Company Secretary

## “ Kinenco launches Brand ‘Kinenco Global Rail’ – with a Portfolio of Proprietary New-Gen Rail Products ”

*Team Kinenco at InnoTrans 2022 Rail Exposition with the newly launched Global Rail Portfolio*

Pilerne- Goa based, Kinenco Limited, a Company engaged in design and manufacture of composite products & sub-systems across diverse segments announced the launch of its proprietary New Gen Rail Product Portfolio for High Speed Trains under its newly conceived international brand “Kinenco Global Rail” at the *InnoTrans 2022 Expo, Berlin* held from 20 Sept, 2022 –23 Sept, 2022.

These new proprietary products have been designed and developed by Kinenco’s in-house Product Design & Development Centre, spearheaded by global experts of train technologies. The products include PRM Type Toilet Module, Vacuum Pressure Toilet Waste Evacuation System (Patent Pending) and Automatic Sliding Door Assembly (Patented). All of these products have proprietary design elements which makes them unique in functionality, operation and maintenance.

InnoTrans expo is a leading international transportation technology trade fair held in Berlin every two years which showcases the latest advancements in Mass Transit & Train technologies.

On the occasion, Kinenco’s Founder & Managing Director, Mr. Shekhar Sardessai said, *“I am exceptionally proud of our Rail team which has worked relentlessly over two years to conceive, design and deliver these proprietary products. With this new product portfolio benchmarked to global standards of quality, reliability and safety, I am sure Kinenco will make a quantum leap in its journey to become a leading player in the global rail market.”*

The Chairman of Board of Directors of Kinenco & Joint Managing Director, Indo National Limited, Mr. Aditya Reddy said *“This is a significant milestone in Kinenco’s journey to be a global player in the rail market. Kinenco’s experience in rail interiors including its expertise in aerospace interiors will be the key differentiator that will place Kinenco in a unique position in the global rail market. I wish Team Kinenco all the very best on the launch of its New Gen Products and its new brand “Kinenco Global Rail”.*

Kineco's IRIS certified Railway Division has been supplying world class composite products to Indian Railways for more than fifteen years, with several innovative product developments to its credit. The railway product portfolio includes rail coach interiors, toilet modules, aerodynamic front ends & driver cab interiors and hard seating systems. Kineco has a strong presence in the segment of Design to Build turnkey railway interior projects for new and refurbished coaches and currently is among few players in India qualified for such projects.

With passion for innovation & technology and credentials of two and half decades in developing world class composite products to discerning customers in Aerospace, Defence, Railways and Industrial markets, Kineco has emerged as India's most diversified and fastest growing company in its field.

### **About Kineco Group**

Kineco, an enterprise founded by the first generation entrepreneur Shekhar Sardesai, is one of India's leading composites manufacturing companies with a strong focus on the mass transit, aerospace and defense sector with a strong legacy of innovation, development and commercialization of several composite products across these industries. The group employs over 750 people across four manufacturing locations in Goa India, including the Kineco Kaman – Aerospace JV & Kineco Exel Pultrusion JV. Helios Strategic Systems (I) Limited (A wholly owned subsidiary of Indo National Limited, a publicly listed company) headquartered in Chennai, is a majority shareholder in Kineco Limited.
