EVENTS HELD DURING THE YEAR

1. Distributors Meet:

The Ador Distributors Meet 2023, was a resounding success, bringing together over 400 individuals, including employees, distributors of Ador Welding & Ador Fontech, and their families. The event served as a celebration of the powerful synergy that binds both the Companies together. Highlights of the meet included the Ador Awards Night, which recognized outstanding achievements and showcased our collective strength as a cohesive team. It also featured interactive sessions, providing valuable insights from distributors and the Ador team, fostering knowledge exchange and clarity of perspective.

2. Schweissen & Schneiden Trade Fair in Essen:

Schweissen & Schneiden is the world's premier trade fair for joining, cutting, and surfacing technology specialists, making it a pivotal event for companies at the forefront of welding innovation. Ador's presence at this prestigious event underscores its commitment to pushing the boundaries of welding technology and fostering a sustainable future for the industry.

Our participation in Schweissen & Schneiden 2023 provided an exceptional platform for showcasing our latest breakthrough: the Rhino-E Electric Welder. This state-of-the-art technology, engineered with a focus on minimizing carbon emissions and noise levels, captured significant attention from attendees. Visitors commended our interactive displays, including immersive virtual reality experiences and live product demonstrations. Particularly, the Rhino-E Battery Welder emerged as a standout feature of the exhibition, attracting considerable interest for its pioneering attributes.

OUR NEW PRODUCT

RHINO - E

Ador's latest innovation Rhino - E, represents a remarkable leap forward in welding technology, designed with a strong emphasis on reducing carbon emissions and noise levels. Notably, this marks the introduction of the first battery-powered electric welder in India.

The launch of Rhino - E, reflects Ador's unwavering commitment to Innovation and Sustainability. We recognised the need to reduce the carbon footprint, in welding processes and responded by developing the first battery-powered welder in India. We believe, Rhino - E will not only revolutionize the welding industry but also contribute significantly to reducing environmental impact. Ador is poised to lead this fast-growing market segment.

Rhino E's rapid development, achieved within a record time of just four months, demonstrates Ador's formidable capabilities. The product stands as a testament to the prowess of Ador's Technical Development Centre, which comprises 38 highly skilled individuals and receives a substantial 5% of the Company's profits dedicated to fostering innovation. This commitment to cutting-edge technology enables Ador to stay ahead of market demands and provide innovative solutions to its customers.

CSR INITIATIVES

- 1. Refurbishment of Girls Washroom at Advani Oerlikon Higher Secondary School, Birgaon, Raipur:** Ador Welding Limited constantly endeavours to add value and promote Education / Special Education on the societal front and to make a significant impact on their livelihood. We recently constructed the "Pink Toilet" for Girls, studying at Advani Oerlikon Higher Secondary School, which was established in the year 1981 at Raipur. This co-ed school has grown, to become the largest public school in Chhatisgarh. Ador continues to support the school, in varying capacities.

- 2. Vanvasi Kalyan Ashram (VKA):** Vanvasi Kalyan Ashram, provides a nurturing environment, where young girls not only pursue academic excellence, but also engage in a spectrum of extracurricular activities. Through the judicious use of funds and donations received from the community at large VKA offers holistic development opportunities including stitching / tailoring, cooking, computer training, mehendi training, basics of agricultural activities and much more, ensuring our girls emerge as confident and skilled individuals, ready to conquer the world.

3. **Ajit Foundation:** Ajit Foundation has taken a significant step towards digital education by providing smart boards to children through our Company's CSR fund. By introducing children to the digital world, it hopes to create a more engaging and enjoyable learning environment. Its smart boards are being used to teach Language, Maths, Science and Skills, to create a better future for our children.

4. **U & I Trust:** U&I is working hard to bring a positive change to the society and helping underprivileged, destitute, & mentally challenged individuals lead a better life.

- Better Learning Tools:** With resources like books and whiteboards for its classrooms, learning has become much more fun for our students. They now can understand English better and learn important skills more easily.
- Fun Presentations:** They were able to organize special events like recent "project day" for the students to show what they've learned in interactive projects through presentations. By actively participating in these activities, students not only gain confidence but also developed a deeper understanding and appreciation for the subject matter.
- Personalized Progress Tracking:** Its students now have their own report cards. These tools enable students to monitor their own progress and identify areas for improvement. This makes them feel responsible for their own learning, increasing their confidence in decision making.

Our CSR support has given its students the confidence and skills they need to succeed academically, empowering them to break free from the cycle of poverty

5. **Shiksha Foundation:** It nurtures underprivileged girl child section of the society, helps needy children, work upon women empowerment for a strong nation building, get the right medical aid, outreach to outskirts and make education available for literacy & organize special need based programs.

ANNEXURE II - TO THE DIRECTORS' REPORT

Disclosure of particulars with respect to Conservation of Energy, Technology Absorption and Foreign Exchange Earnings & Outgo, as required under Section 134 (3)(m) of the Companies Act, 2013, read with Rule 8(3) of the Companies (Accounts) Rules, 2014

A. Conservation of Energy

AWL believes that the workplace forms one of the strongest pillar for implementation of best practices for sustainable development. AWL is committed to making continuous efforts that contribute towards an integrated development, on an ongoing basis, by adopting various innovative measures at its plants, which lead to positive consequences, such as reduction of wastages, optimum consumption of non-renewable resources, climate change mitigation as well as reduction in operational costs.

Some of the initiatives / measures taken by your Company are as follows:

1. Installed Solar Power Plant at Silvassa Factory with the capacity of 115 KWP, during FY 2021-22, which generated 1,28,603 units in FY 2023-24.
2. Installed Solar Power Plant at Raipur Factory with the capacity of 518 KWP, during FY 2019-20, which generated 4,36,562 units, effectively reducing the greenhouse gas emission by 273.3 MT in FY 2023-24.
3. Installed LPG gas ovens during the last 02 (two) years, which resulted in saving of electrical power and improved the overall baking efficiency at Raipur Factory.

B. Technology Absorption

As a pioneer in the welding industry and a major supplier of a variety of Welding Consumables, Equipment and Automation systems to National as well as International markets, AWL is consistently investing in "Technology and Innovation" to deliver the best / "state of the art" products. The Company has 2 (two) Technology Development Centers (TDCs), 1 (one) each for Consumables and Equipment, both located at Chinchwad, Pune in Maharashtra. The TDCs continue to pursue their goals, with renewed vigor, in terms of innovation, upgradation, improvements & cost optimization. These TDCs regularly interact with the market / users for improving the competitive features and performance of the Company's products.

Some of the significant technology absorption / innovations w.r.t. TDCs are listed hereunder:

TDC Equipment:

- Developed Battery operated E-Welder, which can replace the Engine driven welders for usage in remote areas as well as welding in absence of electricity. This will be a major solution for welding without emission of carbon, if fossil fuel is used.
- With continuous work on improvement of our Pulse MIG machine, the welding performance in specific welding applications are successfully achieved by developing the specific software to control the welding arc dynamics.
- Added synergic lines for single point control of Pulse MIG machine for specific combinations of shielding gases and welding material. This enables user to set the welding parameters quickly for special welding materials.
- Developed specific alternator of Engine driven welding machine to increase the Auxiliary Power delivery rating from 18KVA to 22KVA by utilizing the engine power efficiently and without increasing engine power.
- Designed the packaging of all welding equipment in paper based corrugated material to eliminate the wooden packaging. This new design of packaging has also reduced the usage of plastic wrapping film, which was used for protection against humidity during transportation and storage. This new design of packaging has helped reduce the usage of plastic & wood & has protected the environment.

TDC Consumables:

- The Sales support team & QC support team is working in tandem with Product Management Team for business promotion, Process upgradation at plant level, etc.
- Developed special grade welding consumables, those are presently being imported.
- Exploring newer aspects of product development & trying to contribute for high-end fabrication segment in welding technology, cladding etc.
- Additional focus is given to Special welding consumables, Nickel welding alloys, etc. for promoting & addressing these areas.

Performance Evaluation:

The Nomination & Remuneration Committee, pursuant to Regulation 19 read with Part D (A) of Schedule II to SEBI (LODR) Regulations 2015, has laid down the criteria for performance evaluation of the Directors, including the Independent Directors, which shall be carried out for / by the entire Board of Directors.

The evaluation is based on various parameters, as stated below:

- Participation in the Committee Meetings, Board Meetings and the Annual General Meeting (AGM).
- Quality of inputs (contribution) in the Meetings.
- Contribution towards development of Strategies.
- Contribution towards Risk Management / Mitigation.
- Efforts taken towards acquiring knowledge about the Company and its business.
- Concern towards the holistic development of the Company, short term as well as long term.

Pursuant to the provisions of the Act and Regulation 17 of SEBI (LODR) Regulations, 2015, the Board has carried out the annual evaluation. The evaluation process includes performance evaluation of individual Directors, performance evaluation of all the Board Committees by the individual Directors and performance evaluation by the individual Directors of the entire Board. A structured questionnaire is prepared, covering various aspects of the Board's functioning. A consolidated summary of the ratings, given by each Director is then prepared & presented. The report of performance evaluation is then discussed and noted by the Nomination & Remuneration Committee and subsequently by the Board.

Remuneration Policy for the Directors:

Pursuant to the requirements of the Companies Act, 2013 and Part D(A)(1) of Schedule II to SEBI (LODR) Regulations 2015, the Board has, on the recommendation of NRC, framed a Remuneration Policy for its Directors, considering particularly the following, amongst other things:

I. Remuneration to the Executive Directors:

The remuneration of the Managing / Whole-time / Executive Director(s) is decided by the Nomination & Remuneration Committee (NRC), based on the criteria(s) such as industry benchmarks, Company's performance vis-à-vis Industry performance / track record / performance of the Managing / Whole-time / Executive Director(s) and the same is recommended to the Board of Directors. The Company pays remuneration by way of salary, perquisites & allowances (fixed component) and Bonus, Performance Incentive & Commission (variable component) upto a maximum of 1% of the net profits of the Company, specifically computed for this purpose, as per the provisions of Section 198 of the Companies Act, 2013, to all / each of its Whole-time / Executive Director(s), as may be recommended by NRC and approved by the Board, such that the total remuneration (including commission / bonus, if any), as decided by the Board of Directors in its absolute discretion, does not exceed the limits prescribed under Section 197, 198 & 200 of the Companies Act, 2013 and Schedule V thereto. In case of inadequate or no profits, remuneration is paid, subject to the provisions of the Act and / or approval of the Shareholders.

In terms of Regulation 17 (6) (e) of SEBI (LODR) (Amendment) Regulations, 2018, the remuneration payable to the Executive Directors, who are Promoters or Members of Promoter Group, shall be subject to the approval of the Shareholders, by way of special resolution, in the Annual General Meeting, if the aggregate annual remuneration payable to such Directors exceeds 5% of the net profits of the Company, as calculated under Section 198 of the Companies Act, 2013, where there is more than 1 (one) such Director. The Board has, on the recommendation of NRC, approved the said payment exceeding 5% of the net profits of the Company, to the Executive Directors who are Promoters / Member of Promoter Group and fresh approval of the Shareholders are taken at the time of their respective re-appointments.

Further, the annual increments are recommended by NRC, within the salary scale of each of the Executive Directors. The terms of remuneration are approved by the Shareholders at the Annual General Meeting and are effected in the individual Agreements, executed with the respective Executive Directors.

II. Remuneration to the Non-executive Directors:

As required under Schedule V(C)(5)(b) to SEBI (LODR) Regulations 2015, the Company has uploaded the criteria for payment of Remuneration to its Non- Executive Directors onto the website of the Company, at the following web link: https://www.adorwelding.com/wp-content/uploads/2021/07/criteria_for_payment_to_NEDs.pdf

ANNEXURE IV - TO THE DIRECTORS' REPORT

MANAGEMENT DISCUSSION & ANALYSIS REPORT

OVERVIEW:

For over 70 (seventy) years, we have been serving clients in India and around the world with end-to-end welding & cutting products and solutions. What makes us unique, is our willingness to make that extra effort for **“Creating the best welding experience”** to our customers.

Our goal is to form a sustainable Organization that meets the needs of the welding community, while providing jobs for our citizens and generating wealth for our stakeholders. Achieving these goals is not simple and we face many obstacles. We have addressed some of these challenges in this report's "Risk Factors" section.

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The Welding Industry forms the backbone of the manufacturing sector, which is expected @ 17% of GDP. Welding is critical for many manufacturing processes and the quality of welding has a direct impact on the quality of the final product.

The last financial year 2023-24 (FY24) commenced with strong expectations of economic growth.

In 2023, amidst a challenging global scenario, India emerged as a significant economic and geopolitical power. India assumed the presidency of G20, emphasizing a rule-based international order, advocating for collaboration to solve common issues. India's role positioned it as a stabilizing force in an increasingly complex global geopolitical landscape. The global economy faced volatility and unpredictability due to geopolitical tensions, economic fragmentation, and financial turbulence. India was partly affected due to this and it continued to focus on infrastructural development, amongst other things. While macroeconomic stability remains anchored by moderating inflation, ongoing fiscal consolidation, and a modest current account deficit, global headwinds pose risks. These include high global interest rates, geopolitical strife, and sluggish global demand. India's growth trajectory remains resilient, but challenges persist.

The Company continued to focus on product mix and cost reduction control measures to sustain growth and profitability.

The Capital goods segment witnessed some revival in activity over the previous year. New product launches continued to show encouraging results. The Company witnessed reasonably stable market conditions, despite the volatilities, to achieve growth in sales and profits.

Significant growth in the manufacturing industries is boosting the market's outlook. In line with this, rising demand for welding consumables in the energy sector is fuelling market expansion. Other factors, such as, extensive growth in the automotive industry and various technological advancements, such as the use of dissimilar metal welding via fibre lasers in the production of electric cars, are expected to drive the market further in the country. Furthermore, the Indian welding equipment and consumables market is expected to benefit from the growth of the railway industry, mining industry and defence. With large outlays in Defence sector, in the coming years, shipbuilding, airports, roads & tunnels, maintenance of vehicles & equipment, new technologies in Drones etc. will be the sectors to look forward to.

We have a sizable market share in both, the consumable and equipment markets (organised), and we are market pioneers in a variety of goods & geographies. We wish to cater to all the customer needs, with our solutions and products under one roof, through our Welding & Cutting Automation (WCA) division.

According to CEICdata.com, India's gross fixed capital formation (GFCF) in the year 2024 is INR 94,341.903 billion and in the year 2025 GFCF is expected to be INR 105,249.815 billion. The Reserve Bank of India (RBI) expects GFCF to grow by 8.1% in FY 2024-25, and real private final consumption expenditure (PFCE) to grow by 6.1%. The RBI has also revised the real gross value added (GVA) growth projection for FY 2024-25 to 6.3%. All this augurs well for the welding industry, which can be expected to grow @ CAGR of around 8-9%, over the period.

OPPORTUNITIES AND THREATS:

The Indian Welding Equipment & Consumables market is expected to grow at more than 6.1% CAGR from the year 2023 to 2028. India has a large population, which has led to an increase in demand for housing, healthcare, and transportation. This has led to an increase in demand for welding equipment and consumables in various industries. Furthermore, with the increasing competition in the market, end-users are now focusing on the quality of welding equipment and consumables. This has led to an increase in demand for high quality welding equipment & consumables, that can meet the stringent quality standards.

Moreover, with the increasing number of welding equipment & consumables, being used in various industries, the demand for repair and maintenance services is also increasing. This has led to an increase in the demand for welding equipment and consumables that are easy to repair and maintain. In addition, India has a large pool of skilled and unskilled workers, which has led to an increase in the availability of trained welders and welding technicians.

The mandatory requirement of BIS marking for products, used in Government Industries, has opened up the opportunities for “Made-in-India” products and manufacturers like ADOR, can obtain the BIS certification without any additional investment or efforts, since its products are already designed and manufactured in India with specifications, surpassing requirements of the standards.

OUTLOOK, RISKS AND CONCERNS:

OUTLOOK:

The Indian manufacturing sector currently contributes around 17% to the GDP, supported by robust physical and digital infrastructure. However, this share is expected to grow to 21% in the next 6-7 years. India aims to triple its manufacturing gross value added (GVA) to reach a remarkable \$1 Trillion by FY 2025-26. This ambitious goal implies a compounded annual growth rate (CAGR) of about 12%, a significant leap from the current growth rate of 7-8%.

Developing globally competitive manufacturing hubs, represent one of the biggest opportunities for India to spur economic growth and job creation in this decade.

McKinsey identifies 11 manufacturing value chains with strong potential:

- Pharmaceuticals and Medical Devices
- Electronics and Semiconductors
- Automobiles and Auto Components
- Textiles and Apparel
- Chemicals and Petrochemicals
- Food Processing and Agribusiness
- Machinery and Equipment
- Metals and Mining
- Renewable Energy and Storage
- Construction Materials and Infrastructure
- Consumer Goods and Appliances

These value chains can capitalize on India’s advantages in raw materials, manufacturing skills, and entrepreneurship. They can tap into market opportunities such as export growth, import localization, domestic demand, and contract manufacturing.

A focused approach to the industrial policy, aimed at lifting productivity, securing know-how, and providing access to capital, could help these value chains more than double their GDP contribution to \$500 billion in seven years, while creating extensive job opportunities.

RISKS AND CONCERNS:

- Infrastructure Challenges: Despite improvements, India still faces infrastructure gaps, including inadequate transportation networks, power supply, and logistics. These bottlenecks can hinder manufacturing growth.
- Labour Productivity: Enhancing labour productivity remains crucial. Skill development, vocational training, and upskilling programs are essential to create a skilled workforce.
- Regulatory Environment: Cumbersome regulations, bureaucratic hurdles, and compliance complexities can deter investment and hinder ease of doing business.
- Global Competition: India competes with other manufacturing giants like China, Vietnam, and Indonesia. Maintaining competitiveness is vital.
- Supply Chain Resilience: COVID-19 pandemic highlighted vulnerabilities in global supply chains. India must focus on building resilient supply networks.

- **Environmental Sustainability:** Balancing economic growth with environmental conservation is critical. Sustainable practices are essential for long-term viability.

In summary, India's manufacturing sector has immense potential, but addressing challenges and seizing opportunities will be crucial for achieving its ambitious growth targets in the coming years.

INCOME STATEMENT ANALYSIS:

In FY24, overall revenue from operations reached INR 88,383 Lakhs from INR 77,676 Lakhs in FY23. This translates to about 13.78% increase from the previous year FY23. Revenue from consumables business was at INR 67,780 Lakhs, as compared to INR 61,449 Lakhs in FY23. Revenue from equipment & automation business was at INR 17,131 Lakhs, as compared to INR 11,504 Lakhs in FY23. Revenue from Flares & Process Equipment Division (erstwhile Project Engineering Business (PEB)) was at INR 3,472 Lakhs, as compared to INR 4,723 Lakhs in FY23. Other income of INR 1,307 Lakhs, mainly consisted of forex gains, interest income, rental income and export incentive, etc.

BALANCE SHEET ANALYSIS:

During FY24, overall working capital days have been controlled at 89 days, compared to 85 days in the previous year, even after significant increase in business and undertaking a large scale project with longer lead time. The borrowings are under control, with Debt to Equity ratio of 0.12.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company continues to strongly believe that effective internal controls are critical for good corporate governance and that the operational freedom in conducting business should be exercised within the framework of appropriate checks & restraints, subject to adherence of applicable laws of the land.

The Company has robust Internal Financial Control System (IFCS), which covers all the critical aspects of business processes and reporting.

The Company has a well-defined Internal Audit System. The scope of Internal Audit is reviewed & finalized at

the beginning of every financial year, in consultation with the Statutory Auditors and approved by the Audit Committee. The audit plan is focused, primarily, on the operations & processes.

The Audit Committee reviews the Internal Audit Reports on a quarterly basis and offers necessary guidance with respect to its coverage, scope & corrective measures.

Our ERP & IT system makes Finance & Accounts Management robust, data tracking easier and decision making faster.

The Company has developed a software, which helps in centralizing its order processing, leading to better logistics / movement of goods. The Company has a very sound compliance track record with all the Legal and Statutory authorities in the Country, and there is a regular Management Audit mechanism to ensure that the Company, does not violate any known Legal or Statutory provisions, applicable to the Company.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES:

In FY24, we continued our focus on working towards achieving our Vision of **"Creating the best Welding Experience"** by imbibing three (03) core values viz. Enhancing Performance, Building Trust & Relationship and strive to give the best Customer Experience.

All key HR initiatives, such as Performance Management, Training & Development, Recruitment etc. aimed to increase employee productivity and retention. We emphasized on not just the physical wellbeing of our employees through insurance / health care policies, but also considered their mental / emotional wellbeing. In addition, recreational activities across all three factories and workshops on Stress Management and Work Life Balance were also a part of the wellbeing initiatives.

For skill enhancement and improving efficiency, various technical and Soft Skill programs were conducted throughout the year to meet the increasing performance demands of the Business. The Employee Feedback Survey, which is conducted annually, also gave insights into Company Culture and improvement areas for the coming year.

The hiring process was refreshed to ensure diversity and fairness in the selection of suitable candidates. Talented young engineers from various Campus / Institutes were recruited across locations in different functions to strengthen the teams. The employee turnover / attrition was lowest in the last 10 years except for the Pandemic Year (FY21).

As we continue to grow, we will strive to keep our employees motivated, trained and ready for any upcoming challenges on our journey towards achieving excellence.

The employee strength as of 31st March, 2024 stood at 672.

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2024

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

Ador Welding Limited

We have conducted the Secretarial Audit of the Compliance of applicable statutory provisions and the adherence to good corporate practices by **Ador Welding Limited** (hereinafter called the Company). Secretarial Audit was conducted in conformity with the auditing standards, issued by the Institute of Company Secretaries of India ("the Auditing Standards") and the processes and practices followed during the conduct of Audit are aligned with the Auditing Standards to provide us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives, during the process of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2024, has complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minutes books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2024, according to the provisions of:

1. The Companies Act, 2013 (the Act) and the Rules made thereunder, including statutory amendments made thereto and modifications thereof for the time being in force;
2. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
3. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder; **to the extent applicable**
4. The Securities and Exchange Board of India (Depositories & Participants) Regulations, 2018 and amendments thereof and the Regulations and bye-laws framed thereunder;
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 and amendments thereto ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

6. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, regarding the Companies Act and dealing with client.

7. Other applicable Laws as per list attached as 'Annexure A' to this report.

We have also examined compliance with the applicable clauses of the following:

- a. Secretarial Standards issued by the Institute of Company Secretaries of India (ICSI),
- b. Guidelines issued by MCA and SEBI relating to conducting the meetings (Board / General Shareholders Meetings) via Video Conferencing (VC) and Other Audio-Visual means (OAVM).

During the period under review, we observed that the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

Except with respect to circulation of draft minutes and signed minutes, which shall be circulated within 15 days from the date of conclusion of the Meeting of Board or the Committee and within 15 days of signing of the Minutes respectively, as per Secretarial Standards (SS) issued by ICSI. However, the directors have condoned the same by taking approval for 2 (two) additional weeks time for FY 2023-24 w.r.t. circulation of minutes in the Board Meeting dated 30th May, 2023.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act and SEBI (LODR) Regulations, 2015.

Adequate notice is given to all the Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least 07 (seven) days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decisions are carried through, unanimously, at the Board Meeting and there are no dissenting members' views, which are required to be captured and recorded as part of the minutes. **All the decisions have been taken with requisite majority in the General Meetings and the views expressed by the dissenting members, if any, are captured and recorded as part of the minutes.**

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company, to monitor and ensure compliance with the applicable laws, rules, regulations and guidelines.

We further report that during the audit period, the Court (NCLT) convened meeting of the Equity Shareholders of Ador Welding Limited (Transferee Company) was held on Thursday, 10th August, 2023 for approving the Scheme of Amalgamation (Merger by Absorption) of Ador Fontech Limited ("ADFL" or "Transferor Company") with Ador Welding Limited ("AWL" or "Transferee Company") and their respective Shareholders ("Scheme"). Hon'ble NCLT, Mumbai Bench, vide its Order dated 05th September, 2023 had admitted the Petition in the matter of Scheme of Amalgamation. Furthermore, the said petition was fixed for hearing before Hon'ble NCLT, Mumbai bench on 05th March, 2024, which was adjourned to 23rd April, 2024, which got further adjourned to 07th May, 2024, to approve the said Scheme of amalgamation.

We further report that during the audit period, the Company has received summons / notices / penal order from the Bureau of Indian Standards (BIS) for violation. The Company has duly responded to all such summons / notices / penal order and has duly initiated the required action at various judicial forums.

VII-26. Overview of the entity's material responsible business conduct issues. Please indicate material responsible business conduct and sustainability issues, pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Energy Management	Opportunity	Product manufacturing is an energy-intensive operation, and efficient energy management initiatives help the company optimize its energy consumption and thereby significantly aid in cost savings, lowering the energy consumption and GHG footprint of our organization. To achieve this, we have integrated several energy-efficient techniques, such as utilizing more efficient machines, and automatic systems in our processing units and installing solar panels, etc. These measures help us maintain low energy consumption while promoting sustainability.	-	Positive

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
2	Greenhouse Gas Emissions	Risk	Considering the nature of our business operations, a high energy requirement and consequent high greenhouse gas (GHG) emissions are inherent to some extent. Furthermore, we anticipate more stringent GHG policies, i.e. all-inclusive tracking and reporting practices, capping emissions, etc. could become mandatory in coming years. While we understand the need to manage and reduce this high emissions, we also anticipate that failure to align with evolving GHG policies could result in substantial penalties and reputational damage.	At Ador, we track and publish our Scope 1 and Scope 2 emissions. We also remain vigilant regarding upcoming policies and advancements in GHG tracking and public disclosure. Hence, we are strategizing to develop a comprehensive mitigation plan encompassing Scope 3, along with other Scopes, and develop targets for GHG emission reduction.	Negative
3	Water Management	Opportunity	Our production process at Consumable Plants is water-intensive, hence effective water management is crucial for our operations. Water scarcity poses a notable risk, impacting business continuity and profitability. However, efficient water management presents an opportunity to enhance efficiency and cut costs. Through substantial investments in water management systems such as ZLD and STP, we've improved our water utilization, resulting in decreased costs and reduced water footprint.	-	Positive
4	Air-pollution	Risk	Air emissions pose a risk, as it can contribute to local and regional emission concentrations. Moreover, non-compliance, if any, with regulatory requirements set by regional and national government boards, could have adverse impacts on both health and the environment, potentially resulting in compensatory and reputational damage to the Company. Additionally, this could pose a risk to our license to operate.	We conduct regular monitoring of our emissions and maintain strict processes to ensure that our operations adhere to industry best practices, with a focus on minimizing our environmental impact. Additionally, we hold ISO 14001 certification, underscoring our commitment to environmental stewardship.	Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5	Workforce health and safety	Risk	Given the nature of our business, it is imperative to establish rigorous protocols and procedures for health and safety to prevent injuries, accidents, and potential legal or reputational ramifications.	We strictly follow the prescribed health and safety protocols. We conduct routine training sessions to ensure our workforce is well-prepared to navigate such circumstances.	Negative
6	Materials Sourcing	Risk	Our supply chain is susceptible to various risks associated with critical materials used in the production process. These materials are often specialized and, in many instances, have limited alternatives. Instances of unavailability, transportation challenges, or supply disruptions could lead to price escalation and even slow down production processes. Therefore, addressing this issue is of paramount importance.	Over the years, we have successfully diversified our supply chain to reduce dependency on a single supplier and have ensured a more resilient supply chain. Furthermore, we continuously monitor market trends and product demand and pro-actively take the procurement decision to address potential challenges. Lastly as a part of our governance ethics, we foster strong, transparent, and effective communications with our value chain.	Negative
7	Supply chain Management	Risk	Ador has a complex supply chain, encompassing numerous stakeholders throughout the sourcing, production, and disposal phases of our products, making it susceptible to frequent disruptions.	Our supply chain management practices are robust and transparent, characterized by thorough due diligence to identify risks and vulnerabilities. Moreover, we assess the majority of our downstream supply chain based on key environmental, social, and governance (ESG) parameters, ensuring the smooth flow of value downstream.	Negative

Energy intensity per rupee of turnover (Total energy consumption/ turnover in rupees)	0.86 GJ / Lakh	0.95 GJ / Lakh
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP)	19.26 GJ / Lakh USD	21.01 GJ / Lakh USD
Energy intensity in terms of physical output	4.12 GJ / Number of Static Welding Equipment	5.30 GJ / Number of Static Welding Equipment
Energy intensity (optional) – the relevant metric may be selected by the entity	-	-

Remarks: Values are in GJ.

EI-1. Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No, no independent assessment has been carried out by the external agency.

EI-2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

No, the entity does not have any facilities under PAT Scheme.

EI-3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2023-24	FY 2022-23
Water withdrawal by source (in kilolitres)		
(i) Surface water	0.00	0.00

Total water discharged (in kilolitres)	15369.30	12810.50

Remarks: Sewage treatment plant (STP) & Effluent Treatment Plant (ETP) are the level of treatment, which are followed to treat the surface Water and ground water discharged generated during manufacturing activity.

EI-4. Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.- No

EI-5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.-

Yes, considering water as a crucial environmental resource, we have implemented initiatives across all manufacturing units to conserve and recycle water, ensuring Zero Liquid Discharge (ZLD). The entity has established ZLD mechanisms through Effluent Treatment Plants (ETP) and Sewage Treatment Plants (STP), which treat water and the treated water is used for gardening purposes. Additionally, we also have a ZLD system in place.

EI- 6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameters	Please specify Unit	Current Financial Year	Previous Financial Year

Others – please specify	NA	NA	NA

EI-6. Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.- No

EI-7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) in MTCO2E & its intensity, in the following format:

Parameter	Unit	FY 2023-24	FY 2022-23
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	TCO ₂ e	1267.09	1296.30
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	TCO ₂ e	10431.70	9812.50
Total Scope 1 and Scope 2 emission intensity per rupee of turnover	TCO ₂ e / rupee of turnover	0.1324 TCO ₂ e / Lakh	0.1430 TCO ₂ e / Lakh
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)	TCO ₂ e / rupee of turnover	2.9650 TCO ₂ e / Lakh	3.1702 TCO ₂ e / Lakh
Total Scope 1 and Scope 2 emission intensity in terms of physical output	TCO ₂ e / rupee of turnover	0.6339 TCO ₂ e / Number of Static Welding Equipment	0.7994 TCO ₂ e / Number of Static Welding Equipment
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	TCO ₂ e	-	-

EI-7. Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.- No

EI-8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.-

Yes, the Company is aligned to emissions management strategy with the global goals of minimising carbon footprint and mitigating climate change risks. Accordingly, processes are streamlined to move closer to the common goal. Reducing GHG emissions is not only a business imperative, but also forms a vital part of the Company's environmental strategy, going forward. With the use of renewable energy sources, there is a reduction in emissions.

PRINCIPLE 9 Businesses should engage with and provide value to their consumers in a responsible manner

Essential Indicators

EI-1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.-

Consumer Complaints Resolution: a well-established system viz. Customer Care Centre (CCC) is in place for dealing with customer feedback and complaints. Customers are provided various options to connect with the Company through Zendesk platform, WhatsApp, e-mails, telephone, website, social media, feedback forms etc. All complaints are appropriately addressed, and efforts are taken to resolve the same in a timely manner. Around 75% of the complaints were related to application issue (lack of knowledge of customer / their welder). The application issues were all addressed and resolved within maximum of 48 hours through online consultation or physical visits by technical experts from the related plants. All the complaints are efficiently attended by our cross functional team (plant Customer Care / plant QC team / plant production / TDC {R&D} team) along with our service team. Further, we conduct regular meetings with customer representatives for understanding the nature of difficulties faced by our customers. Based on the feedback of representatives, we suggest welding parameters specific to the customer’s job, provide demonstration to the welders at customer’s premises as well as replace specific lot, if required, in order to satisfactorily resolve the complaints. Corrective & preventive actions are taken and shared with the customers as well.

Consumer Feedback: We do have a system in place to get feedback from our customers, which is through our Sales and Service team. A feedback sheet is sent to the customers, to give their views / feedback on our services, including product quality, cost and timely delivery, amongst other things. In the said feedback sheet, the customer can rate our services in the scale from “poor to excellent” and has to also mention their expectations, if any. In addition to this, we also carry out survey through electronic media from time-to- time to get customer feedback. Upon receipt of feedback, the same are analyzed and a suitable action plan is formed for improvements. We have not carried-out any consumer survey / consumer satisfaction survey in the last Financial Year 2023-24. However, we have collected customer feedback forms / performance letters from our customers / vendors.

EI-2. Turnover of products and / services as a percentage of turnover from all products / service, that carry information about:

(Yes/No)-

Yes, we diligently adhere to all guidelines stipulated by the Legal Metrology and Weights & Measures Act and ensure that accurate & compliant product information is displayed. Additionally, we prioritize transparency and consumer trust by providing comprehensive details beyond legal requirements, where feasible. While we have not conducted any surveys regarding consumer satisfaction pertaining to our major products / services or significant operational locations, we do have a grievance mechanism in place. Stakeholders can raise their complaints or any other issues, through our dedicated email address: care@adorians.com.

Independent Auditor's Report

To the Members of Ador Welding Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of **Ador Welding Limited** ('the Company'), which comprise the Balance Sheet as at **31 March 2024**, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matter described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Revenue Recognition	
Refer note 34 and note 60 to the accompanying financial statements for the material accounting policy on revenue recognition and details of revenue recognised during the year.	
Revenue from sale of goods (hereinafter referred to as "Revenue") is recognized when control of the products being sold is transferred to the customer and when there are no longer any unfulfilled obligations.	Our audit procedures, related to revenue recognition, included, but were not limited, to the following: <ul style="list-style-type: none"> • Understood the process of revenue recognition and evaluated the appropriateness of the accounting policy adopted by management on revenue recognition in accordance with Ind AS 115;

Key audit matter	How our audit addressed the key audit matter
<p>The Company has three reportable business segments: i) Consumables ii) Equipment and automation; and iii) Flares and Process Equipment Division (FPED).</p> <p>The timing of recognition of revenue in case of sale of consumables and equipment and automation is when control over the same is transferred to the customer. The performance obligations are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on terms of the agreement i.e., performance obligations are satisfied at a point in time. The performance obligations in case of FPED, are satisfied over the time.</p> <p>Owing to the diverse terms of contracts with customers, in line with the requirements of the standards of auditing, revenue is determined to be an area involving significant risk and hence, requiring significant auditor attention. Further, the application of Ind AS 115 - Revenue from Contracts with Customers ('Ind AS 115') requires management to make certain key judgements / estimates such as determining timing of revenue recognition and transaction price including impact of variable consideration as per the terms of the contracts with customers.</p> <p>The management considers revenue as a key measure for evaluation of performance and thus timing of revenue recognition is relevant as there is a risk of revenue being recorded before control is transferred to the customers.</p> <p>Considering significance of amount involved, varied terms of contracts with customers and above-mentioned key judgements / estimates, revenue recognition is considered to be a key audit matter for the current year audit.</p>	<ul style="list-style-type: none"> • Evaluated the design and tested the operating effectiveness of Company's controls (including the automated controls) around revenue recognition; • Assessed the appropriateness of Company's identification of performance obligations in its contracts with customers, its determination of transaction price including impact of variable consideration and allocation thereof to performance obligations in accordance with the accounting principles laid down in Ind AS 115; • Scrutinized sales ledgers to verify completeness of sales transactions; • Performed substantive testing by extracting samples of revenue transactions recorded during the year, including specific period before and after the year end, by verifying the underlying documents, which included shipping documents, lorry receipt, sales order, invoice and approved price list etc; • Selected a sample of contracts and performed a retrospective review of efforts incurred with estimated efforts to identify significant variations and verify whether those variations have been considered in estimating the remaining efforts to complete the contract; • Inspected the samples of sales return and checked the appropriateness of sales return accounted in the books by verifying its approval from authorized person and goods inward note; • Performed analytical procedures on current year revenue based on overall revenue recognized, customer wise analysis, product wise analysis and where appropriate, conducting further enquiries and testing; • Obtained balance confirmations for samples of customers selected and reviewed the reconciling items, if any; and • Evaluated the appropriateness and adequacy of the related disclosures included in financial statements in accordance with Ind AS 115.

Information other than the Financial Statements and Auditor's Report thereon

6. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

7. The accompanying financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
16. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

17. Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying financial statements;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in paragraph 17(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended));
 - c) The financial statements dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid financial statements comply with Ind AS specified under section 133 of the Act;
 - e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of section 164(2) of the Act;
 - f) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in, paragraph 17(b) above on reporting under section 143(3)(b) of the Act and paragraph 17(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended));
 - g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2024 and the operating effectiveness of such controls, refer to our separate report in Annexure B wherein we have expressed an unmodified opinion; and
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company, as detailed in note 44 to the financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2024.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2024;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2024;
 - iv.
 - a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 59 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 59 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- v. The interim dividend declared by the Company during the year ended 31 March 2024 is in accordance with section 123 of the Act to the extent it applies to declaration of dividend. However, the said dividend is not paid on the date of this audit report. The final dividend paid by the Company during the year ended 31 March 2024 in respect of such dividend declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
- vi. As stated in note 69 to the financial statements and based on our examination which included test checks, except for instances mentioned below, the Company, in respect of financial year commencing on 1 April 2023, has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with other than the consequential impact of the exception given below

Annexure A: Referred to in paragraph 16 of the Independent Auditor's Report of even date to the members of Ador Welding Limited on the financial statements for the year ended 31 March 2024

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress, investment property and relevant details of right-of-use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular programme of physical verification of its property, plant and equipment, capital work-in-progress, investment property and relevant details of right-of-use assets under which the assets are physically verified in a phased manner over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain property, plant and equipment, capital work-in-progress, investment property and relevant details of right-of-use assets were verified during the year and no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties including investment properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in Note 2 to the financial statements, are held in the name of the Company.
- (d) The Company has not revalued its property, plant and equipment including right-of-use assets or intangible assets during the year.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year, except inventory lying with third parties. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed as compared to book records. In respect of inventory lying with third parties, these have substantially been confirmed by the third parties.
- (b) As disclosed in Note 46 to the financial statements, the Company has been sanctioned a working capital limit in excess of Rs. 5 crores by banks based on the security of current assets. The quarterly returns/statements, in respect of the working capital limits have been filed by the Company with such banks and such returns/statements are in agreement with the books of account of the Company for the respective periods which were subject to audit/review.
- (iii) The Company has not made any investment in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or any other parties during the year. Accordingly, reporting under clause 3(iii) of the Order is not applicable to the Company.
- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans and investments made and guarantees and security provided by it, as applicable.

- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there are no amounts which have been deemed to be deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has specified maintenance of cost records under sub-section (1) of section 148 of the Act in respect of the products of the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) In our opinion, and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

(viii) According to the information and explanations given to us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been previously recorded in the books of accounts.

(ix) (a) According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of term loans during the year and there has been no utilisation during the current year of the term loans obtained by the Company during any previous years. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.

- (d) In our opinion and according to the information and explanations given to us, and on an overall examination of the financial statements of the Company, funds raised by the Company on short term basis have, prima facie, not been utilised for long term purposes.
- (e) According to the information and explanations given to us, the Company does not have any subsidiaries, associates or joint ventures. Accordingly, reporting under clause 3(ix)(e) and clause 3(ix)(f) of the Order is not applicable to the Company.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or (fully, partially or optionally) convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no fraud on the Company has been noticed or reported during the period covered by our audit.
 - (b) According to the information and explanations given to us including the representation made to us by the management of the Company, no report under sub-section 12 of section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014, with the Central Government for the period covered by our audit.
 - (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.
- (xiv)(a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system which is commensurate with the size and nature of its business as required under the provisions of section 138 of the Act.
 - (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and accordingly, reporting under clause 3(xv) of the Order with respect to compliance with the provisions of section 192 of the Act are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clauses 3(xvi)(a), (b) and (c) of the Order are not applicable to the Company.
 - (d) Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC.

- (xvii) The Company has not incurred any cash losses in the current financial year as well as the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information in the financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) According to the information and explanations given to us, the Company does not have any unspent amounts towards Corporate Social Responsibility in respect of any ongoing or other than ongoing project as at the end of the financial year. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.
- (xxi) The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Annexure B: Independent Auditor's Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the financial statements of Ador Welding Limited ('the Company') as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1 - Material accounting policy information to the financial statements for the year ended 31 March 2024

I. Corporate Information

Ador Welding Limited ('the Company') was incorporated in 1951 and is one of India's leading player in the field of Welding Products, Technologies and Services. The Company is also engaged in providing customized solutions for multi-disciplinary projects and contracts related to refineries, oil and gas, petrochemicals, fertilizers, steel plants, pharma, water and other chemical process industries. The Company is a public limited company and domiciled in India and its shares are listed on two recognised stock exchanges in India- the Bombay Stock Exchange Limited (BSE) and the National Stock Exchange (India) Limited (NSE). The registered and corporate office of the Company is situated at Ador House, 6, K. Dubash Marg, Fort, Mumbai.

The financial statements were authorised for issue in accordance with the resolution of the Board of Directors on 30 April 2024.

II. Material Accounting Policy Information

Below is list of material accounting policy information applied by the Company in the preparation of its financial statements. Such accounting policies have been applied consistently to all the periods presented in these financial statements, unless otherwise indicated.

(a) Basis of Preparation

The financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 (the 'Act') read with Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act and guidelines issued by the Securities & Exchange Board of India (SEBI).

The financial statements have been prepared on a historical cost convention and accrual basis, except for the certain financial assets and liabilities that are measured at fair value and defined benefit plan assets measured at fair values by Ind AS.

Fair value is the price that would be received on sale of asset or paid on transfer of liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Current and non-current classification

All assets and liabilities have been classified as current or non-current based on the Company's normal operating cycle for each of its businesses, as per the criteria set out in the Schedule III to the Act.

(b) Critical estimates and judgements

The preparation of financial statements in conformity with Ind AS, which requires management to make estimates, assumptions and exercise judgment in applying the accounting policies that affect the reported amount of assets, liabilities and disclosure of contingent liabilities at the date of financial statements and the reported amounts of income and expenses during the year.

The Management believes that these estimates are prudent and reasonable and are based upon the Management's best knowledge of current events and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognised in the periods in which the results are known or materialised.

This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

Useful lives of Property plant and equipment (PPE), investment property and Intangible assets Property, plant and equipment represent a significant proportion of the asset base of the Company. Depreciation is provided as per the Straight Line Method over the estimated useful lives of assets. The Company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II to the Act. Management believes that useful life of assets are same (except for vehicles as disclosed in note 1(II)9c)) as those prescribed in Schedule II to the Act. - Refer note 1(II)(c),(d),(e) and (f).

Valuation of deferred tax assets / liabilities

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. Significant judgment is involved in arriving at the deferred tax assets and liabilities, which is based on the Company's current operations and projections for the future. - Refer note 1(II)(o).

Defined benefit obligation

The cost of post-employment benefits is determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rate of return on assets, future salary increases and mortality rates. Due to the long term nature of these plans such estimates are subject to significant uncertainty. The assumptions used are disclosed in Note 50.

Fair value measurements of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including Discounted Cash Flow Model. The inputs to these models are taken from observable markets wherever possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risks, credit risks and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. - Refer note 1(II)(h).

Other areas involving critical estimates or judgments are:

- i) Revenue from Flares and Process Equipment Division - Refer note 1(II)(l)
- ii) Estimation of tax expenses and tax payable - Refer note 42
- iii) Probable outcomes of matters included under Contingent Liabilities - Refer note 44
- iv) Leases - Estimating the incremental borrowing rate - Refer note 1(II)(p)

(c) Property plant and equipment

All items of Property, plant and equipment (other than freehold land) are stated at cost/deemed cost, less accumulated depreciation and accumulated impairment losses, if any. Freehold Land is carried at historical cost less any accumulated impairment losses. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs incurred during the period of construction are capitalised as part of cost of qualifying asset.

Items of property, plant and equipment that have been retired from active use and are held for disposal are stated at the lower of their net book value or net realisable value and are shown separately in the financial statements. Any expected loss is recognised immediately in the Statement of Profit and Loss. Losses arising from the retirement of, and gains or losses arising from disposal of tangible assets, which are carried at cost, are recognised in the Statement of Profit and Loss.

Depreciation is provided on a pro-rata basis on the straight-line method based on useful life as estimated by the management and aligned to Schedule II to the Companies Act, 2013 in order to reflect the actual usage of assets. Depreciation on assets acquired under finance lease is spread over the lease period or useful life, whichever is shorter.

Estimated useful lives of assets are as follows:

Assets Category	Useful Life (in Years)	Basis of Determination of useful life
Buildings	30-60 years	Assessed to be in line with schedule II to the Act
Ownership Premises	30-60 years	Assessed to be inline with schedule II to the Act
Plant and equipments (including computer)	8 to15 years	Assessed to be in line with schedule II to the Act
Electrical installation	10 years	Assessed to be in line with schedule II to the Act
Furniture and fixtures	8 to10 years	Assessed to be in line with schedule II to the Act
Office equipment	5 years	Assessed to be in line with schedule II to the Act
Vehicles	4 to10 years	Management Estimate ^

^ As per management estimate and based on new vehicle policy, motor cars purchased after 1-4-2019 are depreciated over 4 years.

Assets not yet ready for intended use are recognised as capital work-in-progress.

(d) Non-current assets classified as held for sale:

Assets that are available for immediate sale and where the sale is highly probable of being completed within one year from the date of classification are considered and classified as assets held for sale. Assets classified as held for sale are measured at the lower of carrying amount or fair value less costs to sell. The determination of fair value less costs to sell includes use of management estimates and assumptions. The fair value of asset held for sale has been estimated using observable inputs such as price quotations. Assets and liabilities classified as held for sale are presented separately from other items in the balance sheet.

(e) Intangible Assets (including intangibles under development)

Initial recognition and measurement

Intangible assets relating to product development are recorded at actual cost incurred on the development of products and are capitalised once the products receive approval from relevant authorities and the same are carried at cost less accumulated amortisation.

Subsequent measurement (amortisation and useful lives)

Intangible assets are amortised on a straight-line basis over their estimated useful lives. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

Software and implementation costs including users license fees of the Enterprise Resource Planning (ERP) system and other application software costs are amortised over a period of three years. The amortisation expense on intangible assets with finite life is recognised in the statement of profit and loss under the head Depreciation and amortization expense.

Derecognition

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

(f) Investment properties**Initial recognition and measurement**

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the entity, is classified as Investment Property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed, when incurred. When part of an Investment property is replaced, the carrying amount of the replaced part is derecognised.

Depreciation is provided on a pro-rata basis on the straight-line method, based on useful life as estimated by the management and aligned to Schedule II to the Companies Act, 2013 in order to reflect the actual usage of assets.

Derecognition

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition. In determining the amount of consideration from the derecognition of investment property the Company considers the effects of variable consideration, existence of a significant financing component, non-cash consideration, and consideration payable to the buyer (if any).

Transfers are made to (or from) investment property only when there is a change in use. Transfers between investment property, owner-occupied property and inventories do not change the carrying amount of the property transferred and they do not change the cost of that property for measurement or disclosure purposes.

Estimated useful lives of assets are as follows:

Assets Category	Useful Life (in Years)	Basis of Determination of useful life
Buildings	30-60 years	Assessed to be in line with schedule II to the Act
Ownership Premises	30-60 years	Assessed to be inline with schedule II to the Act

(g) Impairment of non-financial assets

The carrying amount of the non-financial assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal /external factors. An impairment loss is recognised, whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its fair value less disposal cost and its value in use. Impairment loss is recognised in the statement of profit and loss.

After impairment, depreciation / amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation / amortisation, if there were no impairment.

(h) Investments and financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- (i) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- (ii) those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in statement of profit and loss or other comprehensive income. For investments in debt instruments, this will depend on the business model, in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Initial recognition and measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

However, trade receivables that do not contain a significant financing component are measured at transaction price.

Measurement of debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset.

There are three measurement categories into which the Company classifies its debt instruments:

- (i) **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in statement of profit and loss, when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- (ii) **Fair value through other comprehensive income (FVTOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to statement of profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(iii) Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortised cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in statement of profit and loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Company applies the simplified approach, permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition of financial assets

A financial asset is derecognised only when

- (i) The Company has transferred the rights to receive cash flows from the financial asset or,
- (ii) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

(i) Cash and cash equivalents

Cash and cash equivalents for the purpose of the cash flow statement comprise of the cash on hand and at bank and current investments with an original maturity of three months or less. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(j) Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial is recognised as an asset / liability based on the underlying reason for the difference. Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method.

(k) Inventories

Inventories are stated at lower of cost and net realisable value. Cost is determined using the 'average cost' method. The cost of finished goods and work in progress comprises raw material, packing materials, direct labour, other direct costs and related production overheads. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

(l) Revenue recognition

Revenue from contracts with customers is recognised when the entity satisfies a performance obligation by transferring a promised good or service to customer at an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates and discounts, value added taxes, goods and service tax and applicable taxes, which are collected on behalf of the government or on behalf of third parties.

i) Sale of consumables

Revenue from sale of consumables is recognised at point in time when the control of the asset is transferred to the customer, generally on delivery of the consumables.

ii) Flares and process equipment division (FPED)

Project engineering contracts generally take more than one year for execution. A contract's transaction price is allocated to each distinct performance obligation within that contract and recognized as revenue when, or as, the performance obligation is satisfied. The majority of Company's contracts have a single performance obligation as the promise to transfer the individual goods or services is not separately identifiable from other promises in the contracts and is, therefore, not distinct. For contracts with distinct performance obligations, Company allocate the contract's transaction price to each performance obligation using the best estimate of the standalone selling price (i.e. fair value based on market approach) of each distinct goods or service in the contract. Generally, most of the revenue in project engineering segments is recognized over time, because control of the asset is transferred as and when the asset is created or enhanced to customers.

The Company monitors estimates of total contract revenue and costs on a regular basis throughout the contract period. The cumulative impact of any change in estimates of the contract value or cost is reflected in the period in which the changes become known. In the event that a loss is anticipated on a particular contract, provision is made for the estimated loss.

iii) Contract Assets

Contract assets represent revenue recognized in excess of revenue billed. These amounts are billed after milestones specified in the agreement are achieved. Contract assets are disclosed under Other Current Assets in the Balance sheet.

iv) Benefit on account of entitlement to Import duty

Duty drawback or merchant export from India (MEIS) scheme are accounted in the year of export as export incentives. From, 1 January 2021 onwards, Merchant Export from India (MEIS) Scheme has been abolished by Central Government, and introduced Remission of Duties and Taxes on Export Products (RoDTEP) scheme, under which exporters receive the refunds on the embedded taxes and duties previously non-recoverable. Tax credit as per RoDTEP scheme is accounted on receipt basis."

(m) Other income

Interest income for all debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(n) Employee Benefits

Provident fund: Contribution towards provident fund for employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as "Defined Contribution Schemes", as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Gratuity fund: The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial gains / losses arising on the measurement of defined benefit obligation are credited / charged to other comprehensive income.

Superannuation fund: Contribution towards superannuation fund for certain employees is made to Ador Welding Employees Superannuation Fund Trust administered by the Company. The benefit is classified as a "Defined Contribution Schemes" as the Company does not carry any further obligation, apart from the contribution made on a monthly basis.

Employees state insurance scheme: The Company makes contribution to state plans namely Employees State Insurance Scheme and has no further obligation beyond making the payment to them.

Compensated absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses / gains are recognised in the statement of profit and loss in the year in which they arise.

Termination benefits: Termination benefits in the nature of voluntary retirement benefits are recognised in the statement of profit and loss, as and when incurred.

(o) Income taxes

Income tax expense comprises current tax expenses and net change in the deferred tax assets or liabilities during the year. Current and deferred taxes are recognised in the Statement of profit and loss, except when they relate to item that are recognised in Other comprehensive income or directly in Equity, in which case, the current and deferred tax are also recognised in Other comprehensive income or directly in Equity respectively.

(i) Current income tax

The current income tax includes income tax payable by the Company, computed in accordance with the tax laws applicable in the jurisdiction in which the Company operates. Advance tax and provision for current income tax are presented in the Balance sheet after offsetting the advance tax paid and income tax provision arising in the same jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

(ii) Deferred income tax

Deferred income tax is recognised using Balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of recognition.

Deferred tax assets are recognised to the extent that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow or part of deferred income tax assets to be utilised. At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously

(p) Leases

The Company's lease asset classes primarily consist of leases for Land and Buildings. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all economic benefits from use of the asset through out the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straightline basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

As a Lessor:

Lease income from operating leases where the Company is a lessor is recognised in other income on a straight line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(q) Foreign currency transactions

The functional and presentation currency of the Company is Indian rupee.

Transactions in foreign currency are recorded at exchange rate prevailing on the date of transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the Balance sheet date and exchange gain or loss arising on settlement and restatement are recognised in the Statement of Profit and Loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

(r) Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on management estimate of the amount required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company.

Contingent assets are not recognised in the financial statements. However, it is disclosed only when an inflow of economic benefits is probable.

(s) Earnings per share

Basic earning per share is computed by dividing net profit after tax (excluding other comprehensive income) by the weighted average number of equity shares outstanding during the year.

Diluted earning per share is computed by dividing net profit after tax (excluding other comprehensive income) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of shares considered for deriving basic earning per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share.

(t) Provision for warranty

Warranty costs are provided based on a technical estimate of the costs required to be incurred for repairs, replacement, material cost, servicing on the basis of the past experience of the Company. It is expected that this expenditure will be incurred over the contractual warranty period.

(u) Research & Development

Revenue expenditure on research & development (including overheads) are charged out as expense in the year in which they are incurred. Expenditure of a capital nature on research & development is debited to respective fixed assets and depreciation is provided on such assets, as are depreciable.

(v) Recent Pronouncements

The Company applied for the first time these amendments of Ind AS 8, Ind AS 1 and Ind AS 12 and there are no material impact on financial statements.

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. Right to receive inventory	408	285
Total	12,238	11,621

Inventory write downs are accounted, considering the nature of inventory, ageing, and net realisable value. Write-downs of inventories to net realisable value amounted to Rs. 80 lakhs (31 March 2023: 126 lakhs). These write down were recognised as an expense during the year and included in the 'Changes in inventories of finished goods, work-in-progress and stock-in-trade in the Statement of Profit and Loss.

* Certain imported inventory amounting to Rs. 336 lakhs, which has been detained by the Bureau of Indian Standards (BIS). As according to BIS, the said imported inventory doesn't meet the standards as specified in the notification issued by BIS. The Company had filed an application with the BIS Authorities, for compounding of an alleged Offence under Section 33 of BIS Act, 2016 on 05 May 2023. The Company received an order dated 15 June 2023 allowing the Compounding application, subject to payment of compounding amount of Rs. 3,643 lakhs, under the BIS Act 2016 and BIS Rules, 2018. As the Compounding amount was unfair, arbitrary and unreasonable, the Company filed a Writ Petition in the Hon'ble Bombay High Court, since the filing of the appeal with DG was not an efficacious remedy, challenging the said compounding order, and got a stay. As the proceedings have not yet started, the pleadings are yet to begin, hence no provision has been made towards compounding amount in the books, as of 31 March 2024, since the final / exact /appropriate amount of compounding is yet to be determined.

Refer note 28 for details on Inventory pledged as security against borrowings of the Company.

B. Guarantees :		
- Bank guarantees	1,739	2,087
Bank guarantees of Rs. 1,382 lakhs (31 March 2023: Rs. 1,811 lakhs) have been issued to various customers as performance gurantee, Rs. 321 lakhs (31 March 2023: Rs. 235 lakhs) issued for securing supplies of materials and services and Rs. 36 lakhs (31 March 2023: Rs. 41 lakhs) to various agencies including government as security. The Company does not anticipate any liability on these guarantees.		
C. Other money for which the company is contingently liable :		
- Other matters	431	363
- Provident fund	Amount not determinable	Amount not determinable
Based on the Honorable Supreme Court judgment dated 28 February 2019, relating to components of salary structure that needs to be taken into account while computing the contribution to provident fund under the Employee Provident Fund Act. Past provident fund liability is not determinable at present in view of uncertainty on the applicability of the judgment to the Company with respect to timing and the components of its compensation structure. In absence of further clarification, the Company has been advised to await further developments in this matter to reasonably assess the implications on its financial statements, if any.		
- Inventory	3,643	Amount not determinable
Certain imported inventory amounting to Rs. 336 lakhs, which has been detained by the Bureau of Indian Standards (BIS). As according to BIS, the said imported inventory doesn't meet the standards as specified in the notification issued by BIS. The Company had filed an application with the BIS Authorities, for compounding of an alleged Offence under Section 33 of BIS Act, 2016 on 05 May 2023. The Company received an order dated 15 June 2023 allowing the Compounding application, subject to payment of compounding amount of Rs. 3,643 lakhs, under the BIS Act 2016 and BIS Rules, 2018. As the Compounding amount was unfair, arbitrary and unreasonable, the Company filed a Writ Petition in the Hon'ble Bombay High Court, since the filing of the appeal with DG was not an efficacious remedy, challenging the said compounding order, and got a stay. As the proceedings have not yet started, the pleadings are yet to begin, hence no provision has been made towards compounding amount in the books, as of 31 March 2024, since the final / exact /appropriate amount of compounding is yet to be determined.		

Future cash outflows in respect of above matters are determinable only on receipt of judgments/decisions pending at various forums/authorities. The management does not expect these claims to succeed and accordingly, no provision for the contingent liability has been recognised in the financial statements.

The average duration of the defined benefit obligation is 7 years as at March 31, 2024 (March 31, 2023 - 6.2 years). Contribution expected for next one year is Rs. 1,62,91,440 (March 31, 2023 - Rs. 50,00,000).

(viii) Sensitivity Analysis:

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points.

Particulars	31 March 2024		31 March 2023	
	Discount Rate	Salary escalation rate	Discount Rate	Salary escalation rate
Impact of increase in 50 bps on DBO	(3.39%)	3.54%	(3.05%)	3.19%
Impact of decrease in 50 bps on DBO	3.60%	(3.37%)	3.22%	(3.05%)

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses.

(ix) Maturity Pattern:

Maturity Profile	(Rs. in lakhs)	
	31 March 2024	31 March 2023
Expected benefits for year 1	168	109
Expected benefits for year 2	68	106
Expected benefits for year 3	72	68
Expected benefits for year 4	76	75
Expected benefits for year 5	155	72
Expected benefits for year 6	82	123
Expected benefits for year 7	62	67
Expected benefits for year 8	69	52
Expected benefits for year 9	64	56
Expected benefits for year 10 and above	880	555

Note:

- The estimate of future salary increases considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors.

III. Compensated absences

- An amount of Rs. 159 lakhs (31 March 2023: Rs 86 lakhs) has been recognised as an expense in the statement of profit and loss account and included in "Salaries, wages and bonus" under Note 39 "Employee benefits expenses".
- Balance sheet reconciliation

Particulars	(Rs. in lakhs)	
	Short term current provisions	
	As at 31 March 2024	As at 31 March 2023
Liability as per actuarial valuation	462	329

The liabilities are split between different categories of plan participants as follows:

Defined Benefit obligations and employer contributions (Active members)	Gratuity	Compensated Absences
As at 31 March 2024	655	655
As at 31 March 2023	584	584

Risk Exposure - Asset Volatility

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

Notes:

- All the above transactions with related parties are net of Goods and Service Tax.
- The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free. The settlement for these balances occurs through payment. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 March 2024, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (31 March 2023: Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates

Note 52 - Segment reporting

The Company's chief operating decision maker (CODM) examines the Company's performance and has identified three reportable segments of its business:

- (i) Consumables
- (ii) Equipment and automation
- (iii) Flares & Process Equipment Division

The above operating segments have been identified considering:

- (i) The internal financial reporting systems
- (ii) The nature of the products/ process
- (iii) The organisation structure as well as differential risks and returns of these segments.

Types of products and services in each business segment:

Business Segment	
a) Consumables	Electrodes, wires, agency items related to consumables from Silvassa, Raipur and Chennai plant.
b) Equipment and automation	Equipment, spares, cutting products and agency items related to equipment, cutting products etc. from Chinchwad plant.
c) Flares & Process Equipment	Flares & Process Equipment Division (FPED) is a multi-disciplined SBU that provides services like design, manufacture, erection & commissioning, mechanical, electrical and instrumentation of process packages, process equipment and flare system & components from Chinchwad plant.

Revenue and expenses have been accounted on the basis of their relationship to the operating activities of the segment. Expenses, which related to the Company as a whole and are not allocable to segments on a reasonable basis, have been included under "Unallocable Income" and "Unallocable Expenses" respectively. Assets and Liabilities, which related to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been included under "Unallocable Assets / Liabilities". Inter-segment transfers are accounted for at competitive market prices charged to unaffiliated customers for similar goods.

All the above amounts are net of provisions for impairments.

I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This section explains the judgments and estimates made in determining the fair values of the financial instruments that are

- recognised and measured at fair value and,
- measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs are not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

II. Valuation techniques used to determine fair value

The fair values for Security deposits, loan to employees and deposits are based on discounted cash flows using a discount rate determined considering the borrowing rate charged by the bank on the loan facility availed.

III. Financial assets and liabilities measured at fair value (Fair value hierarchy- recurring fair value measurement):

Particulars	(Rs. in lakhs)		
	Investment in Mutual funds	Investment in Bonds	Total
As at 31 March 2024			
Level 1	1,975	30	2,005
As at 31 March 2023			
Level 1	1,729	30	1,759

IV. Fair value of financial assets and liabilities measured at amortised cost for which fair values are disclosed

Particulars	(Rs. in lakhs)			
	As at 31 March 2024		As at 31 March 2023	
	Fair Value	Carrying amount	Fair Value	Carrying amount

Trade payables	6,994	6,994	7,304	7,304
Other financial liabilities	1,822	1,822	1,350	1,350

During the years mentioned above, there have been no transfers amongst the levels of hierarchy.

The fair values computed above for assets measured at amortised cost are based on discounted cash flows using a current borrowing rate. Further, the management has assessed that fair value of financial instruments approximates their carrying amounts largely due to the short term maturities of these instruments.

Note 54- Financial risk management

The company is exposed primarily to credit quality, fluctuations in foreign currency exchange rates and liquidity management which may adversely impact the fair value of its financial assets and liabilities. The Company has a risk management policy which covers risk associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the management is to assess the unpredictability of the financial environment and to mitigate potential adverse effect on the financial performance of the Company.

The Company's principal financial assets include loans, investments, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also holds investments in mutual funds and bonds.

A) Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms and obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and credit worthiness of the customer on continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. The financial instruments that are subject to concentration of credit risk principally consist of trade receivables, loans, cash and bank balances and bank deposits.

To manage credit risk, the Company follows a policy of advance payment or credit period upto 30 to 120 days to customers based on their credit profile. In case of foreign receivables, majority of the sales are made either against advance payments or by way of letter of credit. The credit limit policy is established considering the current economic trends of the industry in which the company is operating.

Also, the trade receivables are monitored on a periodic basis for assessing any significant risk of non-recoverability of dues and provision for credit impairment is recognised accordingly.

Bank balances are held with only high rated banks and majority of other security deposits are placed majorly with government agencies.

The table below provides details regarding past dues receivables as at each reporting date:

B) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to maintain optimum levels of liquidity and to ensure that funds are available for use as per requirement. The liquidity risk principally arises from obligations on account of following financial liabilities viz. borrowings, trade payables and other financial liabilities.

The Company's corporate finance department is responsible for liquidity and funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The maturity profile of the Company's financial liabilities based on contractual undiscounted payment at each reporting date is :

C) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: Foreign currency risk, interest rate risk and price risk. The company's exposure to market risk is primarily on account of foreign currency risk and price risk.

(i) Foreign currency risk

The Company is exposed to foreign exchange risk on their receivables, payables and bank balances which are held in USD, AED, KWD and EUR. The fluctuation in the exchange rate of INR relative to USD, AED, KWD and EUR may have a material impact on the Company's assets and liabilities.

In respect of the foreign currency transactions, the Company believes some of the exposures which is kept open will be offsetted by the corresponding receivables and payables (in the nature of natural hedge). For the remaining unhedged net outstanding amount, the Company believes it will not have material impact on its financial performance/position.

The Company's exposure to unhedged foreign currency risk at the end of reporting period are as under:

Particulars	(Rs. in lakhs)				
	As at 31 March 2024				
	USD	AED	KWD	EUR	Total
Financial assets

Sensitivity Analysis

The following table demonstrates the sensitivity in USD, EUR, AED and KWD with all other variables held constant. The below impact on the Company's profit before tax is based on changes in the fair value of unhedged foreign currency monetary assets and liabilities at balance sheet date:

Currencies	(Rs. in lakhs)			
	31 March 2024		31 March 2023	
	Effect on Profit before tax	Effect on Pre-tax equity	Effect on Profit before tax	Effect on Pre-tax equity
5 % appreciation	174	174	82	(82)
5 % depreciation	(174)	(174)	(82)	82

(ii) Price Risk

The Company is exposed to price risk from its investment in mutual fund and bonds classified in the balance sheet at fair value through profit or loss.

To manage its price risk arising from the investment, the Company has invested in the mutual funds and bonds after considering the risk and return profile of the said investments i.e. the debt profile of the investments indicates that the amount has been invested in creditworthy instruments and equity investment is made after considering the performance of the stock.

Note 55 - Capital Management

The Company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns to shareholders and benefits to other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders.

The Company monitors its capital by using gearing ratio, which is net debt divided by total equity. Net debt includes interest bearing loans. Total equity comprises of Equity share capital, General reserve, Capital redemption reserve and Retained earnings.

A. The capital composition is as follows:

WELDING TRAINING DIVISION OF ADOR

In the fiscal year 2023-24, Ador Welding Training Division has achieved significant milestones, solidifying its position in welding education and certification. Key achievements include accreditation by the International Institute of Welding, as an Approved Training Body, enabling the division to offer the prestigious International Welders Diploma.

Strategic collaborations were formed, such as an MoU with the Hindalco School of Excellence for enhancing trainer skills and standardizing trainee certification. The division supported Industrial Training Institutes (ITIs) with free, industry-demand-based welding training, enhancing student placement opportunities. Training was provided across various sectors

including metals, automotive, construction, and energy. A notable CSR initiative with Enpro Industries saw the successful training of 20 candidates, contributing to community development.

Additionally, specialized training programs were conducted for Bhutan Hydropower Services Limited. Overall, 892 candidates were trained through various modes, including in-house, onsite, and online training, facilitating their international work opportunities. This year marked a landmark for Ador Welding Training Division with its commitment to high standards and impactful training programs, thanks to the support of partners, trainees, and stakeholders.
