Notes:

- The above results which are prepared and published in accordance with Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements), 2015, have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on August 21, 2020. The financial results are prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013, read with the relevant rules thereunder and other accounting principles generally accepted in India. The results for the quarter and year ended March 31, 2020, have been subjected to a Limited review by the Statutory Auditors of the Company who have expressed a modified opinion thereon.
- The Company has adopted Ind AS 116 - Leases beginning April 1, 2019. The standard has been applied to the lease contracts existing as on April 1, 2019, except to short-term leases and leases for which the underlying asset is of low value. Accordingly, the Company has recognised, a lease liability measured at the present value of the remaining lease payments and Right-of-Use (ROU) asset as its carrying amount, net of incentives received subject to the adjustments for prepayments and accruals and discounted at the relevant incremental borrowing rate as at April 1, 2019. The Company has sub leased certain helicopters taken on operating lease. For sub lease classified as finance lease, the Company has recognised present value of the lease receipts discounted at the relevant incremental borrowing rate with the corresponding derecognition of right of use asset that it transfers to the sub lessee. The difference between the right of use asset and the lease receivables is recognised in the statement of profit and loss.
As the Company has adopted the modified retrospective approach, it is not required to restate the comparative information for the year ended March 2019 and for the quarter ended March 2020. Accordingly, previous period information has not been restated and is to that extent not comparable. The right of use asset has been measured at the same value as that of the lease liability as at April 1, 2019. For leases classified as finance lease, the carrying value of the lease asset and lease liability as at April 1, 2019, has been carried forward without change under the new standard.
Consequent to the Company adopting Ind AS 116 - Leases, the impact on the Company's financial results for the quarter and year ended March 31, 2020 is as follows:
 - Depreciation and amortisation expenses has increased by Rs. 1,274.97 lakhs and Rs. 4,956.24 lakhs for the quarter and year ended March 31, 2020 respectively, on account of amortization of ROU asset.
 - Finance costs has increased by Rs. 295.61 lakhs and Rs. 1,269.07 lakhs for the quarter and year ended March 31, 2020 respectively, on account of interest on outstanding lease liability.
 - Foreign Exchange Loss on account of revaluation of foreign currency lease liability and lease receivable amounting to Rs. 948.64 lakhs and Rs. 1,528.67 lakhs (net) for the quarter and year ended March 31, 2020 respectively, has been accounted in 'Foreign exchange (gain) / loss (net)'.
 - Lease rentals have been decreased by Rs 2,250.10 lakhs and Rs. 8,752.72 lakhs for the quarter and year ended March 31, 2020 respectively, due to recognition of operating lease as ROU asset and recognition of a corresponding lease liability.
 - Revenue from operations has decreased by Rs. 853.42 lakhs and Rs. 3,354.35 lakhs for the quarter and year ended March 31, 2020 respectively, on account of derecognition of ROU asset.
 - Interest income has increased by Rs. 111.20 lakhs and Rs. 529.61 lakhs for the quarter and year ended March 31, 2020 respectively, on account of interest on outstanding lease receivables.
 - Consequently, the net impact of the above has resulted in profit before tax for the quarter and year ended March 31, 2020, being reduced by Rs. 1,011.34 lakhs and Rs. 1,826 lakhs respectively.
 Supplementary rentals on short term leases and variable component which were earlier classified in 'Helicopter Rentals' and 'Hangar Rentals' have now been disclosed as a separate line item 'Lease Rentals' in the above financial results.
- The equity shareholders had approved and have passed a special resolution with requisite majority for roll over of 65,93,490 (sixty five lakhs ninety three thousand four hundred ninety) 5.46% NCCRPS for a further period of 10 years from the due date of redemption i.e. up to December 26, 2027 with an option to the Company / preference shareholder to redeem the same at any time after December 26, 2022 or on or before December 26, 2027 at the 21st Annual General Meeting of the Company held on September 26, 2019. The same is pending regulatory approvals.
The Preference shares as at March 31, 2020 have been classified as Other Financial Liability. No interest has been provided for this liability as the Company has received a consent to waive the interest for the year.
- A customer of the Company has been retaining amounts aggregating Rs. 300.30 lakhs in respect of Service Tax / GST levied by the Company on reimbursement of expenses. The Company is currently in discussion with this customer for recovering the retained amounts and Management believes that they have a strong case to collect the outstanding amounts and accordingly no provision has been made thereon. The audit report has been modified in this respect.
- During the year ended March 31, 2009, the Office of the Commissioner of Customs (Preventive) had seized three helicopters for alleged non-compliance of the duty waivers given to non-scheduled operators (passenger). The Company had received a Show Cause Cum Demand Notice (SCN) citing an amount of Rs. 2,379.24 lakhs towards custom duty under Section 28 of the Customs Act, 1962 and applicable interest and penalty thereon. Pursuant to the receipt of the said SCN, the Commissioner of Customs (Preventive) had confirmed a demand of Rs. 2,621.95 lakhs towards differential duty of customs and penalty thereon for two helicopters. The Management believes that the Company is in compliance with the relevant customs and other regulatory guidelines in this respect, based on a decision in a previous year from Custom Excise and Service Tax Appellate Tribunal (CESTAT) West Zonal Bench, in favour of the Company on a similar matter and on an opinion from an external legal expert and that the demand being contested by the Company will be set aside by the higher appellate tribunal. An amount aggregating Rs. 538.26 lakhs has been paid as duty under protest during the year ended March 31, 2010.
- The Company had provided for anticipated interest amounting to Rs. 209.34 lakhs till the year ended March 31, 2018 on the disputed license fees payable to the Airports Authority of India. Since the arbitration award received in the previous year had not provided for any interest payable on the disputed amount, this amount was reversed and disclosed under Exceptional Item during the year ended March 31, 2019.
- During the year the Company had filed applications under Sabka Vishwas (Legal Dispute Resolution) Scheme, 2019 introduced by CBIC for matters pending before Service Tax Authority. Three applications (out of Six) filed by the Company have been settled by the authority in the month of February 2020 with total demand of Rs.66.76 lakhs and waiver for Interest & Penalty. The said demand has been paid by the company in the month of March 2020 and rest three applications have been withdrawn by the company.
So, the balance of outstanding liability amount (Rs.523.20 lakhs) for the period May 16, 2008 to March 31, 2013 and Interest provision (Rs.1,303.91 lakhs) for the period April 01, 2009 to March 31, 2019 as on 31st March 2020 pertaining to above three settled applications have been reversed in the books in March 2020 and included under Other Income.
- The Company is engaged in providing helicopter services in India, which is considered as one reportable segment. There are no separate reportable segments as per Ind AS 108 Operating Segments.
- The Government of India had declared a national lockdown with effect from March 24, 2020. Since operations of the Company for services provided to Oil & gas sector and State Governments have been classified under essential services, there was no significant impact on revenue and profitability for the period up to March 31, 2020 on account of reduced flying. Services provided to Religious tourism has been slightly affected from the period March 18, 2020 to March 31, 2020
During the same period, the company continued to incur committed expenditure with respect to our employees, aircraft related expenditures such as lease rentals and other expenditures.
The Company has a enough of working capital facilities and liquidity as of March 31, 2020 to meet all its regular expenses & debt obligations and expects to meet all ongoing cash obligations pertaining to lease rentals, debt repayments and any other financial obligations.
The Company has taken several actions to mitigate the effect of Covid-19 in business and the Management is continuously assessing the situation on day-to-day basis & taking all the measures to rationalise the costs.
Due care has been exercised to determine recoverability of the carrying amount of the assets while preparing the Company's financial results as of and for the year ended March 31, 2020.
The unprecedented nature of the pandemic makes the future business environment uncertain, however, we will continue to carry out the impact assessment on our assets and closely monitor any material changes to future economic conditions.
- The figures for the quarters ended March 31 as reported in these Financial Results are the balancing figures between audited figures in respect of the full financial years ended March 31 and the published year to date figures up to the end of the third quarter of the relevant financial years.
- Figures for the corresponding previous periods have been re-grouped / reclassified wherever necessary to conform to the current periods classification.
