GenSol Engineering Limited announces its first international Solar EPC project in Dubai.

August 29, 2023, Ahmedabad, India: GenSol Engineering Limited (BSE Code: 542851 and NSE Symbol: GENSOL) a leading player in the renewable energy & electric mobility domain, today announced its maiden two turnkey international Solar Engineering, Procurement, and Construction (Solar EPC) projects in Dubai with **Dubai Government Workshop Warehouse** and **Dubai Police**. Aggregating to a capacity of **14.08 MWp**, these projects have a cumulative order value of **INR 101.6 Crores, without taking** taxes into account. With these order wins, GenSol will gain access to a large market that is full of dynamism, vibrancy and an untapped potential for renewable energy solutions that deliver positive impacts on both Indian and UAE markets.

The two turnkey contracts with Dubai Government Workshop Warehouse and Dubai Police entail design, engineering, supply, construction, erection, testing, and commissioning along with an operation & maintenance of these projects. The Dubai Government Workshop Warehouse project is slated for commissioning in November 2023, while the Dubai Police project is scheduled to go online in June 2024. Both projects are poised to contribute to the UAE's Clean Energy Strategy 2050 and affirm GenSol's position as a trusted partner for delivering sustainable solutions.

Commenting on winning international orders, **Mr. Anmol Singh Jaggi, Managing Director, GenSol Engineering Limited said**, "We are delighted with the new prestigious order wins in Dubai. With this, we also venture into international markets and mark a significant step towards fulfilling our vision of driving sustainable energy transitions globally. In addition, there are multiple orders to be announced in the coming months."

About GenSol:

Founded in 2012, GenSol Engineering Limited is a part of the GenSol group of companies, which offers **engineering, procurement, and construction (EPC) services** for the development of solar power plants. With a dedicated team of over 240 employees, the company excels in managing turnkey projects on an international scale. Over the years, GenSol has successfully installed ground-mounted and rooftop solar power plants with a combined capacity of over 590 MW. Expanding its operations, GenSol has also established a cutting-edge **electric vehicle (EV) manufacturing** facility in Pune, India, for the development and production of electric three wheelers and four wheelers. With a keen focus on sustainability, innovation, and customer satisfaction, it is devising solutions across various customer segments - passenger, fleet and cargo – and remains committed to revolutionizing the EV industry in India. Alongside, GenSol offers comprehensive **EV leasing solutions** and is serving leading ride-hailing players with its buy-and-lease package of EV cars.
