UCO Bank has opened four special rupee vostro accounts with Russian banks so far and has received permission from Reserve Bank of India for opening eight more accounts. Of these eight, six will be with Russian banks and two will be with banks in Belarus, said Ashwani Kumar, MD & CEO, UCO Bank.

Further, it has received interest from four more banks for opening special rupee vostro accounts.

"We have already opened four special rupee vostro accounts so far and have received RBI permission for opening eight more such accounts, which we will be opening soon. This apart, four more banks have expressed interest for opening accounts. We will approach the RBI for seeking their permission," Kumar told

GOOD TIMES. The bank's total deposits grew by nearly 11% at ₹2,49,694 crore during the quarter under review

newspersons at a virtual press conference to announce the bank's financial performance during the first quarter on Friday.

Though the volume of transaction under these accounts is still small, it is expected to pick up in the days to come once the level of awareness increases, he said.

UCO Bank has registered around 81 per cent growth in net profit at ₹223 crore during the quarter ended

June 30, 2023, as against ₹124 crore same period last year on the back of higher core income and lower provisioning.

NII, NIM IMPROVES

Net Interest Income (NII) increased by around 22 per cent at ₹2,009 crore in Q1FY24 as against ₹1,650 crore last year.

Net interest margin (NIM) improved to 2.86 per cent as on June 30, 2023 as against 2.74 per cent same

period last year. The bank's total deposits grew by nearly 11 per cent at ₹2,49,694 crore during the quarter under review while advances grew by 25 per cent at ₹1,64,278 crore. Growth in credit was primarily driven by retail, agriculture and MSME sectors, Kumar said.

CD RATIO UP

The credit to deposit (CD) ratio improved to 65.79 per cent as on June 30, 2023 as against 58.29 per cent last year.

On the asset quality front, gross non performing asset (NPA) improved to 4.48 per cent during the quarter under review as against 7.42 per cent last year while net NPA improved to 1.18 per cent (2.49 per cent).

Provision coverage ratio improved to 94.88 per cent (91.96 per cent). The bank's scrip closed at ₹28.78, down by 1.47 per cent on the BSE on Friday.

Piramal Enterprises to buy back up to 1.4 crore shares for ₹1,750 crore

Q1 RESULTS

- Piramal Enterprises posted a net profit of ₹509 crore for Q1 FY24 led by gains from the sale of 8.34 per cent stake in Shriram Finance during the quarter.
- Total income fell 9 per cent y-o-y and 10 per cent q-o-q to ₹1,935 crore.
- Net interest income was 17 per cent lower y-o-y and 22 per cent q-o-q at ₹891 crore.

capital to shareholders."

Following the buy-back, the capital adequacy ratio of the company will fall from 34.3 per cent as of June 30 to 31 per cent, which will be sufficient to support growth for the next four-five years, he said.

PROFIT RISES

Piramal Enterprises posted a net profit of ₹509 crore for Q1 FY24 led by gains of ₹855 crore from the sale of 8.34 per cent stake in Shriram Finance for ₹4,820 crore during the quarter. Total income fell 9 per cent y-o-y and 10 per cent q-o-q to ₹1,935 crore. Net interest income was 17 per cent lower y-o-y and 22 per cent q-o-q at ₹891 crore.

Jairam Sridharan, MD of Piramal Capital & Housing Finance, said that while AUM growth was largely flat on year,

the decline in income was because the change in the product mix and creation of SRs (security receipts) led to an increase in the share of non-earning assets. Total AUM stood at ₹63,938 crore.

The SR book for the lender stood at around ₹5,300 crore as of June 30 of which 70 per cent was wholesale at ₹3,600 crore. Retail lending grew 57 per cent yoy to ₹34,891 crore, accounting for 55 per cent as against 34 per cent a year ago.

The environment is very conducive for retail lending and the company expects to grow the portfolio at over 50 per cent at least for the next few quarters, he said.

Gross NPA ratio improved to 2.8 per cent from 3.8 per cent a quarter ago, and net NPA ratio to 1.5 per cent from 1.9 per cent.

Aimed, FICCI cross swords over import of pre-owned medical devices

PT Jyothi Datta
Mumbai

The import of pre-owned medical devices has become a bone of contention, as a forum representing domestic makers does not see eye to eye with industry body FICCI on the issue.

In a strongly worded communication, the Association of Indian Medical Device Industry (Aimed) said importing pre-owned medical devices would deliver a "body blow to domestic manufacturers of medical devices and equipment, which have urged the Centre to withdraw the official memorandum permitting the import of pre-owned medical devices."

"Nothing could have been worse than what FICCI Medical Devices Division is doing at the behest of MNCs (multinationals) lobby," said Aimed forum coordinator Rajiv Nath, alleging the industry body was working against the interest of domestic medical devices manufacturers. "Its 'Un-make in India' campaign amounts to bulldozing the Make in India dream of Prime Minister Narendra Modi," he added.

Countering Aimed, a statement from FICCI's Medical Devices Committee said, it dismissed as "baseless" the allegations against the 95-years-plus organisation. FICCI is the oldest apex national chamber

of commerce and industry, working in the interests of the country for almost a century, it said, adding that it worked "beyond the narrow sectoral interests that some industry associations may represent."

CONFUSING INVESTORS
Nath's contention was, the decision to permit import of pre-owned medical devices was in contravention to India's recently launched National Medical Device Policy-2023 that sought to make the country self-reliant and be an exporter. The official memorandum is a regressive step that

has confused investors who have been putting up manufacturing capacities in the last few years in response to the PM's call, he added.

Suresh Vazirani, Chairman, Transasia Bio-Medicals, cautioned against allowing free imports of "old, used and discarded medical equipment" from other countries. "India's retrograde policy will allow Western countries to ship all old equipment to India and thereby prevent their own countries from getting environmentally polluted with discarded pollutants in medical equipment," he said.

Mumbai

Bank of India (BoI) reported a 176 per cent jump in first quarter standalone net profit at ₹1,551 crore against ₹561 crore in the year-ago quarter on the back of healthy growth in net interest income and other income, and decline in loan loss provisions.

Net interest income (difference between interest earned and interest expended) of the

Mumbai-headquartered public sector bank was up 45 per cent y-o-y at ₹5,915 crore (₹4,072 crore in the year-ago quarter).

NIM IMPROVES

Other income, comprising income (including commission) from non-fund based banking activities, fees, earning from foreign exchange, profit/loss on sale of assets, profit/loss (including revaluation) from investments, recovery from accounts written off, etc, rose 27 per cent to ₹1,462 crore

against 1.66 per cent as at March-end 2023.

Global deposits increased by 8.71 per cent y-o-y to stand at ₹6,96,544 crore as of June-end 2023.

The share of low-cost current account, savings account (CASA) deposits in domestic deposits declined to 44.52 per cent as at June-end 2023, against 44.73 per cent as at March-end 2023.

Global Advances rose by 8.48 per cent y-o-y to stand at ₹5,18,264 crore. Within domestic advances, RAM (retail,

agriculture and MSME) and corporate & other advances grew by 11.75 per cent and 10.56 per cent, respectively.

Rajneesh Karnatak, MD & CEO, expects the bank to clock 11-12 per cent growth in advances and 10 per cent growth in deposits in FY24. The bank could end FY24 with a GNPA ratio below 6 per cent on the back of cash recoveries and upgradation of stressed accounts aggregating ₹2,000 crore every quarter and an NIM of above 3 per cent, he said.
