II. Management Commentary

Arun Jain, Chairman and Managing Director, Intellect Design Arena Limited, said, "I wish to celebrate the power of the Research and Development teams at Intellect this quarter. 2 million person-hours of sustained investments annually and 16 million person-hours during the last 8 years in R&D have catapulted the company from Product to Technology company. eMACH.ai, with its 5 built-in technologies, drives holistic and agile transformation at double the speed and half the costs."

Turmeric Technology is first-of-its-kind Composable platform (No code), choreographing Events, Microservices, APIs, Business Rules, UX and Generative AI seamlessly to deliver high performance with inbuilt ease to use. Fabric Technology brings in enterprise decision-grade knowledge from Structured and Unstructured Data. Intellect's '**Platform First**' strategy in building technology is powering unparalleled efficiencies in Insurance, Wealth, Retail, Risk and Corporate. Extremely high point in building commercial IPs."

III. Board Announcement

The Board of Directors, pursuant to the recommendations of the Nomination & Remuneration Committee and Audit Committee, have considered and approved the appointment of Ms. Vasudha Subramaniam, Senior Vice President and Financial Controller of our company, as the Chief Financial Officer of the Company with effect from September 1, 2023.

Mr. Venkateswarlu Saranu, the incumbent Chief Financial Officer of the company, shall move on to a new role effective that date.

IV. Deal Wins and Digital Transformations

eMACH.ai, the most comprehensive, contextual and composable open finance platform enabling banks to move from product and process to design and experience has been chosen by 11 customers worldwide in Q1 FY24.

The significant deals are:

- [OTP Bank, the largest bank in Hungary has chosen Intellect's award-winning Intellect Digital Core \(IDC\) Banking platform](#) to provide a contextual banking experience for their customers with highly personalised and bespoke solutions subject to the successful conclusion of contracts.

- One of the Philippines' leading universal banks has partnered with Intellect for a one-of-its-kind and largest bank-wide transformation program in APAC, cutting across all lines of their businesses - Corporate, MSME & Retail Banking. The bank has chosen CBOS and iKredit360 Loan Origination System, both powered by eMACH.ai technology, to enhance customer engagement, streamline processes, and make data-driven decisions.
- The largest bank in Canada, which is also a top 5 bank in North America, has chosen the world's #1 corporate treasury platform ranked by Aite-Novarica - iGTB's Corporate Treasury eXchange (CTX) - for its US region to facilitate real-time cash control of its corporate clients.
- With over 30 years of experience in the industry and a market capitalisation of over \$2 billion, a specialised Canadian Bank has extended its partnership with iGTB. Intellect today offers cloud-based Payments Service Hub. Now the bank has decided to move its commercial digital banking experience platform over to Intellect technology capabilities that include Contextual Banking Experience (CBX), Payments & Account Services.
- A France-headquartered corporate and investment bank has chosen iGTB's Corporate Treasury eXchange (CTX) for effective liquidity management with real-time liquidity funds control. Choosing to implement an on-premise Cash Pooling Solution, built on API-first microservices architecture will enable the bank to deliver superior customer experiences while achieving optimal financial outcomes.
- A public shareholding company incorporated in Umm Al Qaiwain has chosen iGCB's Digital Engagement Platform, a cloud-native, Microservices based composable Digital Banking Platform which addresses all the lifestyle needs of a customer through a single platform, for its retail, SME and corporate clients.
- India's third largest private sector bank by market capitalisation has chosen Capital Cube for end-to-end CSGL solution including custody services, Repo/Reverse repo workflows, reporting, CROMS and collateral-related requirements.
- Aspen Insurance Holdings Limited ("Aspen"), a global speciality insurance and reinsurance carrier, signed on to use Magic Submission, IntellectAI's AI and Data powered Intake and Routing platform, to reduce the turnaround time of submission between ingestion and rating
- A leading bank in the Kingdom of Saudi Arabia has embraced iGTB's Digital Transaction Banking solution (DTB) powered by eMACH.ai architecture to automate and elevate its transaction banking offering to empower corporate & SME clients in Saudi Arabia
- One of the top banks in UAE and the first national bank in Dubai offering a range of banking services that meet the needs of both personal and corporate clients has chosen iGTB's eMACH.ai powered Digital Transaction Banking platform for powering their transaction banking operations front-to-back
- A fintech company based and operating in the UK in the small and medium-sized enterprise (SME) market through its trading companies has chosen IntellectAI's Magic Invoice for end-to-end accounts payable processing automation.

Customer Trust growing with OTIF Deliveries: Digital Transformations in Q1 FY24

In this Quarter, 10 Global Financial institutions have successfully transformed their Digital journey by leveraging the Intellect stack. Some of the significant implementations are:

- France's 3rd largest bank by total assets and the 6th largest bank in Europe went live with iGTB's Corporate Treasury eXchange (CTX) for domestic cash concentration. This will allow the bank to optimize working capital liquidity and get real-time cash flow visibility.

- The fifth-largest bank in Canada by market capitalisation, with a market value of over \$70 billion went live with iGTB's emach.ai powered PayCash-CX to continue providing efficient payment capabilities and opportunities to meet the evolving needs of customers rapidly.
- iGTB's iColumbus.ai Supply Chain Finance has implemented a technical go-live at the Indonesian site of one of Singapore's largest Banks. This is the continuation of iGTB's long-standing partnership in implementing Asia's largest Trade & Supply Chain Finance Digital Transformation.
- A top 10 National Bank of United States operating in 13 regions went live with iGTB's PayCash-CX for cash management with cash concentration.
- Faisal Islamic Bank of Egypt went live with iGCB's CBX Retail (CBX-R) platform to power its digital banking. The bank which is on a high growth trajectory will offer contextual experience to more than a million retail and business customers across Egypt.
- One of the largest banks in Africa playing a pivotal role in various initiatives in Africa went live with eMACH.ai-enabled Intellect Digital Core, Lending and Contextual Banking Experience (CBX) to power its banking operations.
- A leading Islamic Bank in Malaysia went live with iGTB's Digital Transaction Banking (DTB) platform. This is a continuation of the Bank's vision to be a top progressive Islamic bank by digitizing and streamlining its cash and trade transaction banking with Intellect technology.
- The primary financial institution for promoting, developing and financing the MSME sector in India went live with iGCB's real-time, cross-asset, front-mid-back office treasury management system, Capital Cube. Capital Cube is automating and transforming the client's Treasury processes to maximize efficiencies and optimise capital leverage.
- The Central Bank of Mongolia went live with Intellect Quantum Central Banking Solution. Built on cutting-edge API first, cloud-native, microservices architecture, Intellect Quantum will empower the central bank with real-time informed decision-making & risk management, unmatched configurability for speed and ease of change along with comprehensive security.
