Dear Sirs,

Sub : Annual shutdown of Ammonia - IV & Urea-II plant at Baroda Unit.

Kindly note that annual shutdown of Ammonia - IV plant of Baroda Unit will start from 13th April 2019 for a period of 50 days i.e. till 1st June, 2019. Due to this, Urea-II plant will also undergo shutdown due to non-availability of CO2 gas which is by product of Ammonia-IV plant. Few other connected plants like Caprolactam-I, AS-II and SA-II will also be stopped for planned maintenance.

It is hereby informed that GSFC has made an alternate arrangement to minimize the production losses of various Fertilizers & Industrial Products and the company is also ensuring continuous supply of Fertilizer Products to consumers from its production facilities from Sikka Unit plants.

This is for your kind information please.

Thanking you,

Yours faithfully,

For Gujarat State Fertilizers & Chemicals Ltd.,

CS V V Vachhrajani
Company Secretary &
Sr. Vice President (Legal & GST)
