Item No. 7 – Approval of Raising of Funds up to ₹ 1000 Crore by way of issue of Non-Convertible Debenture

The Company would like to take advantage of the present conducive business environment to grow its business both organically and inorganically and for this purpose may decide to issue Non-convertible Debenture (NCDs) and raise funds during the year. Considering the business expansion plans of the Company, it is therefore thought prudent to have enabling approvals to raise further funds as may be permitted under applicable laws through the issue of NCDs as defined in the resolution.

The additional capital may be raised through issuance of NCDs in one and any combinations thereof. Members' approval is therefore sought for issuing NCDs as the Company may deem appropriate. The issue will be structured in such a manner that the amount of the same would not exceed ₹ 1000 Crore.

It may be noted that Rule 14(2) of Companies (Prospectus and Allotment of Securities), Rules, 2014, read with Section 42 of the Companies Act, 2013, allows a Company to pass a special resolution once in a year for all the offers or invitations for Non-Convertible Debentures to be made during the year through a private placement basis in one or more tranches.

BUILDING FOR THE FUTURE

FY2019 for the Centrum Group, like most businesses in financial services, was a mixed bag of opportunities for growth, along with some headwinds. The first half saw considerable action, with NASDAQ listed Ebix acquiring the Forex business - CentrumDirect; acquisition of L&T Finance's Supply Chain Business; the listing of Centrum Capital Ltd. on the NSE; and growth in Wealth Management and Lending Businesses. In the second half, markets grew awry due to the IL&FS debacle, and the resulting liquidity crunch brought a temporary slowdown in lending and other businesses. However, as a whole, it was a year of substantial gains across business verticals.

Despite the turbulence felt during FY2019, considerable efforts, time, and resources were invested in diversifying the portfolio; increasing the thrust on leveraging the digital medium for better delivery; strengthening teams at all levels; and fine tuning business strategies to increase focus on quality research, prudent risk management mechanisms, stronger industry partnerships, and geographical expansion. While doing this, core values of Customer Centricity, Integrity and Innovation have remained at the forefront.

FY2020 has begun with a more normalised market environment and improving liquidity. We are focused on **Building For The Future**, by enhancing Institutional and Wealth businesses, infusing equity into our nascent lending businesses and seeding new initiatives across Advisory, Lending and Asset Management. We are well positioned to reach our business goals and serve our wide range of Retail and Institutional Clients.

Executive Chairman's Message

Jaspal Singh Bindra
Executive Chairman

Dear Shareholders,

Three action packed years have gone by since I became Executive Chairman of the Centrum Group. I am happy to share that with the collective efforts of the team and support of all stakeholders, we have grown well with a diversified portfolio of offerings in

THREE FULFILLING YEARS HAVE GONE BY SINCE I BECAME THE EXECUTIVE CHAIRMAN OF CENTRUM GROUP, AND FY2019 WAS FULL OF ACTION, EXCITEMENT AND CHALLENGES.

both fee based and in lending, for Institutions and Individuals. Built on the pillars of Customer Centricity, Domain Expertise and Integrity, we have leveraged our strengths to meet changing external opportunities, grow organically and seize in-organic opportunities.

FY 2019 was a year of action, excitement and challenges. We divested our vintage money exchange business in April 2018 to Atlanta based, NASDAQ listed Ebix Inc. The sale of this business was concluded at an opportune time, as it brought us significant resources just before the liquidity crunch hit the market. With the monies of this sale, we were able to successfully bid and complete the acquisition of L&T Finance's ₹ 650 crore Supply Chain Portfolio and also make investments to grow our NBFC, Housing Finance, Wealth Management and Insurance businesses. During the year, all our businesses performed well, largely driven by the increased thrust on digitisation and geographic expansion. We strengthened our middle and senior management teams with quality talent, who will play a key role in augmenting growth and in helping us achieve our long-term vision of building a robust fee-based business along with a scalable lending platform.

During the fiscal, the overall economic scenario remained under stress with GDP growth slowing down gradually each quarter to 5.8% for Q4 FY 2019. During FY 2019, the Indian equity markets witnessed a bumpy ride. While the benchmark indices S&P BSE Sensex and CNX Nifty made gains of 13.8% and 10.7%, respectively; the smaller indices such as Mid-Cap and Small-Cap registered de-growth. Despite a challenging year, the Indian economy continued to remain the world's fastest growing large economy. More importantly, the opportunity in Financial

Services remains compelling. There is significant under penetration in retail credit and services. Moreover, a large section of the Banking system is caught in its internal issues and is unable to serve its clientele.

On a standalone basis, Centrum Capital's Net Profit for FY2019 increased 120% to ₹ 139.05 crore. At a consolidated level, the Group reported a Net Profit of ₹ 78.7 crore, registering a growth of 89%. I am happy to share that effective April 4, 2018, our share also listed on the National Stock Exchange.

Lending businesses of Housing Finance, SME and Micro Finance have grown well. In a short span of just two years, our lending assets are in excess of ₹ 2,000 crore. We received an A Minus (A-) rating from CARE, which is giving us greater access to credit from banks and financial institutions and help scale up the businesses further. Affordable Housing Finance business expanded significantly and is now present in 6 states. The acquisition of L&T Finance's Supply Chain business was a natural fit in our portfolio and is profitably accretive in the first year itself. The teams from L&T Finance's Supply Chain Business and from our earlier acquisition of FirstRand Bank India's Micro Finance business joined us during the year and have integrated well in to our culture and ecosystem. I am confident that they will drive these businesses to further growth. During the year, we expanded our services to offer business loans based on data analytics to the digitally enabled, fast growing MSME segment. We now offer a wide spectrum of loan sizes starting from ₹ 10,000 up to ₹ 25 crore, catering to a wide range of clients.

Our Wealth Management Business had a good year despite challenging market conditions, closing the year with overall assets under management of over ₹ 20,000 crore. Taking advantage of the vast investment opportunities in Indian markets, we started offices in Singapore and Dubai to service the large number of NRIs. The business made significant investments in improving the backend support technology, set up offices in tier I and II cities and now operates out of 16 cities in India. The alternate channels, online and mass affluent business were introduced during the year and have witnessed good traction. Our Family Office business, too recorded significant growth and acquired marquee clients, while introducing new services in the areas of succession planning, taxation and philanthropy. The Insurance Broking business, witnessed steady growth and reported a total revenue premium well in excess of ₹ 100 crore.

The Institutional businesses of Investment Banking and Broking grew by empaneling new franchisees and strengthening the sales and research teams. Taking advantage of the improved sentiments in the primary markets, our teams advised on multiple transactions during the year. We also played a key role in bringing corporates and investors together by hosting several focused investor conferences during the year, which were very well received. We have been active in the stressed assets advisory space as well. Our debt team too had an eventful year, advising corporates in the areas of CDR, OTS, JLF and bilateral restructuring.

We recently started an Alternative Investment Management vertical. The business offers investment opportunities across Venture Capital, Structured Credit, Public Equity and has a dedicated Real Estate

Management and Advisory platform (Centrum REMA). Through these businesses, we raised and invested capital across Consumer Services, Healthcare and Education Technology. Centrum REMA, has signed up with multiple developers in Mumbai and successfully assisted them in areas of capital raising, sales and marketing and legal due diligence.

Dear shareholders, while it is important to focus on our businesses, I believe it is equally important for the organisation to contribute to betterment of society. We do this through The Centrum Foundation, whose focus is Health, Nutrition and Well Being of the Underserved. Our key initiatives during the year - Feed the Needy, Support the Well Being of the old and lonely, Financial Aid for cochlear implants in children with hearing impairment and Advanced Equipment for Endoscopic surgeries in Urology to Sion Hospital have all met this theme. We have been able to in small measure, make a positive impact on the lives of some children who are now able to hear well, senior citizens and those helping to bring their cancer suffering family members back to health.

As mentioned earlier, at a Group level we have increased our thrust on digitisation, which not only includes improving back end system technologies, but also developing portals and mobile applications to reach out to a larger audience. We have launched an online financial planning and investment advisory platform, on which existing clients can view their holdings and new clients can register, build their risk profiles and start trading in equities or make mutual fund investments at the click of a button. We also introduced a robust mobile application – Centrum Stock Trader, for clients to trade using their mobile phones. Additionally, we also launched an Online

WE HAVE ADJUSTED WELL THROUGH THE SEVERE LIQUIDITY CRUNCH PERIOD AND AS THE SITUATION IS EASING, WE HAVE STEPPED UP OUR DISBURSEMENTS.

Insurance Distribution portal to compare and buy insurance policies across Life, General and Health Insurance. In the year ahead, we are looking at many more such initiatives, which includes an online lending platform for consumer loans and online processing of home loans.

The strong mandate for the Government in the recent National elections, gives great confidence for Stability and a Continuance of the thrust on Financial Inclusion, Digital India, Make in India, Housing for All, etc. We have adjusted well through the severe liquidity crunch period and as the situation is easing, we have stepped up our disbursements.

I would like to end by expressing my gratitude to all our clients, teams, investors, bankers, regulators and shareholders – for the trust they have reposed in us. My special thanks also to our Board members for their guidance. We look forward to your continued support in our growth trajectory, as we create long term value for all our stakeholders.

Yours sincerely,

Jaspal Singh Bindra
Executive Chairman

BUILDING A STRONG FOUNDATION FOR THE FUTURE

FY2019 was an action packed year driven by strategic acquisitions, geographic expansion, strengthening of the senior management team and an increased thrust on digitization. The year saw the strategic divestment of our vintage Money Exchange business and the acquisition of L&T Finance's Supply Chain business amongst other initiatives. The following pages capture a glimpse of the significant happenings:

Corporate Initiatives and Developments

Divestment of Our Money Exchange Business

FY2019 got off to a good start, as we signed an agreement to divest our complete stake in the money exchange business - CentrumDirect (CDL) to Atlanta based, NASDAQ listed Ebix Inc. We reasoned that, owing to more customers opting for technology enabled platforms and growing margin pressures, Ebix Inc would make for a good home for CDL owing to its technological capabilities, global footprint and a large resource base. Over its journey of 20 years, CDL had grown to become one of the largest money exchange companies in India.

The transaction was completed at an opportune time, just before the BFSI sector witnessed uncertainties following the IL&FS debacle and liquidity squeeze in the economy. The sale provided us with a substantial resource base to strengthen our core businesses of Wealth Management, Institutional & Retail Broking, Investment Banking, Insurance and our lending verticals, along with identifying strategic opportunities for inorganic growth.

Centrum Group sells forex biz to Ebix for ₹1,200 crore

PRESS TRUST OF INDIA
Mumbai, April 3

DIVERSIFIED FINANCIAL SERVICES player Centrum Group has decided to exit the forex business under brand name Centrum Direct by selling it to Atlanta-based Ebix Inc for around ₹1,200 crore.

Nasdaq-listed Ebix has over 50 offices across five continents and offers on-demand software and e-commerce services to insurance, financial and healthcare industries. As part of the deal, the entire Centrum Direct team and assets will be transferred to Ebix and will become a part of Ebix Cash, an end-to-end financial exchange, the Jaspal Bindra-led company said in a statement on Tuesday. The deal, subject to shareholder and regulatory approvals, is expected to be closed in 60 days.

It can be noted that in 2017, Centrum had divested 18.5% of its stake in Centrum Direct to a group of private equity investors including Jacob Ballas, New York Life and Evolve. City-based Centrum Direct, which handled transactions worth ₹10,000 crore in FY18, has a customer base of over 3 million and offers services like sale and purchase of forex, overseas remittances, travel cards and travelers cheques.

It operates 165 outlets in 55 cities and is the largest airport forex player with a presence in 24 domestic airports.

Commenting on the sale, group chairman Jaspal Bindra said though the money exchange business has seen sustained growth, consolidation and margin pressures are expected to be major disruptors in this business as more customers opt to do digital transactions.

"The proceeds from the sale will provide us with a significant resource base to strengthen our core businesses of wealth management, institutional and retail broking, investment banking, insurance and lending verticals along with identifying strategic opportunities for growth," he said. Robin Raina, chairman of Ebix, said,

"The acquisition provides us with new abilities in niche financial exchange sectors while expanding our footprint in India. We have been eager to take up a strong position in India's airports and shipping ports."

Jaspal Bindra, Executive Chairman, Centrum Group signs the deal to acquire L&T Finance's Supply Chain Business

Acquisition of L&T Finance's Supply Chain Finance Business

As part of our corporate strategy, strengthening the lending business is a key focus area. The Supply Chain Finance business is a fast growing area, in which we wish to increase our presence. In September 2018, we signed an agreement with L&T Finance to acquire their Supply Chain Finance business. We acquired their loan book of ₹ 650 crore and the staff of 50 professionals operating out of 16 cities in India. The acquisition was a natural fit in our portfolio and will be profitably accretive in the first year itself.

A Minus (A-) Rating for Our Lending Businesses

In September 2018, CARE a renowned Rating Agency gave an A Minus (A-) Rating to our lending businesses of Housing Finance and SME Finance. The rating will give us greater access to credit from banks and financial institutions, which will help us to scale up the businesses significantly.

Ghatge Patil - Structured Finance Deal

We successfully closed a Structured Finance Deal for Ghatge Patil Industries Limited (GPI), a USD 100 million Group engaged in designing, manufacturing and marketing of valves, castings and transmission products. Our team successfully advised GPI to raise ₹ 750 million for re-financing its existing debt and as growth capital.

Centrum Capital Lists on NSE

On April 04, 2018, Centrum Capital also listed on the National Stock Exchange (NSE). Being listed on both BSE & NSE brings greater volumes.

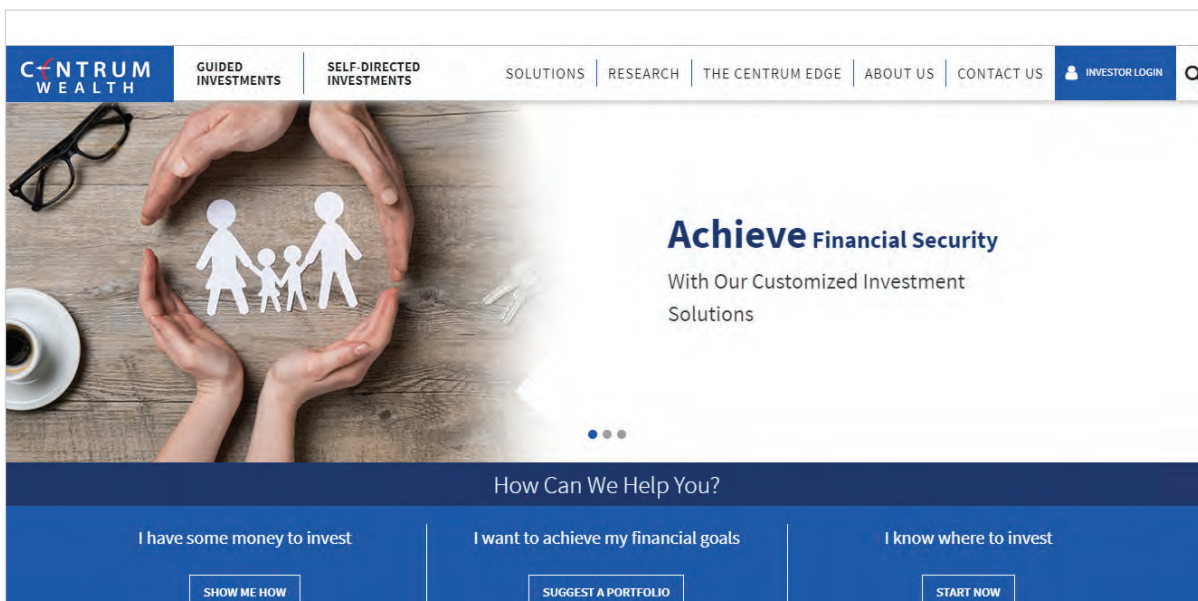

Growth Through Digital Transformation

As a part of our efforts to expand our business verticals, we have made significant progress in leveraging the digital medium for growth and efficiency. Facilitating Stronger Industry Relationships

Our teams regularly organise interesting events to bring together relevant stakeholders on a common platform to interact, collaborate, and debate on pertinent issues.

VC Circle- Stressed Assets Investment Summit

We were the presenting partner of the VC Circle - Stressed Assets Investment Summit held in January 2019 in Mumbai. The event was eagerly looked forward to, given the developments in Insolvency and Bankruptcy Code and National Company Law Tribunal. Our Executive Chairman Jaspal Bindra, in an exclusive Fireside chat, spoke on the slowdown in the NBFC sector. Sandeep Upadhyay and Sunil Varma from our Infrastructure team and Rakshat Kapoor from Centrum Alternatives also shared insights and ideas as speakers at the summit. The participants found the discussions stimulating. Our partnership of this event, reinforced our position as a specialist in stressed assets resolutions.

Feet on the Street

In December 2018, we organised an interesting Cross Sectoral, Laterals Conference 'Feet on The Street' in Mumbai. The conference saw closed door meetings at which dealers from Auto, Cement, Building Materials, and BFSI sectors shared an on-ground perspective on the consumption trends during the festive season, consumer behaviour and the impact of GST on sales, amongst other industry specific discussions. We partnered with BTVI and got significant visibility through interviews done with Centrum spokespersons, as well as senior management of participating companies.

The Metals Medley

In September 2018, we organised the 'The Metals Medley', an exclusive Investor Conference on the fast growing and strongly poised metals sector in Mumbai. The event saw participation from over fifteen metals companies and eighty investors from over sixty fund houses. The mood at the conference reflected optimism on the outlook for the metals sector. ET Now was our media partner for the event.

We Are Here to Make a Difference

While we continue to make significant efforts for growing our business, we find it equally important to be a socially responsible corporate citizen. Our team members proactively come forward and contribute financially in times of distress, volunteer to participate in community building initiatives and regularly share new ideas for CSR that we as an organisation can participate in.

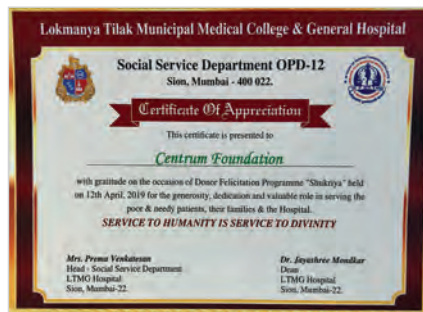

Centrum Supports Kerala

In August 2018, torrential rain and the worst flooding in 100 years hit the beautiful state of Kerala. Many people lost their lives, leaving their families devastated. Others saw their homes go under and had to live without basic necessities. Considering the enormity of the tragedy, our employees voluntarily stepped in and contributed a day's salary to help the victims get back to normal life. The management matched the staff's contribution and as an organisation we donated ₹ 10 lakh to the State.

Centrum Foundation Updates

Our CSR Arm – The Centrum Foundation has recently supported four noble initiatives:

- It has adopted four cancer shelter homes at Chembur and Khargar in Mumbai, where we provide food to the inmates who come from across the country for treatment at Tata Memorial Hospital in Mumbai. Currently, the Foundation is providing 7,500 meals a month in these shelter homes and plans on adopting more homes.
- The Foundation, with the help of Holy Family Hospital in Mumbai, has provided Cochlear Implants to under-privileged children below the age of four who were born deaf, thereby restoring their hearing.
- It provided the Sion Municipal Hospital in Mumbai with the latest version of a 3-chip camera that is used for Endoscopic surgeries. The hospital's equipment was outdated and it was unable to raise funds to procure a replacement.
- The Foundation is supporting the construction of an Old Age Home on a 7 acres plot at a serene and beautiful location in Kanhe in Pune district. It will be home to 120 seniors on completion of phase I, taking care of all their needs including food and healthcare. It is also undertaking the renovation of the Sant Baba Moni Saheb Vriddha Anand Ashram at Akurdi.

Management Discussion And Analysis

Economy Overview

Indian Economy Overview

The Indian economy grew steadily amidst significant reforms announced in FY2019. The Recapitalisation of Public Sector Banks (PSB), amendments to the Goods and Service Tax (GST), clean-up of Non-Performing Loans (NPA) through National Company Law Tribunal (NCLT), and the Insolvency and Bankruptcy Code (IBC) played a pivotal role in strengthening the economy, effects of which will be seen in the next few years. Amidst the economic reforms, there was also robust development in infrastructure and an increased thrust on financial inclusion.

Economic Highlights – FY2019

India's GDP for FY2019 stood at 6.8%. The Index of Industrial Production (IIP) grew by 3.6% and was majorly driven by growth in Infrastructure / Construction Goods, which grew by 7.5%. Furthermore, inflation remained well in control. The Wholesale Price Index (WPI) and Consumer Price Index (CPI) based inflation was at 3.18% and 3.41% respectively. Additionally, the Reserve Bank of India (RBI) also announced multiple rate cuts to ease the liquidity. The Repo rate now stands at 6%.

The RBI undertook a one of its kind Dollar-Rupee swap auction and infused ₹ 34,561 crores into the banking system. The auction received an enthusiastic response. India's foreign exchange reserves stood at \$406 Bn.

7%
INDIA'S GDP
FOR FY2019

The Government maintained fiscal discipline by meeting the fiscal deficit target of 3.3% of GDP last year. The fiscal deficit target for FY2020 is also pegged at 3.4%. The Rural economy witnessed green-shoots on the back of a normal monsoon and hikes in Minimum Support Prices (MSP) for the agricultural produce.

Despite an improvement in growth prospects, the Indian economy faced challenges. One of the major problems that arose in FY2019 was the liquidity crisis in the NBFC sector. As short term sources of funds were deployed for long term funding purposes, a structural issue of Asset Liability Mismatch (ALM) occurred thereby negatively impacting NBFCs.

FY2019 WAS AN ACTION-PACKED YEAR, FILLED WITH A NUMBER OF STRATEGIC INITIATIVES INCLUDING LAUNCH OF NEW BUSINESSES, STRENGTHENING CORE BUSINESSES AND HIRING CAPABLE TALENT.

Human Resources

Highlights FY2019

As the Group strengthened its various businesses operating at different life stages, the need for customised people practices in each business became more pronounced. At the same time there is always the need to have a common thread that binds all and keeps the values aligned. Thus, keeping the shared values of entrepreneurship, fairness, equal opportunity, progressive mind-set intact, the Group embarked on the journey of creating bespoke solutions for each business. Whilst some businesses required teams to come together and be boundary less, others required an internal competitive streak, approaches towards compensation and rewards also differed for each business and the stage of its lifecycle.

Strategic team build out happened in many businesses, specifically the Institutional Broking, Lending, Alternative Investment Management business, which has brought in fresh talent, perspectives and is helping strengthen the proposition across the Group. The teams from L&T Finance's Supply Chain Business and from the Group's earlier acquisition of FirstRand Bank India's Micro Finance business joined during the year and have integrated well. The Group hired experienced and recognised professionals from both domestic and international firms with focus on real competencies required across businesses. The Centrum Protégé Program launched last year was a great success, making pre-placement offers to some of the proteges who worked with the Group in the last summer. Continuing the endeavor to build a strong pipeline of young talent, this year 20 protégés have been selected from different institutes like JBIMS, XLRI, FMS, NMIMS, IIFT and XIME to work on special projects across businesses. Our decision to partner with reputed business schools, will help enhance the Group's brand and build a young, dynamic and diverse work force. As on 31st March 2019, the total number of employees stood at 1,270.

Outlook

Going forward the Group's focus will be on organisational development through bettering efficiencies and effectiveness of its people. This will be accomplished through sharper learning interventions; using technology to provide tools to our people, which may help them perform better and through constant development initiatives in the form of mentoring, coaching, action learning, amongst others. The Group aims to create a learning culture that helps bring out the best in each member.

Opportunities and Threats

Opportunities

The Indian economy retained its tag of the fastest growing economy in the world, which has led to immense opportunities for the BFSI sector. Centrum is well poised to capitalise on these opportunities across business segments.

On the lending side, the public sector banks are saddled with NPAs and have limited capital for incremental lending, resulting in an immense growth opportunity for NBFCs. Additionally, the Government's vision of increased financial inclusion and deeper penetration of organised lending will augur well for the micro finance business. The focus on affordable housing by the Government exhibits growth opportunities, particularly in Tier 2 and 3 cities. Initiatives like the Credit Linked Subsidy Schemes and Housing for All by 2022 amongst others, have led to high growth in demand for affordable housing finance.

Equity markets are poised for a period of stability amidst a stable political and economic environment. People recognise the need for increased allocations in financial products. Traditional allocation of savings to gold and real estate are gradually shifting into stocks, bonds amongst others. The mutual fund industry is growing rapidly with considerable awareness being created through investor education programs. In India only 5% - 6% of the overall population invests in capital markets, which is likely to grow at a fast pace in the next few years.

Threats

There is immense competition in the financial services industry, owing to lack of product differentiation, employee attrition and increased competition from established and boutique companies.

Inflation is set to rise owing to the increase in global oil prices. Higher inflation leads to reduced household savings and subsequently lower investments in financial products. This significantly impacts retail participation in capital markets.

1,270
TOTAL NUMBER OF
EMPLOYEES AS ON
31ST MARCH 2019

FY2018-19 witnessed a liquidity crunch in the NBFC sector on the back of a substantial Asset Liability mismatch. Incidents like ILFS failure to replay their debt is a contentious issue and poses a threat to the lending industry. Banks and Investors are wary of increasing their exposures to NBFCs and are looking for more safe sectors to deploy their funds.

Estimated economic headwinds also pose a challenge going ahead. The lending industry is struggling to find a balance between growth and NPAs. Given the recent debacles faced by various banks, there will be an increased scrutiny by the regulators to recognise NPAs at an early stage. Higher leverage taken by financial institutions increases the overall corporate debt to GDP ratio, which also impacts sovereign rating of the country adversely.

Risk Management

For Centrum, an effective risk management policy lies at the core of our business philosophy, which is centred on delivering higher and better returns to all our stakeholders.

With ups and downs, volatility and fluctuations in the financial business in which the Company operates, Centrum is exposed to various risks and uncertainties in the normal course of our business. Since such variations can cause deviations in the results from operations and affect the Group's financial state, the focus on risk management continues to be high.

Centrum's risk management strategy has product neutrality, speed of trade execution, reliability of access and delivery of service at its core. Multiple products and diverse resource streams enable the Company to ensure continued offering of customised solutions to suit client needs at all times – good and bad.

State-of-the-art technology, experienced professionals, a highly qualified IT team for in-house software development, coupled with adequate back-up systems and compliance with regulatory norms insulate Centrum from the vagaries of the financial business.

Internal Controls and Their Adequacy

Centrum has always focused on maintaining a strong internal control system, which is commensurate with the Group's size and nature of operations. The Company's internal controls are structured in a manner that ensure reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorised use or losses, executing transactions with proper authorisation and ensuring compliance of corporate policies, laws and accounting standards.

With a strong monitoring system in place, the Company has an Audit Committee, the details of which have been provided in the Corporate Governance Report. Internally the company has also set up an Investment Committee comprising Compliance Officer, Chief Operating Officer apart from the core team, which manages the investment products to effectively monitor both the process and returns to clients. Centrum has also appointed as independent Internal Audit Firm. The Audit Committee regularly reviews the Internal Audit Reports as well as the findings and recommendations of the Internal Auditors. Suggestions for improvement are considered and the Audit Committee follows up on the implementation of corrective actions. Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements, consolidated financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder. This responsibility

Independent Auditor's Report

also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this standalone financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when,

in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure 2 to The Independent Auditor's Report

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Centrum Capital Limited on the standalone financial statements for the year ended March 31, 2019]

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Centrum Capital Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

p) Provisions, Contingent Liabilities & Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent Assets are neither recognized nor disclosed in the Financial Statements.

q) Cash and cash equivalents

Cash and cash equivalents in the Cash Flow Statement comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

r) Borrowing costs

Borrowing costs includes interest and amortization of ancillary cost incurred in the arrangement of borrowings and is recognized as an expense in the period in which these are incurred. Borrowing Costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets.

positions in future & options in Nifty 50 Index based on considering risk analysis of MLD. Further, the fair valuation of the MLDs for initial recognition of embedded derivatives and borrowings components as at the date of issue is done considering adjustment to the put/call contracts of Nifty 50 Index, thereby arriving to the derivatives and borrowings. Any gain/loss on these hedge positions are netted against with interest expenses on MLD and resultant net loss/gain is recognised in Statement of Profit & Loss.

t) **Employee stock compensation cost**

Employees (including senior executives) of the Company receive remuneration in the form of share -based payment transactions, whereby employees render services as consideration for equity instruments (equity-settled transactions).

In accordance with the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and the Guidance Note on

Accounting for Employee Share-based Payments, the cost of equity-settled transactions is measured using the intrinsic value method. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognized in the Statement of Profit and Loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Where the terms of an equity-settled transaction award are modified, the minimum expense recognized is the expense as if the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total intrinsic value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification."

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Profit / loss on disposal of long term investment in subsidiaries and others Profit / loss from disposal of long term investment in subsidiaries and others amounting to ₹ 6,31,04,93,237 disclosed as exceptional item, is a significant proportion of the Company's total revenue during the year. Considering the materiality of the amounts involved and revenue being one of the Company's key performance indicator, this matter has been identified as a key audit matter for the current year audit.	Our audit procedures included: <ul style="list-style-type: none">- Obtained an understanding of management's process and evaluated design and tested operating effectiveness of controls around disposal of long term investment in subsidiaries and others and recognition of profit / loss on such disposal;- Ensured completeness and accuracy of profit / loss on disposal of long term investment in subsidiaries and others through substantive testing;- Evaluating the disclosure as exceptional item as defined in Para 12 of AS 5.; and- Evaluating the management assessment as regards arriving at the profit / loss and share of profit / loss on disposal of investment based on agreements/ other supporting documents.

We examined the valuation report from external experts engaged by the Company to identify the value of derivative element which was assessed by us particularly with reference to underlying assumptions in discussion with external experts.

The Component Auditors have reported the following Key Audit Matters (KAM)

Sr. No.	Key Audit Matter	How the matter was addressed by Component Auditors:
1.	Implementation of Loan Management System (LMS) (Subsidiary Company Centrum Financial Services Limited)	
	<p>During the year ended March 31, 2019, one of the subsidiary had implemented the LMS and shifted the database and account balances maintained in excel spreadsheets to LMS in relation to the loan activities of the subsidiary.</p> <p>Such significant system implementation increases the risk to the internal financial controls environment. These changes represent a financial reporting risk while implementation takes place as controls and processes that have been established over a number of years are updated into a new environment. Hence, considering the significance of the activity and the volume of the loan portfolio; we have determined this to be a key audit matter for current year audit.</p>	<p>Our audit procedures with the involvement of our IT specialists included, but were not limited to, the following:</p> <p>Obtained the understanding of the implementation activity carried out by the Company during the year ended March 31, 2019;</p> <p>Evaluated the controls established by the management for such system implementation to ensure the implementation activity has been completed appropriately;</p> <p>Evaluated the design and tested the operating effectiveness of key automated and IT dependent manual controls for the system implementation, as applicable, including IT general controls;</p> <p>Verified that the pre-migration and post migration reports, for example, loan register were approved by the respective authorized personnel from the Operations and Finance teams, along with the personnel from conversion team; and</p> <p>Verified on test basis, that the balances, loan IDs and other data have been appropriately transferred to the LMS to ensure the accuracy and completeness of the system implementation activity.</p>
2.	Migration of historical data of loan portfolio from erstwhile IT system to Business Information Justified & Logically Integrated ('BIJLI') System (Subsidiary Company Centrum Microcredit Limited)	
	<p>With effect from December 31, 2018 the Company had implemented the BIJLI system and migrated all the database and account balances from the erstwhile system to the BIJLI. The Company has migrated data of loan IDs from the database maintained in the erstwhile system to the BIJLI.</p>	<p>Our audit procedures with the involvement of our IT specialists included, but were not limited to the following:</p> <p>Obtained the understanding of the migration of data and information carried out by the Company during the current year;</p> <p>Evaluated design and tested the operating effectiveness of key automated and IT dependent manual controls both before and after the migration, including IT general controls;</p>

Independent Auditor's Report on Consolidated Financial Statements

Such significant system change increases the risk to the internal financial controls environment. These changes represent a financial reporting risk while migration takes place as controls and processes that have been established over a number of years are updated and migrated into a new environment. Hence, considering the significance of the activity and the volume of the loan portfolio involved in the migration process we have determined this to be a key audit matter for the current year audit

Evaluated the controls established by the management for the migration activity to ensure the activity has been completed appropriately;

Understood the data cleansing process undertaken by the management prior to migration and tested the data migration, including associated reconciliations, including between pre-migration and post-migration reports, for example, loan register etc;

Evaluated that the User Acceptance Tests (UAT) were performed and concluded adequately;

Tested, on a test check basis, that the balances and loan IDs have been appropriately transferred to the BIJLI system to ensure the accuracy and completeness of data migration activity and any discrepancies noted have been resolved; and

Obtained the exception reports generated during data migration procedure and evaluated that the exceptions, if any, have been rectified and concluded by the management

3. Information technology systems and controls over financial reporting (Subsidiary Company Centrum Financial Services Limited and Centrum Microcredit Limited)

Our areas of audit focus included user access management, developer access to the production environment and changes to the IT environment.

Further, we also focused on key automated controls relevant for financial reporting.

Accordingly, since our audit strategy included focus on key IT systems and automated controls due to pervasive impact on the financial statements; we have determined the same as a key audit matter for current year audit.

Our audit procedures with the involvement of our IT specialists included, but were not limited to the following:

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the standalone and consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder. The respective Board of Directors of the companies included in the Group and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate are responsible for overseeing the financial reporting process of the Group and of its associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company, its subsidiaries, its associates and jointly controlled companies, which are companies incorporated in India, have adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.

Independent Auditor's Report on Consolidated Financial Statements

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure to The Independent Auditor's Report

[Referred to under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Centrum Capital Limited on the consolidated financial statements for the year ended March 31, 2019]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Centrum Capital Limited ("Holding Company") as of and for the year ended March 31, 2019, we have audited the internal financial controls with reference to financial statements of the Holding Company, its subsidiary (including step down subsidiary) companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Group, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to 7 subsidiary companies and 6 Step down subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. r. Provisions, Contingent Liabilities & Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. Non-performing assets	Asset for which, interest/ principal payment has remained overdue for a period of 90 days or more.

"Overdue" refers to interest and/or instalment remaining unpaid from the day it became receivable.

Provisioning policy

As per the "Systemically Important Non-Banking Financial (Non Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2016", the Group has created provision for standard assets as well as non-performing assets.

All overdue loans including loans where the tenure of the loan is completed and in the opinion of the management any amount is not recoverable, are fully provided for/written off.

The provision prescribed in the NBFC Master Directions, 2016 for Non-Banking Financial Company – Micro Finance Institutions (NBFC-MFIs) requires the total provision for portfolio loans to be higher of (a) 1% of the outstanding loan portfolio or (b) 50% of the aggregate loan instalments which are overdue for more than 90 days and less than 180 days and 100% of the aggregate loan instalments which are overdue for 180 days or more.

In accordance with the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and the Guidance Note on Accounting for Employee Share-based Payments, the cost of equity-settled transactions is measured using the intrinsic value method. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognized in the Statement of Profit and Loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Where the terms of an equity-settled transaction award are modified, the minimum expense recognized is the expense as if the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total intrinsic value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.
