

### **Prevest DenPro Inks Strategic MoU With Central University, Jammu**

Prevest DenPro, a Jammu-based dental materials manufacturing company signed a strategic memorandum of understanding with Central University, Jammu for promoting research with special emphasis on nanotechnology , biosensors, and materials for biomedical applications.

Prevest DenPro is India’s leading manufacturer of professional dental products with advance technology in a state-of-the art manufacturing factory accredited with international quality certifications. With a 21 year history of healthcare innovations, service to the dental industry and patients worldwide. Ranked among the top Universities in India, Central University, Jammu is envisioned to be a leading Centre of higher learning, integrating culture, knowledge, philosophy, science and value system of our heritage with modern and emerging concepts, skills, technology, and management practices.

The MoU was signed by the Hon'ble Vice Chancellor of CUJ, Professor Sanjeev Jain and Dr. S.Sai Kalyan, Director Research and Academics, Prevest DenPro Limited in the presence of Dr. Vinay Kumar , Dr. Vishal Singh and Dr.Pawan Kumar, from the Dept. of Nanoscience & Materials, CUJ

On this occasion, Mr. Atul Modi, Managing Director , Prevest DenPro expressed his happiness and said that this MoU would bridge the gap between academics and the industry and create new opportunities in collaborative innovation and translational science. The academic / research infrastructure of Central University combined with the Industrial experience of Prevest DenPro would go a long way in promoting the "Make In India" initiative of Government of India.
