<u>Sub: Newspaper Publication- Public Notice regarding dispatch of Notice convening the 39th Annual General Meeting (AGM) and Annual Report for FY 2021-22</u>

Dear Sir,

We are enclosing herewith the copies of newspaper publications made on 6th July, 2022 in Financial Express (English) (All editions) and Aajkal (Bengali) (Kolkata edition) in relation to the dispatch of Notice of the 39th AGM and Annual Report for the financial year 2021-22 to the members of the Company.

Copies of the said publication will be also available on the website of the Company at www.tarsons.com.

Kindly take the same on record and oblige.

Thanking you,

Yours faithfully,

For Tarsons Products Limited

Santosh Kumar Agarwal

Company Secretary & Chief Financial Officer

FINANCIAL EXPRESS

FIRM MAY CONSIDER PRICE CUTS IN COMING MONTHS

Borosil to spend ₹625 cr on expansion

SHUBHRA TANDON New Delhi, July 5

MAKER GLASSWARE BOROSIL will make a capital expenditure of ₹625 crore over the next two years for the expansion of its consumer and scientific products business.

The company will be investing ₹450 crore towards setting up of Borosilicate furnace for Pressware and a second Opalware furnace in its consumer business. An additional ₹175 crore will be invested towards manufacturing of glass tubing used in scientific products like beakers, test tubes, drinking glasses, among others.

So far, the company has been importing products like its glass lunch boxes, mixing bowls, casseroles and baking dishes under the broader product category Borosilicate Press from Europe and China. However, it will now be manufacturing all of these in India.

Shreevar Kheruka, MD and

Pricing needs to be consistent. So, we will wait for 2-3 months, see the volatility and then see what needs to be done ... We are not going to further increase any prices SHREEVAR KHERUKA,

CEO, Borosil, told *FE*: "We were so far selling these from imports, but now we are investing in making these in India. We are also doubling our capacity in the Opalware glass factory in Jaipur, where the furnace capacity will be increased from 42 tonne per day to 84 tonne per day by November-

December 2022." Borosil was also buying glass tubing used in scientific and

some consumer products from outside India and will now make it in-house, Kheruka said.

MD & CEO, BOROSIL

The move will help reign in some costs which have risen sharply over the last year, leading to the company hiking prices of its products across all segments.

Kheruka said Borosil took hikes of 10-15% in its products across segments as energy costs increased sharply and

container freight rates remained at elevated levels. "Power and fuels costs went up sharply towards the end of last year and have stayed at those levels, though have not increased further. Container freight rates went up sharply by 500% and then came down by 20%, but are still 400% higher compared with two years ago. So, unfortunately, we had no option but to pass on the increases to the end consumer and increase our selling prices," he said.

However, Kheruka said the company may consider a price reduction in the coming months depending on the volatility in the commodity prices. He said prices of some commodities such as paper and steel have come down in the last month or two, which do not impact the company directly, but have eased pressure on costs at some levels, even though power and fuel remain elevated.

"It is hard to take a call on pricing because it is changing a lot month-to-month making it hard to take monthly calls. Pricing needs to be consistent. So, we will wait for 2-3 months, see the volatility and then see what needs to be done. At the moment, we are not going to further increase any prices," he said.

The company will also be investing ₹20-30 crore in overhauling its front and backend technology software over the next two to three years. The technology upgrade, among other things, will also involve investments in the company's direct-to-consumer (D2C) portal myborosil.com. Borosil doubled its net

profit to ₹85.2 crore for the full year ended March 31, while net sales surged 43.6% to about ₹840 crore. The company's Ebitda was up 58.3% to ₹157 crore, while operating margins came in at 20%, up 240 basis points.

Shree Cement eyes bigger market share with varied products

MITHUN DASGUPTA Kolkata, July 5

FACING HEIGHTENED COM-PETITION, Shree Cement, the country's third-largest cement group, plans to increase its share in its existing markets by offering varied products based on requirements of different customers and improving distribution, as a short-term goal. Competition has intensified

in the cement industry with the Adani Group's acquisition of a controlling stake in Holcim's cement businesses in India — Ambuja Cements and its subsidiary ACC — in a \$10.5 billion deal. The deal makes the Adanis the second-largest cement producer in the country after the Aditya Birla Group's UltraTech Cement.ShortlyaftertheAdani-Holcim deal, the Aditya Birla Group announced an ambitious capacity expansion plan for UltraTech, with an investment of ₹12,886 crore.

"We are envisioning an increase in installed capacity to

80 MTPA by 2030, exploring new geographies through both the organic and inorganic routes," Prashant Bangur, joint managing director, Shree Cement, told shareholders in the company's annual report for 2021-22. The company is setting up an integrated cement plant at Nawalgarh in Rajasthan with a project cost of ₹3,500

Shree Cement's production capacity stood at 46.40 million tonne per annum (MPTA) as of March 2022. The company said in its annual report that to maintain and grow market share, it has been adding capac-

ities in the markets where the demand-supply situation is favourable and there is no or low cannibalisation with the existing plant. "Our continued thrust on building a brand equity through high quality products being readily available in the market has helped us consolidate our market share," it said. The company has 14 manu-

facturing locations with presence in 10 states.

"Our short-term goal is to improve market share in our existing markets by offering varied products based on requirements and preferences of our different customers at a reasonable price, and improve distribution,"Shree Cement said in its annual report for FY22.

Shree Cement has been deploying its cash surplus to enhance its production capacity, improve efficiency and diversify to new markets. The company, which has been a dominant player in northern India, has expanded operations to the eastern and southern markets.

CG Power banks on EVs, FMEGs to be growth drivers

SAJAN C KUMAR Chennai, July 5

CG POWER AND Industrial Solutions has identified areas of synergy with Tube Investments of India and Murugappa Group to fuel growth in the next three to five years. Electric vehicles (EVs), fast-moving electrical goods (FMEGs), railways, steel, agriculture, pharma, defence, cement and renewable energy are some of the sectors in which the company is working to offer world-class products.

Vellayan Subbiah, chairman, CG Power and Industrial Solutions, said the Murugappa Group has successfully turned around the company in the first full year of operations.

"About 18 months ago, when we welcomed CG Power as a subsidiary of Tube Investments of India, we decided to focus on bringing back the glory of the company," he told shareholders in the company's annual report.

He said the company has managed to resolve many legacy issues and achieved a
