“RESOLVED THAT pursuant to the provisions of Section 152 read with Schedule IV and other applicable provisions, if any, of the Companies Act, 2013, the approval of the Members of the Company be and is hereby accorded for the re-appointment of Mr. Ashok Reddy (DIN: 00151814), as Director of the Company, to the extent that he is required to retire by rotation.”

ITEM NO.5

To re-appoint M/s. S.R. Batliboi & Associates LLP, as Statutory Auditors of the Company and to fix their remuneration.

Statutory Requirement:

The law related to appointment and rotation of Auditors is covered by Section 139(1) of the Companies Act, 2013 which provides that; subject to the provisions of this Chapter, every company shall, at the first annual general meeting, appoint an individual or a firm as an auditor who shall hold office from the conclusion of that meeting till the conclusion of its sixth annual general meeting and thereafter till the conclusion of every sixth meeting and the manner and procedure of selection of Auditors by the members of the company at such meeting shall be such as may be prescribed.

No listed company or a company belonging to such class or classes of companies as may be prescribed, shall appoint or re-appoint—

- an individual as auditor for more than one term of five consecutive years; and
- an audit firm as auditor for more than two terms of five consecutive years:

Proposal:

The Board proposes to re-appoint M/s. S.R. Batliboi & Associates LLP, for the second and final term of five years. Members are requested to consider and if thought fit, to pass the following resolution, as an Ordinary Resolution:

“RESOLVED THAT pursuant to Section 139, 142 and all other applicable provisions, if any, of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, (including any statutory modification(s) or re-enactment thereof) and pursuant to the recommendations of the Audit Committee and the Board of Directors of the Company, M/s. S.R. Batliboi & Associates LLP, Chartered Accountants, (FRN: 101049W/E300004) be and are hereby re-appointed as the Statutory Auditors of the Company for a second term of five consecutive years, who shall hold office from the conclusion of this 22nd Annual General Meeting till the conclusion of the 27th Annual General Meeting to be held in the year 2027 on such remuneration plus applicable taxes and out of pocket expenses and remuneration for other certifications as may be mutually decided by the Board of Directors in consultation with the Statutory Auditors of the Company based on recommendation of the Audit Committee.”

B. SPECIAL BUSINESSES:**ITEM NO. 6**

5. Members of the Company under the category of Institutional Shareholders are encouraged to attend and participate in the AGM and vote thereat.

6. In compliance with applicable provisions of the Companies Act, 2013 and SEBI LODR Regulations, 2015 read with above mentioned MCA and SEBI Circulars, the AGM of the Company is being conducted through VC/OAVM.
7. In accordance with the Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India ("ICSI") read with Clarification/ Guidance on applicability of Secretarial Standards 1 and 2 dated April 15, 2020 issued by the ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company which shall be the deemed venue of the AGM. Since the AGM will be held through VC/OAVM, the Route Map is not annexed to this Notice.
8. The Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013, which sets out details relating to Special Businesses at the AGM, is annexed hereto.

In terms of the provisions of Section 152 of the Act, Mr. Ashok Reddy, Director, retires by rotation at the Meeting. The Nomination and Remuneration Committee and the Board of Directors of the Company recommend his re-appointment.

Mr. Ashok Reddy is interested in the Ordinary Business set out at Item No. 4 of the Notice with regard to his re-appointment. Save and except the above, none of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the Ordinary Business set out under Item Nos. 1 to 5 of the Notice. Details of Directors retiring by rotation / seeking appointment/re-appointment at this Meeting are provided in the "Annexures" to the Notice.

9. In case of Joint Holders attending the AGM, only such Joint Holder who is named first in the order of names will be entitled to vote.
10. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of Companies Act, 2013 and Register of Contracts or Arrangements in which Directors are interested maintained under Section 189 of the Companies Act, 2013 and relevant documents referred to in this Notice of AGM and Explanatory Statement, will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e., September 16, 2022. Members seeking to inspect such documents can send an email to corporateaffairs@teamlease.com.
11. All the documents referred to in the Notice and Explanatory Statement shall be open for inspection at the Registered Office of the Company on all working days during business hours up to the date of the AGM.
12. Notice is sent to all the Shareholders (electronic copy), whose names appear in the Register of Shareholders as on Friday, August 05, 2022. The Notice of the AGM is also hosted on the website of the Company i.e., <https://group.teamlease.com/investors/>.

13. Shareholders holding shares in electronic form are advised to inform the particulars of their bank account, change of address and email ID to their respective depository participants with whom they are maintaining their demat accounts. Shareholders holding shares in physical form are advised to inform the particulars of their bank account, change of address and email ID to the Company or Registrar and Share Transfer Agents, KFin Technologies Limited (Formerly known as KFin Technologies Private Limited) (KFintech), Selenium Tower B, Plot no. 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad 500 032.
14. Shareholders holding shares in electronic (Demat) form or in physical mode are requested to quote their DP ID & Client ID or Folio details respectively in all correspondences, to KFintech. Shareholders holding shares in physical form are requested to approach their DP for dematerialization of their shares as per SEBI notification dated June 08, 2018 which mandates the transfer of securities to be in dematerialized form only, with effect from December 05, 2018. As per Regulation 40 of the Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialised form with effect from April 01, 2019, except in case of transmission or transposition of securities. In view of the above and to eliminate risk associated with physical shares and to avail various benefits of dematerialisation, Members are advised to dematerialise their shares held in physical form.
15. The Securities and Exchange Board of India (SEBI) has mandated the submission of the Permanent Account Number (PAN) by every participant in the securities market. Shareholders holding shares in electronic form are therefore, requested to submit their PAN to their Depository Participant(s). Shareholders holding shares in physical form are required to submit their PAN details to KFintech.
16. Shareholders holding shares in single name in physical mode are advised to make nomination in respect of their shareholding in the Company. Shareholders holding shares in electronic mode may contact their respective depository participants for availing the nomination facility. Members can avail the facility of nomination in respect of shares held by them in physical form pursuant to the provisions of Section 72 of the Act. Members desiring to avail this facility may send their nomination in the prescribed Form No. SH-13 duly filled in to KFintech at the above mentioned address.
17. Shareholders who hold shares in physical mode in multiple folios in identical names or joint holding in the same order of names are requested to send the share certificates to KFintech, for consolidation into a single folio.
18. Mr. Mukesh Siroya, Practicing Company Secretary, Mumbai, has been appointed as the Scrutiniser to scrutinise the E-Voting process in a fair and transparent manner. In case of any failure/inability to scrutinize the E-Voting process by Mr. Mukesh Siroya, Ms. Bhavyata Acharya (Membership No. A25734; CoP No. 21758),

Practicing Company Secretary, shall be the alternate Scrutinizer to him.

The Scrutiniser will, after the conclusion of E-Voting at the Meeting, scrutinise the votes cast at the Meeting and votes cast through remote E-Voting, make a consolidated Scrutiniser's Report and submit the same to the Chairman. Subject to receipt of requisite number of votes, the Resolutions proposed in the Notice shall be deemed to be passed on the date of the Meeting, i.e., Friday, September 16, 2022.

19. For ease of conduct of AGM, members who wish to ask questions/express their views on the items of the businesses to be transacted at the meeting are requested to write to the Company's investor email ID corporateaffairs@teamlease.com, at least 48 hours before the time fixed for the AGM i.e., by 03:00 P.M. IST on September 14, 2022, mentioning their name, demat account no./folio number, email ID, mobile number etc. The queries may be raised precisely and in brief to enable the Company to answer the same suitably depending on the availability of time at the AGM. Alternatively, Members holding shares as on the E-Voting cut-off date i.e., Friday, September 09, 2022, may also visit <https://emeetings.kfintech.com> and click on the tab "Post Your Queries" and post their queries/views/questions in the window provided, by mentioning their name, demat account number/folio number, email ID and mobile number.

The window shall be closed 48 hours before the time fixed for the AGM at 03:00 P.M. IST on September 14, 2022. The Company will, at the AGM, endeavour to address the queries received till 03:00 P.M. IST on September 14, 2022 from those Members who have sent queries from their registered email IDs.

Please note that Members' questions will be answered only if they continue to hold shares as on the cut-off date. Members of the Company, holding shares as on the cut-off date i.e., Friday, September 09, 2022 and who would like to speak or express their views or ask questions during the AGM may register themselves as speakers by visiting <https://emeetings.kfintech.com> and clicking on "Speaker Registration" during the period from Monday, September 12, 2022 (09:00 A.M. IST) upto Wednesday, September 14, 2022 (03:00 P.M. IST).

Those Members who have registered themselves as a speaker will only be allowed to speak/express their views/ask questions during the AGM. The Company reserves the right to restrict the number of speakers depending on the availability of time at the AGM.

Members will be allowed to attend the AGM through VC / OAVM on first come, first served basis. The facility of participation at the AGM through VC/OAVM will be made available to at least 1,000 Members on a first come first served basis as per the MCA Circulars. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

20. Non-Resident Indian Shareholders are requested to inform KFintech / respective depository participants, immediately of:
- Change in their residential status on return to India for permanent settlement.
 - Particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier.

The Company will not be dispatching physical copies of Annual Report and Notice of AGM to any Member. Members are requested to register/update their email addresses, in respect of electronic holdings with the Depository through the concerned Depository Participants and in respect of physical holdings with KFintech by following due procedure.

Shareholders may note that Twenty Second (22nd) AGM Notice, Annual Report 2022 and E-Voting instructions are also available on the Company's website i.e., <https://group.teamlease.com/investors/> and website of the Stock Exchanges where the shares of the Company are listed i.e., BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of KFintech at <https://evoting.kfintech.com/>.

21. In compliance with the provisions of Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time and Regulation 44 of the SEBI LODR Regulations, 2015 and Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, the Company is pleased to provide its Shareholders the facility to exercise their right to vote on resolutions proposed to be considered at the Twenty Second (22nd) AGM by electronic means and the business may be transacted through E-Voting services. The facility of casting the votes by the Shareholders using an electronic voting system from a place other than venue of the AGM ("remote E-Voting") will be provided by KFintech.
22. The voting through electronic means is scheduled as below:

The Company has fixed Friday, September 09, 2022, as Cut-off date for determining the Shareholders eligible for voting, through electronic means as well as during the AGM.

This Annual Report contains 'forward-looking statements' within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, that involve substantial risks and uncertainties. Forward-looking statements generally relate to future events or our future financial or operating performance and are based on our current expectations, assumptions, estimates and projections about the Company, our industry, economic conditions in the markets in which we operate, and certain other matters. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as 'anticipate', 'believe', 'estimate', 'expect', 'intend', 'will', 'project', 'seek', 'should' and similar expressions. Those statements include, among other things, risks and uncertainties regarding COVID-19 and the effects of government and other measures seeking to contain its spread, the discussions of our business strategy, including the localisation of our workforce and investments to reskill our employees and expectations concerning our market position, future operations, margins, profitability, liquidity, capital resources, wage increases in India, change in the Indian regulations governing wages. These statements are subject to known and unknown risks, uncertainties and other factors, which may cause actual results or outcomes to differ materially from those implied by the forward-looking statements. Important factors that may cause actual results or outcomes to differ from those implied by the forward-looking statements include, but are not limited to, those discussed in the MD&A section in this Annual Report. In the light of these and other uncertainties, stakeholders should not conclude that the results or outcomes referred to in any of the forward-looking statements will be achieved. All forward-looking statements included in this Annual Report are based on information and estimates available to us on the date hereof, and we do not undertake any obligation to update these forward-looking statements unless required to do so by law.

About the REPORT

This is TeamLease's first Integrated Annual Report for the year ended March 31, 2022. The objective of this report is to provide a comprehensive and detailed overview of the Company's operations, strategy, and performance. In this report, we look at the trends and challenges in our business, at our strategies, and at how we create value through a responsible approach towards business.

Integrated and Sustainable Thinking

Integrated and sustainable thinking is intrinsic to how we manage our business and create value for our stakeholders. Our six strategic pillars ensure that we manage our resources and relationships in such a manner that they create value over time. A consolidated assessment of the six capitals (as per the International Integrated Reporting Council, or IIRC, framework) provide both our strategy as well as the internal materiality process we have used to determine the content and structure of this report. In addition, our activities also contribute to the United Nations Sustainable Development Goals (SDGs) covering a range of multi-stakeholder goals that we aspire to achieve.

Reporting Frameworks

The present report follows the IIRC framework, which allows us to tell our members and other stakeholders how we create value for them.

The financial and statutory data presented in this report are in line with the requirements of the Companies Act, 2013 and rules notified thereunder, the Indian Accounting Standards, the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, and the Secretarial Standards.

Reporting Period

This Integrated Report primarily covers the 12-month period from April 01, 2021 to March 31, 2022. However, certain sections of this report represent facts and figures of the previous years as well. The details and information in the Integrated Report pertain to TeamLease Services Limited on a standalone basis, unless otherwise specified. Both the financial and non-financial aspects are in accordance with the applicable laws, regulations and standards of the Republic of India.

Assurance

To ensure the integrity of facts and information, the Management have reviewed the facts and qualitative statements in the Annual Report.

The statutory auditors M/s. S.R. Batliboi & Associates LLP, Chartered Accountants, have provided an unmodified opinion on the financial statements and the 'Independent Auditor's Report' has been duly incorporated as a part of this report.

Chairman's **LETTER**

Dear Shareholders,

The year 2021-22 turned out to be a year of two halves. The first half brought us the devastating societal and economic impacts of the Delta variant of COVID-19 and the second a return, even if occasionally impeded, to normalcy. Those businesses that went into the 2-year crisis with a strong balance sheet and open mind began to see the benefits in the latter part of the year.

**Narayan
Ramachandran**

Chairman & Lead Independent
Director

Our EBITDA (before exceptional items) of ₹ 14,237 lakhs grew by 45% YoY. Our free cash flow was ₹ 22,000 lakhs and we enter the year with a substantial cash cushion for our continuing investments in acquisitions, technology, and human capital.

Add to this civilizational cataclysm the conflict in Ukraine that began late in the year, and we have the necessary impetus for countries, institutions, and individuals to transform the way they organise themselves. The next ten years promise to be very different from the last ten and it is to this task of maximising the opportunities and tackling the challenges that we at TeamLease have committed ourselves.

The external environment of governments, businesses, jobseekers, and learners makes up the TeamLease 'demand' ecosystem. A critical part of the organisation's DNA is to listen to, respond and shape this environment. TeamLease is simultaneously proactive and responsive. We take our responsibility as a corporate citizen in a fast growing and rapidly changing country seriously and are more than willing to take our place at the policy table count. Equally, we want to listen and respond to the continually evolving needs of our clients as they go about the business of adapting to this dynamic environment.

Accordingly, we have begun the transformation of our 'supply' ecosystem to meet the challenges of the next ten years. At the top, we have expanded and diversified the board to provide strategic insight and governance. The expanded board not only brings new functional expertise but importantly adds cognitive diversity as well. We strive to make the Board's conduct effective by matching a democracy of input with a crispness in decision-making. The Board is one of few in India led by an independent Chairman and it is my honour and responsibility to ensure that this custodial role is discharged with focus and integrity.

At the heart of any successful firm is the talent that operates its businesses. We have focused on the task of elevating and rotating our best people and hiring additional talent so that our main business lines in employment, employability and education are now in great hands. They now have the autonomy and resources to deliver ambitious goals within a broad framework of governance. TeamLease operates in the human capital industry but offers services for hiring, productivity, and scaling. The dramatic events of the last two years moves the proposition of the staffing industry supply chains from the backroom to the corporate boardroom. India's flagship IT Services industry has new wind beneath its sails, and TeamLease is positioned well to benefit through our specialised staffing business. Our learning solutions benefit from companies recognising that skilling is about productivity, whether from home or in the office. The technology mindset that has been accelerated by the pandemic favours our platform-based delivery of solutions. Our e-workforce solutions are still small but carry huge promise in a world where every company is a technology company and straight-through processing has become a requirement. The tailwinds of structural change bode well for TeamLease.

As we have always done, TeamLease continued to target three goals of growth, margin expansion, and capital

efficiency. Despite a choppy year in the external environment, we closed the year with operating revenue of ₹ 6,47,982 lakhs. Our EBITDA (before exceptional items) of ₹ 14,237 lakhs grew by 45% YoY. Our free cash flow was ₹ 22,000 lakhs and we enter the year with a substantial cash cushion for our continuing investments in acquisitions, technology, and human capital.

We do not run the Company with an eye on the stock price in the short term. In the long term, our stock price is a measure of the how our products and services meet the needs of our customers. This, in turn, is a direct result of our investments in talent, processes, and technology, knit together by our organisational culture. Our principles of capital prudence and steady progress have resulted in significant outperformance over the Nifty 50 since we became a public company in 2016. Combined with these principles our open-mindedness and agility will drive our prospects and position us to grow in the years ahead.

On behalf of the Board of Directors of TeamLease, I would like to thank various Central and State Government departments, for the help and co-operation extended by them during the year. I also express my gratitude to all employees of TeamLease and the Management team for their dedication and hard work.

Mahatma Gandhi said the future depends on what we do in the present. At TeamLease we remain committed to doing just that so we can take the Company to new heights. Thank you for being part of the journey.

Narayan Ramachandran

Chairman & Lead Independent Director

Managing Director's **INSIGHT**

Dear Shareholders,

As you read this letter, we are already battling several macroeconomic factors. The recent geopolitical crisis has highly consequential effect on the global and Indian economy.

**Ashok
Reddy**

Managing Director

Rising commodity prices, soaring inflation and higher cost of living, resulted in emerging countries increase their fiscal deficits with higher borrowings from central banks at higher interest rates. The Indian economy, which was poised for take-off in terms of economic growth, is consolidating after the Russia-Ukraine political situation, with crude and coal imports impeding quicker economic recovery.

Despite turbulences, the year under review turned out to be a standout year for the staffing industry, with the industry registering a double-digit growth. Amidst this rapid growth of the industry, we also saw an increased need for hiring across our clients present

Our year-on-year growth was 33% on revenue and 25% on headcount. Our EBITDA grew by 45% and we closed the year with an EBITDA margin of 2.2%. We also grew PBT (before exceptional) by 27% to ₹11,734 lakhs with a margin of 1.8%. The minor decline in PBT percentage compared to last year was due to our investment in talent and technology to aid our future growth plans. Our sales continued to rise and we bagged a number of new logos in FY2022.

During the year under review, the continued health of high-frequency indicators and positive credit growth of large businesses arising from exports resulted in a surge in hiring across the corporates. Moreover, the hiring intent

supply challenge and have successfully offered multiple solutions which has helped us increase wallet share with the customers. Our strong brand recall has helped us to successfully incubate new adjacent business lines which shall help us to continue the broad based growth of our business. We see an optimistic future with a clear visibility of a healthy pipeline and emerging demand across most of our customers.

While our strategic investment will continue to help us yield good results, farming our existing logos and new sales activity will help us keep up the aggressive expansion. We will be leveraging our deep leadership bandwidth, teamwork, established capabilities to make FY2023 another impactful year.

As a final word, I sincerely appreciate our shareholders continuous invaluable support and contribution to our further growth. I also wish to convey my heartfelt gratitude to all of our colleagues for their enthusiasm, commitment and resilience as we look forward to another successful year.

Best wishes,

Ashok Reddy

Managing Director

We have worked closely with our customers as a strategic partner to solve the talent supply challenge and have successfully offered multiple solutions which has helped us to increase wallet share with the customers. Our strong brand recall has helped us to successfully incubate new adjacent business lines which shall help us to continue the broad based growth of our business.

across industries. We concluded the year in a strong position, with visible growth across all our businesses.

I am pleased to report highest ever growth in headcount, revenue and PBT in FY2022 for specialised staffing. We have made significant improvement in our market share in an ever-expanding addressable market aided by investments in digitisation. We also saw huge demand for tech talent during the year across clients and we were able to deliver to the open positions.

Overall, we ended the year with operating revenues of ₹ 6,47,982 lakhs and EBITDA of ₹ 14,237 lakhs.

increased considerably against the previous fiscal and early part of the year, with bounce back visible after tepid growth due to the COVID-19 pandemic. Given this context, we will keep trying to bridge this gap through our offerings and will continue to invest in leadership, digitalisation, sales and hiring capabilities to aggressively pursue the opportunities as we see ahead of us.

As we look ahead, our ability to deliver consistent business results despite external challenges validates our vision, strategy and capabilities. We have worked closely with our customers as a strategic partner to solve the talent

Q&A with CFO

What is the status of PF Trust migration and are there open liabilities related to it?

We have fully liquidated all assets under the PF trust and transferred the funds to EPFO as of March 31, 2022. Effective 1st April 2022, TeamLease does not hold any liability or responsibility in terms of portfolio

management of the PF Trust or the annual interest credit to the PF account holders, as the PF contributions are being directly made to the EPFO. We are currently in the process of transitioning the individual PF account

holder data to EPFO through backend migration. The migration of associates is anticipated to be completed once all departmental audits have been completed which is anticipated by the end of September, 2022.

**Ramani
Dathi**

Chief Financial Officer

Q

What is the status of 80JJAA and what is the Company's stance on the matter?

A

We received a reassessment notice from the income tax department for assessment year (AY) 2019 questioning the employer-employee relationship to claim benefits under section 80JJAA. There is no claim or open demand by the department be it in terms of interpretation of the section or the calculation applied by us. We have challenged the notice by filing writ petition trying to understand the grounds of contention because clearly for all practical purposes we are the

legal employer, and are responsible for paying salaries and statutory on time, irrespective of the action of the end client. There are previous court cases in similar interpretations which are in the favour of the assessee, and we have obtained sufficient legal opinions that support our understanding on this matter. We have TDS receivable of up to ₹ 15,500 lakhs till AY 2023. In case, department disallows the 80JJAA deduction retrospectively then possible cash outflow of ₹ 9,500 lakhs.

Q

What is the expected cash conversion for the future? What is the plan for deployment of free cash and dividend payout?

A

Currently our operating free cash stands at ₹ 22,000 lakhs as on March 31, 2022, and we expect the operating cash conversion to sustain at 70% and upwards in future. Over the years, we have expanded the portfolio of offerings through prudent investments in our business, through organic and inorganic opportunities. As of now the plan for cash deployment is to allocate to growth opportunities which

can be accretive to key variables like scale, margins, productivity, talent and technology. Dividend payout is not considered for this year given the number of active M&A discussions.

There are previous court cases in similar interpretations which are in our favour , and we have obtained sufficient legal opinions that support our understanding on this matter.

Q

Why has the promoter's holding come down since IPO?

A

The said sale of shares has been in accordance with compliance guidelines as prescribed by SEBI. The share of exited promoter (Dhana Management Consultancy LLP, holding 4.99%) has been reclassified from the promoter list in Dec 2020 which is the main reason for the drop in promoter holding. Mr Manish Sabharwal and Mr Ashok Reddy have a joint promoter holding of 31.5% as on 31st March 2022. They have individually sold 0.5% each year post IPO to manage their personal financial commitments.

Q

Can you elaborate on the margin expansion strategy?

A

We aspire to get to a blended margin of 3.5% PBT through a combination of several factors. One, introduce strong operating levers through economies of scale in staffing business. Two, increase hiring capabilities, value added services and digital workforce solutions to expand our average realisation. Three, drive productivity enhancement of core employees through introduction of digitisation initiatives. Four, focus on higher margin businesses like specialised staffing and HR services that will contribute meaningfully to the bottomline. Lastly, we will build adjacencies through organic incubations and inorganic venues to create long-term value.

Upholding Best PRACTICES

We have established ourselves as a strong corporate leader based on a strong culture that easily adapts to the needs of a changing business and regulatory landscape. We embed good governance in our strategic vision and goals, which resonate in our engagement with our shareholders and stakeholders. In all of our business dealings, we strive for the highest ethical standards.

Strong leadership commitment

The synergy between our Board and the Management enables the development and implementation of effective policies and processes that are supported by dependable mechanisms. We push boundaries as we strive to continuously improve our governance practices, backed by an independent and transformational board and a highly competent management team.

Our key focus areas for good governance

Code of conduct

Our Code of Conduct and business ethics provides a practical guideline on rules and behaviour in consistence with our values, which guides all of our decisions and actions. The Code also serves as our public commitment to the highest ethical standards. Our Code of Conduct mandates our directors, senior management and employees to act honestly, fairly, ethically, and with integrity, and conduct themselves in a professional, courteous, and respectful manner.

Insider trading policy

We also have an Internal Code of Conduct in place to track, regulate, and report on trades by designated individuals. This code has a three-fold objective of monitoring trades of designated employees, obligating employees to handle price sensitive information and mandating employees to restrict unauthorised access to any individual information. The provisions of the policy encompasses compliance with disclosure rules and prevention of the unlawful practice of using confidential information to one's own benefit.

Vigil mechanism policy

Aligned with our policy for transparency and integrity in our business, our vigil mechanism policy allows us to report any genuine concerns about unethical behaviour, whether actual or suspected, without fear of retaliation. This gives our stakeholders an opportunity to voice any concerns or violations to the Company.

Anti-corruption policy

Our long-standing commitment to operating with integrity and ethics, as well as maintaining our ability to work with customers and governments, necessitates the avoidance of all forms of corruption.

Our anti-corruption practises specifically emphasise on making ethical decisions, never engaging in bribery or insider trading, avoiding conflicts of interest, approaching competition ethically, complying with international trade regulations, promoting transparency, and maintaining accurate business records. We have several policies related to these issues to protect our Company's reputation, and we expect our employees to comply with them.

Nurturing Relationships to **HELP US GROW**

We strive to meet the needs of all our stakeholders in order to fulfil our purpose and public commitments. We opt for an inclusive and responsive approach to developing stakeholder relationships. Clients, employees, authorities, shareholders, civil society, and sector organisations are all part of our stakeholder groups. We value their perspectives and tend to prioritise disadvantaged, vulnerable, and marginalised stakeholders.

Financial

CAPITAL

In line with our dedication to create long-term economic value for all stakeholders, we maintain a strong balance sheet with significant debt capacity and a well-spread maturity profile that allows us to fund growth opportunities. To manage our liquidity requirements, we use optimal foreign exchange and interest rate exposure management, as well as diverse funding sources.

Strategic business development

At TeamLease, we are constantly looking for new investment opportunities, identifying opportunities, and analysing emerging markets and economic trends. This process entails conducting a thorough analysis of our organisation's business, the business landscape, and our approved budget plan. This procedure determines our capital allocation decisions.

Prudent management of capital

Our sound financial management practices enable us to be more flexible in our investment decisions. We benefit from favourable industry dynamics and by prudently managing our capital, we are able to increase our profits, cash flow, and returns. This is consistent with our progressive dividend policy and our goal of delivering attractive total returns to our investors.

Our business segments have an optimistic outlook with a sizeable addressable market, hence we continue to invest in leadership, digitalisation, sales, and hiring capabilities to aggressively pursue the opportunities that we see ahead of us. Our commitment stems from our vision and purpose to serve our customers' needs as well as address the risks associated with climate change. Our investments in digital solutions, telecom technology, engineering technology, gaming, healthcare, and other service lines have enabled us to provide a one-stop shop for our customers' needs.

The investments we are making to improve the capability of our hiring team through various training programmes and digital interventions, combined with capacity expansion, have enabled us to capture a significant share of the market's available business.

Employment

Staffing

Financial services, e-commerce, telecom and technology, and consumer durables are our top four segments in terms of absolute growth and associate base. In comparison to the previous year, e-commerce has grown by over 300%. We are also considering relocating some of our central processing units to smaller locations in order to improve efficiency and service times. As a result, some of the additional hiring was due to relocating to smaller locations.

The number of people hired at the entry-level is expected to rise by **about 10%** from quarter to quarter.

Positioned to capitalise on trends in hiring

The need for formal employment has increased as a result of recent labour reforms, accelerating the demand for flexi-staffing. IT, education services, e-commerce, healthcare pharma, and telecom are all showing positive signs in terms of hiring. Tier-1 cities will have a much higher intent to hire, with Bengaluru, Chennai, and Mumbai likely to be the top cities with the highest demand. The number of people hired at the entry-level is expected to rise by about 10% from quarter to quarter. In terms of the types of jobs that are likely to come in, sales and IT clearly lead the charge. In manufacturing and e-commerce, there is a growing trend toward greater diversity in hiring.

A few forward-looking sectoral changes that will shape our future include a surge in interest in formalising the workforce in the FMCG and FMCD sectors, as well as a large number of employees employed off-road by

employers seeking a legitimate but flexible solution. Massive capacity expansion is expected in manufacturing, particularly in electronics, resulting in a large number of job openings, including those for the temporary workforce.

Reaping benefits of restructuring

The upside of the reorganisation of the staffing business which we did at the beginning of the Financial Year is evident in the performance of the six business cohorts. We witnessed the most aggressive positive headcount growth in financial services, consumer, e-commerce, and the tel-tech cohorts. Differentiated hiring across the six cohorts has led to a high volume of temp addition hired by us across diverse profiles. Emerging sectors are our key focus to identify industries or companies which might need staffing. We identify different emerging industry sectors or companies involved in staffing, in order to look for opportunities to collaboratively work towards mutual growth.

Future outlook

Looking ahead, we are well-positioned for strong growth, with a healthy pipeline and emerging demand. The e-commerce sector is expecting a two-fold increase in workforce, which is a unique opportunity. However, the strategy battle between newly funded delivery-driven organisations and more established entities has made talent acquisition difficult.

Poised for growth

The investment we have made in our ability to move labour from smaller towns to areas where it is needed will continue to pay off. The expansion of existing logos and financial services is expected to be aggressive. Overall, we are well-positioned to have an impactful year ahead, owing to our deep leadership bandwidth, complementing teamwork, established contractual mastery specifically in sales and hiring, and the emerging benefits of digitalisation and process improvements.

The future directions in staffing now lie in developing stronger contextual mastery across the six business cohorts, as well as creating differentiated servicing and product stacks based on the future needs of every customer in each cohort.

TWO decades
of experience in staffing business

Specialised staffing

The post-pandemic digitisation super-cycle resulted in significant deal wins for our customers, which translated into healthy pipelines for us. Contingent workforce appears to be the preferred mode of employment as new WFH and hybrid models gain mainstream traction. In FY2022, we had the highest ever growth in headcount, revenue, and PBT for specialised staffing. We have increased our market share significantly in this ever-expanding addressable market, aided by the digitisation super-cycle. Specialised staffing is growing at a rate of 30-32% year on year, contributing to overall margin expansion. Maintaining the momentum of growth in specialised staffing will be a primary focus for us.

Our key sectors

Increased demand in IT sector

In the information technology (IT) sector, we have consistently delivered across all quarters. The demand for IT skill sets has been exceptionally high in specialised staffing. We have been making continuous investments in improving our delivery to customers and amping up the team given their growth in number, and the expected future growth.

IT staffing is expected to grow at a 20% CAGR over the next five years. The adoption of Hire Train Deploy (HTD) and upskilling and reskilling projects with higher profitability has been on the rise in this industry.

Optimal margins in telecom and IT infra sectors

We are currently at optimal levels of margins in specialised staffing, now that we have telecom and IT infra verticals, which are relatively lower margin businesses compared to IT staffing. Thus our focus is more on improving absolute profit.

We were operating in the IT infra and network support space before moving up the value chain into cloud, cyber security, and data storage space where the margins are high.

Specialised staffing is growing at a rate of 25-30% year on year, contributing to overall margin expansion.

Mitigating the demand supply gap with our HTD solution

Hire, Train, and Deploy (HTD) is a service that fulfils critical hiring needs for specialised skills required by companies. HTD service providers train the resources and then deploy them to clients when the training is completed. This future recruiting model is highly adapted to evolving business demands with a faster turnaround time.

With our HTD model, we deliver multiple skill trained resources as per the project need while reducing hiring timelines resulting in a scalable and sustainable solution

Foraying into new spaces

We have a predominantly large workforce in the telecom space, primarily in network and distribution. However, since 5G adoption in many countries around the world, we have back offices in India where we provide 5G support and 5G technology related fulfilment at a higher margin. Along with that, we have expanded our verticals in gaming, OTT, the energy sectors, and we now have a presence in healthcare tech and mobitech. These are positions where staffing is getting underway and the requirements are mostly digital in nature.

In FY2023, we will expand our footprint into new verticals to align with our future growth plans. We will expand our IT staffing into Offshore Development Centres (ODC), Recruitment Process Outsourcing (RPO) and more in USA and Asian-Pacific (APAC) regions, as

well as our professional staffing into Healthcare, Legal, HR, Marketing, and Project Management Office (PMO).

Future growth strategy

To support growth and improve efficiency, we are building a strong talent supply ecosystem, leveraging tier 2 location centres and cutting-edge technology tools. Our growth strategy is a combination of increased market share and a balanced portfolio mix of both segments to ensure that we meet both top and bottom-line targets.

Future outlook

Looking at the overall portfolio, there is an increase in the average realisation because we work on a model where the profits are high. Our FY2023 outlook is positive and promising, and we expect to grow our business in the higher double digits across all key metrics. We are observing good traction on demand in specialised staffing, which should enable further growth as we move forward, and we are preparing to deliver better in the coming years.

Employability

Degree apprenticeship

TeamLease began a case in 2007 that the Apprentices Act of 1961 was out of date, ineffective and unfair because it viewed an apprenticeship as a job rather than a classroom for learning new skills. Subsequently seven years ago, TeamLease Skills University launched NETAP (National Employability Through Apprenticeship Programme), which has since been renamed Degree Apprenticeship.

Our high value proposition

Degree apprenticeship provides a clear value proposition to all of our stakeholders, employers, youth, and the government — by ensuring a return on investment for employers through lower attrition, higher productivity, and faster hiring, as well as helping to improve the professional capacities of the youth through practical training.

Degree Apprenticeship is a win-win real-time solution for increasing workplace productivity by combining the needs and aspirations of youth, employers, and academia into a unified platform. It results in a non-linear, disruptive increase in talent productivity in contrast to rising overhead costs for businesses. Degree Apprenticeships offer the ideal combination of skills and knowledge to meet the needs of the industry.

Collaborating for growth

At TeamLease, we are collaborating at two different levels. On one level, we collaborate with the universities to create the curriculum in partnership with the Sector Skill Council (SSC) and with National Council for Vocational Education and Training (NCVET) to approve the programme. On the other hand, we collaborate with more than 300 industry organisations across seven sectors, which include Auto, Electronics, Retail, Logistics, BFSI, IT/ITES, E-Commerce, to implement degree apprenticeships.

Rebound in degree apprenticeship

The disparities in outcomes for skilled and unskilled workers during the lockdown have highlighted the importance of implementing flexible, low-cost, demand-driven skill development initiatives that can broaden employment opportunities across sectors. It will not only aid in the provision of skilled labour for various operations, but it will also pave the way for financial independence for the vast majority of people who lack the necessary skills to engage in rewarding jobs.

We are returning to the pre-pandemic trend of on-site training after adopting the Virtual Instructor Lead Training (VILT) session during the pandemic. We have also partnered with multiple universities to increase the adoption of degree apprenticeships. In accordance with the NEP 2020, we have also introduced new degree apprenticeship programmes (B.Sc Mechatronics - Auto, Electronics), BBA Retail, and BBA Logistics. After the second wave, we saw a strong rebound in digital apprenticeship.

TL Edtech

TL Edtech operates at the crossroads of education and employability, with a primary focus on repairing, preparing, and upgrading skills. TeamLease Edtech (TL Edtech) is India's leading provider of learning solutions.

TL Edtech collaborates with leading universities and corporations across the country to achieve its goal of 'Making India Employable.' It assists universities in launching, running, and managing their own online programmes, helps in improving the employability of their students through apprenticeship-linked skilling programmes, and corporations in upskilling and reskilling their workforce to improve productivity and build a talent supply chain.

Partnering for increasing employability

While pursuing its mission of Making India Employable, TeamLease EdTech launched a number of new initiatives during the year under review. We collaborated with a number of universities across the country to launch affordable online degrees. Degree Apprenticeship programmes were launched in collaboration with more than a dozen leading universities. Additionally, we collaborated with some of the Sector Skill Councils to develop a new degree curriculum that is more relevant to the needs of the employers.

We also partnered with hundreds of businesses to help them increase employee productivity and build long-

term talent supply chains. Across the country, we have trained over 5 lakhs people who are on their way to 'Being Employable'. For the rollout of our work programmes, we also partnered with AICTE through its NEET initiative.

Fulfilling talent requirements

In the current fiscal year, corporate students and universities revenues have driven the majority of Edtech's business growth. Despite a skill shortage, we focused on addressing supply side challenges by offering to hire, train, and deploy solutions in collaboration with our in-house TL Edtech business. To provide a seamless learning experience to all learners, TL EdTech offers a modular multi-modal classroom model of learning—Online, Onsite, On-job, and On-campus.

Our state-of-the-art solutions have assisted our customers in meeting their talent requirements on time. Our strong hiring capabilities, combined with our ability to hire, train, and deploy solutions across skill levels, particularly in new age skills such as digital skills, have increased our customers' trust in us to meet the increased talent demand.

Future outlook

In order to bring innovation and sustainability to Indian higher education, we will continue to partner with the country's largest universities and most promising employers as part of our mission to Make India Employable. It will aid in the promotion of better industry-academic connections, as well as the improvement of governance in institutions who have the ambition to grow but not the resources.

We will develop innovative solutions to drive down the cost of education while also improving graduate employability, which will help improve the Gross Enrollment Rate (GER) and create a large pool of employable and skilled resources for the industry. We are confident that this initiative will contribute significantly to the country's goal of becoming a \$5 trillion economy.

Our HR services and businesses have started to deliver on growth and profits and are expected to continue to deliver as we go forward. HR services, as a segment, has turned positive and it is expected to continue to contribute to the bottom line next year as well. A large part of HR services contribution is led by TeamLease's Edtech business. We are also making some investments additionally in the areas of HRTech where we have hired new leaders that will complement our teams for future growth.

We are also making some investments additionally in the areas of HRTech where we have hired new leaders that will complement our teams for future growth.

Regulatory Technology (RegTech)

TeamLease RegTech, India's leading B2B Regulatory Technology company, provides cutting edge multi-tenant SaaS solutions that offers transparent, accountable, and efficient compliance management solutions. We have made significant investments in the development of **'automation engines'** to enable the automatic generation of the compliance documents from our products. The launch of automation engines for labour and secretarial compliances has made us the **'only company in India'** offering such diversified product portfolio.

For the year under review, our overall Revenues and Recurring Revenues grew by over 50%, Revenue Per Customer (RPU) has increased by 41% and our operating losses have reduced by 48%. The business is geared up to generate investible surplus from the next Financial Year .

The RegTech business is actively advocating on the need for **'Rationalisation, Decriminalisation and Digitisation'** of Compliances in India. We have completed a EODB Project with Punjab State Government in consortium with GAME & CCS and have also published a **'Jailed for Doing Business'** report with ORF to highlight 26,134 criminal clauses in India's legal landscape.

Our overall Revenues and Recurring Revenues grew by over **50%**, Revenue Per Customer (RPU) has increased by **41%** and our operating losses have reduced by **48%**.

New product launches

Our 'automation engines' for **'labour & secretarial compliances'** offers a unique solution to Corporates and Professional Companies to digitise their respective functions and reduce the overall **'cost of compliance'**.

Currently, HRTech business is utilising the automation layer for labour compliance services offered to its customers. We have started offering the same to corporates directly on 'Self Service Mode'. Our secretarial compliance automation product has been offered to Practicing Company Secretaries (PCS) and we have on-boarded close to 2,000+ PCS firms in the current Financial Year on a 'free / paid' basis.

We have also launched products during the year under review, one focused on **NAAC accreditation** in collaboration with TeamLease Edtech that will enable colleges and universities to manage their NAAC accreditation process digitally and the other focussed on **direct and indirect tax litigations**.

RegTech Business will strengthen its sales capabilities to start monetising on these product launches in the next Financial Year.

Capitalising on demand

Our existing compliance product offered with integrated automation solutions will provide us an edge over all our competitors and help us deepen our market penetration among corporate clients (20,000 large corporates) as well as lay a foundation for the service provider market (200,000 companies). Additionally, there are over 55,000 colleges in India that need to undergo periodic accreditation requiring management of over 100+ parameters across many different departments and faculties. Currently there are a handful of digital products available in the market. We expect to generate a strong recurring revenue stream from these products.

Future outlook

Covid has accelerated digital trends across corporate India and service providers, which bodes well for our future prospects. Governance, risk, and compliance have grown more important for Boards and shareholders, and 'ease of doing business' has become a trend among various stakeholders. In the coming Financial Years, the adoption of such platforms will grow sharply.

Future strategy

RegTech business will continue to invest in automating more regulators to digitally transform corporations and service providers. We hope to become a thought leader and market leader in compliance automation space. To monetise our existing product portfolio, we will build a strong sales and marketing engine. We also plan to create a sales network to distribute digital products to CAs, CSs, lawyers and labour consultants.

Employee **SPEAK**

TeamLease is a wonderful company that has been a part of my life for almost 6 years. The staff is really helpful and courteous, and the Company has an outstanding work culture. We at TeamLease have a mutual trust and regard for one another, as well as a shared dedication to individual and corporate success. It is a great place to work, with a culture that encourages people to achieve more at every step.

- Subendu Gayen

I have been associated with TeamLease for almost 8-9 years. I can vouch that TeamLease is a good Company to be associated with and has prompt services at all levels. I am glad to be associated with such an organisation for such a long period. TeamLease is excellent in terms of policies and prompt responses. One can be happy to be part of this organisation.

- Sairi Kalal

For the past three years, I have had nothing except positive experiences with TeamLease. TeamLease offers great benefits in terms of insurance and timely remuneration. It is a fantastic place to work since it values and supports its people while also challenging them to advance within the organisation. I want to thank TeamLease for integrating me so smoothly into the organisation.

Human

CAPITAL

Our human capital is at the core of our existence. We strive to create an environment that supports our employees' growth and aspirations. Together with our innovative culture, our talented and dedicated workforce maximises stakeholder value.

Inclusiveness and diversity

Our dedication to equality, equal opportunity, inclusion, and diversity is part of our larger commitment to upholding fundamental human rights throughout our value chain. A highly skilled, diverse, and transformed workforce that is representative of society is critical to remaining competitive. We will continue to prioritise reskilling our workforce for a changing landscape.

Enabling accessibility and equality for all

We aim to attract, recruit, and retain a diverse set of employees. This not only facilitates underrepresented groups' labour-market integration, but also allows us to bring better perspectives, experience, and skill sets into our business in order to deliver better as a team. We actively promote hiring of women with a focus on retaining female employees.

We believe in establishing equity to reduce barriers and maximise our collective potential for success. We are committed to bias-free and fully inclusive recruitment, talent management and development, reward and recognition, and promotion processes. We will continue to invest time and resources in the best technology to create such a conducive environment.

Board diversity

Our merit-based, transparent, and inclusive culture ensures that women are fairly represented at all levels. We continually encourage women to advance their careers at all ladders of our organisation. Our women leaders make up 40% of our senior leadership, which is significantly higher than the current prevalence. We recognise and value the importance of a diverse Board of Directors that will help us sustain our competitive advantage in order to achieve our strategic and commercial objectives.

Employee engagement

The need for workplace flexibility is the most commonly mentioned and highly valued benefit in today's world, and we are striving to provide as much flexibility as possible while maintaining cohesion and teamwork. We aimed to keep the connection between teams, leaders, and the organisation alive even though people were working remotely. To ensure a high level of connectivity, we strengthened ourselves with 16 different initiatives.

We conduct monthly connect sessions with Department and Business Heads. Our employees are encouraged to speak up and share their ideas, suggestions, and recommendations. Our HR teams meet with employees on a regular basis to ensure that we can strengthen our good practices and act proactively where gaps need to be addressed. For new hires and senior leaders, we have CEO connect sessions to ensure smooth transitions and a culture of outcome-based performance.

Reward and recognition

We have a number of recognition and connect activities in place to ensure that our employees have access to the resources and information they need to succeed, and that their accomplishments are recognised and rewarded. Monthly, quarterly, and annual awards are also given out on a regular basis to recognise outstanding performance and adherence to our principles.

We aimed to **keep the connection between teams, leaders, and the organisation alive** even though people were working remotely. To ensure a **high level of connectivity**, we strengthened ourselves with 16 different initiatives.

Human Capital

Employee well-being

TeamLease has always prioritised the overall well-being of its employees. Our workforce's performance can only be sustained by focusing on their overall well-being and providing a more diverse range of competitive benefits. We are making concerted efforts to educate, structure, support, empower, and communicate well-being practices that are integrated into our daily work practises.

Our first responsibility as a staffing Company is to ensure a safe work environment. Our operating companies are expected to have a sophisticated health and safety structure in place and to adhere to all applicable local standards and regulations.

Promoting holistic well-being

We are convinced that valuing mental, physical, and cultural well-being is a cornerstone of an inclusive work environment. We actively provide an array of programmes and assistance for our employee needs. We continue to strengthen and develop our approach to promoting the well-being of all our employees at work.

Health and safety support during Covid

We ensured constant communication, awareness, and support on COVID protocols throughout the pandemic period to ensure a healthy and safe working environment at all locations. We also remodelled the cafeteria, washrooms, and office space with limited seating to allow for social distancing and compliance with COVID protocols. We also implemented facial biometrics in the office to allow for contactless employee logins.

We carry out four-month annual campaign focusing on four elements of holistic well-being and health (nutrition, physical, mental and financial). Through the campaign, we generate awareness on multiple aspects of these areas and provide opportunities to the employees to meet with experts and take inputs to create a personalised health and well-being plan.

Learning and development

We aim to provide a robust learning ecosystem that promotes a culture for continuous growth and development. Subsequently, we identify specific skill, behaviour and capability gaps at the beginning of each Financial Year. On the basis of results, we conduct specific training interventions including programmes, workshops and coaching for our employees.

We emphasise on employee efficiency across all levels and train all employees with right skills and capabilities in order to cater to the growing business and to achieve our imperatives and goals. We build capacity in all departments for preparing our employees for critical roles.

469

Training sessions conducted

Evaluation of training effectiveness

In order to assess the effectiveness of the training, we deploy several evaluation mechanisms and collect feedback from the participants after training. We carry out pre-manager evaluation where one week prior to the programme, we assess the baseline of key behaviours and skills of the participants that will be addressed through the programme. We also carry out post manager evaluation to check on the improvement of the identified skills and behaviours.

Future leadership

To develop future leaders for all departments and the organisation as a whole, we provide career growth opportunities to top talent. We identify high performers and high potentials who undergo 360 degree assessment and on the basis of the assessment, Individual Development Plans (IDPs) are drawn for grooming the top talent to become effective successors.

A critical area of focus for us has been to strengthen our leadership bench in order to ensure that we can develop our leaders from within. We also launched several initiatives to ensure that we are able to build leadership capability. To that end, we optimised job rotations to provide people with new and different learning opportunities. We launched the TL Professional Development Assistance to support higher education, as well as new leadership programmes to further augment the growth of our leaders.

As part of overall employee development and well being, at TeamLease we conduct the following:

1 We provide a robust and seamless induction to our employees so that they become equipped to render their roles and responsibilities. Based on business and role, we have a

customised functional induction plan that integrates all forms of learning (SME led, self learning, OJT and assessments).

2 We also invest methodically in developing managerial and leadership capabilities of our employees when they get into People Management roles. We have multi-layered flagship programmes to nurture various managerial and leadership capabilities.

3 For senior leaders of TeamLease, we have customised individual learning and development plans that focus on enhancing key skills / leadership areas through personalised learning plans and gaining exposure and development through stretched assignments, projects, and internal mentorship.

4 For specific employee development, we have specific interventions based on training needs identification exercise done to focus on improving performance gaps.

5 Considering Learning is one of TL principles, we have enabling people policies like TeamLease Professional Development Assistance programme that aims at providing financial aid to deserving employees to undergo further education / certification to enhance their professional capability.

Human rights

Respect for human rights is a fundamental value of TeamLease. We understand the impact it has on labour markets. As a result, we consider this issue to be crucially significant, and we operate in accordance with a number of international agreements and conventions. We strive to respect and promote human rights in accordance with the International Labour Organisation (ILO) declaration on Fundamental Principles and Rights at Work, the UN Universal Declaration of Human Rights, and the UN Guiding Principles on Business and Human Rights.

Respecting human and labour rights

We use due diligence to identify and prevent human rights risks to people in our business and value chain. We are committed to providing fair and equitable remediation where we have identified adverse human rights impacts resulting from or caused by our business activities. Through our relationships with third parties, we seek to promote access to remediation where we are involved. Our human rights policy is overseen by the Board of Directors, including the chief executive officer.

Intellectual

INTELLECTUAL CAPITAL

At TeamLease, innovation is key to creating value. The intellectual capital that we have nurtured since our inception, forms the core of our strategy and operational excellence. We aim to enhance and enrich our business portfolio by leveraging our intellectual capital to drive sustainable growth.

We are receiving new requirements as a result of the super-cycle of digitisation, and we are fully prepared to meet the increased demand. Hence we have invested in our talent and technology in order to be able to provide quick recruitment solutions.

We believe that technology will play a significant role in the hiring process, and we will continue to innovate our various platforms in order to increase productivity and volume delivery.

Leveraging technology as an intervention for hiring tech will drive down the cost of hiring and improve the fulfilment ratio.

Our hiring portal

Teamlease.com

Our hiring portal TeamLease.com is one-of-a-kind website service with fully automated end-to-end tools. It is essentially an entry-level, blue collar and working-class job portal that connects candidates and corporations.

Candidates and organisations can find the right fit for any location and role owing to our established pan-India presence, which includes tier-I, II, and III cities and towns. We provide services in six different languages, including Kannada, Hindi, Gujarati, Telugu, Tamil, Malayalam, Bengali, and Marathi, enabling non-English speakers to seek employment opportunities.

Offering seamless experience

Our goal is to provide users with a seamless experience by providing custom-made solutions on a user-friendly interface. We provide generic questions for generic profiles such as sales and support staff for assessment tests, as well as create customised assessment criteria for our customers. Offer letter rollout and on-boarding of the candidate can be carried out on the same platform once the assessment is completed.

Single platform for the entire journey

We provide employers with a single platform to manage the entire recruitment process, from shortlisting to on-boarding. Candidates can directly apply for jobs or post their CVs with their interests and work preferences on our portal, and employers can shortlist candidates right away. Employers can conduct assessment tests for shortlisted candidates after shortlisting via the same platforms.

Our entry-level hiring portal

Freshersworld.com

Our leading entry-level hiring job portal, Freshersworld.com, offers comprehensive solutions — from recruitment to branding. Our website and mobile app are easy to use and simple to navigate, with multiple filters and options such as sorting by colleges, branch, year of graduation, and percentage, as well as a hyper-local candidate search option by job role. Hiring teams can use our exclusive recruiter dashboard, which gives them instant access to over 300,000 profiles with 70% unique data compared to other major job boards. Another important feature of the portal is the variety of placement opportunities for fresh graduates across India, both on-campus and off-campus.

End-to end service

We also run brand awareness and visibility programmes for our employer base, providing them with first-hand information about placement season and college activities, connecting them with a diverse range of campuses across India, and enhancing their visibility.

Catering to every need

We have also developed an online and offline assessment engine to assess a candidate's employability quotient, aptitude, and other technical aspects. We have a panel of experts that prepares questions for our reliable and secure online assessment test platforms.

Our apprenticeship portal

www.apprentices.in

We have a web portal for digital apprenticeship that connects employers and apprenticeship seekers. We collaborate closely with the India Apprenticeship Forum, a non-profit organisation that actively promotes apprenticeships in the country.

Apprentices.in is a platform where the Indian youth can find suitable apprenticeship embedded programs that will help the candidates to choose the right career pathway by earning a graduate degree and at the same time earning income through apprenticeships. The primary objective of the platform is to provide apprenticeship embedded degree programs to candidates who aspire to build a successful career that is suitable for the skills that they have

or they would acquire through the program.

It has emerged as the largest degree-linked apprenticeship programme operating under the New Education Policy 2020, with provisions for certificate, diploma, advanced diploma, and degree courses in collaboration with various universities, over the last seven years. Our portal offers multimodal learning platforms (on-the-job, online, on-site, and on-campus) and is governed by regulatory frameworks such as the Apprentices Act and NEEM.

Employers along with the universities can be mapped together to create apprentice-embedded learning opportunities on the platform for the candidates. Thus, employers can find apprentices required for their organization, and the universities can publish courses on the portal and provide degrees to the candidates. This enables the candidate to earn a degree while working and earning. The experience the candidate will receive through the program will in turn help him build his career path on the right track.

Digital workforce management

Digital Workforce Solutions (DWS) is an integrated platform that enables teams to effectively adapt, evolve, and scale. We designed a system that ensures people finish core operations faster and focus more on strategy after conducting extensive research on the most common challenges in workforce management. They can turn data into smarter decisions and create experiences that employees will value with effective and intelligent insights.

DWS has a wide range of offerings that can be precisely tailored to match the actual business problems, ranging from general and tactical solutions like time and attendance management and expense management to hyper-specialised ones like sales and field force management and lead and order management.

In addition, TL Edtech collaborates with Digital Apprenticeship and our staffing businesses to provide credit and degree-linked blended learning outcomes to 50 employers. Lurningo (adaptable LMS) for universities, Lurningo for Teams (for corporate clients), WorkX (apprenticeship linked programmes), Optara (virtual employment exchange), and Qurio are among the platforms offered by the company (AI-enabled remote proctored online assessments). Our Lurningo platform has been upgraded to include features such as augmented reality and a simulator for industrial training, multi-university integration, social learning, and an improved LMS for tracking.

We collaborate closely with the India Apprenticeship Forum, a non-profit organisation that actively promotes apprenticeships in the country.

Social and Relationship

CAPITAL

Since we are modelled as a social enterprise rather than a traditional commercial establishment, social responsibility is ingrained in our DNA.

We strive to create a sustainable future by building a resilient society. We have invested in sustainable activities that are based on community programmes. We work on projects that are long-term and have the potential to change people's lives for the better.

Extending our Code of Conduct to third parties

Our Code of Conduct and policies govern how we conduct ourselves in professional relationships with customers, partners, competitors, vendors, government regulators, shareholders, co-workers, and the general public. Our long-standing Code defines our core values and establishes our expectations for how we do business. This code applies to our executive officers, directors, and employees, and we expect all third parties, with whom we do business, including consultants, contractors, and other service providers, to follow it.

Investor relations

We communicate with investors and analysts on a regular basis to raise awareness and understanding of the Company as an investment opportunity.

Uplifting human rights in our communities

We are cognisant of the fact that we are a part of the communities in which we operate. Our goal is to aid in the advancement of human rights in the communities where we work. We work on issues such as land rights, water access, and health. We also work with residents in those communities, including indigenous people and other marginalised groups. Our goal is to ensure that we are listening to, learning from, and considering their perspectives through dialogue. Local issues, we believe, are best addressed at the grassroots level. On human rights issues related to our business, we work with a wide range of civil society and stakeholders as needed.

Our long-standing Code defines our core values and **establishes our expectations** for how we do business.

Upskilling the youth of India

We embrace responsibility for developing talent and supporting people in finding rewarding jobs and remaining relevant in the ever-changing workplace. To meet this obligation, we encourage our clients to nurture all talent, including those who require additional assistance in entering the labour market. We also assist young talent in reskilling and upskilling, allowing them to better navigate the rapidly changing labour market.

Policy advocacy

TeamLease aims to make a positive contribution to the community by focusing on improving education and skill development. As a result, we have been actively engaging with the Ministry of Labour and Employment (MOLE) for the last eight years to implement four labour codes which have been passed by both the Houses of Parliament. Our active advocacy with MOLE and the government has paved the way for radical amendment and modification of the Apprenticeship Act. This has led to employability and employment generation. We also work with MSDE, MOE, MOF, NSDC, SSCS as well as various state authorities for various initiatives.

Increasing employability

Recognising skills and providing appropriate resource access are critical in assisting youth in navigating their way to sustained employment. We have worked towards transforming CBSE's board exams towards competency-based assessment systems while contributing to economic research in India regarding employability. We have provided computer desktops to students in Gujarat and Madhya Pradesh and arranged industrial printers for educational facilities.

Contributing towards employment generation

Improving youth labour participation necessitates a thorough understanding of local labour market and employment issues. The recipe for success in combating youth unemployment will be effective collaboration between the private employment industry and various public partners.

We have advised MOLE to link stipend pay-out with minimum wages in the initial Apprenticeship Act. We have also advocated for salary restructuring leading to more in-hand salary which, in turn, contributes to formal employment generation.

Our national licensing for contract labour is in line with ILO 181 convention designed for private employment. We even came out with a seminal study capturing the complexity of compliances. Based on our study, there was a reduction of 15,000 compliances and advocacy.

Natural

CAPITAL

Environmental stewardship is integral to our purpose as an organisation. We respect the human need for sustainable water supplies, safe drinking water, and protection of both ecosystems and communities through proper sanitation.

Our environmental stewardship

We are committed to playing our part in safeguarding the planet for future generations. Our environmental stewardship initiatives aim to produce benefits for the environment and people.

Reducing resource consumption

We seek to avoid and minimise the adverse impacts of our operations on the environment while promoting opportunities to conserve and enhance resources in the areas of our operations. Our innovative approach, combined with the agility of our solutions, allows us to come up with new ways to mobilise

loyal and expert workforces exactly when our clients need them, reducing resource consumption and increasing efficiency. Based on our industry and footprint, we continue to concentrate our efforts on areas where we see the greatest reduction potential.

Our sustainable initiatives

We are working towards providing sustainable offices and taking a responsible approach to business travel. To limit the use of fossil fuels, we constantly seek to increase the use of alternative, efficient, and natural

energy resources. For example, we have replaced traditional lighting with LED lighting in our buildings. We also strive to reduce water and paper usage in our office workspace.

“RESOLVED THAT pursuant to the provisions of Section 152 read with Schedule IV and other applicable provisions, if any, of the Companies Act, 2013, the approval of the Members of the Company be and is hereby accorded for the re-appointment of Mr. Ashok Reddy (DIN: 00151814), as Director of the Company, to the extent that he is required to retire by rotation.”

ITEM NO.5

To re-appoint M/s. S.R. Batliboi & Associates LLP, as Statutory Auditors of the Company and to fix their remuneration.

Statutory Requirement:

The law related to appointment and rotation of Auditors is covered by Section 139(1) of the Companies Act, 2013 which provides that; subject to the provisions of this Chapter, every company shall, at the first annual general meeting, appoint an individual or a firm as an auditor who shall hold office from the conclusion of that meeting till the conclusion of its sixth annual general meeting and thereafter till the conclusion of every sixth meeting and the manner and procedure of selection of Auditors by the members of the company at such meeting shall be such as may be prescribed.

No listed company or a company belonging to such class or classes of companies as may be prescribed, shall appoint or re-appoint—

- an individual as auditor for more than one term of five consecutive years; and
- an audit firm as auditor for more than two terms of five consecutive years:

Proposal:

The Board proposes to re-appoint M/s. S.R. Batliboi & Associates LLP, for the second and final term of five years. Members are requested to consider and if thought fit, to pass the following resolution, as an Ordinary Resolution:

“RESOLVED THAT pursuant to Section 139, 142 and all other applicable provisions, if any, of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, (including any statutory modification(s) or re-enactment thereof) and pursuant to the recommendations of the Audit Committee and the Board of Directors of the Company, M/s. S.R. Batliboi & Associates LLP, Chartered Accountants, (FRN: 101049W/E300004) be and are hereby re-appointed as the Statutory Auditors of the Company for a second term of five consecutive years, who shall hold office from the conclusion of this 22nd Annual General Meeting till the conclusion of the 27th Annual General Meeting to be held in the year 2027 on such remuneration plus applicable taxes and out of pocket expenses and remuneration for other certifications as may be mutually decided by the Board of Directors in consultation with the Statutory Auditors of the Company based on recommendation of the Audit Committee.”

B. SPECIAL BUSINESSES:**ITEM NO. 6**

Notes:

1. Considering the COVID-19 pandemic and in compliance with the provisions of the Ministry of Corporate Affairs ("MCA") General Circular No. 20/2020 dated May 05, 2020 read together with MCA General Circular Nos. 02/2021, 19/2021, 21/2021 and 02/2022 dated January 13, 2021, December 08, 2021, December 14, 2021 and May 05, 2022 respectively, and Securities and Exchange Board of India ("SEBI") Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 and SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 and SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 13, 2022 (hereinafter collectively referred to as "the Circulars"), the Company will be conducting this Annual General Meeting ("AGM" or "Meeting") through Video Conferencing/Other Audio Visual Means ("VC" / "OAVM") without the physical presence of stakeholders at a common venue.

KFin Technologies Limited, Registrar & Transfer Agent of the Company, (Formerly known as KFin Technologies Private Limited ("KFinTech")) shall be providing facility for voting through remote E-Voting, for participation in the AGM through VC/ OAVM facility and E-Voting during the AGM. The procedure for participating in the meeting through VC/OAVM is explained at Note No. 25 below.

2. In view of the massive outbreak of the COVID-19 pandemic, social distancing has to be a pre-requisite. Pursuant to the above mentioned MCA Circulars, physical attendance of the Members is not required at the AGM and attendance of the Members through VC/ OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
3. Pursuant to the provisions of the Companies Act, 2013, a Member entitled to attend and vote at the AGM is entitled to appoint a Proxy to attend and vote on his/her behalf and the Proxy need not be a Member of the Company. Since this AGM is being held through VC/OAVM pursuant to the applicable MCA and SEBI Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of Proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. Corporate/Institutional Members are entitled to appoint authorised representatives to attend the AGM through VC/ OAVM on their behalf and cast their votes through remote E-Voting or at the AGM. Corporate/Institutional Members intending to authorize their representatives to participate and vote at the AGM are requested to send a certified copy of the Board Resolution / Authorization Letter to the Company at e-mail ID corporateaffairs@teamlease.com with a copy marked to <https://evoting.kfintech.com/> authorizing its representative(s) to attend and vote through VC/OAVM on their behalf at the Meeting, pursuant to Section 113 of the Act.
5. Members of the Company under the category of Institutional Shareholders are encouraged to attend and participate in the AGM and vote thereat.

6. In compliance with applicable provisions of the Companies Act, 2013 and SEBI LODR Regulations, 2015 read with above mentioned MCA and SEBI Circulars, the AGM of the Company is being conducted through VC/OAVM.
7. In accordance with the Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India ("ICSI") read with Clarification/ Guidance on applicability of Secretarial Standards 1 and 2 dated April 15, 2020 issued by the ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company which shall be the deemed venue of the AGM. Since the AGM will be held through VC/OAVM, the Route Map is not annexed to this Notice.
8. The Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013, which sets out details relating to Special Businesses at the AGM, is annexed hereto.

In terms of the provisions of Section 152 of the Act, Mr. Ashok Reddy, Director, retires by rotation at the Meeting. The Nomination and Remuneration Committee and the Board of Directors of the Company recommend his re-appointment.

Mr. Ashok Reddy is interested in the Ordinary Business set out at Item No. 4 of the Notice with regard to his re-appointment. Save and except the above, none of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the Ordinary Business set out under Item Nos. 1 to 5 of the Notice. Details of Directors retiring by rotation / seeking appointment/re-appointment at this Meeting are provided in the "Annexures" to the Notice.

9. In case of Joint Holders attending the AGM, only such Joint Holder who is named first in the order of names will be entitled to vote.
10. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of Companies Act, 2013 and Register of Contracts or Arrangements in which Directors are interested maintained under Section 189 of the Companies Act, 2013 and relevant documents referred to in this Notice of AGM and Explanatory Statement, will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e., September 16, 2022. Members seeking to inspect such documents can send an email to corporateaffairs@teamlease.com.
11. All the documents referred to in the Notice and Explanatory Statement shall be open for inspection at the Registered Office of the Company on all working days during business hours up to the date of the AGM.
12. Notice is sent to all the Shareholders (electronic copy), whose names appear in the Register of Shareholders as on Friday, August 05, 2022. The Notice of the AGM is also hosted on the website of the Company i.e., <https://group.teamlease.com/investors/>.

13. Shareholders holding shares in electronic form are advised to inform the particulars of their bank account, change of address and email ID to their respective depository participants with whom they are maintaining their demat accounts. Shareholders holding shares in physical form are advised to inform the particulars of their bank account, change of address and email ID to the Company or Registrar and Share Transfer Agents, KFin Technologies Limited (Formerly known as KFin Technologies Private Limited) (KFintech), Selenium Tower B, Plot no. 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad 500 032.
14. Shareholders holding shares in electronic (Demat) form or in physical mode are requested to quote their DP ID & Client ID or Folio details respectively in all correspondences, to KFintech. Shareholders holding shares in physical form are requested to approach their DP for dematerialization of their shares as per SEBI notification dated June 08, 2018 which mandates the transfer of securities to be in dematerialized form only, with effect from December 05, 2018. As per Regulation 40 of the Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialised form with effect from April 01, 2019, except in case of transmission or transposition of securities. In view of the above and to eliminate risk associated with physical shares and to avail various benefits of dematerialisation, Members are advised to dematerialise their shares held in physical form.
15. The Securities and Exchange Board of India (SEBI) has mandated the submission of the Permanent Account Number (PAN) by every participant in the securities market. Shareholders holding shares in electronic form are therefore, requested to submit their PAN to their Depository Participant(s). Shareholders holding shares in physical form are required to submit their PAN details to KFintech.
16. Shareholders holding shares in single name in physical mode are advised to make nomination in respect of their shareholding in the Company. Shareholders holding shares in electronic mode may contact their respective depository participants for availing the nomination facility. Members can avail the facility of nomination in respect of shares held by them in physical form pursuant to the provisions of Section 72 of the Act. Members desiring to avail this facility may send their nomination in the prescribed Form No. SH-13 duly filled in to KFintech at the above mentioned address.
17. Shareholders who hold shares in physical mode in multiple folios in identical names or joint holding in the same order of names are requested to send the share certificates to KFintech, for consolidation into a single folio.
18. Mr. Mukesh Siroya, Practicing Company Secretary, Mumbai, has been appointed as the Scrutiniser to scrutinise the E-Voting process in a fair and transparent manner. In case of any failure/inability to scrutinize the E-Voting process by Mr. Mukesh Siroya, Ms. Bhavyata Acharya (Membership No. A25734; CoP No. 21758),

Practicing Company Secretary, shall be the alternate Scrutinizer to him.

The Scrutiniser will, after the conclusion of E-Voting at the Meeting, scrutinise the votes cast at the Meeting and votes cast through remote E-Voting, make a consolidated Scrutiniser's Report and submit the same to the Chairman. Subject to receipt of requisite number of votes, the Resolutions proposed in the Notice shall be deemed to be passed on the date of the Meeting, i.e., Friday, September 16, 2022.

19. For ease of conduct of AGM, members who wish to ask questions/express their views on the items of the businesses to be transacted at the meeting are requested to write to the Company's investor email ID corporateaffairs@teamlease.com, at least 48 hours before the time fixed for the AGM i.e., by 03:00 P.M. IST on September 14, 2022, mentioning their name, demat account no./folio number, email ID, mobile number etc. The queries may be raised precisely and in brief to enable the Company to answer the same suitably depending on the availability of time at the AGM. Alternatively, Members holding shares as on the E-Voting cut-off date i.e., Friday, September 09, 2022, may also visit <https://emeetings.kfintech.com> and click on the tab "Post Your Queries" and post their queries/views/questions in the window provided, by mentioning their name, demat account number/folio number, email ID and mobile number.

The window shall be closed 48 hours before the time fixed for the AGM at 03:00 P.M. IST on September 14, 2022. The Company will, at the AGM, endeavour to address the queries received till 03:00 P.M. IST on September 14, 2022 from those Members who have sent queries from their registered email IDs.

Please note that Members' questions will be answered only if they continue to hold shares as on the cut-off date. Members of the Company, holding shares as on the cut-off date i.e., Friday, September 09, 2022 and who would like to speak or express their views or ask questions during the AGM may register themselves as speakers by visiting <https://emeetings.kfintech.com> and clicking on "Speaker Registration" during the period from Monday, September 12, 2022 (09:00 A.M. IST) upto Wednesday, September 14, 2022 (03:00 P.M. IST).

Those Members who have registered themselves as a speaker will only be allowed to speak/express their views/ask questions during the AGM. The Company reserves the right to restrict the number of speakers depending on the availability of time at the AGM.

Members will be allowed to attend the AGM through VC / OAVM on first come, first served basis. The facility of participation at the AGM through VC/OAVM will be made available to at least 1,000 Members on a first come first served basis as per the MCA Circulars. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

20. Non-Resident Indian Shareholders are requested to inform KFintech / respective depository participants, immediately of:
- Change in their residential status on return to India for permanent settlement.
 - Particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier.

The Company will not be dispatching physical copies of Annual Report and Notice of AGM to any Member. Members are requested to register/update their email addresses, in respect of electronic holdings with the Depository through the concerned Depository Participants and in respect of physical holdings with KFintech by following due procedure.

Shareholders may note that Twenty Second (22nd) AGM Notice, Annual Report 2022 and E-Voting instructions are also available on the Company's website i.e., <https://group.teamlease.com/investors/> and website of the Stock Exchanges where the shares of the Company are listed i.e., BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of KFintech at <https://evoting.kfintech.com/>.

21. In compliance with the provisions of Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time and Regulation 44 of the SEBI LODR Regulations, 2015 and Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, the Company is pleased to provide its Shareholders the facility to exercise their right to vote on resolutions proposed to be considered at the Twenty Second (22nd) AGM by electronic means and the business may be transacted through E-Voting services. The facility of casting the votes by the Shareholders using an electronic voting system from a place other than venue of the AGM ("remote E-Voting") will be provided by KFintech.
22. The voting through electronic means is scheduled as below:

The Company has fixed Friday, September 09, 2022, as Cut-off date for determining the Shareholders eligible for voting, through electronic means as well as during the AGM.

Commencement of remote E-Voting	Tuesday, September 13, 2022 (09:00 A.M. IST)
End of remote E-Voting	Thursday, September 15, 2022 (05:00 P.M. IST)

Voting rights of a member / beneficial owner (in case of electronic shareholding) shall be in proportion to his share in the paid-up equity share capital of the Company as on the cut-off date, i.e., Friday, September 09, 2022.

23. In accordance with MCA and SEBI Circulars, in view of the prevailing situation and owing to the difficulties

involved in dispatching physical copies of the Annual Report 2022 and the Notice of the Twenty Second (22nd) AGM are being sent by electronic mode only to Shareholders whose email ID are registered with the Company/ Depository Participant(s) for communication purpose.

The members who have cast their vote(s) by remote E-Voting may also attend the Meeting but shall not be entitled to cast their vote(s) again at the Meeting. Once the vote on a resolution is cast by a member, whether partially or otherwise, the member shall not be allowed to change it subsequently or cast the vote again. A member can opt for only single mode of voting per EVEN, i.e., through remote E-Voting or voting at the Meeting (Insta Poll). If a member casts vote(s) by both modes, then voting done through remote E-Voting shall prevail and vote(s) cast at the Meeting shall be treated as "INVALID".

A person who is not a member as on the cut-off date, should treat the Notice for information purpose only.

24. The relevant details as required under Regulation 26 (4) & 36 (3) of SEBI LODR Regulations, 2015 and Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, for Item Nos. 4, 6 and 7 of the Notice are mentioned in Annexure 1, 2, and 3 of this AGM Notice.

25. INSTRUCTIONS FOR MEMBERS ATTENDING THE AGM THROUGH VC/OAVM ARE AS UNDER:

- ATTENDING THE AGM: Members will be provided with a facility to attend the AGM through video conferencing platform provided by KFintech. Members are requested to login at <https://emeetings.kfintech.com> and click on the "Video Conference" tab to join the Meeting by using the remote E-Voting credentials.
- Please note that Members who do not have the remote E-Voting credentials like User ID and Password for E-Voting or have forgotten the User ID and Password may retrieve the same by following the instructions provided in E-Voting Instructions forming part of this AGM Notice.

PROCEDURE FOR REMOTE E-VOTING

- A. In compliance with the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and the provisions of Regulation 44 of the Listing Regulations, Members are provided with the facility to cast their vote electronically, through the E-Voting services provided by KFintech on all resolutions set forth in this Notice, through remote E-Voting.

Members are requested to note that the Company is providing facility for remote E-Voting and the business may be transacted through electronic voting system. It is hereby clarified that it is not mandatory for a Member to vote using the remote E-Voting facility. A Member may avail of the facility at his/her/its discretion, as per the instructions provided herein:

Instructions:

- a. Member will receive an e-mail from KFintech [for Members whose e-mail IDs are registered with the Company/Depository Participant(s)] which includes details of E-Voting Event Number ("EVEN"), USER ID and password:

- (i) Launch internet browser by typing the URL: <https://evoting.kfintech.com/>
- (ii) Enter the login credentials (i.e., User ID and password). In case of physical folio, User ID will be EVEN followed by folio number. In case of Demat account, User ID will be your DP ID and Client ID.

However, if you are already registered with KFintech for E-Voting, you can login by using your existing User ID and password for casting your vote.

- (iii) After entering these details appropriately, click on "LOGIN".
- (iv) You will now reach password change Menu wherein you are required to mandatorily change your password. The new password shall comprise of minimum 8 characters with at least one upper case (A-Z), one lower case (a-z), one numeric value (0-9) and a special character (@,#,\$, etc.). The system will prompt you to change your password and update your contact details like mobile number, email ID etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you forget it. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.
- (v) You need to login again with the new credentials.
- (vi) On successful login, the system will prompt you to select the "EVENT" i.e., TeamLease Services Limited.

- (vii) On the voting page, enter the number of shares (which represents the number of votes) as on the cut-off date under "FOR/AGAINST" or alternatively, you may partially enter any number in "FOR" and partially "AGAINST" but the total number in "FOR/ AGAINST" taken together shall not exceed your total shareholding as on the cut-off date. You may also choose the option ABSTAIN. If the Member does not indicate either "FOR" or "AGAINST" it will be treated as "ABSTAIN" and the shares held will not be counted under either head.

- (viii) Voting has to be done for each item of the notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as abstained.

- (ix) Members holding multiple folios/ demat accounts shall vote separately for each folio/ demat account.

- (x) You may then cast your vote by selecting an appropriate option and click on "Submit".

- (xi) A confirmation box will be displayed. Click "OK" to confirm else "CANCEL" to modify. Once you have voted on the resolution(s), you will not be allowed to modify your vote.

- (xii) Corporate/Institutional Members (i.e., other than Individuals, HUF, NRI etc.) are required to send scanned certified true copy (PDF Format) of the Board Resolution/Authority Letter etc., duly authorising their authorized representative(s) to attend the AGM on its behalf and to vote through remote E-Voting to the Company at the e-mail ID corporateaffairs@teamlease.com with a copy marked to <https://evoting.kfintech.com/> and it should reach the Company by email not later than Thursday, September 15, 2022 (05:00 P.M. IST). In case if the authorized representative attends the Meeting, the above mentioned documents shall be submitted before the commencement of AGM.

TEAMLEASE SERVICES LIMITED

- b. In case e-mail ID of a Member is not registered with the Company/ Depository Participant(s), then such Member is requested to register/update their e-mail addresses with the Depository Participant (in case of Shares held in dematerialised form) and inform KFintech at the email ID <https://evoting.kfintech.com/> (in case of Shares held in physical form):

- (i) Upon registration, Member will receive an e-mail from KFintech which includes details of E-Voting Event Number (EVEN), USER ID and password.
- (ii) Please follow all steps from Note. No. A (a) (i) to (xii) above to cast your vote by electronic means.

B. OTHER INSTRUCTIONS:

- a. In case of any query and/or grievance, in respect of voting by electronic means, Members may refer to the Help & Frequently Asked Questions (FAQs) and E-voting user manual available at the download section of <https://evoting.kfintech.com/> or contact at corporateaffairs@teamlease.com, or Ms. Rajitha Cholleti / Mr. Premkumar Nair - Corporate Registry at KFintech, Selenium, Tower B, Plot No. 31- 32, Gachibowli, Financial District, Nanakramguda, Hyderabad, Telangana – 500 032 or at the email ID evoting@kfintech.com or call KFintech's toll free No.:1- 800-309-4001 for any further clarifications.
- b. You can also update your mobile number and e-mail ID in the user profile details of the folio which may be used for sending future communication(s).
- c. The remote E-Voting period commences on Tuesday, September 13, 2022 (09:00 A.M. IST) and ends on Thursday, September 15, 2022 (05:00 P.M. IST). During this period, Members of the Company, holding shares either in physical form or in dematerialised form, as on the cut-off date Friday, September 09, 2022 may cast their votes electronically. The remote E-Voting module shall be disabled for voting thereafter. Once the vote on a resolution(s) is cast by the Member, the Member shall not be allowed to change it subsequently.

A person who is not a Member as on the cut-off date should treat this Notice for information purposes only.

- d. The voting rights of Members shall be in proportion to their share in the paid-up equity share capital of the Company as on Friday, September 09, 2022, being the cut-off date. Members are eligible to cast vote only if they are holding shares as on that date.
- e. In case a person has become a Member of the Company after dispatch of AGM Notice but on or before the cut-off date for E-Voting, i.e., Friday, September 09, 2022, he/she/it may obtain the User ID and Password in the manner as mentioned below:

Number of Associate Employees as on the date of closure of Financial Year of the Company was ~285,230 (including the NETAP Trainees of 81,110) as against the previous year Associate employees of ~228,150 (including the NETAP Trainees of 61,086).

Your Directors express their satisfaction on the overall financial performance and the progress made on different areas by the Company during the year under review.

From a business continuity purpose and in preparation for the future, cash flow availability and costs are key focus areas under the present circumstances. The Company is closely watching market conditions as the lockdown unfolds and evaluating all projects in pipeline and will pace them in line with market conditions. The revised timelines for the development plan will need to be re-assessed as the situation unfolds.

The Management, based on its assessment of the situation, has internally revised its business forecasts for the near term and assessed the cash flow required. The cash on books, the sanctioned lines of credit and the operating cash flows as per the forecast appear to

be reasonably adequate to meet the debt servicing obligations and minimal capital spends in respect of the development pipeline for the year.

A comprehensive re-negotiation exercise is under way with our vendors and service providers; initial outcome of these discussions has been favourable.

The Company has the policy on the employment diversity which states the equal opportunity to everyone without any discrimination of gender, region, caste or religion.

5. Global Pandemic - COVID-19 - Overview of the Economy & Impact

The outbreak of Coronavirus (COVID-19) pandemic globally and in India had caused significant disturbance and slowdown of economic activity. In many countries, businesses were being forced to cease or limit their operations for long or indefinite periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing and closures of non-essential services had triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. COVID-19 is significantly impacting business operations of the companies, by way of interruption in supply chain disruption, unavailability of personnel, closure / lockdown of facilities etc.

From the last month of FY 2020, the COVID-19 pandemic developed rapidly into a global crisis, forcing governments to enforce lock-downs of all economic activity. For the Company, the focus had immediately shifted to ensuring the health and well-being of all employees, and on minimizing disruption to services for all our customers. From a highly centralized model consisting of work spaces set in physical locations capable of accommodating thousands of employees, the switch to work from home for employees all over, extending all the elements of the Company's working model, was carried out seamlessly. As of March 31, 2020, work from home was enabled to close to 90 percent of the employees to work remotely and securely. This response had reinforced customer confidence in TeamLease and many of them had expressed their appreciation and gratitude for keeping their businesses running under most challenging conditions. TeamLease's working model ensures high quality and delivery certainty that the customers expect while addressing the issues around project management practices and systems.

Although there were uncertainties due to the pandemic and reversal of the positive momentum gained in the last quarter of FY 2020, the strong inherent resilience of the business model, position the Company in a positive place, to navigate the challenges ahead and gain market. As on date of signing of this Annual Report, the Company has been participating in various engagements with the policy makers to recommend mitigation policies. Similarly, the Company is closely engaging with its operating partners and stakeholders to assess the consequent impact and recalibrate the manner in which business is conducted, going forward. With the lifting

of the lockdown restrictions, the Company had started re-opening its office spaces in the non-containment zones, after establishing thorough and well-rehearsed safety protocols. The Company is taking utmost care of its staff and work place like sanitization, social distancing, mandatory mask wearing, thermal check at the gate, maintaining proper hygiene and overhead control measures to smoothly manage our operations. With a clear focus on a road map for recovery, the business processes and arrangements are being suitably realigned that includes an increased focus on health and safety of our employees, partners, stakeholders and associates. During this period of lockdown, the Company had taken various steps towards rethinking the 'new normal' for the business and gearing our offerings for the post COVID-19 lockdown world.

Fiscal 2021 and 2022 has seen the health crisis deepen and the world's attention is focused on India's response to it. Companies, along with delivering business continuity for clients, must, with renewed vigor, ensure the well-being of their employees and the communities in which they operate.

During the year 60% of TeamLease employees were working from home. With a more virulent surge of the pandemic in India, TeamLease has ramped up its efforts significantly to mitigate the impact of the virus.

Employee wellbeing checks are conducted frequently. In the event of an unfortunate turn, TeamLease offers support to the grieving family, including financial support reimbursements for medical expenses, salary advance and leave. Employees who have contracted it are allowed 14 days of additional paid leave to recuperate.

Comprehending the importance of the role played by vaccines in our fight against the virus, we had encouraged employees and their family members to get vaccinated. TeamLease had also initiated vaccine drives for its employees and family members. 100 percent of our employees are vaccinated.

Our focus on our client commitments remained unwavering through this period, reflecting in the record number of large deals we secured even while working remotely.

As an organization, our external communication has had transition to the new virtual models as well. Events such as the Board Meetings, quarterly results, analyst meetings and the Annual General Meeting have all been executed successfully.

At TeamLease, even amid an unprecedented global crisis, we continue to balance success as a business with exemplary governance and responsiveness to the needs of all our stakeholders.

17. BOARD EVALUATION

One of the key functions of the Board is to monitor and review the Board evaluation framework. The Board works with the Nomination and Remuneration Committee to lay down the evaluation criteria for the performance of the Chairman, the Board, Board Committees and Executive / Non-Executive / Independent Directors.

In terms of the requirements of the Companies Act, 2013 and pursuant to the provisions of the Companies Act, 2013 and Regulation 19 of SEBI LODR Regulations, 2015, read with SEBI LODR Amendment Regulations, the Board carried out the Annual Performance Evaluation of all the Directors individually, Board Committees and the Board as a whole. During the year, Board Evaluation cycle was completed by the Company with support of an external agency. To maintain transparency and to promote good corporate governance, this year the evaluation process was automated and implemented with help of an external service provider "Fidem Smart Board - Potentia Group", (<https://potentia.in/>) who had partnered with TeamLease to facilitate the Board Evaluation process of the Company.

For facilitating the evaluation of performance, questionnaires were framed separately for the evaluation of Board, the Committees, the individual directors and the Chairperson. The questionnaires were circulated to the Board members via individual emails with user specific login credentials for all Board Members. On completion of Board Evaluation process, the Report and summary results of the filled-in questionnaires pertaining to the Board Evaluation for Financial Year 2021-22 was submitted to the Nomination and Remuneration Committee Chairman for his onward discussion with Board Members. The Evaluation process focused on various aspects of the functioning of the Board and Committees such as composition of the Board and Committees, experience and competencies, performance of specific duties and obligations, governance issues, etc. Separate exercise was carried out to evaluate the performance of individual Directors on parameters such as attendance, contribution and independent judgment. It is specifically informed that directors subject to evaluation did not participate in the own evaluation process.

The results of the evaluation were shared with the Board, Chairman of respective Committees and individual Directors. Based on the outcome of the Evaluation, the Board and Committees have agreed on an action to further improve the effectiveness and functioning of the Board and Committees. The Chairman of respective Board Committees also shared the results of evaluation with the respective Committee Members.

The Nomination and Remuneration Committee also formulated the additional criteria of independence and independent judgment for the assessment of the performance of Independent Directors along with other criteria such as qualification, experience relevant to the industry, knowledge & competency, fulfillment of functions, ability to function as a team, initiative, availability and attendance, commitment, contribution and integrity as required under the guidelines provided by SEBI in respect of Board Evaluation.

This evaluation was led by the Chairman of the Nomination and Remuneration Committee with specific focus on the performance and effective functioning of the Board. The Board evaluation framework has been designed in compliance with the requirements under the Companies Act, 2013 and SEBI LODR Regulations, 2015, and in consonance with Guidance Note on Board Evaluation issued by SEBI in January 2017. The Board evaluation was conducted through questionnaire having qualitative parameters and feedback based on ratings.

Evaluation of the Board

Evaluation of the Board was based on criteria such as composition and role of the Board, communication and relationships between the Board of Directors, functioning of Board Committees, review of performance and compensation to Executive Directors, succession planning, strategic planning, etc.

Evaluation of Directors

Evaluation of Directors was based on criteria such as participation and contribution in Board and Committee meetings, representation of shareholder interest and enhancing shareholder value, experience and expertise to provide feedback and guidance to top management on business strategy, governance and risk, understanding of the organization's strategy, risk and environment, etc.

Evaluation of Committees

Evaluation of Committees was based on criteria such as adequate independence of each Committee, frequency of meetings and time allocated for discussions at meetings, functioning of Board Committees and effectiveness of its advice/recommendation to the Board, etc.

Evaluation of the Independent Directors

The Performance Evaluation of the Independent Directors was carried out by the entire Board.

Some of the performance indicators, based on which the Independent Directors are evaluated include:

- The ability to contribute to and monitor our corporate governance practices.
- The ability to contribute by introducing international best practices to address business challenges and risks.
- Active participation in long-term strategic planning.
- Commitment to the fulfilment of a Director's obligations and fiduciary responsibilities; these include participation in Board and Committee meetings.
- Performance of the directors.
- Fulfillment of the independence criteria as specified in these regulations and their independence from the management.

Evaluation of the Chairman and Managing Director

The Performance Evaluation of the Chairman and Managing Director was carried out by the Independent Directors.

The evaluation process endorsed the Board Members' confidence in the ethical standards of the Company, the resilience of the Board and Management in navigating the Company during challenging times, cohesiveness amongst the Board Members, constructive relationship between the Board and the Management and the openness of the Management in sharing strategic information to enable the Board Members to discharge their responsibilities. It is specifically informed that directors subject to evaluation did not participate in the own evaluation process.

f. Internal Financial Control

The Company has laid down certain guidelines, processes and structures, which enable implementation of appropriate internal financial controls across the organization. Such internal financial controls encompasses policies and procedures adopted by the Company for ensuring the orderly and efficient conduct of business, including adherence to its policies, safeguarding of its assets, prevention and detection of frauds and errors, the accuracy and completeness of accounting records and the timely preparation of reliable financial information.

These include control processes both on manual and IT applications wherein the transactions are approved and recorded. Appropriate review and control mechanisms are built in place to ensure that such control systems are adequate and are operating effectively. Because of the inherent limitations of internal financial controls, including the possibility of collusion or improper management override of controls, material misstatements in financial reporting due to error or fraud may occur and not be detected.

Also, evaluations of the internal financial controls are subject to the risk that the internal financial control may become inadequate because of changes in conditions, or that the compliance with the policies or procedures may deteriorate. The Company has, in all material respects, an adequate internal financial controls system and such internal financial controls were operating effectively based on the internal control criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Control over Financial Reporting issued by the Institute of Chartered Accountants of India.

Your Company has an effective internal control and risk-mitigation system, which are constantly assessed and strengthened with new/revised standard operating procedures. The Company's internal control system is commensurate with its size, scale and complexities of its operations. The internal and operational audit is entrusted to Grant Thornton, our Internal Auditors.

The main thrust of internal audit is to test and review controls, appraisal of risks and business processes, besides benchmarking controls with best practices in the industry. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of the internal control systems and suggests improvements to strengthen the same. The Company has a robust Management Information System, which is an integral part of the control mechanism. The Audit Committee of the Board of Directors, Statutory Auditors and the Business Heads are periodically apprised of the internal audit findings and corrective actions taken. Audit plays a key role in providing assurance to the Board of Directors. Significant audit observations and corrective actions taken by the management are presented to the Audit Committee of the Board. To maintain its objectivity and independence, the Internal Audit function reports to the Chairperson of the Audit Committee.

Dividend Distribution Policy

Pursuant to Regulation 43A of SEBI LODR Regulations, 2015

The Dividend Distribution Policy (the Policy) establishes the principles to ascertain amounts that can be distributed to Equity Shareholders as dividend by the Company as well as enable the Company strike balance between pay-out and retained earnings, in order to address future needs of the Company.

The Policy as administered by the Audit Committee of the Board is verbatim reproduced herewith-

Commencement:

This Policy shall come into force for accounting periods beginning from April 01, 2019 and the policy is effective from the date of approval of the Board i.e., from January 29, 2019 onwards.

This policy is being adopted and published in compliance with SEBI LODR (Second Amendment) Regulations, 2016.

The Regulation further prescribed that, the Dividend Distribution Policy shall include the following parameters:

- a. the circumstances under which the Shareholders of the listed entities may or may not expect dividend;
- b. the financial parameters that shall be considered while declaring dividend;
- c. internal and external factors that shall be considered for declaration of dividend;
- d. policy as to how the retained earnings shall be utilized; and
- e. parameters that shall be adopted with regard to various classes of shares.

Provided that if the listed entity proposes to declare dividend on the basis of parameters in addition to clauses (a) to (e) or proposes to change such additional parameters or the dividend distribution policy contained in any of the parameters, it shall disclose such changes along with the rationale for the same in its Annual Report and on its Website.

Objective:

- a. This Policy is framed in accordance with the requirement under Regulation 43A of the SEBI LODR Regulations, 2015 (including any amendments thereof).
- b. The Company shall make appropriate disclosures as required under the SEBI LODR Regulations, 2015.

Definitions:

- a. "Board" means the Board of Directors of TeamLease Services Limited.
- b. "Company" means TeamLease Services Limited.
- c. "Policy" means this Policy, as amended from time to time.
- d. "Listing Regulations" means the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including any amendments thereof).
- e. "Financial Year" shall mean the period starting from 01st day of April and ending on 31st day of March every year.

Declaration of Dividend:

The declaration of dividend (including interim dividend) would be subject to compliance with the applicable provisions of the Companies Act, 2013, Rules and Listing Regulations made thereunder as amended from time to time.

Parameters for Dividend Payout:

a. The circumstances under which the Shareholders may or may not expect dividend:

The Company intends to offer maximum return on investment to the Shareholders keeping in mind the underlying growth and future of the Company. However, the Board may not consider to declare any dividend or declare a lower rate of dividend based on the following circumstances:

1. Prospective growth opportunities of the Company;
2. Threats/concerns of the Company;
3. Inadequacy or absence of profits; Capital
4. Higher working capital requirements for business operations of the Company.

b. Financial Parameters including Internal Factors that shall be considered while declaration of dividend:

The financial parameters which would be considered while declaration of dividend by the Board are as follows:

1. Profits of the Company;
2. Past dividend pattern;
3. Major capital expenditure to be incurred by the Company;
4. Cash flow requirements of the Company;

5. Debt-equity ratio of the Company;
 6. Cost of borrowing of the Company, keeping in view the growth opportunities;
 7. Debt obligations of the Company;
 8. Investments in new business;
 9. Provisioning for financial implications arising out of unforeseen events and/or contingencies;
 10. Reputation of the Company;
 11. Restrictions/covenants if any, contained in any lender agreements or any other arrangement or agreement entered into by the Company.
5. Declaration of dividend;
 6. Capitalisation of shares;
 7. Buy back of shares;
 8. General corporate purposes, including contingencies;
 9. Any other permitted usage as per the Companies Act, 2013.

e. Parameters adopted to various classes of shares:

At present the issued, subscribed and paid up capital of the Company comprises only of one class of share i.e., equity shares.

Procedure:

Final dividend is declared at the Annual General Meeting (AGM) of the Shareholders on the basis of recommendations of the Board. The Board may, at its discretion, also declare an interim dividend.

Other Salient Points:

Retained Earnings may be used for corporate actions in accordance with applicable laws and for investments towards growth of the business.

This Dividend Distribution Policy shall be applicable to equity shares.

Board Discretion:

The Board may recommend special dividend as and when it deems fit. The Board will review the Dividend Distribution Policy of the Company at regular intervals.

Amendments:

The Board shall have the power to amend any of the provisions of this Policy, substitute any of the provisions with a new provision or replace this Policy entirely with a new Policy in compliance with applicable Rules and Regulations framed thereof.

The Dividend Distribution Policy is also hosted on the website of the Company at <https://group.teamlease.com/investors/>.

c. External Factors that shall be considered while declaration of dividend:

Certain external factors could compel the Board of the Company to reflect on the dividend payout for any Financial Year of the Company. Some of the external factors affecting the Company's dividend payment are:

1. Regulatory requirements;
2. Economic environment;
3. Political/geographical situations;
4. Inflation rate;
5. Industry Outlook for future years.

d. Utilization of Retained Earnings:

The Company believes in cash retention for growth, expansion and diversification including acquisitions to be made by it, and also as a means to meet contingency requirements. The retained earnings of the Company may be used in any of the following ways:

1. expenditure for working capital;
2. Organic and/or inorganic growth;
3. Investment in new business(es);
4. Additional investment in existing business(es);

CORPORATE GOVERNANCE REPORT

Your Directors present the Company's Report on Corporate Governance for the year ended March 31, 2022, in terms of Regulation 34(3) read with Schedule V of the SEBI LODR Regulations, 2015

For years, TeamLease has promoted practices, standards and resources that benefit all Stakeholders, comprising customers, vendors, investors, regulators and employees at large.

Your Company is committed to the principles of 'Accountability', 'Transparency' and 'Fairness' in its dealing with Stakeholders. Accordingly, in the endeavor to take balanced care of Stakeholders, your Company adheres to good corporate governance practices in its business processes. The Company has a strong legacy of fair, transparent and ethical governance practices. The Company has adopted a Code of Conduct for its employees including the Managing Director and the Executive Directors. In addition, the Company's terms of appointment with Independent Directors suitably incorporate the duties of Independent Directors as laid down in the Companies Act, 2013. These Codes and terms of appointment are available on the Company's website and can be accessed at <https://group.teamlease.com/investors/>.

Corporate Governance is an ethically driven business process that is committed to values, aimed at enhancing an organization's wealth generating capacity. This is ensured by taking ethical business decisions and conducting business with a firm commitment to values, while meeting Stakeholders expectations. At TeamLease Services Limited (TeamLease/ the Company), it is imperative that our Company's affairs are managed in a fair and transparent manner. This is vital to gain and retain the trust of our Stakeholders. Achievement of excellence in good Corporate Governance practices requires continuous efforts and focus on its resources, strengths and strategies towards ensuring fairness and transparency in all its dealings with its Stakeholders including society at large. Corporate Governance has indeed assumed greater significance as the world has moved towards closer integration and free trade.

For ensuring sound Corporate Governance practices, the Government of India has put in place, a framework based on the stipulations contained under the Companies Act, SEBI Regulations, Accounting Standards, Secretarial Standards, etc. Global trends and some governance failures across the world drive the demand for a high quality of governance practices. Besides complying with the statutorily prescribed Corporate Governance practices, the Company has voluntarily adopted and evolved various practices of governance conforming to ethical and responsible standards

of business. Certain recommendations of the recent SEBI constituted Kotak Committee have also been adopted by the Company even before they are mandated. The amended norms are aimed to encourage Companies to 'adopt best practices on Corporate Governance'. The pillars of Corporate Governance of TeamLease are based on:

Accountability

For us, accountability is about holding ourselves firmly responsible for what we believe in and for delivering what we have promised. We ensure this by promoting a mind-set of end-to-end ownership throughout the organization. By means of openness and transparency, we consider ourselves accountable to the entire universe of Stakeholders including our clients, employees, Shareholders, vendors, government agencies, society, medical community, customers and business partners, and supply chain participants.

Transparency

For us, transparency is the key to healthy self-sustaining growth and promotes self-enforcing checks and balances. It also fosters deep and long standing trust among our Stakeholders. We strive to demonstrate the highest levels of transparency, over and above statutory requirements, through accurate and prompt disclosures.

Fairness

We practice fair play and integrity, in our transactions with all Stakeholders, both within and outside the organization. We conduct ourselves in the most equitable manner.

Competent Leadership and Management

We believe that dynamic, diverse and experienced Board with focus on excellence plays a pivotal role in organization's corporate governance aspirations. In view of this, we endeavour to maintain Board composition that brings healthy balance of skills, experience, independence, assurance, growth mind-set and deep knowledge of the sector.

Empowerment

The empowerment of leaders and employees is an important step in enabling high performance and developing leadership capability within the Company. They define a common vocabulary and approach for building leadership within the Company.

Our governance conforms to global standards through continuous evaluation and benchmarking. The broad tenets the Company follows are:

- Transparent procedures, practices and decisions based on adequate information.
- Compliance with all relevant laws in letter and spirit.
- High levels of disclosures to disseminate corporate, financial and operational information to all Stakeholders.
- Policies on tenure of Directors, Rotation of Auditors and a Code of Conduct for Directors and Senior Management.
- Constitution of various Committees such as Audit, Nomination and Remuneration, Risk Management, Corporate Social Responsibility, Stakeholders' Relationship etc.
- Complete and timely disclosure of relevant financial and operational information to enable the Board to play an effective role in guiding strategies.

A Report on Compliance with Corporate Governance principles as prescribed under SEBI LODR Regulations, 2015 is given below:

I. Company's Philosophy on Corporate Governance

Corporate Governance is an effective tool to bring integrity and transparency in terms of reporting so as to protect

the interest of all the Stakeholders of the Company. Keeping this in mind, the Companies Act, 2013, SEBI LODR Regulations, 2015 read with its Amendments have laid down provisions so as to ensure that the effective Corporate Governance is implemented by the Corporates, beyond the legal compliance. TeamLease is committed to bring in effective Corporate Governance so as to ensure a strong relationship with the Stakeholders by providing the truthful internal information on how the company is being run or managed. The Management/Board of Directors is considerate to adopt the system of effective communication on the disclosures that are essential for the Stakeholders through proper channels with utmost integrity and transparency. The Company has adopted the philosophy of Corporate Governance not only to satisfy the spirit of law, but also in the spirit of the letter of law.

TeamLease believes that good Corporate Governance emerges from the application of the best management practices and compliance with the law coupled with the highest standards of integrity, transparency, accountability and ethics in all business matters.

At TeamLease, we also consider it as our inherent responsibility to disclose timely and accurate information regarding our financials and performance as well as leadership and governance of the Company.

Corporate governance at TeamLease Services Limited is implemented through robust board governance processes, internal control systems and processes, and strong audit mechanisms. These are articulated through Company's Code of Business Conduct, Corporate Governance Guidelines and charters of various subcommittees of the Board and Company's Disclosure Policy. TeamLease Services Limited's corporate governance practices can be described through the following four layers:

- Governance by the Shareholders
- Governance by Board of Directors
- Governance by Committees of Board, and
- Governance through Management Process

II. Shareholders

The Companies Act, 2013 and SEBI LODR Regulations, 2015 prescribe the governance mechanism by Shareholders in terms of passing of ordinary and special resolutions, voting rights, participation in the corporate actions. Your Company follows a robust process to ensure that the Shareholders of the Company are well informed of Board decisions both on financial and non-financial information and adequate notice with a detailed explanation is sent to the Shareholders well in advance to obtain necessary approvals.

III. Board of Directors

In terms of the Corporate Governance policy, all statutory and other significant and material information are placed before the Board to enable it discharge its responsibility of strategic supervision of the Company as trustees to the Shareholders. The Board of Directors ('the

Board') is entrusted with the ultimate responsibility of the management, general affairs, direction and performance of the Company and has been vested with the requisite powers, authorities and duties.

All Board members are encouraged to meet and interact with the management. Board Members are invited to key meetings for strategic guidance and advice.

The Company's day to day affairs are managed by competent management team under the able supervision of the Board.

Although the Company has Non-Executive Chairman to preside the Board, the constitution of Board is such that not less than fifty percent of the Board comprises of Independent Directors. The Company has three Women Directors in its Board and hence Company has complied with the provisions of Section 149 of the Companies Act, 2013 and Regulation 17(1)(a) of the SEBI LODR Regulations, 2015. The Board believes that the current size is appropriate, based on the Company's present volume of operations and nature of business.

A. Roles, Responsibilities and Duties of the Board

The Board of Directors is the apex body constituted by Shareholders and is vested with the powers of governance, control, direction and management of affairs of the Company. The Board provides strategic direction and guidance to the Company, and has been steering the Company towards achieving its business objectives. Driven on the principles of ethics and accountability, the Board strives to work in best interest of the Company and its Stakeholders.

The duties of Board of Directors have been enumerated in SEBI LODR Regulations, 2015, Section 166 of the Companies Act, 2013 and Schedule IV of the said Act (Schedule IV is specifically for Independent Directors). There is a clear demarcation of responsibility and authority amongst the Board of Directors.

Governance Codes:

Code of Business Conduct & Ethics: The Company's Code of Business Conduct & Ethics requires Directors and Employees to act honestly, fairly, ethically and with integrity, conduct themselves in a professional, courteous and respectful manner. The Code is displayed on the Company's website at <https://group.teamlease.com/investors/>. The Policy was last updated on May 18, 2022.

Conflict of Interest: On a quarterly basis, each Director informs the Company about the Board and the Committee positions he occupies in other Companies including Chairmanships and notifies changes during the year. Members of the Board while discharging their duties avoid conflict of interest in the decision making process. The members of the Board restrict themselves from any decision and voting in transaction that they have concern or interest.

Code of Conduct for Insider Trading: The Company has adopted a Code of Conduct for Prevention of Insider Trading, 2015 in accordance with the requirements of Securities and Exchange Board of

India (Prohibition of Insider Trading) Regulations, 2015, as amended from time to time. The Company Secretary is the Compliance Officer for monitoring adherence to the said Regulations. The Code is displayed on the Company's website <https://group.teamlease.com/investors/>. The Policy was last updated on May 18, 2022.

B. Chairman

The Chairman acts as the leader of the Board and presides over the meetings of the Board and the Shareholders. The primary responsibility is to ensure that collectively Board is effective in its task of setting and implementing the Company's strategy. He oversees the conduct of the Board and ensures that it adheres to the statutory requirements and good governance practices in letter and spirit.

His role, inter alia, includes to:

- Provide leadership to the Board & preside over all Board & General Meetings.
- Achieve goals in accordance with Company's overall vision.
- Ensure that Board decisions are aligned with Company's strategic policy.
- Ensure to place all relevant matters before the Board and encourage healthy participation by all Directors to enable them to provide their expert guidance.
- Monitor the core management team.

C. Managing Director (MD)

The day to day management of the operations rest with the MD. He is responsible for the business performance, driving growth and implementation of strategic decisions taken at the Board level. As the MD of the Company, his priorities include articulating TeamLease Services Limited's long-term strategy based on organic & inorganic initiatives, defining innovation agenda for the Company, balancing growth imperatives with the margin and return on capital thresholds, executing Company's roadmap to maintain momentum across the markets in which it operates, augmenting the capabilities in operations and support functions, and building a strong talent focused organization ready to take on the challenges. The MD works under the supervision of the Board of Directors and is vested with the sufficient power of the management to undertake day to day affairs.

D. Non-Executive Directors including Independent Directors play a critical role in balancing the functioning of the Board by providing independent judgements on various issues raised in the Board meetings like formulation of business strategies, monitoring of performances, etc. Their role, inter- alia, includes to:

- Impart balance to the Board by providing independent judgement.
- Provide feedback on Company's strategy and performance.

- Provide effective feedback and recommendations for further improvements.

IV. Board Meetings

The Board meets at regular intervals to discuss and decide on business strategies/policies and review the financial performance of the Company and its subsidiaries. The Board Meetings are pre-scheduled and a tentative annual calendar of the Board Meeting is circulated to the Directors well in advance to facilitate them to plan their schedules accordingly. In case of business exigencies, the Board's approval is taken through Circular Resolutions. The Circular Resolutions are noted at the subsequent Board Meeting. Video conferencing facility is offered to facilitate Directors to participate in the Meetings of the Board and of Committees, as and when required.

A. Information Flow to the Board Members

Information is provided to the Board Members on a continuous basis for their review, inputs and approval from time to time. More specifically, we present our annual Strategic Plan and Operating Plans of our business to the Board for their review, inputs and approval. Likewise, our Quarterly Financial Statements and Annual Financial Statements are first presented to the Audit Committee and subsequently to the Board of Directors for their approval. In addition, specific cases of acquisitions, important managerial decisions, material positive/negative developments and statutory matters are presented to the respective Committees of the Board and later with the recommendation of Committees to the Board for their approval.

As a system, in most cases, information to Directors is submitted along with the agenda papers well in advance of the Board meeting. Inputs and feedback of Board Members are taken and considered while

preparation of agenda and documents for the Board meeting.

Detailed agenda is sent to each Director at least 7 days in advance of Board and Committee meetings. All material information is incorporated in the agenda along with supporting documents and relevant presentations. Where it is not practicable to attach any document to the agenda, the same is tabled at the meeting with specific reference to this effect in the agenda. In special and exceptional circumstances, additional or supplementary item(s) on the agenda are permitted. Video conferencing facilities are provided to enable Directors who are unable to attend the meetings in person, to participate in the meeting via video conferencing.

The Board reviews strategy and business plans, annual operating plans and capital expenditure budgets, investment and exposure limits, compliance reports of all laws applicable to the Company, as well as steps taken by the Company to rectify instances of non-compliances, if any. The Board also reviews major legal issues, minutes of meeting of various Committees of the Board and subsidiary companies, significant transactions and arrangements entered into by the subsidiary companies, adoption of financial results, transaction pertaining to purchase or disposal of properties, major accounting provisions and write-offs, corporate restructuring details of any joint ventures or collaboration agreement, material default in financial obligations, if any, fatal or serious accidents, any material effluent or pollution problems, transactions that involve substantial payment towards goodwill, brand equity or intellectual property, any issue that involves possible public product liability, and information on

recruitment of Senior Officer just below the Board level of Key Management Personnel.

B. Information placed before the Board

The Company provides the information as set out in Regulation 17 read with Part A of Schedule II of the SEBI LODR Regulations, 2015 to the Board and the Board Committees to the extent it is applicable and relevant. Such information is submitted either as part of the agenda papers in advance of the respective Meetings or by way of presentations and discussions during the Meetings.

C. Post-Meeting Follow-up System

After the Board meeting, we have formal system of follow up, review and reporting on actions taken by the management on the decisions of the Board and sub-committees of the Board.

The Company Secretary records minutes of the proceedings of each Board and Committee meetings. Draft minutes are circulated to Board /Committee members within 15 days from the meeting for their comments. Directors communicate their comments (if any) in writing on the draft minutes within 7 days from the date of circulation. The Minutes are entered in the Minute Books within 30 days from the conclusion of the meeting and signed by the Chairman at the subsequent meeting.

The guidelines for Board and Committee meetings facilitate an effective post meeting follow-up, review and reporting process for decisions taken by the Board and Committees thereof. Important decisions taken at Board/Committee meetings are promptly communicated to the concerned departments/divisions. Action taken Report on decisions/

minutes of the previous meeting(s) is placed at the succeeding meeting of the Board/ Committee for noting.

Apart from Board members and the Company Secretary, the Board and Committee meetings are also attended by the Chief Financial Officer and wherever required by the heads of various corporate functions.

D. Board Support

The Company Secretary attends the Board Meetings and advises the Board on Compliances with applicable laws and governance.

B. Discussions with Independent Directors and External Auditors

The Board's policy is to regularly have separate meetings with Independent Directors and External Auditors of the Company, to update them on all business related issues, new initiatives and changes in the industry specific market scenario. At such meetings, the Executive Directors and other Members of the Management make presentations on relevant issues.

VI. Shareholding of Directors

A. Non-Executive

None of the Non-Executive Directors except Mr. Narayan Ramachandran; Non-Executive Chairman and Lead Independent Director and Mr. Subramaniam Somasundaram; Independent Director held any Shares in the Company during the year ended March 31, 2022. Mr. Narayan Ramachandran held 10,000 Shares and Mr. Subramaniam Somasundaram held 57 Shares, respectively as on March 31, 2022.

B. Executive Directors

None of the Executive Directors held any Shares directly in the Company during the year ended March 31, 2022. Ms. Rituparna Chakraborty was appointed as an Executive Director (Additional) of your Company on May 18, 2022. As on the date of appointment, Ms. Rituparna Chakraborty held 1,06,770 Shares.

VII. Pecuniary Relationship

There were no pecuniary relation or transactions of Non-Executive Directors vis-a-vis the Company other than the sitting fees and reimbursement of expenses incurred by them for the purpose of attending meetings of the Company.

VIII. Meeting of the Independent Directors

Pursuant to Schedule IV of the Companies Act, 2013, the Independent Directors of your Company met once during the Financial Year under review, on June 09, 2021 without the presence of Non-Independent Directors and members of the management, without the presence of the Chairman, Managing Director / Chief Executive Officer, other Non-Independent Director, Chief Financial Officer, Company Secretary and any other Management Personnel. The meeting was conducted in an informal and flexible manner to enable the Independent Directors to inter alia, discuss matters pertaining to review of performance of Non Independent Directors and the Board as a whole, review the performance of the Chairman of the Company after taking into account the views of the Executive and Non-Executive Directors, assess the quality, quantity and timeliness of flow of information between the Company management and the Board that is necessary for the Board to effectively and reasonably perform their duties. All Independent Directors had attended the Independent Directors meeting.

IX. Directors' Induction and Familiarization

At the time of appointment, the Company conducts familiarization programmes for an Independent Director through meetings with key officials such as Executive Chairman and Managing Director, Chief Financial Officer, Head of Human Resources, General Counsel, Company Secretary and other senior business leaders. During these meetings, presentations are made on the roles and responsibilities, duties and obligations of the Board members, Company's business and strategy, financial reporting, governance and compliances and other related matters. Details regarding familiarization programme imparted by the Company for the year under review is available on our website at <https://group.teamlease.com/investors/>.

As part of ongoing training, the Company schedules quarterly meetings of business heads and functional heads with the Independent Directors. During these meetings, comprehensive presentations are made on the various aspects such as business models, new strategic initiatives, risk minimization procedures, recent trends in technology, changes in domestic industry scenario, and regulatory regime affecting the Company. These meetings also facilitate Independent Directors to provide their inputs and suggestions on various strategic and operational matters directly to the business and functional heads.

The provision of an appropriate induction program for new Directors and ongoing training for existing Directors is a major contributor to the maintenance of high Corporate Governance standards of the Company. The Company Secretary is responsible for ensuring that such induction and training programs are extended to Directors. The Independent Directors, from time to time, request the Management to provide detailed understanding of any specific project, activity or process of the Company. The Management provides such information and training either at the meeting of Board of Directors or otherwise. The induction process is designed to:

- a. build an understanding of the Company, its businesses and the markets and regulatory environment in which it operates;
- b. provide an appreciation of the role and responsibilities of the Director;
- c. fully equip Directors to perform their role on the Board effectively; and
- d. develop understanding of Company's people and its key stakeholder relationships.

Upon appointment, Directors receive a Letter of Appointment setting out in detail, the terms of appointment, duties, responsibilities and expected time commitments.

In addition to the extensive induction and training provided as part of the familiarization program, the Independent Directors are also taken through various business and functional sessions during the pre-Board

Meeting sessions to discuss strategy. The details of familiarization program are available on the Company's website at <https://group.teamlease.com/investors/>.

The TeamLease Code of Conduct and Business Ethics Policy for members of the Board and Senior Management Personnel is in place, mentioning the duties, obligations and responsibilities and the same is available on the website of the Company under the following link <https://group.teamlease.com/investors/>.

The Company has also formed the Board Diversity and the same is adopted by the Board of Directors along with the policy on the evaluation of the performance of the directors and the same is available on the website of the Company with the following link <https://group.teamlease.com/investors/>.

X. Board Evaluation

One of the key functions of the Board is to monitor and review the Board evaluation framework. The Board works with the Nomination and Remuneration Committee to lay down the evaluation criteria for the performance of the Chairman, the Board, Board Committees and Executive / Non-Executive / Independent Directors.

In terms of the requirements of the Companies Act, 2013 and pursuant to the provisions of the Companies Act, 2013 and Regulation 19 of SEBI LODR Regulations, 2015, read with SEBI LODR Amendment Regulations, the Board carried out the Annual Performance Evaluation of all the Directors individually, Board Committees and the Board as a whole. During the year, Board Evaluation cycle was completed by the Company with support of an external agency. To maintain transparency and to promote good corporate governance, this year the evaluation process was automated and implemented with help of an external service provider "Fidem Smart Board - Potentia Group", (<https://potentia.in/>) who had partnered with TeamLease to facilitate the Board Evaluation process of the Company.

For facilitating the evaluation of performance, questionnaires were framed separately for the evaluation of Board, the Committees, the individual directors and the Chairperson. The questionnaires were circulated to the Board members via individual emails with user specific login credentials for all Board Members. On completion of Board Evaluation process, the Report and summary results of the filled-in questionnaires pertaining to the Board Evaluation for Financial Year 2021-22 was submitted to the Nomination and Remuneration Committee Chairman for his onward discussion with Board Members. The Evaluation process focused on various aspects of the functioning of the Board and Committees such as composition of the Board and Committees, experience and competencies, performance of specific duties and obligations, governance issues, etc. Separate exercise was carried out to evaluate the performance of individual Directors on parameters such as attendance, contribution and independent judgment. It is specifically informed that directors subject to evaluation did not participate in the own evaluation process.

The results of the evaluation were shared with the Board, Chairman of respective Committees and individual Directors. Based on the outcome of the Evaluation, the Board and Committees have agreed on an action to further improve the effectiveness and functioning of the Board and Committees. The Chairman of respective Board Committees also shared the results of evaluation with the respective Committee Members.

The Nomination and Remuneration Committee also formulated the additional criteria of independence and independent judgment for the assessment of the performance of Independent Directors along with other criteria such as qualification, experience relevant to the industry, knowledge & competency, fulfillment of functions, ability to function as a team, initiative, availability and attendance, commitment, contribution and integrity as required under the guidelines provided by SEBI in respect of Board Evaluation.

This evaluation was led by the Chairman of the Nomination and Remuneration Committee with specific focus on the performance and effective functioning of the Board. The Board evaluation framework has been designed in compliance with the requirements under the Companies Act, 2013 and SEBI LODR Regulations, 2015, and in consonance with Guidance Note on Board Evaluation issued by SEBI in January 2017. The Board evaluation was conducted through questionnaire having qualitative parameters and feedback based on ratings.

Evaluation of the Board

Evaluation of the Board was based on criteria such as composition and role of the Board, communication and relationships between the Board of Directors, functioning of Board Committees, review of performance and compensation to Executive Directors, succession planning, strategic planning, etc.

Evaluation of Directors

Evaluation of Directors was based on criteria such as participation and contribution in Board and Committee meetings, representation of shareholder interest and enhancing shareholder value, experience and expertise to provide feedback and guidance to top management on business strategy, governance and risk, understanding of the organization's strategy, risk and environment, etc.

Evaluation of Committees

Evaluation of Committees was based on criteria such as adequate independence of each Committee, frequency of meetings and time allocated for discussions at meetings, functioning of Board Committees and effectiveness of its advice/recommendation to the Board, etc.

Evaluation of the Independent Directors

The Performance Evaluation of the Independent Directors was carried out by the entire Board.

Some of the performance indicators, based on which the Independent Directors are evaluated include:

- The ability to contribute to and monitor our corporate governance practices.
- The ability to contribute by introducing international

best practices to address business challenges and risks.

- Active participation in long-term strategic planning.
- Commitment to the fulfilment of a Director's obligations and fiduciary responsibilities; these include participation in Board and Committee meetings.
- Performance of the directors.
- Fulfillment of the independence criteria as specified in these regulations and their independence from the management.

Evaluation of the Chairman and Managing Director

The Performance Evaluation of the Chairman and Managing Director was carried out by the Independent Directors.

The evaluation process endorsed the Board Members' confidence in the ethical standards of the Company, the resilience of the Board and Management in navigating the Company during challenging times, cohesiveness amongst the Board Members, constructive relationship between the Board and the Management and the openness of the Management in sharing strategic information to enable the Board Members to discharge their responsibilities. It is specifically informed that directors subject to evaluation did not participate in the own evaluation process.

The Board has received improved ratings on its overall effectiveness, including higher rating on Board communication, relationships and Board Committees. The Board has also noted areas requiring more focus in the future.

The Independent Directors had their meeting on June 09, 2021 to assess the performance of the Board and committees as a whole and for the assessment of Executive Chairperson, Executive Director, Non-Executive Director, Board and Committees as a whole.

The Board was largely satisfied with the effectiveness and governance standards as well as the performance of the Board, board committees, and the individual Directors. Suggestions of the board members to further strengthen the Board effectiveness were noted and taken up for implementation.

XI. Directors and Officers Insurance

The Company has obtained Directors and Officers Liability Insurance ('D & O Insurance') for all its Directors, including Independent Directors, for a quantum and risks as determined by the Board of Directors of the Company.

XII. Succession Planning

We have an effective mechanism for succession planning which focuses on orderly succession of Directors, including Executive Directors and other senior management team and executive officers. The Nomination and Remuneration Committee implements this mechanism in concurrence with the Board. The Board has adopted a Policy on appointment of Directors and Senior Management and Succession Planning for orderly succession to the Board and the Senior Management. The Senior Management has made disclosures to the Board confirming that there is no material, financial and/or commercial transaction between them and the Company, which could have potential conflict of interest with the Company at large.

XIII. Committees of the Board

The Board of Directors have constituted various Committees to focus on specific areas and to make informed decisions within their authority. Each Committee is directed by its charter which outlines their scope, roles, responsibilities and powers. All the decisions and recommendations of the Committee are placed before the Board for their approval.

The Board Committees play a crucial role in the governance structure of the Company and have been constituted to deal with specific areas/activities which concern the Company and need a closer review. The Board Committees are set up under the formal approval of the Board, to carry out clearly defined roles. The Board supervises the execution of its responsibilities by the Committee and is responsible for their action. The Minutes of the meetings of all the Committees are placed before the Board for review.

The Company's guidelines relating to Board meetings are applicable to Committee meetings as far as practicable. Each Committee has the authority to engage outside experts, advisors and counsels to the extent it considers appropriate to assist in its functions. Senior officers/function heads are invited to present various details called for by the Committee at its meeting.

Committees of the Board are as under:

- A. Audit Committee
- B. Nomination and Remuneration Committee
- C. Stakeholders' Relationship Committee
- D. Corporate Social Responsibility Committee
- E. Risk Management Committee

XVI. Remuneration to Directors

A. Remuneration Policy:

Your Company has a well-defined policy for remuneration of the Directors, Key Management

Personnel(s) (KMP(s)) and other Employees. The policy is furnished as **Annexure IV** to Board's Report.

The Remuneration policy in the Company is designed to create a high performance culture. It enables the Company to attract, retain and motivate employees to achieve results. Our Business model promotes customer centricity and requires employee mobility to address project needs. The remuneration policy supports such mobility through pay models that are compliant to local regulations.

The Company pays remuneration by way of salary, benefits, perquisites and allowances (fixed component) and incentive (variable component) to its Executive Directors. Annual increments are decided by the Nomination and Remuneration Committee within the prescribed limit mentioned in Schedule V of Companies Act, 2013 and the same is effective from April 01, each year. The Nomination and Remuneration Committee decides on the incentive payable to the Executive Directors out of the profits for the Financial Year and within the ceilings prescribed under the Act based on the performance of the Company as well as that of the Executive Directors.

The Executive Directors are the employees of the Company and are subject to service conditions as per the Company policy. There is no provision for payment of severance fees to Executive/ Non-Executive Directors. Independent Directors are paid sitting fees and are not subject to any notice period and severance fees.

B. Remuneration to Non-Executive Directors

The Non-Executive Directors are paid remuneration by way of Sitting Fees. The Non-Executive Directors are paid Sitting Fees for each Meeting of the Board or Committee as attended by them. XX. Request to Shareholders

Shareholders are requested to follow the general safeguards/procedures as detailed hereunder in order to serve them efficiently and avoid risks while dealing in securities of the Company.

A. Demat of Shares:

Shareholders are requested to convert their physical holding to demat/electronic form through any of the DPs to avoid any possibility of loss, mutilation etc., of physical share certificates and also to ensure safe and speedy transaction in securities.

B. Transfer of Shares:

SEBI amended Regulation 40 of SEBI LODR Regulations, 2015 vide Gazette notification dated June 08, 2018 which has mandated that transfer of securities would be carried out in dematerialized form only. These regulations shall come into force on the one hundred and eightieth day from the date of its publication in the Official Gazette. In this regard, the Company is required to take special efforts through their RTAs to send letter under Registered/Speed post to the holders of physical certificates appraising them about the amendment and sensitise them about the impact of the regulation on the transfer of shares held by them in physical form w.e.f. December 05, 2018 and Company is in due compliance with such process. The Shareholders may continue to hold shares in physical form but transfer of shares will be in dematerialized form only.

However, in case of transfer of shares in physical mode till the effective date of the above amendment, Shareholders should fill up complete and correct particulars in the transfer deed for expeditious transfer of shares. Wherever applicable, registration number of power of attorney should also be quoted in the transfer deed at the appropriate place.

Shareholders, whose signatures have undergone any change over a period of time, are requested to lodge their new specimen signature to the R & T Agents duly attested by a bank.

In terms of SEBI's circular No. MRD/DoP/Cir-05/1009 dated May 20, 2009; it has become mandatory for transferees to furnish a copy of Permanent Account Number for registration of transfer of shares to be held in physical mode.

In case of loss / misplacement of share certificate, Shareholders should immediately lodge a FIR/ Complaint with the police and inform the Company/ R & T Agents with original or certified copy of FIR/ acknowledged copy of complaint for making stop transfer of shares.

C. Consolidation of Multiple Folios:

Shareholders, who have multiple folios in identical names, are requested to apply for consolidation of such folios and send the relevant share certificates to the Company.

D. Registration of Nominations:

Section 72 of the Companies Act, 2013 read with the Companies (Share capital and Debentures) Rules, 2014, provides facility for making nominations by Shareholders in respect of their holdings of shares. Such nomination greatly facilitates transmission of shares from the deceased shareholder to his/ her nominees without having to go through the process of obtaining succession certificate/probate of will etc. Shareholders who have not availed nomination facility are requested to avail the same by submitting the nomination Form in SH-13. This form will be made available on request. Investors holding shares in demat form are advised to contact their DPs for making nominations.

E. Updation of Address:

BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT

[As per Regulation 34 (2) (f) of the SEBI LODR Regulations, 2015 read with Amendments]

The prism through which companies are being looked at is rapidly changing. In the recent period, the resilience of companies has been tested in terms of how they have been able to withstand the turmoil of the COVID-19 induced pandemic. The other issue taking centre stage is a company's commitment towards Environmental, Social and Governance (ESG) parameters. Each company's experience on dealing with the pandemic is different as is each company's journey on ESG. For TeamLease, the pandemic has reiterated that there can be no greater security in life than having a job, a source of income. ESG links together all spheres of activity within TeamLease.

Due credit must be given to the Indian capital markets regulator, The Securities & Exchange Board of India (SEBI) for taking the lead in putting together the Business Responsibility & Sustainability Reporting (BRSR) framework. In response to the worldwide trends, SEBI, has adopted new sustainability reporting criteria as part of its ongoing efforts to improve ESG disclosures. This new, Business Responsibility and Sustainability Report (BRSR), reporting format intends to establish ties between a company's financial outcomes and its ESG performance. This can help regulators, investors, and other stakeholders get a more accurate picture of a company's overall stability, growth, sustainability and transparency. It is a comprehensive framework, which calls for more measurable, quantitative metrics to facilitate better benchmarking.

With effect from the Financial Year 2022-2023, ESG Reporting - as per guidelines provided by SEBI, India, i.e. Business Responsibility and Sustainability Reporting (BRSR) is mandated for the top 1000 listed companies (by market capitalization). The existing Business Responsibility Reporting (BRR) which is based on the National Guidelines for Responsible Business Conduct (NGRBCs) is succeeded by the BRSR. SEBI through a notification dated May 05, 2021 has discontinued the requirement of submitting BRR by listed companies after FY 2021-22. As per the notification, TeamLease is required to submit a new report on ESG parameters, namely Business Responsibility and Sustainability Report from FY 22-23 onwards.

At TeamLease, it was a collective decision to adopt the BRSR ahead of schedule for FY22 itself.

At TeamLease, we remain committed towards deepening our engagement with our stakeholders as we strive towards increasing employment, employability and e-workforce in the country.

As we all know, ESG- where E represents Environment; S represents Social and G represents Governance – These are the three core pillars to measure the sustainability, societal impact, and corporate governance, plus investment potential in a business/ organization.

Key Elements of Sustainability and ESG:

Environmental	Social	Governance
• Energy Use	• Gender Equality	• Transparent Governance
• GHG Emissions	• Labour Rights	• Institutional Trust
• Water Use	• Diversity and Inclusion	• Risk Management
• Waste Generated	• Human Rights	• Ethics and Compliance
• Maintaining Biodiversity	• Right to Education	• Board and Executive Diversity

At TeamLease, we are committed to the company's success with our purpose of helping India prosper.

Our Approach to ESG

We endeavor to provide a safe and healthy working environment, to use resources effectively and efficiently, and to be accountable and transparent regarding the impacts of our activities. We also strive to exceed existing standards and stakeholder expectations, and actively contribute to industry best practices.

As India's leading people supply chain company, we continue to formalize the employment needs of our clients and variabilize their costs in a dynamic environment. We are embracing our responsibility to help address some of the India's social, economic and environmental challenges. ESG performance is integral to delivery of our purpose, strategy and societal goals.

ESG	STRATEGY	GUIDING PRINCIPLES
Environmental	Optimize our use of resources and the beneficial social impacts associated with our operations	Respect human rights, promote an ethical, safe, and healthy work environment
Social	Leverage our diverse team to actively drive our sustainability mission	Foster an environment of trust and respect, where team members collaborate to drive employment, employability and E-workforce and are able to contribute to their full potential
Governance	Collaborate with our stakeholders on sustainability initiatives. Ensure accountability and build trust through transparency in our business practices and operations	Proactively assess risk and build resilience through robust governance systems, including appropriate goals and processes

ESG Mission

Enabling a better, safer, more secure and sustainable world through the following purpose(s) of TeamLease:

- Putting India to Work
- Making India Employable
- Enabling ease of doing business in India

Sustainable Development Goals (SDGs)

- Aim to end poverty in all its forms everywhere by creating more job opportunities
- Aim to ensure healthy lives and promote wellbeing for all at all ages
- Aim to ensure inclusive and quality education for all and promote lifelong learning
- Aim to achieve gender equality and empower all women and girls
- Aim to promote sustained economic growth, productive employment and decent work for all
- Aim to reduce inequality within and among countries

Our ESG Policies:

We work diligently to ensure that we approach our business from an ESG point of view while delivering long-term value for our stakeholders. Our Business Responsibility and Sustainability Policy influences the way we manage our company and the way we interact with society at large. We have a long-standing commitment to operational sustainability, underscored by a history of continuous performance improvements. Our Policies to ensure smooth contribution to ESG are as below:

- Code of Conduct
- Whistle Blower and Vigil Mechanism Policy
- Anti-Corruption, Anti- Bribery Policy
- Human Rights, Diversity & Inclusion Policy
- Workplace Health & Safety Policy
- CSR Policy
- Business Responsibility & Sustainability Policy

Our ESG strategy is aligned with and incorporated into the company's long-term business strategy. TeamLease's Board of Directors has ultimate oversight responsibility for ESG matters. The full board focuses on significant ESG matters, with Board Committees undertaking oversight of ESG issues relevant to their responsibilities, and then integrating committee work on these issues in their reports to the full Board.

CONTENTS:

[As per Regulation 34 (2) (f) of the SEBI LODR Regulations, 2015]

Our BRSR includes our response to questions on our practices and performance on key principles defined by Regulation 34 (2) (f) of the SEBI LODR Regulations, 2015 covering topics across Environment, Governance, Social and Stakeholders relationships.

At TeamLease, sustainability is viewed as environmental and social responsibility, which allows the Company to deliver on stakeholder expectations. TeamLease continues to communicate the Company's obligations and performance to all its stakeholders through its BRSR. As a responsible corporate citizen, TeamLease continues to actively engage with all its stakeholders to drive their growth for all. The Company believes in accelerating India's transition to a knowledge economy and continues its efforts to create value for India by elevating the quality of life across the entire socio-economic spectrum.

This BRSR illustrates TeamLease's efforts towards creating enduring value for all its stakeholders in a responsible manner.

II. GOVERNANCE, LEADERSHIP AND OVERSIGHT

Corporate Governance is an ethically driven business process that is committed to values, aimed at enhancing an organization's wealth generating capacity. This is ensured by taking ethical business decisions and conducting business with a firm commitment to values, while meeting Stakeholders expectations.

A. Governance:

Corporate Governance of TeamLease is guided by:

- Accountability
- Transparency
- Fairness
- Competent Leadership and Management
- Empowerment

We have a transparent corporate structure, with:

- Approval rights of our general meeting of shareholders for any significant change in the identity or nature of our company or business
- Each share of our common stock confers the right to cast one vote at the Annual General Meeting of shareholders
- Our directors are appointed for five-year terms and are elected or re-elected by the shareholders at the Annual General Meeting of shareholders
- We only have outstanding common stock. No priority, preference, or other shares with special voting rights are issued, and cannot be issued without majority shareholder approval

- Any issuance of common or preference shares, for any reason, is subject to the approval of the Annual General Meeting of shareholders
- We allow special meetings of our shareholders to be called when requested, using the written request of shareholders holding at least 10% of our outstanding voting stock

B. Leadership

Board of Directors

TeamLease is committed to effective corporate governance that strengthens the accountability of the Board of Directors (Board) and management. The Board is collectively responsible for the management, general, and financial affairs of TeamLease, as well as our policy and strategy. The Executive Director of the Board, who is also our Managing Director and Chief Executive Officer, is responsible for day-to-day management and for preparation and execution of Board resolutions, to the extent these tasks are not delegated to a Board committee.

Board Composition

The number of executive and non-executive directors is determined by the Board based on the recommendation of Nomination and Remuneration Committee. Our directors have a wide variety of relevant skills, professional experience, and backgrounds. Their diverse viewpoints and varying perspectives help us represent the interests of all stakeholders.

Expertise

The Board, with the support of the Nomination and Remuneration Committee, maintains an appropriate balance with respect to the expertise, experience, and diversity on the Board. Evaluations of Board composition consider a number of matters, including director independence, skill set, experience, expertise, and diversity, to ensure the Board remains effective and well-qualified. In 2022, we added three new directors with relevant and board experience.

Diversity

The Board is committed to supporting, valuing, and leveraging diversity in its composition. This includes gender and ethnic/cultural diversity, to ensure a balance in representation.

Independence of the Board

TeamLease has three Executive Directors and seven Independent Directors as on date. The Seven non-executive directors (70%), including the Chairman, are independent directors under the applicable SEBI (LODR) Regulations, 2015. Our Board has an average tenure of approximately 5 years. Three of our non-executive directors have been members of the Board one year or less.

Board Directorships and Board Memberships

Pursuant to Clause 17A of SEBI LODR, the directors of listed entities shall comply with the following conditions with respect to the maximum number of directorships, including any alternate directorships that can be held by them at any point of time

- (1) A person shall not be an independent director in more than seven listed entities.
- (2) Notwithstanding the above, any person who is serving as a whole time director / managing director in any listed entity shall serve as an independent director in not more than three listed entities

Pursuant to Clause 26 of SEBI LODR, a director shall not be a member in more than ten committees or act as chairperson of more than five committees across all listed entities in which he /she] is a director which shall be determined as follows:

- a. the limit of the committees on which a director may serve in all public limited companies, whether listed or not, shall be included and all other companies including private limited companies, foreign companies[, 'high value debt listed entities'] and companies under Section 8 of the Companies Act, 2013 shall be excluded;

b. for the purpose of determination of limit, chairpersonship and membership of the Audit Committee and the Stakeholders' Relationship Committee alone shall be considered

C. Oversight

1. The frequency with which the Board of Directors, Committee of the Board or CEO to assess the BRSR performance of the Company

The BRSR performance of the Company is annually assessed. The directors and senior management of the Company monitor various aspects of social, environmental, governance and economic responsibilities of the Company on a continuous basis. The Company's business responsibility performance is reviewed by the Board of Directors on an annual basis. An Independent director is in charge of overall BRSR of the Company supported by the Management of the Company and its' Executive Directors. The BRSR performance of the Company is assessed by the following committees of the board:

- (i) the Audit Committee;
- (ii) the Corporate Social Responsibility Committee; and
- (iii) the Stakeholders Relationship Committee.

In addition, the Risk Management Committee also assesses risks pertaining to certain principles of BRSR as identified by the Internal Auditors of the Company.

2. Does the Company publish a BRSR? What is the hyperlink for viewing this report? How frequently it is published?

Pursuant to Regulation 34 of SEBI LODR Regulations, 2015 (as amended from time to time), the Company publishes a BRSR as an Annexure to the Annual Report on an annual basis.

BRSR of the Company is available at the website of the Company at <https://group.teamlease.com/investors/>.

3. Details of Review of the National Guidelines on Responsible Business Conduct (NGRBC)

Subject for Review	Review of principles undertaken by and frequency
Performance against policies and follow up action	As a practice, BRSR policies of the Company are reviewed periodically or on a need basis by department heads, business heads and executive directors. During this assessment, the efficacy of the policies is reviewed and necessary changes to policies and procedures are implemented.
Compliance with statutory requirements of relevance to the principles and rectification of any non-compliances	The Company is in compliance with the extant regulations as applicable.
Has the entity carried out independent assessment/ evaluation of the working of its policies by an external agency? (Yes/No). If yes, provide name of the agency.	The processes and compliances, however, may be subject to scrutiny by internal auditors and regulatory compliances, as applicable. From a best practices perspective as well as from a risk perspective, policies are periodically evaluated and updated by various department heads, business heads and approved by the management or board. III. Directors' Statement

TeamLease's key objective is to generate employment, employability and E-workforce in the country. The Company's focus on ESG parameters is best reflected through core values that are imbibed in all spheres of activity of the Company. The Company believes in meeting a critical social objective with an endeavour to provide job solutions across all income categories. Given the acute shortage of jobs in India the demand for formalisation of the job market in India is immense. The Company has been built on the founding principles of kindness, fairness, effectiveness and efficiency. The Company believes that sound principles of governance are a necessary tool for creating long-term value for all its stakeholders and to promote sustainability. TeamLease regards respect for human rights as one of its fundamental and core values. TeamLease undertakes its developmental and welfare activities directly. The Company recognises that climate change is not just an environmental issue but also a business risk. The Company is increasing its due diligence on ESG risks in its policies. Employee sensitisation on ESG risks is crucial. The Company discourages wasteful usage of natural resources.

Section C: Principle-Wise Performance Disclosure

Principle 1 - Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

TeamLease Services Limited is committed to achieving the highest principles of integrity and ethics. Our Code of Conduct (COC / Code) outlines the Company's expected standards of ethical conduct and behavior. Our core values represent mutual respect, trust and personal growth for all. The Code of Conduct extends to employees at all levels and other individuals working with the Company, its subsidiaries, associates, suppliers, service providers, channel partners and explicitly prohibits bribes, kickbacks, improper payments and direct them to ensure ethical business conduct.

The three pillars supporting the governance structure of the Company are as under:

- a. **Ethics:** In consonance with the Regulation 17 of SEBI LODR Regulations, 2015 (as amended from time-to-time), the Company has adopted a "TeamLease Code of Conduct and Business Ethics" which mandates the Directors, Senior Management and Employees of the Company to act honestly, fairly, ethically and with integrity, conduct themselves in professional, courteous and respectful manner.
- b. **Transparency:** The Governance structure of the Company is further supported by a Vigil Mechanism Policy which serves as a tool for its directors and employees to report any genuine concerns about unethical behaviour, actual or suspected without fear of reprisal. The mechanism provides an avenue to stakeholders to raise concerns or violations pertaining to activities of the Company.
- c. **Accountability:** In order to instil accountability amongst the employees of the Company and its Group companies, TeamLease Services Limited has in place an Internal Code of Conduct for Regulating, Monitoring and Reporting of Trades by Designated Persons. The Code serves a threefold objective of:
 - monitoring the trades of designated employees of the Company;
 - obligating the employees to handle price sensitive information of the Company on a need-to-know basis thereby avoiding leakage of information;
 - mandating the employees to restrict unauthorized access to any individual other than the intended recipient of the information.

A. Essential Indicators pertaining to Principle 1

III. Does the policy relating to ethics, bribery and corruption cover only the company?

Yes, the Company has an anti-bribery and anti-corruption policy covering the entire TeamLease Group. The policy has been developed in alignment with TeamLease's code of conduct, various existing policies (including whistle blower policy, policy on management of conflict of interest, amongst others) and rules and regulations on anti-bribery and anti-corruption in India.

The policy reiterates TeamLease's stance of zero tolerance towards bribery and corrupt practices. The policy facilitates ethical decision making and reinforces TeamLease's culture of transparency in all its dealings.

This policy applies to all stakeholders or persons associated with TeamLease and who may be acting on behalf of TeamLease and sets out conduct that must be adhered to at all times.

The policy is placed on the Company's website. The hyperlink is <https://group.teamlease.com/investors/>.

IV. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/ NGOs /Others?

The policy relating to ethics, transparency and accountability covers the Company and its group companies including Joint Ventures and Associate Companies and the Suppliers / Contractors / NGOs dealing with the Company are also encouraged to maintain ethical standards in all their practices. The Company believes in promoting growth without compromising on the ethical values of the organisation. This belief of the Company is echoed in the Policy on Ethics, Transparency and Accountability by avoiding any acts and practices that are abusive, corrupt, or anti-competitive.

V. Number of complaints / cases of bribery/corruption received/ registered in the financial year.

VI. The details of any corrective action taken or underway on issues related to fines/penalties/action taken by regulators/law enforcement agencies/judicial institutions, on cases of corruption and conflicts of interest.

The Company ensures that it discusses various issues with its regulators where there could be lapses in compliance and ensures that necessary policies, processes, systems and monitoring mechanism are put in place.

VII. Does the company have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes. The Company has a board approved Business Continuity Plan (BCP). This BCM identifies core business functions and critical business sites that are covered under the resiliency programme. Most of the business functions are supported through automation with the help of technology. Hence IT resiliency forms a critical component of BCP. Recovery Time Objectives (RTO) and Recovery Point Objectives (RPO) are defined for all critical business processes. The IT Disaster Recovery Plan ensures that the defined RTO and RPO are met. The BCP defines the overall governance and monitoring of the business continuity function, including setting up of Emergency Response Teams (ERT) and Function Recovery Teams (FRT). Business continuity spans people, processes and technology. Requisite training programmes have been conducted for the teams to be prepared to respond in a crisis. Disaster drills and table top exercises are conducted at regular intervals to test whether the set procedures are working as defined within the pre-defined RTO and RPO and people understand and follow it appropriately.

Principle 2 - Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

While evaluating the impact of business operations, TeamLease aims to reduce any fallouts during the lifecycle of its services across the value chain.

A. Essential Indicators pertaining to Principle 2

I. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or services opportunities

Temporary Staffing, Permanent Recruitment, Regulatory Consulting are our offerings and none pose any environmental, social risk or concern.

II. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):

- Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?
Not Applicable
- Reduction during usage by consumers (energy, water) has been achieved since the previous year
Not Applicable

III. Does the company have procedures in place for sustainable sourcing?

Yes. Given the nature of the business of the Company, at a corporate level, consumption of resources is limited to running the operations. The Company, however, remains cognisant of reducing its resource consumption through

ensuring better energy efficiency standards whilst procuring electronic equipment, lighting devices, computers, HVACs, sensors, amongst others. This initiative will bring in energy savings over the medium to long-term. At most of the Company's offices, there are LED light fittings to conserve energy and conscious endeavours have been made to replace electronic equipment with high energy star ratings. Sensors are installed to economise power and water consumption only when these facilities are being used. The major suppliers of hardware are green standard compliant.

IV. Has the company taken any steps to procure goods and services wherever possible from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company endeavours to engage with suppliers who integrate environmental and social considerations into their products and services. At an all-India level, preference is always given to sourcing from local suppliers.

V. Does the company have a mechanism to recycle products and wherever possible waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

Given the nature of the business, the Company has limited scope to use recycled material as processed inputs.

However, the Company has systems in place at an all-India level to manage and dispose dry/wet waste efficiently.

VI. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

Given the nature of business of the Company, the relevance of the above is largely restricted to information technology (IT) capex. In FY22, capex incurred towards IT hardware and software (including capital work in progress), which facilitated the enhanced digital initiatives of the Company was 0.19% of total revenue. Greater adoption of digital platforms not only brings in increased efficiencies of operations but also ensures substantially reduced consumption of paper.

B. Leadership Indicators pertaining to Principle 2

I. Has the entity conducted Life Cycle Perspective/Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

Not Applicable owing to the nature of the Industry.

II. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective/Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same. Not Applicable owing to the nature of the Industry.

III. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry). Not Applicable owing to the nature of the Industry.

IV. Reclaimed products and their packaging materials (as percentage of products sold) for each product category. Not Applicable owing to the nature of the Industry

V. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed? Not Applicable owing to the nature of the Industry

Principle 3 - Businesses should promote the well-being of all employees

TeamLease believes that its success depends on its ability to develop knowledge, skills and expertise of its employees. This belief translates in ensuring that every business vertical is equipped with right talent, which is both competent and engaged. The Company achieved this objective by undertaking various initiatives for talent development, employee engagement and communication. We have always been committed to inclusive and merit based policies. We are proud of the fact that the representation of women leaders in our senior team is at 40%. Our policies are for the benefit of all employees. In today's world, the need for flexibility in terms of workplace (Work from home / work from office) is the most commonly mentioned and highly valued benefit and we are trying to create as much flexibility as possible without compromising on cohesion and team work. We have always had a transparent, merit-based and open culture.

All our policies are geared towards equal opportunity. We pride ourselves on our compliance and ethical standards. All of these, put together create a work environment where everyone has a voice, has opportunities to grow and learn and take on higher responsibilities. Examples for this include our outcome-based performance management system, a promotion policy aligned with performance and learning opportunities for all our people.

We have monthly connect sessions with Department and Business Heads. People are encouraged to speak up and voice their thoughts, recommendations and suggestions. HR teams have regular connects with people to ensure that we are able to strengthen good practices and act proactively where gaps need to be addressed. There are CEO connect sessions for new joiners and senior leaders to ensure that transitions are smooth and there is a common language and culture of outcome based performance. We also have a cadence on Monthly, Quarterly and Annual Awards to recognize strong performance and adherence to our Principles. We have several recognition and connect activities to ensure that people have the resources and information they need to succeed and successes are recognized and rewarded.

RESPONDING TO COVID-19

TeamLease has always prioritized the health and safety of our team members. Throughout the pandemic, we have monitored developments, consulted external experts, and worked with TeamLease leaders to establish and maintain stringent protocols to safeguard team members on a local, regional, and PAN India level.

SAFEGUARDING OUR HEALTH

Vaccinations are a crucial weapon in the fight against COVID-19. In the first half of 2021, as several countries launched their vaccination programs, case counts improved in several parts of the world but, sadly, worsened in others. In India, for example, record-high case numbers rapidly overwhelmed the medical system. To assist our India team members and their families, we acted quickly. In all locations, TeamLease continues to encourage vaccination through local government and health resources.

SUPPORTING OUR COLLEAGUES

Team members have worked in several ways to support their colleagues, families, and communities during the pandemic. Every month we shared information, tips, and best practices focused on a specific theme of well-being.

For the Company, the focus immediately shifted to ensuring the health and well-being of all employees, and on minimizing disruption to services for all our customers. From a highly centralized model consisting of work spaces set in physical locations capable of accommodating thousands of employees, the switch to work from home for employees all over, extending all the elements of the Company's working model, was carried out seamlessly.

Employee wellbeing checks are conducted frequently. In the event of an unfortunate turn, TeamLease offers support to the grieving family, including financial support reimbursements for medical expenses, salary advance and leave. Employees who have contracted it were allowed 14 days of additional paid leave to recuperate.

RETURNING TO OFFICE

At the start of the pandemic, many team members transitioned to working from home, allowing us to better protect both our team members who were required to come to our offices for essential operations as well as our team members who could perform their job duties remotely. As conditions improved in our communities around the country, we began enacting plans to return all team members to our TeamLease offices. We continue to adjust those plans, along with our Health & Safety protocols, to account for developments such as the emergence of variants. Recognizing that the needs of our team members have shifted over the course of the last two years, we remain committed to flexible work arrangements, and will continue to offer the option to work a combination of at office and remotely if the job allows once the pandemic ends. Hybrid working models give employees the benefit of in-person interactions with their colleagues while also enjoying the conveniences of working remotely. In 2022, we will continue to follow the advice of health organizations, doctors, and scientists as we plan for the balance of our workforce to return to the office. 2021 was a difficult year, particularly as we mourn the loss of colleagues, family, and friends to the virus. To the TeamLease team, we express our admiration for their resilience and for the care and concern they've shown for others throughout the pandemic. This compassion and sense of community are among the company's greatest assets.

All employees of the Company undergo an annual performance appraisal process as determined by the Company. Further, the Nomination and Remuneration Committee and the Board evaluates the performance of the Executive Directors, members of Executive Management (one level below the board), Senior Management Personnel and the Company Secretary on an annual basis. The underlying philosophy of the performance management system is to have a fair and transparent system of appraisal, which ensures an objective mechanism to measure each employee's performance and potential and implement a reward system which recognises merit. The performance appraisal system has been designed to achieve the following objectives: • Review the previous year's performance with specific reference to achievement of targets and give constructive feedback on performance; • Provide an opportunity for communication and interaction between the appraiser and appraisee regarding the previous year's performance and setting of performance targets for the next appraisal period; and • Reward employees who have performed well during the appraisal period and those who demonstrate the ability to handle higher responsibilities with promotions/increased job responsibilities.

XV. Health and safety management system

- a. **Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?**

Owing to the nature of the business, per se there are no occupational health and safety risks due to the nature of the work. The Company has a policy on health and safety for its employees. Periodic internal communication and alerts are sent out to employees and awareness sessions are conducted on safety related aspects. Employees on a pan-India basis are given periodic training on basic and advanced fire safety, including evacuation drills. TeamLease has tie-ups with vendors to educate and demonstrate the use of fire-fighting equipment. The Company is focused on both, the physical and mental well-being of its employees and has organised various workshops and discussions with well-being experts and medical practitioners. The Company is in the process of putting in place a plan to have designated first-aid marshals at offices, with minimum basic training so as to be aware of procedures to be followed in case of medical emergencies. Training programmes on the safety of women employees at the workplace is mandatory for all employees. During the year, there were no accidents of any employee of the Company whilst on duty. Owing to COVID-19 induced pandemic, health and safety issues became paramount for both, employees/visitors in the office premises and for field staff, details of which are given elsewhere in this report.

- b. **What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?**

Given the nature of business, this is not directly applicable. However, in light of the pandemic, the Company recognises the risks of infections that could take place in the office premises. To minimise these risks, the Company took necessary precautions at the offices, which included sanitisation of all office premises, removal of biometric scanners, installation of facial biometric scanners, thermal scanners, daily communication updates, restricted movements in common areas, closure of recreational facilities and avoidance of large gatherings. The Company also adhered to all the government directives and issued travel and health advisories to its employees and advised all its employees to work from home as required or on a rotational basis to ensure employee safety and business continuity.

- c. **Whether you have processes for workers to report the work related hazards and to remove themselves from such risks. (Y/N)**

Not applicable. There were no work-related injuries.				

IV. Does the entity provide transition assistance programmes to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/No)

Upskilling our employees is a part of the ongoing Learning and Development plan. While there is nothing specific that caters to transition assistance in case of retrenchment, efforts are put in to absorb any redundant employee internally in any suitable profile/open position. It should also be noted that the number of employees who have-been/are due for retirement while being employed with us is a maximum of 1 per year. Since it is an informed transition, the process is initiated 6 months in advance for both parties involved (employee and the company).

V. Details on assessment of value chain partners

Category	% of value chain partners (by value of business done with such partners) that were assessed
Health & Safety Working Conditions	The Company expects all its value chain partners to follow extant regulations, including health and safety practices and working conditions. These parameters are not explicitly captured or measured other than certain cases where there is enhanced environment and social (E&S) due diligence being monitored and health and safety and working conditions form an integral component of these monitorables.

VI. Provide details of any corrective actions taken or underway to address significant risks/concerns arising from assessments of health and safety practices and working conditions of value chain partners.

No corrective action plan has been necessitated on the above mentioned parameters.

Principle 4- Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalised.

The key stakeholders identified include: Customers, Employees, Business Partners (Suppliers and Vendors), Community, Investors, Government Bodies, Industry Associations, Non-governmental Organizations (NGOs) and Academic Institutions. Our approach towards responsible and sustainable business practices undergoes a systematic mapping through regular engagement with its internal and external stakeholders. This practice helps the Company to prioritize key sustainability issues in terms of relevance to its business and stakeholders, including society and clients.

STAKEHOLDER ENGAGEMENT

Stakeholder feedback is an important part of our ESG strategy, helping us evolve our processes and culture, and while guiding services offered.

INTERNAL STAKEHOLDER ENGAGEMENT

We communicate with our team members through numerous platforms and channels, including town halls, meetings, the internet, internal messages, social media, blog posts, and newsletters that report on TeamLease's sustainability efforts and other key business activities. We conduct confidential team member pulse surveys to gauge our team members' views of the company's vision and strategy, the work environment, work relationships, and job satisfaction.

EXTERNAL STAKEHOLDER ENGAGEMENT

Throughout the year, we engage formally and informally with our stakeholders to explore ESG focus areas, along with trends and developments relevant to our industry. We endeavor to consider the views of our stakeholders when we make business decisions by acknowledging their viewpoints and demonstrating respect for our shared priorities. We believe this approach reflects our commitment to transparency and accountability, and ultimately contributes to long-term value. Despite COVID-19 and pandemic-related challenges, we've continued to engage with our customers in a variety of ways.

Means of communication with stakeholders • Quarterly Results • News Releases and Presentations • Presentations to Institutional Investors/ Analysts • Website • NSE Electronic Application Processing System (NEAPS) • BSE Corporate Compliance & Listing Centre ('Listing Centre') • SEBI Complaints Redress System (SCORES) • Annual Report

B. Leadership Indicators pertaining to Principle 4

I. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

The Company has always maintained that a constant and proactive engagement with our key stakeholders enables the Company to better communicate its strategies and performance. A continuous engagement helps align expectations, thereby enabling the Company to better serve its stakeholders. The Board is kept abreast on various developments and feedback on the same is sought from the directors.

II. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

The Company believes that job opportunities per se fulfills a critical social objective. The Company engages with various stakeholders in helping to expand the job market and enable more Indians to become jobowners. In addition, the Company has been engaging with a number of ESG teams of investors/ shareholders and consultants and experts in this field, which helps to better understand expectations of stakeholders and benchmark against best practices. The Company recognises that it is still in a 'learning phase' on various evolving aspects of ESG and hence stakeholder interactions are important.

III. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalised stakeholder groups.

The Company is an equal opportunity employer. It has policies instituted to prevent sexual harassment, aid safety of employees, obtain the voice of employees' opinions and grievances through employee touch base, periodic employee satisfaction surveys and code of conduct.

IV. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

The Company engages with each of its stakeholders through multiple channels and includes engagement initiatives, feedback process, Code of Conduct briefings and investor meetings.

Principle 5 - Businesses should respect and promote human rights

Our TeamLease Code of Conduct and Business Ethics and various HR Policies demonstrate our commitment towards protection of Human Rights across value chain and upholding highest level of ethical business practices. We made significant progress on strengthening our culture of diversity and inclusion at TeamLease. That commitment continues to drive our ability to:

- Identify and develop the best talent
- Create an inclusive culture where our workforce can thrive
- Advocate inclusive behaviours
- Integrate diversity and inclusion in our policies and practices

HUMAN RIGHTS POLICY AT TEAMLEASE IS FOLLOWED THROUGH:

NO FEES

- Clear policy prohibits charging fees to employees and ensures compliance
- If employees are found to have paid fees to gain employment, reimbursement to employees must be completed within 30 days of discovery
- Grievance mechanism in place to confidentially report policy violations

FAIR TREATMENT

- Employees must be ensured of their well-being and health and safety during a pandemic
- Employees must not be discriminated against, regardless of pandemic circumstances
- Employees must be given adequate protection from exposure to hazards, including the pandemic illness
- Grievance mechanism in place to confidentially report unfair treatment of workers

WORKING HOURS AND REST DAYS

- We follow a five day week and the regular work day is 9 hours [inclusive of two 15-minute breaks for tea / coffee and one 30-minute break for lunch]. The weekly-off days would be Saturday and Sunday
- However, the weekly-off days and shift timings may vary in accordance with the operational requirements
- The General Shift timings are 9.00 am to 6.00

pm • However, the concerned manager can decide appropriate shift timings basis business requirements • The maximum working hours applicable per week are 48 hours • Employees are expected to complete their assigned work within the working hour window and there is no allowance applicable for working overtime • Employees are provided with legally mandated holidays and vacation days.

(Yes/No)

TeamLease has always believed in being transparent with its customers by providing all the relevant details. The Company strives to ensure customer data privacy and security through robust information security systems. The Company continuously conducts customer satisfaction surveys to seek feedback from its clients at various stage. This feedback is used to improve systems, processes and enable better focus on training and development of staff.

V. Provide the following information relating to data breaches

- a. Number of instances of data breaches along with impact - NIL
- b. Percentage of data breaches involving personally identifiable information of customers

The Company did not witness any instances of data breaches during the year. Internal Auditors have assessed and confirmed that requisite security level checks put in place by the Company are appropriate.

Management Discussion and ANALYSIS

Global economy

The global economy is recovering although the extent and pace of recovery is divergent across geographies. However, with countries, organizations and individuals experiencing different economic realities, the recovery is slightly uneven. Central Banks across the world kept their monetary policies accommodative but there is a rise in inflation across geographies. The spiralling inflation can be partly attributed to supply chain shortages in the pandemic along with rise in unemployment.

According to the International Monetary Fund (IMF), global economic growth is expected to moderate from 5.9% in CY2021 to 4.4% in CY2022 and further drop at 3.8% in CY2023.

In CY2021, there was a substantial rise in inflation as a result of hike in commodity prices and is likely to remain strong in the short term, averaging at 3.9% in advanced economies, 5.9% in emerging markets and developing economies in CY2022. However, it expects moderation in CY2023. Decrease in higher inflation can be owed to receding supply chain disruptions, tightening of monetary policy, and demand shifts from goods-intensive spending toward services; provided the expected medium-term inflation is correct along with the easing of pandemic.

As a result of increased commodity price, labour markets in the Gulf Cooperation Council (GCC) countries have recovered faster than in non-GCC countries. Although labour force participation in GCC countries is predicted to approach pre-crisis levels by CY2022, it is expected to remain below 2019 levels in non-GCC countries through CY2023.¹

Countries need to adapt to a pandemic influenced labour market. Therefore, it is important to retool and reskill workers to effectively contribute and make the most of an increasing digital economy. Pandemic offers a unique opportunity to accelerate digitization by adopting advanced technologies. Affordable technologies and effective transportation have made it easier for multinational companies from advanced economies to outsource several industrial operations from EMDEs. These offshore operations can be used as a source of employment and growth.

Pandemic

stimulating digitization.

Outlook

International Labour Organization predicted that the overall working hours, across the world would be lower by a little more than 2% in CY2022, in comparison to the pre-pandemic levels.

Despite the significant improvement over 2021, when hours worked adjusted for population growth fell by the equivalent of 125 million full-time jobs (assuming a 48-hour work week), it remains extraordinarily high. The employment-to-population ratio is expected to be 55.9% in CY2022, which is 1.4% points lower than in CY2019.

It is expected that the shocks that slowed down global growth in CY2022 will eventually peter out, and global economic output will pick up faster in CY2023. Predicted improvements in credit growth followed by increasing public and private investments and consumption is likely to improve prospects for emerging and developing economies going forward.

World Output

Indian economy

The Indian economic recovery is driven by several reforms in the fiscal, monetary and health policies. To promote a durable and sustainable economic growth, the government is planning a major rise in capital investment and supply-side reforms as well.

Following a contraction of 7.3% in FY2020-21, the Indian economy is expected to grow by 9.2% in real terms in 2021-22 (according to initial advanced projections). In real terms, GDP is also expected to expand by 8 to 8.5% in 2022-23.²

¹World Employment and Social Outlook | Trends 2022

²MOSPI – NSO press release dated 29th November 2021

RBI implemented initiatives to provide additional liquidity, including the G-Sec Acquisition Program and Special Long-Term Repo Operations, resulting in the Repo rate remaining at 4% in FY2021-22. From 6.6% in FY2020-21 to 5.2% in 2021-22 (April-December), CPI-Combined inflation moderated to 5.2%. Throughout the year, effective supply-side management kept the prices of most essential commodities under control. Retail core inflation (inflation excluding 'food and drinks' and 'fuel and light' - the index's transitory components) has been on the rise this fiscal year. The average core inflation rate for April to December 2021 was 5.9%, compared to 5.4 percent in the same period previous year, and it remained below 6% in most months.

With the economic recovery, employment statistics in the last quarter of 2020-21 returned to pre-pandemic levels. According to EPFO data, Covid influenced formalisation of jobs in the second wave but the influence of Covid on job formalisation was significantly less in comparison to the first wave.

According to data from the quarterly Periodic Labour Force Survey (PFLS) up to March 2021, employment in the pandemic-affected urban sector has nearly restored to pre-pandemic levels. MGNREGS allocation rose to 73,000 crores in FY 2021-22, up from 61,500 crore in FY 2020-21.

The allocation for FY 2021-22 has been increased to Rs 98000 crore. In FY2022, 8.70 crore people and 6.10 crore

households have been employed so far. The trade sector along with hospitality sector accounted for slightly more than 22% of new workers, and thus keeping up with the statistics of last year (more than 28% workers).

In 2021-22, the overall service sector GVA is predicted to expand by 8.2%, while agriculture sector is predicted to grow by 3.9% and industry sector by 11.8%. In 2021-22, the subsectors 'Trade, hotels, transportation, communication & broadcasting services,' 'Financial, real estate & professional services,' and 'Public administration, defence & other services,' are expected to grow by 11.9%, 4%, and 10.7%, respectively.

Outlook

According to IMF, India's projected GDP is 9% and 7.1% for FY22 and FY23, respectively and thus making India a part of the fastest growing major economies in the world. Despite the global upheavals, India's balance of payments has remained in surplus for the past two years.

Notwithstanding to the stressful times, Indian financial markets have performed remarkably well. Thus, allowing Indian corporations to raise record amounts of risk capital. Indicators of macroeconomic stability imply that the Indian economy is well positioned to overcome the challenges of CY2022-23. With the financial system supporting the Indian economic recovery, the private investments are expected to grow.

Global staffing industry

The global staffing industry is expected to rebound by 12% in 2021 to USD 445 billion (EUR 390 billion), following a slowdown of 11% in 2020. Moving forward to 2022, research predicts moderate revenue growth of 8% and major European and Asian staffing markets are likely to increase by double digits.

Although Covid is slowly easing out, many countries continue to encounter difficulties like concerns rising from the spread of diverse regional variants. When comparing global staffing markets in 2021 with 2019 (year before pandemic), the outlook is ambiguous. However, mostly all countries are expected to recover by 2022.

The total revenue from staffing in Europe, the Middle East, and Africa was USD 178 billion (EUR 157 billion) in 2020. The Americas (North and South) garnered USD 152 billion (EUR 133 billion), while Asia Pacific collected a revenue of USD 115 billion (EUR 101 billion).³

The rise in inflation can be attributed to the tension in global supply chains followed by lack of labour availability and various fiscal and monetary measures of governments across the world. The United States and India are experiencing the highest inflation rates (both at 4.78%) in 2022, followed by the United Kingdom (at 4.39 percent), as a result of Brexit.

Staffing agencies are now dealing with standards that vary by jurisdiction and organisation. They also invest in methods and technology to create a vaccinated workforce in order to deal with exemptions, and to monitor a reliable testing regime. In addition to the increased rate of tax, rise in inflation will put pressure on people with minimum wage. However, the minimum wage is predicted to rise in most nations by 2022.

According to a report by the National Employment Law Project (NELP), the minimum wage climbed to unprecedented levels in 21 US states and 35 cities and counties on 1st January, 2022. The minimum wage hit a \$15 per hour in 33 of these jurisdictions and is expected to increase as staffing firms seek safety in diversification and leverage on fresh growth prospects.

The pandemic exceptionally influenced diverse employment sectors. While it wrecked some industries (catering/hospitality), others (healthcare/agriculture) have thrived. Weaker sectors are likely to recover but may face relatively higher risks.

Last year, healthcare followed by information technology recorded maximum activity as a staffing sector. The amount of money spent on non-staffing activities by staffing firms has been remarkable for the mergers and acquisitions front. In fact, more than half (54%) of acquisitions in 2021 will be in non-staffing related industries, with talent acquisition technologies being the most significant. Staffing organisations are aiming to consistently invest in technology, continue including platform-related business models in 2022.

The market upheaval has positively compelled the firms to sharpen up. In comparison to 2019, the staffing business in 2022 is more resilient, automated, efficient, sensitive, and experiencing increased demand.

Indian staffing industry

A GDP prediction of 8.5% for 2022 has sparked widespread optimism across industries. The increasing hiring intent comes following a k-shaped recovery (various sectors rebounding at considerably different rates) and the formal economy delivering on higher demand. Despite the upheavals on worldwide business, India's organised staffing industry has continued to expand at an unprecedented rate. In the previous year, the staffing market has demonstrated exceptional performance through its durability and stability. Indian workforce now recognises the future potential of organised business along with enormous benefits from social security and protections.

The development of countries is directly proportional to their share of formal employment. This can be attributed to demand side variables such as expanding share of organised economy, desire for quality services, compliance, and supply side factors such as rising education levels, urbanisation, and so on.

The government's new National Education Policy (NEP2020) is a thrust is towards vocational and skill education of students to prepare employable youth for the country. Government's policies like demonetisation, GST rollout, and UPI payments, demonstrate its commitment to the formalisation of the economy. To promote it further, the current Indian government has initiated changes, that are motivated by labour and social welfare concerns, improved governance, and revenue maximisation. These labour changes are currently being implemented and will be a major driver of workforce formalisation in the future years.

The goal of formalising jobs is to drive productivity to ultimately fuel the economy. Formal staffing employs an inclusive strategy to create quality jobs across sectors and thus improve prospects. With the 'New Normal,' the workforce has enablers that are resulting in a significantly broader representation for the future workforce.

The organised staffing industry in India is evolving and rapidly becoming prominent across diverse industries. Information technology staffing, e-commerce, logistics, and manufacturing encountered a rise in the previous year. The momentum is likely to remain favourable in the staffing industry despite the shift in growth in Q1FY22 in comparison to Q4FY21.

There is a huge demand surge in technology, IT consulting and services as digitalisation got a massive boost across all sectors, and this trend is likely to persist. This further drives the demand for talent.

The IT function has become extremely crucial, owing to remote hiring and hybrid employment. Expanded IT and sales function along with rise in attrition across departments and industries are some of the strong hiring determinants. The augmented hiring intent aims to secure both operational as well as growth frontiers.

³<https://www2.staffingindustry.com/eng/Editorial/Daily-News/World-Global-staffing-industry-revenue-set-to-grow-12-this-year-SIA-57816>

The formal staffing industry is increasingly becoming responsible to bridge the skill-employment gap and to address concerns in the Indian workforce. Further streamlining of labour laws, rules, and better regulatory oversight facilitates the staffing industry as well as India's economic and employment growth in the future.

Increased capacity utilisation mitigates the supply interruptions caused by the Covid-19 variants. This further promotes private investment and creates more employment opportunities. High-frequency indicators along with consistent well-being and positive credit growth collectively contribute to the total hiring intent.

Major employment trends in 2022⁴

- **AI and machine learning**

The demand for AI and Machine Learning is expected to surge and thus creating more job opportunities. With rapid digitisation of industries and sectors like IT and BFSI, the role of AI and machine learning will only grow in 2022.

According to industry projections, AI/Machine Learning investments in India would expand at a CAGR of 33.49% until 2023.

- **Chatbots**

Chatbots is expected to be the new customer support service. To improve customer engagement and keep up with the times, more businesses are implementing chatbots. The chatbots predicted to power about 45% of customer support services by 2022.

This will further increase the demand for roles in learning and development, travel, consumer analysis, and lead nurturing.

- **FinTech**

The Indian FinTech business is experiencing rapid growth, and is expected to become the world's third largest market by 2025. FinTech expansion would be seen in 2022 as well.

Increased digitization and fast digital adaptability are going to be crucial along with a finer understanding of required skills in the business.

- **IT**

IT never ceased to hire, even during the pandemic. This tendency is expected to continue in 2022 as well and thus surging the demand for IT talent.

The IT industry is expected to grow by 7% this year, with a gross personnel addition of roughly 450,000 expected in the second half of FY22.

- **Big data analytics**

It has been observed that 96% of organisations want to acquire new employees with relevant skills to meet

the growing demand of big data analytics-related opportunities in 2022.

In 2022, this will increase exponentially in demand. The e-recruitment market was dominated by roles in data science, cloud computing, and machine learning.

- **Digital skills**

In industries like BFSI and with emerging areas like cryptocurrencies, demand for qualified and digitally-skilled workforce is expected to increase consistently over time.

Data science, cloud computing, artificial intelligence, blockchain, and machine learning are the top skills that companies are looking for.

- **Salespeople**

Sales experts are expected to be in higher demand, particularly in businesses like FinTech, Retail, E-commerce, and Social Commerce.

- **Logistics staff**

Owing to increased demand, ecommerce companies intend to increase their hiring of delivery and supply chain personnel.

It has resulted in the establishment of job opportunities in tier II and tier III cities, with the participation of workers with even the most basic qualifications. This could result in a shift in engagement models, such as an increase in temporary and contractual employment during peak seasons.

- **Future unbound by geography**

The future is the hybrid mode of working. This is aligned with location-agnostic working and is crucial for tech organisations with huge workforces.

With more employees preferring remote work, more companies are now considering smaller facilities in tier-2 cities or opting for co-working spaces to provide greater resources and better technological access to their employees.

Tier-2 cities will experience a rise in demand in terms of hiring.

- **Fresher hiring**

Fresher hiring has increased in the last three months of the year, and is expected to grow further in 2022. The continued growth of start-ups will add to the demand for entry-level employees in a variety of fields so there is a positive outlook for new hires.

Flexi staffing industry

Flexi Staffing has repositioned itself in the Indian labour market. Around 72% of Flexi workers want retain their positions, and 85% of Flexi workers are satisfied with the existing situation.⁵ This indicates that the long-term

⁴<https://www.indiatoday.in/education-today/latest-studies/story/9-major-employment-trends-for-2022-monster-report-1899762-2022-01-13>

⁵ISF Report 2021

endeavour to transform temporary staffing into a mainstream job powerhouse has been assessed by the mid-level, senior, and aspiring professionals.

Flexi work grew by an additional 31% in India in 2021, compared to other employment types. Working in a temporary arrangement has significantly gained traction from flexi employees, while work-from-home and hybrid modes received mainstream traction.

The formalisation of workforce is predicted to grow exponentially in India over the next decade. This development can be attributed to the measures initiated by the Indian government like 'Make in India' along with a keen focus on increasing GDP per capita. It is expected to rise to 30.3% in 2025 and 38.3% in 2030.

A formalised workforce is one of the key growth drivers for the Flexi staffing business. The business is expecting to develop to 1.6% by 2025 and 2.7% by 2030, from 0.7% in 2018. Over the coming decade, shorter product life cycles, disruptive innovation, and a shifting competitive climate will necessitate greater employee flexibility. The flexi staffing market is predicted to grow at a 15% CAGR from 4.4 million to 15.4 million people between 2021 and 2030.

Women's participation

Temporary staffing engagement has been very uneven with women engagement increasing by 6% and men engagement dropping by 4%. The rise in women participation can be owed to a hybrid working environment, which accommodates simultaneous exploring of other career options.

Last year, majority of flexi staffing options shifted from outdoor sales to critical delivery services.

Youth employment

The youth are actively engaging in temporary positions. In India, an average of 4% of students joined flexi jobs during the final year. 2021 experienced an additional 21% more flexi employees with higher education and 11% more with higher skills than in 2020.

Nearly 70% of temporary worker profiles were graduates and above. This can be owed to the need of skill sets in technological industries, created by the rising use of digital services.

Sectoral growth drivers

Healthcare, IT & ITeS, Pharma, Edutech, and E-commerce grew in the previous year, with employment growth exceeding 35%. Because of the extensive digital integration and tech firms investing in automation, the majority of growth is projected in the IT & ITeS industry. These IT organisations are focusing on entry-level talent, particularly in temporary roles, which attracts more freshers to this work structure.

Over the next ten years, workers employed by leading flexi staffing firms are predicted to rise at a rate of 5.9%, or a 9.3% compound annual growth rate (CAGR). Other significant drivers of long-term growth would include an increase in overall workforce and market share of prominent staffing firms.

IT flexi staffing industry

Pandemic has resulted in firms being extremely reliant in technology. The exponential growth in IT investments remain a testament to that. The IT employment has increased a lot and continues to grow over the time, as a result of an improved outlook.

The increase in hiring intent is led by IT and Sales function roles, demonstrating that firms focus on both operations and expansion. IT functions are now thriving as a result of the hybrid working environment.

According to LinkedIn research, globally, the IT job requirement lies at 149 million between 2020 and 2025, representing a 29% CAGR. Industries adopting advance technologies and multiple cyber security breaches drives the rising demand and further growth.

According to Gartner's 2022 CIO and Technology Executive Survey, information security is most likely to attract investments. The BLS predicts that information security analysts will be the fastest growing profession in the US from 2020 to 2030, and the 19th fastest growing occupation among the US BLS's 800 occupations.⁶

The sector's unemployment rate declined to 1.7% a year later after peaking at 4.2% in Q3 2020, matching a pre-pandemic low. IT staffing firms have both possibilities and challenges as a result of the continuous skills shortage as well as constant demand for new skills.⁷ Despite the optimism of the IT staffing market, growth drivers along with appropriate strategies will be required to capitalise on new opportunities.

Surging competition and investing in advanced technologies are likely to contribute more towards the promising future of the IT staffing .

Online recruitment industry

Covid-19 has had an impact on global business processes, especially hiring. It was critical for firms to employ and adapt to newer recruitment processes. To ensure the well-being, organisations have moved to remote operations and rethinking strategies to hire new talent.

Several companies have successfully transformed from physical to virtual and HR managers are looking to change recruitment tactics in the aftermath of the outbreak. Technology has played a major role in mitigating risks while acquiring talent. Organisations are increasingly using virtual and online recruitment programmes to safeguard both their personnel and their candidates.

According to an analysis, the market is predicted to expand at a CAGR of 7.1% from 2021 to 2028, from US\$ 29292.3 million in 2021 to US\$ 47315.0 million in 2028.⁸

Recruitment organisations are integrating data analytics-driven solutions for their applicant tracking procedures to leverage on virtual hiring. This data-driven strategy uses a variety of algorithms and data sources to address both enterprise-wide and employee recruiter preferences.

⁷ <https://www2.staffingindustry.com/eng/Editorial/IT-Staffing-Report/Jan.-6-2022/IT-staffing-growth-drivers-firmly-in-place-in-2022-and-beyond>

Recruitment organisations are now developing technological alliances to enhance online recruitment. These help with candidate identification, recruitment, engagement, and conversion into applicants and thus increases the efficiency of the process.

A rising number of businesses are incorporating artificial intelligence into their hiring processes. Various technologies, such as applicant tracking software, interviewing software, and candidate relationship management software, are improving global virtual recruitment. These factors along with the global availability of various recruiting solutions, are encouraging the adoption of online recruitment processes, thus, driving the market.

Edtech and employability industry

Significant technical breakthroughs, a large influx of foreign capital, and other macroeconomic pressures have changed the industry demand. This transformation has set the stage for India's economic progress to the next phase. To keep up with the changing economic realities and along with digital-first approach the Indian workforce needs to be rigorously upskilled

In 2022, the intention to upskill has reached a new high, with 79% of professionals (including freshers) expecting to do so, up from an already high number in 2021.

In 2021 and 2022, professionals from Mumbai, Delhi, and Hyderabad expressed the greatest interest in upskilling. However, according to Great Learning, Bangalore, Chennai, and Hyderabad are the preferable locations for tech and data fields demand. With the development of remote working and online hiring, tier 2 and 3 cities like Nagpur, Ernakulam, Mysore, Jaipur, Indore, and etc have demonstrated a strong desire to upskill

The National Skill Qualification Framework would be aligned with the evolving industrial needs, according to the measures stated in the Union Budget 2022-23. The productivity-linked incentive schemes (implemented across 14 sectors), will have the potential to create 60 lakh new work opportunities, boosts new job and skilling opportunities.⁹

Due to rising digital transformation and the dynamic nature of the industry, the IT, BFSI, and consulting sectors continue to thrive. Professionals in healthcare and education are trying to upskill in data and technological skills. Globally, 2021 was a year of new benchmarks in online learning and upskilling, and it appears that this interest in learning would only keep growing and persist in the future year. Upskilling is gaining traction in smaller Indian cities, indicating how geographical barriers are being broken.

RegTech (regulatory technology)

Demand for digital financial services along with rising criminal cases drive the need the RegTech industry. The industry uses big data, cloud computing, and machine learning algorithms to aid heavily regulated enterprises and regulatory bodies. These operations are executed through a set of automated risk management systems, regulatory reporting solutions, and the operation of internal compliance procedures.

By 2026, the global RegTech market is anticipated to be worth \$33.1 billion dollars.¹⁰ The RegTech solution's first phase is focused on fraud prevention and regulatory compliance. Companies can now expect solutions that can deliver a better level of analysis connected with risk and performance using existing information, as AI, big data, and NLP are the primary drivers of this market.

RegTech firms raised \$13.5 billion in 320 deals in the first nine months of 2021, with major transactions over \$100 million driving the total and thus indicating a growing demand in the financial sector.

This year, RegTech industry demonstrated exceptional performance. This can be owed to the maturing market and online trading platforms becoming moderately cautious from being moderately aggressive. The industry now places a greater emphasis on regulatory compliance than ever before.

The cumulative effect of previous regulatory moves is beginning to have a big impact. RegTech solutions are allowing businesses to comply with the law without losing customers and the sector has embraced those regulations in large numbers. RegTech is no longer solely connected with financial services; solutions for compliance will continue to spread across a range of regulated industries, including energy, education, pharmaceuticals, and healthcare.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code

of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key audit matters

How our audit addressed the key audit matter

A. Revenue recognition and recoverability of trade receivables

The Company's revenue for the financial year ended March 31, 2022 is ₹ 564,022.82 Lakhs, majority of which are from General Staffing and allied services. The Company has various streams of revenue with multiple types of customer contracts characterized by a larger volume of transactions.

Trade Receivables of ₹ 24,204.18 Lakhs represent significant portion of total assets as at March 31, 2022. The Company has adopted a provisioning policy in respect of trade receivables based on historical trends and available industry information.

Due to multiple types of revenue contracts with large volume of transactions and significant judgment required by the management to estimate provision for trade receivables, this matter is considered as a key audit matter.

We understood, evaluated and tested the operating effectiveness of the internal controls over revenues and trade receivables processes.

We selected samples from various types of customer contracts and tested the occurrence, completeness and measurement of those transactions by inspecting the underlying documents.

We performed audit procedures on existence of trade receivables, which included obtaining and comparing balance confirmations with books, testing of invoices and subsequent collections for audit samples selected.

We evaluated the assumptions used to calculate the provision for trade receivables through analysis of ageing, historical collection and bad debts write-off trends, specific individual circumstances of the customers and forward-looking estimates taking into account the possible effect of post effect of current economic environment arising from Covid-19 situation.

Key audit matters

Refer Note 28 and Note 16 to the standalone IND AS financial statements for the Company's disclosures on revenues and trade receivables respectively.

B. Investment / Loans and advances to group companies

As at March 31, 2022, the Company has non-current investments in subsidiaries of ₹ 32,404.65 Lakhs which are carried at cost. In accordance with Ind AS, these investments are tested for impairment using discounted cash flow models i.e., the recoverable value of each investment is compared to the respective carrying values as at the balance sheet date. Deficit, if any, between the recoverable value and the carrying value results in an impairment provision.

The key inputs and assumptions used in the aforesaid model are following:

- Revenue Growth Rate
- Operating Margins
- Long term Growth Rate
- Discount Rate

Further, the Company has granted interest bearing long-term loans to group companies. Management assesses the recoverability of such loans after taking into account the future cash flow surpluses expected to be generated by the respective borrower entities.

Due to the significant carrying values of these investments and loans to group companies; and significant management judgments and estimates involved in performing assessment of impairment and recoverability of loans, this matter is considered as a key audit matter.

Refer to Note 8 and Note 10 to the standalone Ind AS financial statements.

How our audit addressed the key audit matter

We assessed the disclosures in the standalone Ind AS financial statements for compliance with the disclosures requirements.

We assessed and tested the operating effectiveness of the internal controls over preparation of annual budgets and future forecasts for various business reporting units including impairment assessment for investments and loans. We compared the future operating cash flow forecasts considered for impairment assessment with the business plan and budgets duly approved by the Board of Directors of the Company.

We involved our valuation specialists to perform an evaluation of the Company's valuation model and the underlying key assumptions, including long-term growth and discount rates taking into account the possible effect of COVID-19 situation.

We evaluated sensitivity of the valuation to changes in key assumptions and compared the assumptions to corroborating information including industry reports and competitor's information, historic performance of the Company, economic developments and industry outlook.

We obtained and read the audited financial statements of the subsidiaries and joint venture to understand the net worth, cash flows and other financial information.

We assessed the disclosures in the standalone Ind AS financial statements for compliance with the disclosure requirements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the Board Report, Corporate Governance Report, Business Responsibility Report and Report on Management Discussion and Analysis included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness

of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that

may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE 1

referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" to the Independent Auditor's Report of even date on the Standalone Ind AS Financial statements of TeamLease Services Limited.

In terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (a) (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) All property, plant and equipment have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) There is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), held by the Company and accordingly, the

requirements under paragraph 3(i)(c) of the Order are not applicable to the Company.

- (d) The Company has not revalued its property, plant and equipment (including Right of use assets) or intangible assets during the year ended March 31, 2022.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The Company's business does not require maintenance of inventories and, accordingly, the requirement to report on clause 3(ii)(a) of the Order is not applicable to the Company.
- (b) As disclosed in note 23 to the financial statements, the Company has been sanctioned working capital limits in excess of ₹ five crores in aggregate from banks or financial institutions during the year on the basis of security of current assets of the Company. The quarterly returns/statements filed by the Company with such banks and financial institutions are in agreement with the books of accounts of the Company.

- (iii) (a) During the year the Company has provided loans, advances in the nature of loans and stood guarantee to companies, firms, Limited Liability Partnerships or any other parties as follows:

Particulars	(₹ In Lakhs)		
	Loans	Debenture Application Money	Guarantee
Aggregate amount granted during the year			
Subsidiaries	3,325.50	1,320	1,000
Other related party	-	-	450
Balance outstanding as at balance sheet date in respect of above cases			
Subsidiaries	1,743	1,320	2,200
Other related party	-	-	2,450

- (b) During the year the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees to companies, firms, Limited Liability Partnerships or any other parties are not prejudicial to the Company's interest.
- (c) The Company has granted loans and / or advance in the nature of loans during the year to companies, firms, Limited Liability Partnerships or any other parties where the schedule of repayment of principal and payment of interest has been stipulated and the repayment or receipts are regular.
- (d) There are no amounts of loans and advances in the nature of loans granted to companies, firms, limited liability partnerships or any other parties which are overdue for more than ninety days.
- (e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties which was fallen due during the year, that have been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) The Company has not advanced loans to Directors / to a company in which the Director is interested to which provisions of section 185 of the Act apply and hence not

commented upon. Further, according to the information and explanations given to us, provisions of section 186 of the Act in respect of loans and advances given, investments made, guarantees and securities given, to the extent applicable, have been complied with by the Company.

- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) The Company is not in the business of sale of any goods or provision of such services as prescribed. Accordingly,

the requirement to report on clause 3(vi) of the Order is not applicable to the Company.

- (vii) (a) Undisputed statutory dues including income-tax, duty of custom, goods and service tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there have been slight delays in remittance of employee state insurance and professional tax in few cases and serious delays in remittance of provident fund dues in many cases. According to the information and explanations given to us and audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

- (b) The dues of income-tax, service tax and professional tax have not been deposited on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in lakhs)	Period to which the amount relates	Forum where the dispute is pending

ANNEXURE 2

to the Independent Auditor's Report of even date on the Standalone Ind AS Financial Statements of TeamLease Services Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone Ind AS financial statements of TeamLease Services Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone Ind AS financial statements included obtaining an understanding of internal financial controls with reference to these standalone Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone Ind AS financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Ind AS Financial Statements

A company's internal financial controls with reference to standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Ind AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control with reference to standalone Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has maintained, in all material respects, adequate internal financial controls with reference to standalone Ind AS financial statements and such internal

financial controls with reference to standalone Ind AS financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

1 Corporate information

TeamLease Services Limited (the "Company") is a HR Services Company incorporated on 2 February 2000 under the provisions of the Companies Act applicable in India having its registered office located at 6th Floor, BMTCC Commercial Complex, 80 Feet Road, Koramangala, Bangalore - 560095. The Company provides to its clients a gamut of HR services that include Staffing Services, Temporary Recruitment, Permanent Recruitment, Payroll Process Outsourcing, Regulatory Compliance Services, Vocational Training / Education and Assessments.

The Company was converted into a Public Limited company and obtained a fresh certificate of incorporation dated 15 May 2015. The equity shares of the Company got listed on National Stock Exchange of India Limited ("NSE") and BSE Limited ("BSE") w.e.f. 12 February 2016.

The standalone financial statements are approved by the board of directors and authorized for issue in accordance with a resolution of the directors on 18 May 2022.

2 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) specified under section 133 of the Companies Act, 2013 ('the Act'), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the standalone financial statements.

The standalone financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities (refer accounting policy regarding financial instrument) and share-based payments, which are measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services as at the date of respective transactions. Accounting policies are consistently applied.

The standalone financial statements are presented in Indian Rupees and all values are rounded to nearest lakhs except when otherwise stated.

3 Summary of significant accounting policies

3.1 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. Advance tax paid is classified as non-current assets.

The operating cycle is the time between the recognition of assets and their realisation in cash and cash equivalents. The Company has considered twelve months as its operating cycle.

3.2 Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates, i.e., the "functional currency". The financial statements are presented in Indian rupee (₹), which is functional and presentation currency of the Company.

ii) Transactions and balances

Foreign currency transactions are initially recorded by the Company at their respective functional currency spot rate at the date the transaction first qualifies for recognition.

- 1) Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

- 2) Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are translated using the exchange rates at the date of the initial transactions. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when fair value was determined.
- 3) Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss in the period in which they arise.

3.3 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks.

Revenues in excess of invoicing are classified as Contract Assets (unbilled revenue), while invoicing in excess of revenues are classified as Contract Liability (unearned revenue).

The specific recognition criteria described below must also be met before revenue is recognised.

Manpower services

Revenue from manpower services is accounted on accrual basis on performance of the services agreed in the contracts with customers.

Recruitment and other services

Revenue from permanent recruitment services, temporary recruitment services, skills and development, regulatory services and payroll is recognized on accrual basis on performance of the services as agreed in the customer contracts.

Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest

rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit or loss.

Dividends

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when Shareholders/ Board of Directors approve the dividend.

3.4 Taxes

Income tax

Income tax expense comprises current tax expense and deferred tax charge or credit during the year. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognised using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses only if it is probable that future taxable profits will be available to utilise the same, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of deductible temporary differences associated with investments in subsidiaries, associates, and interest in joint venture deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

3.5 Assets held for sale

The Company classifies assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

Assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

Assets and liabilities classified as held for sale are presented separately from other items in the balance sheet.

3.6 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease, i.e., if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as a Lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right of use Assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the

underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the asset. The right-of-use assets are also subject to impairment. Refer to accounting policies in section 3.9 impairment of non-financial assets.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies recognition exemption to leases for which the underlying asset is of low value. Lease payments on

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

3.7 Property, plant and equipment

Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment. All repair and maintenance costs are recognised in profit or loss as incurred.

An item of property, plant and equipment and any significant part thereof initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation methods, estimated useful lives

Depreciation is calculated using the straight-line method over the estimated useful lives of the plant and equipment as given under Part C of Schedule II of the Act as follows:

Asset	Useful life in Years
Office equipment	5
Computers	3
Furniture and fixtures	5-10
Vehicles	6

Leasehold improvements are depreciated over the period of the lease or estimated useful life, whichever is lower.

3.8 Intangible assets

"Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible

asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Research and development costs

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortization expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

(All amounts in Rs. lakhs, unless otherwise stated)

Amortization methods, estimated useful lives

Amortization is calculated using the straight-line method over the estimated useful lives of the Intangibles as follows:

Intangible assets	Useful life in Years	Internally generated or acquired
Softwares	3 years	Acquired/Internally generated

3.9 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that any property, plant & equipment, right of use assets and intangible assets may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

3.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at transaction cost and where such values are different from the fair value, at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value

through profit and loss are immediately recognised in the statement of profit and loss.

Investment in equity instruments issued by subsidiaries, associate and joint venture are measured at cost less impairment. Investment in preference shares/ debentures of the subsidiaries, associate and joint venture are treated as equity instruments if the same are convertible into equity shares. Investment in preference shares/ debentures not meeting the aforesaid conditions are classified as debt instruments at amortised cost.

Effective interest method

The effective interest method (EIR) is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

Subsequent measurement

(i) Financial assets

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost through effective interest method if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit and loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in statement of profit and loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets. The Company follows 'simplified approach' for recognition of provision for ECL on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes provision for ECL based on lifetime ECLs at each reporting date, right from its initial recognition. Provision for ECL is recognised for financial assets measured at amortised cost and fair value through profit or loss.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/(losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Derecognition of financial assets

A financial asset is derecognised only when the rights to receive cash flows from the asset have expired or the Company has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the

Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Financial liabilities at amortised cost

Financial liabilities are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost through effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short term maturity of these instruments.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognised in OCI. These gains/loss are not subsequently transferred to the statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(iii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

(iv) Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

3.11 Borrowing costs

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are charged to statement of profit and loss.

3.12 Treasury shares

The Company has created an Employee Benefit Trust ('EBT') for providing share-based payment to its employees. The promoters/ directors of the Company, in prior years had contributed certain equity shares free of cost to EBT, which are issued to employees in accordance with the Company's Employee stock option plan.

The Company treats EBT as its extension and shares held by EBT are treated as treasury shares carried at nil value. Share options exercised during the reporting period are adjusted against treasury shares.

Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in reserve.

3.13 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, net of bank overdrafts.

3.14 Employee benefits

(a) Defined benefit plan

Gratuity obligations

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, done on projected unit credit method as at the balance sheet date. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur in other comprehensive income and is transferred to retained earnings in the statement of changes in equity in the balance sheet. Such accumulated re-measurements are not reclassified to the statement of profit and loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of :

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

Compensated absences

The employees of the Company are entitled to be compensated for unavailed leave as per the policy of the Company, the liability in respect of which is provided, based on an actuarial valuation (using the projected unit credit method) at the end of each year. Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits and those expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. Actuarial gains/ losses are recognised in the Statement of Profit and Loss in the year in which they arise.

Contribution to TeamLease Provident Fund

The Company had a defined benefit plan for post employment benefits in the form of provident fund. The Company made contribution for provident fund to the trust set up by the Company and administered by the trustees. The interest rate payable to the members of the trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952, and shortfall, to be made good by the Company. The Company's liability was actuarially determined (deterministic approach) at the end of the year. Actuarial losses/ gains were recognized in the Statement of Profit and Loss in the year in which they arise. Effective March 2022, PF contribution has been remitted to Employee Provident Fund Organisation (EPFO) by the Company basis exemption granted under para 27 read with section 17(2) of the Employees Provident Fund Act by EPFO. Also refer Note 49.

(b) Defined contribution plan

Contribution to Government Provident Fund

The Company pays provident fund contributions to publicly administered provident funds as per applicable regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

(c) Share-based payments

Employees of the Company receive remuneration in the form of employee option plan / stock appreciation rights plan of the Company (equity settled instruments) for rendering services over a defined vesting period. Equity instruments granted are measured by reference to the fair value of the instrument at the date of grant. The expense is recognised in the statement of profit and loss with a corresponding increase in equity over the period that the employees unconditionally becomes entitled to the award. The equity instruments generally vest in a graded manner over the vesting period i.e. the period over which all the specified vesting conditions are to be satisfied. The fair value determined at the grant date is expensed over the vesting period of the respective tranches of such grants (accelerated amortization). At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in the statement of profit and loss, with a corresponding adjustment to equity. The stock option compensation expense is determined based on the Company's estimate of equity instruments that will eventually vest.

3.15 Provisions and contingent liability

Provision

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability

Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

future events beyond the control of the Company, or a present obligation that arises from past events where it is not probable that an outflow of resources will be required to settle the obligation.

A contingent liability also arises in extremely rare cases where there is a liability that cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

3.16 Cash dividend distribution to equity holders

The Company recognizes a liability to make cash distributions to equity holders of the Company when the distribution is authorized and the distribution is no longer at the discretion of the Company. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

3.17 Earnings Per Share (EPS)

Basic EPS is calculated by dividing the profit/loss for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is calculated by dividing the profit attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

3.18 Operating segment

The Board of Directors have been identified as the Chief Operating Decision Maker (CODM) as defined by IND-AS 108, Operating Segment. CODM evaluates the performance of the Company and allocated resources based on the analysis of various performance indicators of the Company. The operating segment comprises of the following:

- a) Staffing and Allied Services - Comprises of Staffing Operations, Temporary Recruitment and Payroll & NETAP.
- b) Other HR Services - Comprises of Permanent Recruitment, Regulatory Compliance and Training Operations.

3.19 Significant accounting judgments, estimates and assumptions

The preparation of the Company's standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported

amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected/ updated in the assumptions when they eventually occur.

Defined benefit plans

The cost of the defined benefit plans and other post-employment benefits and the present value of the obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rate of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation. The mortality rate is based on publicly available mortality table in India. The mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

The charge in respect of periodic depreciation/ amortisation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at each financial year end. The lives are based on technical advice, prior asset usage experience and the risk of technological obsolescence.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Taxes

Deferred tax assets are recognised on deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Impairment of non-current assets

Determining whether long-term investments and loans are impaired requires an estimation of the value in use of the individual investments in subsidiaries, associate and joint venture or the relevant cash generating units. The value in use calculation is based on Discounted Cash Flow ('DCF') model. Further, the cash flow projections are based on estimates and assumptions relating to operational performance, growth rate, operating margins of the CGU, etc.

Other estimates

The preparation of financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the Company estimates the probability of collection of accounts receivable by analysing historical payment patterns, customer concentrations and current economic trends. If the financial condition of a customer deteriorates or there is an overall deterioration in the credit risk macro environment, additional allowances may be required in future.

Covid-19 pandemic related uncertainty

Refer Note 54 in respect of disclosure relating to likely impact of Covid-19 on the future cash flows and going concern assessments made by the management.

Note 39: Fair value measurements

Financial assets measured at fair value through profit/ loss:

Particulars	31 March 2022	31 March 2021
Financial Assets		
Investment in mutual funds (Quoted price in active markets Level 1)	5,034.65	6,011.73

There are no transfers between levels during the year.

Management has assessed that the fair value of cash and cash equivalents, bank balances other than cash and cash equivalents, investments, loans, trade receivables, unbilled revenue, trade payables, borrowings, lease liabilities, other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included in the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(All amounts in Rs. lakhs, unless otherwise stated)

Note 40: Financial risk management objectives and policies

The Company has exposure to the following risks arising from financial instruments:

- Market risk;
- Credit risk; and
- Liquidity risk.

Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal auditors. Internal Audit function includes regular reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and foreign currency risk.

Financial instruments affected by market risks include trade receivable, trade payable and borrowings.

(i) Foreign Currency Risk

Foreign currency risks is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign currency rates. The Company does not have significant foreign currency exposure and hence is not exposed to any significant foreign currency risks.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates. The Company does not have significant debt obligation with floating interest rates, hence is not exposed to any significant interest rate risks.

(b) Credit risk

Credit risk is the risk that counterparty will not meet its contractual obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and loans receivables, investments and other financial instruments.

With respect to trade receivables/unbilled revenue, the Company has framed the policies to review the receivables on periodic basis and to take necessary mitigations, wherever required. The Company follows 'simplified approach' for recognition of provision for ECL on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes provision for ECL based on lifetime ECLs at each reporting date, right from its initial recognition.

Management does not expect any significant loss from non-performance by counterparties on credit granted during the financial year that has not been provided for.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Note 40: Financial risk management objectives and policies (Contd..)

The following table summarises the changes in the loss allowance measured using ECL:

Particulars	31 March 2022	31 March 2021
Opening balance	1,282.16	3,112.75
Amount (reversed)/provided during the year	(224.64)	578.13
Amount adjusted for bad debts	(240.27)	(2,408.72)
Closing provision	817.25	1,282.16

Financial instruments

Credit risk from balances with the banks and financial institutions and current investments are managed by the Company's treasury team based on the Company's policy. Investment of surplus fund is made only with approved counterparties.

Counterparty credit limits are reviewed by the Company periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and bank borrowings. The summary of the maturity profile of the Company's financial liabilities is as below:

Particulars	Maturity period	31 March 2022	31 March 2021
Financial liabilities - Current			
Borrowings	Within 1 year	2,516.84	1.38

Lease liabilities	Above 5 years	21.21	36.30
Other financial liabilities	1 - 5 years	133.97	-
		2,042.98	1,399.06

Note 41: Capital management

The key objective of the Company's capital management is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor and customer confidence and to ensure future development of its business. The Company is focused on keeping strong capital base to ensure independence and sustained growth in business.

The Company is predominantly equity financed. To maintain and adjust capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The Company has very minimal amount of borrowings. The existing surplus funds along with the cash generated by the Company, are sufficient to meet its current/non-current obligations and working capital requirements.

Note 42: Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The Board of Directors of the Company is identified as the Chief Operating Decision Maker ("CODM") as defined by Ind AS 108, Operating Segment. The CODM evaluates the Company's performance and allocate resources based on analysis of various performance indicators of the Company.

The reportable business segments are in line with the segment wise information which is being presented to the CODM and for which discrete financial information is available.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Note 42: Segment information (Contd..)

The accounting policies consistently used in the preparation of the financial statements are also applied to record revenue and expenditure in individual segments. Assets, liabilities, revenues and direct expenses in relation to segments are categorised based on items that are individually identifiable to that segment, while other items, wherever allocable, are apportioned to the segments on an appropriate basis. Certain items are not specifically allocable to individual segments as the underlying services are used interchangeably and accordingly such items are separately disclosed as 'unallocated'.

(i) Reportable segments:

Reportable operating segments of the Company are as follows:

- General Staffing and Allied Services** - Comprises of Staffing Operations, Temporary Recruitment and Payroll & NETAP.
- Other HR Services** - Comprises of Permanent Recruitment, Regulatory Compliance and Training Operations.

(f) Corporate guarantee given for credit facility taken by TeamLease Skills University	2,450.00	4,000.00
(g) Corporate guarantee given for credit facility taken by TeamLease Edtech Limited	1,000.00	-

* In addition to aforesaid service tax matters in dispute, the Company has filed writ petition with the Hon'ble High Court of Kolkata for service tax demands pertaining to the period April 2006 to December 2008 aggregating to ₹ 887.81 lakhs (including penalty etc.) against which the Company has already settled ₹ 442.46 lakhs and balance is largely provided for as a matter of abundant caution (Refer note 22).

** Bonus liability pursuant to the amendment of Payment of Bonus Act, 1965, for financial year 2014-15 is considered as contingent liability, based on expert legal opinion obtained by the Company and stay orders from various High Courts across the country. As per the contractual agreement with the customers, ₹ 3,332.97 lakhs in respect of associate employees is recoverable from the customers in case such liability arises.

***The Company is claiming deduction available under Section 80JJAA of the Income Tax Act, 1961 ("Act") with respect to eligible expenditure incurred for net additional associate employees hired in each year with effect from financial year 2016-17 till date. The Company's claim for the financial years 2016-17 and 2017-18 was allowed in tax assessments completed earlier under Section 143(3) of the Act.

In current year, the Income Tax authorities have disallowed the deduction u/s 80JJAA for financial year 2018-19 (AY 2019-20) and issued notice for reassessment u/s 148 of the Act for financial year 2017-18 (AY 2018-19).

The Company has filed appeal before National Faceless Appeal Centre under Section 246(1)(a) of the Act for AY 2019-20 and a writ petition before the Hon'ble Karnataka High Court for AY 2018-19, challenging the stand taken by tax authorities.

The Company believes that deduction under Section 80JJAA has been claimed in accordance with the provisions of the Act, and as advised by the legal experts, is reasonably confident of favourable outcome in the matter. Accordingly, no provision is considered necessary by the management in the said matter.

Note 49: PF Trust Investments

The Company had its own Provident Fund Trust i.e. "TeamLease Services Ltd. Employees Provident Fund Trust" ("PF Trust") through which it managed provident fund liability for its employees. Accordingly, the PF Trust was considered as a defined benefit plan. The Company was responsible for meeting the shortfall in the value of the assets of the PF Trust, if any, in meeting its obligations, to settle PF dues of the employees. The PF Trust had made investments of ₹ 17,373.78 lakhs (31 March 2021: ₹ 17,373.78 lakhs) in two non-banking financial companies ('NBFCs') which had maturities between FY 2020-21 to FY 2026-27, which were under severe liquidity stress and undergoing insolvency proceedings.

During the year, investment in one of the NBFC was realised through NCLAT proceedings and PF Trust recovered ₹ 5,458 lakhs resulting into a realised loss of ₹ 5,894 lakhs on such investment. Basis such recoveries, on prudent basis, the management also estimated additional loss of ₹ 1606 lakhs on realisation of the investments in other NBFC, which is still pending resolution/settlement. Accordingly, the Company recorded a provision of ₹ 7,500 lakhs to meet the anticipated shortfall in the PF Trust during quarter ended 30 September 2021.

Further, on 2 February 2022, the Company filed an application with Employee Provident Fund Organisation (EPFO) for surrender of the PF Trust exemption granted under para 27 read with section 17(2) of the Employees Provident Fund Act. The said exemption was granted w.e.f. 1 March, 2022 and PF contribution for the month of March 2022 has been remitted to EPFO by the Company.

The Company disposed all its investments in PF Trust during March 2022 (except for investment in IL&FS) and deposited the realised funds with EPFO amounting to ₹ 154,535 lakhs (including ₹ 5,719.87 lakhs contributed by TeamLease) to settle the cumulative obligations of the PF Trust.

Accordingly, the Company has reversed provision of ₹ 1,780.13 lakhs based on settlement of the aforesaid matter and ₹ 5,719.87 Lakhs (net) has been disclosed as an exceptional item in the Standalone financial statements (Refer note no. 34).

Note 50: Assets and liabilities held for sale

On 2 December, 2021, the Company entered into a sale agreement with a third party, for sale of 100% equity stake in IIJT Education Private Limited ('IIJT') at an agreed consideration of ₹ 470 lakhs. Accordingly, IIJT ceases to be a subsidiary of the Company w.e.f. 2 December 2021 and necessary gain / loss etc. have been accounted for under respective heads.

Consolidated Financial Statements

INDEPENDENT AUDITOR'S REPORT

To the Members of **TeamLease Services Limited**

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of TeamLease Services Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group" comprising of the consolidated Ind AS Balance Sheet as at March 31, 2022, the consolidated Ind AS Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, their consolidated profit including other comprehensive loss, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the

Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements' section of our report. We are independent of the Group, in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated Ind AS financial statements.

Key audit matters

Revenue recognition and recoverability of trade receivables

The Group's consolidated revenues for the Financial Year 2021-2022 amounts to ₹ 647,982.31 Lakhs, mainly from General staffing and allied services.

The Group has various streams of revenue with multiple types of customer contracts characterized by large volume of transactions.

The Group has adopted a provision policy in respect of overdue trade receivables based on the past collection trends and industry data and factored impact of future credit risk on account of Covid 19.

How our audit addressed the key audit matter

We understood, evaluated and tested the operating effectiveness of internal controls over revenue and trade receivables processes.

We selected samples from various types of customer contracts and tested the occurrence, completeness and measurement of those transactions by inspecting the underlying documents.

We performed audit procedures on existence of trade receivables, which included obtaining and comparing balance confirmations with books, testing of invoices and subsequent receipts for audit samples.

Key audit matters

How our audit addressed the key audit matter

Revenue recognition and recoverability of trade receivables

Due to the multiple types of revenue contracts with various streams, significance of carrying values of trade receivables and the judgement involved for doubtful debts provision, this matter is considered significant. Refer to Note 28 and Note 16 to the consolidated Ind AS financial statements for the group's disclosure on revenue and trade receivables respectively.

We evaluated the assumptions used to calculate the provision for trade receivables through analysis of ageing, historical collection and bad debts write-off, specific individual circumstances of the customers etc.

We assessed the disclosures in the consolidated Ind AS financial statements for compliance with the disclosure requirements.

Impairment of Goodwill

Goodwill in consolidated Ind AS financial statement is ₹ 17,326.66 Lakhs as at March 31, 2022.

We assessed and tested the operating effectiveness of the internal controls over preparation of annual budgets and future forecasts for various business reporting units.

In determining the fair value/value in use of business reporting units, the Group has applied judgment in estimating future revenues, operating profit margins, long-term growth rate and discount rates.

We compared the future operating cash flow forecasts with the business plan and budgets duly approved by the Board.

The carrying value of goodwill is tested annually for impairment. The Group performed its annual impairment test of goodwill and determined that there was no impairment.

We involved valuation specialists to assist in examining the Group's valuation model and analyzing the underlying key assumptions, including long-term growth rates and discount rates.

Key assumptions concerning the impairment test are disclosed in Note 6 to the consolidated Ind AS financial statements.

We evaluated the sensitivity in the valuation, resulting from changes to key assumptions and compared the assumptions to corroborating information including industry reports and competitor's information, historic performance, local economic developments and industry outlook.

Due to the significance of the carrying value of goodwill and judgment involved in performing impairment test, this matter was considered significant to our audit.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the Board's Report, Corporate Governance Report, Business Responsibility Report and Report on Management Discussion and Analysis included in the Annual report, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of

the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- (a) We did not audit the financial statements and other financial information, in respect of seven subsidiaries, whose Ind AS financial statements include total assets of ₹ 33,163.99 Lakhs as at March 31, 2022, and total revenues of ₹ 62,071.22 Lakhs and net cash inflows of ₹ 207.96 Lakhs for the year ended on that date. These financial statements and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of such other auditors.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory

Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

ANNEXURE 1 to the Independent Auditor's Report of even date on the Consolidated Ind AS Financial Statements of TeamLease Services Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of TeamLease Services Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to consolidated Ind AS financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated Ind AS financial statements included obtaining an understanding of internal financial controls with reference to consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated Ind AS financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Ind AS Financial Statements

A company's internal financial control with reference to consolidated Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Ind AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated Ind AS financial

statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated Ind AS financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group, has maintained in all material respects, adequate internal financial controls with reference to consolidated Ind AS financial statements and such internal financial controls with reference to consolidated Ind AS financial statements were operating effectively as at March 31,2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated Ind AS financial statements of the Holding Company, in so far as it relates to seven subsidiaries, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

1 Corporate information

TeamLease Services Limited (the "Company") and its subsidiaries, associate, joint venture and trust are collectively referred herein as the "Group". The Group is primarily engaged in providing a gamut of HR services that include Staffing Services, Temporary Recruitment, Permanent Recruitment, Payroll Process Outsourcing, Regulatory Compliance Services, Vocational Training / Education and Assessments, Telecom Staffing, Technology led specialized academic services and end to end hiring technology driven services.

The Company was converted into a Public Limited Company and obtained a fresh certificate of incorporation dated 15 May 2015. The equity shares of the Company got listed on National Stock Exchange of India Limited ("NSE") and BSE Limited ("BSE") w.e.f. 12 February 2016.

The consolidated financial statements are approved by the board of directors and authorized for issue in accordance with a resolution of the directors on 18 May 2022.

2 Basis of preparation

The consolidated financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) specified under section 133 of the Companies Act, 2013 ('the Act'), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the consolidated financial statements.

The consolidated financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities (refer accounting policy regarding financial instruments), defined benefit plan assets and share-based payments, which are measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services as at the date of respective transactions.

The consolidated financial statements are presented in Indian Rupees and all values are rounded to nearest lakhs except when otherwise stated.

(i) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company, its subsidiaries, associate, joint venture and ESOP trust as at 31 March 2022. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over

the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Company, i.e., year ended on 31 March.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Consolidation procedure:

- Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised are eliminated in full).

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

Group information:

(a) Subsidiaries and Trust

The consolidated financial statements of the Group includes subsidiaries and ESOP trust listed in the table below:

Name of the subsidiary	Principal activities	Country of incorporation	% equity interest

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

(b) Associate and Joint venture

Associate is an entity over which the group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

Details of joint venture considered for consolidation, with respective holdings thereof are as follows:

Particulars	Principal activities	Country of incorporation	Date of acquisition	% of holding	
				31 March 2022	31 March 2021
TeamLease Regtech Private Limited (TRPL) (subsidiary w.e.f. 3 April 2021)	SAAS based governance, risk and compliance automation	India	1 November 2018	-	43.00

The Group's investments in its associate and joint venture are accounted for using the equity method. Under the equity method, the investment in an associate and joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate and joint venture since the acquisition date. The statement of profit and loss reflects the Group's share of the results of operations of the associate and joint venture. Unrealised gains and losses resulting from transactions between the Group and the associate and joint venture are eliminated to the extent of the interest in the associate and joint venture.

If an entity's share of losses of an associate and joint venture equals or exceeds its interest in the associate and joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate and joint venture), the entity discontinues recognising its share of further losses, unless the Group has legal or constructive obligations or made payments on behalf of the associate and joint venture. If the associate and joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. Advance tax paid is classified as non-current assets.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has considered twelve months as its operating cycle.

3 Summary of significant accounting policies

3.1 Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle

3.2 Foreign currency translation

i) Functional and presentation currency

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates, i.e., the "functional currency". The financial statements are presented in Indian rupee

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

(₹), which is functional and presentation currency of the Group.

ii) Transactions and balances

Foreign currency transactions are initially recorded by the Group at their respective functional currency spot rate at the date the transaction first qualifies for recognition.

- 1) Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.
- 2) Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are translated using the exchange rates at the date of the initial transactions. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when fair value was determined.
- 3) Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss in the period in which they arise.

3.3 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks.

Revenues in excess of invoicing are classified as Contract Assets (unbilled revenue), while invoicing in excess of revenues are classified as Contract Liability (unearned revenue).

The specific recognition criteria described below must also be met before revenue is recognised.

Manpower services

Revenue from manpower services is accounted on accrual basis on performance of the services agreed in the contracts with customers.

Recruitment and other services

Revenue from permanent recruitment services, temporary recruitment services, skills and development,

regulatory services, job portal, Payroll, NETAP and specialized academic services is recognized on accrual basis on performance of the services as agreed in the customer contracts.

CSR grants and donations

CSR grants in the nature of donation from third parties are recognised when received.

Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit or loss.

Dividends

Dividend income is recognised when the Group's right to receive the payment is established, which is generally when the Shareholders/ Board of Directors approve the dividend.

3.4 Taxes

Income tax

Income tax expense comprises current tax expense and deferred tax charge or credit during the year. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognised using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses only if it is probable that future taxable profits will be available to utilise the same, except:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interest in joint venture, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

Deferred tax assets include Minimum Alternative Tax ("MAT") paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized. The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period or it is no longer eligible for set off in future years.

3.5 Assets held for sale

The Group classifies assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

Assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

Assets and liabilities classified as held for sale are presented separately from other items in the balance sheet.

3.6 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease, i.e., if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right of use Assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the asset. The right-of-use assets are also subject to impairment. Refer to accounting policies in section 3.9 impairment of non-financial assets.

ii) Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies recognition exemption to leases for which the underlying asset is of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

3.7 Property, plant and equipment

Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment. All repair and maintenance costs are recognised in profit or loss as incurred.

An item of property, plant and equipment and any significant part thereof initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation methods, estimated useful lives

Depreciation is calculated using the straight-line method over the estimated useful lives of the plant and equipment as given under Part C of Schedule II of the Act as follows:

Asset	Useful life (Years)
Office equipment	3-8
Computers	3
Furniture and fixtures	3-10
Vehicles	6-10
Plant and machinery	2

Leasehold improvements are depreciated over the period of the lease or estimated useful life, whichever is lower.

3.8 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Research and development costs

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

Amortization methods, estimated useful lives

Amortization is calculated using the straight-line method over the estimated useful lives of the Intangibles as follows:

Asset	Useful life in Years	Useful life in Years
Softwares	3-5	Acquired / internally generated
Brands	3-4	Acquired
Non compete	3-5	Acquired
Customer relationships	5	Acquired
Databases	4	Acquired

3.9 Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that any property, plant & equipment, right of use assets and intangible assets may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

3.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at transaction cost and where such values are different from the fair value, at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Investment in equity instruments issued by associate and joint venture are measured at cost less impairment. Investment in preference shares/ debentures of the associate and joint venture are treated as equity instruments if the same are convertible into equity shares. Investment in preference shares/ debentures not meeting the aforesaid conditions are classified as debt instruments at amortised cost.

Effective interest method

The effective interest method (EIR) is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

Subsequent measurement

(i) Financial assets

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost through effective interest method if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit and loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in statement of profit and loss.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets. The Group follows 'simplified approach' for recognition of provision for ECL on trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes provision for ECL based on lifetime ECLs at each reporting date, right from its initial recognition. Provision for ECL is recognised for financial assets measured at amortised cost and fair value through profit or loss.

Derecognition of financial assets

A financial asset is derecognised only when the rights to receive cash flows from the asset have expired or the Group has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(ii) Financial Liabilities

Financial liabilities at amortised cost

Financial liabilities are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost through effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short term maturity of these instruments.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognised in OCI. These gains/losses are not subsequently transferred to the statement of profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(iii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is enforceable legal right to offset

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

(iv) Fair value of financial instruments

In determining the fair value of its financial instruments, the Group uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

3.11 Borrowing costs

Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are charged to statement of profit and loss.

3.12 Treasury shares

The Company has created an Employee Benefit Trust ('EBT') for providing share-based payment to its employees. The promoters and directors of the Company, in prior years had contributed certain equity shares free of cost to EBT, which are issued to employees in accordance with the Company's Employee stock option plan.

The Company treats EBT as its extension and shares held by EBT are treated as treasury shares carried at nil value. Share options exercised during the reporting period are adjusted against treasury shares.

Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in reserve.

3.13 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, net of bank overdrafts.

3.14 Employee benefits

(a) Defined benefit plan

Gratuity obligations

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, done on projected unit credit method as at the balance sheet date. The Group recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur in other comprehensive income and is transferred to retained earnings in the statement of changes in equity in the balance sheet. Such accumulated re-measurements are not reclassified to the statement of profit and loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of :

- a) The date of the plan amendment or curtailment, and
- b) The date that the Group recognises related restructuring costs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

Compensated absences

The employees of the Group are entitled to be compensated for unavailed leave as per the policy of the Group, the liability in respect of which is provided, based on an actuarial valuation (using the projected unit credit method) at the end of each year. Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits and those expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. Actuarial gains/ losses are recognised in the Statement of Profit and Loss in the year in which they arise.

Contribution to TeamLease Provident Fund

The Group had a defined benefit plan for post employment benefits in the form of provident fund. The Group made contribution for provident fund to the trust set up by the Group and administered by the trustees. The interest rate payable to the members of the trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952, and shortfall, to be made good by the Group. The Group's liability was actuarially determined (deterministic approach) at the end of the year. Actuarial losses/gains were recognized in the Statement of Profit and Loss in the year in which they arise. Effective March 2022, PF contribution has been remitted to Employee Provident Fund Organisation (EPFO) by the Group basis exemption granted under para 27 read with section 17(2) of the Employees Provident Fund Act by EPFO. Also refer Note 46.

(b) Defined contribution plan

Contribution to Government Provident Fund

The Group pays provident fund contributions to publicly administered provident funds as per applicable regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as

defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

(c) Share-based payments

Employees of the Group receive remuneration in the form of employee option plan / stock appreciation rights plan of the Group (equity settled instruments) for rendering services over a defined vesting period. Equity instruments granted are measured by reference to the fair value of the instrument at the date of grant. The expense is recognised in the statement of profit and loss with a corresponding increase in equity over the period that the employees unconditionally becomes entitled to the award. The equity instruments generally vest in a graded manner over the vesting period i.e. the period over which all the specified vesting conditions are to be satisfied. The fair value determined at the grant date is expensed over the vesting period of the respective tranches of such grants (accelerated amortisation). At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in the statement of profit and loss, with a corresponding adjustment to equity. The stock option compensation expense is determined based on the Group's estimate of equity instruments that will eventually vest.

3.15 Provisions and contingent liability

Provision

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability

Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

uncertain future events beyond the control of the Group, or a present obligation that arises from past events where it is not probable that an outflow of resources will be required to settle the obligation.

A contingent liability also arises in extremely rare cases where there is a liability that cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

3.16 Cash dividend distribution to equity holders

The Group recognizes a liability to make cash distributions to equity holders of the Group when the distribution is authorized and the distribution is no longer at the discretion of the Group. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

3.17 Earnings Per Share (EPS)

Basic EPS is calculated by dividing the profit/loss for the year attributable to equity shareholders of the parent Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is calculated by dividing the profit attributable to equity shareholders of the parent Company by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

3.18 Operating segments

The Board of Directors have been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, Operating Segment. CODM evaluates the performance of Group and allocated resources based on the analysis of various performance indicators of the Group. The operating segment comprises of the following:

- a) Staffing and Allied Services - Comprises of Staffing Operations, Temporary Recruitment and Payroll & NETAP.
- b) Other HR Services - Comprises of Permanent Recruitment, Regulatory Compliance, Training Operations, Job Portal, Education Technology and SAAS based compliance.
- c) Specialized Staffing Services - Comprises of IT Staffing and Telecom Staffing Operations.

3.19 Business combinations and goodwill

Business combinations are accounted for using the acquisition method when control is transferred to the Group. The cost of an acquisition is measured as

the aggregate of the consideration paid measured at acquisition date fair value. Acquisition-related costs are expensed as incurred. At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred over the net identifiable assets acquired and liabilities assumed.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the Group's cash-generating units that are expected to benefit from the combination.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. Impairment loss recognised for goodwill is not reversed in subsequent periods.

3.20 Significant accounting judgments, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected/ updated in the assumptions when they eventually occur.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Defined benefit plans

The cost of the defined benefit plans and other post-employment benefits and the present value of the obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rate of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation. The mortality rate is based on publicly available mortality table in India. The mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Taxes

Deferred tax assets are recognised on deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Business combinations and intangible assets

Business combinations are accounted for using Ind AS 103, Business Combinations. Ind AS 103 requires the identifiable intangible assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Significant estimates are required to be made in determining the value of contingent consideration and intangible assets. These valuations are conducted by independent valuation experts.

Impairment of goodwill and non-current investments

Determining whether goodwill and other non-current investments are impaired requires an estimation of the value in use of the individual investments or the relevant cash generating units. The value in use calculation is based on Discounted Cash Flow ('DCF') model. Further, the cash flow projections are based on estimates and assumptions relating to operational performance, growth rate, operating margins of the CGU, etc.

Other estimates

The preparation of financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the Group estimates the probability of collection of accounts receivable by analyzing historical payment patterns, customer concentrations and current economic trends. If the financial condition of a customer deteriorates or there is an overall deterioration in the credit risk macro environment, additional allowances may be required in future.

Goodwill impairment testing

The Group tests whether goodwill has suffered any impairment on an annual basis. Goodwill acquired through business combinations has been allocated to two CGUs i.e. specialised staffing services and other HR services (operating segments) for impairment testing.

The following table set out the key assumptions for Goodwill impairment:

Segment	31 March 2022		31 March 2021	
	Specialised Staffing Services	Other HR Services	Specialised Staffing Services	Other HR Services
Growth rate (average)	51%	36%	31%	92%
Operating margins (average)	10%	28%	10%	25%
Discount rate (post-tax)	18%	18%	16%	16% to 18%

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Note 6: Other Intangible assets (Contd..)

Notes:

- These assumptions are based on historical trends and future market expectations related to the CGUs. Discount rate is based on the Weighted Average Cost of Capital (WACC) which represents the risk adjusted expected returns attributable to all the assets of the CGUs. These estimates may differ from future actual results of operations and cash flows.
- Based on impairment analysis, the Company has impaired goodwill of ₹ 1,292.81 lakhs and other intangibles of ₹ 249.93 lakhs of HRTech as at 31 March 2022 which has been disclosed as 'exceptional item'. HRTech has been incurring losses from past few years and has accumulated losses of ₹ 1,051.46 lakhs as at 31 March 2022 primarily due to the COVID impact.

Note 39: Fair value measurements

Financial assets measured at fair value through profit/ loss:

Particulars	31 March 2022	31 March 2021
Financial Assets		
Investment in mutual funds (Quoted price in active markets Level 1)	5,034.65	6,093.78

There are no transfers between levels during the year.

Management has assessed that the fair value of cash and cash equivalents, bank balances other than cash and cash equivalents, investments, loans, trade receivables, unbilled revenue, trade payables, unbilled revenue, borrowings, lease liabilities, other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included in the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Note 40: Financial risk management objectives and policies

The Group has exposure to the following risks arising from financial instruments:

- Market risk;
- Credit risk; and
- Liquidity risk.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Note 40: Financial risk management objectives and policies (Contd..)

Risk management framework

The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group's audit committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The audit committee is assisted in its oversight role by internal auditors. Internal Audit function includes regular reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and foreign currency risk.

Financial instruments affected by market risks include trade receivable, trade payable and borrowings.

(i) Foreign Currency Risk

Foreign currency risks is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign currency rates. The Group does not have significant foreign currency exposure and hence is not exposed to any significant foreign currency risks.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates. The Group does not have significant debt obligation with floating interest rates, hence is not exposed to any significant interest rate risks.

(b) Credit risk

Credit risk is the risk that counterparty will not meet its contractual obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and loans receivables, investments and other financial instruments.

With respect to trade receivables/unbilled revenue, the Group has framed the policies to review the receivables on periodic basis and to take necessary mitigations, wherever required. The Group follows 'simplified approach' for recognition of provision for ECL on trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes provision for ECL based on lifetime ECLs at each reporting date, right from its initial recognition.

Management does not expect any significant loss from non-performance by counterparties on credit granted during the financial year that has not been provided for.

The following table summarises the changes in the loss allowance measured using ECL:

Particulars	31 March 2022	31 March 2021
Opening balance	1,911.51	3,606.07
Added on acquisitions	12.42	301.20
Amount (reversed)/provided during the year	(270.00)	615.62
Amount adjusted for bad debts	(293.86)	(2,611.38)
Closing provision	1,360.07	1,911.51

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31 March 2022

(All amounts in Rs. lakhs, unless otherwise stated)

Note 40: Financial risk management objectives and policies (Contd..)

Financial instruments

Credit risk from balances with the banks and financial institutions and current investments are managed by the Group's treasury team based on the Group's policy. Investment of surplus fund is made only with approved counterparties.

Counterparty credit limits are reviewed by the Group periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(c) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and bank borrowings. The summary of the maturity profile of the Group's financial liabilities is as below:

	Maturity period	31 March 2022	31 March 2021
Financial liabilities - Current			
Borrowings	Within 1 year	2,766.84	1.38
Trade payables	Within 1 year	4,191.86	2,878.08
Lease liabilities	Within 1 year	1,038.22	835.20

Lease liabilities	Above 5 years	21.21	36.30
Other financial liabilities	1 - 5 years	185.38	-
		2,363.59	1,448.31

Note 41: Capital management

The key objective of the Group's capital management is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor and customer confidence and to ensure future development of its business. The Group is focused on keeping strong capital base to ensure independence and sustained growth in business.

The Group is predominantly equity financed. To maintain and adjust capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The group has very minimal amount of borrowings. The existing surplus funds along with the cash generated by the Group, are sufficient to meet its current/non-current obligations and working capital requirements.

Note 42: Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The Board of Directors of the Company is identified as the Chief Operating Decision Maker ("CODM") as defined by Ind AS 108, Operating Segment. The CODM evaluates the Group's performance and allocate resources based on analysis of various performance indicators of the Group. Accordingly, segment information has been presented for the nature of services rendered by the Group.

The reportable business segments are in line with the segment wise information which is being presented to the CODM and for which discrete financial information is available.

The accounting policies consistently used in the preparation of the financial statements are also applied to record revenue and expenditure in individual segments. Assets, liabilities, revenues and direct expenses in relation to segments are categorised based on items that are individually identifiable to that segment, while other items, wherever allocable, are apportioned to the segments on an appropriate basis. Certain items are not specifically allocable to individual segments as the underlying services are used interchangeably and accordingly such items are separately disclosed as 'unallocated'.

(d) Professional tax matters in dispute	91.08	-
(e) Corporate guarantee given for credit facility taken by TeamLease Skills University	2,450.00	4,000.00

*In addition to aforesaid service tax matters in dispute, the Company has filed writ petition with the Hon'ble High Court of Kolkata for service tax demands pertaining to the period April 2006 to December 2008 aggregating to ₹ 887.81 lakhs (including penalty etc.) against which the Company has already settled ₹ 442.46 lakhs and balance is largely provided for as a matter of abundant caution (Refer note 22).

**Bonus liability pursuant to the amendment of Payment of Bonus Act, 1965, for financial year 2014-15 is considered as contingent liability, based on expert legal opinion obtained by the Company and stay orders from various High Courts across the country. As per the contractual agreement with the customers, ₹ 3,332.97 lakhs in respect of associate employees is recoverable from the customers in case such liability arises.

***The Company is claiming deduction available under Section 80JJAA of the Income Tax Act, 1961 ("Act") with respect to eligible expenditure incurred for net additional associate employees hired in each year with effect from financial year 2016-17 till date. The Company's claim for the financial years 2016-17 and 2017-18 was allowed in tax assessments completed earlier under Section 143(3) of the Act.

In current year, the Income Tax authorities have disallowed the deduction u/s 80JJAA for financial year 2018-19 (AY 2019-20) and issued notice for reassessment u/s 148 of the Act for financial year 2017-18 (AY 2018-19).

The Company has filed appeal before National Faceless Appeal Centre under Section 246(1)(a) of the Act for AY 2019-20 and a writ petition before the Hon'ble Karnataka High Court for AY 2018-19, challenging the stand taken by tax authorities.

The Company believes that deduction under Section 80JJAA has been claimed in accordance with the provisions of the Act, and as advised by the legal experts, is reasonably confident of favourable outcome in the matter. Accordingly, no provision is considered necessary by the management in the said matter.

Note 46: PF Trust Investments

The Company had its own Provident Fund Trust i.e. "TeamLease Services Ltd. Employees Provident Fund Trust" ("PF Trust") through which it managed provident fund liability for its employees. Accordingly, the PF Trust was considered as a defined benefit plan. The Company was responsible for meeting the shortfall in the value of the assets of the PF Trust, if any, in meeting its obligations, to settle PF dues of the employees. The PF Trust had made investments of ₹ 17,373.78 lakhs (31 March 2021: ₹ 17,373.78 lakhs) in two non-banking financial companies ('NBFCs') which had maturities between FY 2020-21 to FY 2026-27, which were under severe liquidity stress and undergoing insolvency proceedings.

During the year, investment in one of the NBFC was realised through NCLAT proceedings and PF Trust recovered ₹ 5,458 lakhs resulting into a realised loss of ₹ 5,894 lakhs on such investment. Basis such recoveries, on prudent basis, the management also estimated additional loss of ₹ 1606 lakhs on realisation of the investments in other NBFC, which is still pending resolution/settlement. Accordingly, the Company recorded a provision of ₹ 7,500 lakhs to meet the anticipated shortfall in the PF Trust during quarter ended 30 September 2021.

Further, on 2 February 2022, the Company filed an application with Employee Provident Fund Organisation (EPFO) for surrender of the PF Trust exemption granted under para 27 read with section 17(2) of the Employees Provident Fund Act. The said exemption was granted w.e.f. 1 March, 2022 and PF contribution for the month of March 2022 has been remitted to EPFO by the Company.

The Company disposed all its investments in PF Trust during March 2022 (except for investment in IL&FS) and deposited the realised funds with EPFO amounting to ₹ 154,535 lakhs (including ₹ 5,719.87 lakhs contributed by TeamLease) to settle the cumulative obligations of the PF Trust.

Accordingly, the Company has reversed provision of ₹ 1,780.13 lakhs based on settlement of the aforesaid matter and ₹ 5,719.87 Lakhs (net) has been disclosed as an exceptional item in the financial statements (Refer note no. 34).

Note 47: Scheme of Amalgamation between TDPL and Evolve

The Board of directors of TeamLease Digital Private Limited (TDPL) and Evolve Technologies and Services Private Limited (ETSPL), in their respective meetings held on 16 November 2020 approved the Scheme of Amalgamation ("Scheme") of Evolve with TDPL pursuant to Sections 230 to 232 of the Companies Act, 2013 ("the Act") and other relevant provisions the Act, with appointed date being 1 April 2020. The Scheme was filed with the relevant jurisdictional office of National Company Law Tribunal (NCLT) on 12 December 2020.

During the year ended 31 March 2022, TDPL and Evolve received NCLT approval for the Scheme with appointed date being 1 April 2020. TDPL has accounted for the said amalgamation in accordance with the approved scheme.

Note 48: Assets and Liabilities held for sale

On 2 December 2021, the Company has entered into a sale agreement with a third party, for sale of 100% equity stake in IIJT Education Private Limited ('IIJT') at an agreed consideration of ₹ 470 lakhs. Accordingly, IIJT ceases to be a subsidiary of the Company w.e.f. 2 December 2021 and necessary gain / loss etc. have been accounted for under respective heads.
