MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMY

The global Oral Care Products market is valued at USD 37300 million in 2019. The market size will reach USD 42030 million by the end of 2027, growing at a CAGR of 1.7% during 2021-2027. Oral Care Products market is segmented by Type, and by Application. Players, stakeholders, and other participants in the global Oral Care Products market will be able to gain the upper hand as they use the report as a powerful resource. The segmental analysis focuses on sales, revenue and forecast by Type and by Application for the period 2016-2027.

INDIAN ECONOMY

India oral care market has shown tremendous growth in the last few years. The market was mainly driven by change in lifestyle of Indian consumers, demand for premium products, rising disposable incomes and awareness regarding hygiene and sanitation. Rise in awareness of oral hygiene has created a huge demand for premium and innovative products in metros and urban cities. Penetration level of oral care products in urban area is high as compare to that of rural area. Low penetration level in rural area poses latent opportunity for global as well as domestic players to grow the presence of their oral care products in India. As a result, players are now focusing more into rural cities and villages to increase the penetration as well as their product sales. Rural Indian consumers have started shifting to toothpaste & toothbrushes from toothpowder. Premium products like mouthwash have gained popularity among rich and upper middle class consumers. Although the market is growing at a fast pace, per capita consumption of oral care products in India is very low as compared to countries like U.S, China etc.

INDUSTRY STRUCTURE AND DEVELOPMENTS

According to "India Oral Care Market Outlook, 2022" the oral care market is categorized into five major categories viz. toothpaste, toothbrush, toothpowder, mouthwash and others. Toothpaste dominates the space as it is a primary product for Indians in their daily oral hygiene care and has huge presence in urban as well as rural India. Toothpaste market is further segmented into two product types - regular whites and gel. With regards to the benefits, toothpaste is also segmented into Standard/ General, Herbal/ Naturals, Sensitivity and Beauty & Whitening. Among all, demand for herbal toothpaste is increasing in the country and currently is a hot favorite trend among consumers as well as companies, who are trying to launch as many herbal variants as possible. Toothbrushes are the second largest category in the oral care market. They have two product types, one is manual and the other is electric & battery powered. Manual toothbrushes have huge potential in Indian oral care market whereas electric toothbrush is a niche product type with limited number of rich people experimenting with it.

Toothpowder category is at a declining stage due to changing consumer taste and preferences. Before some years, toothpowder had huge presence in rural India but now even they are shifting towards toothpaste. Mouthwash falls under premium category and comes as a secondary product for oral hygiene. Consumers are bending towards mouthwash products for better oral hygiene. Others products like tongue cleaners and dental floss are expanding gradually in the Indian market.

OPPORTUNITIES

Oral hygiene awareness is one of the major contributors to market growth in the overall oral care/oral hygiene market through efforts made by dentists as well as key players in the market. These stakeholders conduct various seminars and programs & take part in various Exhibitions to increase awareness of dental hygiene and demonstrate newly launched and technologically advanced products. This helps players to showcase their product portfolio, thereby raising the adoption of oral care products.

There has been a marked shift in the retailing of oral care products across the globe in recent years. Online retailers are gradually being preferred over traditional distributors, retailers, and pharmacies. Purchasing oral care products through e-commerce portals offers several advantages, such as the availability of multi-brand oral care products at relatively lower prices, ease of purchasing, and free shipping. The successful sale of oral care products through e-commerce has prompted increasing investment towards these channels by major market players.

THREATS

Customers are not that much aware about Products of the Company as they are innovative and first timed launched in India. The oral care/oral hygiene market is highly competitive, with a growing number of players operating at the regional level. The emergence of local players in developing markets such as India, China, and Brazil further increases the pricing pressure on global players. Local/regional players offer oral care products at discounted prices as compared to the global players and sell their products through e-commerce channels at low prices, creating pricing pressure on global players.

SEGMENT-WISE OR PRODUCT WISE PERFORMANCE

The oral care/oral hygiene market is broadly segmented by product categorized into Teeth Whitening Strips, toothpaste, toothbrushes & accessories, mouthwashes/rinses, denture products, dental accessories/ancillaries, and dental prosthesis cleaning solutions. The growth in this market is mainly due to growing awareness about oral health and technological innovations.

OUTLOOK

Geographically, the global oral care/oral hygiene market is segmented into North America, Europe, the Asia Pacific, Latin America, and the Middle East & Africa. Asia Pacific is expected to show the highest growth rate during the forecast period. The high growth rate of this region can mainly be attributed to the increase in the number of the geriatric population associated with growing prevalence of dental caries and other periodontal diseases in children and adults, increasing healthcare expenditure (coupled with the rising disposable income), rising awareness about oral healthcare, and willingness to spend more on dental care. Moreover, increasing the focus of prominent players in emerging Asian countries will further support the growth of the market in this region.

RISKS & CONCERNS

Volatility in input costs and foreign exchange continues to remain a risk coupled with general slowdown in the economy. The market is highly fragmented with the presence of numerous small and large manufacturers who compete in terms of prices and quality. In today's complex business environment almost every business decision requires executives and managers to balance risk and reward. Effective risk management is therefore critical to an organization's success. Timely and effective risk management is of prime importance to our continued success.

The Company maintains an adequate and effective Internal Control System, equivalent with its size and complexity. INDEPENDENT AUDITOR'S REPORT

To the Members of
Novateor Research laboratories Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements (The Statement¹) of Novateor Research Laboratories Ltd. ('the Company') which comprise the Balance sheet as at 31st March 2022, the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, these annual standalone annual financial results:

(i) are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Regulations and Disclosure Requirements) Regulations 2015 as amended and

(ii) give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Accounting Standards, and other accounting principles generally accepted in India, of the net profit and other financial information for the year ended 31 March 2022.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Annual Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

We draw attention to Note 19 of the Statement, which describes that the potential impact of COVID-19 pandemic on the financial results of the Company is dependent on future developments, which remain uncertain. Our opinion is not modified in respect of this matter.

Key Audit Matters.

We have determined that there are no key audit matters to communicate in our report.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure - B to Independent Auditors' Report - 31st March 2022
(Referred to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of **Novateor Research Laboratories Limited** as at 31 March 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended as on 31st March 2022.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitation of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

II. Basis of Preparation

"The financial statements are prepared and presented under the historical cost convention and evaluated on a going-concern basis using the accrual system of accounting in accordance with the accounting principles generally accepted in India (Indian GAAP) and the requirements of the notified sections, schedules and rules of the Companies Act 2013 including the Accounting Standards as prescribed by the Companies (Accounting Standards) Rules, 2006 as per section 211(3C) of the Companies Act, 1956 (which are deemed to be applicable as Section 133 of the Companies Act, 2013 ("tire Act") read with Rule 7 of Companies (Accounts) Rules, 2014)."

The presentation of financial statements requires estimates and assumption to be made that affect the reported amount of assets and Liabilities on the date of financial statements and the reported amount of revenue and expenses during the reporting period. Difference between the actual result and estimates are recognized in the period in which results are known/materialized.

III. Significant Accounting Policies

1. Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

2. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks (other than deposits pledged with government authorities and margin money deposits) with an original maturity of three months or less, highly liquid investments that are readily convertible in to cash and which are subject to insignificant risk of changes in values. The yearend cash balance as on 31.03.2022 is as certified by the directors of the company.

4. Property, Plant & Equipment

Property, Plant & Equipment including intangible assets are stated at their original cost of acquisition including taxes, freight and other incidental expenses related to acquisition and installation of the concerned assets less depreciation till date.

Immovable property being Land is revalued by independent professional valuers on a triennial basis and whenever their carrying amounts are likely to differ materially from their revalued amounts. When an asset is revalued, any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset. The net amount is then restated to the revalued amount of the asset.

Increases in carrying amounts arising from revaluation, including currency translation differences, are recognised in the asset Value, unless they offset previous decreases in the carrying amounts of the same asset, in which case, they are recognised in profit or loss. Decreases in carrying amounts that offset previous increases of the same asset are recognised against the asset revaluation reserve. All other decreases in carrying amounts are recognised as a loss in the statement of

Profit & Loss. As the revaluation of land has been undertaken there arises no need to provide Depreciation and hence the value of asset has been shown at historical cost plus revaluation value.

5. **Depreciation**

All fixed assets individually costing Rs. 5000/- or less are fully depreciated in the year of installation/purchase.
