TCS Positioned as a Leader and Star Performer in System Integration Capabilities on AWS by Everest Group

Tata Consultancy Services' Domain Expertise, Vast Set of Industry Cloud Solutions, Comprehensive Offerings on AWS, and Continued Investments in IP, Cited as key Strengths

NEW YORK | MUMBAI, September 27, 2022: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) has been positioned as a Leader and Star Performer in Everest Group's PEAK Matrix® for System Integration (SI) Capabilities on Amazon Web Services (AWS)¹.

According to the report, TCS has been identified as a Star Performer for its balanced portfolio of AWS offering services and strong focus on building technical expertise through AWS-dedicated talent to improve the value delivered to clients. Additionally, it said that TCS' strong investment in contextualized and verticalized cloud solutions on AWS, continued investment in IP and a strong AWS partnership to co-develop solutions are features that distinguish TCS.

Highlighted as a key strength is TCS' comprehensive industry cloud with strong focus on retail, travel, transport, hospitality, life sciences and BFSI industries, underpinned by a credible and larger AWS certified talent pool which makes it suitable for enterprise looking for SI and integrator capabilities for complex engagements. It goes on to say that TCS' suite of sustainability in cloud solutions such [TCS Clever Energy™](#) and [ESG Integration solution](#) on AWS makes it suitable for enterprises with sustainability focused demands. The reports states that clients have appreciated TCS' domain expertise, technical expertise as key strengths.

"While most enterprises have embraced the cloud to establish a modern technology architecture, we see the next phase of the cloud adoption journey focusing on future proofing the business. TCS helps customers leverage newer and integrated capabilities of the cloud like AI, 5G, and IoT to accelerate digital transformation, and drive business innovation, growth and transformation," said **Krishna Mohan, Global Head, AWS Business Unit, TCS**. *"Our positioning as a Leader and Star Performer on AWS capabilities is a validation of our vision, strong technology capabilities, industry solutions, and ability to partner with enterprises in their cloud 2.0 journey."*

TCS' [AWS Business Unit](#) is a full-stack, multidisciplinary business unit that offers global enterprise customers customised end-to-end services and solutions around cloud migration, application and data modernisation, managed services, and industry-specific innovation leveraging the AWS cloud. TCS is an AWS Premier Consulting Partner, AWS Public Sector Partner, AWS Solution Provider Partner and AWS Public Sector Solution Provider.

TCS' large pool of AWS cloud-ready professionals leverage their domain knowledge and AWS technology building blocks to create transformational solutions contextualised to specific industry sub-verticals. Furthermore, TCS' rich portfolio of leading-edge, industry-centric products like the TCS BaNCSTM suite in financial services, TCS Optumera™ in retail, TCS HOBSTM in telecom, TCS ADD™ in life sciences, TCS Aviana in airlines and Water Cloud in utilities is available on AWS, driving synergies across the enterprise value chain and impacting every stakeholder.

TCS has been awarded 2021 AWS Rising Star Partner of the year for US, 2021 AWS Application Transformation and Migration Partner of the Year for ANZ, 2022 GSI Partner of the year for ANZ and 2022 Finalist GSI Partner of the year for ASEAN.

"Through its AWS-focused BU, TCS has built a credible end-to-end solution portfolio of integrated offerings

¹ Everest Group PEAK Matrix® Assessment for System Integration (SI) Capabilities on Amazon Web Services (AWS) 2022

on AWS. With planned investments to build and nurture AWS-specific industry cloud and talent, it is aiming to provide contextualized offerings and expertise to enterprises in certain targeted industries. Enterprise clients have appreciated the technical skill set and domain expertise of its talent. These factors have contributed to its positioning as a Leader on Everest Group’s SI Capabilities on AWS PEAK Matrix® Assessment 2022,” said **Mukesh Ranjan, Vice President, Everest Group.**

“TCS’ AWS Business Unit works closely with every business stakeholder in the enterprise, crafting bespoke solutions using AWS that modernize and reimagine the value chain, and help drive innovation resulting in superior and sustainable business outcomes,” said **Krishna Mohan.**

About Tata Consultancy Services (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world’s largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 606,000 of the world’s best-trained consultants in 55 countries. The company generated consolidated revenues of US \$25.7 billion in the fiscal year ended March 31, 2022, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS’ proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
