 - Multi-year managed service contract from a manufacturing company in the USA.
 - End user services deal for a compliance software company and luxury car rental agency

And many more.....

Our CMD, Mr. Nitin Shah, stated, "The rigorous efforts that we had put in during the transformation phase, have given very good business results as anticipated. The strategy of "**small pain but long gain**" has truly worked very well for us and we are on the long gain phase. All this effort is leading towards the vision of making our company the most admired IT Services Company of the globe. Thanks to all our shareholders, employees, vendors, customers, and other stakeholders, who have supported us as always.
