of Morepen Laboratories Limited for the year ended 31st March, 2020.)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) According to the information and explanation given to us, the Company has a regular program of physical verification of its fixed assets. In our opinion, the frequency of physical verification is reasonable having regard to the size and the nature of its assets. As, informed to us, the discrepancies noticed on such verification are not material and have been properly dealt with in the books of accounts.
- (c) According to the information and explanations given to us and on the basis of our examination of the books of accounts, the title deeds of immovable property are held in the name of the Company.
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
- (iii) According to the information and explanations given to us, the company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013 (the "Act"). Hence provision of this clause is not applicable.
- (iv) According to the information and explanations given to us and based on audit procedures performed, we are of the opinion that in respect of loans, investments, guarantees and security, the company has complied with the provisions of section 185 and 186 of the Act.
- (v) Pursuant to implementation of Hon'ble National Company Law Tribunal (NCLT), Chandigarh Order dated 12.03.2018, out of 3,85,65,810 Equity Shares of ₹2/- each issued at a premium of ₹9.32 per share, belonging to 31,109 eligible FD holders, only 228 FD holders holding 2,66,413 equity shares (0.69% of the total

shares) approached the company for the cancellation of their shares and the company is making payments as per terms of the order. (Refer Note No. 13G to the standalone financial statements).

- (vi) We have broadly reviewed the books of accounts maintained by the company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act in respect of the company's products to which the said rules are made applicable and that prima facie, the prescribed cost records have been made and maintained. However we have not carried out detailed examination of the records with a view to determine whether these are accurate and complete.

- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the company, during the year, the company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income tax, service tax, duty of custom, value added tax, goods and services tax (GST), cess and any other applicable statutory dues to the appropriate authorities.

According to the records and information and explanations given to us, the following statutory dues were in arrears as on March 31, 2020 for a period of more than six months from the date they became payable-

Nature	Year	Outstanding since	Amount (Rs.)
Fringe benefit tax	A.Y. 2009-10	31.03.2011	10,28,025

- (b) According to the records and information and explanation given to us there are no dues in respect of Income tax, Sales tax, VAT, Service-tax, Custom duty, cess outstanding as at March 31, 2020 due to any dispute.

- (viii) According to the information and explanations given to us by the management, the company has not made any default in the repayment of loans or interest to Banks/FIs. However, the preference shares issued to Banks/FIs have not been

redeemed. (Refer Note No. 18 of standalone financial statements).

- (ix) According to the information and explanations given to us and based on our examination of the records of the company, the company did not raise any money by way of initial public offer or further public offer (including debt instruments) and/or term loan during the year.
- (x) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the company or on the company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- (xi) According to the information and explanations given to us and on the basis of our verification of books of accounts of the company, the company has paid/provided for Managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 of the Act read with Schedule V of the Act.
- (xii) In our opinion and according to information and explanations given to us, the company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the company, transactions with the

related parties are in compliance with sections 177 & 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

- (xiv) According to the information and explanations given to us and based on our examination of the records of the company, the company has not made any preferential allotment or private placement of shares or convertible debentures during the year under review. Accordingly, the provision of clause 3(xiv) of the Order are not applicable to the company.
- (xv) According to the information and explanations given to us and based on our examination of the records of the company, the company has not entered into any non-cash transaction with directors or person connected with them during the year. Accordingly, the provision of clause 3(xv) of the Order are not applicable to the company.

The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

1. COMPANY OVERVIEW AND SIGNIFICANT ACCOUNTING POLICIES

1.0 Company Overview

Morepen Laboratories Limited ("the Company") is a Public limited company incorporated and domiciled in India and has its listing on the BSE Limited and National Stock Exchange of India Limited. The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report. The Company has its manufacturing locations situated in the state of Himachal Pradesh with trading and other incidental and related activities extending to both domestic and global markets. The Company is in the business of manufacturing, producing, developing and marketing a wide range of Active Pharmaceutical Ingredients (APIs), branded and generic formulations and also the Home Health products.

1.1 Basis for preparation of financial statements

These financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, the relevant provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable.

The consolidated financial statements consist of financial statements of Morepen Laboratories Ltd. (parent company) and its three subsidiaries namely Dr. Morepen Ltd., Total Care Ltd., (Domestic Companies) and Morepen Inc. (Foreign Company). Financial statements of foreign subsidiary have been recasted for the purpose of consolidation.

The names of subsidiary companies included in consolidation and parent company's holding therein are as under-

Subsidiary Company	Country of Incorporation	Percentage of Holding (%)
Morepen Inc.	U.S.A.	100
Dr. Morepen Ltd.	India	100
Total Care Ltd.	India	95*

*(Held by Dr. Morepen Limited)

The financial statements are authorized for issue by the Board of Directors of the Company at their meeting held on 22nd June, 2020.

Functional and Presentation Currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

Basis of measurement

These financial statements are prepared under the historical cost convention unless otherwise indicated.

Operating Cycle

Based on the nature of products/activities of the company and normal time between acquisition of assets and their realisation in cash or cash equivalents, the company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.2 Use of Estimates and Judgements

The presentation of financial statements in conformity with Ind AS requires the management of the company to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported balances of assets and liabilities, disclosures of contingent assets and liabilities as at the date of financial statements and the reported amount of revenues and expenses during the year. Examples of such estimates include provisions for doubtful debts, employee benefits, provisions for income taxes, useful life of depreciable assets and provisions for impairments & others.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to financial statements.

1.3 Property, Plant and Equipment (PPE)

The Company has elected to continue with the carrying value of all its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the transition date pursuant to the exemption under Ind AS 101.

- a) Free hold land is carried at cost. All other items of Property, plant and equipment are stated at cost, less accumulated depreciation. The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected significant costs of decommissioning, less accumulated depreciation and accumulated impairment losses, if any. Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred.
- b) Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.
- c) Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.
- d) The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

1.4 Intangible Assets and Amortisation

Internally generated Intangible Assets - Research and Development expenditure

Expenditure pertaining to research is expensed as incurred. Expenditure incurred

on development is capitalised if such expenditure leads to creation of an asset and/or benefits are expected over more than one period, otherwise such expenditure is charged to the Statement of Profit and Loss.

Expenditure providing benefits for more than one period is amortised proportionately over the periods during which benefits are expected to occur.

Intangible Assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment, if any. The Company determines the amortisation period as the period over which the future economic benefits will flow to the Company after taking into account all relevant facts and circumstances. The estimated useful life and amortisation method are reviewed periodically, with the effect of any changes in estimate being accounted for on a prospective basis.

1.5 Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

- a) Depreciation on fixed assets is provided on straight-line method at the rates prescribed by the schedule II of the Companies Act, 2013 and in the manner as prescribed by it except assets costing less than ₹5000/- on which depreciation is charged in full during the year.
- b) Intangible assets are amortized over their respective individual estimated useful life on straight line basis, commencing from the date the asset is available to the company for its use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, etc. The amortization method and useful lives are reviewed periodically at end of each financial year.

1.6 Valuation of inventories

Stocks of raw materials and other

ingredients have been valued on First in First Out (FIFO) basis, at cost or net realizable value whichever is less, finished goods and stock-in-trade have been valued at lower of cost and net realizable value, work-in-progress is valued at raw material cost up to the stage of completion, as certified by the management on technical basis. Goods in transit are carried at cost.

1.7 Foreign Currency Transactions / Translations

- i) Transactions denominated in foreign currency are recorded at exchange rates prevailing at the date of transaction or at rates that closely approximate the rate at the date of the transaction.
- ii) Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.
- iii) Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.
- iv) Foreign exchange differences recorded as an adjustment to borrowing costs are presented in the statement of profit and loss, as a part of finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.
- v) In case of long term monetary items outstanding as at the end of year, exchange differences arising on settlement / restatement thereof are capitalised as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets. If such monetary items do not relate to acquisition of depreciable fixed assets,

the exchange difference is amortised over the maturity period / up to the date of settlement of such monetary items, whichever is earlier, and charged to the Statement of Profit and Loss.

1.8 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

1.9 Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of minimum lease payments at the inception of lease, whichever is lower. Lease under which the risks and rewards incidental to ownership are not transferred to lessee, is classified as operating lease. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the statement of profit and loss over the lease term.

2.0 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

i) Initial Recognition and measurement

On initial recognition, all the financial assets and liabilities are recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability except financial asset or financial liability measured at fair value through profit or loss ("FVTPL"). Transaction costs of financial assets and liabilities carried at fair value through the Profit and Loss are immediately recognized in the Statement of Profit and Loss.

ii) Subsequent measurement

a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss (FVTPL)

A financial asset is measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income.

d) Investments in subsidiaries, joint ventures and associates

The Company has adopted to measure investments in subsidiaries, joint ventures and associates at cost in accordance with Ind AS 27 and carrying amount as per previous GAAP at the date of transition has been considered as deemed cost in accordance with Ind AS 101.

e) Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

iii) Derecognition of financial instruments

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expired.

iv) Fair value measurement of financial instruments

The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those

instruments, carrying amount is considered as fair value.

2.1 Impairment of Assets

i) Financial Assets

In accordance with Ind AS 109, the company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

ii) Non-Financial Assets

The carrying amounts of the Company's tangible and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any.

The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

2.2 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured.

- a) Revenue is recognised at the fair value of the consideration received or receivable. The amount disclosed as revenue is net of returns, trade discounts, Goods and Services Tax (GST).

Provisions for rebates, discount and return are estimated and provided for in the year of sales and recorded as reduction of revenue.

- b) Dividend income is accounted for when the right to receive the income is established.

2.3 Interest

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Income from interest is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

2.4 Income Taxes

Income tax expense comprises current tax and deferred tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it

relates to items recognized directly in equity or other comprehensive income, in which case it is also recognized in equity or other comprehensive income respectively.

Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets and liabilities are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

Pursuant to Taxation Laws (Amendment) Ordinance 2019, the company has opted to pay Income Tax as provided under Section 115BAA of the Income Tax Act, 1961.

2.5 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.6 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related

asset is not a contingent asset and is recognised.

2.7 Earning per share

Basic earning per share is calculated by dividing the net profit or loss for the year attributable to the equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating the diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as at beginning of the period, unless they have been issued at a later date.

2.8 Employee Retirement benefits

i) Short term employee benefits

All employee benefits payable/ available within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

ii) Post – employment benefits

Defined contribution plans –

Retirement benefits in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund. Payments to defined contribution plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans –

Gratuity

The company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity payment plan provides for a lump sum payment to the vested employees at retirement, death, incapacitation while in employment or on termination of employment of an amount based on the respective employee's salary and tenure of employment. Vesting occurs upon completion of five years of service.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. Re-measurements comprising of actuarial gains and losses, are recognised in other comprehensive income which are not reclassified to profit or loss in the subsequent periods.

iii) Long – term employee benefits

Leave Encashment

The liability of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method.

2.9 Segment Reporting

The company operates in one reportable business segment i.e. "Pharmaceuticals".

3.0 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

- i) Pursuant to implementation of Hon'ble National Company Law Tribunal (NCLT), Chandigarh Order dated 12.03.2018, out of 3,85,65,810 Equity Shares of ₹2/- each issued at a premium of ₹9.32 per share, belonging to 31,109 eligible FD holders, only 228 FD holders holding 2,66,413 equity shares (0.69% of the total shares) approached the company for the cancellation of their shares and they have been paid as per terms of the order by the company till 31.03.2020. The accounting entries for the cancellation of shares will be effected in the next financial year on the receipt of guidance from stock exchanges and depositories.

The detail about shares pending cancellation is as under -

Number of Equity Shares to be cancelled	266413
Nominal Value of Equity Capital to reduce (₹/Lakhs)	5.33
Premium on the above Equity Shares to be reversed (₹/Lakhs)	24.83
Total Capital and Reserves & Surplus to be reduced	30.16

- ii) The aforesaid sum of ₹30.16 Lakhs, pending reduction of share capital and reserves & surplus, is appearing under head - other current assets. It has insignificant impact on EPS and current assets.
- iii) Looking at the continuous fall in the fresh requests received under the aforesaid NCLT order, for the cancellation of shares, the company expects nominal numbers of fresh request in this regard. In order to take care of the additional liability which may arise in the later years on this account, the company, on the conservative basis, has made a provision during the year for additional 50,000 nos. of equity shares, which may be presented for cancellation in the subsequent periods.

Under the previous GAAP, Preference Shares Capital was treated as part of equity and carried at cost. Redeemable preference shares contain a contractual obligation to deliver cash to the holders. Under Ind As the same is classified as liability. Dividend on cumulative preference shares has accordingly shown as part of finance cost.

B. Preference Share Capital

The Preference Share Capital of ₹11965.20 Lakhs comprises of preference shares amounting to ₹11265.20 Lakhs, issued to banks and financial institutions, in satisfaction of their outstanding debt under Corporate Debt Restructuring ('CDR') Scheme during the financial year ending March 2008. The detailed break up is as under -

- I. 97,35,201, 0.01% Optionally Convertible Preference Shares ('OCPS') of ₹100/- each amounting to ₹9735.201 Lakhs
- II. 15,30,000, 0.01% Cumulative Redeemable Preference Shares ('CRPS') of ₹100/- each amounting to ₹1530.00 Lakhs

The aforesaid preference shares are pending for redemption on account of unavailability of distributable profits in terms of Section 55(2) (a) read-with Section 123 of Companies Act, 2013 and its rules made thereunder. The company is exploring suitable options to deal with matter of redemption of outstanding preference shares including issuance of equity shares subject to necessary statutory approvals including approvals of preference shareholders. The majority of preference shareholders are agreeable to the company's aforesaid proposal.

C. Rights, preferences and restrictions attached to each class of Shares and terms of redemption -

- a) i) The company has preference shares of ₹100/- each. Every preference share holder of the Company shall be entitled to vote on resolutions placed before the Company which directly affect the rights attached to their shares and any resolution for winding up of the Company or for repayment or reduction of capital and their voting right on poll shall be in proportion to their share in the paid-up preference share capital of the Company. However, where the dividend in respect of a class of preference shares has not been paid for a period of two years or more, such class of preference shareholders shall have a right to vote on all resolutions placed before the Company and the proportion of voting rights of equity shareholders to the voting rights of preference shareholders shall be in proportion to their paid up capital.
- ii) In the event of liquidation of the company, the holders of equity shares will be entitled to receive the remaining assets of the company after distribution of preferential amounts. The distribution will be in the proportion of the number of equity shares held by the shareholders.
- b) i) All 97,35,201, 0.01% Optionally Convertible Preference Shares, had already become due for redemption/conversion in the financial year 2014-15 and could not be redeemed due to unavailability of surplus.
- ii) Out of 17,30,000, 0.01% Cumulative Redeemable Preference Shares, preference shares comprising of 2,00,000 Shares amounting to ₹200.00 Lakhs were due for redemption in financial year ending 31.03.2012, whereas 50% of 15,30,000 Shares amounting to ₹765.00 Lakhs were due for redemption in the financial year ending 31st March, 2017 and balance 50% were due for redemption in the financial year ending 31st March, 2018.
- iii) 5,00,000, 9.75% Cumulative redeemable Preference shares amounting to ₹500.00 Lakhs had been due for redemption since March 2004, however, could not be redeemed because of unavailability of surplus. The subscriber has filed a legal case against the company for the recovery of the sum invested as well as dividend thereon. The company is contesting the claim of the subscriber at appropriate forum.

- iv) During the year, the company could not redeem the Preference Shares, already due for redemption, on account unavailability of distributable profits in terms of Section 55(2)(a) and Section 123 of Companies Act, 2013.

NOTES:

1. An Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013 and its rules framed thereunder (hereinafter referred to as the 'Act') relating to businesses to be transacted at the 35th Annual General Meeting (hereinafter referred to as 'AGM'), as set out in item no(s). 3 to 11 and relevant details as required under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (hereinafter referred to as the 'Listing Regulations') and Secretarial Standard -2 of General Meeting issued by the Institute of Company Secretaries of India ('ICSI'), is annexed thereto.
2. The Board of Directors have considered and decided to include item no(s). 3 to 11 given above as Special Business in this AGM, as they are unavoidable in nature.
3. Pursuant to Section 110(1)(a) read with Secretarial Standards 2 of ICSI, resolution proposed in item no. 04 shall be passed through postal ballot. However, the Companies (Amendment) Act, 2017, w.e.f., 08 February, 2018,

provided that business(es) required to be transacted by means of postal ballot under clause 110(1)(a), may be transacted at a general meeting by the company which is required to provide the facility to members to vote by electronic means under section 108, in the manner provided in that section. The Company is providing e-Voting facilities to the members, therefore, resolution as set out in item no. 04 is proposed for approval of members in this AGM.

4. In view of outbreak of COVID-19 pandemic, the Ministry of Corporate Affairs ('MCA') has, vide General Circular no. 14/2020 dated April 8, 2020, General Circular no. 17/2020 dated April 13, 2020 and General Circular no. 20/2020 dated May 5, 2020 (collectively 'MCA Circulars'), permitted companies to conduct AGM through video conferencing ('VC') or Other Audio Visual Means ('OAVM') and various circulars issued by the Securities and Exchange Board of India ('SEBI') on holding of AGM through VC or OAVM during the calendar year 2020. In compliance with the MCA and SEBI Circulars and applicable provisions of the Act and Listing Regulations, the 35th AGM of the Company is being convened and conducted through VC/ OAVM.
5. The Company has enabled the members to participate at the 35th AGM through the VC/ OAVM facility provided by National Depository Services Limited ('NSDL'). The instructions for participation by Members are given in the subsequent paragraphs. Participation at the AGM through VC/ OAVM shall be allowed on a first-come-first-served basis.
6. Pursuant to the provisions of the Act, members are entitled to attend and vote at the AGM, are entitled to appoint a proxy to attend and vote on his/her behalf. Since the 35th AGM is being held through VC/ OAVM, therefore physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be made available for the 35th AGM and hence the Proxy Form and Attendance Slip and route map are not annexed to this Notice.
7. Corporate members are required to send a certified copy of the board resolution authorizing their representative to attend the AGM through VC/ OAVM and vote on their behalf at e-mail i.d. of the Company at 'investors@morepen.com' with a copy marked to 'evoting@nsdl.co.in' and institutional investors are encouraged to attend and vote at the meeting through VC/ OAVM.
8. The Company has provided the facility to members to exercise their right to vote by electronic means both through remote e-Voting and e-Voting during the AGM. The process of remote e-Voting with necessary user id and password is given in the subsequent paragraphs. Such remote e-Voting facility is in addition to voting that will take place at the 35th AGM being held through VC/ OAVM.
9. Members joining the meeting through VC/ OAVM, who have not already cast their vote by means of remote e-Voting, shall be able to exercise their right to vote through e-Voting at the AGM. The members who have cast their vote by remote e-Voting prior to the AGM may also join the AGM through VC/ OAVM but shall not be entitled to cast their vote again.
10. In case of joint holders attending the meeting, only such joint holder who is higher in the order of names will be entitled to vote.
11. The Company has appointed Mr. Praveen Dua (FCS: 3573, CP: 2139), Practicing Company Secretary, to act as the Scrutinizer, to scrutinize the e-Voting process in a fair and transparent manner.
12. The Register of Members and Share Transfer books will remain closed from Thursday, 24th September, 2020 to Wednesday, 30th September, 2020 (both days inclusive).
13. The details of the Directors seeking appointment/ re-appointment at the 35th AGM are provided in Annexure A of this Notice. The Company has received the requisite consents/declarations for the appointment/ re-appointment under the Companies Act, 2013 and the rules made thereunder.

14. All documents referred to in the Notice and accompanying Explanatory Statement, as well as the Annual Report, are open for inspection at the Corporate Office of the Company on all working days, excluding Saturday between 11.00 A.M to 1.00 P.M. up-to the date of the AGM.

The Board of Directors recommends the appointment of Dr. Savita as an Independent Director of the Company for a term of five (5) consecutive years commencing from 22nd June, 2020, not liable to retire by rotation, as set in the Notice of 35th AGM.

Pursuant to Secretarial Standards - 2, Regulation 36 (3) of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 and the Companies Act, 2013, the necessary details of Dr. Savita are given in '**Annexure A**'

None of the Directors, Key Managerial Personnel or their relatives are concerned or interested, financially or otherwise, in the resolution

The Board recommends the Ordinary Resolution set out at item no. 3 of the Notice for approval by the members.

Item no. 4, 5 & 6

With evolving trends in Pharmaceuticals Sector which is currently growing robust rate, it is expected that the pace of growth will get further momentum in the coming years, which will provide opportunities of growth and business expansion for the various market intermediaries operating in the Pharmaceutical market.

Considering the various growth opportunities, it is proposed to expand the horizon of the business activities wherein the main objects of the company will also include setting up hospitals, diagnostic centers, health clubs, health consultancy and other related activities thereto.

In this regard, the Board of Directors at their meeting held on 14th February, 2020 had approved (subject to the approval of members) the amendment, added new clause 4 to 8 as prescribed in resolution set out at item no. 4 of this notice, in the Memorandum of Association of the Company.

Further, the existing Authorized Share Capital of the Company is ₹ 210,00,00,000/- (Rupees Two Hundred Ten Crore Only) divided into 45,00,00,000 (Forty-Five Crore) Equity Shares of ₹ 2/- (Rupees Two Only) each and 1,20,00,000

(One Crore Twenty Lakh) Preference Shares of ₹ 100/- (Rupees One Hundred Only) each. With a view to augment long-term capital for the business of the Company, the Board of Directors of the Company is proposed to increase authorized capital by 20.00 Crore Equity Shares of ₹ 2/- (Rupees Two Only) each.

Therefore, the authorized share capital of the Company be increased to ₹ 250,00,00,000/- (Rupees Two Hundred Fifty Crore Only) divided into 65,00,00,000 (Sixty Five Crore) Equity Shares of ₹ 2/- (Rupees Two Only) each and 1,20,00,000 (One Crore Twenty Lakh) Preference Shares of ₹ 100/- (Rupees One Hundred Only) each.

The proposed increase of authorized share capital requires the approval of the Members set out at item no. 5 to this notice. Consequent upon the increase in authorized share capital of the Company, its Memorandum of Association will require alteration so as to reflect the increase in the authorized share capital.

The Companies Act, 2013, has prescribed a new format of Memorandum of Association ("MOA") for public companies limited by shares. Accordingly, with a view to align the existing MOA of the Company with Table A of the Schedule I of the Act and in accordance with Section 4 and 13 of the Act, it is proposed to alter the MOA of the Company by removing Clause III (C) - 'Other Objects' and such other changes as required to align with the prescribed format of the MOA as per the Companies Act, 2013 and its rules made thereunder. The Board at its meeting held on 22nd June, 2020 has approved alteration of the MOA of the Company and the Board now seek Members' approval set out in item no. 6 of this notice.

The Board recommends the Special Resolutions set out at item no. 4 & 6, and Ordinary Resolution set out at item no. 5 of the Notice for approval by the members.

The draft altered MOA of the Company after incorporating the above proposed changes in physical form is open for inspection by the Members of the Company at the Corporate Office of the Company during business hours on all working days, excluding Saturdays between 11.00 A.M. to 1.00 P.M. upto the date of the Meeting.

A copy of altered MOA shall be given to the members of the Company upon receipt of a request for the same, in writing, during the notice period. The said MOA will also be available for inspection by members during the Meeting.

None of the Directors, Key Managerial Personnel or their relatives are concerned or interested, financially or otherwise, in the resolution.

III. OTHER INFORMATION:**1) Reasons for loss/inadequacy of profits**

The Company is engaged in the manufacturing of bulk drugs and its intermediates. In the early years of its incorporation, the Company's financial position went on well. However, during the years 2002-04, due to a sharp fall in Company's prime product 'Loratadine' in the international markets, the Company faced huge financial loss which adversely affected the sustainability of its operations as well as its ability to meet its debt servicing obligations.

Presently, the cost control policies along with tightening of rules by governments are the key measures which impact the growth prospect of the pharmaceuticals industry. Pharmaceuticals companies are forced to reduce their research and development (R&D) spending due to slowdown of growth in last few years which is also expected to hamper growth of the pharma market as new drugs revenue form large part of pharma firm's revenue due to exclusivity of the drug. Apart from these generics pharma market is facing decreasing return on investment due to price erosion in key markets which is forcing many firms to look for other avenues and markets to sustain growth. In addition, the company faces several competitive pressures from within the pharmaceutical industry and from other international challenges.

2) Steps taken or proposed to be taken for improvement

The Company has recently developed Apixaban, Rivaroxaban, Edoxaban Tosylate of new therapeutic category i.e., Anti-Coagulant in which drugs like Apixaban & Rivaroxaban are among the top 10 selling drugs in 2017 & 2018 and their USDMF filing is planned for the current year. The Company has also focusing on another new therapeutic category i.e. Anti-Depressant and drugs like Vortioxetine Hydrobromide, Brexpiprazole are in advance stage of development in the R&D. Another molecule Febuxostat of Anti-Gout category has also been developed and is ready for commercialization.

The company was granted five process/ polymorph patents for Montelukast, Rosuvastatin, Atorvastatin and Sitagliptin during the year. The company has also filed nine new patent applications for Novel processes/ New Polymorphs for Vortioxetine Hydrobromide, Linagliptin, Crystalline Empagliflozin, UDCA, Rivaroxaban, Apixaban, Sitagliptin, Rupaadine and Loratadine

The formulation, home diagnostics business, brand sharing and product contract manufacturing has significantly improved during the year and efforts are on to make significant growth in the coming years. The customers having reposed confidence in our branded product portfolio will be offered new products during the coming years and market penetration shall also be improved.

The company is reaching more markets by introducing of new products in light of prevention from COVID 19 pandemic and servicing large spectrum of people to deliver its wide range of products and also approved the expansion of its API business from existing 3000 MT per annum capacity to 5000 MT per annum capacity.

3) Expected increase in productivity and profits in measurable terms

The Company expects improvement in its profitability as a result of aforesaid efforts.

IV. DISCLOSURES

The details of proposed remuneration are set out in the accompanying notice. The Company shall make appropriate disclosures as required under Schedule V of the Companies Act, 2013 in the Corporate Governance Report forming part of the Directors' Report of the Company.
