CRACK REPAIR | Officials promise to repair road by Sat night after uproar

Atal Setu ramp fix on: MMRDA

FPJ News Service

MUMBAI

The Mumbai Metropolitan Region Development Authority (MMRDA) said on Saturday that the repair work on the approach ramp to the Mumbai Trans Harbour Link (MTHL), also known as Atal Setu, was in full swing and would be completed by night.

The work started on Friday night after an inspection by the MMRDA's operation and maintenance teams, officials said.

Built at a cost of Rs17,840 crore, the six-lane bridge is 21.8 kilometres long with a 16.5km sea link connecting south Mumbai and Navi Mumbai.

In the past couple of days, there were reports that the Atal Setu had developed cracks, following which Maharashtra Congress president Nana Patole went to the spot for an inspection on Friday.

The MMRDA reiterated that

"the cracks on the approach road from Ulwe (Navi Mumbai side) are minor and located along the edge of the road".

It added that the re-patch work on the cracks - detected at three locations - had been taken up without disrupting the MTHL traffic.

The MMRDA also said that contrary to the rumours, the cracks were not on the MTHL

bridge, but on the approach ramp towards Mumbai on the Navi Mumbai end.

"The cracks on Ramp 5 are minor longitudinal cracks in the asphalt pavement and do not indicate any structural defects," the MMRDA said.

The repair work was being done by the Package 4 contractor, Strabag Infrastructure & Safety Solutions GmbH and

Strabag AG.

On Friday evening, Deputy Chief Minister Devendra Fadnis said in a post on X: "There is no crack on Atal Setu, nor is there any danger to Atal Setu. This is a picture of the ap-

proach road. But one thing is clear - Congress has made a long-term plan to create a 'rift' with the help of lies... Only the people of the country will defeat this 'daraar' plan and the corrupt behaviour of the Congress."

After visiting the bridge on Friday, Patole claimed that barely six months after the Atal Setu was inaugurated by Prime Minister Narendra Modi [on January 12], cracks had appeared on it and a half-kilometre stretch of the road on the Navi Mumbai side had sunk by around one foot.

He pointed out that the government spent Rs18,000 crore for the MTHL with loans, and "this is not development but sheer corruption, and the state government is filling its own pockets while playing with the lives of the people".

Shed falls on football turf; 7 kids hurt

THANE

Seven young footballers were injured after a terrace shed of a seven-storey building in Thane came crashing on to the turf due to rain and wind on Friday. The incident took place at Gawand Park, Upvan, at 9.30pm. The injured children, all aged under 17, were rushed to a hospital with head injuries. Two of them are admitted to the ICU.

Regional Disaster Management Cell chief Yasin Tadvil said 17 students were playing football at the time of the incident. The injured are Shubhan Karpe, 15, Aryan Iyer, 15, Siddhant Ravasiya, 15, Abhigyan, 15, Ethan Gonsalves, and Ayyan Khan, 15, and Archit. Ethan and Ayan are in the ICU.

Officials said they are conducting a probe whether the building had permission to construct a shed on the terrace, and if a structural audit had been conducted.

Boy dies after falling into pit

Suresh Golani
MIRABHAYANDAR

A five-year-old boy died after falling into a water-filled pit at a construction site earmarked for a biogas plant in Kashimira.

The incident was reported from behind the Jijamata Municipal Garden in Penkarpada area on Friday evening.

Shreyansh Monu Soni, an only child, lived with his parents, paternal uncle and aunt, and cousins in a tenement in Jai Ambe Nagar, near Shiv Shakti Nagar area. His father runs a pan stall in Dadar.

Shreyansh returned from school and went out to play at around 4pm. When he did not return, his family and neighbours started searching for him.

Finally, they found him in the water-filled pit. Shreyansh was pulled out of the pit by fire brigade personnel and taken to the civil hospital in Bhay-

andar, where he was declared dead on arrival at around 9pm.

The child apparently went to fetch his ball near the pit when he fell into it.

According to locals, the pit was left unguarded by the contractual agency appointed by the civic administration. The construction work was lying idle for several months, they said.

The parents, residents and former municipal corporator Anita Patil blamed the civic administration for Shreyansh's death. The parents initially refused to take custody of the body for the final rites, but relented after the intervention of police officials.

"We have registered a case. An investigation is underway and documents are being scrutinised to ascertain the role of the officials / supervisors and the contractual agency responsible for the act of negligence," an official said.

College 'cheats' 762 SC students

Principal booked after college charges students development fee

Raina Assainar

NAVI MUMBAI

The Social Justice and Special Assessment Department of the state has registered a case against a Vashi-based college for cheating 762 Scheduled Caste students by levying development fee from them between 2015 and 2021.

The initial complaint was made by the Ambedkar Student Association around three years with the Ministry of Social Justice. The association had complained about the college levying development fees from 762 SC students. The complaint said the college was alleged to have amassed a sum of Rs5.2 lakh from fees. As per the constitutional provision granted to the Scheduled Caste and Scheduled Tribe students, such fees are not to

be levied from them.

Three years ago, some students from the college based out of Sector 9 A in Vashi had approached the Ambedkar Student Association and provided the fee receipts. The office bearers of the organisation then obtained information through the Right to Information Act, and they found that the college had in total levied Rs5.2 lakh from the students in six years.

The association then lodged a complaint with the Thane assistant social welfare officer. Accordingly, when the Social Welfare Department investigated, they found the allegations to be correct and Thane Assistant Commissioner Ganesh Pawar gave written complaint to Vashi police, who registered a case on June 20 against the principal.

TMC unveils flood management plan

PTI

THANE

The Thane Municipal Corporation on Saturday released the city's first ever flood risk management plan, which officials said would provide valuable guidance to disaster management systems while implementing development plans.

The Thane City Action Plan 2024 has been developed in collaboration with the state government and the Council on Energy, Environment and Water (CEEW), one of Asia's leading not-for-profit research institutions that uses data, integrated analysis and strategic outreach to explain the use, reuse and misuse of resources. "It aims to strengthen Thane's preparedness and rapid response to floods. It is a significant step forward for flood risk management in Thane and will provide valuable guidance for the TMC's disaster management systems," TMC Commissioner Saurabh Rao said.

It will help envisage new projects and during imple-

It incorporates rainfall data from the past 52 years, socio-economic factors, and satellite imagery to identify flood risks at ward level.

Nitin Bassi,
Senior programme officer,
Council on Energy,
Environment and Water

mentation of the Development Plan (DP), he added.

"It incorporates rainfall data from the past 52 years, socio-economic factors, and satellite imagery to identify flood risks at the ward level." Nitin Bassi, senior programme officer at CEEW, said. "The action plan outlines actions and assigns time-frames for implementation. This approach is important given the India Meteorological Department's prediction of above-average rainfall this year.

**EXPRESS NEWS SERVICE
MUMBAI, JUNE 22**

AMID ALLEGATIONS of unfair results in MHT-CET, the Maharashtra Common Entrance Test (CET) cell on Sunday completely declared that it will re-open the answer-key along with responses of

candidates for their verification. Commissioner of CET cell Dilip Sardesai said, "As parents ourselves, we understand the importance of entrance tests in a student's career. We want to assure all that the CET cell has been through a completely new process. We are constantly reviewing issues raised by some

who either approached us personally or emailed us their queries." Sardesai was addressing a press conference held in Mantralaya in Mumbai along with director of higher education Dr. Shalendra Deolankar and director of technical education Vinod Mohitkar. Answers by students along with model answer-key will be made available to candidates on June 27 for two days. Specific details regarding the process will soon be uploaded on the CET cell's official website. This comes on the backdrop of various issues raised by Shiv Sena leader and MLA Aditya

Thackeray alleging unfair marking system of the MHT-CET and highlighting 54 erroneous questions from the exam. In a separate press conference held by Thackeray on Friday, he demanded that the answers given by students are made available to them for cross-checking. As Sardesai explained the

conduct of the exam, he informed that MHT-CET is an entrance test held for admission to engineering, pharmacy and agriculture education courses. A total of 72,05,252 candidates applied for the MHT-CET exam, including the PCB (physics, chemistry, biology) and PCM (physics, chemistry, mathematics) groups, out of

which 6,27,377 appeared for the exam. This examination was conducted at 159 centres from April 22 to 30 for PCB group and May 2 to 16 for PCM group. Clarifying that the exam's method is declared in public well in advance to ensure complete

transparency and fairness. Sardesai said, "The exam does not penalise for wrong answers with negative marks and declares result in percentile methods without any grace-marks. Each session's result is calculated independently."

FAMILY ALLEGES LEOPARD ATTACK

11-year-old boy found dead in Pune

Pune: Hours after an 11-year-old boy was found dead in a sugarcane farm in a village in Shirur in Pune district, a probe was on to confirm the cause of death as family members and villagers suspect he was killed by a leopard.

Yash Gaiwade, a student of class five, was found dead with injuries on his body at a farm in Devnala area of Shirur on Friday evening. When the boy, who stepped out of his house in the afternoon, did not return home, his family members started

searching for him. With reports frequently spotted in the area, the villagers informed the forest department. A team led by range officer Prateep Jagtap reached the spot. Yash was found lying unconscious in a sugarcane farm. He was taken to a hospital, he was pronounced dead. "So far, our investigation has revealed there are no signs of an animal attack in this area. Nonetheless, considering it could be a leopard attack case, we have laid six trap cages in the area," said Jagtap. ENS

AGREEMENT ON MEDICAL E-VISA, RAILWAYS, DEFENCE AND OTHERS Modi, Hasna focus on trade & economy

SHUBHAJIT ROY
New Delhi, June 22

INDIA AND BANGLADESH pledged to start negotiations on a comprehensive economic partnership agreement (CEPA), decided to launch a medical e-visa facility for Bangladeshi citizens, agreed to send a technical team to discuss Teesta river water-sharing and announced the opening of an Assistant High Commission in Rangpur.

These were part of a signing session of collaborations that New Delhi and Dhaka signed on, in as many as 10 documents, as Prime Minister Narendra Modi and his visiting Bangladeshi counterpart Sheikh Hasina held talks at Hyderabad House on Saturday.

Four key imperatives seem to shape New Delhi's renewed strategic engagement with Dhaka in Modi's third term: health of Bangladesh's economy; addressing Bangladesh's medical needs; expanding India's footprint while trying to

I AM CONFIDENT THAT TOGETHER WE WILL REALISE THE GOALS OF VIKSIT BHARAT 2047 AND SMART BANGLADESH

check Beijing's. The medical e-visa facility is a major step towards bringing relief to Bangladeshi citizens who come to India for their medical treatment in Indian hospitals.

In 2023, about 1.6 million visas were issued to people of Bangladesh and it is estimated that about 20-30% of them were for the purpose of medical treatment. A medical e-visa would simplify and speed up the process.

SHEIKH HASINA, Prime Minister of Bangladesh

AS DHAKA AND DELHI HAVE STARTED NEW JOURNEYS, WE CHARTED THE FUTURE COURSE OF ACTION

The decision to send an Indian technical team to explore the conservation and management of Teesta River inside Bangladesh is significant in the wake of Chinese interest in the project.

The call to establish an Assistant High Commission in Rangpur in north west Bangladesh is an attempt to increase New Delhi's footprint in Bangladesh. This will be the fifth AHC. An AHC is a mid-size diplomatic establishment, in

size and scale between an embassy and a consulate. Indian and Bangladesh officials signed seven documents on digital partnership, green partnership, maritime cooperation and blue economy, space cooperation, railway connectivity, oceanography, defence and strategic cooperation studies, and renewed three pacts on health and medicine, disaster management and fisheries.

"I am confident that together we will realise the goals of Viksit Bharat 2047 and Smart Bangladesh," Modi said, after the pacts were signed adding that both sides had kept their focus on "connectivity, commerce and collaboration".

Echoing this, Bangladesh PM Hasina said: "As Dhaka and Delhi have started new journeys, we charted the future course of action, to ensure a smart Bangladesh by following Vision 2041 and Viksit Bharat by 2047."

Modi said they held detailed discussions on strengthening

defence cooperation—from defence production to modernisation of armed forces.

He said that they also agreed to strengthen cooperation on counter-terrorism, countering radicalisation and peaceful management of the borders.

Flanking talks on CEPA, Modi said: "Today we have prepared a futuristic vision for cooperation in new areas. The youth of both the countries will benefit from the consensus reached on cooperation in areas such as green partnership, digital partnership, blue economy and space."

Hasina described India as a "major neighbour, trusted friend and regional partner" and underlined that Bangladesh "greatly values our relations with India, which were born out of the War of Liberation in 1971."

"I recall with gratitude the contribution of the government and the people of India to Bangladesh's independence," she said.

NTA chief ousted; panel set up for exam reform

ABHINAV HARIGOVIND & RITIKA CHOPRA
New Delhi, June 22

NATIONAL TESTING AGENCY (NTA) director general Subodh Kumar Singh was on Saturday removed from his post and put on "compulsory wait" in DoPT amid the controversy over irregularities in competitive exams.

India Trade Promotion Organisation chairman and MD Pradeep Singh Kharia has been assigned additional charge of NTA DG.

The government has called the "first in a series of steps to improve the efficiency of the examination process," the education ministry on Saturday set up a seven-member committee chaired by former ISRO chairman K Radhakrishnan to recommend reforms in testing procedures and data security protocols, and to review the structure and functioning of the NTA, which is at the centre of a storm over the conduct of the

and ministry of education joint secretary Govind Jaishal.

"The committee members have been handpicked based on their domain knowledge to tackle different challenges before us. For instance, Dr Guleria knows the ins and outs of the medical system. Aditya Mittal was the IIT JEE chairman in the past and is familiar with what it takes for the IITs to conduct a foolproof exam like JEE advanced," said another official. "Transparent, lamp-free and zero-error examinations to submit its recommendations to the government," said a senior official, who did not wish to be identified.

The panel also includes former AIMS Delhi director Ran-deep Gulera, Central University of Hyderabad vice-chancellor B J Rao, professor emeritus in the department of civil engineering at IIT Madras K Ramamurthy, People Strong co-founder and Karmayogi Bharat board member Panjaj Bansal, IIT Delhi dean of student affairs Aditya Mittal

Immigration at IGI fast-tracked

THE NATIONAL CAPITALS IGI airport on Saturday introduced the "Fast Track Immigration-Trusted Traveller Programme". (FTI-TTP), expected to reduce passenger congestion and accelerate the immigration process.

The FTI-TTP, specifically meant for Indian passport holders and overseas citizen of India (OCI) cardholders, was inaugurated by Union Home minister Amit Shah, who unveiled dedicated counters at Terminal 3 of Delhi Airport.

The first-of-its-kind facility in India, which aims to significantly reduce congestion at airports by offering expedited emigration and immigration clearance for pre-verified travellers, both arriving and departing. Notably, the new pro-

gramme is similar to the "Global Entry Program" offered by the US department of homeland security, which allows pre-approved, low-risk travelers to benefit from expedited immigration and security clearance upon arrival.

Delhi airport's Terminal 3 is equipped with eight electronic gates — four for arrivals and four for departures — to facilitate a seamless experience for programme participants. "The trusted traveller programme allows Indian passport holders and OCI cardholders to utilise these e-gates, bypass regular emigration or immigration queues, and enjoy a smoother journey," said Vidheh Kumar Jaipurkar, CEO of Delhi International Airport (DIAL) ICIA in a statement.
