Subject: Clarification on media news item

Dear Sir/Madam,

This is in response to media article published on October 9, 2019 by moneycontrol.com regarding a potential vulnerability on Just Dial's platforms.

In that regard, we would like to clarify that there was vulnerability reported in APIs of one of our platforms, which could potentially be accessed by an expert hacker to gather basic information of a user. The same has already been fixed and there has been no loss of data or any financial loss to the company, its users or its customers. We work with various security researchers to strengthen our platform(s) on a regular basis.

Justdial had ~156 million quarterly unique users (for quarter ending Jun 2019), and we remain fully committed to ensure that user information and other data remains adequately protected.

Please disseminate the same to relevant stakeholders.

For Just Dial Limited

Manan Udani
Company Secretary
