Kanv Garg joins the Gensol Group as President and Chief Growth Officer

New Delhi, Aug 08, 2023: Gensol Group today announced the appointment of Kanv Garg as its President and Chief Growth Officer. In this role, Kanv will spearhead key expansion initiatives and lead the development and implementation of overall medium to long-term strategic plans for the Group. He will work closely with the founders and entity-level CXOs, fostering synergies across existing and new areas, thus contributing significantly to the sustainable growth of the organization.

A well-recognized professional with 18 years of experience in the clean energy and mobility sector, Kanv brings a wealth of experience to the Gensol Group. He has been a trusted advisor to various organizations, including national and sub-national Government entities, International Funding Institutions (IFIs), leading industrial conglomerates, global energy players, auto OEMs, non-profits, start-ups, and leading investment funds.

Commenting on Kanv's appointment, Anmol Singh Jaggi, Co-Founder, Gensol Group said, "We welcome Kanv to the Gensol family and are confident that his leadership will reinforce our commitment towards driving positive change. His strategic vision and deep industry knowledge will be invaluable in steering our endeavors in renewable energy, eMobility, and gas businesses."

Prior to joining the Gensol Group, Kanv served as the Director of Corporate Strategy, New Mobility Business for the Petromin Corporation in the Kingdom of Saudi Arabia (KSA). Before that, he was the eMobility Energy Lead for EY Parthenon in the Middle East and also for EY in India. Kanv's career also includes impactful and market-creating stints in the solar sector with the World Bank Group, the Planning Commission of India, SunEdison, and Evalueserve.

With an experience at the dynamic cross-section of energy and mobility sectors, he has been instrumental in addressing contemporary challenges faced by CXOs related to strategy and implementation, program design, investments, and partnerships & collaboration.

Kanv is an MBA from the Indian School of Business, Hyderabad and holds Bachelor of Engineering from Netaji Subhas Institute of Technology, New Delhi.

About Gensol:

Founded in 2012, Gensol Engineering Limited is a part of the Gensol group of companies, which offers engineering, procurement, and construction (EPC) services for the development of solar power plants. With a dedicated team of over 180 engineers, the company excels in managing turnkey projects on an international scale. Over the years, Gensol has successfully installed ground-mounted and rooftop solar power plants with a combined capacity of over 550 MW. Expanding its operations, Gensol has also established a cutting-edge electric vehicle (EV) manufacturing facility in Pune, India, for the development and production of electric three wheelers and four wheelers. With a keen focus on sustainability, innovation and customer satisfaction, it is devising solutions across various customer segments - passenger, fleet and cargo – and remains committed to revolutionizing the EV industry in India. Alongside, Gensol offers comprehensive EV leasing solutions and is serving leading ride-hailing players with its buy-and-lease package of EV cars.
