1. Risk on coupon servicing

As per the terms of the instruments. Banks have discretion at all times to cancel distributions/ payment of coupons

NBFCs

While NBFCs have discretion at all times to cancel payment of coupon, coupon can also be deferred (instead of being cancelled), in case paying the coupon leads to breach of capital ratios

Corporates

Corporates usually have discretion to defer the payment of coupon. However, the coupon is usually cumulative and any deferred coupon shall accrue interest at the original coupon rate of the Perpetual bonds

2. Risk of write-down or conversion into equity

Banks

As per extant RBI quidelines, banks have to maintain a Common Equity Tier-1 (CET-1) ratio of minimum 5.5% (to be increase to 6.125%) of Risk Weighted Assets (RWAs). failing which the AT-1 bonds can get written down. Further, AT-1 Bonds are liable to be written down or converted to common equity, at the discretion of RBI, in the event of Point of Non Viability Trigger (PONV). PONV is a point determined by RBI, when a bank is deemed to have become non-viable unless there is a write off/ conversion to equity of AT-1 Bonds or a public sector capital injection happens. The write off/conversion has to occur prior to public sector injection of capital

This risk is not applicable in case of NBFC's and Corporates

3. Risk of instrument not being called by the Issuer

Banks

The issuing banks have an option to call back the instrument after minimum period of 5 years from the date of issuance and typically annually thereafter, subject to meeting the RBI guidelines. However, if the bank does not exercise the call on first call date, the Scheme may have to hold the instruments for a period beyond the first call exercise date. NBFCs

The NBFC issuer has an option to call back the instrument after minimum period of 10 years from date of issuance and typically annually thereafter, subject to meeting the RBI guidelines. However, if the NBFC does not exercise the call option the Scheme may have to hold the instruments for a period beyond the first call exercise date. **Corporates**

There is no minimum period for call date. However, if the corporate does not exercise the call option, the Scheme may have to hold the instruments for a period beyond the call exercise date.

B. Other Subordinated Debt Instruments (OSDI)

Other Subordinated Debt Instruments (OSDI) are issued by Banks and NBECs. This instruments are also referred as Tier 2 bonds. These bonds are subordinated to other senior debt claims of issuing entity. These instruments have a fixed maturity date

1. Risk of write-down or conversion into equity Banks

Tier 2 Bonds (including all claims, demands on the Bonds and interest thereon, whether accrued or contingent) issued by Banks - under Basel III quidelines of Reserve Bank of India, have a risk of either written off or conversion into common equity, when the PONV trigger is invoked, at the option of the RBI.

No.

2. Risk of instrument not being called by the Issuer

Investments with valid ARN codes will be merged in the "Regular Plan" of the Retained IDCW options of the same scheme. Direct investments or investments with wrong/invalid/ incomplete ARN codes will be merged under the "Direct plan" of the Retained IDCW options of the same scheme(s).

B. Investment in debt instruments with special features

The Scheme Information Document (SID) of the below mentioned schemes will be modified to include the provisions regarding investment in debt instruments with special features.

- 1. Kotak Bond Fund
- Kotak Bond Short Term Fund
- 3. Kotak Credit Risk Fund
- 4. Kotak Savings Fund
- 5. Kotak Floating Rate Fund
- 6. Kotak Low Duration Fund
- 7. Kotak Medium Term Fund
- 8. Kotak Dynamic Bond Fund
- (i) Asset Allocation (Exposure limit for investment in debt instruments with special features):

No Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer. The Scheme shall not invest more than 10% of its NAV of the debt portfolio of the Scheme in such instruments and not more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer having special features or as permitted by SEBI from time to time.

(ii) Risk factors associated with investments in Perpetual Debt Instrument / Other Subordinated Debt Instruments

A. Perpetual Debt Instrument

Perpetual debt instruments/bonds are issued by Banks, NBFCs (Non-Bank finance companies) and Corporates to improve their capital profile. Perpetual bonds issued by Banks which are governed by the RBI guidelines for Basel III Capital Regulations are referred to as Additional Tier I (AT-1 bonds). NBFCs also issue such instruments as per guidelines issued by RBI. There are no regulatory guidelines for issuance of such bonds by Corporates. These instruments do not have a fixed maturity date. These instruments generally have call option after fixed interval from date of issuance. The key risks associated with these instruments are highlighted below:

These Bonds generally have a call option at the end of certain period. However, if the call option is not exercised, the Scheme may have to hold the instruments till maturity

(iii) Creation of segregated portfolio for investment in debt instruments with special features:

Segregated portfolio for such instruments may be created in case the said instrument is to be written off or converted to equity pursuant to any proposal, the date of said proposal may be treated as the trigger date. However, if the said instruments are written off or converted to equity without proposal, the date of write off or conversion of debt instrument to equity may be treated as the trigger date. On the said trigger date, AMCs may, at their option, create segregated portfolio in a mutual fund scheme subject to compliance with relevant provisions of SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018, SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2019/127 dated November 07, 2019 issued with respect to 'Creation of segregation portfolio in mutual fund schemes' and any other relevant Regulations/Circulars/Guidelines issued in the future from time to time

Further, Asset Management Companies/Valuation Agencies shall ensure that the financial stress of the issuer and the capabilities of issuer to repay the dues/borrowings are reflected in the valuation of the securities from the trigger date onwards.

(iv) Investment Restrictions:

Pursuant to SEBI Circular SEBI/HO/IMD/DF4/CIR/P/2021/032 dated March 10, 2021, No Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer.

The Scheme shall not invest-

• more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and

• more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer

The above investment limit for a mutual fund scheme shall be within the overall limit for debt instruments issued by a single issuer, as specified at clause 1 of the Seventh Schedule of SEBI (Mutual Fund) Regulations, 1996, and other prudential limits with respect to the debt instruments

(v) Valuation of debt instruments with special features (AT-1 and Tier 2 Bonds)

Valuation of AT-1 and Tier 2 bonds shall be as per SEBI Circular SEBI/H0/IMD/DF4/CIR/P/2021/032 dated March 10, 2021 and SEBI/H0/IMD/DF4/CIR/P/2021/034 dated March 22, 2021 and any other relevant Circulars/Guidelines issued in the future from time to time.

Basis of allocation of units of the "Residual IDCW options":

The "Proposed IDCW options to be merged" shall cease to exist post the business hours on the last date of the exit option. The unit holders of the "Proposed IDCW options to be merged" as at the close of business hours on this date will be allotted units equivalent to the value of their units in the "Retained IDCW options", as mentioned above, at the NAV of this day

Apart from above, there will be no change in any other features of the schemes.

Exit Option:

The merger will be effective from September 18, 2021. Unit holders who are not in agreement with the aforesaid proposal may redeem their units at applicable NAV or switch to other open-ended schemes of Kotak Mahindra Mutual Fund without payment of exit load between August 19, 2021 to September 17, 2021.

A written communication informing the above changes has been sent unitholders of the Proposed IDCW options to be merged and option to exit from the scheme at the prevailing NAV during the specified exit period.

The Securities and Exchange Board of India (SEBI) has also communicated it's no objection for the above changes vide its email dated July 29, 2021.

Redemption requests, if any, may be lodged at any of the Official Point of Acceptance of Kotak Mahindra Mutual Fund on or before the applicable cut-off timings, as mentioned in the Scheme, on any business day during the exit period. In case of units held in demat form, units can be redeemed on or before the applicable cut-off timings, as mentioned in the Scheme, on any business day during the exit period through Stock Exchange Platform or through depository participants. Unit holders who have changed their bank accounts are requested to inform the same to AMC (along with a cancelled cheque leaf of old and new bank account) while exercising the option to exit. The redemption proceeds will be mailed /credited within 10 business days of receipt of valid redemption request to those unit holders who choose to exercise their exit option (at NAV applicable on date of redemption). In addition, unit holders who have pledged their units will not have the option to exit unless they procure a release of their pledges prior to submitting their redemptions. If not, such lien or encumbrance will continue on the units even after the above mentioned change. Unit holders may note that no action is required in case they are in agreement with the aforesaid proposal, which shall be deemed as staying invested in the scheme. This offer to exit is merely an option and is not compulsory. For more details about the Scheme, investors may visit assetmanagement.kotak.com.

Tax impact on the unit holders:

The tax implications with respect to the unit holders of the aforementioned Schemes is based on relevant provisions of the Indian Income-tax Act, 1961 (the "Act"), as may be amended from time to time.

FOR DETAILS ON TAXATION, PLEASE REFER TO THE CLAUSE ON TAXATION IN THE SAI. IN VIEW OF THE INDIVIDUAL NATURE OF TAX IMPLICATIONS, EACH INVESTOR IS ADVISED TO CONSULT HIS OR HER OWN TAX ADVISER WITH RESPECT TO THE SPECIFIC TAX IMPLICATIONS ARISING OUT OF HIS OR HER PARTICIPATION IN THE SCHEME

Investors are requested to read the Scheme Information Document (SID) of the Scheme for further details available at https://assetmanagement.kotak.com

This addendum forms an integral part of Scheme Information Document (SID). Statement of Additional Information (SAI) and Key Information Memorandum (KIM) of the aforementioned Schemes.
