Dear Sirs,

Re : Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

As informed to you vide our letter dated March 22, 2020, in view of the lockdown in many States across the Country in the backdrop of outbreak of Covid-19 pandemic, the Company had temporarily/partially closed some of its operations at its offices and various facilities across India in compliance with the directives issued by various Government Authorities. Vide the said letter we had also intimated to you that the duration of this shutdown(s) would depend upon the further directions from Government authorities.

However, subsequently with announcement of nationwide complete lock-down to prevent the spread of pandemic, the Company had shut down all its facilities at all locations.

In adherence with the Revised Consolidated Guidelines issued by the Ministry of Home Affairs, GOI, on April 15, 2020, the Company has resumed mining operations at its cement plant at Satna. After bringing down the level of finished goods inventory to the desired level and subject to requisite permissions, the Company intends to resume operations in a phased manner at some of its locations across the country starting from April 20, 2020.

The Company is closely monitoring the situation which is evolving every day and would take necessary actions as may be required in the then prevailing circumstances.

Thanking you,

Yours faithfully,

for **PRISM JOHNSON LIMITED**
