Limited Review Report on quarterly Standalone Unaudited Financial Results of Kohinoor Foods Limited Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

**To the Board of Director of
Kohinoor Foods Limited**

1. We have reviewed the accompanying statement of Standalone Unaudited Financial Results ('the Statement') of Kohinoor Foods Limited ('the Company') for the quarter and half year ended 30th September 2019, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended). The Statement, which is the responsibility of the Company's Management and has been approved by the Company's Board of Directors
2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of interim Financial Information Performed by the independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance about whether the financial statement is free of material misstatement. A review is limited primarily to enquiries of Company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. **Basis of Qualified Conclusion**
 - (i) As stated in Note No. 10 of Standalone Unaudited Financial Results, management has stated its assessment of the company's ability to continue as going concern. However, in view of the continuing default in re-payment of borrowings, default in payment of undisputed statutory dues, significant decline of revenue, continuous losses, negative cash flows and negative net worth, resignation of KMP and senior management and due to financial constraints, material uncertainty exists about the company's ability to continue as going concern and the decision of the management of the company to prepare the accounts of the company on going concern basis. This assessment of management is based on Resolution plan and offer of one-time settlement submitted to the Banks by company and the interest shown by prospective investors in the company. There would arise a need to adjust the realizable value of assets and liabilities in the event of failure of assumption as to going concern.

- (ii) As stated in Note No. 6 of Standalone Unaudited Financial Results, Loss of the company is understated by Rs 4048.26 lakhs (approx.) for the period from 01/04/2019 to 30/09/2019 and Rs 9500.53 lakhs (approx.) from the date of account being classified as NPA to the period covered under review, due to non-provisioning of interest on bank loans after the accounts of the company were classified as NPA and further amount towards penal interest, any other penalty etc. as may be charged by lenders. In the absence of statement of account, the above amount has been arrived at as per calculation made by the company. Due to limited information the aggregate amount unprovided in books of account of the company is not ascertainable with accuracy.
- (iii) In reference to bad debts, as per information and explanation received from management, *"The Company had initiated Arbitration proceeding against four agents through whom sales were made to some debtors, whose outstanding balance amounted to Rs 15636.49 lakh."* We are also informed by management that, *"The Management of company has received arbitration awards from the Hon'ble Arbitral Tribunal comprising of sole arbitrator Mr. S. G. Shah Former judge, High Court of Ahmedabad in respect of these agents"*. On the basis of above award, the company has written-off the balances of these debtors' amount of Rs 10277.52 lakh. The Management of company has also made the provision of Rs 1073.68 lakh in respect of other debtors from whom the recovery is pending or arbitration is in process." The total bad debts and provision for doubtful debts amounts to Rs 14251.21 lakhs. In view of above arbitration awards and on-going settlement and negotiations with parties, we are unable to comment on extent of bad debts and provision for doubtful debts required to be made and realizability from debtors and its consequential impact on financial result.
- (iv) The management of the company has not provided balance Confirmation direct from debtors. Depending on the circumstances and in the absence of above third-party confirmation, goods return by debtors amounting of Rs 6839.57 lakh, dispute with debtors, bad debts and provision for doubtful debts as mentioned in point (iii) above and very small recovery of amount from debtors till the date of review, we are unable to comment on realizability of amount due from debtors and its possible effect on Standalone Unaudited Financial Results of the company.
- (v) The management of company has not provided confirmation of accounts from creditors. In the absence of third-party confirmation, we are unable to comment on

actual liability to creditors (including squared up accounts) and its possible effect on Standalone Unaudited Financial Results of the company.

- (vi) Domestic sales have been made to various customers for which payment has not been received. The management has provided the following information & explanation regarding these sales, *"we are continuously following up for payment, but their customers are delaying it due to various reasons, mainly because of quality problem. They have informed that their customers are not accepting this rice due to quality issue. Some of them are asking for huge discount and some want to return the rice. Some say that they will only pay to company when they receive money from their customers."* Further the company still retains significant risk of ownership because the company retains an obligation for unsatisfactory performance. The receipt of revenue from domestic sale is contingent on the derivation of revenue by the buyer from their onward sale of the goods. In such cases, it is not being probable that the economic benefits associated with the transaction will flow to the company until the consideration is received by its buyers and the uncertainty is removed. Due to such uncertainty, goods return by customers and huge amount of bad debts and provision for doubtful debts as mentioned in point (iii), it is not possible to adequately measure the amount of revenue. Thus, in the absence of any agreement, underlying terms & conditions, schedule of delivery, acceptance and recovery from customers, revenue recognised by the company not being in line with applicable accounting principal accepted in India and we are unable to comment its impact on Standalone Unaudited Financial Results.
- (vii) During the review period, the company entered into sale and purchase transactions with the same parties and has recognized Revenue without negating the effect of re-purchased goods amounting of Rs 698.61 lakh from debtors. As per information and explanation given by management, each transaction is a separate transaction and not related to each other as quality of goods sold and purchased are different. However, we have not been provided any quality wise record of sale & purchase, and, hence in the absence of such record we are unable to comment whether such re-purchased goods from debtor is purchase or sales return and its impact on Standalone Unaudited Financial Results.
- (viii) During the period under review, amount of revenue has not been negated by Rs 1366.39 lacs due to the effect of sales return. The company recognized revenue in previous financial year 2018-19 but in current financial year such goods were returned and instead of reducing the amount of revenue, the management of

company has adjusted/reduced such amount of sale return from the provision for bad debts, which was created in previous financial year 2018-19.

- (ix) As per Para 15 of Ind AS 105, an entity shall measure a non-current asset (or disposal group) classified as held for sale at the lower of carrying amount or fair value less costs to sell. As per board meeting held as on dated 29th May, 2019, 14th November, 2018, and 14th August, 2018, we understand that the company proposes to monetize its investment in UK based subsidiary company, Indo European Food Ltd. However, the company has recognized such non-current assets held for sale at historical cost. We are unable to comment upon its impact on the standalone financial results.
- (x) We were not provided with the balance confirmation and reconciliation, if any, of some bank accounts (including accounts closed during the year) appearing in books of accounts of the company. In the absence of having aforementioned confirmation and reconciliation, the impact thereof is unascertainable, and therefore, is not being commented upon in this report.

4. **Qualified Conclusion**

Based on our review conducted as above, except in “**Basis of Qualified Conclusion**” paragraph mentioned in para 3, nothing has come to our attention that causes us to believe that the company statement of standalone unaudited financial result prepared in accordance with applicable accounting standard and other recognized accounting practices and policies has not disclosed the information required to be disclosed in term of regulation 33 of the SEBI (Listing obligation and disclosure requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contain any material misstatement.

5. **EMPHASIS OF MATTER**

- i. The company has not made Provision for the demand raised by various authorities as the matters are pending before various appellate forums. We are unable to comment upon possible impact in the Standalone Unaudited Financial Results for the six-month ended 30th September, 2019.
- ii. We draw attention to Note No. 7 in the Standalone Unaudited Financial Results, the company has allotted 18,30,000 equity shares on conversion of warrant into equity shares issued on preferential basis to its promoters. The company has filed application for listing of 18,30,000 equity shares to both the stock exchange (NSE & BSE) and application is under process, due to these shares are not yet dematerialised. The

consequential effect the above, on the Standalone Unaudited Financial Results is not ascertainable.

- iii. A legal notice was issued to domestic debtor M/S. Kasturi Exim (P) Limited for recoverability of outstanding amount of Rs 2900 Lakhs. The Company has written-off full amount as bad debts amount of Rs 2900 lakhs on account of such debtor and the company has submitted a claim to the interim resolution professional appointed by NCLT.
- iv. We draw attention to Note No. 8 of Standalone Unaudited Financial Results of the company for the six month ended 30th September, 2019, that the lender of consortium bank "Oriental Bank of Commerce" have filed an application against company under section 7 of the Insolvency and Bankruptcy code, 2016 before National company Law Tribunal (NCLT) Chandigarh bench and the matter is adjourned to next date 22th November 2019. 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

- (ii) As stated in Note No. 10 of Consolidated Unaudited Financial Results, management of the holding company has stated its assessment of the company's ability to continue as going concern. However, in view of the continuing default in re-payment of borrowings, default in payment of undisputed statutory dues, significant decline of revenue, continuous losses, negative cash flows and negative net worth, resignation of KMP and senior management and due to financial constraints, material uncertainty exists about the company's ability to continue as going concern and the decision of the management of the company to prepare the accounts of the company on going concern basis. This assessment of management is based on Resolution plan and offer of one-time settlement submitted to the Banks by company and the interest shown by prospective investors in the company. There would arise a need to adjust the realizable value of assets and liabilities in the event of failure of assumption as to going concern.
- (iii) As stated in Note No. 6 of Consolidated Unaudited Financial Results, Loss of the company is understated by Rs 4048.26 lakhs (approx.) for the period from 01/04/2019 to 30/09/2019 and Rs 9500.53 lakhs (approx.) from the date of account being classified as NPA of holding company to the period covered under review, due to non-provisioning of interest on bank loans after the accounts of the company were classified as NPA and further amount towards penal interest, any other penalty etc. as may be charged by lenders. In the absence of statement of account, the above amount has been arrived at as per calculation made by the company. - (iv) In reference to note no. 11 of consolidated financial result and as per information and explanation received from management of holding company, *"The holding company had initiated Arbitration proceeding against four agents through whom sales were made to some debtors, whose outstanding balance amounted to Rs 15636.49 lakh."* We are also informed by management of holding company that, *"The Management of company has received arbitration awards from the Hon'ble Arbitral Tribunal comprising of sole arbitrator Mr. S. Depending on the circumstances and in the absence of above third-party confirmation, goods return from debtors amounting of Rs 6839.57 lakh, dispute with debtors, provision for bad debts made as per point (v) above and very small recovery of amount from debtors till the date of review, we are unable to comment on realizability of such amount due from debtors and its possible effect on Consolidated Unaudited Financial Results of the company.

The management of the holding company has provided the following information & explanation regarding these sales, *"we are continuously following up for payment, but their customers are delaying it due to various reasons, mainly because of quality problem. They have informed that their customers are not accepting this rice due to quality issue. Some of them are asking for huge discount and some want to return the rice. Some say that they will only pay to company when they receive money from their customers."* Further the company ~~still retains~~

significant risk of ownership because the company retains an obligation for unsatisfactory performance. The receipt of revenue from domestic sale is contingent on the derivation of revenue by the buyer from their onward sale of the goods. In such cases, it is not be probable that the economic benefits associated with the transaction will flow to the company until the consideration is received by its buyers and the uncertainty is removed. Due to such uncertainty and huge amount of provision for bad debts made as mentioned in point (v), it is not possible to adequately measure the amount of revenue. Thus, in the absence of any agreement, underlying terms & conditions, schedule of delivery, acceptance and recovery from customers, revenue recognised by the holding company not being in line with applicable accounting principal accepted in India and we are unable to comment its impact on Consolidated Unaudited Financial Results.

- (viii) During the review period, the holding company entered into sale and purchase transactions with the same parties and has recognized Revenue without negating the effect of re-purchased goods amounting of Rs 698.61 lakh from debtors. As per information and explanation given by management of holding company, each transaction is a separate transaction and not related to each other as quality of goods sold and purchased are different. However, we have not been provided any quality wise record of sale & purchase, and, hence in the absence of such record we are unable to comment whether such re-purchased goods from debtor is purchase or sales return and its impact on Consolidated Unaudited Financial Results.
- (ix) During the period under review, amount of revenue of the holding company has not been negated by Rs 1366.39 lacs due to the effect of sales return. The holding company recognized revenue in previous financial year 2018-19 but in current financial year such goods were returned and instead of reducing the amount of revenue, the management of holding company has adjusted such amount of sale return from the provision for bad debts, which was created in previous financial year 2018-19.
- (x) We were not provided with the balance confirmation and reconciliation, if any, of some bank accounts (including accounts closed during the year) appearing in books of accounts of the group.
