Q1 securitisation volume more than doubles to ₹33,000 crore

PRESS TRUST OF INDIA Mumbai, August 1

WITH THE ECONOMY normalising to the pre-pandemic levels, credit off-take has been on an upswing and so does retail securitisation volume which soared more than two-fold to ₹33,000 crore in the first quarter, shows an analysis.

The pandemic shocks had retail securitisation volumes plunging in the first quarters of the past two fiscal years, but the trend was reversed with the normalisation of economic activities, pushing the securitisation volume by 113% in Q1 to ₹33,000 crore from ₹15,500 crore a year ago, according to an analysis by Care Ratings.

The retail securitisation volume includes pass-through certificates (PTCs) and direct assignment (DA) transactions. Of the total, mortgage loans contributed around 47% of the DA transactions in Q1, while vehicle loan pools dominated the PTC volumes with 59% share.

The other major asset classes include microfinance loans (12%), gold loans (7.5%) and unsecured business loans, personal loans and consumer finance loans, cumulatively constituting 6.2%, says the report. The retail market volume was again driven by DA transactions, with 61% of the overall share, while the remaining share was of PTC deals.

The DA segment is led by mortgage-backed securitisation (MBS) with an aggregate size of around ₹13,000 crore, followed by asset-backed securitisation (ABS) at around

Of the total, mortgage loans contributed around 47% of the DA transactions in Q1

₹4,000 crore, which includes pools backed by all the asset classes (except mortgage loans and microfinance loans). MFI loans made up around 13% of the DA volume.

PTC volume is mainly driven by ABS pools contributing around 73% of the total issuances and is led by vehicle loans at around ₹7,600 crore accounting for around 59%.

The report concludes that despite the rising fear of a global recession, coupled with the challenges brought on by the volatile commodity prices as well as the supply chain issues, the signs of overall improvement in the economic activity in the country and the rising credit demand will keep the momentum for the retail securitisation segment led by NBFCs.

Delhi reports 2nd monkeypox case

A 35-YEAR-OLD Nigerian man, living in Delhi and having no recent history of foreign travel, has tested positive for monkeypox, taking the total number of infected people in India to six, official sources said on Monday.

He is the second person in Delhi to test positive for the infection. The man, who has been staying in Delhi for a year now, has no recent history of foreign or local travel, sources told PTL. His condition was stable.

Meanwhile, two suspected monkeypox patients, both Nigerian nationals, have been admitted to the Delhi government-run LNJP Hospital, nodal hospital for treatment of the infection, since Sunday. —PTI
