Spine societies from across the globe discuss Spine Care for G20 countries at 4th SPINE20 Annual Summit

New Delhi/Mumbai - The fourth SPINE20 annual summit, which was held at India Habitat Centre (IHC) in New Delhi, brought spine societies from across the globe on a single platform to brainstorm recommendations for G20 countries on spine care. The two-day event was hosted by the Association of Spine Surgeons of India (ASSI). On the opening day, the participants discussed a plan to address gaps and challenges in spine care. Once the draft recommendations of Spine20 2023 are voted upon tomorrow, they will be finalized. The annual summit, held in India this year, saw participation of stalwart spine surgeons, rehabilitation experts, WHO officials, administrators, and consumers from all over the world who shared ideas to find innovative solutions regarding spine care and recovery from spinal diseases. The theme for this year is 'One Earth, One Family, One Future. WITHOUT SPINE DISABILITY'. On Day-1, the participants reached a consensus that the plan would primarily include two components - spine care and spinal cord injury care. The objective would be to implement a person-centered, people-centric, biopsychosocial, proactive, evidence-based, integrative, collaborative, and self-sustaining National Program of Spine Care. In this regard, National registries for back pain and spinal cord injury would need to be established.
