The above results have been subjected to Limited Review by the Statutory Auditors.
- 2 The financial results of the company have been prepared in accordance with the Indian Accounting Standards (IND AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the companies (Indian Accounting Standards) (Amendment) Rules, 2016.
- 3 During the quarter, the company has received the income tax assessment orders under Section 153A of the Income Tax Act 1961 for the assessment years 2012-13 to 2017-18 in respect to a search carried out u/s Section 132 of the Income Tax Act 1961 in the financial year 2017-18 and Income Tax assessment order u/s 143(3) for the assessment year 2018-19. The Income tax department has raised a total tax demand including interest thereon of Rs. 1376.94 Lakhs on account of certain additions under Section 68 read with Section 115BBE of the Income Tax Act. The company has contested the demand of the department in an appellate authority and hopeful of getting the entire relief.
- 4 During the quarter the company has entered into an MOU for disposing off its wind power plant having capacity of 750 KW in the state of Tamilnadu. Consequently, the same has been treated as "Non Current Assets Held for Sale" as per Ind As 105 and Rs. 88.16 lakhs, being the difference between carrying book value of the fixed assets and its realisable value, has been adjusted in other expenses. During the current quarter the company has regularised the tax payment under protest. The company expects no further tax liabilities at this point of time.
- 6 The Ministry of Corporate Affairs has notified Indian Accounting Standard 116 ('Ind AS 116'), Leases, with effect from 1st April, 2019. The Standard primarily requires the Company, as a lessee, to recognize, at the commencement of the lease a right-to-use asset and a lease liability (representing present value of unpaid lease payments). Such right-to-use assets are subsequently depreciated and the lease liability reduced when paid, with the interest on the lease liability being recognized as finance costs, subject to certain remeasurement adjustments.
 - The company has elected to apply this Standard to its leases with modified approach. Under this approach, the company has recognized lease liabilities and corresponding equivalent right to use assets. In the statement of profit & loss for the current quarter & nine months ended, operating lease expenses which were recognised as other expenses in previous periods is now recognised as depreciation expenses on right to us assets and finance cost for interest accrued on such lease liability. The application of IND AS 116 does not have any significant impact on financial results of the company for the quarter ended 31st December, 2019.
- 7 There was no exceptional item during the quarter ended 31st December, 2019.
- 8 As the Company's business activity falls within a significant primary business segment "Potable Alcohols", no separate segment information is disclosed.
- 9 Section 115BAA of the Income Tax 1961 has been introduced by the Taxation Laws (Amendment) Ordinance 2019 on 20th September, 2019 and the same is effective from April 01, 2019. The section provides with an option to opt for lower rate of Corporate Income Tax Rate subject to certain conditions. The company has exercised the above option and accordingly the deferred tax (net) as at 31st March, 2019 and the tax expense for the quarter and nine months ended 31st December, 2019 have been re-measured.
- 10 The figures for the previous period/year have been regrouped/reclassified/rearranged, wherever necessary, to correspond with the current period's classification/disclosure.
