Sub: SSWL Plant Production Resumption

Dear Sir,

This is to announce that SSWL has got approval to restart its Plant in Chennai, Dappar and Mehsana for production resumption. The plants will restart with 50% utilization and will cater to Exports and Domestic market demand.

Chennai Plant is booked with order load of 50% capacity utilization with US and EU exports and we expect this to ramp up slowly with global Markets opening up for Automobile Production. We expect this rate of capacity utilization to improve going forward backed by Export orders and Mehsana Alloy wheel segment order book.

Kindly take the same on your records for reference.

Thanking you.

Yours faithfully,

For Steel Strips Wheels Limited

(Shaman Jindal)
