FINANCIAL PERFORMANCE:

Your Company has achieved profit during the current year after lapse of 7 years in spite of several adverse situations like challenging macro-economic environment driven by volatile raw material price environment, higher oil price and supply chain uncertainties and insufficient working capital finance during the current year

Bhubaneswar Unit : In Odisha, Tata power has taken over utility companies and have completely changed the specification of transformers and stipulated submission of performance guarantee of 10 % valid for 5 years excluding claim period and the payment will be made after 45 days. With limited finance availed by the company from state bank of India, the company couldn't accept and execute orders from Tata Power resulting reduction of turnover of the unit. The unit depends only on private customers & Private contractors like L& T, Reliance Jio, Jindal, Tata Steel & Thriveni Earth Movers etc. during the current year and achieved a turnover of 1564.91 lacs (Previous year -978.05 lacs). During last financial year, the Bhubaneswar Unit executed few prestigious & marquee orders like supply of 3 Nos. 2000 KVA, 33KV Transformers to World's largest Hockey Stadium at Rourkela, and for District Medical College & Hospital at Jajpur& Puri.

Bhubaneswar unit developed, designed, manufactured & delivered Customized Transformers for correction of fluctuation of Voltage to Tata Power Central Odisha Company Limited, Tata Power Northern Odisha & Southern Odisha Company Limited.

The unit is having orders about 4.13 crores as on 31.03.2023 and expecting further orders of about 4.00 crores shortly. The unit is hopeful of achieving a turnover of 20.00 crores during the next financial year 2023-24.

Vadodara Unit : The unit had stopped its manufacturing activities during 2021-22 for want of orders and focused on repair of pending G P failed transformers and supply to electricity utility companies. During the current year the company had participated in tenders & procured orders for electricity utility companies and achieved turnover of 1370.58 lacs during the year. The unit is having orders in hand worth of 30.18 crores as on 31.03.2023.

ALFA TRANSFORMERS LIMITED

The unit is facing lot of problem in execution of orders, submission of performance bank guarantee etc. due to limited working capital finance from the Axis Bank during the current year. The company is able to get unsecured loans from promoters able to achieve the turnover and profit during the current year 2022-23. However, the management is hopeful of getting enhance working capital finance from the bank so that they can achieve higher turnover during next year.

MANAGEMENT DISCUSSION AND ANALYSIS**

ECONOMIC OUTLOOK :

The economy has bounced back in the beginning of the year under review as indicated by various high frequency consumption etc. However, with commodity prices like Oil, Silicon steel, copper/aluminum (for transformers industry) is on the boil resulting the outlook for domestic producers remain gloomy.

The global factors will continue to pose risks to economic growth of the country. The uncertainty arising from ongoing geopolitical conflicts which is reflected in rising global commodity prices, shortage of key inputs, elevated freight cost could have adverse impacts for the economy.

The CAPEX expenditure by the Government of India in development of Infrastructure would trigger the demand of transformers.

INDUSTRY OUTLOOK :

The Government of India has identified the power sector as a key sector of focus to promote sustained industrial growth. Electrification in the country is increasing with support for schemes like Deendayal Upadhyay Gram Jyoti Yojana (DDUGJY), Ujwal Discom assurance yojana (UDAY) and Integrated Power Development Scheme (IPDS).

India’s per capita electricity consumption was 1255 kWh in 2021-22, which is around one-third of the global average of per capita electricity consumption. The Government of India, through Bureau of Energy Efficiency (BEE), has implemented schemes that help in increasing energy efficiency, such as Standards and Label (S&L) Programme, Unnat Jyoti by Affordable LEDs for All (UJALA), Street Lighting National Programme (SLNP), Building Energy Efficiency, Agriculture and Municipal Demand Side Management.

OPPORTUNITIES :

The Company is witnessing gradual improvements in market sentiments with enquiry & order finalization taking measure to ramp up power generation, the future for the Company looks promising. The Profitability of the Company can lead to investment in R&D for development & prototype testing of transformers for Solar & Wind Power. These sectors have huge potential due to less competition which in turn can increase the margin & profitability. The Mining sector which has started operations in the last financial year can lead to the requirement of a large number of specialized transformers. The company is equipped to cater to these transformers.

THREATS :

DUAL AUTHORITY: We are concerned with distribution transformers which are installed networks at 11kv, 22kv and 33kv transmission lines to supply power to user. The distribution transformer business Suffered from challenges last few years emerging from mandatory certification of BIS as per IS 1180 and MEPS through BEE star Programme. These two statutory regulations were not synchronized initially resulting confusion and financial burden. Dual certification and different specification increased the financial burden and created confusion in the mind of both buyer and industrial user alike. Initial absence of clarification on confusion created by these orders caused sis cord and resulted in financial burden to those who follow law and rules and Standards. Enforcing regulation on large number of small and medium industries by two Govt. of India entities is extremely difficult operations by enforcing authorities BIS and BEE because of lack of resources of trained manpower and logistics.

WARRANTY : Discoms are demanding for guarantee period of 3 to 5 years in place 12 to 18 months which is resulting increase in requirement of bank guarantee and repair cost during guarantee period. Most of the utilities have not yet have maintenance schedule of Transformers. Once a Transformer is installed no maintenance like filtration of oil, replacement of gaskets etc. are undertaken. As a result failures are more due to lack of care than manufacturing defects under these circumstances. Demand for guarantee beyond 18 Months has become a great burden on Transformer industry. Our industry is suffering due to lack of sufficient Bank Guarantee limits. We are facing difficulties to take orders for insufficient Bank Guarantee limit. Efforts are being made by ITMA to redress the situation. However Unified oppositions to this unfair treatment are yet to be seen. Besides above, the factors like addition of huge manufacturing capacity of existing units increase in input cost and requirement of working capital will lead to subdued financial performance.

UPGRADATION & REPAIR OF BHUBANESWAR PLANT: The Bhubaneswar plant which had been established way back in 1987 needs holistic approach for equipment refurbishment & repair of the shed. This may necessitate the requirement of term loan in near future

COMPANY’S STRATEGY:

- Focus on type testing of various rating of transformers so as to qualify to participate more type of Transformers.
- Empanelment with PGCIL, NTPC, Railways etc. Solar project companies
- Focus on energy efficient transformers & Special Type of Transformers.
- Technological advancement to improve performance parameters and productivity.
- In order to avail the benefits due to present favorable scenario in the market due to increase in demand in Gujarat, the Company has decided to start manufacturing in its Vadodara Unit. Accordingly, the Unit has participated in tender floated by DISCOM’s of Gujarat and has procured a small order of Rs. 12.53 Crores from them. After completion of this order, the Company has hopeful to get repeat orders from them.

**INDEPENDENT AUDITORS' REPORT****To the Members of ALFA TRANSFORMERS LIMITED****Report on the Financial Statements****OPINION**

We have audited the accompanying Ind AS financial statements of ALFA TRANSFORMERS LIMITED ("hereinafter referred to as the Company") comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the Profit and total comprehensive Loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of utmost significance in our audit of the financial statements for the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No	Key Audit Matters	Auditor's Response
1	Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115	We have assessed the Company's process to identify the impact of adoption of the revenue accounting standard. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows: (i) Verification of purchase order with respect to quantity, rate etc. (ii) Delivery of the material, Collection with respect to the bill etc. (iii) Recognition of future obligation towards warranty repairing liability based on the past trend as measured by the management .
2	Valuation of the Inventory in view of adoption of AS 2 "Inventories"	We have assessed the Company's process to identify the impact of adoption of the inventory accounting standard. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows: (i) Verifying the records available with the company for movement of stocks. (ii) Obtaining valuation certificate from the company. (iii) Relying on the Internal Audit Report . (iv) Relying on the physical verification report of independent stock verifiers for both the unit.
3	Recognition and Confirmation of Balances of Sundry Debtors	We have assessed the Company's process to identify the balance of Sundry Debtors in Books of Accounts. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows: (i) We have relied on the accounting and figures as provided to us for audit.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We have considered quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not

be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters :

1. Uncertainty Related to Going Concern:

The Company's net worth is eroded substantially due continued loss of earlier years . However in the current financial year the company has made a marginal profit and if this trend continues in future the uncertainty relating to the going concern may be mitigated .

2. Confirmation of Debtors and Creditors :

In some of the cases the party conformation from Sundry Debtors and creditors specifically from Gujarat Power sector companies are yet to be received as on 31-03-2023. The Debtors/ creditors balances have been considered as per the figures appearing in the books of accounts of the Company in absence of conformation from all the parties .

Our opinion is not qualified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by section 143 (3) of the Act, we report that :

- a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b. in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c. the Balance Sheet, the Statement of Profit and Loss including the other Comprehensive income, the statement of Cash Flow and statement of changes in Equity dealt with by this Report are in agreement with the books of account.
- d. in our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act.
- e. On the basis of written representation received from the directors of the company as on March 31, 2023 taken on record by the Board of Directors of the company, none of the continuing directors of the company, are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act .
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial over financial reporting.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act as amended:

In our opinion and to the best of our information and according to the explanations given to us, the Remuneration paid by the company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There is no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under and (b) above, contain any material misstatement.
 - v. The company has not proposed, declared and paid any interim as well as final dividend.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

“ANNEXURE A” TO THE INDEPENDENT AUDITOR’S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **ALFA TRANSFORMERS LIMITED** (“the Company”) as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

“ANNEXURE B” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 2 of Report on Other Legal and Regulatory Requirements of our report of even date).

Referred to in paragraph 2 under the heading ‘Report on Other Legal & Regulatory Requirement’ of our report of even date to the financial statements of the Company for the year ended March 31, 2023:

- 1) In respect of Company’s Property, Plant and Equipment and Intangible Assets :
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (b) The Company has maintained proper records showing full particulars of intangible assets.
 - (c) The company has a regular program of physical verification of its Property, Plant and Equipment (PPE) by which PPEs are verified in a phased manner. In accordance with this program PPEs were physically verified by the Independent Fixed Asset Auditor for both the units during the year and according to the information and explanations given to us, the material discrepancies which were noticed on such verification is properly accounted for in the accounts. In our opinion, this periodicity of physical verification is reasonable having regards to the size of company and the nature of its assets.
 - (d) Based on our examination of the property tax receipts and lease agreement for land on which building is constructed, registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
 - (e) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
 - (f) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- 2) (a) As explained to us, the inventories were physically verified during the year by the independent stock verifier. In our opinion and according to the information and explanations given to us, the inventories have been verified by the management at reasonable intervals in relation to size of the company and we have relied on the valuation of inventory.

NOTE NO- 28 : SIGNIFICANT ACCOUNTING POLICIES

Notes to Financial Statements:

Alfa Transformers Limited is a Public Limited Company incorporated in India. The Company has its Registered & Corporate office at Plot No-3337, Mancheswar Industrial Estate, Bhubaneswar- 751010. The Company's shares are listed in Bombay Stock Exchange of India Limited (BSE).

The Company is now operating at two Factories, one is located at Plot No-3337, Mancheswar Industrial Estate, Bhubaneswar- 751010 and other is at Plot No- 1046,1047 and 1048 , GIDC Estate Waghodia, Vadodara, Gujarat. The Company primarily is engaged in manufacturing of Power and Distribution Transformers. Apart from manufacturing the Company is also rendering repairing services.

The Board of Directors approved the financial statements for the year ended March 31, 2023 on 10th May, 2023

Statement of Compliance:

1 . Basis of accounting and preparation of Financial Statements:

Basis of accounting

These financial statements of the Company has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards (hereinafter referred to as the 'Ind AS')as notified under section 133 of the Companies Act, 2013 ('the Act') read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and accounting principles generally accepted in India. The Company has uniformly applied the accounting policies during the period presented in these financial statements, except for new accounting standards adopted by the Company.

Basis of Measurement

The financial statements are prepared on a historical cost basis except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities which are classified as fair value through profit and loss or fair value through other comprehensive income;
- Defined benefit plans and plan assets.
- Contingent consideration.

ii) Functional and Presentation Currency

These financial statements are presented in Indian rupees, which is the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest lakh, except otherwise indicated.

iii) Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialized.

The Company uses the following critical accounting estimates in preparation of its financial statements:

a) Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

b) Fair value measurement of financial instruments

The Company reviews the fair value of financial assets and financial liabilities recorded in the balance sheet at its fair / market value and the difference if any arises is accounted for in the statement of profit and loss account.

c) Provision for income tax and deferred tax assets

The Company uses estimates and judgements based on the relevant rulings which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

d) Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

e) Legal Proceedings

The Company is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Company's management reasonably expects that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Company's results of operations or financial condition.

f) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

g) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease, or not to exercise the option to terminate the lease.

2. Recent Accounting Pronouncement :

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind-AS 16–Property Plant and equipment–The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

Ind-AS 37– Provisions, Contingent Liabilities and Contingent Assets–The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 01, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

3. Social Security Code :

The Code on Social Security 2020 has been notified in the Official Gazette on 29th September 2020. The effective date from which the changes are applicable is yet to be notified and the rules are yet to be framed. The company will assess the Impact of the code and shall give necessary effect in the financial results (to the extent it may be applicable to the company) when the code and the rules framed thereunder are notified.

4. Revenue from Contract with Customers Ind AS 115

Ministry of Corporate Affairs ("MCA") has notified the Ind As 115 on 28th March, 2018 "Revenue from contract with Customers". The core principle of the new standard is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires suitable disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The effect of Ind AS 115 has been evaluated and considered in the Financial statements of the Company.

5. Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 Leases and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has adopted to this amendment to Ind AS 116 and necessary entries passed wherever required for the said compliance.

6. Significant accounting policies

6.1- Property, Plant and Equipment & Depreciation :

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price including import duties and non-refundable purchase taxes or construction cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, and finance costs if any. The purchase price or construction cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset. Assets in the course of construction are initially kept under assets under construction and are capitalized when the assets is available for use as intended by the management.

- (i) Cost of day-to-day servicing of property, plant and equipments are recognised in the Statement of Profit and Loss as incurred. Major overhaul expenditure is capitalized as the activities undertaken to improve the economic benefits expected to arise from the asset. Where an asset or part of an asset that was separately depreciated is replaced and it is probable that future economic benefits associated with the item will flow to the Company, such expenditure is capitalized and the carrying amount of the replaced asset is derecognized. Inspection costs associated with major maintenance programs are capitalized and amortized over the period to the next inspection.
- (ii) Depreciation on property, plant and equipments (Other than revalued assets) is provided on Straight Line Method in accordance with the rates specified under Schedule II to the Companies Act, 2013.
- (iii) Other property, plant and equipment are depreciated based on useful life of the asset under "Straight Line Method" in the manner specified in Schedule II to the Companies Act., 2013. When any part of an item of property, plant and equipment, have different useful lives and cost is significant in relation to the total cost of the asset, they are accounted for and depreciated separately. Depreciation on additions / deletions during the year is provided on pro rata basis with reference to the date of additions / deletions except low value items not exceeding Rs. 5,000 which are fully depreciated at the time of addition. The typical useful lives of other property, plant and equipment (major items) are as follows:

Plant & Machinery	05 to 40 years
Testing Equipment	10 to 25 years
Material Handling Equipment	25 to 40 years
Electrical Installation	10 to 30 years
Auxiliary Equipment	25 to 40 years
Factory Building	50 to 70 years
Office Equipment	03 to 15 years
Furniture & Fixtures	5 to 20 years

- (iv) For these classes of assets, based on technical evaluation carried out by external technical experts, the Company believes that the useful lives as given above best represent the period over which Company expects to use these assets.
- (v) The charge over and above the depreciation calculated on the original cost of the revalued assets are transferred from Fixed Asset Revaluation Reserve to General Reserve and shown as a deduction from Revaluation Reserve.
- (vi) An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in the income statement in the period in which the item is derecognized. Any Tangible asset, when determined to be of no further use, is deleted from the Gross Block of assets. The deleted assets are carried as 'Assets awaiting disposal' under Inventories at lower of `Rs. 1000 or 5% of the original cost and the balance Written down Value, is charged off.
- (vii) Physical verification of the fixed assets are carried out by the Company in a phased manner to cover all the items over a period of three years. The discrepancies, if any, noticed are accounted for after reconciliation of the same.
- (viii) Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.

Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

6.2 Intangible assets

Costs of intangible assets are capitalized when the asset is ready for its intended use. Intangible assets include expenditure on computer software and technical Knowhow which are stated at the amount initially recognized less accumulated amortization and accumulated impairment losses.

Cost of computer software is amortized over the useful life not exceeding 10 years from the date of capitalization.;

Any intangible asset, when determined of no further use, is written off.

6.3 Development Expenditure:

Testing and material expense for Development are amortized within the use full life of that particular transformers . The accounting in this regards is as follows :

If transformers goes for testing as failed and a substantial expense (if the total cost is >realization value) being incurred for testing if ready for realization than the company needs to keep proper documentation for the expenses along with the supporting evidence .

In such case the expenses so incurred to be treated as R&D expense and in place of debited to Profit and Loss account it should be kept as an asset. Such amount standing in the asset side needs to be written off within use full life of the transformers

6.4 Impairment of property, plant & equipment (PPE) and intangible assets, other than goodwill.

At the end of each reporting period, the Company reviews the carrying amounts of its property, plant & equipment (including capital work in progress) to determine whether there is any indication that those assets have suffered an impairment loss. If any of such indication exists, the recoverable amount of the cash generating unit(CGU) is estimated in order to determine the extent of the impairment loss (if

any). Corporate assets and common service assets are also allocated to individual cash-generating units on a reasonable and consistent basis.

Intangible assets are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

If recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If the recoverable amount of a CGU is estimated to be less than its carrying amount, the carrying amount of the asset or group of assets covered under the CGU is reduced to its recoverable amount. An impairment loss is recognized immediately in the statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset or group of assets covered under the CGU is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset or group of assets covered under the CGU in prior years. A reversal of an impairment loss is recognized immediately in the statement of profit and loss.

6.5 Revenue recognition

- Revenue from operations includes sale of goods, services and adjusted for discounts (net), and gain/ loss on corresponding hedge contracts.
- Revenue from sale of goods are measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government and considering the warranty obligations as compliance to IND AS 115.
- Revenue from sale of goods are recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.
- Revenue from rendering of services are recognized when the performance of agreed contractual task has been completed.
- Dividend Revenue are recognised when the Company's right to receive the payment has been established.
- **Insurance claims:**
- Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect the ultimate collection.

6.6 Adjustment pertaining to Earlier Years:

Income/Expenditure relating to a prior period, which do not exceed 5% of the Gross Block of the Property, Plant & Equipment in each case, are treated as income/expenditure of current year.

6.7 Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

i) The Company as lessor

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term.

ii) The Company as lessee

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognized immediately in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on borrowing costs.

Operating lease payments are recognized as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are obtained/availed by the Company.

In the event that lease incentives are received to enter into operating leases, such incentives are recognized as a liability. The aggregate benefit of incentives is recognized as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are obtained/availed by the Company.

6.8 Foreign currency transactions and translations

- (i) In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

(ii) Exchange differences on monetary items are recognized in the statement of profit and loss in the period in which they arise except for:

- (a) exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings;
- (b) exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), are recognized initially in other comprehensive income and reclassified from equity to the statement of profit and loss on repayment of the monetary items.

(iii) Forward Exchange Contracts not intended for trading or speculation purpose : The premium or discount arising at the inception of forward exchange contracts is amortized as expenses or income over the life of the respective contracts. Exchange differences on such contracts are recognized in the statement of profit and loss on the period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or expense for the year.

6.9 Borrowing costs

(i) Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use for sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use for sale and also includes exchange difference arising from Foreign Currency borrowings to the extent that they are regarded as an adjustment to interest cost.

(ii) All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

6.10 Government grants

The Company may receive government grants that require compliance with certain conditions related to the Company's operating activities or are provided to the Company by way of financial assistance on the basis of certain qualifying criteria.

Government grants are recognised when there is reasonable assurance that the grant will be received, and the Company will comply with the conditions attached to the grant. Accordingly, government grants:

- (a) related to or used for assets are included in the Balance Sheet as deferred income and recognised as income over the useful life of the assets.
- (b) related to incurring specific expenditures are taken to the Statement of Profit and Loss on the same basis and in the same periods as the expenditures incurred.
- (c) by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable.

In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

6.11 Employee benefits :

6.11.1 Retirement benefit costs and termination benefits:

(i) Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering service are classified as short term employees benefits. Benefits such as salaries, wages, short term compensated absences, etc and the expected cost of bonus, ex-gratia are recognized in the period in which the employees render the related service.

(ii) Defined Contribution Plans.

Provident Fund, Superannuation Fund/Annuity Fund and Employees State Insurance Scheme are defined contribution plans. The contribution paid/ payable under the schemes is recognized during the period in which the employees renders the related services.

(iii) Defined Benefits Plans

Gratuity on account of services gratuity is covered under Gratuity-cum-Life Assurance Scheme of Life Insurance Corporation of India. Annual premium paid for the scheme is charged to Statement of Profit and Loss

Re-measurement of the defined benefit liability and asset, comprising actuarial gains and losses, and the return on plan assets (excluding amounts included in net interest described above) are recognized in other comprehensive income in the period in which they occur and are not subsequently reclassified to the statement of profit and loss.

6.12 Taxation

Income tax expense represents the aggregate of current tax and deferred tax.

6.12.1 Current tax

Current tax is the amount of income tax payable based on taxable profit for the period. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates and the prevailing tax laws that have been enacted or substantively enacted by the end of the reporting period.

6.12.2 Deferred tax

- (i) Deferred tax is recognized on the temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.
- (ii) The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of all or part of the deferred tax asset to be utilized. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available.
- (iii) Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

6.12.3 Current and deferred tax for the year

Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

6.13. INVESTMENT PROPERTY

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). The shops, flats and other properties held under operating leases to earn rentals or for capital appreciation purposes are accounted for as investment properties. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition the, investment properties are stated at cost less accumulated depreciation.

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposal. Any gain or loss arising on de-recognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognized.

6.14 Inventories

Stock of Raw Materials, Components and stores are valued at lower of cost and net realizable value. Cost of raw material is determined on weighted average method, excluding GST paid on purchases. Scrap is valued at estimated realisable value.

Stock of Materials-in-Process and Finished Goods are valued at lower of cost and net realizable value. Cost excludes GST paid on inputs.

Stores and spares are valued at weighted average cost or net realizable value whichever is lower. Physical verification of inventories is carried out by the Company to cover all the items during the year.

6.15 Provisions and Contingent Liabilities :

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. If effect of the time value of money is material, provisions are discounted using an appropriate discount rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed in the Notes to the Financial Statements. Contingent liabilities are disclosed for:

- i) possible obligations which will be confirmed only by future events not wholly within the control of the Company, or
- ii) present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- iii) Details of dues of Income Tax, Sales Tax, Service Tax, Excise Duty and Value Added Tax which have not been deposited as at March 31, 2023 on account of dispute are given below:

6.16 Financial instruments, financial assets, financial liabilities and Equity instruments.

i) Financial Assets

A. Initial recognition and measurement : Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

Recognition : Financial assets includes Investments, Trade receivables, Advances, Security Deposits, Cash and cash equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the assets are being fair valued through the Statement of Profit and Loss.

Classification : Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

B. Subsequent measurement

a) Financial assets carried at amortised cost (AC)

A financial asset are measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

Fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.

c) Financial assets at fair value through profit or loss (FVTPL)

fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes.

Equity investments:

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as FVTPL. For all other equity instruments, the Company decides to classify the same either at fair value through other comprehensive income (FVTOCI) or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in other comprehensive income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of such investments. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

The Company has opted to continue with the carrying value of all its equity investments as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the transition date pursuant to the exemption under Ind AS 101.

Derivative financial instruments

The Company uses derivative financial instruments, such as foreign exchange forward contracts, interest rate swaps and currency options to manage its exposure to interest rate and foreign exchange risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Hedge Accounting

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to highly probable forecast transactions. The Company designates such forward contracts in a cash flow hedging relationship by applying the hedge accounting principles. These forward contracts are stated at fair value at each reporting date. Changes in the fair value of these forward contracts that are designated and effective as hedges of future cash flows are recognised directly in Other Comprehensive Income (OCI) and accumulated in "Cash Flow Hedge Reserve Account" under Reserves and Surplus, net of applicable deferred income taxes and the ineffective portion is recognised immediately in the Statement of Profit and Loss. Amounts accumulated in the "Cash Flow Hedge Reserve Account" are reclassified to the Statement of Profit and Loss in the same period during which the forecasted transaction

affects Statement of Profit and Loss. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. For forecasted transactions, any cumulative gain or loss on the hedging instrument recognised in "Cash Flow Hedge Reserve Account" is retained until the forecasted transaction occurs. If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss recognises.

Offsetting of financial instruments

Financial assets and financial liabilities are offsetted and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment: The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances are recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Reclassification: When and only when the business model is changed, the Company shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortised cost, fair value through other comprehensive income, fair value through profit or loss without restating the previously recognised gains, losses or interest and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

De-recognition: Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred amounts collected on behalf of third parties, such as sales tax and value added tax.

ii : Financial liabilities

A. Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

B. Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

6.17. Investments in subsidiary, associates and joint venture:

The Company measures its investments in subsidiary at cost less impairment. The company assesses investments for impairment whenever events or changes in circumstances indicate that the carrying value of an investment may not be recoverable. If any such indication of impairment exists, the company makes an estimate of its recoverable amount. Where the carrying amount of an investment exceeds its recoverable amount, the investment is considered impaired and is written down to its recoverable amount.

- i) Non-Current investments are valued at cost. However, provision for diminution in value is made to recognise a decline in the value, other than temporary.
- ii) Current investments are valued at lower of cost or fair value.

6.18 Cash and cash equivalent

In the cash flow statement, cash and cash equivalent include cash in hand, cheques and drafts in hand, balances with bank and deposit held at call with financial institution, short term highly liquid investments with original maturities of three months or less they are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown as borrowing in the current liabilities in the balance sheet and form part of the financial activity in the cash flow statement. Book overdrafts are shown as borrowing in other financial liabilities in the balance sheet and form part of financing activity in the cash flow statement. Book overdrafts are shown as other financial liabilities in the balance sheet and form part of the operating activity in the cash flow statement.

7.19 Earnings per share:

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for the events for bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares). Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.
