# Strategically Located & Certified Manufacturing Facilities

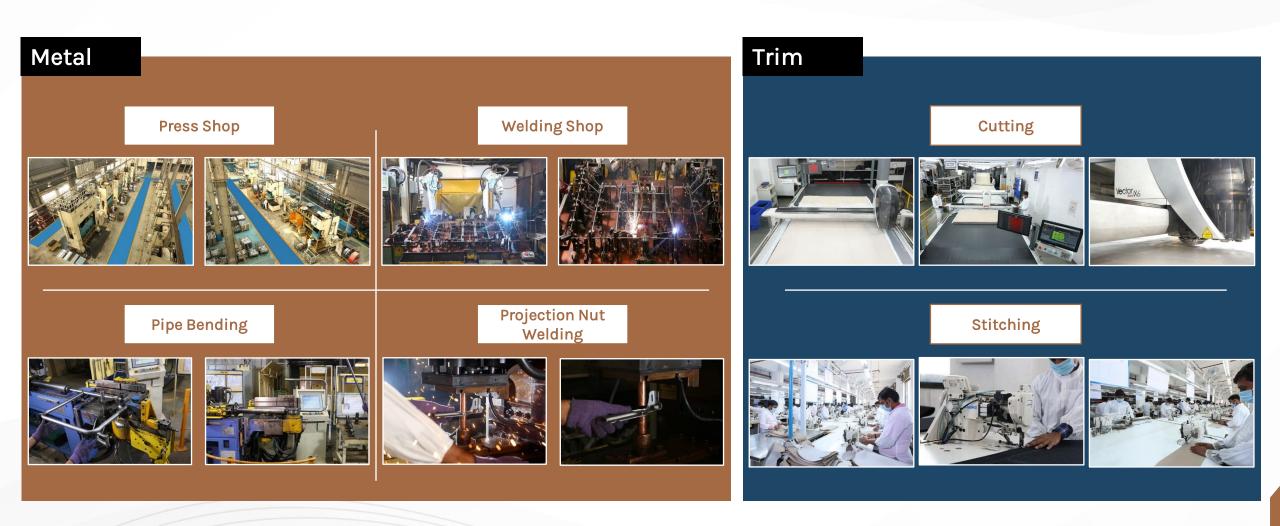

# Manufacturing Capabilities

### NACL has a fully integrated facility for Sheet Metal fabrication & Trim manufacturing.

# Testing Facilities

#### Metal

NACL has an in-house testing facility equipped to carry out CMM, Weld Penetration Test and various other mechanical tests on aspects like Tensile Elongation, Hardness, Profile Projector, etc.

#### Trim

Colour is one of the most important features of the trim. The NACL testing facility is equipped with a colour chamber with various types of lights, Colorimeter and industrial magnifying glasses to validate the design pattern and the colour of the material. Other mechanical properties like tensile elongation, flammability, etc. are checked inhouse.

The testing infrastructure also includes a state-of-the-art digitizer for pattern-building and auto-nesting. This ensures exact accuracy and precision of the pattern during cutting and also acts as a quality check parameter.

### About Relan Group

- o Relan Group traces its origins to the 1930s when its founder, Late Shri N.D.Relan, started out as a stockbroker in the financial services sector. In the eighties, the group diversified into an entirely new sector –automotive manufacturing establishing itself as a premier manufacturer of auto components under the name of Bharat Seats Limited and Sharda Motor Industries Limited (SMIL).
- o Bharat Seats is a fully-integrated plant for the manufacturing of complete seating systems under one roof catering to the four-wheeler, two-wheeler and surface transport segments. SMIL commenced its operations with a large stitching unit supplying seat trims and subsequently supplied metal structures and frames to Bharat Seats Limited.
- The stitching unit supplying seat trims, metal structures and frames was demerged to NDR Auto Component which was incorporated in 2019.

Over 4 decades of Promoter's experience

Strong relationship with marquee clients like Maruti Suzuki, Suzuki Motorcycle and Bellsonica.

Global technology partnership with Toyo Seats and Toyota Boshoku

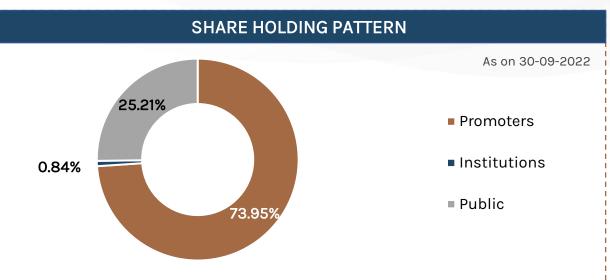

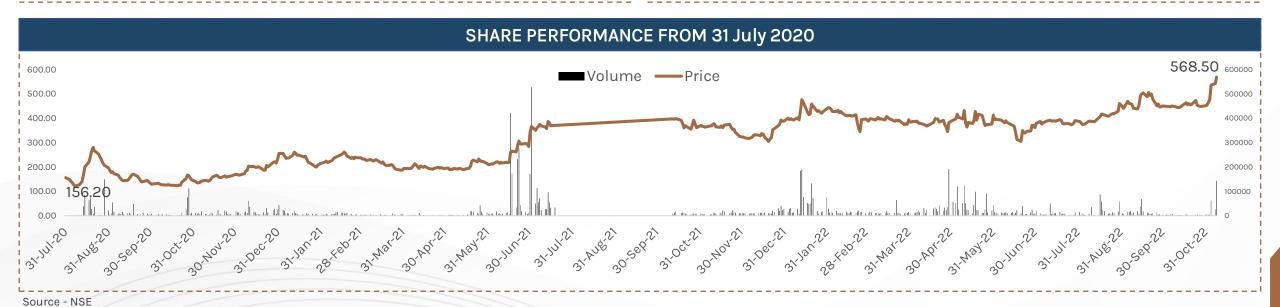

Third generation is ready to grow business to achieve new milestone

### Key Market Growth Drivers

- The enforcement of BS-VI standards of safety and emission is anticipated to help the export market expand during the forecast period for the benefit of auto component players in India.
- o Foreign players prefer India because it is a cost-effective location for manufacturing, which bodes well for the auto ancillary market.
- o India is poised to emerge as an outsourcing hub
- o The demand for automobile to remain upbeat with rising per capita income
- o Improvement in road infrastructure and national connectivity would drive the demand for the automobile sector.
- o The old vehicle scrappage policy 2021 will further provide impetus to automobile demand.
- As auto ancillary is directly linked to the automobile industry, it will witness a sharp rise in demand.

# NDR AUTO IS SET TO GET BENEFITED FROM THIS

NDR Auto is a key supplier of metal structures and frames of car seats to Bharat Seats Limited.

Bharat Seat is a supplier of complete seating systems under one roof catering to the four-wheeler, two-wheeler and surface transport segments.

The key customer of Bharat Seats is Maruti Suzuki driving the demand for its product.

As NDR Auto Component is supplying the seating component to Bharat Seats, the demand for the product is indirectly driven by production volume of Maruti Suzuki.

The trend for the past few years for Maruti Suzuki volume sales is given below which clearly
