TCS Positioned as a Leader in IDC MarketScape for European Professional Services for Data-Driven Transportation

Tata Consultancy Services Helps its Customers Adopt Next-Gen Technologies to Innovate Faster, Enhance Speed to Market, and Improve Customer Experience

AMSTERDAM | MUMBAI, May 24, 2022: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) has been named a Leader in the IDC MarketScape for European Professional Services for Data-Driven Transportation¹.

“Enterprises in the mobility ecosystem are partnering with TCS to leverage data and analytics and next-gen technologies to innovate faster, enhance speed to market, improve safety and sustainability, and improve customer experience and loyalty,” said **Arun Pradeep, Business Head, Travel, Transportation and Hospitality – Europe, TCS.** *“We are pleased to be recognized as a Leader in this space, for our strong capabilities and the deep relationships we hold with our clients.”*

For over two decades, TCS has been partnering with leading travel, transportation, and hospitality companies across the world, helping them drive growth and transformation. It serves over 90 clients globally including airlines, airports, postal services, seaports, hotel chains, logistics providers, transport agencies, rail operators, road and light rail transit, and cruise liners. TCS’ comprehensive portfolio of services and solutions span consulting and advisory, IT and digital infrastructure and cyber security, application management, digitalization – automation, and IoT and data analytics, and support services.

TCS’ Three Horizons to Purpose-led Growth approach helps transport operators create a data fabric, drive new products and services, and unlock value across the mobility ecosystem.

TCS offers data and analytics frameworks and solutions that can be contextualized based on industry requirements. These include:

- TCS Datom™ – an advisory framework to develop the right data, analytics and AI strategy aligned to the customer’s business goals. It combines TCS’ cross-industry experience, contextual knowledge and data-on-cloud strategy.
- TCS Daezmo™ – an end-to-end solution framework that leverages TCS’ Machine First™ approach to modernize the data and analytics estate across decision operations, covering EngineeringOps, DataOps and AIOps.
- TCS Decision Fabric™ – a state-of-the-art business solutions framework that brings together the power of AI and immersive analytics to deliver accelerated business outcomes.

About IDC MarketScape

IDC MarketScape vendor analysis model is designed to provide an overview of the competitive fitness of ICT (information and communications technology) suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor’s position within a given market. IDC MarketScape provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of IT and telecommunications vendors can be meaningfully compared. The framework also provides technology buyers with a 360-degree assessment of the strengths and weaknesses of current
