## Independent Auditor's Review Report on the Quarterly Unaudited Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

Review Report to

**The Board of Directors PRAKASH INDUSTRIES LIMITED**

1. We have reviewed the accompanying statement of unaudited financial results of Prakash Industries Limited (the Company) for the quarter ended June 30, 2022 ("the Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulation").
2. This statement, which is the responsibility of the Company's Management and has been approved by the Company's Board of Directors has been prepared in accordance with the recognition and measurement principle laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under section 133 of the Companies Act 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India Our responsibility is to issue a report on these financial statements based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India (ICAI). This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Deferred tax liability of Rs. 573 lakhs for the quarter ended on June 30 2022 has been adjusted against Securities Premium Account by the Company in terms of a court order. Had the deferred tax liability been accounted for pursuant to Ind AS-12 'Income Taxes' net profit and total comprehensive income after tax for the quarter ended on June 30, 2022 would have been lower by Rs.573 lakhs.
5. Based on our review conducted as above, except for the effect of our observation stated in para 4 above, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India has not disclosed the information required to be disclosed in terms of the Listing Regulations 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement

**PRESS RELEASE****Date: 2<sup>th</sup> August, 2022****PRAKASH INDUSTRIES LIMITED****FINANCIAL RESULTS FOR THE QUARTER ENDED 30<sup>TH</sup> JUNE, 2022**

During the quarter, the Company has achieved Net Sales of Rs.895 crores and EBITDA of Rs.103 crores. Profit after Tax for the quarter stood at Rs.43 crores.

This has been a challenging quarter for the Global and Indian economy marked with high inflation including sharp rise in coal prices, rising interest rates and continuing Russia Ukraine war crisis. In addition to this, the imposition of 15% export duty by the Government of India on certain steel exports further aggravated the situation. Despite all these multiple headwinds faced by the steel industry, the Company was able to deliver a strong performance. The EBITDA margin grew from around 9.6% to 11.4% (YoY) largely due to lower coal cost as the supplies of Long Term Coal Linkages from Coal India Limited have started during this quarter. Also, considering the market conditions, the Company strategically preponed its maintenance shutdown, which resulted in better inventory management. However, the inherent demand from construction and infrastructure segments remains strong.

**Commercial Coal Mine**

The Ministry of Coal had awarded Vesting Order for Bhaskarpara Coal Mine in favour of the Company on 18<sup>th</sup> November, 2021. The Company is taking all steps to open the mine by second half of the next year. This mine shall go a long way in enhancing the revenue and profitability of the Company, more so, in a scenario marked by global coal shortages and higher prices.
