COVID IMPACT

Bengaluru sees sharpest fall in revenue per available room

PRESS TRUST OF INDIA
Bengaluru, August 24

BENGALURU HAS SEEN the sharpest decline in revenue per available room (RevPAR) among major Indian cities due to the ongoing Covid-19 pandemic, according to global property consultant JLL. JLL's India Hotel Recovery Guide - Bengaluru, released on Monday, said as of year to date (YTD) July 2020, RevPAR declined by 59% year-on-year (y-o-y). But RevPAR is expected to bottom out in the fourth quarter of 2020 as the government gradually eases lockdown restrictions and domestic travel begins to pick up, it said. Occupancy was down 53% YTD July (y-o-y), it said. Bengaluru saw 4.8 million international passenger arrivals in 2019, up 13% y-o-y, while the total number of branded keys at the end of last year stood at 14,987, up 4% y-o-y, according to a JLL statement.

demand led by information and fintech companies.

Once life settles around Covid-19, Bengaluru's hotel market is expected to bounce back, albeit slowly over the next couple of years, JLL said.

"The hotels which are linked to office parks could get back to business earlier as compared to the ones with huge banqueting and conferencing facilities, said Jaideep Dang, managing director, Hotels & Hospitality Group (India), JLL.

The Silicon Valley of India is expected to see a greater interest from private equity players, high-net-worth individuals and distressed asset funds as they capitalise on opportunities to invest in hotel assets which would be valued at a discount to their pre-Covid-19 values, according to JLL.

However, transactions will likely only occur once travel restrictions are further eased and site visits are facilitated.

The good news in case of Bengaluru city is that there will be limited distressed asset sales, it said.

JLL's India Hotel Recovery Guide - Bengaluru said as of year to date July 2020, RevPAR declined by 59% year-on-year, but is expected to bottom out in the fourth quarter

Thailand's LED TV maker Treeview forays into Indian market: Thailand-based LED TV and appliances manufacturer Treeview has forayed into Indian market in partnership with

QThree Ventures by introducing its range of smart Android HD TV. It partnered with QThree Ventures for its India foray and roped in actor Hrithik Roshan as brand ambassador. —PTI

NOTICE CUM ADDENDUM NO. AD/29/2020

THIS NOTICE CUM ADDENDUM SETS OUT THE CHANGES TO BE MADE IN THE STATEMENT OF ADDITIONAL INFORMATION ("SAI"), SCHEME INFORMATION DOCUMENT ("SID") AND KEY INFORMATION MEMORANDUM ("KIM") OF ALL THE SCHEMES OF MIRAE ASSET MUTUAL FUND ("MAMF/FUND")

Introduction of New Facility for Purchase / Redemption of Units in demat mode of Mirae Asset Mutual Fund Scheme(s) through Indian Commodity Exchange Limited (ICEX)

Investors are requested to note that, with effect from August 26, 2020, in addition to the existing modes for transactions in the units of the schemes of Mirae Asset Mutual Fund, the investors can now subscribe to the units of the schemes through the platform provided by Indian Commodity Exchange Limited in demat mode. This facility shall be available in all the existing schemes of the Fund.

The applicability of NAV will be subject to guidelines issued by SEBI on Uniform cut-off timings for applicability of NAV of Mutual Fund Scheme(s) / Plan(s). The date of acceptance will be reckoned as per the date & time at which the transaction is entered on ICEX's infrastructure platform for which a system generated confirmation slip will be issued to the investor.

Accordingly the SAI, SID and KIM of all the schemes of MAMF stands amended suitably to reflect the changes as stated above. All other terms & conditions of the Schemes remain unchanged.

This notice cum addendum forms an integral part of SAI, SIDs and KIMs of the Scheme(s) of MAMF, as amended from time to time. All the other terms and conditions of SAI, SIDs and KIMs of the Scheme(s) will remain unchanged.

'Pharma companies to lose Covid-induced pricing power in Q2 as economies reopen'

PRESS TRUST OF INDIA
Mumbai, August 24

PHARMA COMPANIES ARE unlikely to sustain the healthy operating performance reported in the first quarter as they will lose the margins booked during the global lockdowns, says a report.

The pharma companies cumulatively saw their pre-tax margins rising by 306 basis points (bps) on an annualised basis and 551 bps sequentially in the first quarter due to better prices and lower expenses both due to the lockdowns, according to a report by India Ratings on Monday.

The US is the single largest market for the domestic companies with 36% of the revenue share followed by the domestic market at 31%. While 16% of their revenue comes from active pharmaceutical ingredients (APIs).

"We do not expect domestic pharma companies to sustain the healthy operating performance reported in Q1 because with global unlocking, both operational expenses and active pharmaceutical ingredient (API) prices will normalise, leading to lower margins," the report said.

The healthy performance in Q1 is due to the strong revenue growth in the API business and lower operating expenses. The API business revenue grew 31% annually and 18% sequentially in Q1, as demand from global and domestic formulation players remained robust, which helped their pricing power, the report noted.

The restricted movement of medical representatives and other cost savings due to the lockdown saw operating expenses declining 8% y-o-y and 19% q-o-q in the quarter, which boosted bottomline.

Packaging industry sees higher volume growth in June qtr

PRESS TRUST OF INDIA
New Delhi, August 24

PACKAGING FIRMS HAVE witnessed higher volume growth and better earnings in the April-June quarter, helped by a rise in consumption of packed products amid the coronavirus lockdown, according to industry players.

Major players such as Uflex, Cosmo Films and Essel Propack have gained from increased demand for products like handwash and hand sanitisers as well as food items. Uflex had last week reported an over two-fold jump in consolidated net profit at ₹196.54 crore for the quarter ended June 2020. "Due to the pandemic, consumption trends have witnessed a shift and flexible packaging has gained much more importance especially because of the hazards attached to non-packaged products. This resulted in higher production and sales volume," the company said in its earnings statement.

According to Uflex president (finance and accounts) and CFO Rajesh Bhatia, the Covid-19 pandemic triggered a multifold increase in demand for personal hygiene categories such as

handwash and hand sanitiser and essential food.

"From a flexible packaging perspective, a lot of demand was seen in single-use packs for sanitisers. The liquid handwash category, which is estimated to have doubled, has seen a spurt in consumption of large 750ml refill packs packed in spout pouches. For food packaging... essential items, example flour, rice, edible oils... experienced a swell in demand," Bhatia said.

Cosmo Films CEO Pankaj Poddar said pent-up demand from the previous quarter and improved supply helped in improving margins. Last week, Cosmo Films had reported a 69.15% jump in consolidated net profit to ₹46.99 crore for the three months to June. "There are several reasons. One is that demand has gone up, second is pent-up demand because of the lockdown as there was short supply, speciality sales have gone up," Poddar said.
