Datamatics wins multiple Stevie Awards for its Intelligent Automation (IA) Suite of Products

Datamatics TruBot won Bronze Awards at the Stevie Awards for Sales & Customer Service
Datamatics TruBot won Bronze Stevie Awards at the American Business Awards
Datamatics TruCap+ won People's Choice Stevie Awards at the American Business Awards

Mumbai, July 02, 2021: Datamatics, a global Digital Solutions, Technology and BPM Company, today announced that it won several honors at the Stevie Awards 2021. The Stevie® Awards are the world's premier business awards. Datamatics won the awards for its [Intelligent Automation \(IA\)](#) suite of products, which includes TruCap+ (Intelligent Document Processing), and TruBot (Robotic Process Automation).

TruBot

TruBot won Bronze Stevie Awards at the 19th Annual American Business Awards® in the Digital Process Automation Solution category. TruBot won the award for [automating complex CFO Back Office Operations](#) processes for a large US Manufacturer. It helped the client increase efficiency and productivity by almost 60% and reduce their operational costs by 40-60%.

Datamatics TruBot also earned the Bronze Award in the 15th Annual Stevie Awards for Sales & Customer Service.

Over 3,800 nominations were submitted this year for consideration from organizations of all sizes and in virtually every industry. Winners were determined by the average scores of more than 250 professionals worldwide.

Datamatics TruBot is an enterprise-grade, multi-skilled [RPA product](#) enabling business users to design bots at the click of a button. The RPA product integrates seamlessly with Datamatics TruCap+ (Intelligent Document Processing), TruAI (AI/ML), and TruBI (Advanced Analytics) products.

TruCap+

Datamatics TruCap+ won 2021 People's Choice Stevie® Awards for Favorite New Products. It is an annual feature of The American Business Awards®, the U.S.A.'s top business awards program. In People's Choice Stevie Awards general public can vote for their favorite new products and services of the year. TruCap+ polled the highest number of votes and won the award for automating the data capture in vendor reconciliation Process for one of the world's largest University. More than 92,000 votes were submitted in this category.

TruCap+ is an AI-enabled [Intelligent Document Processing \(IDP\) product](#) that allows enterprises to realize faster time-to-value and achieve greater Straight-Through Processing (STP) with accuracy. TruCap+ is template-free and cloud based that reduces set up time by 30% -70% and delivers faster time-to-automation.

"Datamatics has helped businesses transform and have been aggressive in adopting newer technologies. Its continuous investment in the Intelligent Automation space has enabled organizations face the times of trouble. The nominations we received to the awards were outstanding despite the current COVID situation. Datamatics nomination was unique in its way and stood out of all the other nominations. Congratulations to Datamatics for their significant achievements." said **Stevie Awards, Executive Chairman, Michael Gallagher**.

"Pandemic has forced enterprises to rapidly adopt digital technologies to stay ahead of their competition. Datamatics helps enterprises in identifying the right processes to automate and kick start their automation journey with accelerate digital transformation initiatives. Datamatics has meticulously executed its strategies to deliver results across verticals and exceed expectations. We are happy that our Intelligent Automation (IA) suite of products has won multiple awards at the Stevie's. This recognition is a testament to our focus in the IA space." said **Mitul Mehta, SVP & Head, Marketing & Communications, Datamatics**.
