#### MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Company is involved in manufacturing and trading of Allopathic and Ayurvedic Medicines. There is a reasonable potential of the product both in the domestic as well international market & these markets may offer sizable opportunities as well as a double digit growth in the years to come.

The company has built Market capabilities and Distribution network to meet out the requirement in domestic markets & continually strives to enhance market presence as well as explore new markets & territories for growth.

#### INDIAN ECONOMY OVERVIEW

In the Indian economy is poised to overcome the sub-5 per cent growth of gross domestic product (GDP) witnessed over the last two years. The growth slowdown in the last two years was broad based, affecting in particular the industry sector. Inflation too declined during this period, but continued to be above the comfort zone, owing primarily to the elevated level of food inflation. Yet, the developments on the macro stabilization front, particularly the dramatic improvement in the external economic situation with the current account deficit (CAD) declining to manageable levels after two years of worryingly high levels was the redeeming feature of 2020-21. The fiscal deficit of the Centre as a proportion of GDP also declined for the second year in a row as per the announced medium term policy stance. Reflecting the above and the expectations of a change for the better, financial markets have surged. Moderation in inflation would help ease the monetary policy stance and revive the confidence of investors, and with the global economy expected to recover moderately, particularly on account of performance in some advanced economies, the economy can look forward to better growth prospects in 2020-21 and beyond.

We consider quantitative materiality and quantitative factors in (i) planning the scope of our audit work and in evaluating the result of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

From the matters comminated with those charged with governance, we determine those

matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters.
