Companies.

ORDER

1. Heard the Learned Counsel for the Petitioner Companies and the representative of the Regional Director Western Region, Ministry of Corporate Affairs, Mumbai. No objector has come before this Tribunal to oppose the Scheme nor has any party controverted any averments made in the Petition.
2. The Learned Counsel for the Petitioner Companies submits that the First Petitioner Company and this Tribunal have received representation from two unsecured creditors to which the First Petitioner Company has filed

affidavits disputing the same. The objecting creditors will be entitled to pursue legal remedies before the appropriate forum in accordance with the law.

3. The sanction of this Tribunal is sought under Sections 230 to 232 and other relevant provisions of the Companies Act, 2013, to the said Scheme of Arrangement between Bajaj Electricals Limited (“Demerged Company” or “BEL” or “First Petitioner Company”) and Bajel Projects Limited (“Resulting Company” or “BPL” or “Second Petitioner Company”) and their respective shareholders.
4. The Learned Counsel for the Petitioner Companies submits that the First Petitioner Company is currently engaged in (a) the Consumer Product segment (‘CP’) (which includes appliances, fans, and consumer lighting products) and (b) the Engineering Procurement and Construction segment (‘EPC’) which primarily focuses on Illumination Business and Power Transmission and Power Distribution Business and the main object of the Second Petitioner Company is *inter-alia* to carry out the Power Transmission and Power Distribution Business.
5. The Learned Counsel for the Petitioner Companies submits that the Board of Directors of the Petitioner Companies in their respective meeting held on February 8, 2022, have approved the proposed Scheme. Further, as

advised/directed by the Securities and Exchange Board of India (“SEBI”) and the Stock Exchanges, the Demerger Committee of the Board of Directors of the First Petitioner Company, and the Board of Directors of the Second Petitioner Company, at their respective meetings held on December 6, 2022, have made certain/required amendment(s) to the Scheme. The copies of the aforesaid resolutions passed by the respective Board of Directors of the Petitioner Companies are annexed to the Company Scheme Petition.

6. The Learned Counsel for the Petitioner Companies submits that the Scheme of Arrangement mainly provides for (i) the transfer by way of a demerger of the Demerged Undertaking (*as more particularly defined in the Scheme*) of the Demerged Company into the Resulting Company on a going concern basis and the consequent issue of New Equity Shares (*as defined in the Scheme*) by the Resulting Company to the shareholders of the Demerged Company; and (ii) various other matters consequential or otherwise integrally connected herewith.
7. The Learned Counsel for the Petitioner Companies further submits that the rationale and benefits for/of the Scheme are as follows:
 - a. *The Demerged Company has 2 (two) distinct business segments viz. (i) Consumer Product segment (‘CP’) (which includes appliances, fan and*

consumer lighting products) and (ii) Engineering Procurement and Construction segment ('EPC'). The EPC segment primarily focuses on Illumination Business and Power Transmission and Power Distribution Business.

- b. Illumination Business which is a part of EPC segment is more synergistic to CP segment and its risk and rewards are also aligned to that of CP segment.
- c. The nature of risk, competition, challenges, opportunities and business methods for the Power Transmission and Power Distribution Business (as defined hereinafter) is separate and distinct from the Remaining Business (as defined hereinafter) carried out by the Demerged Company. Further, the way the Power Transmission and Power Distribution Business is required to be handled and managed is not similar to that of the Remaining Business.
- d. Each of the varied businesses carried out by the Demerged Company have significant potential for growth and profitability and can attract different set of investors, strategic partners, lenders, etc. Therefore, as these businesses approach their next phase of growth, it would be strategically apt to segregate the Power Transmission and Power Distribution Business from the Remaining Business.
- e. The segregation shall enable them to move forward independently, with greater focus and specialization, building on their respective capabilities and their strong brand presence. It will also help to channelize resources

required for all the businesses to focus on the growing businesses and attracting right talent and providing enhanced growth opportunities to existing talent in line with a sharper strategic focus on each business segment under separate entities.

- f. The Scheme will also enable the Demerged Company and the Resulting Company to focus and enhance its respective businesses by streamlining operations and its management structure ensuring better and more efficient management control.*
- g. Bifurcation of these businesses will enable unlocking value of each vertical thereby paving way for focused growth with a view to create significant stakeholder value and at the same time allow investors to allocate their portfolio into separate entities, focused on the distinct entities. Further, it will enable independent and distinct capital allocation approach and balance sheet management based on the distinct needs of each business.*
- h. Thus, the demerger would help in achieving the desired operating structure and shall inter-alia have following benefits:*
- i) Create sector focused companies;*
 - ii) Streamline the management structure;*
 - iii) Unlock value for shareholders;*
 - iv) Ring-fence businesses from each other; and*
 - v) Better risk management.*

8. The Learned Counsel appearing on behalf of Petitioner Companies submits that the equity shares of the First Petitioner Company are listed on both the BSE Limited (“BSE”) and the National Stock Exchange of India Limited (“NSE”) (BSE and NSE, together referred to as “Stock Exchanges”) and BSE by its letter dated December 2, 2022 and NSE by its letter dated December 5, 2022, have respectively given their “no objection/no adverse observation” letters to the First Petitioner Company, therein respectively mentioning the observations/directions provided/given by SEBI and incremental observations by the Stock Exchanges on the Scheme, to file the Scheme with the Tribunal for its consideration.
9. Learned Counsel for the Petitioner Companies submits that the Petition has been filed in consonance with sections 230 to 232 of the Companies Act, 2013 along with the order dated January 5, 2023 passed by this Tribunal in CA(CAA)/286/MB/2022.
10. Learned Counsel appearing on behalf of the Petitioner Companies has stated that the Petitioner Companies have complied with all requirements as per directions of this Tribunal and they have filed necessary filings/affidavits of compliance with this Tribunal. Moreover, the Petitioner Companies undertake to comply with all the statutory requirements, if and to the extent applicable, as may be required under

the Companies Act, 2013 and the rules made thereunder. The said undertaking is accepted by the Petitioner Companies.

11. The Regional Director (Western Region) has filed its report dated May 23, 2023, inter-alia stating therein the observations on the Scheme, as given in paragraphs 2(a) to 2(k) of the said report. In response to the observations made by the Regional Director, the Petitioner Companies have also given necessary clarifications and undertakings vide their rejoinder affidavit dated June 5, 2023 which appears to be satisfactory. The EPC segment primarily focuses on Illumination Business and Power Transmission and Power Distribution Business.

Further, the way the Power Transmission and Power Distribution Business is required to be handled and managed is not similar to that of the Remaining Business.
- (d) Each of the varied businesses carried out by the Demerged Company have significant potential for growth and profitability and can attract different set of investors, strategic partners, lenders, etc. Therefore, as these businesses approach their next phase of growth, it would be strategically apt to segregate the Power Transmission and Power Distribution Business from the Remaining Business.

442

- (e) The segregation shall enable them to move forward independently, with greater focus and specialization, building on their respective capabilities and their strong brand presence. It will also help to channelize resources required for all the businesses to focus on the growing businesses and attracting right talent and providing enhanced growth opportunities to existing talent in line with a sharper strategic focus on each business segment under separate entities.
- (f) The Scheme will also enable the Demerged Company and the Resulting Company to focus and enhance its respective businesses by streamlining operations and its management structure ensuring better and more efficient management control.
- (g) Bifurcation of these businesses will enable unlocking value of each vertical thereby paving way for focused growth with a view to create significant stakeholder value and at the same time allow investors to allocate their portfolio into separate entities, focused on the distinct entities. Further, it will enable independent and distinct capital allocation approach and balance sheet management based on the distinct needs of each business.
- (h) Thus, the demerger would help in achieving the desired operating structure and shall *inter-alia* have following benefits:
 - (i) Create sector focused companies;

 - (iv) Ring-fence businesses from each other; and
