Rainbow Children's Medicare Ltd.'s Q3 & 9M FY24 Financial Results

Hyderabad, January 24, 2024 : Rainbow Children's Medicare Limited (RCML), India's leading pediatric multi-specialty and perinatal care hospital chain, announced its financial results for the third quarter and the first nine months ended December 31, 2023.

The company recorded its highest ever Revenue and EBIDTA despite the continued seasonal headwinds. The effect of lower than expected rainfalls and subsequent irregular seasonal variations had an impact on the patient footfalls and occupancy in the current quarter as compared to the same period last year, which was marked with higher footfalls and inpatient admissions as children continued to adapt in post COVID environment.

The operations at hospitals based in Chennai, Vijayawada and Vizag were affected for 10-15 days during the quarter due to cyclone Michaung which had a devastating impact in parts of Tamil Nadu and Andhra Pradesh.

The company is happy to share that it has commissioned its 8th hospital in Hyderabad with 60 beds at Central Hyderabad, Himayat Nagar. This step has further strengthened company's Hub and Spoke network with combined 890 beds at Hyderabad.

The Company remains dedicated to the timely execution and initiation of the projects to add 280 beds during the current financial year. The coming months of the current financial year are going to be busy, as the company prepares to commission two new hospitals and an additional block at an existing hospital during this time.

The company continues its unwavering dedication to its mission: to provide outstanding multi-disciplinary pediatric and perinatal care. We are constantly refining our services to serve our patients."

About Rainbow Children's Hospital

Rainbow network comprises of 17¹ hospitals and 3 clinics in 6 cities, with a total bed capacity of 1,715¹ beds. Our Pediatric services operating under the brand "Rainbow Children's Hospital" includes newborn and pediatric intensive care, pediatric multi-specialty services, pediatric quaternary care (including organ transplantation); whereas our women care services under "Birthright by Rainbow" offers perinatal care services which includes normal and complex obstetric care, multi-disciplinary fetal care, perinatal genetic and fertility care along with gynecology services.

Rainbow Children's hospital built on strong fundamentals of a multidisciplinary approach with a full-time consultant led clinical service along with 24/7 commitment in a child centric environment. The company follows a hub-and-spoke operating model where the hub hospital provides comprehensive outpatient, inpatient care, with a focus on tertiary and quaternary services while the spokes provide 24/7 emergency care, large outpatient services and comprehensive obstetrics, pediatric inpatient and level 3 NICU services. This model is successfully operational at Hyderabad and is gaining traction in Bengaluru. The endeavor is to replicate this approach in Chennai and across the National Capital Region. Subsequently Rainbow intends to expand into tier-2 cities of Southern India.

Rainbow embraces a unique doctor engagement model, where doctors work exclusively on a full-time, retainer basis. The doctors work in teams and have 24/7 commitment, which is particularly important for children's emergency, neonatal, pediatric intensive care services and to support pediatric retrieval services. The Company also operates the country's largest pediatric DNB training programme in private healthcare, offering post graduate residential DNB and fellowship programme.
