Total Comprehensive Income	343.27	189.98

PERFORMANCE

During the year under review, the Company achieved Net Sales of ₹3677.77 crores as against ₹3443.75 crores in the previous year, up by 7%. The EBITDA for the year was ₹556.43 crores as against ₹424.57 crores in the previous year, registering growth of 31% over the previous year. After providing for interest, depreciation and tax, the Profit after Tax of the Company grew by 83% from ₹190.48 crores to ₹348.17 crores resulting in EPS of ₹19.44 as against ₹10.64 in the previous year. EBITDA for the year includes profit of ₹36.63 crores from sale of some assets.

Despite the continuing global geopolitical disturbances witnessed during the year, the Indian economy showed resilience backed by its strong macroeconomic fundamentals. Robust domestic demand for consumption along with Government's focus on capital expenditure significantly contributed to maintaining conducive environment for the players in the Indian industry. Thus, the Company also achieved sales volume growth of 20% over the last financial year. The Company's operating margin also grew from 12.0% to 13.4% owing to softening of raw material prices and continued operational efficiencies.

FUTURE PROSPECTS

The Company is continuing to enjoy coal linkages from Coal India Ltd. which not only provide uninterrupted supplies but also add to the profitability of the Company. In addition, the Company is also getting supplies of iron ore from its captive iron ore mine in Sirkaguttu, Odisha.

Further, as regards the Bhaskarpara Commercial Coal Mine allotted to the Company, the In-principle Stage-I approval under the Forest (Conservation) Act, Environmental Clearance and Permission to Establish from the Chhattisgarh Environment Conservation Board have been received. The development of the mine is progressing fast and the Mining lease is expected to be executed in favour of the Company in first half of FY 2025. The supplies of coal from this mine shall provide stability to the Company's integrated steel operations as well as result in significant cost reductions. Additionally, this being a commercial mine, it shall also boost the revenue and the profitability through sale of coal in open market.

DIVIDEND

After careful assessment of the available profit during the financial year ended 31st March, 2024, your Board has recommended a dividend of ₹1.20 per Equity Share of ₹10 each for the financial year ended 31st March, 2024.

The Board has framed a Dividend Distribution Policy which is available on the Company website at the link www.prakash.com

ENVIRONMENT

The Company's top priorities are always environmental protection and sustainable growth alongwith emphasis on fulfilling legal and statutory requirements, corporate social responsibility (CSR), supply of high-quality products, and making sure that its employees work in a safe and healthy environment. By means of its IMS Policy, as well as its effective implementation and adherence by all employees, the Company is dedicated in addressing of all Environmental, Quality, Safety and Social concerns. The IMS policy is designed to achieve continuous improvement for the organization's sustainable development through a methodical and well-structured methodology. Similarly metal recovered from waste slag is used to make steel in IFD which leads to saving of energy and natural resources. To preserve natural resources, SAF Division also uses other Sponge Iron Division wastes, such as cooler oversize, Kiln accretion and screen over size material.
- Efficient handling of solid waste, hazardous waste, biomedical waste, battery waste, and e-waste through approved recyclers in accordance with CPCB regulations.
- Using latest technology to ensure Zero Liquid Discharge (ZLD) status and to minimise fuel and water consumption for plant operations.
- The successful installation and use of online Monitoring Systems for Continuous Monitoring of Emissions and Effluents.
- Putting energy and water conservation measures into action to ensure that the plant uses these resources efficiently and responsibly.
- Comprehensive green belt development programme both within and outside of the factory to provide a clean and green working environment to its employees and stakeholders.
- Installation of proper Insulation at ESP and various duct lines for arresting the Heat losses and conserve the energy.
- Celebration of World Environment Day, Ozone Day, Earth Day for creating awareness amongst the employees.
- Latest technology Bag filters installed to control the fugitive emission during material transfer and replacement of the Filter bags in bag filters time to time for improving the bag filter efficiency and control of emission.

SAFETY

"SAFETY" has always been the Company's top priority in all of its operations. The Company is committed in providing the safety PPE and gadgets, maintaining safe working conditions and practices in the operations, maintenance of equipments and effective implementation of the IMS Policy to ensure the safety of its employees, contractors, and visitors.

The Company always emphasise to improve the health and safety standards, to lower potential hazards, and to strengthen employee's capabilities through capacity building and integration of safety management systems with all processes.

In compliance with ISO-45001 : 2018, the Company has created safety standards, standard operating procedures, safety manuals, and systems that cover employee safety, occupational health, emergency preparedness and hygiene.

The Company has a well-organized system in place for reviewing safety goals, change in policies and targets on a regular basis in order to make continuous improvements through preventative and remedial measures.

Following are the actions taken by the Company to ensure safety in all areas:

These multifaceted initiatives underscore the Company's commitment to corporate social responsibility and its dedication to making a positive and lasting impact on the communities it serves.

A dedicated Board level Committee for Corporate Social Responsibility (CSR) has been established to oversee and guide the Company's CSR initiatives. Details regarding the membership of this Committee and records of its

meetings are comprehensively documented in the Corporate Governance Report, which is an integral part of this Report.

Additionally, the Corporate Social Responsibility Policy, outlining the Company's CSR objectives and guidelines, is accessible on the Company's website at www.prakash.com.

Furthermore, the Annual Report on Corporate Social Responsibility activities is provided as Annexure I to this report, offering stakeholders a transparent overview of the Company's CSR endeavors and their impact on the communities served.

Board Evaluation

During the year, a comprehensive evaluation of the performance of the Board, its Committees and individual Directors was conducted in accordance with the provisions of the Companies Act 2013, relevant Rules, and the Corporate Governance requirements stipulated under Regulation 17 of the Listing Regulations, 2015, as well as the guidance provided by SEBI through its circulars, including the Guidance Note on Board Evaluation.

In a dedicated meeting of Independent Directors, the performance of Non-Independent Directors and the Board as a whole was rigorously assessed. Additionally, the Independent Directors evaluated the performance of the Chairman, considering inputs from both Executive and Non-executive Directors. This thorough evaluation process ensures accountability, transparency and continuous improvement in governance practices, thereby enhancing the effectiveness and efficiency of the Board and its constituent members in fulfilling their responsibilities towards stakeholders.

NUMBER OF MEETINGS OF THE BOARD AND COMMITTEES THEREOF

The details of the Board Meetings and other Committee Meetings convened throughout the financial year 2023-24, including dates and attendance records of each Director, have been documented and are available in the Corporate Governance Report. This report serves as a databank of vital information pertaining to the governance practices and decision-making processes undertaken by the Board and its Committees. By providing transparent insights into meeting schedules and Directors attendance, the Company reaffirms its commitment to upholding principles of accountability, transparency and effective corporate governance. Stakeholders can refer to the Corporate Governance Report for a comprehensive understanding of the Board's activities and its commitment to robust governance practices.

DECLARATION BY INDEPENDENT DIRECTORS

The Company has obtained declarations and confirmations from all Independent Directors, as mandated by Section 149(7) of the Companies Act, in conjunction with Rule 6 of the Companies (Appointment and Qualifications of

Directors) Rules, 2014 and Regulation 25(8) of the SEBI Listing Regulations, 2015. These declarations affirm the Independent Directors' compliance with the stipulated criteria for independence and their commitment to upholding the highest standards of corporate governance.

FAMILIARISATION PROGRAMME FOR THE INDEPENDENT DIRECTORS

In adherence to Regulation 25(7) of the Listing Regulations, 2015, the Company has implemented a comprehensive Familiarization Programme designed to acquaint Independent Directors with various aspects of the Company, including their roles, rights and responsibilities within the organization, as well as the nature of the industry in which the Company operates. The program aims to equip Independent Directors with the requisite knowledge and insights to effectively discharge their duties and contribute to the Company's governance and strategic decision-making processes. Details of the familiarization programs conducted throughout the year are accessible on the Company's website at the following link: www.prakash.com. This initiative underscores the Company's commitment to ensuring that Independent Directors possess a thorough understanding of the Company's operations and industry landscape, thereby enhancing their ability to provide informed guidance and oversight.

DIRECTORS AND KEY MANAGERIAL PERSONNEL (KMP)

As per the provisions outlined in Section 203 of the Companies Act, 2013, the following individuals serve as the Key Managerial Personnel (KMP) of the Company:

- i) Shri Vikram Agarwal, Managing Director
- ii) Shri Deepak Mishra, Chief Financial Officer
- iii) Shri Arvind Mahla, Company Secretary

In accordance with the provisions of the Companies Act, 2013 and Articles of Association of the Company, Shri Sanjay Jain retires by rotation at the ensuing Annual General Meeting and being eligible, offers himself for reappointment.

During the year, Smt. Ankita Garg and Shri Jatin Gupta were appointed as Independent Directors of the Company, effective from 01st November 2024.

Shri Mamraj Agarwal and Shri Y.N. Chugh, Independent Directors of the Company, concluded their tenure as Independent Directors effective from the close of business hours on 13th November 2023, upon completing their second term of five years on the Board.

During the year, Shri Harsh Vardhan Agarwal was appointed as Independent Director of the Company, effective from 01st April, 2024.

Smt. Purnima Gupta, Independent Director of the Company, concluded her tenure as Independent Director effective from

the close of business hours on 31st March, 2024, upon completing her second term of five years on the Board.

BOARD COMMITTEES

All Committees of the Board of Directors are meticulously formed in strict adherence to the guidelines stipulated by the Companies Act, 2013 and the relevant regulations outlined by SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the financial year, the Board conducted a thorough review of the Company's committee structures and their operational effectiveness. As a result, the Board has decided to dissolve the Share Transfer Committee, Finance Committee, Allotment Committee and FCCB Conversion Committee. This decision was based on the conclusion that these committees are no longer necessary for the efficient governance of the Company. Consequently, all powers and responsibilities previously delegated to these committees have been transferred back to the Board. This consolidation aims to streamline decision-making processes, enhance governance and ensure a more direct oversight of all critical functions.

DEPOSITS

During the year under review, the Company has not accepted any deposits.

TRANSFERS TO THE INVESTOR EDUCATION AND PROTECTION FUND (IEPF)

In compliance with the provisions delineated in the Companies Act, 2013 ("ACT") read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer, and Refund) Rules, 2016 ("IEPF Rules"), the Company adheres to the mandatory requirement of transferring unpaid or unclaimed dividends to the Investor Education and Protection Fund (IEPF) established by the Central Government after the lapse of seven years from the date of dividend becoming unpaid or unclaimed. Furthermore, as per the stipulated rules, shares associated with dividends not claimed for seven consecutive years or more are also transferred to the demat account created by the IEPF Authority.

The Company has duly complied with these regulations and transferred such unpaid or unclaimed dividends, along with corresponding shares, to the IEPF up to the financial year ended 31st March, 2016. Members or claimants whose shares and/or unclaimed dividends have been transferred to the IEPF Demat Account or the Fund may initiate the process to reclaim their shares or apply for unclaimed dividends by submitting an application to the IEPF authority in Form IEPF-5, along with the requisite fee as determined by the IEPF authority.

Comprehensive details regarding shares/members with unclaimed dividends are available on our website at www.prakash.com. We encourage members to review their

records diligently and reclaim any dividends due from the preceding seven years, if not previously claimed.

DIRECTORS' RESPONSIBILITY STATEMENT

In compliance with Section 134(5) of the Companies Act, 2013, the Board of Directors affirms, to the best of their knowledge and ability, the following:

- I. The annual accounts have been prepared adhering to the relevant standards without any material departures.
- II. The selection and consistent application of accounting policies have been undertaken diligently, coupled with prudent judgments and reasonable estimates, to ensure an accurate portrayal of the Company's financial position and performance.
- III. Adequate measures have been taken for the meticulous maintenance of accounting records in accordance with statutory provisions, aimed at safeguarding the Company's assets and detecting and preventing any instances of fraud or irregularities.
- IV. The accounts have been prepared on the premise of the Company's ability to continue its operations in the foreseeable future, reflecting a going concern basis.
- V. The Board has established internal financial controls that are deemed sufficient and effective in ensuring the integrity of financial reporting and the protection of assets.
- VI. Proper systems have been devised to ensure compliance with all applicable laws, and these systems are considered adequate and operational.

STANDALONE ACCOUNTS

The Standalone financial statements for the year ended 31st March, 2024 have been meticulously prepared in strict adherence to Indian Accounting Standards (Ind AS) as prescribed under the Companies (Indian Accounting Standards) Rules, 2015. These statements encompass comprehensive data for the reporting period, along with comparative data for the corresponding period as at 31st March, 2023, ensuring consistency and enabling stakeholders to assess the Company's financial performance and position effectively.

AUDITORS & AUDITORS REPORTS

i) Statutory Auditors

The Board of Directors has duly appointed M/s Chaturvedi & Co., Chartered Accountants, (FRN:302137E) as the Statutory Auditors of the Company for a tenure of five years, commencing from the 40th Annual General Meeting of the Company, upto the conclusion of the 45th Annual General Meeting of the Company.

The Auditors in their Report to the members, have given two qualifications and the explanations of Board with respect to it in pursuant to section 134(3) (f) of Companies Act, 2013 are as follows:

Explanations to note on Basis for Qualified opinion of Independent Auditors Report

- An amount of ₹ 35,020 lakhs have been withdrawn from general reserve to adjust the equivalent amount with respect to impairment of certain assets. The management has decided to value the assets at fair value, therefore an amount of ₹ 35,020 lakhs have been reduced from WDV of the assets and shown under Exceptional Item. This approach is in line with the Company's policy of ensuring transparency and accuracy in financial reporting, thereby allowing stakeholders to make well-informed decisions based on the most reliable and current financial data.
- The net deferred tax liability computed in terms of Ind AS-12 "Income Tax" amounting to ₹ 8821 lakhs has been adjusted against Securities Premium Account. This has been in terms of Hon'ble Punjab & Haryana High Court order dated 23rd August, 2007.

ii) Secretarial Auditor

In accordance with the provisions outlined in Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Company has appointed Shri Bhoopendra Kumar Bohra, a Practicing Company Secretary, to conduct the Secretarial Audit of the Company. The Secretarial Audit Report, conducted in compliance with the prescribed format MR-3 as per the Companies Act, 2013 and SEBI Listing Regulations, is appended herewith as Annexure 2.

iii) Cost Auditors

In compliance with Section 148(1) of the Companies Act, 2013, the Company has diligently maintained cost records as mandated by the Central Government. These records are meticulously prepared and maintained to ensure regulatory compliance.

Accordingly, the Board of Directors' meeting held on 17th May 2024, M/s. Rakshit & Associates, (FRN:101951), Cost & Management Accountants, were appointed to audit the cost records of the Company for the Financial Year 2024-25. This appointment was made based on the recommendation of the Audit Committee, underscoring the Company's commitment to sound governance practices.

An appropriate resolution seeking the ratification of the remuneration of the Cost Auditors has been included in the Notice convening the 43rd Annual General Meeting of the Company, thereby ensuring transparency and shareholder approval in this matter.

CHANGES IN CAPITAL STRUCTURE

During the financial year 2023-24, the authorized capital and paid-up capital structure of the Company remained unchanged.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

The details regarding loans, guarantees, investments made, and securities provided by the Company, if any, are comprehensively disclosed in the notes accompanying the financial statements within the Annual Report. This disclosure is in accordance with the provisions stipulated under Section 186 of the Companies Act, 2013.

RELATED PARTY TRANSACTIONS [RPT]

During the financial year 2023-24, all Related Party Transactions conducted were executed in the ordinary course of business and adhered to the arm's length principle, ensuring compliance with the pertinent provisions of the Companies Act, 2013 and Listing Regulations. The Company did not engage in any materially significant related party transactions with its Promoters, Directors, Key Managerial Personnel or other designated individuals that could potentially conflict with the Company's interests at large.

Moreover, all related party transactions made after the approval of Audit Committee and the Board. For repetitive nature of transactions, the Company sought omnibus approval. A comprehensive statement detailing all related party transactions was regularly presented to the Audit Committee on a quarterly basis, outlining the terms and conditions governing these transactions.

Furthermore, the Company has made available its Policy on the materiality of related party transactions and the protocols for dealing with such transactions on its official website at www.prakash.com.

In compliance with Section 134(3)(h) read with Rule 8(2) of the Companies (Accounts) Rules, 2014, and Regulation 34(3) & 53(f), Para A of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a detailed disclosure of related party transactions is annexed herewith as Annexure 3.

VIGIL MECHANISM AND WHISTLE BLOWER POLICY

In adherence to the stipulations set forth in Section 177(9) & (10) of the Companies Act and the SEBI Listing Regulations, 2015, the Company has implemented a robust Vigil Mechanism and Whistleblower Policy. This framework enables Directors, employees, and other stakeholders to report genuine concerns regarding unethical behavior, fraud or any other misconduct without fear of reprisal. The Vigil Mechanism and Whistleblower Policy have been designed to foster a culture of transparency, integrity and accountability within the organization. They provide a structured mechanism for reporting and investigating any reported concerns promptly and impartially.

To ensure accessibility and transparency, the Vigil Mechanism and Whistleblower Policy are readily available on the Company's official website at www.prakash.com.

NOMINATION AND REMUNERATION POLICY

The Company has a Nomination and Remuneration Committee comprising Non-executive and Independent Directors. During the year, the Committee convened twice to deliberate on matters within its purview. Detailed information regarding the Committee's meetings held and attendance records of its members are meticulously outlined in the Corporate Governance Report.

The Board has formulated Nomination and Remuneration policy, which is readily accessible on the Company's official website at www.prakash.com.

PARTICULARS OF EMPLOYEES AND RELATED DISCLOSURES

Disclosures pertaining to remuneration and other details required under Section 197(12) of the Companies Act, 2013, in conjunction with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, are furnished in Annexure 4 of this Report.

Pursuant to the stipulations of Section 197(12) of the Companies Act, 2013, read with Rules 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, a comprehensive statement presenting the names and particulars of employees receiving remuneration surpassing the prescribed thresholds is included as Annexure 4A within this Annual Report.

RISK MANAGEMENT AND ADEQUACY OF INTERNAL FINANCIAL CONTROLS

The Company has established a dedicated Risk Management Committee, which undertakes assessments of diverse risks related to Operations & Maintenance of Plants, financial matters and other organizational considerations. These risks are thoroughly evaluated and continuously monitored to facilitate proactive measures.

The Company's internal control framework encompasses robust internal financial controls aimed at ensuring compliance with policies, practices and statutes, taking into account the organization's evolving growth trajectory and the heightened complexity of operations. Detailed insights into the internal control system and its adequacy can be found in the "Management Discussion & Analysis Report," which is an integral part of this Report.

ANNUAL RETURN

The draft Annual Return, as mandated by Section 92(3) and Section 134(3)(a) of the Act, has been made available on the Company's website at www.prakash.com.

PREVENTION OF SEXUAL HARASSMENT AT WORKPLACE

The Company maintains a comprehensive policy aimed at prohibiting, preventing and addressing sexual harassment of women in the workplace and related matters. This policy is readily accessible on the Company's website at www.prakash.com. Throughout the financial year 2023-24, there were no complaints received under this

policy, reflecting the effectiveness of our preventive measures and the commitment to fostering a safe and respectful work environment for all employees.

DISCLOSURE REQUIREMENTS

In adherence to SEBI Listing Regulations, the Corporate Governance Report, including the Practising Company Secretary's Certificate and the Management Discussion and Analysis, are enclosed as Annexure 5, 5A, 5B and 5C respectively. The Company has established robust systems to ensure compliance with all relevant Secretarial Standards prescribed by the Institute of Company Secretaries of India (ICSI). These systems have been diligently devised, deemed adequate and are effectively operational to uphold the required standards of governance and regulatory compliance within the organization.

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2024

To,
The Members,
Prakash Industries Limited
15 KM Stone, Delhi Road, Hissar,
Haryana, India-125044

I, **Bhoopendra Kumar Bohra**, proprietor of **B K Bohra & Associates**, have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Prakash Industries Limited (CIN: L27109HR1980PLC010724)** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing my opinion thereon.

Based on my verification of the **Prakash Industries Limited's** books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, the explanations and clarifications given to me and the representations made by the Management, I hereby report that in my opinion, the Company has, during the audit period covering the Financial Year ended on 31st March, 2024 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **Prakash Industries Limited** ("the Company") for the financial year ended on 31st March, 2024 according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made there under;
- ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations,

2018 as amended from time to time (*Not applicable to the Company during the Audit Period*);

- d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (*Not applicable to the Company during the Audit Period*);
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 and The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; (*Not applicable to the Company during the audit period*);
 - f) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (*Not applicable to the Company during the audit period*);
 - g) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 as amended from time to time;
 - h) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as amended from time to time;
 - i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 (*Not applicable to the Company during the Audit Period*); and
 - j) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- vi Other laws applicable specifically to the Company as per the representation made by the Management including
- a) Air (Prevention and Control of Pollution) Act, 1981;
 - b) Water (Prevention and Control of Pollution) Act, 1974 and Water (Prevention and Control of Pollution) Rules, 1975;
 - c) Environment Protection Act, 1986;
 - d) Factories Act, 1948;
 - e) The Mines Act, 1952 and Rules made thereunder.
 - f) Mines and Minerals (Development & Regulation) Act, 1957 and the rules made thereunder.

For the compliances of Labour Laws & other General Laws my examination and reporting is based on the documents, records and files as produced and shown to me and the information and explanations provided by the Company, its officers, and authorised representatives, including compliance reports taken on record by the Board of Directors, to the best of my judgment and understanding of the applicability of the different enactments upon the Company, in my opinion there are adequate systems and processes exist in the Company to monitor and ensure compliance with applicable General laws and Labour Laws.

PRAKASH INDUSTRIES LIMITED

I have also examined compliance with the applicable clauses of the following:

- i. The Listing Agreements entered into by the Company with National Stock Exchange of India Limited and BSE Limited read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
- ii. Applicable clauses of Secretarial Standards issued by the Institute of Company Secretaries of India.

During the period under review and as per the explanations and clarifications given to me and the representation made by the Management, the Company has complied with the provisions of the applicable laws, rules, regulations and guidelines, etc as mentioned above.

During the period under review as per the explanations and financial statements, Company's CSR Obligation during the year was of INR 316.14 Lakhs and an amount of INR 596.35 Lakhs was available to set-off from previous Financial Year, the Company has spent an amount of INR 1559.04 Lakhs during the audit period even though Net Obligation was NIL, therefore an amount of INR 1839.25 Lakhs will be available for set-off in succeeding Financial Years.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes, if any in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, except notes on items of business which are in the nature of Unpublished Price Sensitive

Information have been given at a shorter period of time than stated above, with the consent of a majority of the Directors, which includes one Independent Director and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the minutes of the meetings duly recorded and signed by the Chairperson, the decisions were unanimous and no dissenting views were recorded.

I further report that as per the explanations given to me and the representation made by the Management and relied upon by me there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines etc.

I further report that during the audit period no events occurred which had bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.

MANAGEMENT DISCUSSION AND ANALYSIS**Industry Structure & Developments**

During the year, India continued to hold bright spot in the global steel industry and the steel demand in the country significantly outperformed the global steel growth. During the year the Indian steel industry witnessed robust growth of over 7% in steel consumption over last year. The rising demand for affordable housing, engineering, infrastructure and construction projects along with accelerated pace of infra spending contributed significantly to a robust demand for steel across the country. Moreover, the inclusion of Speciality Steel by the government under Promotion Linked Investment Schemes (PLI) has attracted capital investment and promoted technology up-gradation in the steel sector. The government has also introduced numerous other initiatives to boost steel production in India and to achieve the domestic target of 300 MT production by the year 2030.

Opportunities and Threats

The Indian Steel industry is on the brink of transformation, eyeing to achieve 300 MT production by the year 2030. The backbone of India's steel demand lies in the construction and infrastructure sectors, acting as the primary catalysts for the anticipated surge. As the country gears up for significant developmental projects, the demand for steel within the country is expected to rise steadily over the years. It is envisaged that by the year 2030, the domestic per capita consumption will be at 160 kgs fuelled by rapid urbanisation, substantial government investment in infrastructure and expansion of housing sector.

The key threat to the domestic steel industry continues to be erratic supplies and the high price volatility of the key inputs, namely iron ore and coal. However, your Company has insulated itself against these possible threats as the Company has an operational iron ore mine and has also secured coal linkage from Coal India Limited. Further, the Company has been allotted Bhaskarpara commercial coal mine in Chhattisgarh, which is in advanced stage of development. Once the mine becomes operational, it shall make the Company self reliant with respect to its coal requirement for steel making. Also, steel making is a power-intensive business, and India is a power-deficit country. However, the Company has an operational captive power plant which is sufficient to meet its demand for power in steel making.

Outlook

The Outlook for the indigenous steel industry looks quite encouraging considering the large scale augmentation that is targeted to double the production from present steel capacity of 150 million tonnes per annum to 300 million tonnes per annum by 2030. The Indian economy's vision to achieve US \$5 trillion mark by 2030 is also dependent to a great extent on the Indian steel industry. The rising demand for affordable housing, infrastructure development and construction projects will lead to a pan-India demand for steel. Further, despite global challenges, the Indian economy is expected to witness growth in the coming times owing to solid fiscal strategies and continuous policy improvements by the Government.

Risks and Concerns

As risk is inherent in all businesses, the primary objective of the Company is to work towards identifying the potential risks to which it is subjected in order to safeguard the interests of all the stakeholders. The Company aims to create value for its stakeholders by identifying the risks and effectively managing them. The Company has a Risk Management Committee to identifying the risks and suggest the methods to mitigate them. All risks are adequately identified, measured, estimated and controlled.

The potential risks being faced by the steel business continue to be the domestic steel demand scenario and uninterrupted supplies of key inputs like iron ore and coal. The Company has significantly reduced the risks through integration of operations. The Company has safeguarded itself against input risks to a significant extent by having an operational captive iron ore mine in Sirkaguttu, State Odisha. Further as regards Coal, the Company has in place coal linkages from Coal India Limited for supply of Coal at a stable price. Also, the development of the Bhaskarpara Commercial Coal Mine is progressing fast and the supplies from this mine shall not only make the Company self -reliant but also boost the revenue and profitability through sale of coal in the open market in the coming times.

Internal Control System and their Adequacy

Internal controls are the mechanisms, rules, and procedures implemented by a company to ensure the integrity of financial and accounting information, promote accountability, prevent fraud and comply with

the laws and regulations. The Internal controls adopted by a company improve the operational efficiency by improving the accuracy and timeliness of financial reporting. The Company has an adequate internal control system to manage the business operations effectively and efficiently. The Company has an independent professional firm for conducting Internal Audit at regular intervals and to monitor the compliance of all operations with prescribed business standards. Any variance from the budget is flagged off to the senior management which advises modification to ensure strict adherence to compliances. The audit team supervises all internal processes and recommends the changes to ensure quick remediation of deviations, wherever required.

Material Developments in Human Resource/Industrial Relations

The Company firmly believes that the Human resources play a significant role in any organisation to achieve its desired goal. Human resource management is a strategic and coherent approach which is designed to maximize employee performance for the Company along with enhancing job satisfaction to the employees. Human resource management is primarily concerned with the management of people within an organization, focusing on policies and systems, employee recruitment, training and development, performance appraisal and

reward management. The Company follows a well developed human resource approach, which aims to address the key aspects of human resource thereby maintaining healthy work environment and constructive relationship with its employees with a continuing focus on efficiency and productivity. Since the Company firmly believes that the success of any entity is directly linked to the success of its employees, the Company regularly conducts training, skill development programs and workshops to enhance the quality of its employees. The Company had maintained healthy and cordial industrial relations during the year.

27. Overview of the entity’s material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format; Material topics are those that have a significant impact on our ability to create value for our stakeholders and are influenced by the economic, social, and environmental context in which we operate. We have the following material topics:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Environment Energy and Emission Management	Risk	As Steel manufacturing and Power Generation is fuel and energy centric process and we use Fuel (Coal) and Energy for all operations, hence, we need to make investments for Energy Efficiency and Emission Management to meet the Statutory Compliances.	We strived to make timely and suitable investments for continued compliances and even beyond. Our manufacturing processes are energy efficient & ensures Natural resources. We have taken up various emission reduction and energy conservation initiatives at our manufacturing facilities over years. We also focus on Utilization of the by product – Char and other usable wastes to conserve natural resources including Coal.	Positive: The investments in energy and emission management systems and technologies have a financial impact on our business, which we consciously acknowledge and accept. However it ensures the clean working environment for the employees and other stack holders which is beneficial to the Company.
2	Occupational Health and Safety	Risk	Employees and workers are key resources of our business operations, and we believe in providing them a safe and healthy work environment. Additionally, Employee Health and Safety related incidents may create the regulatory compliance, reputational, and business continuity risks. And therefore Risk of failure/ non-compliance can impact the business operations	We strive to make suitable investments in safety related technology and Personal Protective Equipment (PPE) for employees. Our safety training programme is also an important aspect to mitigate the associated risk. We organize the Safety Awareness programmes and promotional events (Safety Week) for creating awareness on occupational health & safety at all level.	Positive: Company invest in safety related technology, PPE and training, However it leads to benefits of uninterrupted operations and downtime and reduce the losses and thus create safety work culture and boost the morale of employees.
3	Risk, Opportunities and Crisis Management	Risk	We perceive crises management as a risk because it has the potential of unprecedented problems which could lead to business disruptions and downtime.	We have established robust SOPs as per ISO systems, conducted toolbox meetings at shop floor, analysed near miss cases and have developed plans to manage various risk and take appropriate actions.	Positive: Establishing robust HSE, and training of workforce/ employees require investments, but it results in a positive impact due to prevention of avoidable operational interruptions.
4	Employee Well Being	Risk	Employee Morale and Engagement as well as healthy work environment is the most important factor for employee wellbeing.	We focus to mitigate this risk by having a continuous interaction and emphasis on upgrading systems and processes to cater to the changing needs of employees and their families. We arrange various training and recreational programmes within the organisation which enhances employee Belongingness.	Positive: Although the systems and processes require investments and costs in implementing and maintaining these programs, however, the direct result can be linked with increased employee loyalty and longer average service tenure and better manpower Productivity

PRAKASH INDUSTRIES LIMITED

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5	Water and Waste Management	Risk	Risk is always associated with Water & Waste Water Management as poor waste water management and higher uncontrolled water consumption mainly lead to situation of water availability problem which may affect the business adversely.	We ensure optimum use of water by effective monitoring system to conserve water as well as recycling of the waste water through ETP and STP. We take significant care to ensure minimal generation of solid or hazardous waste from various operations and have developed a system to utilize the waste in the processes by recycling (Char, Slag, Accretion) etc. and also disposal in a scientific manner as per regulatory guidelines. Water is the most crucial resource for our plant and we ensure the Zero Liquid Discharge (ZLD) status for the Plant.	Negative: The Company has to invest for the water treatment and Waste Disposal to Ensure the compliance of regulatory guidelines.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

In the process of sponge iron production, coal is used for generating heat and chemical reaction for removing the oxygen from iron ore, During this metallurgical process reaction, along with sponge iron, coal char and flue gas is generated as by product of DRI Process. In order to utilise Waste, this coal char is being used as a fuel for the generation of power in captive power plant. By utilizing the char in power Generation Company

is saving proportionate quantity of coal and contributing for conservation of natural resources and keeping the nature and atmosphere clean. To utilize the flue gas of the DRI Process the company has installed the Waste Heat Recovery System for Generation of Power by utilizing the Flue gas.

The Slag generated during the process of steel making in Induction Furnace contains Iron particles mixed with slag. To recover the metal particles, magnetic slag crusher has been established. The recovery of metal particles is approximately 10% which is reused in the process of induction furnace for steel making. By this, proportionate amount of raw material i.e., mineral is saved. By doing such practices, we are using a waste as a source of energy & controlling environmental pollution and conserving the natural resources. As far as remaining part of slag is concerned, we are using it for levelling work and road making etc.

The Waste generation of Power Plant is Fly ash is being used in brick /block making, road making, and various concrete applications and is disposed off in abandoned mines. We are having fly ash brick manufacturing plant inside our premises. Fly ash bricks are used in all type of construction carried out in the plant. Apart from this we are also disposing off fly ash in mines and low lying areas. All safe and scientific methods are being adopted during handling, transportation and dumping of fly ash.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

S. No	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
Not Applicable			

The company is locating in Hathneora, Dist – Janjgir-Champa and there are no ecologically sensitive areas in around our company.

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
Not Applicable					

The company has not taken any project in the current financial year 2023-2024 hence the Environmental Impact Assessment was not carried out.

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format: - YES, The Company is compliant with all Water, Air and Environment Protection Act of India and there are no Non-Compliances identified in FY 2023-24.

S. No.	Specify the law/ regulation/ guidelines which was not complied with	Provide details of the non compliance	Any fines/penalties/action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
Not Applicable				

Yes, The Company is ISO -14001 and ISO-45001 Certified organization and implement and has complied with all statutory and legal requirement and applicable Laws of Lands and applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules. The company is ensuring all Water and Air and Environment protection guidelines and ensure all the compliance as per the Grant Consent of CPCB and MoEF guidelines.

There is no noncompliance with respect to environmental law/ regulations/ guidelines in the current financial year 2023-2024.

[#]We have installed effluent treatment plant (ETP) of capacity - 19200 m³/day and sewage treatment plant (STP) of capacity - 500 m³/day for treatment of effluent & sewage water and Zero discharge condition is being maintained.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

4. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2023-2024 (Current Financial Year)	FY 2022-2023 (Previous Financial Year)
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	NA	NA
Total Scope 3 emissions per rupee of turnover	NA	NA	NA
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity	NA	NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No.

5. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

There is no any ecologically sensitive areas in around the company premises.

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Installation of Density Separator System DNS for Coal Beneficiation	With the use of DNS System the Coal FC is improved	The Improved FC of coal resulted into better process of DRI Kilns
2	Installation of Cone Crusher for Iron Ore Crushing	This is resulted into provide the required size of Iron ore in the Kilns	Leads to better operation of Kilns
3.	Installation of Fogging system in Kiln Separation Area	Leads to dust suppression	Fugitive Emission reduced
4.	Installation of two nos coal dryers in SID Kiln Areas	Leads to reduce moisture in Coal	Leads to better operation of Kilns
5.	One bag filter installed in kiln 1 and 2 fines bin to reduce dust content in sponge iron	Leads to reduce Fines fraction in Sponge Iron	Leads to better efficiency in IFD
6.	Kiln 1 ESP ash handling system is diverted to kiln 3 bin. Resulted in power saving of pug mill, RAV and building lighting.	Leads to reduce the Dust Emission Points	Resulted in power saving of pug mill, RAV and building lighting.
7.	One no. Bag filter installed in kiln 4&5 char bin for pollution control.	Leads to Dust Control and Minimize the emission	Leads to Dust Control and Minimize the emission

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Onsite and Offsite Disaster Management Plan has been initiated. In order to monitor the effectiveness of the Plans, mock drills at regular intervals are carried out. Awareness programs have been initiated to make the employees aware of their role and responsibility during any accident. The fire fighting systems are checked at regular intervals. Fire extinguishers have been refilled and certified. The surrounding community has been made aware through awareness camps about the probable disasters and the emergency response plans.

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

We have provided Bag filter system for control of source emission and Fogging system for fugitive emission which are working more efficiently. We have deployed a road cleaning machine for better housekeeping of the plant. We have CC roads in the plant to minimize dust emission during vehicular movements. Time to time, we have made retrofitting work of ESPs, Bag filters, Venture scrubber systems & Fume scrubber systems to improve efficiency of air pollution control devices and to minimize the pollution load in the environment. We have regular programmes for plantation and this year we have planned to plant 10000 saplings in the plant premises. We are implementing effluent treatment plant and reuse of treated wastewater for cooling tower make up water, dust separation systems, pug mills area, ash handling systems, water spraying in raw material storage yard & finished product area, cleaning of road area, horticulture & plantation purpose. This has been saving the consumption of fresh water. We have installed sewage treatment plant for treatment of domestic water and are using treated water for plantation purpose.

The Company is installed the following systems for utilization of waste and reducing the adverse impact on the environment.

- (i) WASTE HEAT RECOVERY BOILER (WHRB):

WHRB is a well known technology for the generation of power from the waste heat, generated from source. Here, we use waste heat from rotary kiln where coal is used for the generation of heat for the purpose of melting of raw materials used for sponge production. Instead of leaving the huge quantity

PRAKASH INDUSTRIES LIMITED

of heat in atmosphere which could unbalance its stability; we use it for 75 MW power generation. The generated power from the process is used for Industrial use. By this process, we are preventing to release the hot gases in atmosphere and on the other hand we are re-cycling & re-using our waste resources.

(ii) UTILIZATION OF COAL CHAR:

In the process of sponge iron production, coal is used as a raw material for generating heat. At the end of the process, coal char is also generated. This coal char is solid waste after the process which we are using as fuel for the generation of power in captive power plant. By Utilizing the char in power generation, we are reducing the coal consumption respectively and also utilizing the Waste for creating Best out of it which leads to make our surroundings better and leads to create a clean and green environment.

(iii) SLAG CRUSHER:

Slag is generated during the process of steel making in Induction Furnace which contains DRI Sponge (pellet/Ore) and Steel particles embedded and mixed with IFD slag. To recover the Sponge iron particles, A magnetic Slag Crusher is Installed to processing and recovery Sponge iron particle from Slag. The recovery of sponge particles is approximately 10% which is reused in the process of Induction furnace for steel making. By this, substantial amount of raw material (i.e., mineral) is saved. By doing this, we are using waste as a source of mineral & controlling environmental pollution.

9. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts. 100 % through abiding and implementing the IMS policy of the Company by all associates business value chain partner and its employees.

PRINCIPLE 7 Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

Essential Indicators

1. a. Number of affiliations with trade and industry chambers/ associations.
- b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

S. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1	Confederation of Indian Industry	National
2	PHD Chamber of Commerce and Industry	National
3	ASSOCHAM	National
4	Indian Chamber of Commerce and Industry	National
5	National Safety Council	National

2. Provide details of corrective action taken or underway on any issues related to anticompetitive conduct by the entity, based on adverse orders from regulatory authorities –

Name of authority	Brief of the case	Corrective action taken
Not Applicable		

Leadership Indicators

1. Details of public policy positions advocated by the entity:-

S. No.	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/No)	Frequency of Review by Board (Annually/ Half yearly/ Quarterly/ Others – please specify)	Web Link, if available
Not Applicable					

PRINCIPLE 8 Businesses should promote inclusive growth and equitable development

Essential Indicators

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year. -

Name and brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes / No))	Results communicated in public domain (Yes/ No)	Relevant Web link
Not Applicable					

Not Applicable as there were No Projects that require SIA as per Applicable Laws

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

S. No.	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In INR)
Not Applicable						

There is no any case of Rehabilitation and Resettlement (R&R)

3. Describe the mechanisms to receive and redress grievances of the community.

The community grievances are received in both written as well as verbal communication from nearby villages to our concern Dept., – The Company provides an opportunity for communities to inform their concerns and requirements and helps promote a transparent mechanism for understanding and resolving their grievances through appropriate and timely intervention.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

	FY 2023-2024 (Current Financial Year)	FY 2022-2023 (Previous Financial Year)
Directly sourced from MSMEs/ small producers	2.40%	~ 0.28%
Sourced directly from within the district and neighbouring districts	-	-

5. Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost

Location	FY 2023-24 Current Financial Year	FY 2022-23 Previous Financial Year
Rural	–	–
Semi-urban	–	–
Urban	–	–
Metropolitan	–	–

Leadership Indicators

- Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):

Details of negative social impact identified	Corrective action taken
Not Applicable	

There is no any negative social impacts identified.

- Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:

S. No.	State	Aspirational District	Amount spent (In INR)
1	Chhattisgarh	Janjgir - Champa	299.69 Lakhs
2	Delhi	South Delhi	1250.00 Lakhs
3	Odisha	Sirkaguttu Keonjhar	9.34 Lakhs

- Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No) NO – Company believes and gives Equal opportunity and fair opportunity to all Vendors and does not practice preferential procurement.

(b) From which marginalized /vulnerable groups do you procure? Not Applicable

(c) What percentage of total procurement (by value) does it constitute? - Not Applicable

- Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:-

S. No.	Intellectual Property based on traditional knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes / No)	Basis of calculating benefit share
Not Applicable				

- Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved:

Name of authority	Brief of the Case	Corrective action taken
Not Applicable		

- Details of beneficiaries of CSR Projects:

S. No.	CSR Project	No. of persons benefitted from CSR Projects	% of beneficiaries from vulnerable and marginalized group
1	Drinking water facility	6150	93.00%
2	Promotion of education	6300	89.00%
3	Health care	2900	94.00%
4	Environmental awareness- Plantation and water conservation	2300	97.00%
5	Promotion of Sport	1500	91.00%
6	Social causes	3500	97.00%

The execution of programs under the thematic heads Education, Healthcare, Rural Transformation, Environment and Sanitation are carried out with the support from development sector Organizations and institutions apart from implementation through respective CSR teams. Employee volunteering also acts as a critical implementing arm across for the earmarked communities. The interventions are carried out in tandem with local Government bodies to meet the social mandate for the earmarked communities.

The Company's Corporate Social Responsibility (CSR) initiatives are implemented through delivery mechanisms

comprising of employees, local bodies, non-governmental organizations, not for- profit entities and government institutions etc. The CSR is the integral part of the Company policy and all CSR initiatives is being planned, executed and monitored by the dedicated CSR Team.

PRINCIPLE 9 Businesses should engage with and provide value to their consumers in a responsible manner
Essential Indicators

- Describe the mechanisms in place to receive and respond to consumer complaints and feedback.
 The Company has implemented ISO-9001:2015 and have structured procedure under ISO -9001:2015 to receive and respond to consumer complaints and feedback. The Company take the customer satisfaction survey as per ISO-9001:2015 procedures and accordingly action is initiated for ensuring higher customer satisfaction.
- Turnover of products and/ services as a percentage of turnover from all products/service that carry information about: - Not Applicable

	As a percentage to total turnover
Environmental and social parameters relevant to the product	-
Safe and responsible usage	-
Recycling and/or safe disposal	-

- Number of consumer complaints in respect of the following:

- Does the entity have a framework/ policy on cyber security and risks related to data privacy? **(Yes/No)**
 If available, provide a web-link of the policy. - NO
- Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

No such issues arose relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services

7. Provide the following information relating to data breaches:
 - a. Number of instances of data breaches along-with impact:- Nil
 - b. Percentage of data breaches involving personally identifiable information of customer:- NIL

Leadership Indicators

1. Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available). – Yes, www.prakash.com.
2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.
As our Product is B2B and Industrial Usage Product, hence we mention the heat specific details on each billet and also provide the test certificate with each lot for safe and responsible usage of the product by the users in their manufacturing process.
3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.
Company has implemented ISO-9001:2015 (QMS) System and follow the procedure for customer centric approach, customer complaints redressal process and accordingly the customer communication is performed as per ISO documented procedures.
4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)
Yes, As our Product is B2B and Industrial Usage Product hence we mention heat specific details on the each billet and also provide the test certificate with each lot for traceability and safe and responsible use of product.

INFORMATION IN ACCORDANCE WITH THE PROVISIONS OF SECTION 134(3) (m) OF THE COMPANIES ACT 2013; READ WITH RULE 8 OF COMPANIES (ACCOUNTS) RULES 2014 REGARDING CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO FOR THE YEAR ENDED 31st MARCH, 2024**A) CONSERVATION OF ENERGY****I) STEPS TAKEN FOR IMPACT ON CONSERVATION OF ENERGY**

In order to ensure the energy conservation and energy efficiency in all manufacturing processes, the Company has implemented the Energy Management System and aligned its processes with ISO-50001-Energy Management System Standard.

The Company has undertaken regular energy audits by Confederation of Indian Industry (CII) and Other Competent Agencies for Energy Conservation study and also implemented their recommendations in all processes to conserve energy.

Following are the details of some of the initiatives taken by the Company to conserve energy :

Sponge Iron Division (SID)

1. Reduction of the specific coal consumption & optimization to a level to 1.29 T/T of DRI in 2023-24 from 1.34 T/T of DRI in 2022-23 in DRI Kilns with better process optimization and consistency in Coal Fc.
2. Increase in Steam Generation from WHRB attached to DRI Kilns by 10.60 %. Achieved 258.28 MT /hr steam in 2023-24 as compared to 233.51 MT/Hr in 2022-23 from all WHRB attached to Kilns by better combustion and better process control.
3. Increase in Yield in DRI kilns to 66.29% in 2023-24 from 66% in 2022-23 by better process optimization and efficient process controls and by optimizing the charge mix ratio of Iron Ore & Pellet.
4. Increase in DRI FeM in DRI kilns to 80.14 % in 2023-24 from 79.38 % in 2022-23 by better Raw Material usage, process optimization and efficient process controls.
5. Reduction of Off Grade Sponge Iron by 34.00% which also leads to improvement of Yield & energy savings in IFD Process apart from better process control and reduction of Coal Consumption in DRI Kilns. The Off Grade was 16.08 % in 2022-23 which is reduced to 10.54 % in 2023-24.
6. Reduction of dolomite consumption by 21.20% which leads to improvement of GCV of Coal Char being used in Power Generation as alternative fuel. It is reduced from 0.120 T/T of DRI in 2022-23 to 0.092 T/T of DRI in 2023-24 due to Less use of imported coal and more use of high FC domestic coal.
7. Installation of VVFD in higher size motors to save energy in Sponge Iron Division.
8. 03 Nos. coal dryers installed to dry the coal particularly in monsoon season for better efficiency in kiln. With the help of coal dryer, in monsoon also we are able to operate the kilns with full capacity and with good DRI grade as in dry season.
9. The catalyst Thermol the LDO was used in Coal dryers to reduce the LDO consumption during the Dryer Operation in the Monsoon Season.
10. A New Product named Super Absorbent Polymer (SAP333) was used in Monsoon season to reduce the Moisture of Iron Ore Fines which helped to utilize the iron ore fines during the monsoon season and lead to minimize the loss of iron ore fines during handling.
11. Improved the ESP Efficiency by ensuring proper Insulation of ESP in the Kilns to avoid the heat losses and better pollution control through stack. It also helped in improving the Life of the ESP by eliminating water entry in the ESP fields during rainy season.
12. Repair and maintenance of slip seal segments in Kilns time to time to control fugitive emissions. This also helped in preventing air ingress in the Kiln, which helped in the better process control and also leads to less fuel consumption.

Induction Furnace Division (IFD)

1. Improved the IFD Productivity and IFD yield by use of high grade Iron ore DRI and High Grade Pellet DRI in charge mix, with optimized process control, reduction in downtime and specific energy consumption. Improved the IFD Yield by 0.11 %. Yield was 80.45% in 2023-24 as compare to 80.34% in 2022-23.
2. Patching life improved considerably by using superior quality Ramming Mass as well as better charge mix. Improved the Patching life by 12.6% i.e. 11.17 heats / patching in the year 2023-24 as compared to 9.93 heats/

patching in 2022-23. This has also resulted into reduction of cost, ensured availability of Furnaces, increase in productivity and less energy Consumption.

3. Reduced the Specific Power consumption in IFD in spite of increased pellet Sponge fraction in the charge mix with the efficient operation and reduced downtime. Also auxiliary power consumption reduced by proper up-keeping of various auxiliaries.
4. Reduction in Ramming Mass consumption by 9.6% i.e. from 35.92 Kg/MT in 2022-23 to 32.78 % Kg / MT in 2023-24.
5. Reduction in SiMN consumption by 7.5 % i.e. from 12.9 Kg/Mt in 2022-23 to 12.02 Kg/MT in 2023-24.
6. Up-gradation of various older CCM & modifications in PLC system, drives, gear boxes, installation of water flow control valves, installation of S.S. Apron Segments etc. to ensure controlled breakdowns. This has also resulted in increasing the casting speed from 1.93 m/min to 2.4 m/min resulting the lesser power consumption & higher productivity.
7. Modification of withdrawal drives & new MAV Panel & modifications in 8 Ton Furnaces from Bottom drives to Top drives for smooth operation and better efficiency.
8. Modification of CCM Primary and Secondary cooling system for improved quality of water which lead to improved cooling efficiency, increased productivity, reduced power consumption & improved quality of Billets.
9. Modified the Control circuit in EOT cranes in various sheds which has controlled the slipping motor burning problem and minimized the crane downtime & thus helped in the smoother operation.
10. Modified the Water cooled cable mounting system with plate mounting system in IFD to minimize the component failure, to reduce breakdown and for better operation

SAF Division

1. Optimized the charge mix in SAF including improvement in quality of raw materials like Iron Ore lumps which lead to increase in the productivity & lesser power consumption.
2. Reduction of Specific Power by 1.07 % i.e. Approx.27 Kwh / T from 2637 KWh/ T in 2022-23 to 2610 Kwh/T in 2023-24. It could be made possible with increased used of Pearl coke, better Quality Iron Ore, better Process Control and Optimizing the SAF Operation. In charge mix, we used 70% pearl coke and 30 % Steam coal to improve the productivity and reduce the energy consumption
3. Modification in the Protection Shield & Mantle in SAF, resulting better productivity, less power consumption and reduced downtime.
4. Existing Coil Type Feeder is Replaced with efficient unbalanced motorized vibro feeder in batching system of SAF to get fulfill batching cycle with lesser time. It will improve the Productivity and smooth operation and less running hours of Batching system.
5. Metallic coated PU liner has been fitted to feeder tray of batching system to have uninterrupted flow of material discharge. Also installed the unbalanced motorized vibro-feeder in batching system in place of coil type feeder to modify batching cycle with lesser time. It leads to improve the productivity and less power consumption.
6. SAF Furnace Digging work carried out in all SAF to remove the accumulation inside the furnace. It is done to increase the furnace hearth areas, to optimize the operation, to improve electrode penetration and to reduce the break down and thus helped in achieving maximum production by utilizing maximum furnace volume.
7. Replacement of Flexible copper wire ropes in SAF time to time to operate the Furnace at Optimum Load with better efficiency & lesser power consumption.
8. Achieved the optimum load, reduced power consumption and taken higher productivity in SAF by replacing the Smoke hood, protection Shield and Pressure rings time to time. It has also helped in efficient operation and minimization of the downtime.
9. Reduced the Downtime by replacing the Electrode Water Jacket with new improved one, which leads to reduce the water leakages, sparking problem and also controlled the electrode breakages.

Power Plant Division

1. Performed the efficient Condenser cleaning for improving the vacuum & thereby reduction in SSC in TG sets. Also installed online condenser cleaning system for ensuring the sustenance of the vacuum level for optimized steam consumption in the turbines
2. Replacement & modification in the Economizer Coils in WHRB attached with Kilns for increasing the availability and reliability of boilers which has resulted in controlling the leakages & also ensured more power generations & thus helped in energy conservation.

3. Upgraded / modified the TG islanding system at 4x 25 MW Power Plant to avoid total blackout condition and power failure during any interruption in grid. This has resulted into higher production due to uninterrupted power supply to various production units. Also done changes in the Auxillary power arrangement in 4 X 25 MW Power Plant for better & effective islanding of Turbines during any grid disturbance or failure.
4. The PLC system of TG is isolated and removed by developing the robust logics and Programming in Main DCS of TG System for smoother operation of Oil Centrifuge of TG. It has controlled the downtime due to substantial reduction in panel mounted PLC related problems. This scheme has been implemented for all the TG sets in 4x25 MW.
5. Upgraded the TG islanding system at 4x 25 MW Power Plant to avoid total blackout condition and power failure during any interruption in grid. This is resulted into sustenance of the production and uninterrupted power supply.
6. The Auxiliary Power of TG & Boiler of N1 shifted to TG -N2 bus bar to keep the auxiliary power of TG -N1 and Boiler in healthy condition during Grid disturbances. Earlier the Auxiliary power of N1 & Boiler was used to fail during Grid failure due to TG N1 did not come in island mode because of its low bus bar load. This has resulted intor reduction of downtime of TG and the usage of DG for TG -N1 is eliminated. This modification will also be implemented in TG-N 3 also.
7. The PLC System of TG N1 is isolated and removed by developing the robust logics and Programming in Main DCS of TG System for operation of Oil Centrifuge of TG-N1. It has eliminated downtime for panel mounted PLC related problems. This scheme has been implemented for all the 4x25 mw TGs and saved the cost of PLC system.
8. Coal Additive Application of Multifunctional Combustion Catalyst is used and achieved significant Coal Savings in Boiler and also Reduction in Loss of Ignition which has resulted making fly ash usable for cement plants. Fly Ash is being sent to cement plant in closed bulker, which is contributing in environment improvement apart from creating the wealth from waste.
9. Improved the Cooling Tower's Cooling Efficiency by performing the Cooling Tower cleaning and overhauling which leads to improvement of the performance of Turbines by ensuring the condenser vacuum within design limits resulting maximum generation with minimum steam consumption and reduction of Auxiliary power consumption.
10. Enhanced the Use of Kiln waste product "Char" (usage about 30 – 35%) in boiler as alternative fuel of coal which leads to reduction of Fresh Coal procurement and also leads to better use of Waste Management.
11. Improved the ESP Efficiency by adequate Insulation of ESPs of FBB's and WHRBs to avoid the heat losses and ensured better pollution control through stack. It has also helped in improving the Life of the ESP by eliminating water entry in the ESP fields during rainy season.
12. Replacement of HPSV & Fluorescent tubes lights by energy efficient LED lights in the Power Plant.
13. Installed the Sonic horn type soot blowers in WHRB Boilers in place of old Steam soot blowers. It has resulted into increased power generations as well as savings of steam. This has also reduced the erosion rate which will reduce the failure rate of boiler tubes. By installing the sonic horn the boiler flue gas outlet temperature also reduced by approx. 10-15 degree C.
14. Replacement of the APH tubes and bed coils in AFBC boilers for increasing the availability and reliability of boilers and to control the air ingress, which has resulted in the lower fuel consumption and more power generations & thus helped in energy conservation.
15. Reduced the Specific Steam Consumption from 4.36 T / MW to Designed 4.05 T / MW in TG sets by performing the Overhauling of TG sets. It leads to significant saving of Fuel consumption and energy Consumption.

II) STEPS TAKEN BY THE COMPANY FOR UTILIZING ALTERNATE SOURCES OF ENERGY

The alternate source of energy used by the Company is Power Generation through Waste Heat Recovery Boilers attached with DRI Kilns by utilizing waste heat of flue gases of Kilns. Apart from Power Generation by WHRB based, power is also generated through AFBC Boilers using the Coal Char, the solid waste of Kilns as alternate fuel to save Coal. To meet out additional power demand during peak demand of Furnaces in Steel Melting Shop, power is sourced from the Grid (CSEB).

PROCESS IMPROVEMENT

Sponge Iron Division (SID)

1. Optimized the Kiln Process and ensured better process control and Product Quality by operating the installed latest technology Cone Crusher to meet the requirement of the kilns. This has helped in procurement of lower unsized iron ore in place higher cost sized iron ore.

2. Reutilisation of the used Air tubes by recycling and Refurbishment without affecting the life of the air tube. This has helped in better waste management as well as in better planning of air tubes inventory. Apart from this, by regular modification in the chemistry of air tubes, the Company has achieved air tubes life of more than 50 days against previous life of 25-30 days.
3. Installed a new product separation circuit for kiln 6 by separating it from kiln 4/5 product separation circuit. Due to this new circuit load on old separation is reduced leading to better recovery of sponge iron, which has resulted in less generation of lower Fem MRH generation. This has ultimately resulted into better DRI Yield and helps in IFD operation.
4. Rearranged the route & networking of Ash Handling System Pipe Lines in ESP's attached to DRI Kilns. This has resulted in power saving of pug mill, RAV, building lighting and also minimize, the fugitive emission due to reduction in Storage, handling and unloading points.
5. Planned K3 PLC system Up-Gradation with latest accordingly which is under progress and will help for the Better Process and Operation Control.
6. Installation of New cooling towers in Kilns for adequate and appropriate cooling of DRI below 150 Deg carrying out from cooler discharge to avoid the Belt damage and helps in controlling in oxidation of DRI.
7. SID Weigh feeders are replaced with side wall type weigh feeders in Kilns to obtain more accuracy and thus helped in stable operation of Kilns.
8. Installation & continuous use of Coal Dryers to dry the high moisture Coal which has helped in better productivity & better quality of product in SID.
9. Continuous operation and use of Dry Density Separator (DNS) for ROM coal to Improve the FC of the ROM Coal by separating and removing the Stone and Shell stone from the coal for providing the consistent quality material to Kiln Feed, which lead to reduction of ash content in Coal, helped in better process control and better kiln operation.
10. The bag filters are installed in kiln fines bin to reduce dust content in sponge iron. This has resulted in reduction of the fugitive emission and also improved productivity in IFD.
11. Regular use of improved version of HPNB air tubes with 35 Ni has helped in improving life of air tubes in hot zones from average 25 days to 55 Days. This has also helped in lesser no. of kiln holds for air tube replacement and in maintaining the consistency of Product quality and better process control.

Induction Furnace Division

1. Installed and effectively used the Hydraulic pushers to avoid furnace jamming during more percentage of pellets sponge in the charge mix in IFD. This has also helped in optimizing the power consumption.
1. Modified the Discharge Roller Table and other parts in CCM which leads to improvement in Billet rotation movement on the table and reduction of the breakdowns.
2. Replaced the fixed stroke Eccentric Cam assembly with Eccentric Cam assembly (adjustable) in 8T Shed to improve the flexibility for Section Change and Stock Length Change of Billets which has lead to reduction in the time for change from 110 mm billet to 125 mm Billet.
3. Installation of slag Processing Unit for ensuring maximum metal recovery from IFD slag solid waste as well as better output quality. It results into better recovery and reduce / optimize the DRI Consumption and better solid waste management.
4. Modified the CCM Primary and Secondary cooling system for improved quality of water which lead to improved cooling efficiency, increased productivity & reduced power consumption.
5. Modification of secondary cooling system, header and risers modified at all CCM's. Reduce consumption of water hose, also increased cooling leads to smooth operation and improve product quality.
6. Modified the Control circuit in EOT cranes in various sheds which has controlled the slipping motor burning problem and minimized the crane downtime & thus helped in the smoother operation.
7. Modified the Water cooled cable mounting system with plate mounting system in IFD to minimize the component failure, to reduce breakdown and for better operations.

Power Plant Division

1. Upgraded the TG islanding system at 4x 25 MW Power Plant to avoid total blackout condition and power failure during any interruption in grid. This is resulted into sustenance of the production and uninterrupted power supply.
2. The Auxiliary Power of TG & Boiler of N1 shifted to TG -N2 bus bar to keep the auxiliary power of TG -N1 and Boiler in healthy condition during Grid disturbances. Earlier the Auxiliary power of N1 & Boiler was used to fail

during Grid failure due to TG N1 did not come in island mode because of its low bus bar load. This has resulted into reduction of downtime of TG and the usage of DG for TG -N1 is eliminated. This modification will also be implemented in TG-N 3 also.

3. The PLC System of TG N1 is isolated and removed by developing the robust logics and Programming in Main DCS of TG System for operation of Oil Centrifuge of TG-N1. It has eliminated downtime for panel mounted PLC related problems. This scheme has been implemented for all the 4x25 mw TGs and saved the cost of PLC system.
4. Adopted the efficient cleaning of TG oil with special filtration machine. This has ensured the oil quality as per the requirement.
5. Installed the vibration sensors in Cooling tower fans and motors for predictive analysis which has helped us in diagnosing the problem at early stage. It has also provided the real time vibration data analytics and alerts. Thus this system has helped in Predictive maintenance and resulted into reduction of breakdowns significantly.
6. Revamping of Cooling Towers for improving efficiency & performance of Turbines as well as to reduce Auxiliary power consumption.
7. Plastic refractory applied in boiler bed coils for increasing life of tubes and for avoiding direct hitting of bed material with bed coil tubes during operation.
8. Regularly performed the Condenser cleaning of Turbines with chemical and jet cleaning method for improving the vacuum for optimized steam consumption, generator air cooler temperature and to reduce oil temperature in the turbines. Also installed online condenser cleaning system for ensuring the sustenance of the vacuum level for optimized steam consumption in the turbines.
9. Replacement & modification in the economizer coils of WHRB Boilers for increasing the availability and reliability of boilers which has resulted into the controlled boiler leakages and more power generations.
10. Upgraded the TG islanding system at 4x 25 MW Power Plant to avoid total blackout condition and power failure during any interruption in grid. This has resulted into sustenance of the production and uninterrupted power supply.

SAF Division

1. Replaced the Mantle, Protection shield and Smoke hood of SAF time to time to avoid water leakages, to Minimize Break down, to Improve Productivity & Efficiency, to reduce Energy Consumption, optimization of the operation and to Control the Fugitive Emissions.
2. The New Metallic coated PU liner has been fitted to feeder tray of batching system to have uninterrupted flow of material discharge for smooth operation and to minimize spillages and Jamming.
3. Existing Coil Type Feeder is Replaced with efficient unbalanced motorized vibro feeder in batching system of SAF to get fulfill batching cycle with lesser time. It will improve the Productivity and smooth operation and less running hours of Batching system.
4. Replaced the Water jacket of SAF to avoid frequent water leakages and break downs, which has leads to improved productivity and reduced energy consumption.
5. The Furnace Cleaning and Digging work done in SAF to minimize the break down and to achieve maximum production and reduce the Power Consumption.

INDEPENDENT AUDITOR'S REPORT

To,

THE MEMBERS OF PRAKASH INDUSTRIES LIMITED

Report on the Audit of the Financial Statements**Qualified Opinion**

We have audited the accompanying financial statements of **Prakash Industries Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year on that date and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter(s) described in the Basis for Qualified Opinion section of our report, the aforesaid financial statements give the true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

1. Note 34 and 35 to the statement of financial results, wherein the deferred tax assets of ₹8,821 for the year ended on March 31, 2024, has been adjusted against the Securities Premium Account in terms of a court order. Further, unused MAT Credit Entitlement utilised during the year for the net increased tax liability of the earlier year, determined at the time of assessment, aggregating to ₹1,132 lakhs have been adjusted against the opening balance of retained earnings. Had the current tax and deferred tax been accounted for pursuant to Ind AS -12 'Income Taxes', tax expense would have been higher by ₹1,132 lakhs and net profit and total comprehensive income after tax for year ended on March 31, 2024, would have been higher by ₹7,689 lakhs respectively.
2. Note 36 to the statement of financial results, an amount of ₹35,020 lakhs has been withdrawn from the general reserve to adjust the equivalent amount with respect to the impairment of certain assets. The management has decided to value the assets at fair value, therefore an amount of ₹35,020 lakhs has been reduced from the WDV of the assets and shown under the Exceptional Item. Had this adjustment not been made, net profit before and after-tax and total comprehensive income after tax for the year ended on March 31, 2024, would have been lower by ₹35,020 lakhs.

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

S No.	Key Audit Matters	Auditor's Response
1.	<p>Assessment of litigation and related disclosure of contingent liabilities Refer to Note 31 to the Financial Statements- "Use of estimates and critical accounting judgements- Provisions and contingent liabilities".</p> <p>As at March 31, 2024, the Company has exposures towards litigations relating to various matters as set out in the aforesaid Notes, Significant management judgement is required to assess such matters to determine the probability of occurrence of material outflow of economic resources and whether a provision should be recognised, or a disclosure should be made. The management judgement is also supported with legal advice in certain cases as considered appropriate. As the ultimate outcome of the matters are uncertain and the positions taken by the management are based on the application of their best judgement, related legal advice including those relating interpretation of laws/regulations, it is considered to be a Key Audit Matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> - Obtained management assessment on the litigation along with the communications made to the Board of Directors and regulators; - We understood, assessed of available information and tested the design and operating effectiveness of key controls surrounding assessment of litigation relating to the relevant laws and regulations; - We performed our assessment on a test basis on the underlying calculations supporting the contingent liabilities/ other significant litigations made in the Financial Statements; - We evaluated management's assessment around those matters that are not disclosed or not considered as contingent liability, as the probability of material outflow is considered to be remote by the management; and - We assessed the adequacy of the Company's disclosures based on the above work performed, management's assessment in respect of litigation and related disclosures relating to contingent liabilities/other significant litigations in the Financial Statements are considered to be reasonable.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including its Annexures, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going

concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with the governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in

our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"). Issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-A" a statement on the matters specified in paragraph 3 and 4 of the order, to the extent applicable.

As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and except for the matter described under the "Basis for Qualified Opinion" paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) Except for the effects of the matter described in the "Basis for Qualified Opinion" paragraph, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion" paragraph, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules 2014.
- e) On the basis of written representations received from the directors as on March 31, 2024 taken on the record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of section 164(2) of the Act.
- f) The qualification relating to the maintenance of account other matter connected there with are as stated in the "Basis for Qualified Opinion" paragraph.
- g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B". Our report expresses a modified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- h) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid during the current year by the company to directors is in accordance with the provisions of section 197 of the Act.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The company has disclosed the impact of pending litigations on its financial position in its financial statements, (Refer to note no. 31)
 - ii. Except for the matter described under the "Basis for Qualified Opinion" paragraph, the Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring the amount required to be transferred, to the Investor Education and Protection Fund by the Company during the year.
 - iv (a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or

on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- iv (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- iv (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. As stated in the note 47 of the financial statement, the board have proposed the final dividend of ₹1.20 per share of ₹10.00 each for the year which is subject to approval at the annual meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to the declaration of dividend.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2024, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on the preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in 'Report on other Legal and Regulatory Requirement' section of our report to the Members of PRAKASH INDUSTRIES LIMITED of even date)

Report on the Internal Financial Controls over Financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Prakash Industries Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

In our opinion according to the information and explanations given to us and based on our audit, the following material weakness has been identified as at March 31, 2024:

The Company did not have appropriate internal financial controls in respect of control over process of Ind AS-12 “Income Taxes” and accounting thereof. The inadequate supervisory and review control over Company’s process in respect of its aforesaid assessment in accordance with the accounting principles generally accepted in India could potentially result in a material misstatement in preparation and presentation of financial statement including the profit/loss after tax.

A ‘material weakness’ is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company’s annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified opinion

In our opinion, except for the effects of material weaknesses described in “Basis for Qualified Opinion” paragraph above, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements of the Company for the year ended on March 31, 2024, and these material weaknesses have affected our opinion on the financial statements of the Company and we have issued a qualified opinion on the financial statements.

Notes on financial statements

1. Company Overview

Prakash Industries Limited (the “Company”) is a public limited company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India and its equity shares are listed on the National Stock Exchange (NSE) and Bombay Stock Exchange(BSE) in India. It has been engaged primarily in the business of manufacture and sale of Steel Products and generation of Power. The Company has its manufacturing facilities in India and sells products in India.

The financial statements for the year ended 31st March, 2024 were approved for issue in accordance with a resolution of the Board of Directors of the Company dated 17th May, 2024.

2. Significant Accounting policies

2.1 Basis of preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended, and presentation requirements of Schedule III to the Act under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presented in INR, which is also the Company's functional currency and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

All assets and liabilities, other than deferred tax assets and liabilities, have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III (Division II) to the Act. Deferred tax assets and liabilities are classified as non-current assets and liabilities. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for current and non-current classification of assets and liabilities.

2.2 Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements in conformity with the Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at the date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgements In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

Discount rate used to determine the carrying amount of the Company's defined benefit obligation: In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

Contingences and commitments: In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, company treat them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, company does not expect them to have a materially adverse impact on the financial position or profitability.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Income taxes: The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions.

Useful lives of property, plant and equipment: As described in note 2.7, the Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period. During the current financial year, the management determined that there were no changes to the useful lives and residual values of the property, plant and equipment.

Allowances for doubtful debts: The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgement and estimates.

2.3 Operating Cycle and Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification in accordance with Part-I of Division- II of Schedule III of the Companies Act, 2013.

An asset is treated as current when it (a) Expected to be realised or intended to be sold or consumed in normal operating cycle; (b) Held primarily for the purpose of trading; or (c) Expected to be realised within twelve months after the reporting period, or (d) The asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when (a) It is expected to be settled in normal operating cycle; or (b) It is held primarily for the purpose of trading; or (c) It is due to be settled within twelve months after the reporting period, or (d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, results in its settlement by the issue of equity instruments do not affect its classification. The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its normal operating cycle.

2.4 Revenue recognition

Revenue

The Company manufactures and sells a range of steel products. The disclosures of significant accounting judgments, estimates and assumptions relating to revenue from contracts with customers are provided below.

Sale of products

Revenue from sale of products is recognised when control of the products has transferred, being when the products are delivered to the customer. Delivery occurs when the products have been delivered to the specific location as the case may be, the risks of loss has been transferred, and either the customer has accepted the products in accordance with the sales contract, or the Company has objective evidence that all criteria for acceptance have been satisfied. Sale of products include related ancillary services, if any.

Revenue from these sales is recognised based on the price specified in the contract, net of the estimated trade discounts. Accumulated experience is used to estimate and provide for the discounts, using the most likely method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur.

No element of financing is deemed present as the sales are generally made with a credit term of 30-60 days, which is consistent with market practice. Any obligation to provide a refund is recognised as a provision. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due. The Company does not have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year.

Interest income Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Dividends Dividend income from investments is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

2.5 Segment Reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the Chief Financial Officer in deciding how to allocate resources and assessing performance. Thus, the Company's business falls under - one operational segment i.e. "Iron & Steel".

The entire power generated by its power plant at Champa is captively used by the Company in its production processes of iron & steel. Therefore, in terms of Para 12 of Ind AS 108, the management has decided to aggregate it into primary business operating segment i.e., "Iron & Steel". Hence, the figure of captive power generation has been included in one reportable segment "Iron & Steel".

Moreover, Wind Power Business does not meet any of the quantitative thresholds as defined in the Para 13 of Ind AS 108 . Hence, the information about that segment is not being continued to be reported separately in the current period.

2.6 Foreign Currencies

Functional currency: The functional currency of the Company is the Indian rupee.

Transactions and translations: Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign-currency-denominated monetary assets and liabilities are translated into the

relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

Foreign exchange difference regarded as borrowing taken for non-monetary items, an adjustment to borrowing costs are presented/reported as part of non-monetary item.

2.7 Property, plant and equipment

Property, plant and equipment (PPE) are initially recognised at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost) directly attributable to acquisition, construction or production of qualifying assets subsequent to initial recognition, PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and useful lives.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and capital work in progress) less their residual values over the useful lives, using the straight-line method ("SLM") in the manner prescribed in Schedule II of the Act. Management believes based on a technical evaluation (which is based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.) that the useful lives of the assets as considered by the company reflect the periods over which these assets are expected to be used.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

Mining assets are amortised over the useful life of the mine or lease period whichever is lower.

Freehold land is not depreciated.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Fully depreciated assets still in use are retained in financial statements.

2.8 i. Exploration for and evaluation of mineral resources

Expenditures associated with search for specific mineral resources are recognised as exploration and evaluation assets. The following expenditure comprises cost of exploration and evaluation assets:

- obtaining of the rights to explore and evaluate mineral reserves and resources including costs directly related to this acquisition.
- researching and analysing existing exploration data.
- conducting geological studies, exploratory drilling and sampling
- examining and testing extraction and treatment methods
- compiling pre-feasibility and feasibility studies
- activities in relation to evaluating the technical feasibility and commercial viability of extracting a mineral resource.

Administration and other overhead costs are charged to the cost of exploration and evaluation assets only if directly related to an exploration and evaluation project.

If a project does not prove viable, all irrecoverable exploration and evaluation expenditure associated with the project net of any related impairment allowances is written off to the statement of profit and loss.

The Company measures its exploration and evaluation assets at cost and classifies as property, plant and equipment or intangible assets according to the nature of the assets acquired and applies the classification consistently. To the extent that a tangible asset is consumed in developing an intangible asset, the amount reflecting that consumption is capitalised as a part of the cost of the intangible asset.

As the asset is not available for use, it is not depreciated. All exploration and evaluation assets are monitored for indications of impairment. An exploration and evaluation asset is no longer classified as such when the technical feasibility and commercial viability of extracting a mineral resource are demonstrable and the development of the deposit is sanctioned by the management. The carrying value of such exploration and evaluation asset is reclassified to mining assets.

ii. Development expenditure for mineral reserves

Development is the establishment of access to mineral reserves and other preparations for commercial production. Development activities often continue during production and include:

- sinking shafts and underground drifts (often called mine development)
- making permanent excavations
- developing passageways and rooms or galleries
- building roads and tunnels and
- advance removal of overburden and waste rock

Development (or construction) also includes the installation of infrastructure (e.g., roads, utilities and housing), machinery, equipment and facilities.

Development expenditure is capitalised and presented as part of mining assets. No depreciation is charged on the development expenditure before the start of commercial production.

iii. Provision for restoration and environmental costs

The Company has liabilities related to restoration of soil and other related works, which are due upon the closure of certain of its mining sites.

Such liabilities are estimated case-by-case based on available information, taking into account applicable local legal requirements. The estimation is made using existing technology, at current prices, and discounted using an appropriate discount rate where the effect of time value of money is material.

Future restoration and environmental costs, discounted to net present value, are capitalised and the corresponding restoration liability is raised as soon as the obligation to incur such costs arises. Future restoration and environmental costs are capitalized in property, plant and equipment or mining assets as appropriate and are depreciated over the life of the related asset. The effect of time value of money on the restoration and environmental costs liability is recognised in the statement of profit and loss.

2.9 Capital work-in-progress

Capital work-in-progress is carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

2.10 Intangible assets

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

The Company amortises intangible assets with a finite useful life using the straight-line method over the useful lives determined by the terms of the agreement /contract. The estimated useful life is reviewed annually by the management.

2.11 Impairment of PPE and intangibles assets: Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the Statement of Profit and Loss.

2.12 Investment in subsidiary/joint ventures (JV)

Investments in subsidiary/JV are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiary/JV, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

2.13 Income tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax: Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax: Deferred income tax is recognized using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of a deferred tax asset is reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.14 Operating Leases Including Investment Properties

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

a) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to note 2.11 for accounting policies on impairment of nonfinancial assets.

b) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments primarily comprise of fixed payments.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

c) Short-term leases and leases of low value assets

The Company applies the short-term lease recognition exemption to its short-term leases of office spaces and certain equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that

are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

As a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income

2.15 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.16 Provisions and Contingent Liabilities:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.17 Inventories

Inventories are valued at lower of cost on FIFO basis and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.18 Non-derivative financial instruments**Classification**

The classification is done depending upon the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets classified as 'measured at fair value', gains and losses will either be recorded in profit or loss or other comprehensive income, as elected. For assets classified as 'measured at amortized cost', this will depend on the business model and contractual terms of the cash flows.

Initial Measurement and Recognition

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

a. Financial assets – Subsequent measurement

Financial assets at amortised cost: Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI): Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

Financial assets at fair value through profit or loss (FVTPL): Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

b. Financial liabilities - Subsequent measurement

Financial liabilities are measured at amortised cost using the effective interest method. The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings: After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost on accrual basis.

Composite financial Instrument: The fair value of the liability portion of an optionally convertible bond is determined using a market interest rate for an equivalent non-convertible bond. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion or redemption of the bonds. The remainder of the proceeds is attributable to the equity portion of the compound instrument. This is recognised and included in shareholders' equity.

Impairment of financial assets

The Company assesses on a forward-looking basis, the expected credit losses associated with its financial assets carried at amortised cost for e.g., debt securities, deposits, trade receivables and bank balances; and lease receivables. The impairment methodology applied depends on whether there has been a significant increase in credit risk and if so, assess the need to provide for the same in the Statement of Profit and Loss.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables and all lease receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime expected credit losses (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument over the expected life of the financial instrument.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss. The Balance Sheet presentation for various financial instruments is described below:

- Financial assets measured at amortised cost, revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the Balance Sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments based on shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For debt instruments at fair value through OCI, the Company applies the low credit risk simplification. At every reporting date, the Company evaluates whether the debt instrument is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Company reassesses the internal credit rating of the debt instrument.

However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

c. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in financial statements if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.19 Borrowing costs

General and specific borrowing costs (including exchange differences arising from foreign currency borrowing to the extent that they are regarded as an adjustment to interest cost) that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

Foreign exchange difference regarded as borrowing taken for non-monetary items, an adjustment to borrowing costs are presented/reported as part of non-monetary item.

2.20 Employee Benefits

Employee benefits consist of contribution to employees state insurance, provident fund, gratuity fund and compensated absences.

Post-employment benefit plans**Defined Contribution plans**

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

Defined benefit plans

The Company operates defined benefit plan in the form of gratuity and compensated absence. The liability or asset recognised in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the said obligation is determined by discounting the estimated future cash out flows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

The interest expenses are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest expense on the net defined benefit liability or asset is recognised in the Statement of Profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

The classification of the company's net obligation into current and non-current is as per the actuarial valuation report.

2.21 Earnings per share (EPS)

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

44. Financial risk management

44.1 Capital management

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximizing the return to stakeholders through optimization of debt and equity balance. The Company is not subject to any externally imposed capital requirements.

The capital structure of the Company consists of net debt (borrowings as detailed in notes 15 and 18 less cash and bank balances as detailed in note 9 & 10) and total equity of the Company. Equity consists of equity capital, share premium and all other equity reserves attributable to the equity holders.

Notes on financial statements

₹ in lakhs

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants.

(a) Capital risk management

The Company's objectives when managing capital are to

- Safeguard its ability to continue as a going concern, so that it can continue to provide returns to shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital.

The company strategy is to optimize gearing ratio. The gearing ratios were as follows:

₹ in lakhs

Particulars	As at 31 st March, 2024	As at 31 st March, 2023
Net debt	8,461	29,997
Total equity	3,02,375	2, 95,379
Net debt to equity ratio (in times)	0.03	0.10

44.2 Financial risk management

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support the Company's operations. The Company's principal financial assets comprise investments, cash and bank balance, trade and other receivables.

The Company is exposed to various financial risks such as market risk, credit risk and liquidity risk. The financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

a. Market risk

The Company's activities expose it primarily to the financial risk of changes in foreign currency exchange rates and changes in interest rates. There have been no changes to the Company's exposure to market risk or the manner in which it manages and measures the risk in recent past.

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include borrowings and bank deposits.

i. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates is limited.

Interest-rate risk exposure: the exposure of the company borrowing to interest-rate changes at the end of the reporting period	As at 31 st March, 2024	As at 31 st March, 2023
Variable rate borrowings	15,078	23,701
Fixed rate borrowings	20,973	28,872

Sensitivity: Profit or loss is sensitive to higher/lower interest expense from borrowing as a result of change in interest rate

₹ in lakhs

Impact on profit after tax	As at 31 st March, 2024	As at 31 st March, 2023
Interest rate - increased by 50 basis points (Previous Year 50 bps)	(75)	(119)
Interest rate - decreased by 50 basis points (Previous Year 50 bps)	75	119

ii. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's borrowings. The Company's foreign currency risks are identified, measured and managed at periodic intervals in accordance with the Company's policies.

b. Credit risk

Credit risk is the risk that counterparty will default on its contractual obligations resulting in financial loss to the company. The Company has adopted a policy of only dealing with creditworthy customers.

The credit limit is granted to a customer after assessing the Credit worthiness based on the information supplied by credit rating agencies, publicly available financial information or its own past trading records and trends.

At March 31, 2024, the company did not consider there to be any significant concentration of credit risk, which had not been adequately provided for. The carrying amount of the financial assets recorded in the financial statements, grossed up for any allowances for losses, represent the maximum exposure to credit risk.

17. Since the AGM will be held through VC / OAVM, the Route Map is not annexed to this Notice.
18. **The instructions for shareholders voting electronically are as under:**

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non- individual shareholders in demat mode.

- (i) The voting period begins on Friday, the 27th September, 2024 (09:00 a.m.) and ends on Sunday, the 29th September, 2024 (05:00 p.m.). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. 23rd September, 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Members who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 9th December, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at this item of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year 2024-25.

The Board recommends the Resolution set out at Item No.4 for ratification by the members.

Item No.5

The Company had received a request letter dated 8th August, 2024 from Aircon Systems (India) Private Limited belonging to the promoter group of the Company for re-classification from the 'promoter and promoter group' category to 'public' category shareholder in accordance with Regulation 31A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations"):

Aircon Systems (India) Private Limited has in their request letter informed the Company that they are neither a part of the Board of Directors of the Company nor hold any Key Managerial Position through their authorised representative in the Company. Further, they had confirmed in their letter that they do not participate in the management of the Company in any manner or capacity and do not have any special rights in the Company through formal or informal arrangements, including any shareholder agreement.

Pursuant to the provisions of Regulation 31A(3)(b) of the Listing Regulations, Aircon Systems (India) Private Limited in their request letter, has confirmed that along with the persons related to them:

- (a) do not hold more than 10% of the voting rights in the Company;
- (b) do not exercise control over the affairs of the Company directly or indirectly;
- (c) do not have any special rights with respect to the Company through formal or informal arrangements including through any shareholder agreements;
- (d) are not represented on the Board (including not having a nominee director) of the Company;
- (e) are not acting as Key Managerial Personnel in the Company;
- (f) are not 'willful defaulter' as per the Reserve Bank of India Guidelines; and
- (g) are not fugitive economic offenders.

In view of the above, and on the basis of the rationale and the confirmations received from Aircon Systems (India) Private Limited, the Board of Directors of the Company, at its meeting held on 12th August, 2024, analyzed the request made by Aircon Systems (India) Private Limited and in compliance with Regulation 31A of the Listing Regulations, approved the request for re-classification, inter alia subject to approval by the members, the stock exchanges where the shares of the Company are listed namely BSE Limited and National Stock Exchange of India Limited (collectively "Stock Exchanges"), and/or such other approval, if any as may be necessary in this regard.

As required under Regulation 31A(8) of the Listing Regulations, the Company has intimated the Stock Exchanges of receipt of reclassification request from Aircon Systems (India) Private Limited on 9th August, 2024 and the extract of the minutes of the meeting of the Board of Directors of the Company approving the re-classification was submitted to the Stock Exchanges on 12th August, 2024.

In accordance with Regulation 31A(3)(a)(iii) of the Listing Regulations, the reclassification of status of a shareholder holding more than one percent of the total voting rights in the Company, from the 'promoter and promoter group' category to

the 'public' category, inter alia requires approval of the members of the Company by way of an ordinary resolution. Therefore, the aforesaid request for re-classification of Aircon Systems (India) Private Limited is being placed before the members of the Company for approval by way of an ordinary resolution.

The Company is in compliance with the requirement for minimum public shareholding as required under Regulation 38 of the Listing Regulations, does not have trading in its shares suspended by the Stock Exchanges and does not have any outstanding dues to the Securities and Exchange Board of India, the Stock Exchanges or the depositories.

Further, the promoter(s) seeking reclassification and persons related to them shall not vote to approve such reclassification request.

None of the Directors or key managerial personnel of the Company or their relatives, are in any way concerned or interested in the proposed resolution as set out in item No. 5 of the Notice.

The Board of Directors of the Company recommends the resolution as set out in item No. 5 of the Notice for the approval of the members of the Company as an ordinary resolution.

Item No.6

The objective of adding new Object Clause of the Company is to expand its investment opportunities by including the acquisition, holding, purchase, sale, and dealing in shares, stock, debentures, bonds, obligations, and securities issued or guaranteed by any government, mutual funds, Alternative

Investment Funds (AIF), public sector companies, or any other companies globally. This amendment also allows the Company to underwrite these financial instruments and engage within the commodity market, capital market, foreign exchange, and metal market. Additionally, it includes provisions for dealing, trading, and writing futures, options, swaps, and other financial derivatives related to these markets. The proposed amendment aims to broaden the Company's business scope, allowing it to capitalize on diverse investment opportunities. By participating in both domestic and international markets, the Company can increase revenue streams, manage risks more effectively through diversified investment strategies, and maximize shareholder value.

None of the Directors or key managerial personnel of the Company or their relatives, are in any way concerned or interested in the proposed resolution as set out in item No. 6 of the Notice.

The Board of Directors of the Company recommends the resolution as set out in item No. 6 of the Notice for the approval of the members of the Company as a special resolution.
