Zensar Selected as IT Transformation Partner by Vyaire Medical, US

Key focus is to provide value to its global customers

Westborough, MA, March 7, 2019: [Zensar](#), a leading digital solutions and technology services company that specializes in partnering with global organizations across industries on their Digital transformation journey, announced that it has been selected by Vyaire Medical, a global leader in respiratory care providing innovative medical devices and services, as their IT transformation partner to deliver a combination of IT Infrastructure operations and Cloud transformation, application maintenance and application development initiatives.

Speaking on this announcement, Sandeep Kishore, Chief Executive Officer and Managing Director, Zensar said, “Vyaire Medical is focused on providing an enhanced experience to its global customers; we look forward to working towards enabling them to achieve their objectives. Our Return of Digital® NeXT-New and Exponential Technologies approach is designed to create compelling business outcomes for our customers like Vyaire who are looking at digital solutions to accelerate their growth.”

Edward Rybicki, Global Chief Information Officer, Vyaire Medical commented, “We are building a strong foundation in support of Vyaire’s vision to improve patient outcomes and provide value to our customers. Zensar’s digital capabilities will help us to establish a strong foundation with business excellence to enable Vyaire’s strategies and make us more competitive in the marketplace.”

Harjott Atrii, Executive Vice-President and Global Head, Cloud and Infrastructure Services, Zensar added, “We are excited to partner with Vyaire on their ambitious growth plans. Zensar’s team will focus on transforming their environment to an automated, highly agile and integrated Apps-Infra target operating model with a clear objective of delivering measurable returns and strengthening Vyaire’s position within the healthcare industry. Additionally, Zensar will be deploying Digital Workplace services and Digital Cloud operations frameworks enabled by our flagship autonomies platform The Vinci™.”

Key highlights of the scope of work:

Zensar will provide for the transformation initiatives includes Digital Workplace Services; Digital Operation Services with end to end Data Center Services, Network Services and Public Cloud Support; and Transformation, maintenance and support of applications. Zensar’s experienced team will bring best practices and an outcome-based model to focus on Vyaire’s strategic business objectives enabling future success with optimal business value.

About Vyaire Medical

Vyaire Medical supports and improves the lives of patients with a laser-focus on improving patient outcomes and increasing value for customers. The Chicago, IL-headquartered company was formed in October 2016 to serve healthcare customers with innovative device and service solutions across the respiratory and anesthesia continua of care. Vyaire’s brands have a 65-year track record of pioneering, innovating, and advancing respiratory diagnostics, ventilation, and anesthesia delivery & patient monitoring. From industry-pioneering brands that include Bird, Bear, and Jaeger to respected industry leaders AirLife®, Vital Signs®, Viasys, and many others – Vyaire Medical has nearly 27,000 distinct part numbers recognized, trusted and preferred by specialists in the respiratory therapy and anesthesiology healthcare markets worldwide.
