New Delhi: The government is likely to disburse around ₹ 13,000 crore to eligible firms seeking benefits under the production-linked incentive (PLI) schemes, amid an ongoing exercise to tweak the scheme for those sectors that have not yet picked up well, industry secretary Rajesh Kumar Singh said Friday.

He also said that 60 quality control orders (QCOs) are in the works this year for products such as consumer goods, rubber, paper and light engineering items with an aim to contain imports of substandard goods and boost domestic manufacturing.

So far, 33 QCOs for over 127 products such as ACs, refrigerators, pipes, and safety valves have been issued. "Right

Centre Releases **Buffer Onion** Stock to Check **Prices**

New Delhi: The central goverment has started releasing onions from its buffer stock to tame the rising prices of the staple, the department of consumer affairs said in a statement.Onion prices are inching upwards with the All India Wholesale Consumer Price going up from ₹2,001.25 per quintal on July 10 to ₹2,122.07 on August 10, an increase of 6.04% on account of lesser kharif sowing in the main producer states of Maharash-

tra and Karnataka. The acreage under onion in rabi 2023 (December 2022 to January 2023) is also estimated to have been lower on-year by 3-5%. This is estimated to have resulted in approximately 6% lower output on-year, according to a report by Crisil.

The department had earlier decided to maintain a buffer stock of 300,000 tonnes of onions in the 2023-24 season. In 2022-23, the government maintained a buffer stock of 251,000

Buffer stock is maintained to meet any exigencies and for price stabilisation, if rates go up significantly during the lean supply season.

Rohit Kumar Singh, secretary, department of consumer affairs, met with the officials NAFED and NCCF on Thursday to finalise the modalities for the disposal.

Within Rights to File Plea Against SpiceJet, Willis Lease tells NCLT

Ishaan.Gera @timesgroup.com

New Delhi: Engine lessor Willis Lease Finance Corporation Friday told the National Company Law Tribunal (NCLT) that it was well within its rights to file an insolvency petition against Spicejet.

WLFC said its service agreement with four operational creditors, read along with the lease agreements and emails from Spiceiet acknowledging the debt to WLFC, established its right to file a petition against the airline for failure to pay lease rent and usage charges on 11 engines. WLFC claimed that Article 1, Section 1.01 of the service agreement allowed the servicer to collect lease rent and other charges on behalf of engine lessors and "take reasonable efforts to enforce rights and remedies of the lessor under the lease in the event of loan payment by relevant due da-

Senior counsel for WLFC further pointed out that the lessor "has the absolute right to transfer to any person all of the rights under the general terms agreement". The tribunal has been demanding that WLFC satisfy how it could file an insolvency petition against Spicejet under Section 9 of the Însolvency and Bankruptcy Code, 2016, when it was not a lessor and when there were four different operational creditors involved in the case.

At the last hearing, the senior counsel for Spicejet questioned the maintainability of the plea filed by WLFC, pointing out that the law did not permit four operational creditors to file a single Section 9 petition and that WLFC could not, in any case, file a plea as it was just a service provider. The matter has been listedforSeptember11.
