India, UK 'Close' to Concluding Talks For FTA

Our Bureau

New Delhi: India and the UK are "very close" to concluding the negotiations for a bilateral trade agreement and the two sides are working to iron out differences on three key issues, including intellectual property rights, investment treaty, and rules of origin, a senior official said Friday.

A broad consensus has also been reached on trade in automobiles and whiskey between the two countries and the trade pact could be signed before the end of the current year. However, the official said that "nothing is agreed till everything is agreed". "The remaining issues include IPRs, rules of origin and investment treaty," the official said. The next round of talks is likely in August. Discussions around the trade deal are expected on the sidelines of the G-20 Leaders' Summit in September in New Delhi.

Nagarnar Steel Unit Ready to Begin Ops

Twesh.Mishra @timesgroup.com

New Delhi: The Nagarnar Steel plant, built at an investment of around ₹ 24,000 crore in Chhattisgarh's Bastar area, is set to begin operations in the coming few weeks, 20 years after the first foundation stone was laid for the project, a top government official told ET.

The government-owned plant is also up for disinvestment, the process for which started while it was under construction.

"There are no concerns about project viability and completion anymore. This should help in fetching a better price for disinvestment, if the process goes through," the official said. Post commissioning, the day-to-day operations of the steel plant will be managed by Mecon Ltd, another public sector underta-

king. According to officials Land for the plant was acaware of the plan, iron ore quired by the Chhattisfor this project will be sour- garh government in the ced from NMDC's mines early 1990s.

Climate action must focus on welfare of all, says Modi

HT Correspondent

CHENNAI: Prime Minister Narendra Modi on Friday said climate action must follow the idea of antyodaya or ensuring the welfare of the people at the bottom of the pyramid, hours before the G20 countries failed to reach a consensus on steps to tackle the crisis at ministerial talks in Chennai.

Addressing the environment and climate sustainability ministers of G20 countries, that contribute 80% of global greenhouse gas (GHG) emissions, the PM said climate action needs to prioritise development of countries in the Global South which are particularly vulnerable to the effects of climate crisis.

"We need enhanced action on commitments under the UN Climate Convention and the Paris Agreement. This will be crucial in helping the Global South fulfills its developmental aspirations in a climate-friendly way," Modi said in his virtual address.

At COP27 in Sharm-el Sheikh last year, India pushed for a cover decision that stuck to the Paris Agreement goal of limiting Dubai in November.

On Friday, Modi called for adopting high-level sustainability principles for the ocean sector and an internationally binding agreement on phasing out

"Our oceans support the liveli-hoods of over three billion people across the globe. They are a crucial economic resource, especially for the small island states, which I prefer to call large ocean countries. They are also home to extensive biodiversity. Therefore, responsible use and management of ocean resources is of vital importance. I look forward to the adoption of G20 High-Level Principles for a Sustainable and Resilient Blue and Ocean-based Economy," he said.

The fourth and last G20 Environment and Climate Sustainability Working Group and Environment and Climate Ministers meeting concluded on Friday with the adoption of an outcome document the Chennai highlevel principles for a sustainable and resilient blue\ocean-based economy

He said India has achieved most of its nationally deter-

mined contributions on climate change ahead of schedule. which, he said shows India's commitment to the issue.

"India achieved its installed electric capacity from non-fossil fuel sources, nine years ahead of the target of 2030. And, we have set the bar even higher through our updated targets," he said.

Modi added India is one of the top five countries in the world in terms of installed renewable energy capacity. "We have also set a target of attaining Net Zero An official said what has

already not been agreed on in Goa cannot be agreed on in Chennai. "1.5°C issue will be cushioned. There are disagreements on that. Everyone is holding their positions on emissions, climate finance, etc. We are trying to be as inclusive as possible. We are also trying other means like making them sign on blue economy principles which is also a climate issue with sea level rise and ocean acidification." United States (US) special envoy for climate John Kerry and COP 28 president Sultan Al Jaber were among those attending the meeting in Chennai.

NO CONSENSUS ON TRIPLING GREEN **ENERGY AT G20** MEET: AL JABER

NEW DELHI: COP28 president designate Sultan Al Jaber on Friday expressed concern that his call at last week's meeting in Goa to triple renewable energy capacity by 2030 is "yet to find expression in G20 outcomes". despite the target being important to keep the global temperatures from rising beyond the 1.5-degree Celsius limit.

"As a group, the G20 represents 85% of the world's GDP and 80% of the world's emissions. What you decide will have a huge influence on outcomes for everyone, everywhere," Al Jaber told ministers. "There is still time for the G20 to show leadership, and I am calling on all of you to work with your leaders to drive global climate action in this critical decade." "Yesterday we issued a joint statement... calling on the G20 to show lead ership in closing the gaps across all... pillars of the Paris Agreement and help the world get on track to keep 1.5-degree C within reach." he said

{ IN CHENNAI } TWO-DAY MEET CONCLUDES

Consensus on 9 principles of 'blue economy'

Jayashree Nandi

CHENNAI: The two-day G20 Environment and Climate Sustainability Working Group (ECSWG) and Environment and Climate ministers meeting that concluded on Friday adopted a series of "Chennai High-Level Principles" for a sustainable and resilient blue economy, or ocean-based economy, even as the group failed to arrive at a consensus on kev issues pertaining to climate mitigation.

Officials in the environment ministry said the adoption of nine principles will not only help conserve ocean biodiversity but also address the consequences of climate change on ocean-based economies in the G20.

In a series of tweets after the meeting, environment minister Bhupender Yadav said the principles will "serve as a guiding framework globally to drive the transition to a sustainable and resilient blue economy".

"In a historic decision, the G20 Members adopted the Outcome Document on the 'Chennai High-Level Principles on Sustainable and Resilient Blue/Ocean-based Economy'. It shall serve as a guiding framework globally to drive the transition to a sustainable and resilient blue economy," Yadav tweeted. Blue economy refers to advocating sustainable use of ocean resources for economic growth, improved livelihoods, and

"The leaders attending the meet in Chennai thanked India's Presidency for its efforts in developing the compendiums of best practices, technical documents and technical studies. A total of 10 Presidency documents were launched under the identified priority areas of Land and Biodiversity, Blue Economy, Water Resource Management and Circular Economy," he added. Prioritis-

ing ocean health was among the nine principles adopted by the grouping, according to the out-come document which was reviewed by HT.

The key features of this principle are addressing coastal and marine pollution from all sources, such as from plastics, air pollutants and other persistent pollutants, including those derived from the maritime sector, unsustainable exploitation and illegal activities that affect the marine environment.

The group also decided to acknowledge and address the links between ocean and climate.

This, according to the bloc, will help push ocean-based economies to recognise ocean-climate interlinkages, opportunities for climate change mitigation and adaptation through sustainable ocean-based actions like protection, sustainable use and restoration of coastal and marine ecosystems, harnessing full potential of low and zero greenhouse gas (GHG) emissions's sources, and research on safe and effective use of ocean-based carbon dioxide removal and sequestration.

A senior environment ministry official, who did not wish to be named, said: "All nine principles are focused on conserving the oceans from the impact of climate crisis, such as sea level rise and ocean acidification, and protecting marine biodiversity. This is a major leap forward and a great success because these measures also help us in addressing climate change.

HC ISSUES NOTICE TO SIDDARAMAIAH ON PLEA AGAINST HIS ELECTION WIN

HT Correspondent

BENGALURU: The Karnataka high court on Friday issued a notice to chief minister Siddaramaiah on a petition seeking his disqualification from Varuna assembly constituency alleging

electoral malpractices.

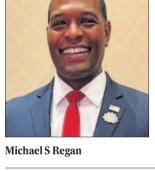

The petition was filed by one KM Shankar, a voter from Varuna. In the petition, Shankar said that the promises made in the Congress manifesto were presented as offers not only by . Siddaramaiah as a candidate but also by the Congress "This was done with the consent of the respondent (Siddaramaiah). They are in the form of gratification to the electorate of Varuna constituency and with the object of directly inducing the electorate to vote for the Congress party candidate namely the respond-

ent," the petition said. The office of the Karnataka CM didn't comment on the notice saying "the matter was sub-judice" and the issue will be "handled by legal experts."

SC NOTICE ON PIL AGAINST LYNCHING TO CENTRE, STATES

NEW DELHI: The Supreme Court on Friday sought responses of the Centre and police chiefs of six states on a public interest litigation (PIL), raising concerns over rising incidents of cow vigilantism and mob lynchings against Muslims, and seeking compensation for victims in six such cases which took place over the past two months.

The plea is filed by the National Federation of Indian Women. "...The petitioner is seeking a writ in the nature of mandamus to the concerned state authorities to take immediate action in terms of the find ings and directions in Tehseen Poonawalla case so as to effectively contain and deal with the same," the petition drafted by advocate Rashmi Singh said. वैवाहिक रिश्ते में सुधार की गुंजाइश न होना हिंदू मैरिज एक्ट में तलाक का आधार नहीं: HC

■नई दिल्ली: दिल्ली हाई कोर्ट ने कहा है कि वैवाहिक रिश्ते में सुधार की गुंजाइश न होना हिंदू मैरिज एक्ट (HMA) के तहत तलाक की मंजूरी का कोई आधार नहीं है। कोर्ट ने कहा कि भारतीय संविधान में केवल सुप्रीम कोर्ट को इस एक आधार पर विवाह खत्म करने की शक्ति हासिल है। हालांकि, संविधान के अनुच्छेद 142 में निहित इस शक्ति के समान कोई अधिकार हाई कोर्ट

Have taken up guv issue with aviation ministry: Raj Bhavan

▶ Continued From P1

The flight was scheduled to leave at 2.05pm from Terminal 1. Ground staff confirmed the governor's team had arrived early with his bags. The plane, with the other passengers on board, was waiting for the governor but with no sign of Gehlot, it decided to take off without the VVIP.

Gehlot walked through the boarding gate at 2.07pm but by then, I5972 was already taxiing for take-off, the KIA sources said, adding the governor had arrived at the airport four minutes before departure.

A Raj Bhavan official pointed out that the governor's bags were already in the aircraft. "Due to miscommunication by the airline, the governor could not

board. The matter is serious, and we have taken it up with the civil aviation ministry," the official said.

In an official statement,

an AirAsia (now AIX Connect) spokesperson "sincerely regretted the incident". "An investigation is being conducted and appropriate action will be taken. The senior leadership team of the airline is in contact with the governor's office. Our comthe final passengers to board mitment to the highest standards of professionalism and adherence to protocol remains unwavering, and we deeply value our relationship with the governor's of-According to protocol, VVIPs wait at a special lounge and are escorted to the aircraft

and do so after the gates close for regular fliers. Sources say Gehlot's delay made things difficult for airline staff as accommodating the VVIP would have delayed the flight and inconvenienced others already on board. Gehlot took another flight 50 minutes later to Hyderabad. It could not be ascertained whether he was on an official or personal trip.

ED: Circular no hindrance to TMC MP, wife's foreign visit

TIMES NEWS NETWORK

New Delhi: Additional solicitor general S V Raju, appearing for the ED, told the Supreme Court Friday that the look-out circular issued against TMC MP Abhishek Banerjee and his wife, Rujira, was not coming in the way of the couple to go abroad as the agency allowed them to do so.

The SC said pendency of the look-out circular creates a scenario where someone is stopped and questioned despite being allowed to fly out of India

The bench of Justices Sanjay Kishan Kaul and Sudhanshu Dhulia, however, said that pendency of the circular creates a scenario where someone is stopped and questioned despite the agency letting them fly out of India.

The apex court had in May last year stayed a summon issued to Banerjee and his wife to appear before ED in its Delhi office and had said that the agency can interrogate them at its Kolkata office where the politician also agreed to be quizzed.

Banerjee and his wife later approached the apex court after their plea was dismissed by the Delhi HC. They challenged the summons issued to them for appearance in Delhi in connection with the money laundering probe linked to an alleged coal scam in West Bengal.

The 35-year-old MP represents the Diamond Harbour seat in Lok Sabha and is the national general secretary of the

Trinamool Congress (TMC). The ED lodged a case under the provisions of the PMLA based on a November 2020 FIR registered by the CBI that alleged a multi-crore coal pilferage scam related to Eastern Coalfields Ltd mines in West Bengal's Kunustoria and Kajora areas, which are in and around Asansol.

BJP worker held over derogatory post on Karnataka CM's family: A BJP worker was arrested Friday for posting defamatory content on social media against family members of CM Siddaramaiah. A Congress worker, in his complaint, said: "The messages said Congress had described the Udupi washroom video incident as a minor issue, but would it have said the same had the women family members of Siddaramaiah been similarly targeted?" The accused was later released on bail. TNN
