## MANAGEMENT COMMENTS:

**Commenting on the developments, Mr Abdul Khalid Chataiwala, MD said** "We are happy to share with you the strong performance delivered by our company for the Q3FY 2018 -19. We offer various logistics services such as NVOCC (Non-Vessel operating common carrier), shipping and freight forwarding, provision of yards for storage of empty containers, LCL Consolidation, Break bulk Services.

We have been continuously adding to our fleet of containers. The current large size enables us to cater to customers with huge container load, thereby increasing scope of services. We have been able to fund these largely through internal accruals, thereby improving revenues while maintaining our balance-sheet quality.

I take this opportunity to thank all our team members and congratulate them for this performance and remain confident that we will continue our growth and performance in times to come. I would also like to thank our shareholders who have reposed huge confidence upon us and remain committed to all our stakeholders in our endeavour to create long-term shareholder value.
