CRISIL Ltd: Unaudited financial results for the first quarter ended March 31, 2019

The Board of Directors of CRISIL Limited, at its meeting today, approved the unaudited financial results for the first quarter ended March 31, 2019.

CRISIL's consolidated income from operations for the quarter ended March 31, 2019, was Rs 415.8 crore, compared with Rs 420.0 crore in the corresponding quarter of 2018. Consolidated total income for the quarter ended March 31, 2019, was Rs 422.9 crore, compared with Rs 427.6 crore in the corresponding quarter of 2018. Consolidated net profit after tax for the quarter ended March 31, 2019, was Rs 76.6 crore, compared with Rs 82.2 crore in the corresponding quarter of 2018. Consolidated profit for the quarter was impacted due to foreign exchange loss of Rs 7.8 crore, compared with Rs 2.3 crore of foreign exchange gain in the corresponding quarter of 2018.

The Board of Directors has declared an interim dividend of Rs 6 per share (of Re 1 face value) for the financial year ending December 31, 2019.

Ashu Suyash, Managing Director & CEO, CRISIL, said, "CRISIL's ratings business saw strong growth supported by surge in corporate bond issuances and securitisation transactions, as also by our differentiated positioning. The strong track record of the ratings business as measured by default and stability rates stand testimony to our relentless focus on analytical rigour, proactive surveillance, and high ratings quality. Our newer offerings across research, risk analytics and business intelligence are beginning to gain traction. However, overall growth was impacted due to the changing landscape for risk analytics".

Capital market issuances rebounded in the first quarter after seeing a sharp 19% drop by value in calendar 2018. The liquidity squeeze that started in September 2018 has subsided considerably. Securitisation volumes witnessed strong pick-up, vaulting 81% year-on-year – the highest for a March quarter in the past three years. The business maintained its growth momentum and strengthened its leadership position in the corporate bond market. Large and mid-corporate ratings grew 13.5% year-on-year while the overall Ratings segment grew by more than 12%.

CRISIL Coalition maintained growth momentum with strong performance across clients and products. The business is seeing good traction for its foray into newer client segments. Financial Research grew with the addition of buy-side clients and saw encouraging conversions for its SPARC platform. India Research launched two new reports, one on the retail loans market, and the other on growth opportunities across states. The global risk analytics industry is seeing a decline in demand for select risk offerings because of changing regulatory milestones for Comprehensive Capital Analysis and Review as well as better preparedness across large banks. While this has impacted growth in the research segment, demand is increasing for credit risk and change management services as clients re-architect their front office, risk and finance platforms.

In the Advisory segment, growth was driven by increasing demand for business intelligence and risk solutions. The Infrastructure Advisory business too gained share in segments such as smart cities and airports as well as in select emerging markets.

CRISIL hosted a roundtable in London with senior risk professionals from leading investment and commercial banks to discuss the changing model risk management expectations in Europe. A white paper on Fundamental Review of the Trading Book (FRTB) was released in the quarter. In addition, a number of thought leadership publications such as 'Global, national AAA ratings not comparable', 'Covering the pledge' and opinion pieces on topical themes such as the Reserve Bank of India (RBI) norms, liquefied natural gas prices and the solar sector were released which saw good coverage.

CRISIL Foundation released the CSR Yearbook during the quarter, which includes analysis of CSR spends by corporate India. Under the RBI's Moneywise Centres for Financial Literacy project, CRISIL expanded geographical coverage to Rajasthan beyond ongoing work in Haryana and Maharashtra.

2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. Independent Auditor's Review Report on Standalone Quarterly Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To the Board of Directors of CRISIL Limited

1. We have reviewed the accompanying statement of unaudited standalone financial results ('Statement') of CRISIL Limited ('the Company') for the quarter ended 31 March 2019, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.
2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures, applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with applicable Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013 and SEBI Circulars CIR/CFD/CMD/15/2015 dated 30 November 2015 and CIR/CFD/FAC/62/2016 dated 5 July 2016, and other recognised accounting practices and policies has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Press Release

April 17, 2019 | Mumbai

The Securities and Exchange Board of India's (SEBI) notifications dated May 30, 2018, and September 19, 2018, under the SEBI (Credit Rating Agencies) Regulations, 1999, have mandated the segregation of Ratings and Non-Ratings businesses of credit rating agencies. Pursuant to, and in order to comply with, these notifications, CRISIL's Board of Directors today approved transfer of the Ratings business to a 100% subsidiary of CRISIL Ltd.

This transfer would be undertaken through a scheme of arrangement in terms of Section 230 to 232 of the Companies Act, 2013, to be approved by the stock exchanges and the National Company Law Tribunal. This segregation will have no impact on CRISIL's businesses and the financial value to CRISIL's shareholders will remain unchanged.

CRISIL is the market leader for Ratings in India, covering over 28,000 large and mid-scale corporates and financial institutions. It has always maintained high governance standards and the ratings activities have always been conducted in a separate division, firewalled from other businesses. Therefore, the segregation process will be seamless and on completion, ratings of all financial instruments under respective guidelines of the financial sector regulators and authorities will move into the wholly owned subsidiary. During the interim period, the ratings business will continue uninterrupted. CRISIL remains committed to best-in-class quality of its ratings, strong analytical rigour, and exceptional service standards in all its offerings to customers and other stakeholders.

Starting its journey as India's first ratings agency, CRISIL, today, is a diversified global analytics company, providing ratings, data, research, and solutions. CRISIL's customers range from micro, small and medium companies, large corporates and investors in India to top global financial institutions, insurance companies, private equity players and asset management companies. With operations in 9 countries and a 3,700-plus strong workforce, all CRISIL businesses continue to benefit from its diversified scale of operations, ability to invest in cutting-edge technologies and attract best-in-class talent.

S&P Global Inc (SPGI), CRISIL's majority shareholder, remains committed to CRISIL and its businesses. SPGI will continue to hold majority shareholding in CRISIL Ltd, which will own 100% of the subsidiary that will house the Ratings business.
