M&M Q3 Profit Rises 14% on Strong Tractor and SUV Sales

Revenue from ops jumps 41%; strong order book of 266,000 vehicles to help co

Hyderabad: Mahindra & Mahindra's standalone net profit rose 14% year-on-year (YoY) in the December quarter as sales of its SUVs and tractors advanced at a brisk pace.

Net profit at the Mumbai-headquartered firm rose to ₹1,529 crore compared to ₹1,335 crore. The firm's revenue from operations rose 41% year-on-year (YoY) to ₹1,654 crore during the three-month period compared to ₹1,139 crore in the same quarter of the last year. The earnings lagged the Street's estimates. A Bloomberg poll of brokerages had expected a net profit of ₹1,812.10 crore on revenues of ₹21,790 crore.

"On the outside, we are positioned very well even though there are headwinds," Anil Shah, group MD, Mahindra & Mahindra told reporters on Friday alluding to the policy rate hikes and inflationary trend. The quarterly profit after tax could have been higher if not for one-time loss.

The maker of XUV700 and Cruzeio trucks posted an exceptional loss of ₹529.88 crore in Q3 FY23 as against an exceptional loss of ₹248 crore in Q2 FY22 on account of impairment of long-term assets in Mahindra Truck & Bus business.

Shah said the company sees "strong growth potential" in the truck and bus businesses and expects a return on equity (RoE)

of 18% over the next 5 years from the business. The business was placed under C category (underperforming).

Mahindra's auto and farm business achieved its highest ever Q3 volumes and farm market share stood at 41% (up 169 bps from previous year). Led by SUVs, it sold 176,094 vehicles in the three months to December, up 45% YoY. Tractor sales in the same period rose 14% to 104,850 units.

Rajesh Jejurikar, executive director, auto and farm equipment sectors, M&M said a strong order book of 266,000 units (as on February 1) will help the company in good stead even amid the adversities. This is even as the company has been ramping up production at its facilities.

In December the company signed an agreement with the Maharashtra government to set up a new facility for SUVs around Chakan near Pune. It plans to invest ₹10,000 crore over the next seven to eight years for

the same.

Separately, on Thursday it signed an agreement with the Telangana government to set up three and four-wheelers as an expansion project at its Zabeerabad factory.

Even as the company is optimistic of the demand to continue, "some of the price-sensitive segments of the market may see some slowdown and be adversely impacted," said Jejurikar.

Encouraged by the strong volume run of tractors that has come on the back of higher spending in the second half, four years of normal monsoons, and farmers fetching better prices of their produce in the mandis, Mahindra has revised its forecast for the tractor market upwards.

Alibaba Fully Exits Paytm, Sells its 3.3% Stake

Our Bureau

Mumbai | Bengaluru: Chinese technology giant Alibaba has fully exited Paytm, the parent brand that operates Paytm, by selling its remaining 3.3% stake through block deal on Friday. Alibaba.com Singapore E-commerce sold 2.14 crore shares, constituting 3.3% of the Paytm share capital at ₹1,377.51 crores, according to NSE data.

Shares were sold at ₹642.74 apiece. Morgan Stanley Asia (Singapore) bought shares worth ₹312 crore, while the remaining buyers were unknown.

Shares of Paytm rallied 24% in the last one week on the back of a healthy set of December quarter results and major global brokerages turning bullish and raising target prices on the stock. However, the stock plunged 8.8% to close at ₹650.20 on Friday. Earlier this month, brokerage firm Macquarie Research raised its 12-month target price for Paytm stock to ₹800 in a report released after slashing the target price of the script twice last year—first from ₹1,200 to ₹800, and then to ₹450.

On January 13, China's Alibaba Group sold a 3.1% stake in the Indian digital payments company for ₹1,031 crore (\$155 million). At the end of December last year, Alibaba held a 6.2% stake in Paytm. Alibaba earlier sold shares in BigBasket and Zomato.

DCGI Notice for Online Pharma Cos Selling Drugs Without Licence

Teena.Thacker
@timesgroup.com

New Delhi: The Drugs Controller General of India (DCGI) has served show-cause notices on online pharma cos, asking them why action should not be taken against them for selling and distributing drugs without licence. In the notices, issued on Wednesday, the regulator said the online platforms were doing the business in contravention of the Drugs and Cosmetics Act, 1940. They were told to file the response within two days. It wasn't clear whether the pharmacies have responded to the notices, a copy of which ET has seen.

The notices state that the sale, or stock or exhibit or offer for sale or distribution of drugs through online, internet or other electronic platforms without a licence has potential impact on the quality of drugs and pose risk to public health due to potential misuse of drugs through self-medication and indiscriminate use of drugs.

Several cases are pending in courts requesting prohibition of online sale of drugs.

The DCGI said that even after instructions from the apex regulator for compliance of an order of Delhi High Court, the e-pharmacies were found to be engaged in selling medicines online without a licence.
