# Rice exports to surge on global crunch, good crop

**Key competitors** Thailand and Vietnam facing cost pressures

SANDIP DAS New Delhi, July 13

THE DECLINE IN rice crop vields in Thailand and Vietnam and their increased costs of production may turn out to be bonanza for India's rice exports in the current fiscal year, trade sources said. India is exporting rice at around \$360 a tonne to key markets at present while Thailand and Vietnam are offering the grain at around \$ 420 a tonne.

The gap, according to the

According to the United

States Department of Agriculture (USDA) rice outlook report released in June, the global rice trade in 2022 calendar year are projected at a record 54.3 MT. "India's exports are projected to a record 22 MT and account for almost 41% of global shipments," said the report. The USDA also stated that India's projected rice exports are likely to exceed the combined shipments of the next three-largest exporters—Thailand, Vietnam, and Pakistan this year.

Trade sources said major rice producers such as Vietnam, China and Thailand have

been raising the issue of high production and freight costs which would make their rice much costlier than what India offers. Exports in value terms this year could be \$10-12 billion, an all-time high.

India has been the world's largest rice exporter in the last decade — export earnings stood at \$8.8 billion in 2020-21 and \$9.6 billion in 2021-22. According to commerce ministry data, India's value of rice exports rose by 12% to \$ 2.6 billion in the first quarter

of the current fiscal. "We will sustain the

THE CBI ARRESTED businessman Ajay Ramesh Nawandar from Mumbai on Wednesday in connection with the ₹34,615-crore bank fraud case involving Dewan Housing Finance Limited (DHFL), officials said.

The Central Bureau of Investigation (CBI) conducted searches at Nawandar's premises last week and recovered a large collection of uberluxury watches worth crores of rupees, including Rolex Oyster Perpetual, Cartier, Omega and Hublot Michael Kors, and two paintings worth ₹33 crore, the officials said.

They said these valuable items belonged to former DHFL CMD Kapil Wadhawan and former director of the company Dheeraj Wadhawan, who allegedly defrauded banks to the tune of ₹34,615 crore, making it the biggest such case probed by the agency.

These were allegedly purchased using the proceeds of the scam and kept at Nawandar's premises to evade seizure, the officials said. It has surfaced during the probe that Nawandar was acting as a conspirator aiding and abetting the Dewans to hide the proceeds of the crime and was in the process to dispose these items of when he was arrested by the agency. -PTI

# Gujarat Gas sales may take a hit as Morbi units plan shutdown

**NAYAN DAVE** Ahmedabad, July 13

**SALES OF GUJARAT** Gas (GGL) are likely to be affected next month as the Morbi-based ceramic units have decided to go for a month-long shutdown to clear their existing inventory.

Sources in the country's largest city gas distribution (CGD) company told *FE* that if the units at the Morbi ceramic cluster remain closed, GGL could see a decline of up to 50% in sales of natural gas on a daily basis. Most of the ceramic units in Morbi use natural gas as their main fuel and GGL is the sole supplier to them.

"Inflated raw material costs, increased freight rates and shortage of containers have resulted in a fall in demand for ceramic products. Tile makers

**Gujarat Gas clocked** average sales of nearly 9.9 million standard cubic metre of gas per day in the quarter ended March

have huge unsold inventory at theirwarehouses. With a view to clear that inventory, ceramic units in Morbi have collectively decided to shut production for 30 days from August 10," Haresh Bopalia, president of Morbi Ceramic Association, said.

Over the last five months, demand for ceramic products, including that of vitrified and wall tiles, have plummeted by 40%, Bopalia said. He added that due to the increased input and logistic costs, Indian ceramic makers are not able to compete with their Chinese counter-

parts in the global market. Gujarat Gas clocked average sales of nearly 9.9 million standard cubic metre of gas per day (mscmd) during the quarter ended March, led by industrial sales of around 7.4 mscmd, CNG 2.2 mscmd, domestic 0.65 mscmd and commercial 0.1 mscmd.

The Gujarat governmentcontrolled listed company has 27 CGD licences across 43 districts in Gujarat, Maharashtra Rajasthan, Haryana, Punjab Madhya Pradesh, and Dadra & Nagar Haveli.

The company holds the top spot in the CGD industry in terms of size and scale of operations with more than 1.7 million households, over 13,600 commercial customers, 711 CNG stations, more than 4,300 industrial units, and over 32,890 km of natural gas pipeline network.

## Norms easeed for adjusting states' off-budget borrowings

New Delhi, July 13

THE CENTRE HAS relaxed norms for adjusting states' offbudget loans and said such liabilities of last fiscal year can be adjusted against their borrowing ceilings of next four years till March 2026. The move will free up resources for states to fund their capital expenditures in current fiscal year.

To bring in transparency in state finances, the Centre in March informed states that offbudget borrowings are to be equated with the states' own debt and any such fund raised by the governments in 2020-21 and 2021-22 would need to be adjusted out of the borrowing ceiling this year.

Off-budget borrowings refer to loans taken by state government entities, special purpose vehicles, etc, where principal and interest would be repaid from state government's own budget, instead of the cash flows or revenues generated by the borrowing entity. Such borrowings bypass the net borrowing ceiling fixed for states in a fiscal year by routing loans outside state budget through government owned companies or statutory bodies.
