Notes:

The above Cash Flow Statement has been prepared under the "Indirect Method" as set out in the Indian Accounting Standard (Ind AS) 7 on Statement of Cash Flows.

Notes to Standalone Results:

1. For the year ended March 31, 2021 and in earlier years, the Company has incurred losses due to high sugarcane costs fixed by the state government, and comparatively lower prices of finished sugar due to higher production which are determined by the market forces based on demand-supply situation and other market dynamics. Due to above-stated external factors, the company had incurred huge losses in past resulting in complete erosion of its net worth. This has resulted in delay in meeting the payment obligations to the lenders and sugarcane farmers in terms of their respective agreements and understanding. Although, the operations of the Company remained intact at sub-optimum levels over the years and it has been continuously striving for improvement in operation efficiency in form of improvement in sugar recovery, reduction in overheads and other costs etc. The Company has successfully completed crushing for Sugar season 2020-21 in all of its three sugar mills with better operational performance.

Recognizing the status of the sugar industry, the state and central governments have taken a number of measures to improve the financial health, support for liquidation of cane arrears, fixing minimum obligation for exports to manage the sugar inventory and providing subsidy to compensate export expenses, fixing minimum support price of sugar, and mandatory blending of ethanol with petrol with long term tendering and providing remunerative price of ethanol etc. All these measures have resulted in revival of the sugar industry and the financial performance of the company has also improved during the year. Further, pursuant to an order of Hon'ble High Court of Uttar Pradesh, the Uttar Pradesh sugar industry as well as the Company is confident to receive accrued benefits from the state government under the erstwhile New Sugar Industrial Promotion Policy (NSIPP 2004-09).

On account of delays in servicing of loans, certain lenders to the Company have initiated recovery proceedings at various forums, including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under the Insolvency and Bankruptcy Code, 2016 and approached Debt Recovery Tribunals in Delhi and Uttar Pradesh as well. Against a criminal complaint filed by one of the lenders with the investigating agency, the Enforcement Directorate had passed an attachment order on certain assets of the Company to the extent of Rs. 109.80 Crore, against which the Company has preferred an appeal with the appropriate authority and the matter is *sub-judice*. Enforcement Directorate had proceeded to take the constructive possession of the attached property on which an *interim stay* has been granted by the Hon'ble Appellate Tribunal.

The Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders. The majority of commercial lenders have shown their inclination to accept the debt resolution proposal and accepted the Earnest Money offered thereof while Debt realignment proposal is submitted with other lenders. Considering the steps initiated for achieving turnaround of the Company and sugar sector, ongoing discussions with the lenders for resolution of their dues and continuing manufacturing operations in near foreseeable future with improved operational efficiency, these financial statements are continued to be presented on going concern basis, which contemplates realization of assets and settlement of liabilities, in the normal course of business.

2. Impact of COVID 19 Pandemic

The Company has considered the potential impact of spread of Coronavirus Disease (COVID-19), throughout the country, in preparation of financial results for the quarter and year ended March 31, 2021 based on the information available to it up to the date of approval of these financial results. However, the impact of COVID-19 as well as negative outlook of sugar sector on the carrying amount of its property, plant and equipment's and consequential impairment could not be ascertained and provided for due to non-availability of requisite information on account of lockdown restrictions.

The impact of COVID-19 may differ from what has been assessed by the Management as at the date of approval of these financial results. The Company will continue to closely monitor any material change in future economic conditions and take appropriate action as may be required.

3. The credit facilities availed by the Company have been classified as non-performing assets (NPA) by all the lenders and interest thereon is not being charged to the loan accounts by commercial lenders as per RBI's circular. The Company has submitted comprehensive debt resolution proposals with all the lenders to commensurate with its future cash flows. The majority of commercial lenders have shown their inclination to accept the debt resolution proposal (OTS Proposal) of the Company and accordingly accepted the offered Earnest Money Deposit. Accordingly, the Interest expenses pertaining to commercial lenders, for the quarter and yearended March 31, 2021 amounting to Rs. 4,295 lacs and Rs. 15,461 lacs respectively (previous quarter and year ended March 31, 2020 amounting to Rs. 3,430 lacs and Rs. 13,146 lacs respectively) has not been recognized in profit and loss account. A total amount of Rs. 52,916 lacs towards accrued interest has not been provided for in the books of accounts as on March 31, 2021.
4. The Hon'ble High Court of Uttar Pradesh had directed the state government to determine the interest liability for the period of delayed payments of sugarcane price to cane growers for sugar seasons 2012-13 to 2014-15 by the UP sugar industry. No demand, pursuant to the order and for subsequent period has since been received by the Company. Considering this and also prevalent past practices, no such provision towards the interest on delayed payment of cane price has been made in the accounts.
5. The outstanding balance of the Company with its subsidiary company, Simbhaoli Power Private Limited (SPPL) as reported in standalone financial statements, is subject to reconciliation on account of difference in interpretation of certain long term commercial agreements. Pending reaching to final settlement with SPPL, no adjustment has been made in the books of accounts amounting to Rs. 511 lacs and Rs. 716 lacs for the quarter and year ended March 31, 2021 respectively (previous quarter and year ended March 31, 2020 amounting Rs. 253 lacs) being the difference in the value of bagasse sold and certain other claims made by SPPL. Total difference as on March 31, 2021 with SPPL is amounting to Rs. 969 lacs.
6. The figures for the last quarter are the balancing figures between the audited figures in respect of full financial year and the published unaudited year to date figures upto the third quarter of the financial year.
7. Sugar, one of the major businesses of the Company, is a part of seasonal industry. The results may vary from quarter to quarter.
8. The previous periods figures have been regrouped/rearranged wherever necessary.
9. The above results were reviewed and recommended by the Audit Committee and approved by the Board of Directors of the Company at their respective meetings held on June 30, 2021.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibilities for the Standalone financial Results

The Statement has been prepared on the basis of the annual financial statements. The Management and the Board of Directors of the Company are responsible for the preparation and presentation of the Statement that gives a true and fair view of the net profit and other comprehensive income of the Company and other financial information in accordance with the applicable accounting standards prescribed under section 133 of the Act read with relevant rules issued there under and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness the accounting records, relevant to the preparation and presentation of the Statement, that give a true and fair view and is free from material misstatement, whether due to fraud or error.

The Board of Directors is also responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

- Identify and assess the risks of material misstatement of the standalone annual financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial results made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone annual financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone annual financial results, including the disclosures, and whether the standalone annual financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

- a) We draw your attention to Note No. 2 to these financial results, which describes the Management's assessment of the impact of COVID-19 pandemic and the resultant lockdowns on the significant uncertainties involved in developing some of the estimates involved in preparing the financial statements. Based on the information available on this date, Management believes that no further adjustments are required to the financial results. However, in view of very uncertain economic environment, a definitive assessment of the impact is highly dependent upon circumstances as they evolve in future and actual results may differ from those estimated as at the date of approval of these financial statements.
- b) Due to COVID-19 related lock-down restriction, we were not able to physically observe the stock verification at the end of the year carried out by the management. Consequently, we have performed alternate procedures to audit the existence of inventory as per guidance provided in SA 501 "Audit Evidence- Specific Considerations for Selected Items", which include inspection of supporting documentation relating to purchases and consumption, results of cyclical count performed by the management through the year and such other third party evidences, where applicable, and have obtained sufficient supporting evidence to issue our opinion on the Statement.
- c) The standalone annual financial results include the results for the quarter ended March 31, 2021 being the balancing figures between the audited figures in respect of the full financial year and the published unaudited year to date figures up to the third quarter of the current financial year which were subject to limited review by us.

Notes to Consolidated Results:

1. For the year ended March 31, 2021 and in earlier years, the Company has incurred losses due to high sugarcane costs fixed by the state government, and comparatively lower prices of finished sugar due to higher production which are determined by the market forces based on demand-supply situation and other market dynamics. Due to above-stated external factors, the company had incurred huge losses in past resulting in complete erosion of its net worth. This has resulted in delay in meeting the payment obligations to the lenders and sugarcane farmers in terms of their respective agreements and understanding. Although, the operations of the Company remained intact at sub-optimum levels over the years and it has been continuously striving for improvement in operation efficiency in form of improvement in sugar recovery, reduction in overheads and other costs etc. The Company has successfully completed crushing for Sugar season 2020-21 in all of its three sugar mills with better operational performance.

Recognizing the status of the sugar industry, the state and central governments have taken a number of measures to improve the financial health, support for liquidation of cane arrears, fixing minimum obligation for exports to manage the sugar inventory and providing subsidy to compensate export expenses, fixing minimum support price of sugar, and mandatory blending of ethanol with petrol with long term tendering and providing remunerative price of ethanol etc. All these measures have resulted in revival of the sugar industry and the financial performance of the company has also improved during the year. Further, pursuant to an order of Hon'ble High Court of Uttar Pradesh, the Uttar Pradesh sugar industry as well as the Company is confident to receive accrued benefits from the state government under the erstwhile New Sugar Industrial Promotion Policy (NSIPP 2004-09).

On account of delays in servicing of loans, certain lenders to the Company have initiated recovery proceedings at various forums, including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under the Insolvency and Bankruptcy Code, 2016 and approached Debt Recovery Tribunals in Delhi and Uttar Pradesh as well. Against a criminal complaint filed by one of the lenders with the investigating agency, the Enforcement Directorate had passed an attachment order on certain assets of the Company to the extent of Rs. 109.80 Crore, against which the Company has preferred an appeal with the appropriate authority and the matter is *sub-judice*. Enforcement Directorate had proceeded to take the constructive possession of the attached property on which an *interim stay* has been granted by the Hon'ble Appellate Tribunal.

The Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders. The majority of commercial lenders have shown their inclination to accept the debt resolution proposal and accepted the Earnest Money offered thereof while Debt realignment proposal is submitted with other lenders. Considering the steps initiated for achieving turnaround of the Company and sugar sector, ongoing discussions with the lenders for resolution of their dues and continuing manufacturing operations in near foreseeable future with improved operational efficiency, these financial statements are continued to be presented on going concern basis, which contemplates realization of assets and settlement of liabilities, in the normal course of business.

2. Impact of COVID 19 Pandemic

The Company has considered the potential impact of spread of Coronavirus Disease (COVID-19), throughout the country, in preparation of financial results for the quarter and year ended March 31, 2021 based on the information available to it up to the date of approval of these financial results. However, the impact of COVID-19 as well as negative outlook of sugar sector on the carrying amount of its property, plant and equipment's and consequential impairment could not be ascertained and provided for due to non-availability of requisite information on account of lockdown restrictions.

The impact of COVID-19 may differ from what has been assessed by the Management as at the date of approval of these financial results. The Company will continue to closely monitor any material change in future economic conditions and take appropriate action as may be required.

3. The credit facilities availed by the Company have been classified as non-performing assets (NPA) by all the lenders and interest thereon is not being charged to the loan accounts by commercial lenders as per RBI's circular. The Company has submitted comprehensive debt resolution proposals with all the lenders to commensurate with its future cash flows. The majority of commercial lenders have shown their inclination to accept the debt resolution proposal (OTS Proposal) of the Company and accordingly accepted the offered Earnest Money Deposit. Accordingly, the Interest expenses pertaining to commercial lenders, for the quarter and year ended March 31, 2021 amounting to Rs. 4,295 lacs and Rs. 15,461 lacs respectively (previous quarter and year ended March 31, 2020 amounting to Rs. 3,430 lacs and Rs. 13,146 lacs respectively) has not been recognized in profit and loss account. A total amount of Rs. 52,916 lacs towards accrued interest has not been provided for in the books of accounts as on March 31, 2021.
4. The Hon'ble High Court of Uttar Pradesh had directed the state government to determine the interest liability for the period of delayed payments of sugarcane price to cane growers for sugar seasons 2012-13 to 2014-15 by the UP sugar industry. No demand, pursuant to the order and for subsequent period has since been received by the Company. Considering this and also prevalent past practices, no such provision towards the interest on delayed payment of cane price has been made in the accounts.
5. In the audited financial statements of Simbhaoli Power Private Limited ('SPPL') for the year ended March 31, 2020, the statutory auditor of the SPPL has drawn Emphasis of Matter in respect of following "During the year ended March 31, 2020, Uttar Pradesh Electricity Regulatory Commission ('UPERC') has notified UPERC (Captive and Renewable Energy Generating Plants) Regulations, 2019 ('CRE Regulations, 2019') which has, inter alia, reduced the tariff applicable to bagasse-based generation plants operating in the state of Uttar Pradesh w.e.f. April 1, 2019. SPPL, along with bagasse-based co-generators operating in the State, have filed a writ petition with Hon'ble High Court of Allahabad, Lucknow Bench, challenging CRE Regulations, 2019 which have been accepted by the Court.

Based on the writ petition filed and legal opinion obtained, SPPL has recorded revenue from operations for the period from April 2019 to September 2019 at pre CRE Regulations, 2019 tariff instead at the reduced tariff as per CRE Regulations, 2019. W.e.f. October 1, 2019, SPPL has accounted for sale of power to Uttar Pradesh Power Corporation Ltd. (UPPCL), the customer at reduced tariff rate under protest and subject to outcome of Hon'ble High Court decision on writ petition.

SPPL's computation, shows that revenue from operations for year ended March 31, 2020 would have been lower by Rs. 683 lacs, if accounted for at or basis reduced tariff as per CRE Regulations, 2019.

With regard to the above stated conditions and on account of difference in interpretation of certain long term commercial agreements, the statutory auditors of SPPL have drawn material uncertainty related to going concern.

6. In the consolidated financial results of the Company for the quarter and year ended March 31, 2021, the financial results of SPPL, a material subsidiary has not been consolidated, as the quarterly and year ended financial results of SPPL have not been yet finalized and approved till date.

The transactions entered into between the Company and SPPL for the year ended March 31, 2021, which have not been eliminated in the consolidated financial results, have resulted in increase in the total revenue by Rs. 2,516 lacs and total expenses by Rs. 1,739 lacs. Further, increase in the balances of subsidiary of Rs. 985 lacs have been included in the consolidated balance sheet in the respective assets heads.

7. During this quarter, the Hon'ble NCLT, Allahabad Bench has passed an order dated March 17, 2021 for the approval of the resolution plan of Uniworld Sugars Private Limited, a joint venture entity.
8. The Company has submitted an application for de-registration of Simbhaoli Global Commodities DMCC, a 100% wholly owned foreign subsidiary company and termination of business and surrender of trade License thereof with Dubai Multi Commodities Centre Authority.

the reasons stated in the said note. Under the accounting principles generally accepted in India, the subsidiary should have been consolidated because it is controlled by the Company. Had the result of subsidiary have consolidated, many elements in the accompanying consolidated financial results would have been materially affected. The effects on the financial results due to the failure to consolidate have not been determined.

Basis of Qualified Opinion

- a) We draw attention to Note No.2 of the Statement regarding non provisions for impairment in the carrying value of Property, Plant and Equipments by the holding company. We are not made available of appropriate impairment assessment carried out by the management and accordingly, we are unable to comment on the same including compliance with the Ind AS-36 ('Impairment of Assets') and any consequential adjustments that may arise in this regard in these financial results.
- b) We draw attention to Note No. 3 of the Statements regarding non-provision of interest expense amounting Rs. 4,295 Lakhs and Rs.15,461 Lakhs (Previous year Rs.13,146 Lakhs) on certain borrowings for the quarter and year ended March 31, 2021 respectively for the reasons stated in the said note. The aggregate amount of interest expense not provided for in the accounts aggregates to Rs. 52,916 Lakhs till March 31, 2021 (Rs. 37,454 Lakhs till March 31, 2020). Consequently, Current Financial Liabilities are understated and other equity as at March 31, 2021 and March 31, 2020 are overstated by the aforesaid respective amounts.
- c) We draw attention to Note No.4 of the Statement regarding non- provision of interest liability in respect of delayed payment of sugarcane price for the reasons stated in the said note. The amount of interest not provided for in the books has not been ascertained.

Our opinion is qualified in respect of the above matters.

Emphasis of matter

Material Uncertainty related to Going Concern

- a) As stated in Note No. 1 of the consolidated annual financial results, the standalone financial statement of holding company has been prepared on going concern basis. Events or conditions as set forth in Note No. 1 indicate that a material uncertainty exists that may cast significant doubt on the holding company's ability to continue as going concern. The ability of the holding company to continue as going concern depends on the decision of National Company Law Tribunal under the Insolvency and Bankruptcy Code 2016, the holding company's ability to get its borrowings restructured as stated in the said note and turnaround of its sugar and distilleries operations on sustainable basis.
- b) As stated in Note No. 5, the statutory auditors of SPPL in its audit report on the financial statements for the year ended March 31, 2020 has reported for the existence of a material uncertainty that may cast significant doubts about SPPL's ability to continue as a going concern on accounts of incurring of losses due to significant reduction in tariff rate by UPERC and also for the reason of not making provisions in respect of the difference in the value of bagasse purchased from the holding company and for other claims.

Our opinion is not modified in respect of the above matters.

We conducted our audit of the Statement in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Annual financial results" section of our report. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our adverse audit opinion.

143.33 Lakhs as at March 31, 2021, total revenue of Rs. 1.00 Lakhs and Rs. 4.78 Lakhs, net profit after tax and total comprehensive income of Rs. 0.11 Lakhs and Rs. 1.63 Lakhs for the quarter and year ended March 31, 2021 respectively and cash outflows of Rs. 0.02 Lakhs for the year ended March 31, 2021, as considered in the consolidated financial results. which have been audited by their respective independent auditors. The independent auditors' reports on financial statements of these entities have been furnished to us and our opinion on the consolidated annual financial results, in so far as it relates to the amounts and disclosures included in respect of the entity, is based solely on the report of such auditors and the procedures performed by us are as stated in paragraph above.

- b) We draw your attention to Note No. 2 to these consolidated annual financial results, which describes the Management's assessment of the impact of COVID-19 pandemic and the resultant lockdowns on the significant uncertainties involved in developing some of the estimates involved in preparing the financial statements. Based on the information available on this date, Management believes that no further adjustments are required to the financial results. However, in view of very uncertain economic environment, a definitive assessment of the impact is highly dependent upon circumstances as they evolve in future and actual results may differ from those estimated as at the date of approval of these consolidated annual financial results.
- c) Due to COVID-19 related lock-down restriction, we were not able to physically observe the stock verification at the end of the year carried out by the management of Holding Company. Consequently, we have performed alternate procedures to audit the existence of inventory as per guidance provided in SA 501 "Audit Evidence- Specific Considerations for Selected Items", which include inspection of supporting documentation relating to purchases and consumption, results of cyclical count performed by the management through the year and such other third party evidences, where applicable, and have obtained sufficient supporting evidence to issue our opinion on the Statement.
- d) The consolidated annual financial results include the results for the quarter ended March 31, 2021 being the balancing figures between the audited figures in respect of the full financial year and the published unaudited year to date figures up to the third quarter of the current financial year which were subject to limited review by us.

Our conclusion on the Statement is not modified in respect of these matters.

Notes :

1 The above is an extract of the detailed format of financial results for the quarter and year ended March 31, 2021 filed with the Stock Exchange under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of financial results for the quarter and year ended March 31, 2021 are available on the Stock Exchange websites (www.bseindia.com and www.nseindia.com) and the Company's website (www.simbhaolisugars.com).

2 For the year ended March 31, 2021 and in earlier years, the Company has incurred losses due to high sugarcane costs fixed by the state government, and comparatively lower prices of finished sugar due to higher production which are determined by the market forces based on demand-supply situation and other market dynamics. Due to above-stated external factors, the company had incurred huge losses in past resulting in complete erosion of its net worth. This has resulted in delay in meeting the payment obligations to the lenders and sugarcane farmers in terms of their respective agreements and understanding. Although, the operations of the Company remained intact at sub-optimum levels over the years and it has been continuously striving for improvement in operation efficiency in form of improvement in sugar recovery, reduction in overheads and other costs etc. The Company has successfully completed crushing for Sugar season 2020-21 in all of its three sugar mills with better operational performance.

Recognizing the status of the sugar industry, the state and central governments have taken a number of measures to improve the financial health, support for liquidation of cane arrears, fixing minimum obligation for exports to manage the sugar inventory and providing subsidy to compensate export expenses, fixing minimum support price of sugar, and mandatory blending of ethanol with petrol with long term tendering and providing remunerative price of ethanol etc. All these measures have resulted in revival of the sugar industry and the financial performance of the company has also improved during the year. Further, pursuant to an order of Hon'ble High Court of Uttar Pradesh, the Uttar Pradesh sugar industry as well as the Company is confident to receive accrued benefits from the state government under the erstwhile New Sugar Industrial Promotion Policy (NSIPP 2004-09).

On account of delays in servicing of loans, certain lenders to the Company have initiated recovery proceedings at various forums, including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under the Insolvency and Bankruptcy Code, 2016 and approached Debt Recovery Tribunals in Delhi and Uttar Pradesh as well. Against a criminal complaint filed by one of the lenders with the investigating agency, the Enforcement Directorate had passed an attachment order on certain assets of the Company to the extent of Rs. 109.80 Crore, against which the Company has preferred an appeal with the appropriate authority and the matter is sub-judice. Enforcement Directorate had proceeded to take the constructive possession of the attached property on which an interim stay has been granted by the Hon'ble Appellate Tribunal.

The Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders. The majority of commercial lenders have shown their inclination to accept the debt resolution proposal and accepted the Earnest Money offered thereof while Debt realignment proposal is submitted with other lenders. Considering the steps initiated for achieving turnaround of the Company and sugar sector, ongoing discussions with the lenders for resolution of their dues and continuing manufacturing operations in near foreseeable future with improved operational efficiency, these financial statements are continued to be presented on going concern basis, which contemplates realization of assets and settlement of liabilities, in the normal course of business.

3 Impact of COVID 19 Pandemic

The Company has considered the potential impact of spread of Coronavirus Disease (COVID-19), throughout the country, in preparation of financial results for the quarter and year ended March 31, 2021 based on the information available to it up to the date of approval of these financial results. However, the impact of COVID-19 as well as negative outlook of sugar sector on the carrying amount of its property, plant and equipment's and consequential impairment could not be ascertained and provided for due to non-availability of requisite information on account of lockdown restrictions.

The impact of COVID-19 may differ from what has been assessed by the Management as at the date of approval of these financial results. The Company will continue to closely monitor any material change in future economic conditions and take appropriate action as may be required.

4 The credit facilities availed by the Company have been classified as non-performing assets (NPA) by all the lenders and interest thereon is not being charged to the loan accounts by commercial lenders as per RBI's circular. The Company has submitted comprehensive debt resolution proposals with all the lenders to commensurate with its future cash flows. The majority of commercial lenders have shown their inclination to accept the debt resolution proposal (OTS Proposal) of the Company and accordingly accepted the offered Earnest Money Deposit. Accordingly, the Interest expenses pertaining to commercial lenders, for the quarter and year ended March 31, 2021 amounting to Rs. 4,295 lacs and Rs. 15,461 lacs respectively (previous quarter and year ended March 31, 2020 amounting to Rs. 3,430 lacs and Rs 13,146 lacs respectively) has not been recognized in profit and loss account. A total amount of Rs. 52,916 lacs towards accrued interest has not been provided for in the books of accounts as on March 31, 2021.

5 The Hon'ble High Court of Uttar Pradesh had directed the state government to determine the interest liability for the period of delayed payments of sugarcane price to cane growers for sugar seasons 2012-13 to 2014-15 by the UP sugar industry. No demand, pursuant to the order and for subsequent period has since been received by the Company. Considering this and also prevalent past practices, no such provision towards the interest on delayed payment of cane price has been made in the accounts.

6 In the audited financial statements of Simbhaoli Power Private Limited ('SPPL') for the year ended March 31, 2020, the statutory auditor of the SPPL has drawn Emphasis of Matter in respect of following "During the year ended March 31, 2020, Uttar Pradesh Electricity Regulatory Commission ('UPERC') has notified UPERC (Captive and Renewable Energy Generating Plants) Regulations, 2019 ('CRE Regulations, 2019') which has, inter alia, reduced the tariff applicable to bagasse-based generation plants operating in the state of Uttar Pradesh w.e.f. April 1, 2019. SPPL, along with bagasse-based co-generators operating in the State, have filed a writ petition with Hon'ble High Court of Allahabad, Lucknow Bench, challenging CRE Regulations, 2019 which have been accepted by the Court.

Based on the writ petition filed and legal opinion obtained, SPPL has recorded revenue from operations for the period from April 2019 to September 2019 at pre CRE Regulations, 2019 tariff instead at the reduced tariff as per CRE Regulations, 2019. W.e.f. October 1, 2019, SPPL has accounted for sale of power to Uttar Pradesh Power Corporation Ltd. (UPPCL), the customer at reduced tariff rate under protest and subject to outcome of Hon'ble High Court decision on writ petition.

SPPL's computation, shows that revenue from operations for year ended March 31, 2020 would have been lower by Rs. 683 lacs, if accounted for at or basis reduced tariff as per CRE Regulations, 2019.

With regard to the above stated conditions and on account of difference in interpretation of certain long term commercial agreements, the statutory auditors of SPPL have drawn material uncertainty related to going concern.

7 In the consolidated financial results of the Company for the quarter and year ended March 31, 2021, the financial results of SPPL, a material subsidiary has not been consolidated, as the quarterly and year ended financial results of SPPL have not been yet finalized and approved till date.

The transactions entered into between the Company and SPPL for the year ended March 31, 2021, which have not been eliminated in the consolidated financial results, have resulted in increase in the total revenue by Rs. 2,516 lacs and total expenses by Rs. 1,739 lacs. Further, increase in the balances of subsidiary of Rs. 985 lacs have been included in the consolidated balance sheet in the respective assets heads.
